VOL. XLII

MURRAY STATE UNIVERSITY, MURRAY, KY., MAY 15, 1968

NO. 25

Women Given More Liberty, Later Hours

Later dorm hours for women have recently been approved by Miss Lillian Tate, dean of women and Dr. Harry M. Sparks, president of Murray State University, according to Mrs. Martha Crafton, assistant dean of women.

The change of calling hours in the dormitories is as follows: Monday through Thursday 9 a.m. to 11 p.m., Friday and Saturday 9 a.m. to 1 a.m., and Sunday 9 a.m. to 11 p.m.

A new method of serving campuses has also been devised.

This will replace the old sign-in-on-the-hour method. The new method will be a study-room type of condition which will permit the girls to be in one location from 6 p.m. to 10 p.m. each night campused.

Girls will be allowed breaks during this period to obtain cokes, etc. Under the old method, many girls had voiced opinions that "A night campused was a night wasted," and "we got nothing done but watch the clock."

The automatic number of campuses for certain offenses such as smoking in bed, ironing in rooms, and evidence of consumption of alcoholic beverage is being dropped.

Any act endangering the lives of students, the destruction of property, the disturbance of or the infringement on the privacy and well being of the individual will be subject to disciplinary action.

The decision as to the punishment is left to the discretion of the dormitory council with the guidance hall director.

It is hoped that the changing of hours, implementing a new method of serving campuses, and the dropping of automatic penalties for certain offenses will help the students keep abreast with the activities of MSU, according to Mrs. Crafton.

Indiana President Slated For Graduation Address

This year's graduating seniors will have the opportunity to hear one of the nation's finest educators, Dr. Elvis J. Stahr, president of Indiana University.

Dr. Stahr will speak at the commencement exercises to be held May 22 at 8 p.m. in the Auditorium.

Dr. Stahr, a native of Kentucky, was graduated from the University of Kentucky in 1936. After graduating he attended Oxford University for three years as a Rhodes Scholar.

Following the war, he was

IMPROVEMENTS IN CAFETERIA, BOOKSTORE:

SUB Addition Plans Being Drawn

By Gerald Lush

Architectural plans are now being drawn for remodeling and constructing an addition to the Student Union Bldg., and bids will be let on several other construction projects within the coming academic year, according to Dr. Harry M. Sparks, president.

Although the plans for the SUB are not yet drafted, Dr. Sparks outlined several probable improvements which will be included.

Present recommendations point toward an increase to four serving lines in the cafeteria, Dr. Sparks said.

The bookstore will be moved to the present ballroom location, the snack bar will be expanded to include the entire northern

wing presently occupied by the bookstore, post office, and Thoroughbred Room, and the post office will be moved to the southern wing.

Immediately above the present lobby and court a second-story addition will include a new ballroom approximately double the size of the present ballroom.

The new ballroom will feature a balcony with space for tables and chairs; this plan will provide additional floor space for dances and other social events.

Dr. Sparks said that although these changes were still in the planning stages, bids would probably be let within the coming year.

In August bids will be let on an academic-athletic facility which will feature a stadium seating 16,800.

The facility will also include military-science classrooms and a rifle range.

A large parking space will be constructed adjacent to the new facility. It will be used for ROTC drill and driver education. The construction site is

'Most Wanted': Phyllis Diller As Lecturer

Simon and Garfunkel and Phyllis Diller topped the list of entertainers that students would like to see, according to the results of last week's Student Organization opinion poll.

Simon and Garfunkel were selected as the top concert choice in the poll in which 1,090 voted. The Student Organization immediately contacted them following the poll for the possibility of a concert, President Spencer Solomon said.

"Simon and Garfunkel are now making movies and cutting tapes and are not available for concerts," he said.

Second choice was a tie between the Temptations and Andy Williams. The Student Organization is trying to arrange an Oct. 24 or 25 date with Andy Williams.

The Lettermen, who finished fourth in the voting, have been scheduled for Sept. 29, according to Solomon.

Other vocal groups in order of finish in the poll were the Mama's

'Blanket' Show Set for Sunday On Grid Grass

Break out your old sandals, blankets, and hootnanny gear for a lazy afternoon of fun, sun, and relaxation. The Lovin' Spoonful will present a "happening" style concert on the green in Cutchin Stadium at 4 p.m. Sunday.

The concert will be casual, hootnanny — style, according to Max Russell, concert chairman of the Student Organization. Students are encouraged to bring blankets and spread them on the stadium grass for the concert.

The singing group will be set up at one end of the stadium and roped off. Students may sit anywhere on the field that they find a space. Those who prefer may sit in the stands.

Tickets are now on sale daily from 10:30 to 2:30 in the SUB. Price of admission is 50 cents for students and faculty, and \$1 for all others.

Tickets will also be available at the gate Sunday.

"This concert is being held as a result of the interest students have shown in SO concerts this year," said Spencer Solomon, SO president.

"As a result of student support, this was the most successful concert season ever. You might say this is a "Thank you" note for the interest students have shown."

The Student Council does not want to carry this year's fees over into next year since some who paid those fees will not be back next year because of graduation.

In case of rain, the concert will be held in the Sports Arena. Students will be allowed to spread their blankets on the arena floor.

Harrison, Lynn Rennirt Fill Top 'News' Posts

Karl S. Harrison, junior from Benton, and Lynn Rennirt, sophomore, Louisville, have been appointed by President Harry M. Sparks as editor and business manager, respectively, of The Murray State News.

The appointments were made Monday following recommendations by Prof. L. H. Edmondson, adviser of The News.

Sports editor for the last two years, Harrison is a journalism major, with a minor in history.

Miss Rennirt has served in a dual capacity, covering news events and soliciting advertisements.

Both were recently elected to office in Alpha Phi Gamma, a journalism honorary. Harrison

is vice-president and Miss Rennirt is secretary.

Miss Rennirt is a member of Kappa Delta social sorority and has been her chapter's editor for two years. She is a graduate of Pleasure Ridge High School.

Harrison is a charter member of Delta Delta Tau, a social fraternity organized last month for the sole purpose of petitioning Delta Tau Delta.

Mr. Edmondson said yesterday that other posts on the staff will be filled this week following conferences with Harrison and Miss Rennirt.

"Both of these students," he said, "have shown decided talent for newspaper work and have made many contributions to the success of the campus weekly this year."

Karl S. Harrison

Lynn Rennirt

Dr. Charles Howard

Nunn Appoints Howard, Class of '55, to Regents

Gov. Louie B. Nunn has appointed a Murray State alumnus to the Board of Regents.

Dr. Charles Howard, 35, is a member of the staff of the Fuller-Morgan Hospital in Mayfield. He joined the staff for the practice of general medicine in 1966.

Dr. Howard received a bachelor of science degree in chemistry from Murray State in 1955. He taught and coached in Marshall County prior to his graduation from the St. Louis Univer-

sity School of Medicine in 1965.

He was a member of the MSU staff for one and a half years and is now doing cancer research through the university.

On learning of his appointment, Dr. Howard said, "I have always had a deep interest in Murray and I consider it an honor and a privilege to be appointed to the board."

Murray State University has dormitory space for some 4,000.

Temporary Closing Announced by Read For Observatory

The observatory atop the Science Bldg. will be closed temporarily due to construction being done on the building, according to Dr. W.G. Read, chairman of the physics department.

An elevator is being installed that will travel the entire height of the Science Bldg.

Construction should be completed by the time summer school begins. The facility will then be re-opened to the general public for regular use.

August Distribution Of Student Catalogs Announced by Nash

The student catalog for 1967-68 and 1968-69 will be distributed in late August, according to Dr. W.G. Nash, dean of the faculty.

It is customary to have a picture of one of the new buildings on campus printed on the covers of the catalogs.

The new catalog will have a picture of Hester Hall, occupied in the fall of 1967.

Hester Hall is named for Mrs. Cleo Gillis Hester in appreciation of her services as registrar of Murray State College from 1927 to 1960.

Buildings . . .

(Continued from Page 1)

In September a contract will be awarded for the construction of a \$2.8 million girls dormitory. The new dorm to house 350 coeds will be located parallel to Chestnut St. near White Hall.

Construction should be finished by the spring semester of the 1969-70 school year, according to Dr. Sparks.

An eleven-story addition to the Fine Arts Bldg. will be the first project to get under way. A contract for the \$4.5 million structure will be awarded in June.

Construction will take approximately 18 months, Sparks said.

Dr. Sparks emphasized that all contract dates are tentative, but that every possible effort is being made to hasten completion of the new buildings.

SO Poll . . .

(Continued from Page 1)

and Papa's, Henry Mancini, Young Rascals, The Association, Dionne Warwick, and the Four Tops.

Phyllis Diller was chosen as the top lecture choice by voters. She was followed by Charles Percy, Dr. Joyce Brothers, Baroness Maria Von Trapp, Vance Packard, Meredith Wilson, and Peggy Parker.

The poll revealed a positive answer for all four questions concerning SO activities. It showed that 73 per cent of the voters were willing to pay 25 to 50 cents for a shuttle-bus ride to the lake.

In regard to a voting precinct at Hart Hall, 84 per cent of the students voted in favor of the addition. They also approved by a 77 per cent vote removing campaigning from in front of the SUB on election day.

And 74 per cent of the students who voted favored adding more Independent Representatives to the Student Council.

KENNEDY DEFEATED BY 70,000:

Nation's Students 'Elect' McCarthy

Minnesota Senator Eugene McCarthy has been declared the choice of college students from coast to coast by Time magazine's "Choice '68" poll.

Sen. McCarthy, generally considered a political underdog, defeated his nearest opponent, Sen. Robert Kennedy of New York, by more than 70,000 votes with 90 per cent of the votes counted. Clearly the choice of the youth of the country, Sen. McCarthy polled 26.7 per cent of almost 1.1 million votes cast.

A combined 62.6 per cent of the students voted for either an immediate or phased withdrawal of American military forces in Viet Nam.

Some 58 per cent favored either a permanent or temporary halt to all bombing.

And 79 percent voted for either

job training or education as solutions to the urban crisis.

Breakdown of the results shows the following results:

Eugene McCarthy (D), 285,988, with 26.7 per cent; Robert Kennedy (D), 213,832, with 19.9 per cent; Richard Nixon (R) 197,167, with 18.4 per cent; Nelson Rockefeller (R), 115,937, with 10.8 per cent; Lyndon Johnson (D), 57,362, with 5.3 per cent; George Wallace (Amer. Ind.), 33,078 with 3 per cent.

Ronald Reagan (R), 28,215, with 2.6 per cent; John Lindsay (R) 22,301, with 2.2 per cent; Hubert Humphrey, (D., write-in), 18,535, with 1.7 per cent; and Charles Percy (R), 15,184, with 1.4 per cent.

Mark Hatfield (R), 7,605, with 0.7 percent; Fred Halstead (Soc. Workers), 5,886, with 0.5 per

cent; Martin Luther King (Ind), 3,538, with 0.3 per cent; and Harold Stassen (R), 1,033, with 0.1 per cent.

Humphrey received 58 per cent of the write-in votes. He was followed by Martin Luther King (Ind.), lowed by negro comedian Dick Gregory who had 8 per cent of the write-ins and .2 per cent of the total vote.

Wrather Reports 4 Job Interviews Scheduled for May

Four organizations will be on campus to conduct job interviews this month, according to Mr. M. O. Wrather, director of placement.

Cowden Manufacturing Company will interview anyone interested in production management today.

Tomorrow Trigg County Schools will talk to elementary education and special education majors.

Friday the Census Bureau of Jeffersonville, Ind., will interview liberal arts majors interested in middle management positions.

