Freeman To Be Speaker for R.E.W. February 13-15 Murray Gets \$73,000 For Science Institute

Murray State college will observe religious emphasis week February 13, 14, and 15 and the Rev. G. Ross Freeman of Emory university will be the guest speaker, according to Dr. J. Matt Sparkman, dean of students.

The week's activities are tentatively set up like those of last year's religious emphasis week with vesper services, noon de-

votions, and special addresses in the several student centers on the campus.

Student Conferences

In addition to delivering four addresses, Mr. Freeman will be available for group meetings and individual conferences.

The Methodist leader is now serving as director of field work and administrative assistant at

Candler School of Theology, Emory university in Georgia. He is a member of the South Georgia conference of the Methodist church.

He served for four years as city missionary in Macon, Ga., and for four years as the pastor of the Methodist church at Darien, Ga. For five years he was director of the Altamaha Large

parish of the Methodist churches, Baxley, Ga.

Development Program

In addition he spent two years as director of the thirteen state interdenominational Town and Country Church Development program sponsored by the Sears-Roebuck foundation and Emory university. This is his third year in his present job at the uni-

versity.

His responsibilities include the direction of the activities of 200 student pastors and assisting the dean in administering the policies and program of the school.

In 1953 he was named Rural Minister of the Year for Georgia by "The Progressive Farmer" magazine. He is the author of "Meet the Circuits," a contribution to the religious press.

Murray Gets \$73,000 For Science Institute

Dr. Walter Blackburn
... co-director of summer science institute

Dr. A. M. Wolfson
... co-director of summer science institute

Summer Program Set Up To Train 60 H. S. Teachers

Murray State college was recently awarded \$73,000 by the National Science foundation for the purpose of conducting a Summer Science institute, according to Alan T. Waterman, foundation director.

Murray State, the only institution in Kentucky to receive such a grant, was one of 95 colleges and universities in the nation to share in the grants which total \$4,800,000.

Co-Directors

Co-directors for the MSC summer institute, which has as its main purpose the improvement of currently qualified high school science teachers, will be Dr. A. M. Wolfson, biological sciences department head, and Dr. Walter Blackburn, physical sciences head.

Approximately 60 high school teachers of science will be accepted for the summer institute which will coincide with Murray's regular summer session of June 10 to August 2.

Given Stipends

Those accepted for the institute will be given stipends of \$75 a week and allowances for dependents from the funds allotted by the National Science foundation for the institute.

Work in the institute at Murray State will be comprised of six courses organized specifically for the institute in addition to 15 basic science courses ordinarily offered by the college during the summer session.

"Important Project"

The summer institutes, called "one of the most important projects ever undertaken by the foundation" by the public information officer of the National Science foundation, are in addition to academic year institutes costing \$4,065,000.

The American Association for the Advancement of Science has called the program of institutes "one of the most significant developments in teachers education in the past 20 years."

Howton Attends Breeder's Meet At UK's Center

Dr. E. B. Howton, MSC professor of agriculture and president of the Kentucky Artificial Breeders' association, attended a meeting of the KABA at the University of Kentucky dairy center, Lexington, January 7.

The association has made a donation to the university, according to Professor Howton, for the purpose of setting up and placing into effect a program that will determine the breeding worth of the various bulls at the Kentucky bull stud.

Dr. Howton mentioned that the information should be of immense value to the technicians doing the breeding work in the state, and to dairymen who are using the artificial breeding programs.

The Murray professor is also chairman of the program committee and is working in cooperation with Dr. E. C. Carter of Cornell university; Marshall Carpenter, manager of the Kentucky Artificial Breeding Bull Stud associations; D. M. Seath, head of the Dairy department, University of Kentucky; and L. A. Coots, a dairyman, Danville.

Readings of Plays Set for New Term

Sock and Buskin members are currently preparing readings of classic and modern plays which they will present in recital style next semester, announces Prof. Thomas Gregory.

One presentation, the last scene of Euripides' Greek tragedy, "Electra," was given on December 16. This scene was given by Madelyn Crowley, Slaughter; Don Mertz, Carmi, Ill.; and Marcia Croce, Asheville, N. C.

"The purpose of this new drama project," according to Gregory, "is to reacquaint ourselves with great plays."

MSC Chorus To Give Oratorio on Sunday

The College chorus will present an oratorio, "Christmas Story" by Schutz, on Sunday, Jan. 20 at 3 p. m. in the Fine Arts Recital hall.

Sammy Orr from Rock Hill, S. C. will conduct the chorus in the absence of Prof. Lawrence Rickert who is ill.

Included in the oratorio will be solos by Joan Bowker, soprano from Murray; Millicent King, soprano from Herrin, Ill.; Prof. Robert Baar, tenor; and Dan Erwin, bass from Ferndale, Mich.

Woman's Club Hears Alsop Talk on Reading

Dr. Robert Alsop spoke on "Your Child and Reading" to members and guests of the Delta department of the Murray Woman's club at the clubhouse on January 8.

In his talk Dr. Alsop discussed the relationship of the child's development to his reading ability. He also pointed out how the parents and teachers could help the child learn to read under a modern reading program.

'Pop' Doyle To Retire This June; Prof. Farrell To Be New F. A. Head

Dr. Price Doyle, nationally known in music education circles, is retiring from the headship of the Murray State college fine arts department in June.

Dr. Doyle, whose work as a music educator earned him a place in "Who's Who in America," is bowing out at Murray after 27 years of active service here.

His place will be taken by Prof. Richard Farrell, a member of the department since 1945, announces Dr. Ralph H. Woods, president of Murray State.

Professor Farrell has his B. M. and M. M. from Illinois Wesleyan University. He has been director of the Murray Marching Band for the past ten years.

"Pop," as Dr. Doyle is affectionately called by his students, built the Murray State fine arts department from a nucleus of six music majors to its present strength of 120 music majors together with the major divisions under it of art and dramatics.

Planned Building

In addition, he drew up the plans and pushed the construction of the modern Fine Arts building, and in many ways through his national affiliations gave Murray State one of the foremost music schools in the country.

Dr. Doyle was born near Redfield, Iowa in 1896. He received his B.S. from State Teachers college of Maryville, Mo., his A.M. from the University of Cincinnati, and his Mus. D. (honorary) from the American Conservatory.

He taught part time at Maryville college while earning his degree there, was director of music at the Concord, N.C., schools, was head of the music department of the State Teachers college at Peru, Neb., and he came to Murray State in 1930.

Murray's retiring fine arts head has been a professional musician, singer, conductor, and music adjudicator (judge) as well as educator.

He was president of the National Association of Schools of Music from 1948 to 1952, has been chairman of the committee on teachers colleges of that organization since 1940, and has been on the committee on curriculum since 1943.

Holds Offices

He was president of the Kentucky Music Teachers association from 1932-34, was vice president of the Southern Conference for Music education from 1935 to 1937. He is a member of the National Association of American Composers and Conductors and the National Opera association.

Dr. Doyle has been executive secretary of Phi Mu Alpha, national professional music fraternity since 1949. He expects to continue work for the fraternity in his retirement.

"Who's Who in America" lists Dr. Doyle as a member of the American Legion, Rotary club, and as a specialist in curriculum for music schools and of studies concerning curriculum for training teachers of music in public schools. In addition he is cited as a specialist in music study, both applied, and theoretical for private teachers.

Western Wins Rifles Match: 1,521-1,472

In a return match with Western State college here on Saturday, Jan. 12, the visiting rifle team fired 1,521 points to defeat MSC by 49 points.

In the first match at Western on December 8, Murray had a score of 1,775 to Western's 1,694. William Dresback of Monticello, Ill., was high man in this match.

High scorer in Saturday's match was Jerry Crabtree, Hopkinsville, who fired 182. Dresback was second with 180.

Before Christmas the Murray State rifle team defeated the University of Tennessee (Martin Branch) 1,749 to 1,565 and an Owensboro team 2,099 to 2,095. Crabtree was high scorer in both matches. The next match will be against Vanderbilt in Nashville on January 19.

Dr. Price Doyle
... retiring in June

Prof. Richard Farrell
... to head Fine Arts

Debating Class Gives Programs For 24 Schools

At the close of this semester the MSC beginning debate class, Speech 105, will have presented assemblies programs at 24 high schools in Western Kentucky.

The class, under the direction of Dr. J. Albert Tracy, has presented the programs as a public service supplied by the department of speech. The debates on the topic, "Resolved: that the federal government should adopt the basic principles of the Brannon plan," also serve as field laboratory training for college students studying speech skills.

Members on the debate team on the negative side are Rodney Hall, David Spahr, Charles Woods, Ronnie Marchant, Dan Cowherd, Donald Wells, and Dewey Smith. Affirmative debaters are Nancy Paschall, Cleates Purdy, Joe B. Darnall, Jerry Felty, Larry Ray, Bill Lawrence, Charles Owen, Bruce Firestone, and Ronnie Wilson.

Schools on the schedule include Murray Training, Cuba, Kirksey Morganfield, Slaughters, Marion, Salem, Mayfield, Bardwell, Reidland, Symsonia, Lowes, Herndon, South Christian, Guthrie, Wingo, Greenville, Graham, Dawson Springs, Earlington, Nebo, Beechmont, Drakesboro, and Bremen.

Lt. Wayman Joins MSC ROTC Faculty

First Lt. Wilbur S. Wayman, Jr. has recently been added to the college ROTC faculty, announces Lt. Col. Jesse D. Jackson, head of the department of military science and tactics.

Lt. Wayman, who was graduated from Ohio State, received his commission into the regular Army Signal Corps through the ROTC training program at that university. While in college Wayman was a Distinguished Military student.

After graduation, he served for 37 months in the Far East. Lt. Wayman is married and has three children.

Two Science Clubs To Show 'Sun' Film

The Student Affiliates of the American Chemical society and the Physics club will jointly sponsor a film, "Our Mr. Sun" on Wednesday evening, Jan. 30 at 6:15 p. m. in the Little chapel.

This film, in full color, shows the present state of scientific knowledge concerning the sun as well as possible future uses of solar energy.

The Bell Telephone company is furnishing the film. A movie version of a nationally televised show of the same name was presented recently.

The film showing is open to everyone.

Semi Annual Jury Show Set Jan. 20 By Art Department

The fifteenth Semi-Annual Jury show will be held January 20 through February 9 in the Mary Ed McCoy Hall gallery, announces Miss Clara M. Eagle.

All students taking art courses are required to enter one or more pieces from each of their classes for judging.

Four MSC staff members, one guest student juror, and one guest faculty juror will constitute the jury. They include Miss Eagle, head of the art department, and Professors William Walmsley, William Boaz, and Richard Jackson. The guest jurors have not been chosen yet.

Art work will be given a "1" rating if it is superior, "2" if it is satisfactory, or a "3" if it requires more effort.

Acting as co-chairman of the art club committees to assist in the show will be James Anderson, president of Kappa Pi, and Ralph Anderson, president of Portfolio club.

A reception and coffee hour will be held in the Kappa Pi Clubroom in the basement of the Fine Arts building on Friday night from 7:30 to 8:30 for the entrants and their guests.

