COMMISSIONERS' REPORT

To the Citizens of Hillsborough County:

In accordance with the Public Laws of the State of New Hampshire, the County Commissioners submit their annual report for the year 1937, to which we trust you will give your kind consideration.

During the year of '37 the Commissioners have administered direct relief, old age assistance, blind aid, aid to dependent soldiers and their families, and board and care of placed-out children. Direct relief expenditures show a decrease over the year of 1936, but not in sufficient amount to feel that it is not the major expense and the major problem of our County. It is a most serious situation from the standpoint of the taxpayer who has to bear the load of expenditures of the unfortunate conditions that surround us now and for the past several years.

The Commissioners have conscientiously tried to keep expenditures of the relief problem down to a minimum, feeling at all times that the real estate of our county is overburdened with this tremendous load.

We can not hope for lower county taxes while we have to assess real estate directly to take care of the financial burden. We strongly urge that the State of New Hampshire should and will have to participate in the finances of relief in our county if our county tax is to show a reduction. If the State of New Hampshire can find a way to participate in reimbursements to the county for direct relief expenditures we are sure that the county tax would show a substantial reduction and prevent the issuance of long-term bonds to pay current expenditures. We do not believe that we should issue more bonds in any one year than we are paying off. The Commissioners have made an effort to co-operate with all agencies in assisting them in every way in carrying out their program, that the needs of the taxpayer and the unfortunate might be met.

During the year Thomas J. Largy was appointed superintendent of the County Farm, replacing Charles P. Connor.

A number of improvements have been made at the institutional buildings at Grasmere. We also found it necessary to purchase several pieces of new equipment to replace worn-out and beyond-repair equipment. The Superintendent's report will be found on another page of this report.

Our Manchester Court House is going through a general renovation and when completed will be a much improved building. This was brought about by a W.P.A. grant and is employing men on the relief rolls, and some who, if unemployed, would have to ask for the necessities of life. W.P.A. furnished all the labor on this project, and the county furnished the material.

New steel windows at our County Jail have been installed, replacing the worn-out wooden sash. Our County Jail is in excellent condition and is still under the guidance and supervision of Deputy Sheriff John T. O'Dowd as jailer and Mrs. O'Dowd as matron.

Damase Caron, M. D., Richard L. Murphy, M. D., and Edward P. Sweatt, M. D., head our staff of surgeons and physicians at our Hospital and County Farm, and continue to render the same valuable service as in the past. Miss Addie M. Moore continues as Superintendent at the Hospital.

We wish to thank all the doctors who serve on the hospital staff for the valuable services that they have rendered to the sick of this county.

We wish to express our thanks to all Federal and State officials, Mayors of our cities, Commissioners of Charities, Selectmen, Overseers of the Poor and all who in any way have assisted us in relieving distress in our county.

JOSEPH E. HURLEY,
 GEORGE J. GINGRAS,
 JAMES H. CONNOR,
 HONORE E. BOUTHILLIER,
County Commissioners.

REPORT OF THE COUNTY SOLICITOR

May 2, 1938.

*To the Honorable Board of Commissioners
of the County of Hillsborough:*

I submit and attach hereto my report as County Solicitor covering all cases handled by me from the time I assumed office, namely, April 1, 1937.

The records of the Court will disclose many pending cases, entered prior to the time I assumed office, which are still dormant, in that respondents in such cases have not been apprehended, or are incarcerated in prisons, jails, or other institutions. There are but a few recent cases added to that list because of above stated reasons. All other cases, with exceptions of current appeal cases, have been disposed of, as disclosed by attached report.

One equity case was instituted against the County, on which a hearing was held before H. Thornton Lorimer, P.J., and decision is reserved pending deposition of a witness.

A substantial amount has been collected in fines and costs, and long sentences have been meted out in cases involving statutory rape.

I have issued many complaints and warrants returnable to the Justices of Municipal Courts throughout the County, many of which consisted of bastardy cases, all of which have been disposed of according to law governing such cases, and the County has been relieved to a large extent in the support of children born out of wedlock. Such cases being quasi-criminal, I have not rendered a detailed report thereon.