The Superintendent of Schools in Hawesville will talk with elementary education majors interested in teaching grades 2, 3, and 4, or being librarians.

Students must have credentials on file in the placement office in order to be interviewed for a job.

JOB WELL DONE Bill Freeman (right), Flint, Mich., the out-going president of the Men's Inter-Dormitory Council, received an "in-appreciation" plaque for his one-and-one-half years of service at the MDC Banquet at Holiday Inn May 7. During the ceremonies he also received a certificate signed by Governor Nunn making him an honorary Kentucky Colonel. Presenting the plaque is Pat McManamy, Mt. Vernon, Ill., new president of the MDC.

Long-Range Expansion Planned In Campus Radio Broadcasting

There is a long-range plan to expand the communications program at MSU in the very near future, according to Mr. Thomas O. Morgan, director of the radio center.

This contribution will be in the form of a radio station operated by Murray State.

Mr. Morgan said that "within two years there will be a radio station, WKMU-EM, installed on the college campus."

This radio station will have a broadcasting radius of 50 to 60 miles. The station will broadcast from 4 p.m. to 6 p.m. six nights a week.

Mr. Morgan added that the station will be manned completely by students except for an engineer, who will provide the maintenance of the equipment.

WKMU-FM will be an educa-

Senior Coed Wins Geography Citation

Virginia Atnip Graves, Benton, is the recipient of one of 13 awards presented to outstanding geography students in the nation.

Mrs. Graves, a senior, has a 4.0 standing in her geography courses and a 3.82 overall.

She had also previously been selected to "Who's Who in American Colleges and Universities."

The award was presented by Dr. James Mathai, chairman of the geography department.

tional radio station, and will operate as a non-profit organization on the campus.

The purpose of the station will be "to provide the surrounding areas with a better understanding of Murray State University."

The radio station will be located in the new Fine Arts Bldg. that will ostensibly go under construction this summer.

WSGA Succeeds in Efforts: Coed Rules Liberalized

Murray State's dormitory rules for women have long been an insult to the intelligence of today's college coed. A fresher outlook has been displayed in the rule changes effective next year.

President Sparks and Dean Tate have approved several WSGA-initiated changes liberalizing the previously "harsh" rules.

At the top of the list of changes is the extension of dorm hours. The hours have been extended to 11 p. m. on weekdays, 1 a. m. on Fridays and Saturdays, and 11 p. m. on Sundays.

Although the new hours are not radically more liberal than the present ones, they do show that our administration has the ability and the desire to change and improve with the rest of the world.

Other promising changes include the elimination of automatic campuses for specific offenses, such as smoking in bed or consuming alcoholic beverages. Coeds charged with such offenses will have their cases reviewed by the dorm council and disciplinary action will be left to the discretion of that council,

'SAFE' SPEAKERS NOT ENOUGH:

MSU Fails to Meet 'Graduation' Requirements

Murray State University can't graduate this year.

Physically, MSU is ready to step out into the big world of universities.

Academically, however, Murray State has a few more lessons to learn.

Before MSU can make its grades it must offer more stimulation to students' minds than merely the courses listed in the catalog.

MSU students should be exposed to radical speakers, conservatives, Americans, foreigners, white speakers, black speakers, red speakers,

CLIPPED EDITORIAL:

House Proposal Termed 'Threat' to Campuses

It is easy to become irritated with the type of student conduct that characterized the Columbia disorders of last week, just as it is easy to become indignant over the conduct of police during the episode. But by voting to deny federal aid to students who take part in any type of campus "disruption," members of Congress are posing a far more serious threat to higher education and campus stability than do unruly students.

The most obvious result of their proposal would be a gigantic mess. It is no wonder that their action has already aroused opposition from college administrations across the country, for what it proposes would constitute a massive federal intervention into campus affairs.

And even with the co-operation of college administrations the proposal might well prove, as the office of the president's science adviser has warned, unworkable and unenforceable. Or is the government going to concern itself — pre-

with guidance from the hall director. This change puts some logical flexibility in previously unbending regulations.

Under the old rules coeds who received campuses had to remain in their rooms except to sign in every hour on the hour in the lobby. A common complaint was that "a night campused was a night wasted," because too much time had to be spent running to the lobby and back. This sign-in procedure lasted from 6 p. m. till 12 midnight.

Under the new rules campused coeds assemble in a study room from 6 till 10 p. m. where they may study without the annoying sign-ins. The "grounded" students get ample break periods and may return to their rooms at 10 p. m.

This is a great improvement over the old system. Coeds serving campuses can now go to bed at 10 and sleep through their punishment.

The News compliments Dr. Sparks and others who helped make this change a reality. We are proud to be a part of a university with officials who have the insight to correct outmoded regulations.

yellow speakers — anything but the "safe" speakers of the past who end up speaking to invisible audiences.

At a Student Council meeting last year one of the representatives suggested a lecture by George Lincoln Rockwell. When he tried to get approval by an administration official, he was promptly put back in his "remember, this is MSU" position.

The reason Rockwell was rejected as a possible campus lecturer was his position in the American Nazi Party. This was just another case of underestimation of the in-

teligence of Murray State students. Campus speakers should not be accepted or rejected because of their beliefs. If anything, speakers of widely varied ideologies sought be sought out. Locking such men out of our lives only breeds the thing that makes them successful — ignorance.

When MSU's podium is opened to all men, regardless of what doctrines they may attack or promote, then and only then will the name "University" be appropriate.

sumably through some agency of Congress — with when a party raid becomes a disruption, when students may legally picket or engage in violence to resist illegal picketing, and under what circumstances students may protest, petition or take part in political activity that is the right of any American?

Obviously, such matters are influenced by circumstances of time and place, and require decisions best left to college authorities who can determine the merits of each case for better than a House Un-Collegiate Activities Committee.

Each college has the power to suspend or expel students who commit serious offenses, and expulsion of students destroying property and interfering with the education of others might have a wholesome effect on the entire educational system.

But in attempting to hit at the offending students, the House would deal a more serious blow to the colleges themselves, for what it proposes constitutes a clumsy federal

Murray State University
1235 College Station
Murray, Ky. 42071
Area 502 753-4491

Entered as second-class mail at the post office in Murray, Ky.

National representative is National Educational Advertising Services, 360 Lexington Ave., New York, N. Y. 10017.

The Murray State News is published each Wednesday morning in the fall and spring semesters by the Journalism students under the direction of Prof. L. H. Edmondson. Opinions expressed are those of the editor or other signed writers; those opinions do not represent the Journalism faculty or the university administrators.

I just can't believe that school is so nearly out. Can you? Just 16 more days . . .

Well, one thing I must say before the school year closes.

Try not to live on one of the upper floors in a girls' dorm, especially if you have an early class.

The custodian invariably will get on one elevator every morning just about the time all the people who have 8:30 classes are trying to get to the cafeteria for breakfast.

(Maybe this wouldn't be such a calamity except that the odds are against both elevators being in operation at the same time; so he controls the only one.)

And he proceeds slowly up the shaft, stopping at each floor to empty the hall waste basket and collect any debris around the trash chutes.

Every time he stops, he stuffs a rag in the electric eye of the elevator and holds it.

I realize the custodians have a difficult job, but there must be a way to perform this task without inconveniencing everyone else in the dorm.

I have failed to have a teacher yet who will accept the excuse that "the janitor was holding the elevator" as a valid one.

And if you're thinking that these coeds can walk down, you ought to try it even from the seventh floor sometime with six books in your arms!

There would be about as many coeds on their way to the infirmary as to class if many choose the steps.

"Smoggy State" is becoming a reality in Murray.

Walk by the tennis courts any afternoon between 5 and 5:30 and observe Murray's vast contribution to America's air-pollution problem.

Ask the men who are working on the Science Bldg. addition. They have completely covered parts of the building with plastic until they complete the job — to protect it from the smog.

But what will happen when the job is complete? In several months that new structure will resemble an old chimney . . . unless something is done now to correct this ill.

Murray State is reported to have some surplus money in its account. It does little good just lying latent. And with the inflation it becomes worth a little less each day.

Summer would be the ideal time to remodel the furnace — or soot-machine as it might be more appropriately called.

Is the Student Council planning Registration Week activities now?

I'm sure they are, and they certainly should be.

There is an axiom which says: "To fail to plan is to plan to fail."

Such would be the case with the activities of the first two weeks of the next school year. And such has been the case in the past.

Remember Freshman Week?

If so, you're one of the few people who do, because it has been such a farce the last two or three years.

That week is really an ideal time to build spirit and loyalty for our school in the freshman class. But it takes work — and forethought — to achieve either.

The Student Council is responsible for this work and forethought, but many of us would be willing to help rather than see such a poor program as has been thrown together in the past.

— The Courier Journal

"THERE'S NOTHING TO DO IN MURRAY":

Dates Aren't Doomed to Dullness! Try a Unique Idea

By Mary Stivers

"Would you like to go to the show tonight?" is a typical question heard by the college coed.

Girls and boys alike get tired of the routine of going to the show or to dances. But people say, "that's all there is to do in a small town like Murray."

It is not, though. There are plenty of unique date ideas, if people just take the time to think of them. Many of the most fun dates are inexpensive and a

lot more enjoyable than the regular routine.

As everyone has noticed this is a very windy campus. Just stop and think for a moment, shouldn't this wind be good for something?

Of course it is, haven't you ever thought of flying a kite?

Don't laugh. It isn't such a dumb idea.

When we were children we all liked to fly a kite; so why not fly one now. There are many advantages to a kite flying date. First, if it is a pretty day it is a good

way to get sun. Just wear bermudas and a short sleeve shirt and you will get a good sun-tan, without getting real hot.

Also a kite flying party would be fun. Get all of your friends together. Buy a bunch of kites and go fly.

Are you tired all of the time? Are your legs beginning to get a bit fat? Why not try bicycle riding?

This can be a very fun date. Pack a picnic lunch and take off on the bikes for a quiet picnic. This can be a good way to be alone and get away from the rut of campus life.

Everyone gets bored with the hectic life, but many boys do not have cars to go somewhere in. So borrow a couple of bikes and take off.

Hitch hiking is becoming more and more accepted part of American life. As we drive down the highways we see girls as well as boys hitch-hiking. Many people still do not look highly upon a girl hitch hiking, but it is really quite fun.

Even if the boy has a car, why not get out on the highway some warm afternoon and hitch-hike to the lake. Chances are with the boy and girl both "thumbing" it would not take too long to get a ride.

"Election Year '68" are words which are heard often these days. Many of the candidates are having youth rallies in nearby towns. For these weekend affairs the candidate pays your expenses for a weekend of campaigning.

This would be a very exciting experience and also a chance to support the candidate of your choice.

A weekend of campaigning would also give the couple a perfect chance to meet people from different schools and other areas.

Many students on the Murray campus do not take advantage of the opportunities offered by the youth center.

These organizations such as the United Campus Ministry and the Baptist Student Union offer numerous opportunities for the college student.

HITCH-HIKING IN THE RAIN Gary Nicholas, Princeton and Susan Downey, Puryear, Tenn. decided to hitch-hike to the lake even though it was raining. Hitch-hiking is a very unique date, which is most enjoyable in pretty weather.

At these centers there are facilities for ping-pong, watching television, and studying. Also on weekend nights there are coffee houses open free of charge. These coffee houses furnish "folk-entertainment."

Two seasonal dates which many students find enjoyable are skateboard riding and sleigh riding.

About five years ago skateboard riding became a bigger fad than the hula hoop. Today, many still find this an enjoyable sport. Part of the fun of skateboarding is making your own. With a pair of old roller skates and a piece of wood the task is very simple.