Schedule of Examinations Is Released by Dean Nash

A schedule for the fall semester final examinations set for January 21 through 24 has been released by Dean William G. Nash. The schedule is as follows:

Monday, Jan. 21	
7:30	12:00 MWF classes
10:00	English 100, 102, Education 211
1:00	Education 200
3:30	8:00 TThS classes
Tuesday, Jan. 22	
7:30	English 101
10:00	10:00 TThS classes
1:00	1:00 MWF classes
3:30	Chemistry 101A, 101B, Chemistry 111A, 111E, Chemistry 121A
Wednesday, Jan. 23	
7:30	2:00 MWF classes
10:00	9:00 TThS classes
1:00	8:00 MWF classes
3:30	Biology 101
Thursday, Jan. 24	
7:30	9:00 MWF classes
10:00	3:00 MWF classes
1:00	11:00 MWF classes
3:30	11:00 TThS classes

Dean Nash explained that the schedule is based on three credit-hour courses, but that all courses should fit into the schedule. For instance, a class meeting on Tuesday and Thursday, would follow the Tuesday, Thursday, Saturday schedule at that hour.

A four-hour course meeting on Monday, Wednesday, Friday, and Saturday would follow the Monday, Wednesday, Friday schedule or the Tuesday, Thursday, Saturday schedule if the class and instructor find it more convenient.

In case a one-hour or two-hour course fails to fit into the schedule, the examination may be held at the last regular meeting of the class or at some other time arranged by the instructor. With this exception, it is expected that all examinations will be held as scheduled.

Ninety To Attend Reagan To Present String Festival

Approximately 90 students from four high schools will attend this year's Quad State String Orchestra festival to be held on the Murray State campus Monday, Jan. 21.

Prof. Josiah Darnall will conduct the non-competitive festival, sponsored by the college to encourage string players in Kentucky, Tennessee, Illinois, and Missouri.

The all day program will commence with a rehearsal in the Recital hall of the Fine Arts building at 9 a. m. and will conclude with a concert and broadcast at 7 p. m.

Schools which are scheduled to participate are Murray Training school, Benton High school, Madisonville High school, and Harrisburg (Ill.) High school.

'Lights' To Celebrate 20th Anniversary

Hits of Past To Be Featured

The twentieth anniversary of "Campus Lights" will be celebrated in the 1957 edition of the annual musical and variety show to be held in the Auditorium February 21-23, announces Director Bob Hogan.

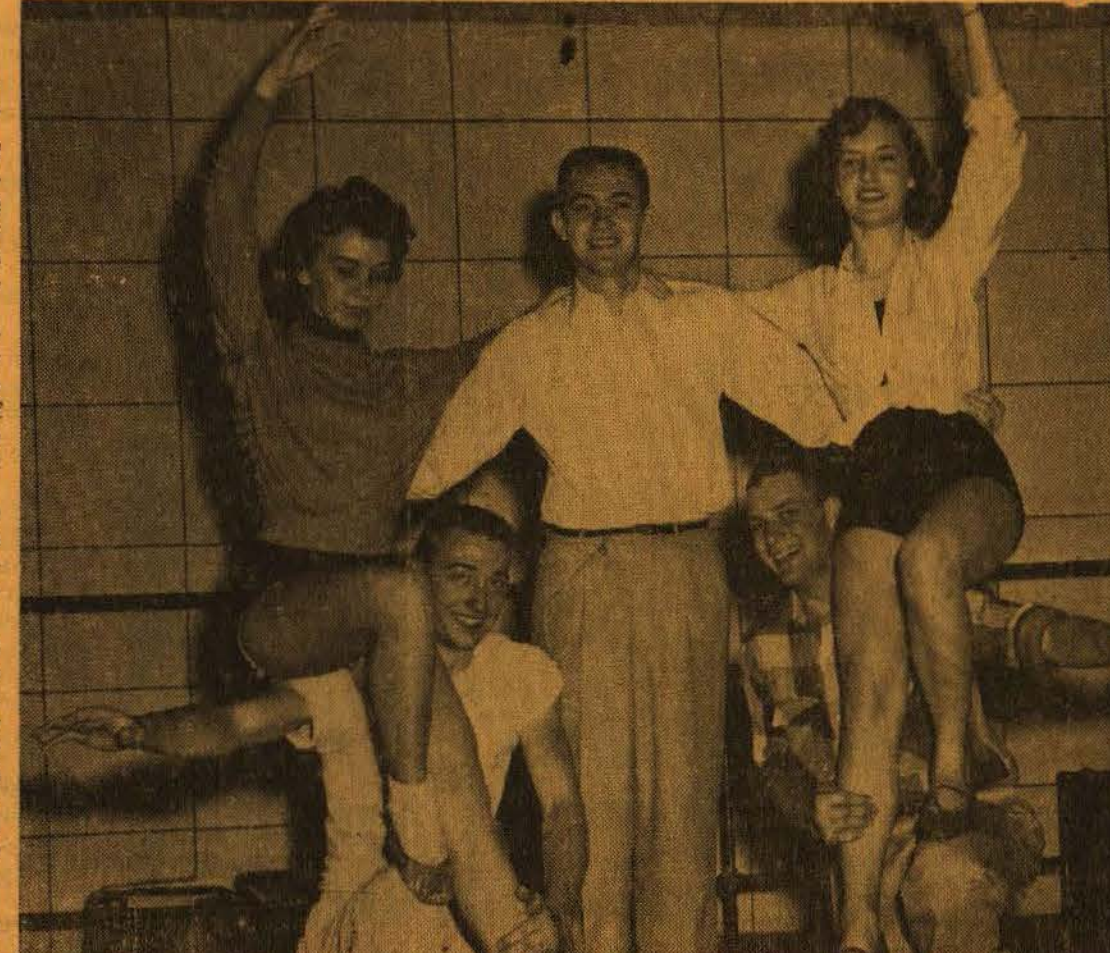

The show will feature hit musical numbers from each show in the last 19 years and will in addition have past directors of at least nine shows presented to the audience as a rumber from their show is played.

Latest to be chosen in the 120 member cast and production group for this year are the "Murray Men" and two vocal soloists.

The "Murray Men" will be first tenor Joe Prince, sophomore voice major from Crossville, Ill.; second tenor, Jerry Winder, junior trumpet major from Marteno, Ill.; first bass Dick Norris, junior trombone major from Harrisburg, Ill.; and second bass, Sammy Orr, junior voice major from Rock Hill, S.C.

Tentatively the "Murray Men" are expected to sing "I'll Never Smile Again," and "Blue Room," a number from the show of two

Members of the dancing chorus of "Campus Lights of 1957." Jim Young, center, is helping to balance Carol Hensler, seated on Ed Hamilton's shoulder, and Ann Brinkley perched on Charles Renter's shoulder.

Murray, Science Teachers, Youth, Free World To Benefit by Foundation Grant

The lead story in this issue of The College News tells of a summer Science Institute which will be conducted on the campus this summer as the result of a grant of \$73,000 from the National Science foundation.

To Murray State college, the Institute has a special significance. The selection of Murray of one of the 95 colleges and universities in the United States to hold such an institute signifies that the high calibre science training that Murray students receive is gaining national recognition and approval.

On a statewide level, the story proudly points out that Murray State was the only college in Kentucky to be awarded such a grant to conduct an Institute. The Institute will serve a wide area, even beyond Kentucky, for some of the nearest schools which will also be conducting these programs are more than 200 miles away.

Murray Staters and alumni cannot help but

Personality of the Week 'Ideal Freshman Girl' Is Hazel-eyed Brunette

Presenting Alma Atwood—"Ideal Freshman Girl of 1956-57."

Alma, whose selection by Wells Hall freshmen girls was announced at the annual dormitory Christmas party, is a tall, brown-haired, hazel-eyed lass from Paducah. Her parents are Mr. and Mrs. T. C. Atwood.

She attended Paducah Tilghman High school, and a glance at her pre-college record shows that this year's "Ideal" has already received many similar honors.

In 1955-56, Alma was named "Miss Tilghman" by a vote of the students, and she was also chosen as "Best All Round" by the popular vote of her classmates. During her senior year, she was a drum majorette for the Tilghman Drill corps.

Last spring the Paducah Daughters of the American Revolution presented Alma with the national "Good Citizen Award" for 1955-56. Also among Alma's high school accomplishments is her scholastic standing and she can proudly boast membership in the National Honor society.

As her hobby, athletically-inclined Alma lists sports participation and spectatorship. During her sophomore and junior years at Tilghman, Alma was captain of both the girl's basketball and girl's volleyball teams. In her junior year she served as an assistant physical education instructor.

Alma's ambition? To be a high school English or physical education teacher. An MSC graduate, Mrs. Edwin Gunter, who teaches physical education in Paducah, helped Alma to select a college. Alma says she is definitely satisfied with her choice: "Murray is the friendliest school I've ever seen."

Her roommates attribute Alma's popularity to her sincere friendliness. "She smiles and speaks to everyone, whether she knows their name or not," says one of her roomies. They also contend that she has a great "gift of gab."

—S.A.W.

Broad Curriculum Gives Elementaries Big Name

By Carolyn Holmes

Murray State college graduates in the field of elementary education can be placed in teaching positions in any state in the country and in many foreign areas as well.

Years of hard work and study have gone into making this college department one of Murray's most "talked about" in other regions. To gain this widespread recognition, MSC has set up a broad curriculum, and as any elementary ed student will agree, obtaining a certificate is not easy.

Besides elementary courses, majors must take courses in nearly every field because upon graduation they will be expected to teach a wide variety of subjects. They must take hours in English, science, the fine arts, social science, and physical education, plus approximately thirty hours of education courses and thirty hours of electives.

Then, too, the majors take professional courses such as child study, teaching of reading, language arts, arithmetic and science, and practice teaching. The instructors in this department feel that continuous work in professional courses builds a stronger teacher. Murray elementary education majors dabble in all fields because the general feeling among educators is that the best teachers are the ones with interests and training in many subjects.

Unlike many majors, elementary education training starts as soon as the students enter MSC as freshmen. They start keeping observation diaries of children in the Training school, do case studies, work on panels, evaluate film strips, keep files of readings, collect poems, and mount pictures of interest to their major studies.

The MSC elementary education department attempts to show that there is no life work more satisfying than working with children. And when one trains for this type of vocation, one is also

feel proud that this institution is included in a list of schools such as Indiana university, Duke university, Notre Dame, St. Louis university, Harvard, and the University of California, to name just a few.

In addition to the inviting element of prestige which will come to the college as a result of a successful program, the college should benefit to some extent financially, although that is less important. The college will receive registration fees from those wishing to take the work for credit, and will receive income from the rent of Ordway hall and meal fees.

From A to MSC Editor Takes Dim View Of 'Scholarly' MSC'ans

By Marge Gepner

With January finals less than a week away, it might be timely to take inventory of the scholastic side of student life at Murray State.

No doubt some of our readers will be surprised to discover that there's such things as readin', writin', and 'rithmetic on the college level. And the more socially-inclined will scowl sourly at the unpleasant reminder. Then there are the few (a very few) who through carefully maneuvered apple-polishing or relentless cramming sneer at finals.

Just in case you've only been on campus for three or four semesters and haven't run across a prime example of the conscientious type, it's rumored that this species actually does exist. Various unreliable statisticians report that these intellectuals make up approximately one-tenth of one-tenth of one-tenth per cent of the MSC student body.

Since the foregoing group is seldom recognized for anything other than their popularity with the professors or their ability to pulverize the "curve," some space in this column should be devoted to the loafers, social-climbers, and apple-polishers.

In discussing the loafers, a definition is in order. "Loafers," according to Prof. Iam Nobody, are "would-be students universally known for their ability to do nothing and to do it well." Loafers, unlike other humans, dislike work in any fashion or form. Can you imagine that?

On the campus the loafer not only borrows thoughts, assignments, and school supplies from his classmates, but he also has a mania for turning in biology drawings, term papers, and experiments from former students. Reasoning for this is based on the "they graduated, didn't they?" theory.

