A word about copying material contained in this report...

Any person may reproduce, without restriction, any or all material in this edition. When several copies of materials are made for distribution, credit should be given to the Maine State Government Annual Report.

When any part of the text is partially reproduced for distribution, it should be noted that it is only a part and not the whole text as published. Problems inherent to “out of context” quotes may detract from the information we have tried to provide on State Government agencies and their operations.

The text of the Maine State Government Annual Report is meant to be a lightly-edited narrative report of the organizational units of State Government and is not intended as legal authority either for judicial notice or legal citation.

ORGANIZATIONAL CHART OF MAINE STATE GOVERNMENT

FOREWORD

The *Maine State Government Annual Report* is compiled by the Bureau of the Budget on behalf of the Governor pursuant to the Maine Revised Statutes, Title 5, chapter 3, sections 43 - 46. It documents, in convenient reference form, the administrative and financial structure, activities and accomplishments of the agencies of the State Government. In accordance with legislative intent, it replaces a profusion of costly annual or biennial reports independently published by state departments and agencies, and it establishes accountability with respect to many agencies, boards and commissions not previously subject to reporting requirements.

The *Maine State Government Annual Report* reflects the scope and diversity of Maine State Government operations during the fiscal period covered by this report. The mass of reports accumulated by the Bureau of the Budget have been edited and revised as necessary to conform to statutory requirements and the overall report concept.

Individual reports of departments, their principal subdivisions, and other agencies generally feature seven basic elements of construction as follows:

1. Identification Summary
2. Purpose
3. Organizational Background
4. Program
5. Licenses, Permits, etc.
6. Publications
7. Finances, Fiscal Year

This form of construction is used wherever possible in all reports. However, in view of certain inconsistencies and questions which may arise concerning nomenclature, the following discussion of terms and report construction may be of assistance.

IDENTIFICATION SUMMARY. This section "headlines" the report of each agency and serves to identify the agency, its executive officers, central office location and telephone number. Specific items appearing in the agency heading, which may require some interpretation, include the following:

Established: This reflects the year in which the organizational unit was created as a statutory or administrative entity, despite a subsequent change of name. If, at some point in time, the department or agency experienced a major reorganization in terms of administrative structure, purpose or function, the year in which the change occurred is considered the year it was established.

Reference:

Policy Area. There are 9 broad areas of emphasis under which all activities of State Government are categorized. Each organizational unit reported in the *Maine State Government Annual Report* is assigned to the Policy Area which most appropriately identifies the prevailing nature of its legislation. Each of the 9 Policy Areas has been assigned a name and a 2-digit number as follows:

- 00 Governmental Support and Operations
- 01 Economic Development and Workforce Training
- 02 Education
- 03 Arts, Heritage and Cultural Enrichment
- 04 Natural Resources Development and Protection
- 05 Health and Human Services
- 06 Justice and Protection
- 07 Business Licensing and Regulation
- 08 Transportation Safety and Development

Umbrella. In order to make the list of organizational units manageable, they have been classified based on the relationship between them. This was done by two criteria:

- a) Each State *Department*, the *Public Utilities Commission*, *Maine Maritime Academy*, and the *Board of Trustees of the University of Maine System* was

assigned a different *2-digit* number and each unit which was, by law, determined to be a part of these was assigned to *that 2-digit "umbrella"* number. Thus, all units carrying an "01" *in front of their 3-digit unit number* are part of the Department of Agriculture, Conservation & Forestry, for example.

Each of these Umbrellas has been assigned a name and a 2-digit number as follows:

- 01 Department of Agriculture, Conservation & Forestry
- 02 Department of Professional and Financial Regulation
- 03 Department of Corrections
- 05 Department of Education
- 06 Department of Environmental Protection
- 07 Executive Department
- 09 Department of Inland Fisheries and Wildlife
- 10 Department of Health and Human Services
- 12 Department of Labor
- 13 Department of Marine Resources
- 15 Department of Defense, Veterans and Emergency Management
- 16 Department of Public Safety
- 17 Department of Transportation
- 18 Department of Administrative and Financial Services
- 19 Department of Economic and Community Development
- 26 Department of the Attorney General
- 27 Office of the State Auditor
- 28 Office of Treasurer of State
- 29 Department of the Secretary of State
- 30 Legislative Department
- 31 Law and Legislative Reference Library
- 32 Reserve Fund for State House Preservation and Maintenance
- 33 Office of Program Evaluation and Government Accountability
- 40 Judicial Department
- 65 Public Utilities Commission
- 75 Maine Maritime Academy
- 78 Board of Trustees of the University of Maine System

- b) The many independent units - *not* part of the umbrellas listed above - were assigned to one of *five 2-digit umbrella numbers* which helped to classify the units in terms of the prevailing nature of their statutory or other authority or relationship to State Government. Thus umbrella "90" identifies those that "Regulate", "92" those that "Advise", etc. Each of these umbrellas has been assigned a name and a 2-digit number as follows:

- 90 Independent Agencies - Regulatory
- 92 Independent Agencies - Advisory
- 94 and 95 Independent Agencies - Other
- 98 Independent Agencies - Interstate Compact
- 99 Independent Agencies - Not Part of State Government

Unit. Each State Government organizational unit created by the Constitution, Statute or Private and Special Law has been assigned a different *3-digit number*. Each unit created by Legislative Order, by Judicial Order, by Executive Order of the Governor - or, in a few cases, by other acceptable authority - has been assigned its parent's *3-digit number* followed by a *letter*.

Unit Citation. Reported here is the legal citation which created the organizational unit. When one locates this citation in the appropriate document, one should find additional data relating to its purpose, authority and membership close by. If such a citation appears in the Statutes, that is the entry used since it has closer proximity to additional meaningful data than, for example, a Constitutional citation.

Average Count - All Positions and Legislative Count. The *Average Count - All Positions* represents the full-time equivalent of all positions authorized by the Legislature for the time frame covered by this report. The *Legislative Count*, where applicable, represents the count associated with only positions that have been authorized for 52 weeks per year.

Organizational Units. Listed under this heading are all organizational units, both statutorily and administratively - created, which are an integral part of the agency. Most of these organizational units are either discussed in the accompanying text or are presented separately in a successive report.

PURPOSE: This is a brief expression of the agency's overall objective, purpose or mission. This section also outlines the primary responsibilities of the agency as specified by statute or expressed in other legal instruments which authorize the agency to perform certain functions or conduct certain activities. There is no attempt to state the full extent of the agency's powers and duties which are often interspersed throughout the law. One interesting aspect of the laws relating to the Executive Branch is that the statutes seldom confer powers of the State upon administrative units, but rather upon administrative officials. This is reflected in many reports where a department or agency created by statute is indicated as functioning solely through authority vested in its executive head. There are some reports, however, where this distinction is not noted.

ORGANIZATION: It is characteristic of the State Government to exist in an organizational flux as it is modified and altered by each successive Legislature and each Administration to meet contemporary needs for programs and services. This section offers some clarification of the past and present administrative position of each principal agency in the hierarchy of Maine State Government in an effort to minimize confusion caused by name-changing, establishment, abolishment, transfer and merger of agencies and their subdivisions. The organizational background is based upon that contained in the *Maine Revised Statutes Annotated*, as amended, and the *Public Laws of the State of Maine*.