A favorite winter sport among people of all ages is sleigh riding. Sleigh riding is probably one

of the first things a child learns to enjoy. Like swimming one enjoys it all of his life. This campus offers the perfect opportunity for sleigh riding.

Hills are easy to come by on the Murray campus. On a snowy evening one can take a walk across campus and see numerous students playing in the snow.

Do any of my ideas appeal to any of you? I have done a few of these things and some of them are really quite a lot of fun.

Freshman Pledge Named Sorority Parley Initiate

By Peggy Dwyer

A deserving freshman has received acknowledgement and honor on the national level.

Sara Jo Wood, Greenville, has been selected by the national council of Sigma Sigma Sigma social sorority to be initiated at the sorority's annual national convention this summer.

This honor came after Miss Wood had been nominated by the Alpha Chi chapter at Murray State.

Each of Tri-Sigma's chapters had an opportunity to nominate one pledge and from these the national vice-president recommended the one coed to be initiated during convention ceremonies.

The lovely and talented Murray State coed is certainly a fine choice, for during her pledgeship she has brought honor to herself and her chapter by her activities.

She was elected by her classmates to fill the post of freshman

class secretary during the early weeks of school.

Sigma Nu social fraternity selected the dark-haired, bright-eyed young lady as their "sweet-heart."

And the lovely lass was a finalist in the "Shield Queen" contest.

Miss Wood is a home economics major, and her academic abilities were recognized at the close of the fall semester when she was initiated into Alpha Lambda Delta, freshman women's honorary. She serves as secretary of this organization.

But Miss Wood's talents do not all lie in the field of academic pursuits, by any means.

She revealed singing and dancing talents in her role in "Campus Lights." In addition, she is a member of the four-man folk-singing group, "The Trilogy," which has performed at several campus functions.

How does this amiable freshman feel about this honor? In her own words, she's "excited, and honored, and can hardly wait for the July convention."

Chapter president, Ann Schnieder, Paducah, will also be attending the convention which will be the latter part of July in Roanoke, Va.

Expressing the sentiments of the entire chapter, Miss Schnieder remarked: "Sara Jo is very deserving of this honor. She's truly a wonderful girl, and was an outstanding pledge. We are proud of her."

So this is another honor to add to an already lengthy list, but it is one deserved just as much as all the rest by this versatile coed.

Are Greeks Hippies?

THE FUZE

Catholic Extension Volunteer Refutes May 1 'News' Article

By Sandra Lawrence

In refutation to an article in the May 1 issue of The Murray State News concerning J. Edgar Hoover's explanation of the 'New Left' movement, Miss Jane Duggan spoke to the United Campus Ministry luncheon Wednesday.

An extension volunteer worker for the Catholic Church, she has served in the Delta Area of Mississippi in a poverty survey and with peace movements in the ghettos, and marched behind the later Dr. Martin Luther King.

Miss Duggan pointed out that the New Left was not the hippies that were always associated with the group. Instead, most of them are historians and social scientists.

"The movement was brought to life in 1960 by the hope engendered in young people by John F. Kennedy's election and the hope to change politics and economics," she stated. The Kennedy assassination also added to it, she explained.

The New Left is the product of "social maladjustments of our time," commented Miss Duggan.

Characteristics of the New Left are "being dubious about electoral politics," "concern about the distribution of political and economical power," "extremely skeptical of the affluent society," "seeking answers to topics concerning poverty, civil rights, war, draft, and quality education," "more concerned with clearing up domestic issues than with foreign affairs," "follow thought of Thoreau, Emerson, and Whitman," "highly-educated group of people very pragmatic and theoretical."

"Scores of New Left people supplied the manpower for such things as the 1964 'Mississippi Summer,' voter-registration dri-

ves of 1965, and a host of other demonstrations, sit-ins, and teach-ins," Miss Duggan explained.

In particular the Hoover statements under attack were:

"In the history of the world no figure has reinforced the true and good more than Jesus of Nazareth, and no book has wielded greater power for godliness and decency than the Bible.

"To know the Judaic-Christian realities afresh is the great consuming need of the younger generation today, and there is little hope of their renewal unless adults make these commitments their own."

In response Miss Duggan referred to the prophets, especially Jeremiah, who were continually at odds with the government of their day, the majority of the people, and their own nation - Israel. She then read the scripture Jeremiah 1:9.

From the teachings of Jesus she read the passage from Matthew 5 about the Sermon on the Mount. "Here is an obvious basis for those whose concerns are the suffering, poor, disinherited, and war torn," she replied.

WIFE TELLS OF HUSBAND'S IMPRISONMENT:

LAP Hears of 'Induction Injustice'

By Janet Kirchdorfer

Mrs. Karen Mulloy, wife of a conscientious objector who was recently sentenced to five years in prison for refusing draft induction, told members of the Loyal Americans for Peace about her husband and the work they have done together in poverty areas.

"I am not an expert," Mrs. Mulloy said. "I have only seen things, heard things, and shared experiences with my husband, Joe, which I would like to relay to you in the hope that you will better understand what you yourselves will have to go through in the next few years."

Like all Appalachian Volunteers and VISTA Workers, he had an essential occupation (2A) draft deferment. When it was time to apply for renewal his 2A classification was revoked and he received a 1-A classification, the only one given to a AV staff member.

Despite the fact that he was in the process of appealing the new classification, he received induction papers in June.

Then on August 11, Mr. Mulloy was arrested on the charge of sedition. Mrs. Mulloy said, "It is a horrible feeling to have ten men armed with guns break

into your house as they did late that night. It seemed quite ironic that they thought it was necessary to have ten strong men come into our house to take away one peaceful man."

The draft board which in over 17 years had not approved one conscientious objector classification refused to reopen his case. This decision made it impossible to appeal to higher courts.

At the present time, Mr. Mulloy is in jail in Louisville. He is in the process of appealing the case on the grounds that he did not receive a fair hearing on the appeal for a conscientious objector status.

A student asked, "What is the best way for a young person such as myself to help Joe?"

Mrs. Mulloy said that it was important to be active in the movement. She said, "There are many people who hold positions in government who should know what you think about Joe's case. Write to them and let them know how you think."

"Also, contributions are needed because of high court costs."

Joe Hoban, an active member of the movement from Louisville, informed the group of a march to be held in Louisville on May 17 and 18 in protest of the court's decision. There will be a picnic in Central Park.

The Loyal Americans for Peace will hold their last weekly meeting of the semester at 7 tonight.

The public is invited to attend.

'GREEK WEEK' CARNIVAL AFTERMATH:

53 Carnival 'Raidees' to Have Hearing Today

By Martin J. Kady

A preliminary hearing will be held at 2 p.m. today in the Murray City Hall for 53 MSU students whose IDs were taken in a "raid" conducted by the Murray police Friday night in the SUB ballroom.

The hearing before Judge Jake Dunn will determine whether a trial will be needed by any individual attending the carnival held in the SUB.

This carnival had various gambling booths and violated state statutes forbidding that practice.

According to Chief Brent Manning of the Murray police, the common practice is if a person pleads guilty, he is fined a certain amount. If a person pleads innocent, then a trial will be held at a later date.

The "raid" by the Murray police at approximately 10:30-10:45 p.m. affected many individuals. One student, Mitch Sommer, who was running a game of hi-low related what had happened to him.

"I was picking up a bet off

the table that someone had placed when someone grabbed my wrist. He told me to give him the money. I thought it was somebody fooling around (it was a plain-clothesman) so I said no," he explained.

The next thing I knew I was on the floor with this plain-clothesman on me. He hadn't told me who he was until he was on me; he then flipped open his coat and showed me his badge. As soon as he showed me his badge, I didn't resist any more," he stated.

Then he pulled me up and took the money away from me and pulled me over to the door by my arm and told me I was under arrest and that this was a raid. Ten minutes later he let me go and took my ID," Sommer said.

In regard to this action, one Murray attorney stated a policeman must make himself known and cannot do anything until he has done so.

When asked about this act Chief Manning said he heard that the plain clothesman had reached for the money and when the boy

jerked back his chair fell over and he landed on his back. The policeman then came over and showed him his badge.

Witnesses have attested to the fact that the way Sommer described the situation was how it happened. Said one student, "The plain clothesman was the one policeman there when it happened, and he seemed to be the tipoff for the rest of them to come in."

The president-elect of the Interfraternity Council, Pete Luciano, couldn't understand why the "raid" happened. "Ever since we have been at this university this has been a tradition. We received no word when we submitted the plan for 'Greek Week' to the Administration."

That is one question that remains unanswered; many more are being asked by students:

Why did the police wait until so late to stage the "raid" if their purpose was to enforce the state law?

Why was there only one gamb-concession still going when the

carnival was not supposed to be over till later?

Who gave the Murray police the tip they are reported to have received?

And why should students who thought they were attending an Administration-approved event have to suffer the consequences and have their record marred by this action?

Sparks Will Speak At Alumni Banquet Scheduled May 25

The Murray State Alumni Association will hold its annual alumni banquet at 6:30 p.m. May 25 in the SUB, according to Mr. M. O. Wrather, executive vice-president.

Dr. Harry M. Sparks, president of Murray State, will discuss Murray's future.

All seniors who will graduate in 1968 are invited to attend. Also all persons who receive their master's degrees this year who did not receive their undergraduate degree from Murray State are invited to attend.

All reservations must be in by May 22. Seniors are invited free. The cost per plate is \$2 for all others.

Filled With Cracks and Jibes, Fuze to Be Sold Friday—25c

"It's just wonderful, for only 25 cents you can benefit from the advice of Dear Blabby, visit JERK JR. College, sympathize with Cool Finger Luke, and laugh over Footloose Faculty Fotos," said Fuze Co-editor Russ DiBello.

All this and lots more can be had Friday when The Fuze goes on sale at various campus locations. In an effort to bring a little sunshine to the clouded atmosphere of long overdue term papers and oncoming final exams Alpha Phi Gamma has compiled a vast array of campus oriented humor.

"Cartoons too risque for The News, feature articles lauded by LAP, and a semi-psychedelic front page never before equaled in the history of Murray journalism are found in The Fuze," DiBello added.

The upperclassmen who remember The Fuze as a small compact type magazine will be pleased to know that the new Fuze will be a tabloid similar in size to The News, he added.

The lowerclassmen who have not yet been exposed to The Fuze are invited to climb aboard and exit laughing, he continued.

The Fuze's latest column is a

hilarious parody of everyone's favorite, Dear Abby. Instead of advice to the lovelorn however, Blabby speaks out on ROTC and the campus cafeteria.

A failure to communicate places Cool Finger Luke in a rather hot situation as, JERK Jr. College closes its doors to out-of-staters.

Footloose Faculty Fotos are frantically funny, and Murray Saint University is literally "hell on wings," DiBello bragged.

Another interesting feature is the Coolness Test and the Greek vs. Hippie contest in which the reader is given the opportunity to select on his own, the lesser of two evils.

To sum it all up without telling the captions to the numerous cartoons, this year Alpha Phi Gamma has outdone itself by bringing to this campus a completely new Fuze, and to think it will only cost a quarter, DiBello concluded.

Students Must Pay Debts by Monday

All students owing the university money must pay their debts by May 20 or they will be unable to take their final examinations, according to Mr. P.W. Ordway.

This includes failure to pay room rent, phone bills, Library fines, parking tickets, married student's house rent, and all other debts.

All payments, with the exception of traffic and Library fines, will be paid in the Cashier's Office, 225A Administration Bldg. between 8:30 and 4 on week days.