I have handled a great many miscellaneous items submitted to me by various institutions and departments of the

State, involving violations of laws, all of which have been disposed of, and a record of such cases remain in my office.

I strongly recommend the appointment of an Assistant Solicitor, who should devote most of his time to investigating relief cases. The investigators who are at present retained by the County and State are performing excellent service, and are diligent in their efforts, yet they are constantly confronted with legal problems of law, such as assignments. In my opinion, an assistant would be able to save the County many hundreds of dollars. The records will disclose a steadily increasing violation of cases by comparison of any of my predecessors in office, and it has reached the time when an assistant is necessary.

Sheriff Richard M. O'Dowd and his deputies, as well as Chief James F. O'Neil of the Manchester Police Department, and Chief Ralph Stearns of the Nashua Police Department, and the police of the Towns, have, without exception, rendered me valuable assistance, and without such assistance it would not be possible to render the service given—I wish to express to them my deep appreciation. It was mostly as a result of their efforts that the State lost but two cases out of more than two hundred cases, including appeal cases.

Respectfully submitted,

J. VINCENT BRODERICK,
County Solicitor.

SUPERINTENDENT'S REPORT

January 1, 1938.

*To the Honorable Board of Commissioners,
Hillsborough County,*

GENTLEMEN :

In submitting a report for the year 1937 for our County institutions, we wish to call your attention to the fact that on March 13, 1937, when we were appointed to fill the unexpired term of your former superintendent, the report for the year 1936 had not been made and that the 1936 report was made from the files of the former superintendent. We also wish to point out that the reports of the 1936 and former years cannot, in fairness, be used for the purpose of comparison with this or any report that we may make in the future for the following reasons :

In former reports, the per capita cost has not been based on the actual number of inmates but on a fictitious number, greatly in excess of the number in the institutions, for instance; in the report of 1935, the daily average of the year is given as 668 and the per capita cost as \$4.02. The records will prove that never in the history of the institutions has there been an actual daily average for a year in excess of 500. At the close of the year 1937, we had approximately 500 inmates which includes hospital patients, convalescent ward, almshouse and house of correction. While, no doubt, this number will increase during the Winter to some extent, during the Summer months the daily population is considerably under 400. The daily average for 1937 has been 418.

The hospital has at the end of the year 69 persons on the payroll; this includes the staff, students in the training school receiving compensation, and other employees. The

farm has 61 on the payroll which includes organization and employees. The number of employees varies from time to time, having a few more during the Summer months.

Referring to the reports of crops raised on the farm. We have reason to believe that in former years, the amounts were greatly exaggerated, for instance, according to the 1936 report, 465 bushels of onions were raised. The same plot of ground has been planted for several years with approximately the same yield, that is, from 60 to 65 bushels. In 1937 there were 62 bushels raised on this plot of ground. We would not attempt to say that all the crop reports were exaggerated to this extent but we do say that all were exaggerated, some to a greater degree than others. The crop report for 1937 is correct to the best of our knowledge and belief.

In making this report we have tried to give the tax payers a better idea of the functioning of our institutions and therefore, instead of giving the per capita cost for the institutions as a whole, we are giving the per capita cost for the hospital apart from the cost of the maintenance of the almshouse, convalescent and hospital wards on the farm side and house of correction.

Since our County maintains a modern general hospital, approved by the American College of Surgeons, and training school for nurses, with a medical staff furnishing the services of specialists in medicine and surgery, and having the equipment of an up-to-date hospital, it should be borne in mind that the cost per patient must necessarily be much more than the cost of maintenance in the other departments of our institution.

It should also be borne in mind that the cost per person, whether in the hospital or other institutions, includes board and care, clothing, medical, dental and various other expenses and in some cases, burial expenses. Both hospital and farm have been called upon to render services to our County poor outside of the institutions. A great many out-

patients have been given hospital treatment. Car and ambulance service has been furnished upon order of the Commissioners. There were 112 transients fed and lodged overnight and, in some instances, given shoes and clothing where dire need existed.