PROGRAM: Although the identification, administration and organization of state agencies are significant to the purposes of this report, an account of their specific activities and accomplishments during the past fiscal year is fundamental.

At the departmental level, the program summary generally consists of a broad review of overall departmental activity, with details provided in the reports of component organizational units which follow. Several departments are unique in that they embrace a number of somewhat autonomous units under the general administrative direction of an executive head. In such instances, the department's program summary may be comprised solely of the reports of its component units.

LICENSES, PERMITS, ETC.: Many state agencies issue licenses, permits, registrations or certificates. This heading is an attempt to assemble such information in a broad-interest document.

PUBLICATIONS: This section provides an opportunity for an agency to make known additional information concerning its programs and products by listing its available publications.

FINANCES, FISCAL YEAR: Financial data relating to agency operations during the past fiscal year displays all agency expenditures by category and type of fund.

This data is generated from the Budget and Financial Management System (BFMS) supplemented by data not included in the State's accounting system or not carried in sufficient completeness as to present a useful picture. Examples of the latter are the University of Maine System and the Maine Maritime Academy. Data relating to enterprise-type accounts reflect only those expenditure elements which are included in the work program process.

Expenditures of the agency are indicated by fund and line category detail in general accordance with the State's accounting system. Some categories are split and some are combined in an effort to meet what is interpreted to be the intent of the Annual Report law.

The chief administrative unit of each department-type umbrella will have two financial displays: one which records the summary of all expenditures for the umbrella; and one for those expenditures relevant only to the operation of the chief administrative unit. Since BFMS deals with "rounded" whole-dollars, some small dollar differences will exist between this report and the Financial Report issued by the State Controller.

This Maine State Government Annual Report is the culmination of a joint effort to produce an understandable documentation of the structure and operations of Maine State Government during a particular year in its history. It has been an attempt to create a factual, objective and definitive reference of permanent value in a manner, hopefully, in keeping with the spirit and the intent of the law and in the interests of promoting greater comprehension of the workings of the State Government and its responsibility and responsiveness to the public it serves. How closely this report achieves these objectives is left to the judgment of those who will use it.

PURPOSE:

The Department of Administrative and Financial Services (DAFS) serves the public and delivers core services to state government. These services include the collection of most state revenues and the oversight of certain centralized functions. Tax, liquor, and lottery revenues, which support activities across state government, flow through DAFS and into the General Fund. In addition, DAFS oversees and sets policy for the fiscal, human resource, technological, and facilities needs of state government.

ORGANIZATION:

DAFS is led by the Commissioner and two Deputy Commissioners, one overseeing financial and human resource matters and the other overseeing operations. DAFS is comprised of the units listed at the top of this section. Information on each of these individual units can be found in the following pages.

PROGRAM:

The Department's goals, objectives, and operational activities are reflected in the reports of the different component units listed on the following pages.

 Reference Policy Area 00 Umbrella 18 Unit 119 Citation T0005 M.R.S.A., Sect. 000001541

PURPOSE:

The Office of the State Controller maintains accounting policy and records according to Government Accounting Standards Board (GASB) rules. The powers and duties of the Office are detailed in Title 5, section 1541 of the Maine Revised Statutes.

ORGANIZATION:

The Bureau of Accounts and Control was created in 1931 as an organizational unit of the Department of Administrative and Financial Services. The Bureau was renamed to be the Office of the State Controller during the second special session of the 121st Legislature. The Office is under the direction of the State Controller who is appointed for an indefinite period by the Commissioner of Administrative and Financial Services, subject to the approval of the Governor. The Office has five divisions: Accounting, Enterprise Resource Planning (ERP) Business Systems, Financial Reporting, Internal Audit and Payroll. The Office has authority for 28 positions.

PROGRAM:

The Office is responsible for maintaining and reporting all state financial transactions. Staff analyze fiscal transactions and payrolls to ensure legality

and correctness. In addition, the Office of the State Controller provides internal audit support for the agencies that comprise state government. Official financial records for all state agencies and programs are administered by the Office staff. The Office's Financial Reporting Unit prepares and publishes the State's Comprehensive Annual Financial Report (CAFR), based on Generally Accepted Accounting Principles (GAAP). The CAFR for fiscal year 2019 received the Certificate of Excellence in Financial Reporting for the thirteenth consecutive year. Several state-wide systems are managed within the Office. The Advantage System includes fund accounting, budget and appropriation control, general ledger and financial reporting, accounts payable, accounts receivable, cost accounting, fixed assets management, procurement management and vendor management. A data warehouse for all production systems is provided for statewide budget, accounting, human resources and payroll data. Queries to the warehouses can provide ad hoc or regular management reports, valuable data sorts, or specific data required in the course of completing fiscal work. The accounting production system is used to process more than 1.5 million disbursements and more than 3 million financial transactions annually. All payment transactions above \$5,000 are reviewed and approved by Office staff. The Human Resource production system keeps current personnel, payroll and position control information. This system issues more than 338 thousand payroll payments annually, approximately 99% via direct deposit (electronic) and the balance via paper checks. The Office's Payroll Unit audits agency payroll input and initiates statewide payroll weekly. Other system functionality key to the work of the Payroll Unit includes tax withholding data and W-2 production. In addition, the Maine State Time and Attendance System is used by more than 9,700 employees to record and track work and leave hours. The Office generates more than \$20 million annually in General Fund revenue through the Statewide Cost Allocation Plan (STACAP). STACAP is the allocation of certain central services costs to other funds/accounts. The Controller's Office, Bureau of Budget, Bureau of Human Resources and Bureau of General Services are examples of central service costs that are paid for by the General Fund and then recovered through STACAP to ensure other funds pay their fair share of costs.

PURPOSE:

The purpose of the Bureau of Alcoholic Beverages and Lottery Operations is to provide for: the pricing, listing and delisting of spirits; oversight of liquor

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

licensing and enforcement; and the creation, distribution, and sales of Maine State Lottery and Tri-State Lotto Commission Lottery games. The Bureau is authorized through its Director, as the Chief Administrative Officer of the State Liquor and Lottery Commission, to: have general charge of the office and records; employ personnel and make expenditures as necessary; and to conduct, with the guidance of the Commission, the administration of laws relating to the sale of spirits at agency liquor stores. The Bureau is responsible for the distribution and the sale of lottery products through licensed Lottery agents. The Bureau is responsible for the oversight of liquor licensing and enforcement.

ORGANIZATION:

The State's regulation of liquor originated in 1862 with the establishment of a Commission to Regulate Sale of Intoxicating Liquors and to have control of liquors kept and sold for medicinal and manufacturing purposes. In 1987, the Commission was increased to five members. A State Lottery was approved by public referendum in November 1973 to generate additional revenues for the State's General Fund. The first State Lottery Commission was appointed in January 1974. In 1992, the Maine State Lottery and the Bureau of Alcoholic Beverages were combined to become The Bureau of Alcoholic Beverages and Lottery Operations. The Bureau is managed by the Bureau's Director with the guidance of the State Liquor and Lottery Commission and oversight by the Commissioner of the Department of Administrative and Financial Services.