The majority of MSC'ans are grouped as "socially-minded." (This classification is self-explanatory.) Campus Romeos who are dodging the draft and MSC Julietes who are husband-hunting compose the largest part of this group.

Along with the professional college loafers, the social set can be found in the Hut from dawn 'till dark. There they sit and socialize, relieving the burden of making conversation by drinking coffee, playing bridge, watching Freddie, or reading mail.

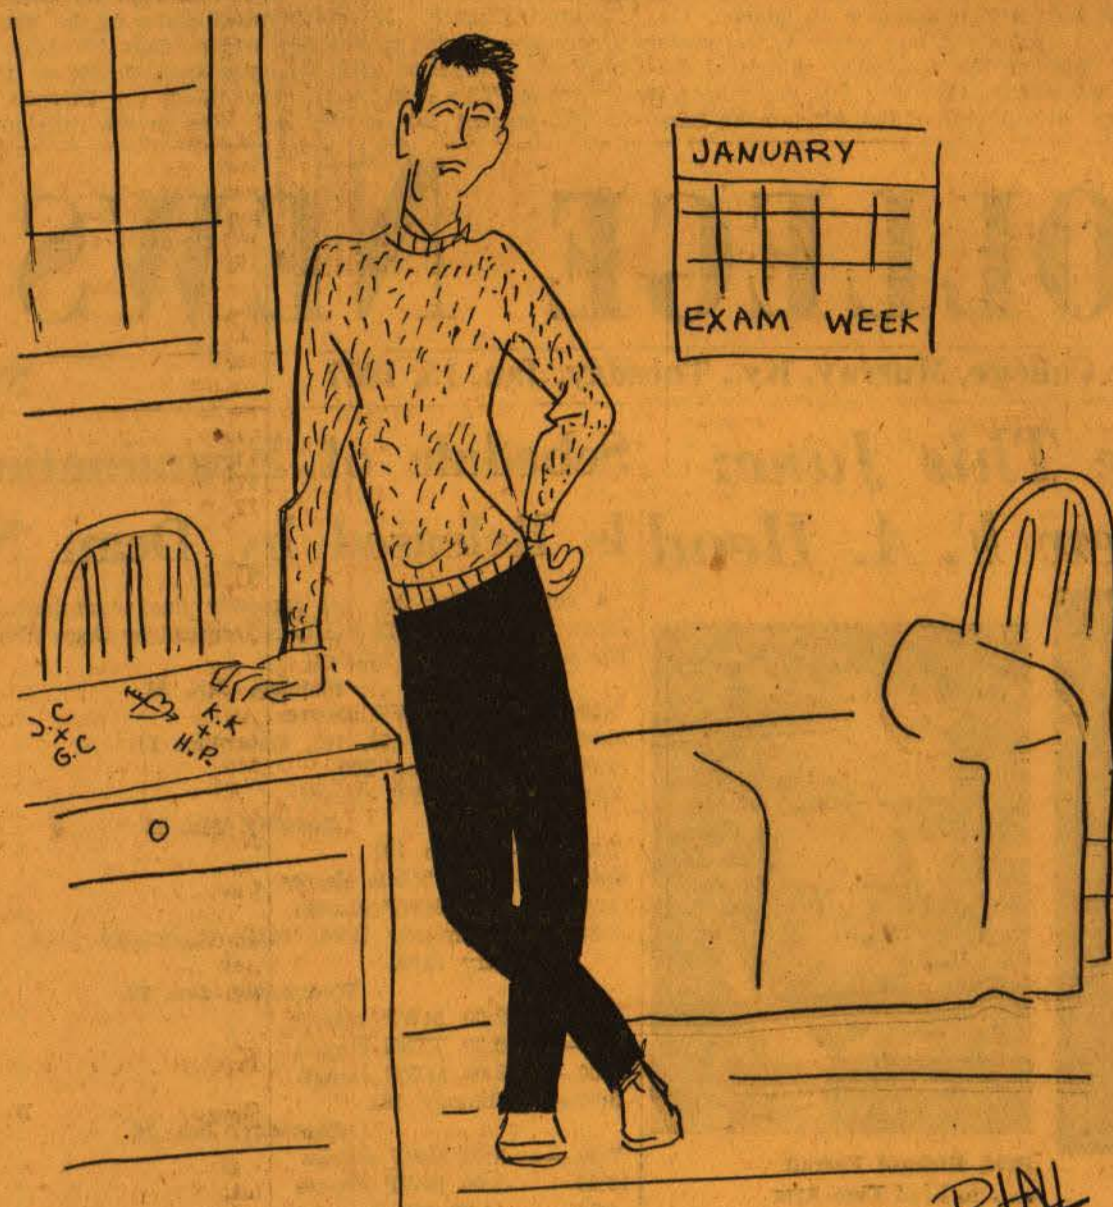

Concluding this survey of campus scholars are the brown-nosers or "apple-polishers," as they are sometimes affectionately called. Although many students just "happen" to meet their professors in the Hut for coffee just before exams, the brown-noser has been known to deliberately lead the gullible prof to the Hut. Some of the more desperate have even been known to pick up the unsuspecting prof's tab.

The brown-noser is always helpful; he never fails to contribute in class and after each session he diligently follows his absent-minded instructor into the latter's office for friendly little "chat."

And now you know why scholastic endeavors at Murray State are so fruitless. Of course, by connecting yourself with one of these latter groups, you'll never obtain a Ph.D. In fact, you'll be lucky if you pull a one point. But if it's any consolation: Boys have the ROTC and girls may get a Mrs.

We must not lose sight of the purpose of the institute. The National Science foundation has expanded its grant in aid program "To increase the high school teacher's knowledge of his subjects and capabilities to motivate students to consider careers in science."

It is obvious that with better science teachers there will be more students interested in science and that the numerical lag of the United States behind Russia in educating scientists and engineers will be gradually decreased.

"Now where could those books be that I bought last September?"

Country Gentlemen Setting Fast Pace

During the recent holidays, the "Country Gentlemen" discovered several exciting ways to make the time pass rapidly.

Included in their busy two-week schedule were radio and press interviews, record promotion activities, television appearances, and the patience-consuming task of purchasing a new wardrobe.

"A Rose and A Baby Ruth," currently rated the Number 10 song in the nation, is being received very favorably by "pop" record enthusiasts throughout the country. The quartet's latest recording, "My Heart's Desire" backed with "Right Around the Corner," is also gaining popularity at an unbelievable pace. Sales on the new record are expected to set an all-time record for any artists from this area.

Highlights of their unusual vacation included appearances on Noal Ball's "Saturday Showcase" (WSIX-TV in Nashville) and on a twenty-four hour benefit show on WTVW in Evansville, Ind. Also appearing on this latter program were Carmell Quinn from Arthur Godfrey's show; Jimmy Wakely, recording and screen star; and the "Profits and Rip Masters." By special request the "Gentlemen" sang two numbers with Jimmy Wakely.

One of the holidays was spent with Joe Creason, feature writer for the Courier-Journal, and several photographers. A complete story about the "Country

Gentlemen" and their recording accomplishments appeared in the Sunday Courier Journal.

According to a recent telegram from RCA Victor, the quartet will go into a recording session before February to cut two records and an album. The "Gents," Gerald Nelson, Olin Bryant, Jerry Crutchfield, and Jan Crutchfield are also scheduled to go on an eight day March of Dimes promotional railroad tour to four or five key cities in the country.

RCA also stated that because of their increasing national popularity in the popular record field, the name "Country Gentlemen" will be changed at the session.

From Other Campuses Conventions Serve as Profs Student Union

Credit for this one goes to Transylvania's *Crimson Rambler*. "Professors don't cut classes and go to the Student Center. They go to conventions."

"Philosophers" at Hillsdale college have reached this conclusion: "The average girl would rather have beauty than brains because the average male can see better than he can think."

A co-ed at Arkansas A&M was absent and the professor asked the class if anyone knew anything about her. From the back of the room came a boy's voice, "She's a sweet girl."

A recent poll, sponsored by "Foundation for Better College Life" revealed that students are still aware of the three "R's": Rock and Roll, Relaxing, and Roaming.

A Macalester college student brought his watch to an Indian jeweler to be repaired. When the Indian took the back off, a dead bug fell from the watch. The astonished jeweler exclaimed: "Ugh! No wonder watch stopped—engineer dead!"

More about Presley. From the *Michigan State News*: Most Texans have four Cadillacs—one for each direction. Elvis has six—still one for each direction.

We're indebted to the University of Chicago for the following literary composition. We'll call it "Another American Tragedy" or, "Don't Let It Happen to You."

He read the textbook,
He studied his notes,
He outlined both.
Then summarized his outline.
Then outlined his summary on 3X5 cards.
Then reduced the card outline to one single card.
Boiled the card down to a sentence,
Boiled the sentence down to a phrase,
Boiled the phrase down to a word.
Entered the exam;
Analyzed the question;
And then,
Forgot
The
Word.

According to Dr. A. M. Wolfson, biological sciences head, the response to the institute by high school science instructors in this area has been "very encouraging." Although the news of the project was released to the press only a short time ago, inquiries have already been received from as far away as Georgia.

Participating science teachers will receive a weekly stipend to cover living costs plus an allotment for dependents. In addition to "being paid for going to school," the science teachers will have an added inducement in that institute courses may be applied in partial fulfillment of the requirements for a master's degree.

A successful Science institute here this summer will mean that 60 instructors will return to their high schools in the fall with many favorable comments about Murray State college and the department of physical science and biological science. May everyone aid in making their stay pleasant.

Recent Books We Americans Know One Spanish Writer

By L. G. Winget

The literature of Spain and Latin America is next to unknown in the English-speaking world. The average educated American, if questioned, will usually turn out to know the name of exactly one Spanish writer: Miguel de Cervantes, the author of *Don Quixote*.

Since the *Quixote* is a long way from being the only outstanding thing ever written in Spanish, this state of affairs is to say the least unfortunate, and it is therefore heartening when from time to time another Spanish work, such as *The Spendthrifts*, appears in English translation.

The last quarter of the nineteenth century gave Spain more important novelists than she had had for over two centuries. Chief among them was Benito Perez Galdos, probably the best Spanish novelist since Cervantes. He was born in the Canary Islands, but came as a young man to Madrid, and it is this city which is the scene of most of his works.

The world of these novels is a world of the commonplace. Seldom does anything terribly important happen in it, and the misfortunates of its inhabitants, considered objectively, are often more ridiculous than heroic. Galdos never lets us forget that fact for a moment, and by preserving a strictly detached attitude toward his characters succeeds in involving us with them far more than he could have by obvious and sentimental bids for our sympathy.

The heroine of *The Spendthrifts* is a typical Galdosian figure. Nothing really earth-shaking happens to her, and what does is pretty much her own fault. Rosalia de Bringas (the Spanish title of the novel is *La de Bringas*, meaning roughly "the Bringas woman") is the wife of a government official at the court of Isabel II.

Unable to adapt her extravagant tastes, in particular her passion for clothes, to her husband's bizarre idea that one ought to live within one's means, she indulges in one supposedly innocent stratagem after another, until by the end of the novel she is caught in a web of deception from which she can escape only by the most drastic and painful measures.

Out of this basically rather slight situation Galdos has produced a novel that is fascinating throughout and at times genuinely moving. It should be emphasized that *The Spendthrifts* is by no means its author's masterpiece, and it is a little odd that it was chosen for translation when several definitely superior works still remain available only in Spanish. However, this novel is in any case typical, if not great, Galdos, and can serve as a good introduction to the writer's work.

