THE STATE OF NEW HAMPSHIRE.

---

To the Inhabitants of the Town of Chichester, in the County of Merrimack in the State, qualified to vote in Town Affairs:

You are hereby notified to meet at the town hall in said Chichester on Tuesday, the thirteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1st. To choose all necessary town officers for the year ensuing.

2d. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3d. To see if the town will vote to have the road on the Suncook Valley trunk line put in charge of state patrol, and transact any business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February in the year of our Lord nineteen hundred and seventeen.

SAMUEL S. MARDEN,  
OTIS T. MAXFIELD,  
ARTHUR DEERING,

Selectmen of Chichester.

---

A true copy of warrant. Attest:

SAMUEL S. MARDEN,  
OTIS T. MAXFIELD,  
ARTHUR DEERING,

Selectmen of Chichester.

LEON A. SANBORN,  
Auditor.

CHICHESTER, February 25, 1917.

## REPORT OF SUPERINTENDENT OF SCHOOLS.

---

To the School Board of Chichester:

I hereby submit my second annual report as superintendent of schools of Chichester.

In this report I wish to call your attention to some things which we have done during the past year, bring some things before your attention that demand immediate consideration, and to make a few recommendations which seem to be for the benefit of the schools in town.

In spite of several setbacks caused by an epidemic of scarlet fever and many severe colds and grippe, and other effects of a severe winter, our schools have maintained an average attendance throughout the year of 91%, which is the same as last year, a decrease in tardiness of 28%, and an increase in roll of honor of 33% over last year. All the teachers are working with the idea of progress and a hearty co-operation with the townspeople in all the vital interests of the town. I am happy to report that the schools as a whole have been in better condition during the last two terms than any time within my knowledge. All pupils who have entered high schools in other towns and cities are reported as doing creditable work, which, after all has been said, is the best criterion.

Twenty-five desks, five rears, five fronts and two recitation seats were installed at the Pine Ground; also eighteen desks, six rears, six fronts and two recitation seats at Bear Hill. These desks are of the automatic pattern, with semi-steel standards of maple material in natural finish. They furnish a sanitary seat and present a pleasing appearance in the room. Considering the high cost of ma-

terial, I think they were purchased at very reasonable prices. Flagstaffs and brackets have been furnished to three schools of the town, also globes. In several schools we are in need of outline maps.

One of the most urgent demands for the next year is that attention be given to the outhouses in order to meet the minimum requirements for sanitation and morality demanded by the State Department of Public Instruction, in conjunction with the State Board of Health. On the basis of sanitation, or moral aspect, none of our outhouses will bear inspection, with the exception of Horse Corner. It is certainly economic policy for the town to attend to this matter, rather than allow the state to step in and do it according to their ideas at an increased expense to the town.

I would renew my recommendation of last year for rearrangement of seats at New Dover, the painting of the walls, cleaning and tinting ceiling, new blackboards, etc. Bear Hill woodshed is very much in need of repairs. Last, but not least, I recommend that the exterior of all schoolhouses be treated to two coats of paint. The fact that three of your schoolhouses are situated along a much-traveled state road, nothing can add more to the wholesome and vital interests of the town, as viewed by the business tourist, than well painted buildings and neatly kept grounds.

Kelley's Corner school has been under the management of Miss Elsie Sanborn during the spring and fall terms. The fall term was closed two weeks earlier than scheduled on account of an epidemic of scarlet fever. Miss Sanborn, feeling she was needed in the home because of prevailing sickness, resigned. The winter term was taught by Miss Esther Burnham, but she, falling a victim to the grippe, was compelled to close one week earlier than expected. The three weeks lost will be put on the spring

term. Both teachers sustained a well-regulated school and received the co-operation of scholars and parents.

The Bear Hill school was under the instruction of Miss Georgia F. Carpenter during the spring term, and Miss Eva D. Smith the fall and winter terms. Miss Smith has the school well organized and is doing efficient work. The pupils have shown a high appreciation of the new furniture that has even reflected in an endeavor to do better intellectual work.

At the Pine-Ground so great a change in conditions has been in evidence that instead of the derogatory report of last year I feel we cannot commend too highly the efficient and clever work of Miss Watkins in the spring term and Miss Petrie in the fall and winter terms. This school has taken on that additional industry in work, courteous bearing and polite manners that it is a pleasure to visit the school. Besides the usual activities, Miss Petrie has developed commendable work in music and drawing.

Miss Florence A. Carr has maintained her usual reputation in efficient instruction at the Center school. The school is well organized and has made commendable progress during the past year. We note, however, a falling off in regularity of attendance and punctuality during the last term. We trust that teacher, pupils and parents will co-operate in bringing the school to its normal condition in this respect.

The New Dover school has continued throughout the year under the able management of Miss Bessie A. Smith. The scholars are well advanced in their respective grades and all give evidence of careful instruction and much individual work. Commendable interest has been taken in declamations, music and memorizing classic gems of literature.

Miss Ethel B. Harvey, having been elected to a better position in Massachusetts, resigned as teacher at Horse

Corner at the end of the spring term, after a service of two years in this school. Miss Mary K. Daley taught the fall and winter terms. Miss Daley has done commendable work in all branches taught and especially good work in writing.

The new state course of study has been put into all schools of the town. We are adjusting the classes to its requirements as fast as the mental abilities of the pupils permit.

The rudiments of music have been taught in the schools, in some more successfully than others. I recommend that a music teacher be employed to give a half-hour period in every school each week, thus directing the work of the teachers along a given line and developing unity of work throughout the town.

We are in need of additional reading books in order to meet the requirements of our state course. We trust that in making your appropriations you will recognize the fact that the cost of scholars' supplies has doubled during the past year, that prices of text-books are advancing, that before the close of another year no one can now prognosticate what they may be.

In conclusion, I wish to express my appreciation of the co-operation of teachers and parents, and support given me and the schools of Chichester by the members of the school board.

Respectfully submitted,

FREDERICK T. JOHNSON,  
Superintendent of Schools.

ROLL OF PERFECT ATTENDANCE.
