INDEPENDENT AUDITOR'S REPORT

Members of the Board of Selectmen
Town of Alexander
Alexander, ME 04694

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Alexander, Maine (the Town) as of and for the fiscal year ended June 30, 2019, including the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Alexander, Maine, as of June 30, 2019, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension and other post-employment benefit disclosure schedules on pages 3 through 6 and 25 through 31 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Alexander, Maine's financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the State of Maine, and is also not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Respectfully Submitted,

James W. Wadman, C.P.A.

ARTICLE 33

To see what sum the Town of ALEXANDER will appropriate for the total cost of funding public education from K to grade 12 as described in the Essential Programs and Services Funding Act

(Recommend \$672,375.72) and to see what sum the town of ALEXANDER will raise as the Town's contribution to the total cost of funding public education from grade K to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statues, Title 20-A, section 15688.

(Recommend \$452,217.66)

Explanation: The Town's contribution to the total cost of funding public education from grade K to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that the Town must raise in order to receive the full amount of state dollars.

ARTICLE 34

Shall the Town of ALEXANDER raise and appropriate \$259,476.96 in additional local funds which exceeds the State's Essential Programs and Services funding model by \$ as required to fund the budget recommended by the ALEXANDER School Committee.

The School Committee recommends \$259,476.96 for the following reasons:

Explanation: The additional local funds are those locally raised funds over and above the town's local contribution to the total cost of funding public education from K to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the ALEXANDER budget for education programs.

ARTICLE 35

To see what sum the Town of ALEXANDER will authorize the school committee to expend for the fiscal year beginning July 1, 2020 and ending June 30, 2021 from the Town's contribution to the total cost of funding public education from K to Grade 12 as described in the Essential Programs and Services funding Act, non-state-funding school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools.

(Recommend \$1,142,530.80).