Dedication to Honor Mrs. Cleo Hester Sunday Afternoon

Mrs. Cleo Gillis Hester, Murray State Registrar from 1927 until 1960, will be honored Sunday afternoon during dedication ceremonies for Hester Hall women's dormitory.

Mrs. Hester will be present for the unveiling of a portrait of her to be hung in the lobby of the dorm.

Ceremonies will begin at 3 p.m. in the lobby of the building. Unveiling will be done by Mrs. Hester's son, Bob, and the president of the Hester Hall dorm council, Joyce Stokes.

Dr. Ralph H. Woods, retiring president, will be the guest speaker. President Harry M. Sparks will accept the portrait for the university.

Following the unveiling and dedication program, a reception will be held in the lobby until 5 p.m. Tours of the building will be conducted during this time.

The dormitory, which houses 330 women, was begun Jan. 31, 1966, and completed May 31, 1967.

Men attending the open house must wear suits and ties, women are to dress appropriately, according to Mrs. Exie Hill, house director.

Mrs. Hester twice served as president of the Kentucky Association of Registrars and Admissions Officers.

Dr. Sparks stated that "this dedication is highly fitting and appropriate to such a great person."

Four High School Chemists Awarded \$200 Scholarships

Four high school seniors in the western Kentucky area have been awarded \$200 scholarships by the MSU chemistry department.

The four winners are Linda Sue Reynolds, Owensboro; Yvette Watson, Murray; John Paul DeWitt, Marion; and Steve Seltzer, Paducah.

The money for the scholarships was provided by a grant from the Union Carbide Corporation.

Miss Reynolds, a senior at Owensboro Senior High School, plans to major in chemistry at Murray.

Miss Watson, is a senior at Calloway County High School. She plans to study biology, chemistry or physics in college.

DeWitt, a senior at Crittenden County High School, plans to enter the field of research chemistry.

A senior at Paducah Tilghman High School, Seltzer plans to study chemistry at MSU and become a professional chemist.

IN DEMAND Jerry Pritchett (right), a junior from Earlington, has had problems with her name in the past. For instance, all her class instructors address her as "Mr." Pritchett. Three years ago she received a notice instructing her to come and take her physical. Here it might appear that the ROTC Department is trying to make a cadet out of her. Phillip Barrow, Barlow, is shown suiting her up in a uniform — for a gag.

When a Female's a Male, Her Name Is to Blame

By Mary-Nell Sutherland

Who says the armed services should start drafting women?

They have been trying to do it for quite some time now. At least one co-ed on campus has received her draft notice.

Jerry Pritchett, Earlington, received hers several years ago. She isn't sure how the draft board got her name but when she was 18 she received a notice to "come in for your physical."

For some reason the idea of taking an army physical didn't appeal to her, and she was able to "avoid" the draft without being unpatriotic.

Her full name is Jerry Sue, but she only uses the first name. This has presented quite a few problems in her 21 years.

One of the most embarrassing things that has happened to her was at a convention in Texas. When she got there she discovered that she had been assigned to a men's dorm.

She often gets mail addressed to Mr. Pritchett. Even Murray State has been guilty of this. When she first applied for admission there was a mix-up in names. The letters were always addressed to Mr. Pritchett.

Even though she has been here for three years, her teachers generally always call her "Mr." the first few times. When she answers, they do a double-take and call for Mr. Pritchett again.

She thought she could at least get away from this in her French class, but alas. . . the first few times she answered to "Monsieur Pritchett."

She is a disc jockey on Melange, the campus radio program, each Wednesday night with Gary Burkett, Keyport, N.J. This also causes confusion because people ask her, "Which one are you?"

"Do I look like a Gary?" she wonders.

A junior majoring in English and speech, she is active in campus life. She is vice-president of Wells Hall and is historian of the Sock and Buskin Drama Club.

37th Laurel Pagent Will Open on May 23

The annual Kentucky Mountain Laurel Festival is scheduled for May 23-26 at Pineville.

The four-day event will be climaxed by the crowning of the 27th Mountain Laurel Festival Queen on May 25.

The queen will be chosen from 26 candidates from Kentucky colleges and universities and crowned by Gov. Louie B. Nunn.

Carolyn Albert, Paducah, will represent Murray State in the contest. She was selected in an SO-sponsored contest on Feb. 27.

Activities for the Festival include dancing, fireworks, exhibits, concerts, the Third Annual Mountain Laurel Golf Classic,

fishing contests, and parades. Interested persons may contact Mountain Laurel Festival Headquarters, Pineville, 40977 for further details and information.

Foreign Languages Names Five Aides

The foreign language department will have five graduate assistants in the department next year.

Four students will assist in Spanish and one in German.

The following students were selected: Michael Wright, BA Murray State; Donna Chumbler, BA Murray State; William Duncan, BA Midwestern University, Texas; Claudia Schorrig, BA University of Washington; and Jeffrey Parker, BA Weber State College, Utah.

Junior Coed Wins Therapy Award

Mrs. John Weyers, Jr., a junior has received a Charity League Scholarship for the study of occupational therapy.

Mrs. Weyers is a native of Paducah majoring in speech and hearing therapy.

By accepting the scholarship, she has agreed to return to the West Kentucky Center for Handicapped Children and work for two to three years after graduation.

'Recognition Night' Planned to Honor Graduating Nurses

The first class of registered nurses will be graduated from Murray State this spring.

In honor of these graduates, a Senior Recognition night is planned for May 26.

Awards will be given to seniors who have done outstanding work in their field. The Murray State nursing pin will be presented to all graduates.

The program will be held in 101 Nursing Bldg., according to Miss Ruth Cole, chairman of the nursing department.

Weekend Exercise Involves 100 Cadets In Field Operation

Approximately 100 Murray State ROTC cadets took part in exercise "Red Baron II," a day-and-a-half field exercise in the vicinity of Happy Chandler State Park last weekend.

"Red Baron" began on Friday as the cadets were loaded onto trucks and taken to their assembly area at the park. They were ambushed by the Pershing Rifles.

The remainder of the evening was spent setting up the base camp and preparing for the next day's operation under continuous harassment by the Pershing Rifles.

Early the next morning an aggressor force of the Rangers moved out of their positions. They were followed an hour later by the cadet patrols.

One problem with seven phases were run by the cadets. At the conclusion of each phase a cadre member pointed out the successes and failures of the problem. Maj. Thomas D. Owen, military science department, developed the problems to teach the cadets techniques of leadership.

Col. Eff W. Birdsong, military science department, stated that he felt the cadets gained a great deal from the exercise, and that the experience would be of particular value to the cadets going to ROTC Summer Camp this year.

HOW ABOUT LUNCH? These four cadet advisers took a break for chow at the field exercise last weekend at Happy Chandler State Park. They are (left to right): Tim Hendrickson, Miami, Fla.;

Mark Logan, Carmi, Ill.; Richard Crecelius, Tucson, Ariz.; and Robert York, Irvington, N. J.

A HAND OUT Would you believe they were drawing rations at the field exercise last weekend? The problems started Friday as the cadets arrived at Happy Chandler State Park in trucks and were immediately ambushed by the Pershing Rifles. They are Jim Voyles (left), Girard, Ill., and Dale Wilson, Tonawanda, N. Y.

A LONER . . . Allan Epstein, Irvington, N. J., was moving out on patrol in exercise "Red Baron II" last weekend. "Red Baron" was a day-and-a-half field exercise at Happy Chandler State Park.

Palistine Is Topic Of Lecture Tonight

Mufid Halawa, president of the International Student Association, will speak on "Palestine, a Holy Land Crucified" at 7 tonight in SUB Meeting Room 3.

Commenting on the topic of his speech, Halawa said, "Today marks the 20th anniversary of the changing of an Arab state, Palestine, to a Jewish state, Israel. Since then this has been a source of war and tension in the Middle East, and a threat to world peace and security as well."

Idle 'Worshippers' Have Sunny Outlook on Life

By Shirley O'Bryan

A cult of idle worshippers on Murray's campuses? It is not as ridiculous as it sounds, for they do exist.

Have you not noticed their presence? They are called the "Sun Worshippers."

Like any other secret group they too have their own ritual garb—a bathing suit. But even when they are out of uniform they are not hard to spot because they wear the trade mark of either a

dark tan or a red sunburn, everywhere they go.

A true sun worshiper will do almost anything to get the best rays of the sun, including skipping those middle of the day classes. He, or she, really does "live for the sun."

Another interesting fact about the "Sun Worshipers" is that they have very few sunburns. They are experienced enough in the art of sun worship that a slip-up like this does not often occur.

Nevertheless, once in a while, even the most experienced and expert of all sun worshippers will

WARM RELAXATION Bodies lying under the warm rays of the sun are not rare when summer makes its appearance. Dormitory roofs as well as yards are the ideal environments for the hundreds of sun worshippers.

FAITHFUL FOLLOWER One coed faithfully follows the sun's rays. College or no college one must not shirk her summer duty.

get fried. But never fear, belonging to such an organization has its benefits. Life restoring potients and concoctions such as sun tan lotions and oils, creams, and even vinegar are a few.

The "Sun Worshiper" is somewhat like a dope addict. And like any kind of an addict, being deprived of the "fix" will have disastrous and strange effects.

Symptoms start out comparatively simple, but toward the end the victim will go almost completely out of his mind.

He will start running around the room screaming that he is losing his tan and must either "go to Florida or purchase a sun lamp to renew the tan," or he will be "positively pale."

He might have been the over-dedicated soul who spent too many hours following the rays. This is evident by the numerous spots, the dry flaking skin, or the constant itching.

"Sun worshippers" cannot really be condemned for their actions though, for who could actually resist the temptation to become one of them at this time of the year?

Alpha Gamma Rho To Receive Charter

Alpha Gamma Rho colony will be installed as Alpha Omega chapter of Alpha Gamma Rho Friday.

Alpha Upsilon chapter from the University of Tennessee-Martin will install the new chapter.

A reception will be held from 2 until 4 Sunday afternoon in the chapter house, 113 N. 14th St. The public is invited.

Distinguished guests at the installation service will include Mr. Maynard Coe, grand national secretary, and Mr. David Pfendler, grand national president.

A banquet will be held Saturday at 6 p.m., followed by a dance.

3 KDs Recognized At Spring Formal; Awards Presented

Three awards were presented by Kappa Delta social sorority at its first annual spring formal.

Ann Kay Sanders, Murray, was presented the "Miss Gracious Living Award;" Peggy Anderson, Mayfield, was given the "Miss Kappa Delta Award;" and Pam Ruf, Louisville, was presented the "Senior Service Award."

Alumnae, pledges and seniors were recognized.

A president's gavel for outstanding service was presented to Miss Ruf, chapter president.

'Sharecropper's Ball' Friday to Feature Sultans

By Deb Mathis

Feel like a part of the old south at the "Sharecropper's Ball," sponsored by Alpha Kappa Alpha.

The open dance will be from 8 until 12 Friday night in the SUB Ballroom.

The Sultans from Louisville will provide the music.

Dress will be casual. Tickets are on sale in the lobby of the SUB or can be purchased from any member of Alpha Kappa Alpha or at the door.

Fashion Show

Kappa Phi fraternity will hold a fashion show following the Spoonfuls' concert at 8 p.m. Sunday in the SUB Ballroom. Admission will be 50 cents.

Closed Dance

The "Old South Ball," sponsored by Alpha Kappa Alpha, will be Saturday night from 8 until 12, at the Fez Club.

The Soul Syndicate will play for the formal dance.

Pledge-Active Dance

Alpha Tau Omega pledge-active dance will be Saturday night from 8 until 12 at the Paris Armory.