The record of ambulance and car calls has been incomplete but would average more than one hundred per month. We have started a new system on these calls for the year 1938 and hope to give an accurate record for the coming year. We believe that in the matter of transportation, a considerable sum could be saved during the year if it were possible to get rid of the large cars now in use and procure smaller ones. As calls come in all hours of the day and night, we have found it necessary to keep drivers available twenty-four hours each day.

We have found it necessary to make a great many repairs in order to restore the County buildings to reasonably good condition. The hospital has been painted inside and out and we have also painted the outside of the other buildings and the interior of many of the rooms. We also found it necessary to replace 1100 feet of water main. We have made extensive repairs to equipment and machinery. We have completed the new chemical laboratory for the student nurses. New stainless metal sinks in the diet kitchens and new toilet facilities have been installed in the nursery of the hospital. The hospital buildings have been connected with permanently constructed passageways with cement floors. There were roofs on many of our buildings leaking badly. We have corrected this at an expenditure of approximately \$2000. Additional insurance on our County buildings cost \$2000 more. We have made extensive repairs in the cow barn, piggery, Superintendent's house and in nearly all other buildings.

We found an extremely wasteful and dangerous condition in the power and heating system which we expect to have corrected by a complete overhauling and which is

about to begin under the supervision of the Commissioners and the engineer in charge. Better sanitary facilities are badly needed in the almshouse and house of correction. A new tractor, cultivator and manure spreader have been purchased. Most of our other farm machinery are old and worn out and will soon have to be replaced.

We regret to report that our herd of Registered Holstein cows has been showing symptoms which led us to consult a competent veterinarian who recommended that we apply to the State Board of Agriculture, Division of Animal Industry, for a test for Bang's disease. The first test has already been made and 22 of our herd of 69 have shown reaction and will have to be disposed of. We expect to continue to eliminate reactors until our herd is clean.

While this condition in our herd comes to our attention at this time, it must not be assumed that the disease has not been prevalent in the herd for a long time. We have already weeded out three service bulls and several cows which we deemed unprofitable to keep. We hope to be able to replace the herd with a minimum of expense to the County.

In closing, we wish to thank the Commissioners for their co-operation. We also wish to express our sincere thanks to our chaplains, Rev. Ovila Delisle and the Rev. Thomas Brewster, for the unselfish services they have rendered to our inmates. Father Delisle has been called upon at all hours of the day and night to administer to the sick and dying besides conducting services every other Sunday and holy days. He is constantly at the service of any who seek his advice and counsel. The Rev. Mr. Brewster also is very conscientious and kind in administering to all who require his services.

No inmate is buried in our cemetery without funeral services in the chapel. We have started to improve the appearance of our cemetery and hope, during the coming Summer, to complete the work.

We wish to thank the various religious and social agencies who have contributed to the welfare and happiness of our inmates during the past year. Among these are the Women's Christian Temperance Union, the First Church of Christ, Scientist, and members of the choir of St. Patrick's church, Manchester. We also wish to thank Joseph Gladysz and the members of the 172nd Field Artillery Band for their contribution in making Christmas day a happy one for our people. We wish also to thank Mr. Foster Stearns of Hancock for an excellent lot of books donated the institution and a gift of \$10 to be expended for Christmas gifts for our inmates. Also to thank the Children's Aid and Protective Society and the American Legion for gifts sent to many of our people.

We have had the best of co-operation from Miss Moore, Superintendent of the hospital, Mrs. Corey, the assistant, and all members of the hospital staff for which we take this occasion to thank them. To the officers of the institution who have given us the benefit of their experience and their hearty co-operation in the work, we give our sincere thanks.

THOMAS J. LARGY,
Superintendent.