PROGRAM:

The Bureau continues to meet its goal of transferring the maximum profit to the General Fund for both the spirits and lottery businesses of the State, as well as revenue generated from the collection of excise tax on beer and wine, and the licensing of distribution and sale of beer, wine and spirits. For the Lottery business, the Bureau continues to investigate and implement new and innovative lottery games that are fun and entertaining for its players, and to provide its retail agent partners with guidance on the best ways to maximize the sale of lottery games. For the spirits business, the Bureau continues to work with the beverage alcohol industry to improve Maine's portfolio of product listings, and to provide guidance to our agency store partners on merchandising and product selection. The Bureau is also overseeing the warehouse and distribution process, which is managed by Pine State Spirits, a division of Pine State Trading Co. Additionally, the Bureau guides and interfaces with Pine State Spirits on all trade marketing matters, as they manage this process. With the addition of licensing and enforcement of all beverage alcohol, the Bureau is automating many paper driven processes to maximize its service to the regulated industry.

Reference Policy Area 00 *Umbrella* 18 *Unit* 117 *Citation* T0005 *M.R.S.A., Sect.* 0000001662

PURPOSE:

The Bureau of the Budget provides central budget and position planning and control in support of gubernatorial objectives and legislative intent. The Bureau's professional services work involves: preparing budget documents; analyzing and implementing department and agency annual work programs and requested changes; administering position actions; and developing financial forecasts and special analyses. Through these activities, the Bureau can review the administrative activities of the departments and agencies of the State, study organization and administration, identify duplication of work, and formulate plans for better and more efficient management.

ORGANIZATION:

The Bureau of the Budget was established in 1931. The Bureau is under the direction of the State Budget Officer who is appointed by the Commissioner. The Deputy State Budget Officer supervises eight budget analysts and two position control analysts. The Bureau is supported by a part-time administrative assistant.

PROGRAM:

Activities of the Bureau primarily involve the State's budgetary processes which are coordinated by the Bureau with involvement of all state government entities, as well as other entities desiring to receive state funds as provided for in law. The Bureau prepares the biennial State Budget Document, and any subsequent annual supplemental budgets, for submission to the Governor or Governor-Elect. During the process, the Bureau reviews and evaluates budget submissions from State departments and agencies, including those relating to the establishment, elimination, reallocation and/or reclassification of positions, to ensure initiatives are appropriate and accurate. The Bureau adjusts the proposed initiatives at the direction of the Governor and finalizes the budget document that the Governor submits to the Legislature.

Upon enactment of the budget and other laws with fiscal impact, the Bureau examines and recommends, for the Governor's approval, the proposed work programs and quarterly allotments that implement the legislatively-authorized funding for each department and agency of state government. Allotments must be established before a department or agency can spend the appropriations or other funds that have been approved by the Legislature in budget bills or other laws. The Bureau also performs the administrative functions necessary to implement the legislatively-authorized position actions in enacted budgets and other laws.

Throughout the fiscal year, departments and agencies may request changes in their work programs and quarterly allotments through Financial Orders and other transactions. The Bureau examines and make recommendations on these requests for the Governor's consideration and approval. The Bureau also evaluates, authorizes and implements department and agency requests for position actions during the fiscal year to ensure the actions taken are financially viable and comply with state budgetary laws, rules and procedures. The Bureau analyzes the proposed means of funding these actions and may approve or deny requests based on availability of funding.

The budgetary process is informed by forecasts the Bureau prepares for financial planning and analysis. This includes a 4-year forecast of revenues and expenditures produced every even year and the General Fund and Highway Fund revenue forecasts that are developed twice a year through consensus forecasting pursuant to Title 5, chapter 151-B. The Bureau also researches state laws and conducts ad hoc data analysis to inform policy and decision-making at executive levels.

PURPOSE:

Central Fleet Management was established to centrally procure, distribute, provide detailed usage and cost analysis, and dispose of passenger and light truck vehicles for most agencies of state government.

ORGANIZATION:

The Division operates within the Bureau of General Services.

PROGRAM:

The lease line provides over 2,000 passenger and light truck vehicles to using agencies across state government. Maintenance and repair is accomplished through a centralized Central Fleet Management service garage, other state maintenance facilities, contracted service providers and private maintenance facilities.

The rental line provides daily vehicle needs to all of state government. Agencies can request various regular and special purpose vehicles on a daily, weekly or monthly basis, allowing the optimum use of all state vehicles throughout the year.

Central Fleet Management works with all using agencies to ensure they have the most fuel efficient, cost effective, appropriate type and number of vehicles in their fleet. Fuel efficiency is part of the life cycle costing for all new vehicles purchased.

PURPOSE:

The State Claims Commission was established to ensure that the rights of property owners and/or interested parties are protected and just compensation is awarded in highway condemnations in real property taken by the State; to afford property owners and/or interested parties the opportunity to appear, present their case and have their rights fully protected without the necessity of retaining professional assistance; to determine and to award just compensation for highway takings, relocation assistance, grading and well damage claims, outdoor advertising signs, the relocation removal or disposal of automobile graveyards and junkyards, assessment of damages for takings by the Portland Water District and by the Maine Turnpike Authority, and to make rules and regulations and prescribe forms to secure speedy, efficient and inexpensive disposition of all condemnation proceedings; and, in addition thereto, to approve, partially approve, or disapprove certain claims against the State or any of its agents.

ORGANIZATION:

The State Claims Commission consists of five members, four of whom are appointed by the Governor for terms of four years. Two of these appointees must be qualified appraisers and two must be attorneys at law. The Governor designates one of the latter as Chairman. The fifth member of the Commission is appointed for each hearing or series of hearings within the county where the land taken lies. He or she must be a member of that County's Board of County Commissioners, and is appointed by the chairperson of the State Claims Commission upon recommendation by the board of county commissioners, such service being as a member of the State Claims Commission and not in the capacity of County Commissioner. Hearings are conducted by one of the attorney members, one of the appraiser members, and the county commissioner from the county in which the real estate or other interest taken by eminent domain is located.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PURPOSE:

The State Employee Health Commission was established to serve as trustee of the State Employee Health Insurance Program, including health and dental insurance, and to advise the Executive Director of the Office of Employee Health and Wellness (EHW) and the Director of the Bureau of Human Resources on issues related to employee health and wellness, and the employee assistance program (EAP).

ORGANIZATION:

Membership of the Commission consists of 24 labor and management representatives: One labor member from each bargaining unit recognized under Title 26, Chapter 9-B; one labor member from the largest bargaining unit recognized under Title 26, Chapter 14; one labor member appointed by the retiree chapters of the Maine State Employees Association; one member appointed by the Maine Association of Retirees; one labor member from the Maine Turnpike Authority; one labor member from the Maine Community College system faculty or administrative unit; one labor member from the Maine Public Employees Retirement System; one labor member from the Maine Maritime Academy; four management members appointed by the Commissioner of the Department of Administrative and Financial Services; one management member appointed by the Court Administrator; one management member from the Maine Community College System; one management member from the Maine Public Employees Retirement System; one management member from Maine Maritime Academy; and the Executive Director of Employee Health & Wellness, ex officio.