The Magic Touch will play for the dance.

Alumni Party

Alpha Kappa Alpha will hold on "Old South Alumni Party" from 6 p.m. until 9 p.m. tonight on the president's lawn.

Kappa Alpha alumni and national officers will be present.

Installation Ceremony

Alpha Tau Omega will hold an installation ceremony for pledges tomorrow night at 6.

Rummage Sale

Sigma Sigma Sigma will hold

a rummage sale Saturday at 7 a.m. in the American Legion Hall.

Pinnings

Among the recent pinnings on campus are:

The Murray colony of Lambda Chi Alpha social fraternity will be officially installed as Lambda Eta Chapter Saturday afternoon.

The installation ceremonies will be conducted by the Iota Mu chapter at Evansville University, beginning at 1:30.

National officers attending the installation will be Dr. William C. Wainwright, a member of the board of directors, and Mr. Jerry Nix, administrative assistant.

A formal banquet and ball will follow the ceremonies; they will be held at the Ken Bar Inn. Dr. Wainwright will be the main speaker at the banquet.

The Lambda Chi colony has been on the Murray campus since March 17, 1965, with the establishment of Tau Beta Chi local fraternity. On Sept. 25, 1965, the local was installed as a colony of Lambda Chi Alpha.

ALL THAT LASTS ARE MEMORIES:

Greek 'Olympics' Canceled by Rain

By Gary Grace

"Greek Week" 1968 is over. The applause has died away, the trophies have been placed on the shelves, and the props and stage

PIKA SPLASH . . . Rick Parker, Canal Point, Fla., prepares for a splash. He is one of the participants in Pi Kappa Alpha's dunking machine at the spring carnival.

have been removed. All that lasts of those five days are the memories — of what was and of what might have been.

Carol Anderson, Paducah, the new "Greek Goddess," has perhaps the most enjoyable memories of all. She was selected from a field of seventeen beautiful candidates to represent the Greek population at Murray.

Margaret Ann Adams, Herndon, and Carla Rondy, Barberton, Ohio, first and second runners-up respectively, also had their share of the limelight Thursday night when they were honored by the judges' choices. Carla Rondy has even more pleasant memories when she looks back to Saturday night and recalls being named "Ideal Greek Woman" by popular vote of the fraternities on campus.

Mike Sanford, Barberton, Ohio chosen "Ideal Greek Man" by the sororities, will also remember Saturday night as one of the more enjoyable evenings he has spent.

The Talent Show, which is one of the highlights of the annual festivities, also has its pleasant memories, also has its pleasant

memories for the participants.

The winner of the trophies in the originality, music, and comedy categories, Kappa Phi, Tau Kappa Epsilon, and Lambda Chi Alpha, respectively, will look at their awards and talk of the merits of the hours of practice put into the effort.

Those acts which did not win will merely look ahead to next year, confident in the knowledge that they can do better.

"Greek Week" also featured a carnival Friday night in the SUB ballroom. Games were played and prizes were won, with some people leaving drenched from Alpha Omicron Pi's pie throwing booth.

The Greek Games, the "Olympics" of the social or-

ganizations on campus, could not be held this year because of that peculiar phenomenon that seemingly hovers over Murray — rain. But this makes it easier to assert that if they had been held, "We would have killed 'em."

"Greek Week" came to a fitting close Sunday morning with all of the fraternities and sororities attending church in groups. Some

FRIGHTENED PLAYER . . . The main participant in Alpha Sigma Alpha's game at the "Greek Week" carnival look both frightened and bewildered.

went to thank their Creator of their talents, some went to thank Him for their good fortune, and others went to find out what had gone wrong.

"Greek Week" combined all of the features of major league competition, from beauty contests to talent shows to popularity contests. And, as Curt Gowdy

phrases it, "They feel the triumph of victory and the agony of defeat."

This is very true, whether the competition to be the international Olympics or merely another "Greek Week" at Murray State. And no one knows this better than those who participated this year.

COLOR IS BLUE . . . The phrase "The color is blue" could be heard from the Bet Sigma section of the Spring Carnival as anxious students hoped for the ball to stop on their color.

Jackson Will Head Geography Society

Jimmy Jackson, Bardwell, has been elected president of Gamma Theta Upsilon, an honorary geography fraternity.

Other officers are: Ivan Potter, Wingo, vice-president; Paul Hart, Chicago, secretary; Ed Robinson, Bethpage, corresponding secretary; Bill Spalding, Owensboro, treasurer.

Johnny Evans, Clinton, social chairman; Bob Mitchell, Louisville, sergeant-at-arms; and David Crider, Arlington, membership chairman.

Potter will also serve as president of the Geography Club.

Playtex invents the first-day tampon™

(We took the inside out to show you how different it is.)

Outside: it's softer and silky (not cardboardy).
Inside: it's so extra absorbent...it even protects on your first day. Your worst day!

In every lab test against the old cardboardy kind... the Playtex tampon was always more absorbent. Actually 45% more absorbent on the average than the leading regular tampon.

Because it's different. Actually adjusts to you. It flowers out. Fluffs out. Designed to protect every inside inch of you. So the chance of a mishap is almost zero!

Try it fast.
Why live in the past?

TALENT WINNERS Winners of the "Greek Week" talent show Thursday night were (left to right), Tom Shay, representing Tau Kappa Epsilon, quality winner; Melvin Ferguson, Kappa Phi, originality; and Seymour Landeu, Lambda Chi Alpha, comedy.

Campus Response To Greek Events Good - Woodward

Greeks once again joined to receive recognition during the events composing "Greek Week."

The talent show and the Greek goddess contest were the crowd getters.

"Approximately 50 to 60 percent of the Greeks attended the Thursday night events," reported Norman Woodward, "Greek Week" chairman.

"Greek attendance for the Faculty Appreciation Night was poor, however. Only about 20 percent were in attendance."

"We were pleased to see the almost 100 percent faculty response to Saturday night's activities," said Woodward.

GREEK BEAUTY Carol Anderson, representing Kappa Delta sorority, was chosen "Greek Goddess." Norman Woodward, chairman, presented Miss Anderson with roses and the trophy Thursday night.

IDEAL GREEKS Carla Ronly, Barberton, Ohio, was chosen "Ideal Greek Woman." Mike Sanford, Barberton, Ohio, was named "Ideal Greek Man." The selection was announced Saturday night at "Faculty Appreciation Night."

LITTLE PEOPLE The "Little People" were the highlight of Saturday night's PU Band performance. The pantomime group from Owensboro were the climax of "Greek Week" activities.

is a vital part of every woman's annual health checkup, because it can help detect uterine cancer in its early, curable stage.

AMERICAN CANCER SOCIETY

Important Short Items

Seniors to Meet

All students who will participate in commencement exercises this month are requested to meet in the Auditorium at 3 Friday afternoon, according to President Harry M. Sparks.

All graduating students are urged to be present, his announcement said.

Woods to Speak

Dr. Ralph H. Woods, president emeritus of Murray State University, will speak at the United Campus Ministry Luncheon today. The guest speaker will compare Murray State in the 1945 the first year of his administration, to now. This is the last luncheon of the year.

Check Deadline

No checks will be cashed by the university after today, according to Mr. P.W. Ordway, business manager.

This is done each year in order that the university's books may be balanced before school is dismissed.

Summer Packets

Packets for summer school registration may be picked up June 7 in the SUB Ballroom. Summer school registration will be held June 10 in the Carr Health building, according to Mr. Bill Adams, data processing.

Reagan Committee To Expand Forces; Asks for Workers

The Reagan-for-President Committee, the first of such committees to start presidential campaigning on campus this spring, is now seeking to expand its forces nationwide for the summer.

Adrian Miller, chairman of the committee, has asked that any student or students who would like to travel in the United States this summer prior to the convention campaigning for Gov. Reagan and the Republican party should contact him by May 21.

Miller said, "We need more workers in the Deep South for the summer. Also, more workers can be used in California and in Washington, D. C."

Students desiring to work in such areas should contact Miller immediately so that necessary arrangements can be made with national headquarters.

Melange Will Remain on Air During Summer Semester

MSU summer school students may be interested to know that the radio-center staff will produce a summer edition of Melange.

The staff will observe the present broadcast time for the program, 6:30 p.m. to 7:50 p.m. nightly Monday through Friday.

EXPLAINING STRATEGY Mr. R. A. Pittman, brand manager of Viceroy cigarettes, explains to the members of the Murray State Marketing Club the strategy that goes into the composition of a 60-second television commercial. Mr. Pittman was the guest speaker for the first annual Marketing Club banquet Wednesday night.

Shuttle-Bus Service to Kenlake For Students to Begin Saturday

Shuttle-bus service to Kenlake will start Saturday, according to Vivian Walton, chairman of the SO investigating committee.

A Student Organization activity, the shuttle-bus service is de-

McCarthy Backers Will Hear Reeves

Dr. Jack Reeves, political science professor at the University of Kentucky, and state chairman for the McCarthy-for-President campaign, will be on campus Tuesday.

Dr. Reeves will speak on the promotion of McCarthy for president in Calloway County.

Several student supporters for McCarthy spent the weekend of May 4-5 at Evansville campaigning in the Indiana state primary.

May 7, election day, also proved to be a hard days' work for McCarthy's supporters, they said.

Four IA Faculty Members Attend Berea Conference

Four industrial-arts faculty members attended the Kentucky-Tennessee Industrial Arts Teacher Educator Conference in Berea.

Dr. C. D. Lemons, Mr. Kenneth Winters, Mr. Paul Lyons, and Mr. Frank Fazi attended the meetings on May 10-11.

signed to give students an opportunity to spend their weekend at Kentucky Lake.

Buses will leave Murray from two locations. One bus is scheduled to depart from the SUB at 9 a.m.

It will return at 4 p.m. The other will leave Winslow Cafeteria at 10 a.m. and return at 5 p.m.

Bus fare will be 25 cents. The shuttle-buses will be in operation May 18, 24, 25, and 26.

Alpha Psi Omega Conducts Initiation for Four Students

Four members were initiated into Alpha Psi Omega, an honorary drama fraternity, last night.

To be eligible for the fraternity a person must have accumulated a certain number of points through drama activity.

The new members of the fraternity are Stephen Cossairt, Bloomfield, Mo.; Stephen Howard, Louisville; Cathy Roberts, Columbus, Ohio; and Jackie Swanson, Paducah.

Marketing Officers Win Achievement Awards at Banquet

Six officers of the Marketing Club have received awards for outstanding achievement. The presentations were made at the club's first annual spring banquet Wednesday night.

Those honored were Glenn Strangland, president; Paul Hopping, vice-president; Kay Holding, secretary; Tim Lacey, treasurer; and Stu Leschinsky and Phil Shapiro, publicity chairman.

Ronald Hoffman received an award for securing speakers for the club's meetings throughout the year.

Some 60 persons attended to hear Mr. R.A. Pittman, marketing supervisor of the Brown & Williamson Tobacco Co.

Special guests were Mr. William Seale, marketing department chairman and his wife; Mr. Charles Lounsbury, Marketing Club adviser, and his wife; Dr. and Mrs. Max Carman, and Mr. and Mrs. William Pinkson.

Hester Wins Dormitory Title in Campus Sing

Hester Hall won the dormitory competition in the "All Campus Sing" on May 1. Apparently the May 8 issue of The Murray State News didn't make this clear.

Steve Reagan

Alpha Kappa Psi Announce Officers

Steve Reagan, Murray, has been elected president of Alpha Kappa Psi, a professional business fraternity.

