Ruth was the possessor of a savings bank made the shape of a little pig. The bank was full of nickels and dimes, and one day Ruth's aunt, needing some change, hurriedly shook out all the dimes, thinking she would have them replaced before Ruth had discovered her loss. Ruth was not long, however, in finding out that her bank was formerly occupied by Jake Sauer.

There's No Mystery About The Power In Johnson Gasolene

NO fairy waves her wand over your gas tank and determines the power you get for your money. Gasolene is a straight business proposition. Its power can be mathematically determined.

In the face of tremendous demand for gasolene which is placing consumption beyond production, we have kept Johnson Gasolene up to rigid specifications.

It has power in every drop. It is surcharged with energy. Your engine will take a new lease on life. You will get more "miles per gallon"—"velvet" mileage which its power throws in as extra.

Year in, year out, you'll find Johnson Gasolene reliable, unvarying in quality and putting all the power into your engine which you can wish.

AT THE :-: AUGUST 16TH :-:

You will admire every point of this Twin City 12-20-its fine, clean, handsome appearance, the ease with which you can get at all its parts as well as its simple operation.

But most of all you will admire is great power and its low running cost. This great power is the result of the famous 16-valve engine—the most important step in tractor manufacturing since the beginning of the tractor industry.

Live axle with direct drive on both speeds is another great feature. Come in and let us give you the whole story about this Twin City 12-20. When you buy a tractor you want the most power you can get at the lowest possible cost, and that is what this Twin City 12-20 delivers.