PROGRAM:

The Commission collaborates with the Office of Employee Health and Wellness, in the Bureau of Human Resources, to administer the State health plans (health, prescription, dental, retiree and Medicare Advantage), and represent the interests of labor and management in the development of plan design, vendor selection and contract approval, and wellness initiatives. The State Employee Health Plan currently provides a self-insured preferred provider organization (PPO) managed care plan for active employees and non-Medicare Part A-eligible retirees. A Medicare Advantage Private Fee-for-Service (PFFS) plan provides coverage for Medicare Part A eligible retirees. The plan has a contract with a Pharmacy Benefits Manager to provide pharmacy benefits for the PPO plan, and a stop-loss insurance policy protects the PPO Plan against claims in excess of \$750,000. Additional benefits contained in the PPO plan include a clinical advocacy program, a surgical Centers of Excellence program, a 24/7 nurse line, and an online telehealth program. Combined, the group health plans provide health care benefits for approximately 38,000 participants. The Commission provides dental insurance coverage for participating active employees. For health benefits, the Commission has adopted the strategy of value-based purchasing to improve the quality of healthcare services provided to its members. The Commission has introduced a pay for performance strategy to: encourage consumers to make informed, prudent decisions about healthcare; to provide incentives for plan members to seek care from high quality and lower cost providers; and to reward providers who demonstrate superior performance. The overall objective is to engage members in seeking efficient, high quality healthcare and to encourage providers to publicly disclose their performance data. The Commission develops a health premium credit program that enables employees to reduce their premium contribution by 5% for completing wellness initiatives identified by the Commission. Wellness initiatives vary from year to year. Some examples have included: enrollment with a primary care practice; having a dental visit; tracking biometric health data such as cholesterol levels; having a vision exam; and completing a short online wellness questionnaire.

PURPOSE:

The Division of Financial and Personnel Services provides professional fiscal and human resources expertise to departments and agencies across Maine State Government. These centralized services give agencies access to experienced staff with specialized knowledge who provide technical guidance, problem-solving, and management services. This allows agencies to focus on their core missions and rely on these specialists to remain in compliance with complex and rapidly changing reporting standards, regulations, and laws.

ORGANIZATION:

The Division is divided into five service centers, each with a finance and human resources unit. Financial staff is under the direction of the Deputy Commissioner of Finance, and the Human Resources staff is under the Director of the Bureau of Human Resources (BHR). The service centers are: General Government; Natural Resources; Security and Employment; Corrections; and Health and Human Services.

PROGRAM:

The Division works collaboratively with senior leadership at State agencies, providing consultative financial and personnel services. Areas of fiscal expertise include: compliance with State and Federal laws and regulations, statewide budgetary policy, budget development and monitoring, application of generally accepted accounting and financial practices, grant management, financial analysis, cash management, accounting and financial processing, and legislative support. Personnel services include: personnel management, recruitment and hiring, employee relations, training seminars, investigations and arbitrations, benefits administration, payroll processing, and other administrative functions.

Departments served by the service centers are:

General Government: Department of Administrative and Financial Services, Department of Education, Department of Economic and Community Development, Maine State Library, Maine State Museum, various other cultural agencies, the Governor's Office and Blaine House, and various Commissions, Boards and Authorities;

Natural Resources: Department of Agriculture, Conservation and Forestry, Department of Inland Fisheries and Wildlife, Department of Environmental Protection, and Department of Marine Resources;

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

Security and Employment: Department of Labor, Department of Professional and Financial Regulation, Department of Public Safety, Department of Defense, Veterans and Emergency Management, and various Boards and Authorities;

PURPOSE:

General Services was established to: provide one centralized bureau to manage and oversee the State's procurement process; supervise, control and maintain land and buildings in the State Capitol Complex and greater Augusta area; manage and record the leasing of all grounds, buildings, facilities and office space required by all departments and agencies of state government; record, manage, and remediate asbestos and other hazardous materials in state-owned and leased buildings and advise public schools on matters pertaining to hazardous materials; maintain a central fleet of vehicles for use by government agencies; provide central services including postal and surplus property; and plan and oversee the construction of public improvements, including schools. The Bureau is authorized to plan and develop long-range public improvement programs and to make recommendations to the Governor and the Legislature regarding such programs. It advises on and approves engineering and architectural services, proposals, plans, specifications and contracts for public improvements to state facilities and public school construction.

ORGANIZATION:

The Bureau of General Services consists of six major divisions: Planning, Design & Construction; Property Management (including Operations and Maintenance and Custodial Services); Purchases (including Procurement and State Purchases Review Committee); Central Fleet Management; Central Services (including Postal Operations and Surplus Property); and Leased Space. The organization also participates on the State House and Capitol Park Commission, the Capitol Planning Commission, the Blaine House Commission and the Capitol Riverfront Improvement District.

PROGRAM:

The Planning, Design & Construction Division staff oversee public improvements at approximately 2,000 state buildings and state-funded school projects. The Bureau

formerly prepared the biennial capital and repair budgets for all state agencies however each agency now prepares its own capital repair budget. Property Management has responsibility for operations and maintenance, including housekeeping services, of 53 buildings and 3 memorials in the various Capitol Complexes (East and West Campuses), the Maine Criminal Justice Academy and other buildings in the Greater Augusta area.

The Division of Purchases is responsible for procurement of goods and services for State Government. Central Fleet Management and Central Services manage not only the State fleet, but also Postal Services, State Surplus property and Federal Surplus property. The Leased Space Division locates state agencies either in state facilities or in privately leased facilities throughout the State.

PURPOSE:

The Bureau of Human Resources is responsible for: centralized administration of the State's Civil Service system; employee health and benefit programs; Workers' Compensation program; wellness and safety initiatives; recruitment, development and training programs; equal employment opportunity programs; bargaining agreement negotiations; and representation of management in labor relations matters.

ORGANIZATION:

In 1937, the State of Maine enacted legislation to parallel Federal Civil Service Law. A three-member State Personnel Board and a Bureau of Personnel within the then Department of Finance were established to administer this new law. The Bureau was headed by a Director of Personnel who was appointed by the Governor and the Board to serve at the pleasure of the Board. In 1941, the Bureau was made an independent state agency referred to as the Office of Personnel. In 1953, the State Personnel Board was enlarged by adding a member selected by the Maine State Employees' Association and a member selected from department heads. In 1975, these two special memberships were deleted and the State Personnel Board returned to an all-public body. In 1976, the State Civil Service System experienced its first major change. The Office of Personnel was made a Cabinet-level department, headed by a Commissioner appointed to serve at the pleasure of the Governor. The Commissioner was given the authority formerly vested in the State Personnel Board and the State Personnel Board was redefined as an advisory and appellatant body. In January 1981, the Governor placed the Office of Employee Relations under the Commissioner of Personnel and a Director of Employee Relations was appointed by

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

the Commissioner to manage labor relations and collective bargaining activities. In 1986, the Legislature significantly altered the mission and purpose of the Department of Personnel and provided a year of transition for the Department to become the Bureau of Human Resources within the newly established Department of Administration. The State Personnel Board was discontinued and replaced by the State Civil Service Appeals Board, and an advisory Policy Review Board comprised of the leadership of the larger State departments was established. The Office of Employee Relations was established as a separate Bureau, and the former training division of the Office of Employee Relations was placed under the Bureau of Human Resources. In July 1991, the State Employee Health Insurance, Workers' Compensation, and State Employee Health and Wellness programs were placed under the Bureau of Human Resources. In July 2008, the Bureau of Employee Relations became the Office of Employee Relations and was returned to the Bureau of Human Resources. In 2010, the Office of Training and Organizational Development was disbanded. In 2012, the Bureau created a Programs Unit that provides leadership training, online training, organizational development protocols and other models for statewide organizational development. This unit is now referred to as the Talent Management Division. In 2019, Employee Relations, Investigations and EEO, Compensation and Classifications, and Civil Service were organizationally placed under the Division of Compliance. In 2020, the Office of Workers Compensation, Office of Employee Health and Benefits, and Wellness Programs unit were organizationally placed under the Division of Employee Health and Wellness.

