School Report.

According to the usual custom we submit the following report :

The Spring term of the North School was in charge of Miss Mary Prescott. Her earnestness and desire for the welfare of her pupils was very evident to all who saw student and teacher at work together. Resigning her position for one of more responsibility, she was succeeded by Miss Eleanor Whyte, a graduate of Robinson Seminary.

The Winter term found Miss Sarah A. Green, of this town, installed as teacher. Concerning her ability, or success in this capacity, nothing need be stated, since the past experience of so many years has proved her to be a most worthy teacher.

At the East School, Miss Mary E. Batchelder has been the instructor for the past year. She is much liked by both pupils and parents. Good order has been maintained and advancement in all directions is a very pleasing result. Much praise is due her for the genuine kindness and sympathy she has shown to all under her instruction.

Throughout the past year Miss Elizabeth E. U. Tyler has been teacher of the West School. She is to be commended for the methods she employed, for the faculty she possesses of interesting each scholar in his studies and for her pleasing manner of teaching.

A few changes in school books have been made. The Harper Readers have been introduced, also the new system of vertical penmanship. This new system of writing will soon be accepted as universal, for so many of our large cities and towns have already adopted it that its surety of becoming the standard writing is fully believed. Many interior repairs have been made in the East and West buildings during the past year. It seems to be a deplorable truth that the books in one of our schools have received very hard usage. Such treatment of books parents should not allow. If the teacher cannot seem to prevent it, the fathers and mothers should.

The number of children in town at the beginning of the Spring term, between the ages of 5 and 16 years, as enumerated by the School Board was 92, 43 girls and 49 boys. The number enrolled on the school register, 80.

IRVING C. GOVE,

For the School Board.