One should close with a note of praise for the translation. The translating of a work of literature from one language to another is fantastically difficult feat, and Miss Woolsey has done a commendable job with *La de Bringas*.

When and if *Fortunata y Jacinta*, *Miau*, and a few other novels of that calibre receive an equally good translation, perhaps Galdos will have a chance at a place alongside Dickens, Balzac, and the other luminaries of the nineteenth-century European novel.

Liles of Humboldt, Tenn. is a member of the Vet's club.

Lowry-McCallister

Sophomores, Linda Lowry from Marion and James E. McCallister from Sharpe, were married November 22 in the Marion Methodist church. Mrs. McCallister, daughter of Mr. and Mrs. Harvey Lowry, is a chemistry major. McCallister, son of Mrs. Verda McCallister, is a chemical engineering major.

Shaw-Bilbrey

Lee Shaw, junior physical education major, and Ras Bilbrey, senior physical education major, were married October 20 in Corinth, Miss.

Mrs. Bilbrey, daughter of Mr. and Mrs. James Payne Shaw of Russellville, is a member of the Women's Athletic association. Bilbrey, son of Mrs. and Mrs. Ras Bennett Bilbrey of Paris, Tenn., is a member of the Delta Alpha social fraternity.

Price-Hill

Junior Sara Ellen Price and Bobby Wayne Hill, a sophomore at the University of Kentucky, were married November 4 in Jeffersonville, Ind.

Mrs. Hill, a math and chemistry major, is a member of the German club, the Physics club, and the Student Affiliates of American Chemical society. She is the daughter of Mr. P. G. Price of Clay.

Hill, the son of Mr. and Mrs. Robert Hill, also of Clay, is an aeronautical engineering major.

White-Schmerbauch

Murray graduates Charlene White and Robert Schmerbauch were married December 29 in the St. Matthews Lutheran church of Paducah.

Mrs. Schmerbauch, a member of Sigma Sigma Sigma sorority, is presently teaching physical education in Shelbyville, Ill. She is the daughter of Capt. and Mrs. Charles H. White of Paducah.

Schmerbauch, a member of Delta Alpha fraternity, is now attending the University of Illinois. He is the son of Mrs. A. B. Schmerbauch of Cairo, Ill.

Williams-Robinson

Former Murray Student Ann Williams and William E. Robinson were married on December 22 in the Clinton First Methodist church, announces her mother Mrs. E. Balin of Clinton.

While at MSC, Mrs. Robinson was a business major. Robinson, son of Mr. and Mrs. W. B. Robinson of Bardwell is presently employed as a draftsman for Cole and Son of Wheeling, Ill. He has attended Paducah Junior college and Southeast Missouri State Teachers college.

Means-Walston

Senior Suzanne Means and Naval Cadet Jerry Don Walston were married December 23 in the Benton Missionary Baptist church, announce her parents Mr. and Mrs. B. K. Means of Hardin.

Miss Means, a home economics major, is a member of the Home Economics club and Sigma Sigma Social sorority. She will receive her B. S. degree in home economics in June.

Walston attended MSC for two years before entering naval cadet training; he is now stationed in Pensacola, Fla. He is the son of Mr. and Mrs. Eddie Walston of Benton.

White-Hicks

Gloria Ann White, daughter of Capt. and Mrs. Charles H. White of Paducah, became the bride of James Warren Hicks of Clinton on December 29 in the St. Matthews Lutheran church in Paducah.

Mrs. Hicks is a freshman business major and Hicks is majoring in physical education. Before coming to Murray State, he served two years in the army and attended Western State and Bethel colleges.

Engagements

McAnally-Fuller

Carol Jean McAnally, sophomore elementary education major, and Kenneth Fuller, junior business major, will be married announce her parents, Mr. and Mrs. Carl McAnally of Paducah.

Miss McAnally, a transfer from Paducah Junior college, is a member of Phi Kappa sorority and the Association of Childhood Education.

Fuller is the president of the Business club, a member of Tau Sigma Tau fraternity, and was named one of the "Outstanding Men on the Campus" this year. He is the son of Mr. and Mrs. John Fuller of Paducah.

Jetton-Gerrain

A summer wedding is planned for senior Janet Jetton and Frank Gerrain, announce her parents, Mr. and Mrs. Buel Jetton of Murray.

A senior business major, Miss Jetton is a member of Sigma Sigma Sigma social sorority and the Business club.

Gerrain, son of Mr. and Mrs. Frank Joseph Gerrain of Athens, N. Y., is a junior elementary education major and a member of the Association of Childhood Education.

Kingsins-Myers

A spring wedding is planned for Murray students Patsy Ann Kingsins and Bill Myers, announce her parents, Mr. and Mrs. Paul Kingsins of Murray.

A senior home economics major, Miss Kingsins is a member of the Home Economics club, the Wesley foundation, and the YWCA.

Myers, son of Mr. and Mrs. H. P. Myers of Guntown, Miss., is a sophomore. Before coming to MSC, he served four years in the Navy during the Korean conflict.

Wright-Kaler

Juniors, Shirley Wright and Billy Bob Kaler, will be married next fall, announce her parents, Mr. and Mrs. J. E. Wright of Union City, Tenn. The wedding will be in the Union City First Baptist church.

Miss Wright, a business major, is a member of the Business club and the Home Economics club. Kaler, an industrial arts major, is a member of the Industrial Arts club and the Best Brotherhood.

White-Wyatt

Beverly Ann White, sophomore elementary education major, will marry William H. Wyatt of Paducah, announce her parents, Mr. and Mrs. Porter White of Murray.

Miss White is a member of Sigma Sigma Sigma social sorority and the Association of Childhood Education.

Wyatt, the son of Mr. and Mrs. Tom Wyatt, is employed at the Pittsburgh Metallurgical plant in Calvert City.

Radford-Epley

Murray student Belva Radford of Central City and Buddy Epley of Paducah are engaged to be married.

Miss Radford, daughter of Mrs. Dorothy Radford, is a freshman nursing major. Epley, a student at a Diesel Mechanic school in Nashville, Tenn., is the son of Mr. and Mrs. Paul Epley.

Smith-Taylor

Murray student Mary Curtis Smith will marry John Gordon Taylor of Louisville, announces her parents Mr. and Mrs. Curtis W. Smith, also of Louisville.

Miss Smith, a music major, is a member of Sigma Alpha Iota music fraternity, the Vivace club, the orchestra, and the A Cappella choir.

Taylor, son of Mr. and Mrs. Woodrow Taylor, is a chemistry major at the University of Louisville. He is a member of the Pi Kappa Omicron fraternity and the University band.

Dick-Pickard

Jean Dick, sophomore music major, will marry Robert Frank Pickard, senior at the University of Kentucky, announce her parents, Mr. and Mrs. J. E. Dick of Murray.

Miss Dick is a member of Sigma Alpha Iota music fraternity, the Vivace club, and the A Cappella choir. Pickard, son of Mr. and Mrs. Forest Pickard of Lynn Grove, is a mechanical engineering major. He is a member of Tau Beta Pi honorary engineering fraternity.

Births

Murray graduates Mr. and Mrs. Calvin Gibson, now of Louisa, announce the birth of a boy Calvin David Gibson on November 27.

Mrs. Gibson was a member of Sigma Alpha Iota and A Cappella choir while she attended MSC. Gibson, an industrial arts major, was listed in the "Who's Who in American Colleges and Universities" in 1955-56.

A seven pound two and a half ounce girl, Julie Beth, was born to Professor and Mrs. Edward F. Brunner on November 8, 1956 at the Murray hospital.

Mr. Brunner is a member of the MSC education department and teaches psychology.

March 15 Deadline For Fiction Contest

Women undergraduate students under twenty-six who wish to enter stories in *Mademoiselle's* 1957 College Fiction contest must submit their entries by midnight March 15.

Stories entered must be original, characters must be fictitious, and the entry should run from approximately 2,500 to 5,000 words. Contestants may enter more than one story.

Entries will be judged by *Mademoiselle's* editors and the two winners will receive \$500 each for serial rights. The winners and honorable mentions will be announced in the August, 1957 College issue.

Stories must be typewritten, double spaced, and marked clearly with the name, age, home address, school address, and school year of the contestant. Further information can be obtained by writing to the College Fiction contest, *Mademoiselle*, 575 Madison Avenue, New York 22, N. Y.

Dramatics Fraternity

Four persons were initiated into the Gamma Epsilon cast of Alpha Pi Omega dramatics fraternity on December 8 at the MSC auditorium.

New members of the fraternity are: Dan Murphy, Bronx, N. Y.; Madelyn Crowley, Slaughter; Don Mertz, Carmi, Ill.; and Carol Empson, Pontiac, Mich.

After the formal initiation ceremony a party was held for the new members at the home of the pledge master, Walter McCauley.

Kappa Pi To Initiate

Seven pledges will be initiated into Kappa Pi honorary art fraternity tonight at 6 p. m. in the clubhouse off the Fine Arts lounge.

Initiated will be Fred Stevens, Ridgely, Tenn.; Sam Lander, Hopkinsville; Beverly Brawner and Philip Harrell, both of Murray; Jane Skates, Mound City, Ill.; Barbara Trainer, Bardwell; and Al Gorozynski, Buffalo, N. Y.

Following the formal ceremony will be a banquet and program, at the College Presbyterian church for members and guests. After the banquet the group will return to the Kappa Pi clubroom for dancing.

Julie West
... Tau Sig sweetheart

TST Selects West As '57 Sweetheart

Tau Sigma Tau last night serenaded Julie West, sophomore from Murray, as fraternity Sweetheart for 1956-57. Miss West was presented with a bouquet of roses by President Ted Vaughn.

The sweetheart's attendants are Jody Gibson, junior music major from Greenville, and Jane Shell, sophomore business major of Murray. They were also presented with bouquets.

The sweetheart and attendants are selected on the basis of personality, character, beauty, and friendliness toward the student body.

Miss West, a business major, is a member of Sigma Sigma Sigma sorority, and Delta Lambda Alpha, women's scholastic fraternity.

Formal presentation of the sweetheart and her attendants will be in April at Tau Sigma Tau's annual presentation ball.

Adams, Larson Have Articles Published

MSC's Mrs. Lillian Hollowell Adams and Dr. Edwin Larson were among sixty-five college and high school English teachers who contributed articles to the fall issue of the *Kentucky English Bulletin*.

In their articles Mrs. Adams and Dr. Larson corrected, criticized, and set standards for themes written by students before they enter college. Material for these articles was based on high school themes graded by the two Murray instructors.

The *Kentucky English Bulletin* is prepared by and sent to the English departments of twenty-one colleges in Kentucky. Its purpose is to set forth principles and standards in composition for students who are just graduating from high school or just entering college.

VALENTINE'S DANCE IS SET FOR FEB. 15 BY TRI SIGMA
Sigma Sigma Sigma sorority will sponsor its annual Valentine's dance on February 15 in the Fine Arts lounge.

Tickets will go on sale Monday, Feb. 11 in the basement of the library, according to Kathy Korte, dance chairman.

Beverly Spurrier
... D.A. Sweetheart

Beverly Spurrier Is DA Sweetheart

The presentation of Beverly Jean Spurrier as the 1956-57 Delta Alpha fraternity sweetheart highlighted the annual fall pledge dance held at the Kenlake hotel on January 4.

Miss Spurrier, daughter of Mr. and Mrs. Dean Spurrier of Owenboro, is a senior business major. She will receive her bachelor of science degree in June.