HOSPITAL SUPERINTENDENT'S REPORT

To the Honorable Board of County Commissioners:

The following is a report of the Hillsborough County General Hospital School of Nursing for the year ending December 31, 1937.

Number of students in school January 1, 1937	38
Number of students graduated during the year	6
Number of students entered during the year	11
Number of students in the school Dec. 31, 1937	37

Graduating exercises were held in June. Mr. Harry Lake of Concord gave an inspiring address and diplomas were presented by Chairman of the Board of County Commissioners, Mr. Joseph Hurley. A reception and dance followed.

A new Chemistry Laboratory has been installed and Donald Tilton, a professor from St. Anselm's College, has given instruction to our nurses.

We were very sorry to have Miss Barbara Callahan, who has been instructor for four years, leave us to become married.

Due to changes in requirements made by The National League of Nursing Education it has become necessary to increase the hours of instruction. This will cause us to need a larger school of nursing.

I wish to express my appreciation to the Commissioners, the Staff, the Clergy, Mr. Largy, the members of the Nursing Staff and all others who have so loyally co-operated with us during the year.

Respectfully submitted,

ADDIE M. MOORE, R. N.

CHAPLAIN'S REPORT

To the Honorable Board of Commissioners for Hillsborough County:

GENTLEMEN :

The survey of my activities this year shows once more the ever eager and ready co-operation of the officials and employees in the discharge of my chaplain duties. Striking was the response of the inmates and patients to the ministrations of the Church.

Were also highly appreciated the faithful and untiring services rendered by the choir members of St. Patrick's Church, Manchester. They did so enhance the celebration of the Holy Sacrifice of the Mass.

There seems to be all around a healthy sense of fellowship that spurs on to greater effort for the well-being of all concerned.

May the spirit and blessings of Christ, the Good Shepherd, be always with the Hillsboro County Farm and Hospital, at Grasmere.

Respectfully yours,

REV. O. W. DELISLE,
Chaplain.

Villa Augustina,
Goffstown, N. H.,

CHAPLAIN'S REPORT

To the Commissioners of Hillsborough County:

GENTLEMEN :

It becomes again my pleasure to submit to you my report for the year ending December 31, 1937.

I have tried to render as a steward according to my strength and ability, as God giveth for the spiritual welfare of the inmates of the farm.

For your co-operation and that of Superintendent Connor and Assistant Superintendent Gagnon and later of Superintendent Largey and to the members of the Hospital Staff I would tender my heartiest thanks.

Respectfully submitted,

THOMAS C. BREWSTER,
Chaplain.

February, 1938.

The roll of the delegation was called by the clerk and 93 members answered to their names. The chairman declared a quorum present.

The first business was the election of a chairman.

HILLSBOROUGH COUNTY FARM

The Executive Committee of Hillsborough County Delegation consisting of the Chairman Arthur J. Connelly of Manchester, Foster Stearns of Hancock, Arthur St. Germain of Manchester and Mabel T. Cooper of Nashua, met with the County Commissioners at the Farm to consider the budget for the coming two years.

The clerk read the minutes of the last meeting which was held February 25th, 1936, said meeting having been held at the County Farm.

Each item of the budget was very carefully considered, and very explicitly explained by County Commissioner Hurley.

The Superintendent of the Farm, Mr. Connors, gave estimates of many needed repairs and changes that needed to be done at the farm which were taken into consideration by the Committee.

An inspection of the Farm buildings and Hospital were made by the Committee together with the Commissioners which gave the Committee an inside into what was much needed to be done at this time.

A fine dinner was served at 12 o'clock.

Meeting adjourned to meet at a later date at about 4:30 p. m.

MABEL T. COOPER,
Clerk.

I, Mabel T. Cooper, Clerk of the County Delegation of Hillsborough, New Hampshire, hereby certify:

Said County Delegation is identically the same body as the County Convention, as designated in the Public Laws.

The meeting of the County Delegation, held March 2nd, 1937, was a special meeting—notice of which was announced by the Speaker of the House of Representatives, from the chair, which is the customary method of calling delegation meetings in this State.