Others elected to office are: Bobby Martin, Princeton, vice-president; James Glass, Kuttawa, secretary; Ron Burton, Edgewood, Ill., treasurer; Don Franklin, Hopkinsville, master of rituals.

Randall Poe, Benton, director of public relations; Ron Faillaci, Stanford, Conn., warden; Rodney Poe, Benton, historian; Richard Jones, Philpot, chaplain; and Bob Potts, Murray, alumni secretary.

Cheering Tryouts Select 6 Varsity And 2 Alternates

Six varsity cheerleaders and two alternates were selected Thursday night from a field of 16 girls.

Those chosen are: Nanette Solomon, Janie Morris, Vicki Russell, Kay Garrott, Debbie Dibble, Mimi Lester, and alternates, Anna Holmes and Cathy Sales.

Miss Solomon, Murray, was a freshman cheerleader for Murray State and has served two years on the varsity squad. She is a member of Alpha Gamma Delta sorority.

Miss Morris, Kuttawa, Ill., was formerly captain of the freshman cheerleaders and a varsity cheerleader this year. She is a sophomore.

Miss Russell, Mayfield, was a freshman cheerleader this year. She is pledging Alpha Omicron Pi sorority.

Miss Garrott, Morehead, will be serving her third year on the varsity squad next year. Her sorority is Sigma Sigma Sigma.

Miss Dibble, Murray, was a freshman cheerleader last year. Her sorority is Sigma Sigma Sigma.

Miss Lester, Cadiz, will be serving her first year as a cheerleader for MSU. She is a member of Sigma Sigma Sigma.

Miss Sales, Louisville, and Anna Holmes, Sturgis, will also be making their first appearance as cheerleaders at Murray.

"I was very pleased with the results of this year's tryouts and I think we will have an outstanding squad next year," commented the former varsity captain, Pam Dallas Moore, at the conclusion of tryouts. "The judges were very fair and very capable," she added.

Judges for the event were Mrs. Elizabeth Yarbrough, Carlisle County, and Mr. and Mrs. Roy Weatherly, Benton. All are affiliated with the physical education departments of their respective schools.

NDEA Directors' Meeting Attended By Lemons, Lilly

Dr. C. D. Lemons and Mr. G. T. Lilly of the industrial arts department attended an NDEA Institute directors meeting in Minneapolis May 2 and 3.

Guidelines for future federal funding of the Educational Professional Development Act were established at the meeting.

Dr. Lemons, as state representative for the AIAA (American Industrial Arts Association), made a presentation at one conference.

"Let's Look at Industry," was his subject, concerning new concepts in curricula and courses in design and drafting.

Four-thousand industrial arts teachers, teacher educators, and supervisors were registered at the conference.

UP, UP, AND AWAY! Practicing their routine for the coming football and basketball seasons are the eight new varsity cheerleaders selected by three judges in the tryouts Thursday night. They are (left to right): Kay Garrott, Vicki Russell, Mimi Lester, Jane Morris, Debbie Dibble, Nanette Soloman, Ann Holmes, and Cathy Sales.

Kappa Omicron Phi Installs 7 Officers

Joan Perkins, St. Petersburg, Fla., has been installed as president of Kappa Omicron Phi, an honorary home economics fraternity.

Other officers are: Carol Luther, Fulton, first vice-president; Kay Sanders, Wickliffe, second vice-president; Barbara Vaughn, Cunningham, secretary; Connie Major, Cadiz, treasurer; Sharon Thomas, Dawson Springs, keeper of the archives; and Lynn Barger, Golconda, Ill., guard.

Joan Perkins

Tea Given in Honor Of Miss Simpson

Approximately 200 persons attended a tea May 9 honoring Miss Ruby Simpson, retiring home economics professor.

The tea was given by the meal-management classes of the Home Economics department.

During the tea, Miss Simpson was presented a corsage by the meal-management classes. A silver tray was presented her by the Home Economics Club.

Miss Simpson has been a professor at Murray State for 22 years, and served as chairman of the home economics department for 20 of those years.

She was chairman of the department when the Applied Science Bldg. was built, and selected most of the furnishings for the home economics wing.

Five Interpreters Attend Missouri Speech Clinic

Five MSU speech students extended their talents in oral interpretation at Southwestern Missouri State College's workshop on May 6.

Mrs. Alvina Krouse, prominent in the field of drama and speech, was the guest speaker.

Mrs. Krouse, also known as the "creator of stars," taught many Hollywood personalities. Among these are: Charleston Heston, Paula Prentice, Dick Benjamin, and Patricia Neal.

Many students were directed by Mr. Bill Bonham, speech department.

"The purpose of the trip was to provide the students with the means to practice and receive more experience in oral inter-

pretation," Mr. Bonham said.

The students participating in this program were Polly Nash, Pearl Thorpe, Cecilia Duncan, Kay Snead, and Beth Werner. Each student did individual readings from theatre productions.

The readings were critiqued by other readers and professors from other colleges. There were 27 institutions participating in the workshop.

Second Annual Radio Center Party Slated for Tomorrow

The second annual radio-center staff party will be held tomorrow from 5:30 p.m. to 9 p.m.

All staff members who have not notified Mr. Thomas O. Morgan of their plans to attend should do so immediately.

Spanish Professor to Earn PhD in Leave of Absence

Mr. John Ferguson, assistant professor of Spanish for three years at Murray, is taking a leave of absence next year in order to complete his PhD at Florida State.

Mr. Ferguson will be replaced by Mrs. Carmen S. Beattie, who has a BA degree from Pan American College in Texas, and a MA degree from Indiana University.

MURRAY, WESTERN, EASTERN:

OVC Sees Three-Way Track Race

In most all sporting events there is a favorite. Sometimes, however, there are two teams rated a toss-up. But it seems incredible for three Ohio Valley Conference teams to be rated as likely winners in the annual track championship meet Friday and Saturday at Johnson City, Tenn.

The three teams are once-dominating conference power Murray State; the newest challenger in recent years, Western; and cross-country power, Eastern.

Rated on the teams' best performances for this year, Murray and Western are ranked to fight it out for the first-place honors,

Current top performers in the league and their best marks are: 100-yard dash — Jim Freeman (Murray, 9.5), Larry Coleman (Murray, 9.6), Eddie Hearne (Murray, 9.6), Robert Dean (Western, 9.7) and Jim Embry (Western, 9.7).

220-yard dash — Bill Schroding (East Tenn., 21.3), Robert Dean (Western, 21.4), Freeman (Murray, 21.5) Dave Wyatt (Middle, 21.6) and Leroy McGinnis (Murray, 21.6).

440-yard dash — Clarence Lampkin (Eastern, 46.7), Jerry Singleton (Middle, 46.8), Turner (Murray, 47.3), Dave Wyatt (Middle, 47.6) and Terry Scott (Middle, 47.6).

880-yard run — Lampkin (Eastern, 1:52.8), Earl Jordan (Eastern, 1:54.6), and Brian Head (East Tenn., 1:55.)

Mile — Grant Colehour (Eastern, 4:11.8), Jim Banks (Eastern, 4:13), Mike Heery (East Tenn., 4:16) Phil Hardin (Morehead, 4:16), and Charles Dahlgren (Middle, 4:16).

High Hurdles — Ed Smith (Murray 14.5), Barry Woodcock (Tennessee Tech, 14.5), Lonny Poole (Middle, 14.6), Den Fagan (Western, 14.6) and John Johnston (Eastern 14.6).

Intermediate Hurdles — Sam Pearson (Western, 53.6), Wyatt (Middle, 54.1), Ron Bock (Eastern, 55.0), and Smith (Murray, 56.2).

440-Relay — Murray 40.6, Western 41.7, East Tenn. 41.9, Middle 42.0, and Eastern 42.7.

Mile Relay — Eastern 3:11.7, Middle 3:12, Murray 3:14, East Tenn. 3:14.2, and Western 3:16.6.

Long Jump — Henry Jackson (Western, 24-5), Eddie Coleman (Western, 23-11), Pat Hauser (East Tenn., 23-10), Don Stout (Murray, 23-8) and David Hazelwood (Murray, 23-5).

Triple Jump — Jackson (Western, 50-7), Pearson (Western, 49-10) Bill Green (Western, 47-

1), Charlie Phillips (East Tenn., 45-10), and Stout (Murray, 45-7.)

High Jump — Jackson (Western, 6-7), Mike Stevens (Middle, 6-4), Bill Richard and Tim Lancer (Eastern, 6-2), and Richard Rose (Eastern 6-2.)

Pole Vault — Richard Harris (East Tenn., 15-0), Harry Barritt (East Tenn), Alvin Hicks (Austin Peay), Mike Stevens (Middle), Doug Morris (Murray), and Floyd Furness (Western), have all vaulted 14-6.

Shot Put — Eugene Smith (Western, 56-4), Jeff Fisher (APSU, 52.3), Mike Forbes (Murray, 50-5), Paul Leahy (Murray, 50-3), and Randy Simmons (Western, 50-3).

Discus — John Edwards (Middle, 168-3), Denis Meadors (Western, 154-9), Steve Reagen (Murray, 148-7), Danny Hallauer (Eastern, 146-6), and Leahy (Murray, 142).

Javelin — Nick Spadafino (Murray, 207-4), John Bover (Murray, 206-1), John Selleh (Tech, 202-3), Dennis McLeland (Murray, 190), and Eddie Hearn (Tech., 184-3).

AP Tops Golfers As Rain and Mud Hits Murray Links

Austin Peay defeated the Racers, 14-4, in a golf match played here Friday. The meet was staged despite a constant rain that visibly affected both the players and the course.

The Murrayans were led by George Cascino's three-over par 75. He was followed by Terry Carlson and Corky Taylor with 78s; Mel Rifman, 80; Dean Weiss, 82; and Bill Douglas, 90.

Jimmy Smith led the Governors with a fine two-under-par 70.

The steady rain made the Calloway County Club course extremely difficult. The greens were very slow and the fairways had more than their share of puddles.

Murray's next golf competition is the OVC Tournament in Johnson City, Tenn., Friday and Saturday.

MSU Drops Bethel In Golf Match Here

The Murray State golf team defeated Bethel College, 9 to 3, in matches at the local Oaks Country Club May 8.

Terry Carlson led the Racers with a one-under-par 69.

Other Murray scores were: George Cascino, 71; Don Weiss, 75; and Corky Taylor, 80.

The meet was originally scheduled for Saturday, but was pushed up three days because of another tournament being held at the Oaks over the weekend.

Acree Will Lead Racer Team In Conference Golf Tournament

Always in the money but never in the winner's circle, that has been the story of the MSU golf team in the annual OVC tournament.

In seven years of play the Racers have finished in the runner-up spot five times and in third place twice.

Last year the Murray linksmen finished third, 11 strokes behind Middle Tennessee and 8 shots behind the Hilltoppers from Western.

Friday and Saturday at Johnson City, Tenn., the Racers will try to capture that coveted No. 1 spot.

The Racers' chances hinge on six players; Ron Acree, Mel Rifman, Jerry Curtis, George Cascino, Terry Carlson, and Corky Taylor.

Acree, Rifman, and Curtis, all seniors, will be playing in their last OVC meet.

Coach "Buddy" Hewitt says the course at Johnson City is probably the nicest course that the eight OVC teams play on. It is longer and more heavily trapped than the links at either the Calloway County Country Club or Oaks Country Club, Murray's two home courses.

Middle and Western are still the teams to beat, according to Coach Hewitt. The two teams tied for second in the Murray State Invitational earlier in the year, while the Racers finished fifth, five strokes behind their OVC rivals.