This year she is serving as a senior representative on the Student council and is a member of the Business club.

Delta Alpha's sweetheart is selected each fall by members of the fraternity on the basis of personality, leadership, loyalty, and service to the fraternity.

Also presented at the dance were members of the fall pledge class: Gene Bailey, Marion Lee Eakins, Warren Phillips, Larry Hosford, George Easley, Harmon Pierce, Jeff Lester, John Hall, and Dempsey Clark.

Tri-Sigma Initiates

Three pledges were formally initiated into Sigma Sigma Sigma social sorority last night, announces President Marge Gepner.

Completing an eleven week pledgeship under pledge mistress Mary Nell McCain were Beverly Brawner, Murray; Ann Carter, Eddyville; and Sue Grable of Lakeland, Fla.

Ann Carter was chosen as "Ideal Pledge" and Julianne West was named "Ideal Active" at a party given by the pledges, on January 7.

Lilly To Set Up Shop For Penitentiary Use

MSC's Prof. George T. Lilly has recently notified officials at the Eddyville State penitentiary that he will assist with the technical arrangements for a wood-working shop at the prison.

Initiated were Robert Young, Murray; Don P. Gilbert, Murray; Max Morgan, Murray; Gordon J. Enix, Murray; Cecil Dozier, Mill Shoals, Ill.; Richard Wheeler, Mill Shoals, Ill.; Dickie Long, Dawson Springs; Billie Bazzell, Kirksey; Jerry Ward, Paducah.

Lilly is an instructor in the college industrial arts department.

Six Pledges Installed By Tau Sig Fraternity

Six pledges were installed into Tau Sigma Tau fraternity before the Christmas holidays, according to Ted Vaughn, president.

Completing an eight week pledgeship were Jerry Bird, Fredericksburg, Va.; Bill Howard, Lawrenceburg, Tenn.; Casper Wooten, Carmi, Ill.; George Nolan, of Neptune City, N. J.; and Bill Roberts and Bob Workman, both of Murray.

Woodbridge Makes

New Bibliography
MSC's Dr. Hensley C. Woodbridge has published an article "An American Bibliography of Marcelino Menendez Pelayo," in the October-December issue of the *Inter-American Review of Bibliography*.

The article by Woodbridge head librarian, contains three important bibliographies of work which have been published in the New World and in Europe.

Menendez Pelayo (1856-1912) can probably be considered Spain's greatest and most prolific literary critic; he was also librarian of Spain's National library.

Bradley, who attended Murray State before entering the Naval Aviation Cadet program, completed six landings aboard the light aircraft carrier USS Saipan in the Gulf of Mexico to qualify as a carrier pilot. He is now undergoing further instruction in instrument flying.

Prospective 'Rifles' Members Are Named

Company G-3 of Pershing Rifles initiated nine MSC'ans as prospective members in a company before the holidays in the room of the society in the Administration building.

Initiated were Robert Young, Murray; Don P. Gilbert, Murray; Max Morgan, Murray; Gordon J. Enix, Murray; Cecil Dozier, Mill Shoals, Ill.; Richard Wheeler, Mill Shoals, Ill.; Dickie Long, Dawson Springs; Billie Bazzell, Kirksey; Jerry Ward, Paducah.

Law School Accepts February Students

Beginning students will be admitted to the day division of the St. Louis University School of Law in February, announces Dean J. Norman McDonough.

Special courses will be offered for the students who enter at mid year, and in subsequent semesters the schedule of classes will be arranged to permit the entrants to finish their law school work in logical and proper order.

Registration for the second semester will be held on January 31 and February 1. Interested students are urged to direct any inquiry according to the program to the School of Law, St. Louis university, 3642 Lindell boulevard, St. Louis, 8, Mo.

Navy Cadet Qualifies To Be Carrier Pilot

Naval Aviation Cadet Henry L. Bradley, III, formerly of Paducah, recently qualified as a carrier pilot at Corry Field Naval Auxiliary Air station in Pensacola, Fla.

Bradley, who attended Murray State before entering the Naval Aviation Cadet program, completed six landings aboard the light aircraft carrier USS Saipan in the Gulf of Mexico to qualify as a carrier pilot. He is now undergoing further instruction in instrument flying.

HAVE A REAL CIGARETTE... have a Camel

"The most important thing to me in a cigarette is flavor. Camels always taste good and rich, never thin or flat. They're my smoke."
Marquerite Higgins
FOREIGN CORRESPONDENT AND PULITZER PRIZE WINNER

Discover the difference between "just smoking"...and Camels!

Taste the difference! No fads, frills, or fancy stuff — simply the finest taste in smoking. Camels are rich, full-flavored, and deeply satisfying.

Feel the difference! The exclusive Camel blend of quality tobaccos is unequalled for smooth smoking. Camels never let you down.

Enjoy the difference! More people smoke Camels, year after year, than any other cigarette of any kind. Try Camels — they've really got it!

© R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina

BETTY ROSE

short and sweet...

It's our young fingertip coat, all set to go everywhere! Handsome Worsted Bouclette — cloud-soft wool with a nubby basket-weave. Gleaming brass dome buttons on white, red, beige, navy, black. And Betty Rose superior tailoring gives that expensive look! Sizes 6 to 16.

\$27.50

Littleton's

Freshmen Hoopsters Are 8-2, Go Unnoticed

Murray freshmen basketball players, like those of any other college, are the unheralded athletes of the campus. These are the boys who sweat and slave for a year, unnoticed, while preparing themselves for three years of varsity competition.

Rarely are there more than fifty people in the gym for the beginning of the frosh games. And the only reason there are more spectators at the finish is that they have to arrive early to get good seats for the varsity games.

If more people would attend these games, the freshmen might play a little harder and have a better ball club. There is nothing like having a crowd behind you to instill a desire to win.

This year's team has four boys who are averaging 12 points a game or more. The No. 1 man is a six-foot guard from Indiana, Ralph Teter. He is scoring at a pace of 20.5 per game.

Second is 6'5" Gene Herndon from Almo with 13.6. He is closely followed by Jim McCormick, a 6'4" Evansville, Ind. product. Jim has scored 12.2 per game. Ronnie Holmes, also from Indiana, is fourth, with an average of 12.1.

The frosh opened their season with a 96-93 loss to the Fredonia Independents. In the second game they nursed their sores with a 66-63 win over Freed-Hardeman college. The third outing saw them drop David Lipscomb 98-59.

A journey to Carbondale, Ill. was a success; they defeated Southern Illinois university 89-77. In the last outing before the Christmas holidays, the MSC's avenged their opening loss by beating Fredonia 97-59.

On December 31 the Frosh beat the Paducah Independents, 85-60. Following this they defeated the Middle Tennessee freshmen 77-72, lost to the Western frosh 111-87, and then nosed out the Tennessee Tech freshmen 83-81. They played David Lipscomb in Nashville last Saturday and won 71-45.

So far this season they have a 8-2 win-loss record. Improvement, more evident in every game, deserves support. So let's try to help the Frosh team along by getting out early for their games!

Individual Statistics for Nine Games						
Name	FG	FT	PF	Games	Pts.	Avg.
Teter	74	41	22	9	189	21.0
McCormick	40	34	31	8	114	14.2
Herndon	42	40	22	9	123	13.6
Holmes	32	11	19	7	75	10.7
Dingwerth	25	12	12	8	62	7.5

Civil Service Commission Lists Job Opportunities

The United States Civil Service Commission is now accepting applications for employment by the Federal government in the following fields:

Accounting and Auditing. To qualify, applicants must have had appropriate education or experience or possess a CPA certificate. Beginning salaries: \$3,670 a year.

Chemistry. Positions are open at the Wright-Patterson Air Force base near Dayton, Ohio and salaries range from \$4,480 to \$11,610 a year.

Construction Inspecting, General and Concrete. Position are with the Louisville Engineer District, Corps of Engineers. Duty stations are also located in Dayton, Ohio; Mansfield, Ind.; Warsaw, Buckhorn, and Fort Knox, Ky. Salaries: \$3,415 to \$5,440 per year.

Dietetic Interning. Appropriate education is required for training at Veterans Administration hospitals in the Bronx, N. Y.; Hines, Ill.; Houston, Texas; and Los Angeles, Calif. The pay for internship is \$2,000 a year.

Physics and Electronics. Starting salaries for these positions at the Wright-Patterson Air Force base range from \$4,480 to \$11,610 a year. Applicants will be rated on the basis of experience.

Engineering. Positions are open with the Corps of Engineers in Louisville, Cincinnati, Ohio, and Huntington, W. Va. Salaries range from \$2,960 to \$3,415 a year. Full particulars may be secured at any post office or by contacting the Executive Secretary, Board of U. S. Civil Service examiners, Depts. of the Army and Navy, 445 Federal Building, Louisville.

Mathematics. Salary ranges from \$4,480 to \$11,610 per year. Positions are open at Wright-Patterson Air Force base.

Metalurgy. Applicants will be rated on the basis of experience; no written test is required. Salary and positions at Wright-Patterson base are the same as for mathematicians.

Preservation-Packing and Preservation-Packing-Course Planning. No written test is required for these positions. Applicants will be rated on the basis of experience. Salaries range from \$5,440 to \$5,915 per year. Applications may be secured from the Sixth U. S. Civil Service Region, Post Office and Court House, Cincinnati 2, Ohio.

Tool and Gauge Designing. Career-conditional appointments to this position have been announced by the Board of U. S. Civil Service examiners, U. S. Naval Ammunition depot, Carne, Ind. Beginning salaries: \$4,325 to \$6,390 a year.

Further information may be secured from or applications for these positions may be obtained from the U. S. Civil Service Commission, Washington 25, D.C.

Articles Give Read Science Recognition

Dr. G. W. Read of the MSC physical science department has received national recognition in the field of science through publication of three articles based on research in sodium.

Dr. Read has co-authored two articles in the October issue of "Physical Review," published by the American Physical Society. They are "Gamma Rays From Proton-sodium Reaction," and "Elastic Scattering of Proton by Sodium."

The third article, entitled "Spin and Parity of the First Excited State of Sodium," appears in the November issue, and was written by Dr. Read in conjunction with Dr. R. W. Krone of the University of Kansas.

Murray State's 1956-57 freshman hoop squad which currently has an 8-2 record. Left to right are Vernon Rhem, Joel Barrett, Ronnie Peariman, John Randolph, Bobbie Barnett, John Simpson, Gene Herndon, David Barringer, Jim McCormick, W. A. Franklin, Ralph Teter, Armando Reyes, James Snipp, and Carlos Balkcom.

Cagers Lose Three Games On Southwest Road Trip

Although the hospitality was the finest, the Murray Thorobreds found it very hard to win a basketball game on their recent trip out west.

The Breds were defeated by all three teams they played: Hardin Simmons 87-60; New Mexico university 79-72; and the University of Arizona 81-70.

The first stop on the trip, which started December 14, was Abilene, Texas and the Hardin Simmons Cowboys. The difference in the two teams seemed to be in the rebounding department, due to the fact that the Cowboys had an average team height of about six feet, five inches.

The two Darnell brothers, Terry and Tom, were outstanding even in the defeat. Terry ripped the cords for twenty points and brother Tom netted 14. Final score: Murray 60, Hardin-Simmons 87.

The next night the Breds traveled to Albuquerque, N. M. and the University of New Mexico. The high altitude and a slow start were the big factors against the Breds in this game.

The Westerners ran out to a 8-0 lead early in the game and before the game was ten minutes old, the Breds were trailing by fourteen points.