PROGRAM:

Division of Compliance: The Classification, Compensation, and Civil Service unit provides job classification audits for both employee and management-initiated requests, assists agencies with reorganization efforts, and represents the Bureau at job classification mediations and arbitrations. Salary Schedules are created and maintained by this unit. The unit also researches, interprets, and provides guidance to line agency management on human resource rules, policies, practices and procedures in the Executive Branch; reviews and acts on requests for exceptions to rules and policies; and tracks human resource-related legislative activities during the legislative sessions. The Office of Employee Relations negotiates and administers collective bargaining agreements by providing advice and counsel to managers and human resource personnel, conducting grievance hearings, and representing all State agencies in grievance arbitrations. In addition, the Office represents State agencies before the Maine Labor Relations Board in unit clarification and unfair labor practice proceedings, and it trains new supervisors and managers in the principles of discipline and other contract administration issues. The Office of the State EEO Coordinator has statutory responsibility to ensure statewide compliance with all federal and state regulations governing equal employment opportunity. It provides direction and support in all areas related to EEO as well as in the conduct of personnel investigations.

Division of Employee Health and Wellness: The Office of Employee Health and Benefits provides centralized administration of the State's health insurance, dental insurance, vision care, flexible spending accounts, and voluntary retirement savings programs. This includes the coordination of payroll deductions, health and dental eligibility determinations, and benefits communications. The Office of Workers' Compensation provides direction and technical assistance in the administration of workers' compensation claims. The Employee Assistance Program guides and assists participating employees, family members and retirees with financial, family, substance abuse and other personal problems. The Division also administers wellness programs. The Wellness Programs unit oversees the State's Employee Assistance Program, Health Premium Credit program, and other wellness initiatives. The unit also collects data from a variety of sources in order to develop and manage programs to enhance the health, wellness, and safety of employees.

Division of Talent Management: The Talent Management Division services include on-line advertising, an automated application, and computer-generated employment registers. Employment/Career Counseling services are provided to State employees who have experienced lay-off or displacement. The Division is also responsible for the management of personnel records and administers the Employee Suggestion Award Program and Statewide Employee Recognition events. It develops workforce planning protocols, recruitment initiatives, and succession planning models; provides organizational development consulting services to agencies; and delivers Leadership Institute and other training programs to enhance managers' skills.

PURPOSE:

The Office of Information Technology was established in 2005 as an agency focused on delivering information technology services ("IT Services") to the Executive Branch agencies. IT Services are also provided to support other state and local government entities as needed. The services provided by the Office allow agencies to perform their missions and support the citizens of Maine.

ORGANIZATION:

OIT is led by the Chief Information Officer (CIO). The five areas which fall under the leadership of the CIO are: Client and Infrastructure Services, Enterprise Shared Services, Information Security Office, Project Management Office, and the Office of the CIO. The Office of the CIO along with the four other units makes up the technology services delivery arm of the Executive

Branch.

PROGRAM:

In order to safely and effectively provide IT Services, the Office is responsible for identifying needs, procuring and contracting to meet these needs, and ensuring services are provided in a safe and secure manner. The various units within the Office provide the network, phones, computers and other tools which allow agencies to perform their missions. Development staff work closely with the agencies to determine system needs, develop applications as needed, and perform maintenance. Project management resources are used to ensure projects stay on time and on budget. Data security is the top priority and the Information Security Office continuously assesses the threat environment and takes steps to ensure that the information related to Maine citizens is kept safe and secure.

PURPOSE:

The Information Resource of Maine, known as InforME, serves as a self-supporting and cost-effective electronic web portal (www.maine.gov) to provide and enhance access to the State's public information for individuals, businesses, and other entities.

See the InforME Public Information Access Act at:
<http://www.mainelegislature.org/legis/statutes/1/title1sec531.html> (sections 531-538).

ORGANIZATION:

The InforME Board consists of 15 voting members and 2 nonvoting, advisory members as follows:

The Secretary of State or the Secretary of State's designee; three members who are chief executive officers of agencies of the Executive Branch that are major data custodians, who are appointed by the Governor and who serve at the pleasure of the Governor, or their designees; a representative of the University of Maine System, appointed by the Chancellor; a representative of a statewide association of municipalities, appointed by the Governor from nominations made by the association's governing body; a representative of a nonprofit or user organization advancing citizens' rights of access to information, appointed by

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

the Governor; and a representative of a statewide association of public librarians, appointed by the Governor from nominations made by the association's governing body; two members from user associations of a statewide character appointed by the Governor; the Commissioner of Administrative and Financial Services or the Commissioner's designee; the State Librarian or the State Librarian's designee; two public members, one appointed by the President of the Senate and one appointed by the Speaker of the House of Representatives; a representative of the membership or staff of the Judicial Department, appointed by the Chief Justice of the Supreme Judicial Court, who serves as a nonvoting member; the Chief Executive Officer or designee of the private entity under contract as the Network Manager who serves as a nonvoting member; and the Chief Information Officer or the Chief Information Officer's designee.

PROGRAM:

The web service governed by the InforME board and executed by the Maine Information Network, is continually recognized nationally for outstanding services and content on the Maine.gov website. In 2019, Maine.gov was ranked a finalist in the Government Experience Awards program and Gold in the Ava Digital Awards. Each program that has honored Maine.gov has done so because of the Network Manager's attention to usability, accessibility and the user experience.

Maine.gov is a very important medium for the electronic delivery of public information and services. It is not the exclusive means of delivery of information and services to the public. There exist many other avenues of electronic delivery including direct delivery by agencies through the Office of Information Technology as well as through other 3rd party providers.