In last year's OVC tournament Ron Acree had a good chance of grabbing the individual honors. Acree has played fine golf all

season for the Racers, finishing a strong third in the Cape Coral Invitational Tournament and fourth in the MSU tournament.

Middle finished 11-over-par last year to take the tournament. Racer mentor Hewitt believes 10 to 15-over par could be a good enough team score to take home the top prize this year.

The OVC Golf Tournament has never been held at Murray, but it is tentatively scheduled to be played here in 1970.

Golfers Defeat AP; Upended by Middle In 3-Team Match

The Racer golf team came away with a split decision Thursday in the Austin Peay triangular meet.

The Murrayans downed Austin Peay, 11½ to 6½, but were defeated by Middle Tennessee, the defending OVC champs, 12½ to 5½.

Middle also defeated Austin Peay by the same 12½ to 5½ score.

Ron Acree led the Murray linksmen with a fine two-under-par 70 (34 out and 36 in). He was the only one to crack the par of 72 on the Ft. Campbell course.

Mel Rifman, Jerry Curtis, Don Weiss and Corky Taylor all finished with 79s. Bill Douglas was one stroke behind the bunch with 80.

Middle was led by Craig Stouder's 72, while Austin Peay's top man was Jim Smith with 73.

Coach Cornell

With Eastern showing power in the distance events and promising to make it a three-way race among Ky. schools only.

The Hilltoppers are strong in the field events, the Racers have the sprinting power, and the Colonels should take the mile and three-mile run with two runners finishing well in each event.

Coach Bill Cornell of Murray stated, "Western is possibly the strongest in the field events, and we only hope the other team split the points enough that our power in the sprints will give us the points to finish high in the meet."

Defending OVC Champ Net Team 'Co-Favored'

Murray's Ohio Valley Conference champion tennis team will attempt to make it two in a row Friday and Saturday when they travel to Johnson City, Tenn., to meet the other valley netters in the year-ending OVC Tournament.

The Racer net men of Coach Jesse Spencer, who as a first-year coach last year guided his team to the top of the League, are considered by most observers to be co-favorites this year along with the Western Hilltoppers.

Western has defeated Murray twice already this spring, with their latest victory last week. The Racers competed in a quadrangular meet with Western, Middle, and Eastern, and lost only to the 'Toppers, 6-5.

Returning to the tournament for the second consecutive year for the local netters will be No. 1 Jim Novitsky, who has held that spot for two years. Novitsky, one of the top tennis players in the OVC, is a senior.

Also back from last year's championship squad are Andre Cote, No. 2, and No. 3 Mark

Reznich, Larry Niemeyer, No. 6, this spring, was also on the team a year ago.

Bill Trunnell, who has seemed limited experience at No. 6, will also be available, and Murray's two prized freshmen, Mike Whitty, No. 4, and Bob Willett, No. 5 round out the team which Coach Spencer hopes will bring Murray a second consecutive title.

The emergence of the two first-year college netters, Whitty and Willett, has added depth to a team which Coach Spencer figured a year ago would not be as effective as the title team.

FURGERSON OPTIMISTIC ABOUT FALL:

Blues to Battle Whites at 8 Tomorrow in Annual Spring Game

Coach Bill Furgerson is hoping that a good winter conditioning program and the re-positioning of certain key personnel will produce the most impressive spring football game in many years tomorrow night.

Kickoff time for the annual May melee is 8 o'clock, with the first-team offense and second-team defense comprising the Blue team and the second-team offense and first-team defense making up the White team.

"We had a fine indoor winter weight-and-conditioning program," explained Coach Furgerson, "and the boys are much quicker and stronger than last year. They were in excellent condition even before spring practice began, and we have had only minor injuries as a result."

"One of our main objectives for spring practice concerned the changing of some personnel from one position to another," the coach added. "We feel that the transitions have been very successful, and the list of boys who have made a change is long."

The coach mentioned Bud Qualk and Danny Maxberry, a pair of backup quarterbacks for Larry Tillman last year, who have both been switched to defensive halfback. Jim Wilson, an offensive tackle last season, will play only defense tomorrow night, and Ken Pelot, a fullback in '67, has been switched to offensive guard.

"Another of our objective was, of course, to improve our running game and attempt to make it as effective as Tillman's passing game was last fall," said the Thoroughbred mentor.

"Joe Meade has done his usual find job at fullback this spring, and he should have an outstanding senior year. Jonathan White, a sophomore next fall, has been impressive; he is big (6-3) and fast. Then there's Russ Hake, who is much improved over last fall."

The coach also spoke of Mike Rhodes, fullback for the second offensive unit, and said he should be watched closely tomorrow night.

"Larry Tillman has been the most impressive boy in spring practice," the coach continued. "His selection of plays, and his aid in the development of runners and skill in using them is even better than last fall when he was so splendid. His senior year should be great."

"And we are very pleased with Matt Haug as our backup quarterback." Keep in mind the fact that Maxberry and Qualk have learned new positions to help the team.

When questioned about team defense, Coach Furgerson, experiencing his second spring practice as Racer head coach, described it as "much stronger, deeper in experience, and containing very good leadership."

LIKE A COUPLE OF BOXERS . . . Thoroughbred quarterback Larry Tillman (left) and defensive-end Vic Etheridge (right), next fall's football co-captains, are both claiming their side will win tomorrow night's spring grid game at Cutchin Stadium. Tillman, captain of the "Blue" team tomorrow, and Etheridge, who will head the

"Whites," will have some vocal support from cheerleaders Vicki Russell (left), who will cheer for the "Blues" along with three of her cohorts, and Nanette Solmon (right), who will hoop it up for Etheridge's "Whites" with the help of three of the other newly-elected cheerleaders. Game time is 8 o'clock.

"Vic Etheridge, a co-captain along with Tillman, has been moved to defensive end, and is a fine leader in the line, and Don Veatch, secondary-position performer, offers good leadership in that division of our defensive picture."

The coach summed up spring practice in one sentence: "We wanted to correct some aspects of our game from last fall; we feel that the position changes, the fine winter conditioning program led by our coaches, and, above all, our attitude, have made this a most pleasing spring practice, and tomorrow night's game will show it."

Coach Furgerson is perhaps the champion when it comes to talking about "that Thoroughbred spirit and dedication." This spring brings no exception.

"Our boys, down to the man, realize that they, as representatives of Murray State, must make

certain sacrifices as football players who are getting part of their education paid for. They realize they must work hard, eat right, study, and get a decent amount of sleep if they are to excel as a team."

"The boys show a will to bring the school a winner, and my hope is that the school and the townspeople will turn out in goodly numbers tomorrow night to support the team."

"The University of Tennessee at Martin had 3,000 people at its spring game the other night," said the coach, "and I hope we can match or better that total."

Whatever the crowd, whatever the outcome of the game, Racer fans might just be seeing the resurgence of Murray as a football power in the OVC. And it couldn't come at a more opportune time, with the baseball team mysteriously falling this year and the basketball team facing Jim McDaniels and company for the next three years!

Many All-State Football Stars Among 20 Signed as Racers

Here is an up-to-date list of the 20 players signed by grid Coach Bill Furgerson and his staff this year. "The signees are fewer in number than last year, but outstanding on paper," commented the head coach.

The future Thoroughbreds include:

- Dave Barbier, linebacker, Marion Catholic High School, Marion, Ohio. "Scholar-Athlete of the Year" and "All-State" honors in Ohio.

- John McAdams, fullback, Clayton, N.C. "All East Carolina."

- Mark Bauer, tackle, Massanutten Military Academy, Redding, Penn.

- Jeff Votaw, pass receiver, Wabash High School, Wabash, Ind. "All-State" honors.

- Raymond Weisheit, quarterback, Princeton High School, Princeton, Ind.

- Richard Board, tackle, Flaget High School, Louisville. "All-American" honors by "Scholastic Coach" magazine.

- Mike Johnston, pass receiver, Dublin High School, Dublin, Ohio. "All-State" in Ohio.

- Ed Cackler, fullback, Buckeye Valley High School, Delaware, Ohio.

- James Brown, halfback, Flaget High, Louisville.

- Mike LeClair, tackle, Shelby High School, Shelby, Ohio.

- Rick Fisher, halfback, Shelby High, Shelby, Ohio. "All-American" honors by "Scholastic Coach" magazine.

- Arlan Brensinger, guard, Massanutten Military Academy, Pottsville, Penn.

- Kevin Grady, halfback, Marion Catholic High School, Marion, Ohio. "All-State" in Ohio.

- Mark Pleasant, halfback, Clayton High, Clayton, N.C. "All-East Carolina" honors.

- Steve Traynham, quarterback, Clayton High Clayton, N.C. Also "All East Carolina."

- Paul Anderson, guard, Albany High School, Albany, Ga. "All-State" honors.

- Dave Ford, tackle, Rex Mundi High School, Evansville, Ind. "All-American" honors by "Scholastic Coach" magazine.

- Rick Cox, guard, Bricktownship High School, Brickton, N.J. "All Conference" honors.

- Matt Tomo, fullback, Way-side, N.J.

- Scott Trevathan, center, East Detroit, Mich.

SEMo Defeats Murray, 4-2, On Two Hits and Many Walks

A three-run uprising in the sixth inning wiped out a 1-0 Murray State lead and started host Southeast Missouri State College on the road to a 4-2 baseball victory May 8. The loss gave the Racers an 11-12 mark for the season.

WONDERING . . . Racer sophomore leftfielder Steve Lambert must wonder what it takes to win a game. He and Don Lee allowed only two hits at Southeast Missouri Wednesday, but lost, 4-2. The loss pushed Murray's record to 11-12.

The winners managed only two hits off two Murray pitchers, sophomore lefty Steve Lambert and righthander Don Lee, who came on in disastrous sixth.

Mike Kistner had given the Racers their early lead with a double in the second inning that chased home Rick Nichols, who had singled.

But several walks, two fielder's choices, and one of the two Tiger hits produced the trio of tallies and school was out

Golfer Ron Acree Fires Pair of 70s For Oaks Victory

Ron Acree, leading Thoroughbred golfer who will join his teammates in trying to capture the OVC championship Friday and Saturday, fired an even-par 70 on the second and final day of the Oaks Invitational Golf Tournament Sunday to win that tourney by four strokes.

Acree added the 70 to his opening day 70 for a par 140 in the 36-hole medal-play tournament at the Oaks course.

Connie Connell, who had been tied with Acree after the first day, slipped to a 74 Sunday and settled for second place.

for Murray. Catcher Phil Hayden's towering home run made it 3-2 in the seventh before the Tigers added their insurance run, run.

Murray — 010 000 100 - 2 5 0
SE Mo. — 000 003 10x - 4 2 1
Lambert, Lee (6) and Hayden; Hackman, Omar (8) and Sherry. Winner — Hackman. Loser — Lambert. HR — Hayden.

Racer '9' Attempts To Dodge Raindrops

The rains may have played havoc with that nice new pair of shoes you brought back from spring "break" or the nifty slacks you picked up last week, but those problems would seem small, indeed, if you swapped them to baseball Coach Johnny Reagan for his latest set of mindbenders.

The Racer baseball team, which fell behind in the Western Division race early this season, never had a chance to catch up because of the wet stuff.

"We still had a mathematical chance, but the division winner had to be decided by today (Tuesday)," explained Coach Reagan. The Thoroughbreds had two games postponed with Western and two with Austin Peay which could not be made up in time because of the weather atrocities.

Although the results are too late to figure in on who wins the division crown (Middle claimed it yesterday), the Racers have a doubleheader scheduled with the Governors of Austin Peay here tomorrow.

They are also set to go against Lambuth College today on the local diamond to make up a game which was originally set for Jackson, Tenn., Monday.