Then the Racers started its full court press which narrowed the margin to six points at half-time (37-31). After the intermission the locals came out fighting hard and finally tied the score 64-64 with eight minutes to go. Then the altitude began to get the best of the Thorobreds.

Sparks Addresses Teachers, Kiwanis

Dr. Harry Sparks, head of the MSC education department, recently addressed two groups, the Crittenden County elementary and high school teachers and the Paducah Kiwanis club.

In his talk to the Crittenden county teachers in Marion on January 2, he gave specific instructions how to select, give, score, and use standardized tests. He was accompanied by Eugene Russell, area supervisor of the State department of Education.

The topic of his address to the Paducah Kiwanis on January 5 was "Business, Marriage, and Politics." He pointed out that success or failure in any of these fields depends upon personality and that one who desires success in business, marriage, or politics must improve his personality while he is gaining efficiency in his chosen vocation.

Intramural Hoop Play Has Three Weeks Remaining

With intramural basketball entering its final three weeks, it appears to be a battle down to the wire in all three leagues.

Arizonians Win
The Big Blue finished the tour two nights later with the University of Arizona in Tucson. Led by Marginet, Terry Darnell, and Quitman Sullins the Racers matched the Arizonians' basket for basket for the first ten minutes. But the home team hit a hot streak just before the half which gave them a 47-36 lead.

After that the Breds were unable to catch the Arizona team which kept a lead of ten to fifteen throughout the second half. Final score: Murray 70, Arizona 81.

Business Students Attend Chicago Meet

Two Murray State students attended a joint national convention of Pi Omega Pi and the National Business Teachers association at the Palmer house in Chicago, December 27-29.

Senior business majors, Charles Ebling, Greenville, and Bobby Hiland, Benton, attended the three-day meeting as representatives of the MSC chapter of Pi Omega Pi, national honorary fraternity for business students.

The purpose of the meeting was to discuss the problems of individual chapters of the associations and to elect officers for 1957. After the business sessions, Ebling and Hiland toured Chicago.

MSC VOLLEYBALL, HANDBALL TOURNAMENTS SET FOR MARCH

Plans for boys' volleyball and handball tournaments to begin in March have recently been announced by Roy Stewart of the physical education department and Al Giordano, "M" club president.

Organizations or clubs interested in participating in either tournament are asked to submit the names of the team and a list of the members to Mr. Stewart or Giordano. The tournaments will follow the intramural basketball season.

HOME EC CLUB HAS PANEL ON LIFE IN OTHER LANDS

Four guest panel members held a panel discussion on "Home Life, Christmas, and Education in Other Lands" for the Home Economics club on January 3.

Panel members included Carolyn Daffray, who represented Iran, and Prof. L. W. Winget, representing Norway. Others were Prof. Gerhard F. Megow and Mrs. James Knight, who discussed Germany's position. Sue Jones was in charge of the program.

Thorobreds Beat New Mexico A&M By 81-67 Score

The Murray basketballers racked up victory No. 4 on December 11 when they defeated the New Mexico A&M Aggies 81-67.

Quitman (Skeeter) Sullins was the big gun for the Breds as he scored 26 points, collected 22 rebounds, and played one of his best offensive games of the year.

The Aggies, who came into town with a five game losing streak, were never in the game. The Racers ran out a 12-2 lead early in the first half and had little trouble in securing the victory. The only bright spot in the New Mexico story was that of guard Bob Jarrett who buried the net for a total of 35 points, which was high for the game.

The game was almost ten minutes old before the Aggies could solve the Breds defense for their second field goal.

Sherrill Marginet, who had been injured since the Georgia Tech game, entered the game late in the first half and led a basket-making spree that allowed the Racers to lead 46-28 at the half.

After the intermission on the Breds came back and started all over again with Sullins, Frank Waggoner, and Marginet leading the way.

The locals led by as much as 24 points at one time, and the visitors were never any closer than 13 points during the second half.

Final score Murray 81, New Mexico A&M 67.

Eleven Submit Art For Wesleyan Show

Eleven MSC students and faculty members have submitted paintings and drawings for acceptance in the Kentucky Wesleyan college exhibition which opened Sunday in Owensboro.

Names of the paintings and drawings submitted by MSC's that were accepted to be hung in the show were not available by press time. Awards ranging from \$5 to \$200 dollars in oils, water colors, and drawings, were offered.

The exhibition, held in the alumni lounge of the Wesleyan Student Union building, will close February 10. Judges for the show were from Louisville, Ky., Cincinnati, Ohio, and Evansville, Ind.

Hobby Displays Shown In Foyer Of Library

An exhibit "Choose A Hobby" by Dorothy Norwood, senior of Hollow Rock, Tenn., was presented in the Library from January 3-12.

Hobbies were displayed by using parts of hobby collections donated by five MSC's. They were stamps, Carolyn Bostic; driftwood, Patsy Kingins; arrowheads, Bill Myers; dolls, Miss Betty Ligon; and radio, Ollie Worley.

The exhibit was part of the requirements for school library practice. (Library Science 206) in which practical library work is conducted.

GRADUATE COMPLETES AIR TRAINING, ASSIGNED BASE

Murray graduate Carl E. Williams, Jr. recently completed his initial training at Delta Air Lines' Flight Engineers school and has been assigned to the airline's Memphis pilot base.

After graduating from MSC in 1952, Williams served four years as a pilot in the U. S. Air force. He is the son of Mr. and Mrs. Carl E. Williams, Sr. of Sanford.

Gerald Tabor Catches Eyes Of Fans with Lightning Play

By Bill Davis
A modest soft spoken lad with great natural basketball ability has caught the eye of every Murray basketball fan. He is Gerald Tabor of Marion.

Gerald, or "Houby" as he is known in his home town, is a 6-3 junior transfer from the University of Tennessee (Martin Branch). While in junior college, he played two years on the varsity basketball team and during the second year he was high scorer on the squad with 328 points.

"Houby" caught the eye of Coach Alexander in his outstanding play against the Murray State Frosh last season. In that game between the MSC freshmen and Martin, he scored 22 points and snared 19 rebounds, which was high in both departments for his team.

Before going to Martin, he made quite a record at Marion High school. Gerald was awarded two letters in football and four in basketball. In his senior year he was voted most valuable player on the basketball team.

At the beginning of this year "Houby" was not a starter for the Breds. However, when John Powless received a neck injury which put him out of action for the remainder of the season, Gerald was asked to fill his shoes.

Has he filled Powless' shoes? Looking at the Racers statistics we see that he is tied for first in field goal and free throw percentage, third in scoring, and fifth in rebounding.

Gerald has played at both guard and forward since coming to Murray, but he likes the forward spot best.

In the Georgia Tech game early in the season Gerald set kind of an unofficial record at Murray for fouling out in the second half.

Giordano Gets Second 'All-American' Rating

MSC's Al Giordano, junior physical education major from Farmingdale, N. Y., was recently named to Williamson's 1956 Mid-team for the second consecutive Bracket All-American football year.

Giordano, rated the third top guard in the mid-bracket and Middle Tennessee's Terry Sweeney were the only players to represent the Ohio Valley conference. Listed in the special mention class was MSC's end, Don Heine from Sturgis.

Gerald Tabor ... constantly improving

shortest period of time. He accomplished this feat in less than five minutes.

Gerald is also a baseball player and from all reports a good one. He plays second base and pitches. His older brother, Chuck, has been a regular on the Breds diamond squad for the past two years.

Gerald, a physical education major, plans to coach when he graduates from Murray.

IRC Hears Address On 'Local History'

Mr. Lon Carter Barton, a social science instructor at Mayfield High school, addressed the MSC International Relations club on "The Value of Local History," January 3.

In his talk, Barton outlined several reasons why one should be familiar with local history: "It enables one to better appreciate his surroundings; to more fully understand national trends; and to catch the reflection of the strength and character of the nation."

Mr. Barton received his B. A. degree from Murray State and did graduate work at the University of Kentucky.

ASA NAMES WALKER, OWEN AS 'IDEAL' PLEDGE, ACTIVE

Barbara Walker of Paducah was recently named "Ideal Pledge" for Alpha Sigma Alpha sorority's fall pledge class, and Gwen Owen of Arlington was named "Ideal Active" by the pledges. The announcement and presentation of these awards were made at the Mistletoe ball on December 11.

FINAL DELIVERY

of Personal Orders from your 'Shield' picture

will be made in the basement of the Administration Building on these dates:

Thursday Evening (Jan. 17) 6:30 - 7:30

Tuesday Noon (Jan. 22) 12:30 - 1:30

Order not picked up on the specified dates will be returned to:

Wells Studio
216 E. North St.
Mayfield, Kentucky

Nobody Gave A Hoot For J. Paul Sheedy* Till Wildroot Cream-Oil Gave Him Confidence

"Wise everybody avoid me so?" h-owed J. Paul. "Because you're such a ruffled old bird", replied his best buddy. Well that really opened Sheedy's eyes. He took a taxi-dermist down to the store and pecked up a bottle of Wildroot Cream-Oil. Now he's the picture of confidence because he knows his hair always looks its best from morning till night. So if people have been hooting at your messy hair, screech for a bottle or tube of Wildroot Cream-Oil. It's guaranteed to keep your hair neat but not greasy. And all the gals will go out of their way to beak to you.

* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

You Have An Invitation From The College Church of Christ

To Attend Our Worship, Bible Study and Devotional Period

On Sunday's the Bible Study begins at 9:30 A.M. the Worship begins at 10:30 A.M. and also in the evenings at 7:00 P.M.

On Monday's the Devotion for College Students is held at 12:30 P.M.

On Wednesday's the Bible Study begins at 7:00 P.M. The building is completely air conditioned for your comfort. VISITORS WELCOME TO ALL SERVICES

Eyeing the Breds

The Murray State Thorobreds have the best and most attractive gymnasium in the Ohio Valley conference. The floor's beauty can not be matched in the state, and it is so well lighted that the Breds feel as if they're playing in the dark when they're away from home.

As for seating, not one of the 5,000 seats can be classified as a "bad seat," the addition of the new organ has made the pre-game wait more enjoyable; and the modern press box is one of the finest of its kind.

At first glance, everyone would think the new gym has everything. However, there is one small detail that seems to have been forgotten! What is the NAME of our new gymnasium?

The building, already over a year old, has been called an arena, a sports auditorium, and a fieldhouse but no one name has been set.

For this reason I am asking the MSC student body to suggest a name for our new gym. The names are to be placed in the box marked NAME OUR NEW GYM in the College News office. The best names will be turned over to Dr. Ralph Woods for consideration.

Last year's star guard for the Murray basketballers, Dick Kinder, was in town for the Western game. Dick has been playing for the Washington Generals pro team this fall but he is leaving for the army January 21.

Dick's running mate last year, Howie Crittenden, is playing with the Peoria Caterpillars in the Industrial Basketball league.

Another Murray graduate who is doing all right for himself is Carl Ferrara.

Carl, who was a Bred footballer in 1941, was named "Coach of the Year" of the Suncoast conference in Florida. He is coaching in Clewiston, Fla.

Here are the Thorobreds statistics for 13 games:

Player	G	FGA	FGM	FG%	FTA	FTM	FT%	REB	PF	TP	AVG.
Sullins, Q.	13	218	80	36	77	46	59	194	46	206	15.8

Education Dept.

'Better Reading' Machines Arrive

Two reading rate accelerators designed for measuring and increasing the reading rate of college students have been added to the equipment of the MSC education department.

These machines and the materials which come with them will be used to check all reading and comprehension rates up to 2,500 words per minute.