The InforME Board provides direction to the InforME portal manager, Maine Information Network. Maine.gov provides universal continuous access to accurate, current web-based electronic public information that may be searched to suit the user's own purposes. Services include, at a minimum: providing standardized access to customized databases and data custodians' databases; providing links to other information sources; conducting electronic business and payment transactions; assisting state agencies in electronically disseminating public information in their custody; and constantly improving access to and the utility of the public information available through maine.gov. The Network Manager under oversight from the InforME board explores, and, where appropriate, implements ways to: A. Expand the amount and kind of public information available free of charge; B. Increase the utility of the public information provided and the form in which it is provided; C. Expand the base of users who access the public information; and D. Improve individual and business access to public information through improvements in technology. Maine.gov provides opportunities for individuals, businesses, and other entities to review public information for accuracy and to indicate to the data custodian when corrections may be appropriate; provides a mechanism for the authorized transfer of nonpublic information; promotes opportunities for interagency cooperation; and provides opportunities for innovative uses of public information.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

Reference Policy Area 00 *Umbrella* 18 *Unit* 364 *Citation* T0005 *M.R.S.A., Sect.* 000000283A

PURPOSE:

The Commission was established to provide oversight for the controlled distribution and sale of spirits and lottery products so that it may effectively generate additional revenues for the support of the State government.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

The Commission has the following powers and duties: control and supervise the pricing, listing and delisting of spirits for sale to the public; promulgate and amend rules; make recommendations and set policies; and transact other business that may be properly brought before it.

ORGANIZATION:

The State's regulation of liquor originated in 1862 with the establishment of a Commissioner to Regulate Sale on Intoxicating Liquors to have control of liquors kept and sold for medicinal and manufacturing purposes. In 1905, a Liquor Enforcement Commission was established to enforce the law against the manufacture and sale of intoxicating liquors. Both agencies were abolished in 1911.

A State Liquor Licensing Board was created in 1933 consisting of three members appointed by the Governor, with the advice and consent of the Executive Council, for terms of three years. The chairman was designated by the Governor. The Board was renamed the State Liquor Commission in legislation effective 1934 which outlined responsibilities with respect to the State control of liquor still basic to the Commission in conjunction with the present Bureau of Alcoholic Beverages. As of 1977, the members of the Commission are appointed by the Governor, subject to confirmation by the Legislature. In 1987, the Legislature raised the membership to five. In November 1973, a public referendum approved a State Lottery and the first State Lottery Commission was appointed in January 1974. In 1992, the Maine State Lottery and the Bureau of Alcoholic Beverages were combined to become the Bureau of Alcoholic Beverages and Lottery Operations. In July 1993, the Maine State Liquor and Lottery Commission were merged into a single, combined Commission of five (5) members.

PROGRAM:

The Commission provides oversight to the financial performance and operational activities of the Bureau of Alcoholic Beverages and Lottery Operations.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

Telephone (207) 624-7491

PURPOSE:

The Office of Marijuana Policy (OMP) is responsible for the oversight of all aspects of legalized marijuana. The mission of OMP is to ensure the health and safety of all Mainers by effectively and responsibly licensing and regulating marijuana establishments. It aims to develop a good faith partnership between the State of Maine and stakeholders by establishing rules and policies that provide interested consumers with access to a regulated industry while diminishing an unregulated black market.

The powers and duties of OMP are detailed in Title 22, Chapter 558-C (medical) and Title 28-B (adult use).

ORGANIZATION:

In Maine, the responsibility for licensing, compliance, enforcement, and general oversight of Maine's medical use of marijuana and adult use marijuana programs is unified within OMP. The Office is led by a director who oversees a senior leadership team consisting of a deputy director, policy director, special projects director, engagement and community outreach director, and data analytics director. The deputy director oversees the day-to-day operations of OMP's licensing and compliance divisions.

DEPARTMENT OF ADMINISTRATIVE AND FINANCIAL SERVICES

PROGRAM:

The State of Maine first legalized medical marijuana by referendum in 1999. In 2009, Maine voters again took up the topic of medical marijuana, this time establishing a distribution mechanism that had been nonexistent since 1999. It took another two years before the first of Maine's medical marijuana dispensaries began operating. Presently, eight dispensaries and more than 2,500 caregivers serve the State's approximately 45,000 medical marijuana patients.

In November 2016, Maine voters approved the recreational use, retail sale and taxation of marijuana. The Maine Legislature spent the next two years working to overhaul the Marijuana Legalization Act. OMP was established within the Department to complete the rulemaking process required by law that would permit the State of Maine to proceed with accepting and processing applications for adult use marijuana establishments.

Regardless of these changes to Maine law, marijuana is still illegal at the federal level. While limited federal protections exist for medical-use, Mainers should educate themselves about the potential consequences of the recreational use of marijuana.

PURPOSE:

The Maine Board of Tax Appeals provides taxpayers a fair system of resolving controversies with the Maine Bureau of Revenue Services and ensures due process.

ORGANIZATION:

The Board consists of three members appointed by the Governor, subject to review by the Joint Standing Committee of the Legislature having jurisdiction over taxation matters and confirmation by the Legislature. No more than two members of the Board may be members of the same political party. The Governor designates one board member to serve as chair and may remove any member for cause.

The Commissioner of the Department of Administrative and Financial Services appoints the Chief Appeals Officer to assist the Board, manage the appeals office, and hire personnel, including subordinate appeals officers and professional, technical, and support personnel.

PURPOSE:

The Bureau of Revenue Services, also known as Maine Revenue Services (MRS), was established to collect revenues necessary to support Maine state government through the assessment of taxes and to improve the administration of tax laws.

ORGANIZATION:

The Assessor, Associate Commissioner of Tax Policy, and the State Taxpayer Advocate are all appointed by the Commissioner of the Department of Administrative & Financial Services. The State Tax Assessor (the Assessor) oversees the administration of Maine's tax laws through ten divisions and units: Income/Estate Tax Division; Sales, Fuel & Special Tax Division; Property Tax Division; Quality Assurance Division; Operations Division; Accounting Division; Compliance Division; Tax Compliance Unit; Criminal Investigation Unit; and the Office of General Counsel. The Associate Commissioner of Tax Policy oversees the Office of Tax Policy, which conducts legal and economic analysis. The State Taxpayer Advocate serves as a resource for Maine taxpayers who need assistance with Maine tax issues.

PROGRAM:

The Income/Estate Tax Division administers income (individual, corporate, and fiduciary); withholding (wage, real estate, and pass-through entity); estate; financial institutions franchise; and insurance premiums taxes. The Division administers pass-through entity reporting, reimbursements under the Employment Tax Increment Financing and Visual Media programs, and various tax credits, including the Educational Opportunity Tax Credit, Property Tax Fairness Credit, Child Care Credit, and Pine Tree Development Zone Credit.

The Sales, Fuel & Special Taxes Division administers sales, use, service provider, healthcare provider, hospital, gasoline, special fuel, cigarette, tobacco, potato, blueberry, quahog, marijuana, and railroad taxes. The Division also administers milk handling fees, recycling assistance fees, abandoned bottle deposits, prepaid wireless fees, and pesticide container fees. The Division also conducts compliance audits.

The Property Tax Division oversees municipal property tax administration, including the assessment and collection of property and excise taxes for the unorganized territory. The Division conducts the annual State Valuation process that is used to calculate county taxes, to establish municipal and school bond

debt limits, and to determine education funding and revenue sharing. The Division determines and administers municipal reimbursements for various exemptions and current use programs. The Division administers various other tax and reimbursement programs, including: commercial forestry and telecommunications excise taxes, real estate and controlling interest transfer taxes, and the Business Equipment Tax Exemption and Business Equipment Tax Reimbursement programs.

The Quality Assurance Division provides quality assurance testing and works closely with the Office of Information Technology to operate, maintain, and develop MRS's computer network, automated systems, and electronic tax filing and payment application systems.