Coach Reagan said there is a possibility of playing a double-bill with Lambuth, but if seems the weatherman must first give his okay before any more baseball is played in Murray.

HARRISON'S HARRATEEN

By Karl Harrison

For the first time in my two-year tenure as sports editor of The Murray State News I ran into a coach who didn't give the patented spiel about "our young, inexperienced, untried, untested, freshman-loaded, injury-riddled, undersized, and out-classed team which will give its all for good ole' MSU."

I've memorized that one. The "good ole' MSU" bit was still used, but only as a minor throw-in.

The coach was Mr. Bill Furgerson, our football mentor. and I would surely have expired on the spot if he had expounded on that speech given in the first paragraph of this report.

The football team has been loaded with freshmen, and inexperienced for the past five six years, if I read the back issues of our paper correctly.)

But the coach didn't so say, and I am happy to report that I am still with you. Instead, he claimed that the team was in fine physical shape, they have almost the entire team back from last year, they have experience at every position, and the boys are eager for action and eager to win.

He made no excuses; he almost stuck his neck out far enough to say Murray might have a winning season. But that would be almost too much to expect from a team which was 0-10 two short years ago; so let's not put Coach Furgerson on the scaffold and insert his neck into the noose by claiming he said we would win, because he did not.

But the man sounded so enthusiastic that it must have rubbed off on the team to some extent. They truly have had a spirited spring practice, they are in extremely good shape, there have been minor injuries, and, yes, that spirit we hear the coaches speak of so often is actually present among our gridiron gorillas. (Not really, fellows, but it has a catchy sound).

The spring game is set for tomorrow night at 8, and a big crowd would really help these players out.

The cheerleaders will add some color, but they must have backing from the students. Perhaps, since there are two teams, the "Blues" and the "Whites," the fraternities could split up their actives and pledges, with one outfit cheering for the Blues and the other for the Whites.

Or the Greeks could take one side and the Independents the other — I don't care. But let's give them some support, Smal-

ler UTM (University of Tennessee at Martin) turned out 3,000 for their spring game.

Faculty, staff, students, and townspeople in this city should match and beat that.

The OVC spring sports playoffs will take place at Johnson City, Tenn., Friday and Saturday, except for baseball.

The track, tennis, and golf titles will be up for grabs with more than 300 athletes competing. Tennis and golf play will begin Friday at 9 in the morning, with track competition starting at 1 in the afternoon.

The finals in each sport will come to a head on Saturday.

The Thoroughbred baseball team's final conference activity, a doubleheader with Austin Peay scheduled for the Racer diamond last Friday, was washed out. That left Murray with a 4-4 mark in the conference.

The Western Division champ is Middle Tennessee, and they will be host to either Eastern or East Tennessee in the conference championship series

Murray's Dick Cunningham was drafted in the second round of the National Basketball Association player draft May 7 by Phoenix, one of two expansion teams formed by the league for play next season.

Cunningham, who starred for three years at Murray and completed his eligibility this season, is also considering a contract with the New Jersey American of the NBA-rival American Basketball Association.

3 League Champs Win in Volleyball; Softball Rained Out

With the rains cancelling many of the intramural softball games, volleyball jumped into the spotlight last week and crowned three league champions.

League I saw PIKA No. 2 defeat Alpha Phi Omega in two straight games, 15-5, 15-8, for the title.

The Soul Brothers had a little harder time in taking the title in League II play. They defeated the Club House in three games, 16-14, 9-15, 15-11.

TKE took the top spot in the Fraternity League by downing ATO, 12-10, 9-15, 12-8.

The three teams will now meet to determine an overall campus champion. A flip of the coin will determine which team draws the bye; that team will play the winner of the first game for the title.

Softball action saw Alpha Gamma Delta defeat the Vets Club, 15-5, for the top spot in the winners' bracket in League I. The Shady Oaks and the Industrial Arts Club are still left in the losers' bracket.

Kappa Delta turned back Richmond I for the top spot in the winners' bracket in League II play. Hart Hall 2 Plus 2 will face Spring Has Sprung in other League II action scheduled for this week.

Fraternity League play saw Sigma Chi victorious over PIKA in the winners' bracket.

The two top teams in each league will meet in an elimination playoff to determine the top campus softball team.

JUST LIKE THE BOYS It's the same great classic American drama, whether you're a boy or girl — the intent stare of the umpire, the fierce swing of the batter, the uneasy anticipation

of the catcher. Well, it may not be that serious in the MSU women's softball leagues, but the females have a lot of fun. Their league play is fast drawing to a close . . . but then so is school.

Fillie Track Team Victorious Over SEMo. Girls' Club May 4

Murray State's Fillie track team set seven new school records and won nine first places in a 12-event meet with the Southeast Missouri Track Club May 4. The score was 65½ for the Fillies, 34½ for the Missourians.

Diana Warner, Cheryl Underwood, Pat Ward, and Carla Coffey were all two-event winners for the Racer team. All four girls placed in other events.

Miss Ward won the 880-yard run in 2:38.6, the high jump in 4-8½ (a new Murray record), threw the javelin in 101-7 for second place and another school record, and placed third in the hurdles.

Miss Coffey, a member of the winning 880-yard relay squad

which won its event in 1:46.7 for another record, individually copped first in the 80-meter hurdles with a 12.2. She was third in the 220.

Miss Underwood won the 440-yard run in a record-setting 62 flat, the running long jump in 15-6¼, placed second in the 220-yard dash, and was also a member of the 880 squad.

Miss Warner won the 100-yard dash, the 220-yard dash (in 25.9 for a record), and teamed on both the 440 and 880 squads.

The Fillies were scheduled to have been host to Southern Illinois University and Cincinnati Saturday, but bad weather forced the triangular to be cancelled.

SAFE BY A MILE This coed, a member of the Alpha Omicron Pi softball team, crosses first base well ahead of the throw during a game against Alpha Sigma Alpha. Alpha Sig won the game, 18-16.

Three Teams Fighting For Coed Softball Title

With one more week of women's intramural softball competition remaining, Kappa Delta and Alpha Delta Pi are leading the Greek league with two victories and one loss each. The Yankee Rebs are in first place in the Independent League Race with a 3-0 record.

Four games were played in the Greek League last week. Monday Alpha Sigma Alpha edged by Alpha Omicron Pi, 18-16. Tuesday Alpha Delta Pi trounced Sigma Sigma, 26-2. Wednesday

Alpha Omicron Pi was swamped by Alpha Delta Pi, 26-2, and Thursday Alpha Sigma Alpha was downed by Kappa Delta, 15-10.

In the Independent race the Acers handed Charlie Brown's team a 7-1 defeat Monday. The Yankee Rebs fell to the Fillies Tuesday, 7-1. Wednesday the Acers and the Fillies were rained out, and to complete the weeks' softball activities Charlie Brown's team breezed by Team 325 Thursday.

All-Campus Track Meet Scheduled for May 22

The final intramural event of the year, the Intramural Track Meet, will take place May 22 in Cutchin Stadium.

Open to individuals as well as teams, the meet will consist of 11 events. They are:

The 100, 220, 360, and 720-yard dashes, one-mile run, 120 low hurdles, spring relay, distance medley (four men running one, two, three and four laps respectively), broad jump, high jump, and shot put.

Participants can enter as many as three events, either two running and one field or one run-

ning and two field. Relays count as one event.

Spikes cannot be used. Mr. Darrell Townsend, director of men's intramurals, should be contacted by interested persons.

Yesterday the Men's Interdormitory Council was scheduled to hold a track meet to determine a team for the intramural meet. The two best men in each event will be sponsored by the MIDC in the May 22 festivities.

The results of the meet were not available before The News went to press.

Girls' Intramural Swimming Events Set for Tomorrow

Five individual events and two relays make up the women's intramural swim meet set for tomorrow night at 6:30 in the University pool.

Any woman student is eligible to enter, but competition is on a team basis. The teams may be either organizational or independent, with 10 the maximum number on a team.

Individual competition includes the 25-meter free style, breast stroke, back crawl, and the 50-meter free style.

The 100-meter medley, consisting of the back crawl, free style, breast stroke, and free style, is one of the two relay events. The other is the 100-meter free style.

A team is permitted three entries in each event. A swimmer may compete in a maximum of three events. In case more than six swimmers enter one event, the events will be run in heats and best time will decide the winner.

The Thoroughbred cagers scored the most points ever in a single game—121—in 1967 against Georgia Southern.

Student 'Holds' Building Alone for Three Hours

By Keith Lawrence

On May 4 when students in universities across the nation were battling police to seize and occupy administration buildings, a lone MSU student managed to hold the Administration Bldg. for more than three hours.

James Abernathy, Hickman, single-handedly occupied the five-story structure with no resistance, and like other students on other campuses his cry was for "freedom."

Abernathy, a freshman reporter for The News, had been developing pictures in the photography lab on the fourth floor of the Administration Bldg. that morning.

When he came out he found the building was empty.

The staff members had all gone home for the weekend.

When he tried to get out of the building he found the doors on the first floor were locked from the outside and could not be opened from the inside without a key.

"There wasn't even a window to jump out of," Abernathy later lamented.

Still not realizing his plight, he tried to get to a phone to let someone know he was locked in.

Student Checks Available May 29-30 from Cashier

Student checks will be available for distribution on May 29-30, according to Mr. P. W. Ordway, business manager.

Those students on the university payroll who are expecting checks, may pick them up in the Cashier's Office, 225A Administration Bldg.

Then in desperation he found that the offices, including the publicity office he had recently left, were all locked up tight for the weekend.

"I could run up and down the stairs, sit in the lobbies, or go to the bathroom," he said of his choices of action.

Finally on one floor he found an unlocked door and telephoned Mr. Earl Warren, university photographer. His luck continued, . . . Mr. Warren was not at home.

Next he called two friends, Jim Holman and Jim Senior, who set out looking for Ken Massie, a student photographer. But Massie didn't have a key to the outside doors.

The would-be rescuers then set out to find the campus police to help free Abernathy from his prison on the south end of campus.

Meanwhile Abernathy phoned Bob McGaughey, a publicity assistant. McGaughey didn't have a key either, but he phoned Mr. Marvin O. Wrather, university executive vice-president.

Twenty minutes later, when the Kentucky Derby was over, McGaughey arrived with the key and set Abernathy free.

Some minutes later the two friends and the campus police, along with the janitor of the Administration Bldg., arrived, like the US Cavalry of old, after Abernathy had been freed by the hero of the tale, Bob McGaughey.

For other students holding a university administration building single-handedly might be a mark of distinction, but for Abernathy it wasn't such a thrill.

He summed up his feelings when he told his rescuers, "Get me out of here!"

SMOKE POLLUTING AIR Although Murray isn't a large city by any means, it's beginning to look and smell like a large industrial area at times. The 45-year-old campus heating system, located behind the Science Bldg., spews out black coal smoke which is giving many people a right to

complain. The smoke is so strong and thick that it has delayed a Murray baseball game, caused problems for tennis players, and is giving building in the immediate area a coating of black residue. Several students and faculty members have urged that the system be modernized or replaced.

1968 Shield To Be Distributed In SUB on Friday and Monday

The 1968 Shields will be distributed in the SUB Friday and Monday, according to Editor Floyd Carpenter.

Graduating seniors should try to pick up their copies Friday as they will be leaving campus sooner than other students.

Distribution will be made from 8 to 5 each day. Friday distri-

bution will be in the TV room, Monday in the ballroom.

Faculty members can have a free copy if they go by and pick it up personally. This will hold true for both days.

Students must show ID cards in order to receive their year-books.