During the remainder of the school year these machines will be used to help any MSC student who is having reading problems to overcome some of these difficulties. These services are free to all students.

Students needing the training will be referred to the reading clinic by the English department. The clinic is located in Room 104 in Wilson hall and will be supervised by Dr. Robert F. Alsup of the education department.

Plans are also underway to institute a complete clinical program for reading which will be available to grade school and high school students of Western Kentucky. This program is scheduled to begin during the 1957 summer term at the college.

A reading course (Education 310) for graduate students in education will be the basis for this clinical program. The graduate students will diagnose the grade and high school students' reading problems and case reports will be sent to their schools. The case reports will contain the findings of the reading clinic along with recommendations to help eliminate the reading difficulties.

COLLEGE STUDENT

Part time or full time employment. Local assignments with Field Enterprises, Inc. Definite guaranteed income for those accepted. Must have good personality and appearance. References required. For local interview appointment write Mrs. Louise Hopkins, Field Enterprises, Inc., Claridge Hotel, Memphis, Tenn., giving age, education, experience, phone number.

WAA Members Attend UK Basketball Clinic

Ten members of the college Women's Athletic Association attended a basketball clinic held at the University of Kentucky on Saturday, Jan. 11.

Included on the clinic program were several girls' basketball games in which the MSC's participated. Accompanying the group was Miss Anita Graham from the physical education department.

WAA members who attended included Scotty Heathcott, Joy Jackson, Glada Vaughn, Sherry Barclay, Judy Johnston, Nancy Cotham, Patsy Buchanan, Gwen Owen, Pat King, and Alma Atwood.

TAU SIGMA OPEN HOUSE HAS ABOUT 300 GUESTS

Tau Sigma Tau held an open house on Friday, Dec. 14, as part of the fraternity's pre-Christmas festivities, according to Ted Vaughn, president.

Approximately 300 guests visited the fraternity room between the hours of 10:30 a. m. and 4 p. m.

Basketball Forecast: 4 Losses

The Murray Thorobreds resume their basketball wars tomorrow night after a week lay off when they meet the Memphis State Tigers in Memphis.

The Tigers finished fifth in the nation last year in team offense and they have seven men returning from that team this year. They are not the tallest team the Breds will face this year, but there will be three men over 6-5 in the starting lineup.

Win Wilfong, who was 39th in the nation last year in scoring and 40th in free throws, will be back, along with last year's sophomore flash Orby Arnold. It looks like the Breds are in for a long night. Form prediction: Murray 70-Memphis State 89.

Meet Tigers Again
The Breds meet the Tigers again January 30 when the Memphis team comes here for a return battle. Because of the home floor the Racers will make the contest more interesting than the game at Memphis. Murray 89-Memphis State 81.

January 19th the Racers play host to the Morehead Eagles. The Eagles, led by forward Steve Hamilton 6-7, are probably the best team in the Ohio Valley conference.

They always have a lot of good shooters who manage to score a lot of points. Besides Hamilton, they have another 6-7 boy, a 6-8 center, and a 6-5 forward. It looks like another loss for the Breds.

Breds Host
February 4, the Racers play the Eagles here in Murray. Although the home floor will help the Breds, Morehead probably will win this one also.

The Thorobreds will get back in the win column on January 26 when they travel up to Richmond for an encounter with the Eastern Maroons. The Maroons have only six returning lettermen, but they have surprised other members of the OVC by beating Tennessee Tech 75-73 and Middle Tennessee 62-61. They will give the Breds some trouble, but not enough: Murray 85-Eastern 74.

Marshall College of Huntington, W. Va., will be the Racers foe on February 2. The Big Green were champions of the Mid-American conference last year and they have nine men returning from that squad.

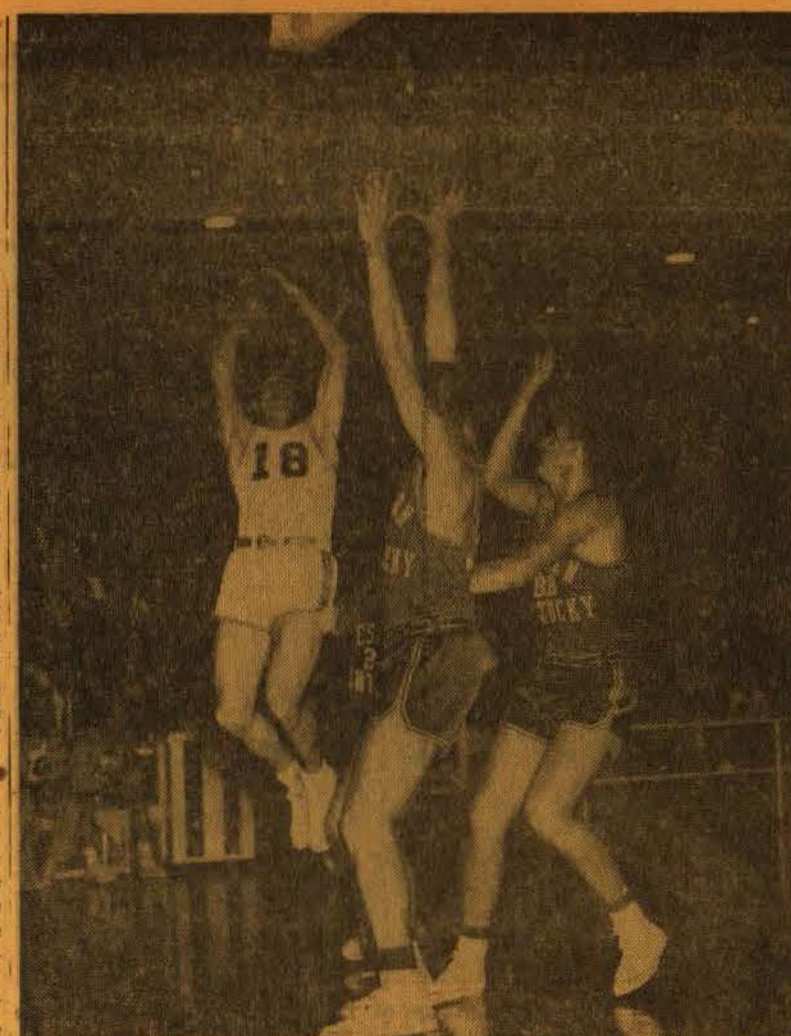

Among these lettermen are last year's second highest scorer Cebe Price and sophomore Leo Byrd, who was named "Mr. Basketball, U. S. A." in the all-star game here in Murray in 1955. Byrd averaged 37 points a game on the freshman team last year so he will add a great deal to the Huntington attack.

The Big Green have a good team but not good enough for the Breds.

The "Little Red Barn" in Bowling Green and the Western Hilltoppers will host the Racers on February 9. The Toppers are one of the top twenty ball clubs in the country and they are always hard to beat at home. The Hilltoppers beat the Breds 90-78 earlier in the year and looks like it will be about the same story at Western. B.D.

DR. AND MRS. C. S. LOWRY SPEND HOLIDAYS IN TEXAS

Dr. and Mrs. C. S. Lowry flew to Houston, Texas to spend the Christmas holidays with their daughter, Mrs. R. H. Graves, and their twin grandsons, David and Chris, aged five.

Sherill Marginet, No. 18, is close to the basket here as Western Hilltoppers Ralph Crosshwaite and Bob Daniels look on.

Breds Defeat Mississippi, Wesleyan During Holidays

MSC 91-Mississippi 80 MSC 85-Wesleyan 70

In a New Year's Eve tilt Coach Rex Alexander's Murray State Racers defeated a strong Mississippi State five, 91-80 on the Racers home court.

The contest was another hard fought one for the Racers with the score tied 18 times. The Thorobreds, trailing at the half 41-45, came back with a stall in the closing minutes that caused the Mississippi State team to foul repeatedly.

Both teams made the same number of field goals, but the Thorobreds hit 30 out of 38 foul shots (while the Mississippi five hit only 20 out of 33. Mississippi State committed 21 personal fouls and the Racers committed 19.

All five of the Murray State starters hit in the double figures with Terry Darnell leading the scoring with 23 points. Gerald Tabor was close behind with 19 and Sherill Marginet followed Tabor with 18. Fran Watrous tallied 16 points and Quitman Sullins was held to 10 points. The substitutes who broke into the scoring column were Kenneth Wray with 2 points and Dale Alexander with 3.

The Mississippi State victory was the sixth win of the season for the Breds against four losses.

Breds Now Stand 2-1 in OVC

Mid. Tenn Falls To MSC by 98-68

The Murray Racers had little trouble January 2 in winning their first OVC game of the year at the expense of the Middle Tennessee Blue Raiders 98-68.

The victory was never in doubt as the Breds led the entire game with an exception in the early minutes when the Raiders led 2-0.

Gerald Tabor was the big gun for the Thorobreds with 24 points, while Terry Darnell added 21. Although the 98 points was the most the Breds have scored so far this year, the bright spot in the Racers performance was the fact that the Raiders were held to only 17 field goals.

After an early 2-2 tie the Racers ran out to a 15 point lead, which they held for the rest of the first half.

The Thorobreds came out after the half time rest and removed all hope for a Raider second half rally. Tabor hit for four points, Sherill Marginet for two, and Frank Waggoner for four, while the Tennesseans were making only one lonely free throw.

In the second half it was five minutes before MTSC connected with their first field goal of the half. This was not due to the fact that the Raiders were not hitting, but because of the fine defensive work of the Breds.

John Price of Bowling Green was high point man for the Raiders with 17 points. Price hit only one field goal, but ripped the nets on 15 of 20 free throws.

The Breds' largest lead was 31 points but they led from 25 to 30 points throughout the second half. Final score: Murray 98-Middle Tennessee 68.

Summer Employment Tips Book Printed

Publication of the World-Wide Summer Placement Directory, an aid to educators and students who desire employment during vacation, has been announced by the Advancement and Placement Institute.

The Directory gives descriptions of various types of work available with names and addresses of employers regularly needing summer employees.

Included are jobs at summer camps and resorts, dude ranches, summer theaters, travel tour agencies abroad, work camps, study awards all over the world, and national parks. Additional information can be secured from the Institute at Box 99B, Green Point station, Brooklyn 22, N.Y.

Toppers Hand MSC First OVC Defeat

The Western Hilltoppers downed the Murray Thorobreds 90-78 on January 5 before a capacity crowd in the Thorobreds new gym.

The flashy Toppers, ranked nineteenth in the nation, displayed a speedy break and brilliant outcourt shooting in posting their seventh victory of the season.

The visitors dominated the game in the first half, but were forced to buckle down in a torrid rally in the second half by the stubborn Thorobreds.

After trailing 49-35 at the half, the determined Racers came out after the rest and began to roll. With Gerald Tabor, Sherill Marginet, and Fran Watrous showing the way, the Breds cut the Toppers' lead to 49-45 before the visitors could score their first two points.

After the Toppers first fielder of the half, Marginet came back with two free throws and Watrous drove in for two more big points. Marginet once again sported a driving lay-up that cut the lead to 53-51 and he was fouled as he shot, resulting in a free throw. Sherill stepped to the line and put the Breds within one point of the nationally ranked squad.

After that Terry Darnell, with his great one handed jump shot, matched the Hilltoppers basket for basket until about seven minutes remained in the game. At that point the Toppers began to click and they rolled on to victory. Final score: Murray 78-Western 90.

Senior Art Exhibit By Parks Concluded

A collection of paintings, drawings, and other art work by Robbie Jo Parks was on display in the Murray State Mary Ed McCoy gallery from January 2 through 14.