The Operations Division processes mail and tax returns, deposits daily tax revenues, provides data entry services, processes taxpayer registrations, and operates a taxpayer contact center. The Division also provides oversight for physical, personnel, and cyber security and develops and drafts MRS security policies.

The Accounting Division prepares MRS's budget, creates and processes daily cash receipts, monitors expenditure activity, and performs the accounts payable function. The Division also provides GAAP related entries to the Office of the State Controller for the monthly and annual financial statement closings. The Compliance Division collects all delinquent taxes through statutory means and MRS's third party collection agency. The Tax Compliance Unit identifies and contacts non-filers who have an obligation to file a Maine state individual income tax return and assesses income tax if a return is not filed. The Criminal Investigation Unit performs criminal investigations and forwards completed cases to the Office of the Maine Attorney General for prosecution.

The Office of General Counsel provides legal research and advisory services to the Assessor and all MRS divisions. The Office reviews decisions on reconsideration, advisory rulings, subpoenas, and settlement agreements. The Office also assists the Office of the Attorney General in all legal proceedings before the Maine Board of Tax Appeals and Maine courts.

LICENSES:

MRS administers the following licenses: Sales Tax Retailer Certificate, Sales Tax Resale Certificate, Tobacco Distributor License, Cigarette Distributor License, Licensed Gasoline Distributor, Registered Gasoline Distributor, Special Fuel Supplier Certificate, Special Fuel Retailer Certificate, Blueberry Processor and Shipper License, Potato Shipper License, Certified Maine Assessor Certificate, and Certified Assessment Technician Certificate.

PURPOSE:

The Risk Management Division provides insurance advice to the State government and administers all state insurance and self-funded plans and programs, except for Workers' Compensation and employee benefits.

ORGANIZATION:

The staff consists of three insurance professionals and two clerical support positions. The Division has existed in one form or another since the 1920's.

PROGRAM:

The Division provides insurance services and loss control services to state agencies. Insurance services include, but not limited to: property, general liability, ocean marine, bonding, vehicular liability, cyber security, aviation and police professional liability. Insurance rates are based on the cost of commercial insurance, where applicable, plus the projected cost of self-insured claims based on actuarial studies of past claims.

In addition, the Division annually reviews the entire subject of insurance as it applies to state property and activities; develops and maintains accurate records of all insured buildings and contents, state-owned vehicles, aircraft, ocean marine equipment and other pertinent information so as to properly apply insurance coverage; recommends to the Commissioner of the Department of Administrative and Financial Services such insurance as deemed necessary or desirable for the protection of all state property and activities; recommends a limit of self-insurance on state-owned buildings, contents, furniture, fixtures, and activities consistent with adequate capitalization and administration of the Self-Insurance Fund; and provides insurance coverage for unusual or unique situations and conditions, as deemed necessary.

PURPOSE:

The Department of Agriculture, Conservation and Forestry is a key partner to the many citizens of the state of Maine involved with Maine's land-based natural resources. To grow Maine's natural resource, agricultural, forestry and outdoor recreation-based economy, the Department of Agriculture, Conservation and Forestry: increases public awareness of the value of natural resources; provides factual support for sustainable use of the scenic, mineral, coastal and fresh water resources of the state; maximizes public access while maintaining the natural character of Maine's public lands, state parks, and historic sites; participates in land use planning that recognizes the greatest public value and also supports agricultural, recreational, forest production, mining and other public resource uses; protects the public's health and well-being from the consumption of harmful or unsanitary food products and food preparation practices; documents the growth and harvest of the state timber resource and leads the efforts that protect Maine forests from fire, theft, and insects; coordinates land use planning in unorganized territories; detects, prevents and eradicates plant and animal diseases and insects/pests; develops, compiles, and disseminates scientific and practical knowledge, and provides ongoing database information and mapping of natural resources; and conserves and improves the productivity of the state's soils.

ORGANIZATION:

The Department of Agriculture, Conservation and Forestry was created in 2012 by combining the former Department of Agriculture, Food and Rural Resources, Department of Conservation, and many functions of the State Planning Office. In addition to the Office of the Commissioner, the Department consists of four bureaus: Agriculture, Food and Rural Resources; Forestry; Parks and Lands; and Resource Information and Land Use Planning.

PROGRAM:

The Department of Agriculture, Conservation and Forestry's operational activities, goals, objectives, and plans are reflected in the reports of the individual bureaus, divisions, and programs.

LICENSES:

Listed under the appropriate program units in following reports.

PURPOSE:

The Bureau has the primary responsibility for: animal and plant health; farm and consumer quality assurance; agricultural product marketing; and partnerships that promote rural educational events. The Bureau is also charged with developing the public's understanding of Maine agriculture's importance to the state's economy, the vitality of rural communities, and Maine's quality of life.

ORGANIZATION:

The Bureau of Agriculture, Food and Rural Resources includes the Division of Agricultural Resource Development, Division of Quality Assurance and Regulation, and Division of Animal and Plant Health. The Bureau Director is assisted by directors and program managers in each division, in addition to staffing associated with the Harness Racing Commission, Maine Milk Commission, and the Board of Pesticides Control.

PROGRAM:

Agricultural Resource Development enhances and expands Maine's agricultural product markets, and offers technical assistance in financing, environmental regulations, land conservation, marketing and promotion, and agricultural fairs. Market Development and Promotion provides marketing support to Maine food and fiber producers, food processors, agricultural associations, and wholesale and

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

retail buyers. This is achieved through its "Real Maine" promotional platform as well as supporting exhibitor opportunities at trade shows and special events. The program also supports direct market farmers, farm to school sales, and agriculture in the classroom educational initiatives. Staff manages grant and loan programs, including the Agricultural Marketing Loan Fund, Agricultural Development Grants, Specialty Crop Block Grants, and the Maine Farms for the Future grant program. Staff also provides support for agricultural resource programs, including farmland protection, farmland property tax, farmland registration, beginning and veteran farmer support, Senior Farm Share, The Emergency Food Assistance Program (which includes USDA commodities), Commodities Supplemental Food Program, and Hunters for the Hungry.

The Division of Quality Assurance and Regulation performs inspection and licensing activities ensuring that foods are packaged, processed, prepared, stored, and sold in sanitary and safe environments in cooperation with the Department of Health & Human Services. The Weights and Measures Program maintains standards of commercial commerce transactions. The Metrologist is responsible for matching state standards to those of the National Institute of Standards and Technology. Quality Assurance Inspection provides the agricultural industries with a uniform grading service for agricultural products. The inspection program also operates fruit and vegetable, shell egg, meat, and poultry inspection, and GAP (Good Agricultural Practices)/GHP (Good Handling Practices) audit/certification programs under cooperative agreements with USDA. All consumer size packages of potatoes receive a mandatory quality inspection prior to shipment. Milk quality is monitored in the Department's USDA-accredited lab.

The Division of Animal and Plant Health prevents the introduction and spread of poultry, livestock, and plant disease. The State Apiarist is responsible for licensing, managing education and training, and inspection for beekeepers and hives. The Division is responsible for programs pertaining to human health as it is associated with the spread of contagious, infectious, and parasitic diseases derived from poultry, livestock, and plant species. A major activity of the Division is the certification of seed potatoes. Programs also include oversight and licensing of livestock facilities. The Animal Welfare Program (AWP) ensures the humane and proper treatment and licensing of companion animals. The AWP is responsible for planning, preparing, and responding to all natural disasters that impact domestic animals and their owners, and also certifies all local animal control officers.