The County Convention is composed of One Hundred Eighteen (118) Representatives and Sixty-four (64) members were present at the meeting on March 2nd, 1937, the Chairman of this Delegation being Arthur J. Connelly, representative from Manchester and the Clerk is Mabel T. Cooper, representative from Nashua.

The Commissioners of Hillsborough County prepare their estimate of the budget for a two year period, which estimate is submitted to the County Convention who, after such revision as they deem necessary, make the appropriations. The County Convention has not yet acted upon the budget and such appropriations have not been made.

The purpose of the vote of March 2nd, 1937, authorizing the Treasurer to borrow a sum not exceeding Three Hundred Thousand Dollars (\$300,000.00) was to provide funds for the payment of current bills until such time as the budget is approved and proper appropriations made.

While Section 8-A of the Public Acts of 1935 amending Chapter 4 provides that the approval of the County Convention shall not be required if they have not acted upon the appropriations for the ensuing year, and a decree of the Superior Court is conclusive evidence of authority to borrow, the County Commissioners desired the members of

the Delegation to be informed of the necessity for borrowing—which accounts for the authorization to borrow, by the Convention.

MABEL T. COOPER,
Clerk Hillsborough County Delegation.

State of New Hampshire
Hillsborough, SS.

Subscribed and sworn to this ninth day of
March, 1937, before me,

ARTHUR L. CYR,
Justice of the Peace.

State House, Concord, N. H.
March 2, 1937

The Hillsborough County Delegation met in Room 100 immediately after the morning session.

Meeting was called to order by Chairman Arthur Connelly, who stated that the purpose of the meeting was to appropriate money for the payment of the county's current bills.

It was moved by Mr. Rudolph Cormier of Nashua, seconded by Mr. Kelley of Manchester, that the Treasurer of Hillsborough County be authorized to borrow upon the credit of the county a sum not exceeding \$300,000.00 to meet current expenditures. The vote was unanimously in favor of the motion.

I hereby certify that the above is a true copy of record.

MABEL COOPER,
Clerk.

State of New Hampshire
Merrimack, SS. March 3, 1937.

Personally appeared Mrs. Mabel Cooper, Clerk of Hillsborough County Delegation and made oath before me, a Justice of the Peace.

ALLAN M. WILSON,
Justice of the Peace.

State House, Concord

March 2, 1937

I hereby certify that the levy of 1937 for Hillsborough County has not as yet been established.

MABEL T. COOPER,

Clerk.

In considering the Budget, Mrs. Cooper submitted a request from the Registrar of Deeds of Nashua for a new table and cabinet, combination, and the matter was taken into consideration by the Commissioners.

In considering expenses of case workers and after a lengthy discussion, it was moved by Mrs. Cooper, seconded by Mr. St. Germain, that the Executive Committee recommend to the Commissioners that a maximum of \$25. a month for the use of cars be made. These case workers under the direction of the County Commissioners. The motion was carried in the affirmative.

Dr. Caron and Dr. Powers of Manchester were present at the morning session and a visit was made to the Hospital with them in connection with the proposed alterations of Hospital and the erection of a new Nurses' Home.

Meeting of the Hillsborough County Delegation at Hillsborough County Farm, September 29th, 1937 at 12:00 M.

Chairman Arthur Connolly stated the call of the meeting, which was to consider the installation of a new Heating System at the Farm. He introduced Mr. Prescott, an Engineer, who outlined and explained in full the changes necessary for the installation of the new heating system. He stated that plans and specifications were put out to four bidders in Hillsborough County and that three plumbing and heating contractors submitted bids.

Commissioner Hurley stated that the bids submitted were for: \$36,400.; \$35,800. and \$34,950. and that these bids did not include \$7000. necessary for stokers.

Commissioner Hurley also stated that the work should be done by the County, under the direction of the Commissioners, employing Mr. Prescott as an Engineer, for approximately \$25,000., this figure to include the installation of the stokers.