Included in the show were oil and water color paintings; gesture, wash, rendered, and contour drawings; drawings done in charcoal, pen-and-ink, and colored chalk; and some sculpture, ceramics, lettering, commercial design, enameled pieces and graphics.

A senior art major from Clay, Miss Parks is a member of the Kentucky-Indiana Art association and in 1956 displayed some of her works in the association's show.

She is moreover, a member of the Portfolio club, the German club, and Alpha Sigma Alpha. A past president of Kappa Pi art fraternity, she received the first MSC Kappa Pi scholarship in 1953.

Sullins Gets 24 As Tech Beaten

After getting off to a slow start last Wednesday, the Murray State Thorobreds came back in the second half with Quitman Sullins knocking the bottom out of the nets to win an easy victory over Tennessee Tech 78-67.

Sullins hit 12 out of 16 field goal attempts to lead the Racers scoring with 24 points. Terry Darnell, hitting better than fifty percent of his field goal attempts, was second high with 20 points.

Gerald Tabor, close behind Sullins with 12 rebounds, tallied 12 points. Sherill Marginet was also in the double figure scoring with 11 points. Frank Waggoner accounted for 6 points, Fran Watrous 3, and Tom Darnell 2.

The fans were provided with a seventh inning stretch, when a sudden rainstorm had coaches, managers and players wiping water off the floor. The water came in through the overhead vents and delayed the game approximately 15 minutes.

After the big rain the Racers built up a 20 point lead, and with approximately 6 minutes remaining in the ball game, the starters retired to the bench and the reserves took over. The Racers now have an 8-5 season record and a 2-1 standing in the O.V.C.

MSC Library Adds Back Journal Files, Two Encyclopedias

Several files of back periodicals have recently been added to the college Library, according to Dr. Hensley C. Woodbridge, Murray State library head.

Among these files are "Speech Monographs" (since 1950), "Journal of Aesthetics and Art Criticism" (eight volumes), and almost twenty volumes of "Hispania."

Important additions to the reference room include eight volumes of the "Handbooks of Latin American Studies" and the latest edition of "Besterman's World Bibliography of Bibliographies."

Also added was a subscription to "Moody's Special Library Service." Topics covered in this periodical are stock surveys, bond surveys, industrials, banking and financing, municipals, public utilities, and transportation.

With their first issue for 1957, ten new business journals will be added. Completing the list of additions were the 1956 editions of the American Encyclopedia and the Encyclopedia Britannica.

Murray, Ky.

Dr. Pogue Interviews Truman, Visits Here

Dr. Forrest C. Pogue, former MSC history professor, visited in Murray during the Christmas holidays on a return trip to Lexington, Va., from an interview with former President Harry S. Truman.

Dr. Pogue resigned his position at MSC last summer to be director of the George C. Marshall Research center and since that time has been interviewing the former general and recording his story on tape.

Later when the research building is set up at the Virginia Military Institute in Lexington, the foundation has proposed to microfilm all of Marshall's official papers and store them for the use of scholars and researchers.

At the center Dr. Pogue will compile material related to General Marshall's service to the nation although publication of the material developed in these studies will be subject to certain stipulations by Marshall.

Truman's Relations
The former MSC instructor interviewed Mr. Truman and discussed with him some of the former president's relations with Marshall before his retirement from public life. On his return trip from Independence, Mo., Truman's home, Dr. Pogue attended a meeting of the American Historical Association in St. Louis.

He and his wife were in Murray only briefly, but visited Mrs. Pogue's parents in Fulton for several days.

In announcing Dr. Pogue's appointment last year, John C. Hagan, Jr., president of the research foundation, said, "In Dr. Pogue we have a man eminently qualified for the important work of the foundation. He is a highly competent historian who is a thorough student of twentieth century military and diplomatic history."

Sorbonne Scholarship

Born in Eddyville September 17, 1912, the historian received his A.B. degree from Murray State in 1931, his M.A. from the University of Kentucky in 1932, and his Ph.D. from Clark University in Massachusetts. Dr. Pogue also received a special scholarship to the Sorbonne in Paris and studied there for one year before completing his doctorate at Clark.

The scholar then taught at Murray State before entering the Army during World War II. He served as assistant to the historian of the Second Army, 1943-44, and combat historian with the First Army from Omaha Beach to Pilsen, 1944-45. He received five campaign stars and was awarded a Bronze Star and Croix de Guerre for front-line interviewing.

"Supreme Command"
After the war Dr. Pogue was released from the service and the War Department entered a contract with Johns-Hopkins University in Baltimore here the historian wrote the official account of SHAEF and General Eisenhower's World War II campaigns and decisions in north-west Europe in "The Supreme Command."

Moreover, he was co-author of "The Meaning of Yalta," published last year.

Music Prof Has Recital in N. Y.

Prof. Roman Prydatkevitch, music instructor, gave a number of lectures and musical audiences in New York City during the Christmas holidays.

On December 18 he delivered a lecture on Ukrainian folk songs and their relation to the forms of musical art at the Shevchenko Scientific Society of America.

On December 18 he presented an informal violin recital at a junior high school in Manhattan. The major works on the program were his own compositions, Second Sonata, the Ukrainian Rhapsody, Variations by M. Volla plus three pieces by M. Hayvovnsky and works by other composers.

Also during the holidays Mr. Prydatkevitch appeared as a guest on a broadcast of the Men's Chorus Dumka over New York's municipal radio station WNYC.

RUBIE SMITH TAKES PART IN IN-SERVICE CONFERENCE

Miss Rubie Smith, head of MSC's elementary education department, participated in an in-service conference of the McLean county teachers at Calhoun on December 31.

Miss Smith's topic was "Language Arts and Children." The conference was under the direction of McLean County school superintendent, C. V. Watson.

In this scene from "Out of the Frying Pan" we see a group of thespians looking down into the apartment of a director through a hole in the floor. Standing are Pat Rodgers, Larry Hopkins, Nancy Paschall, and Nancy Lanier. Kneeling are Bruce Macdade and Bruce Firestone.

'Out of Frying Pan' Farce Enjoyed by MSC Audiences

A farce such as "Out of the Frying Pan" has two things to recommend it: (1) it is funny, therefore enjoyable (2) it is well suited to the abilities of a group of beginning actors since its interpretation is mainly one of exaggeration.

The play, given in the Auditorium January 10-12 by the Murray State Theater group, was well received because almost without exception the cast members threw themselves into the task of being "characters" with vim and vigor.

The pace of the play was slow in the first scene, but picked up and was rolling well from the second scene on. Getting off to the right pace in the beginning is a hard task even for experienced players, so this group of newcomers deserves credit for their performance.

Kudos should go to the make-up crew who made their young charges look genuinely old in the roles where it was called for such as Mrs. Garnet, the bewildered landlady, Mr. Coburn, the father, and Mr. Kenney, the director.

Time, and especially space do not permit naming the enjoyable performances but it does seem incomplete to wind up without mentioning the work of Esther Frederick as Mrs. Garnet and Nancy Lanier as Dottie Coburn. They were both excellent.

—E.G.S.

Librarian's Articles Appear in Recent Language Journals

Dr. Hensley C. Woodbridge, Murray State library head, has written articles which have appeared in recent editions of three outstanding language journals.

Dr. Woodbridge's "Spanish Fiction in English Translation, a Bibliography for 1944-1955" appeared in the *Kentucky Foreign Language Quarterly* (Vol. 3, No. 4, 1956). This article was the text of a speech given by Dr. Woodbridge at the Foreign Language conference held at Lexington in April, 1956.

He has also written a book review which is published in the *Journal of American Folklore* (January-March, 1957) entitled "Antologia de la poesia popular rumana."

Several miscellaneous articles by Woodbridge also appeared in *American Speech* (December, 1956).

MORE ABOUT 'Lights'...

Continued from Page 1

Charlotte Reagan, senior voice major from Dresden, Tenn., and Margie Whitmer, senior voice major from Louisville, will be the solo vocalists for the show. Tryouts for the "Murray Men" and the vocal soloists were held last week by Bob Hogan, the director, and his staff.

Tickets for the show, which cost \$1 for reserved seats, have gone on sale on the campus. Tickets can be purchased by mail by writing Dr. Price Doyle at College station, Murray, Ky.

KDPI Initiates

24 At Clubhouse

A talk by Dr. Robert C. Aden of Bethel college highlighted an initiation and banquet service for twenty-four pledges of Kappa Delta Pi at the Woman's Clubhouse on December 12.

Preceding Dr. Aden's banquet address on "Educational Advantages," was a formal ceremony to initiate the pledge class. Dr. Aden, a professor of education at Bethel college in McKenzie, Tenn., received his B.S. and M.A. degrees from MSC and his Ph.D. from George Peabody College for Teachers.

Initiated were Elizabeth Wyatt, Sharon Elizabeth Ballard, Buddy Lee Tibbs, Patricia L. McNeely, Nancy Carlton Cummins, Wallace H. Murphy, Evelyn Cain Kesteron, Frankie Edwards, Linda Sue Stephenson, Kathryn Ann Korte, and Susan Pollock.

Others were Mary Sue Fuller, Nancy Melvin, Francis C. Richey, Priscilla Porter Brinkley, Jean Norman, Lydia Anne Hall, Evelyn M. Brown, Mary Nell McCain, Prentice T. Cart, Joyce Tummins, Merri Virginia McIntosh, Ada M. Brown, and Sarah Ann Ward.

Kappa Delta Pi is an honorary education fraternity with membership based on scholastic standing.

Cadets, Rifle Team Receive RO Awards During Drill Here

Seven MSC cadets were awarded Distinguished Military Student badges and six members of the Rifle team were recognized at a review during ROTC drill on January 3.

Cadets receiving the badges were Louis Dink, Elizabeth Lowry, Dorris Beasley, McLean, Victor Speck, Paducah; Carlton Bostic, Mayfield; Kenneth Stinson, Union City, Tenn.; Kenneth Winters, Crittenden; and George Todd, Clay.

Members of the rifle team, awarded miniature gold muskets, were Larry Crabtree, Hopkinsville; William Dresback, Monticello, Ill.; Larry Hosford, Murray; Marion Lisenby, Dawson Springs; Robert Marsh, Benton; and Gerald Moore, Calvert City.

The badges and rifle awards were presented by Col. Jessie Jackson.

Murray Woman's Club To Hear MSC's Tracy

Prof. Albert Tracy, head of the MSC Speech department, will give an address at the regular monthly meeting of the Murray Woman's club, January 24 on "Speech Correction in Pre-school and Elementary School Children."

In this speech Prof. Tracy will emphasize the problems of speech correction in normal children.

On January 2, Prof. Tracy addressed a meeting of the combined Parent-Teacher associations of the Murray elementary schools

Symphony Orchestra Of MTS Presented Concert Last Night

The Murray Training school Symphony orchestra presented its annual winter concert last night at 7:30 p.m. in the MTS third floor assembly hall.

In the concert Prof. Roman Prydatkevitch of the Murray State music department was featured in a violin solo, "Witches Dance by Paganini. He was accompanied by the Training School orchestra.

Other selections on the program were the Bach Choral, "A Mighty Fortress Is Our God," Haydn's "Andante" from the surprise Symphony, "The Synopated Clock" by Anderson, and "Sinbad the Sailor." The latter number, a musical narration, featured orchestra member Bar Jo Wrather.

Also in the concert were numbers by the MTS orchestra Boy's quartet and the MTS Girl's quartet.

Sticklers!

WHEN THE LUCKIES are gone, you've still got the memory of some great smoking. You've also got a *Slack Pack*.