There being no quorum present no action could be taken. Mrs. Cooper moved that the meeting be postponed until October 18th, at 8:00 o'clock, meeting to be held in the City Hall, Manchester, N. H. The motion was accepted and carried in the affirmative.

MABEL T. COOPER,
Secretary.

Due notice by Arthur J. Connelly, Chairman, was given to each member of the Hillsborough County delegation by mail of a special meeting of Hillsborough County Delegation to be held at City Hall, Manchester, October 18, 1937, at 8:00 P. M. A like notice was published in the *Manchester Union* and *Manchester Leader*, a newspaper of general circulation in Hillsborough County.

Meeting of the Hillsborough County Delegation was held at the City Hall, Manchester, October 18, 1937 at 8:00 P. M.

Chairman Arthur J. Connelly presided and explained

the purpose of the meeting which was to consider the installation of a new heating system at the County Farm and called upon Myron Prescott, Engineer, to explain to the Delegation the general conditions of the heating and piping system at the Hillsborough County Farm and Hospital.

Mr. Prescott gave a good estimation of the system in general and stated that the present heating system was in very poor condition.

Mr. Hurley, Chairman of the Hillsborough County Commissioners, was called upon to explain the general conditions as he found them in the heating and piping system at the hospital. He stated that the Commissioners felt that something should be done as the present heating system was in a serious condition and that the present system was inadequate. He also stated that the installation of a new system would be money saving to the taxpayers and that the commissioners stood for strict economy and that if the system was installed under the present plans and specifications it would be done in a workmanlike manner under the supervision of the County Commissioners.

After a discussion of the question motion was made by Mr. Hanley of Manchester and seconded by Mr. Cormier of Nashua that; County Farm and Hospital Bonds be authorized and that the County Commissioners of Hillsborough County are hereby authorized to issue for and in behalf of said County serial bonds to the amount of Twenty-Five Thousand Dollars (\$25,000) for the purpose of installing a new steam, piping and zoning system at Hillsborough County Farm and Hospital. Said bonds shall be payable to bearer, shall be dated Nov. 1, 1937, and shall be in denomination of One Thousand Dollars (\$1000) each, shall mature Five Thousand Dollars (\$5000) each year for the next succeeding five years, shall bear interest at the rate of not to exceed five per cent per annum, payable semi-annually and shall bear the County seal.

Execution—Each bond shall be designated Hillsborough County Farm and Hospital bond, shall be signed by County

Commissioners or by the majority thereof, countersigned by County Treasurer, and bear on face a certificate of registration, signed by the Clerk of Superior Court of said County. The coupons annexed shall bear the facsimile signature of the County Treasurer.

Motion was unanimously carried.

Mr. Hanley asked if the workers would be Hillsborough County help and Mr. Hurley answered it would be as far as possible.

Mr. Hurley stated that the plans and specifications had been put out and that the lowest bid for the work was \$34,950., the other bids were more. The bidders were contractors Stevens of Manchester, Goulette of Manchester and Eckhart & Johnson of Manchester. Mr. Hogan asked Mr. Hurley if the price of \$25,000. included the stokers and Mr. Hurley said it did.

Mr. Hogan of Manchester suggested that the Commissioners find out as near as possible the cost of maintenance and report at the next meeting of the delegation.

Commissioner Hurley stated that it was voted at a recent meeting of the delegation in Concord to install a Pasteurization Plant at the Farm and that the estimated cost was \$1000. This amount was voted the Commissioners to expend for that purpose, but now the Commissioners find that the complete system will cost approximately \$2,100. Mr. Dwyer of Manchester moved that the Commissioners be allowed \$1000. more toward the proper installation of a complete Pasteurization Plant. The motion was seconded by Mr. Cormier of Nashua and carried in the affirmative.

On motion of Mr. Hanley, the meeting adjourned at 8:00 P. M.

MABEL THOMPSON COOPER,

Secretary.

I certify that the above is a true record of the meeting held October 18, 1937, in City Hall, Manchester.