Harness Racing Commission, Maine Milk Commission, Pull Events Commission, and Board of Pesticides Control are listed separately in the annual report.

LICENSES:

Licenses:

Nursery; Beekeepers; Ginseng Certificate; Phytosanitary Certificate; Health Certificate for Certified Seed Potatoes; Health Certificate for Honeybees; animal shelters; boarding kennels; breeding kennels; pet shops; research facilities; and dogs.

Permits:

Maine (intra- and interstate) movement of plant material; Maine (interstate) Honeybees; Imported Seed Potatoes; large game shooting areas; deer and elk farms; swine garbage feeders; livestock and poultry dealers; livestock auctions; users of Blue, White & Red Trademark or State of Maine Quality Trademark and providers (of trademark supplies); potato dealers; dry bean dealers; controlled atmosphere apple storage; dealers and repair persons of weighing and measuring devices and public weighmasters; wood scalers; food establishments; feed, seed, and fertilizer products, including lime products and plant and soil amendment products; blueberry processors; meat and poultry processors and milk and milk-derived product producers and processors; livestock and poultry importations; biologics; dairy farms; livestock operations permits; pig scrambles; calf scrambles; and vendor permits for dogs and cats under six months old.

The Bureau is responsible for the "Real Maine" (formerly "Get Real. Get Maine!") trademark for the identification of Maine grown or processed food and farm products.

PUBLICATIONS:

The Bureau manages the www.getrealmaine.com website and produces quarterly publications regarding agricultural marketing, agritourism, and special events,

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

including those focusing on Maine Maple Sunday, Open Farm Day, Harvest Time in Maine, and the Agricultural Trades Show.

PURPOSE:

The Maine Agricultural Marketing and Bargaining Act authorizes producers of agricultural products to form organizations for the purposes of bargaining with handlers of those products with respect to price and other terms and conditions of their sale. The Act provides for the certification of those producer organizations which meet the statutory criteria for qualification and requires qualified associations and handlers to bargain in good faith. When an association and a handler cannot reach agreement, the statute provides for binding final offer arbitration.

ORGANIZATION:

The Maine Agricultural Bargaining Board consists of five members and two alternates, who shall be appointed by the Governor. One member and one alternate shall be appointed from a list of names submitted by agricultural producer organizations. One member and one alternate shall be appointed from a list of names submitted by processors of agricultural products. In appointing these members and alternates, the Governor shall seek to represent as many different agricultural products as possible, and a member and the alternate for that member may not be associated with the same agricultural product unless suitable persons cannot otherwise be appointed. An alternate shall serve when, for any reason, the respective member is unable to serve. Three members shall be representatives of the public. A public member may not hold any interest or stock or securities in any producer, dealer, processor, or other person whose activities are subject to the jurisdiction of the Board.

PROGRAM:

Only one organization is certified, representing producers of potatoes used for processing.

LICENSES:

PURPOSE:

The Office of the Commissioner (OFC) provides management and planning oversight across all bureaus within the department and coordinates department-wide technology, finance, and human resources. Additionally, the OFC prioritizes and reviews the legislative activity, contractual agreements, and regulatory agenda of all bureaus.

The OFC receives and directs inquiries for services from the general public and establishes relationships - formal and informal - with other agencies of State and Federal government.

ORGANIZATION:

The Department of Agriculture, Conservation and Forestry is led by the Commissioner, Deputy Commissioner, and executive staff who are responsible for planning and implementing activities relating to human resources, public information, educational outreach, personal safety, regulatory compliance, as well as legislative and budget initiatives.

PROGRAM:

The OFC directs policy and provides oversight to programs that affect Maine agriculture, forestry, parks and public land, geology, land use planning, and other departmental operations. It coordinates the development, tracking, and response to legislative and budget issues. The department's coordination with the Natural Resources Service Center, the Attorney General's office, the Office of Information Technology, and other Executive Branch agencies is through the OFC.

PURPOSE:

The Bureau of Forestry was established to ensure the greatest benefits from the state's trees and forests for Maine's citizens.

The Bureau's responsibilities are to: promote sound forest management of Maine's forests to optimize benefits from the forest; protect forests from destructive elements, including fire, insects, and diseases; provide forest management advice and assistance; promote improved utilization and marketing of forest products; collect and maintain up-to-date data, including a forest inventory; promote sound

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

forest policy; and administer the state's forest practices laws.

ORGANIZATION:

The Bureau is organized into three Divisions: Forest Protection, Forest Policy and Management, and Forest Health and Monitoring. Each Division is administered by a manager who oversees all activities. Field operations are administered through regional supervisors.

PROGRAM:

The Director's office manages state forestry issues with the USDA Forest Service; is responsible for budget preparation and management; responding to legislative proposals; and is responsible for the administration of federally funded cooperative assistance programs, including fire, forest health, landowner assistance, and urban forestry.

The Forest Protection Division provides wildfire control, natural resource protection, and incident management for disasters and emergencies. Wildfire control is accomplished through prevention, detection, readiness, suppression, and investigation. Forest Rangers provide technical assistance, information, and training to firefighting and incident management agencies. Rangers enforce wildfire prevention, landowner protection (e.g., theft), and other laws.

The Forest Policy and Management Division promotes informed decisions about Maine's forests. Division staff provide: technical assistance; information and education; outreach and enforcement services on timber harvesting and water quality laws; reports on the state of Maine's forests; assistance through workshops, demonstrations, and presentations; and individual contact between District Foresters and landowners.

The Forest Health and Monitoring Division's objectives are to protect the state's forest, shade, and ornamental tree resources from significant insect and disease damage. Division staff conduct surveillance and evaluations to provide pest management and damage prevention options for homeowners, municipalities, and forest landowners. Responsibilities also include conducting a permanent inventory of Maine's forest resources on a 5-year annualized cycle.

Reference Policy Area 04 *Umbrella* 01 *Unit* 017 *Citation* T0008 *M.R.S.A., Sect.* 0000261-A

PURPOSE:

The State Harness Racing Commission was established to maintain the integrity of pari-mutuel harness racing in the state of Maine and to ensure that pari-mutuel racing is conducted in the best interest of horsemen, affiliated associations, and the general public. The primary responsibilities of the Commission are: to promulgate rules for conducting pari-mutuel harness racing and the operation of tracks and off-track betting facilities; to assign racing dates to the pari-mutuel tracks; to license associations, racing participants, and off-track betting facilities in Maine; to oversee the enforcement of the Commission's statutes and rules; and to help promote harness racing in Maine.

ORGANIZATION:

The Commission consists of five members appointed by the Governor. One member must be a member of the general public with no industry affiliation. One member must be affiliated with an agricultural society that conducts an annual agricultural fair. The remaining three members must be persons with knowledge of harness racing. The Governor shall appoint one of the five Commission members as Chair.

PROGRAM:

The Commission: grants track licenses to operate harness racing; licenses off-track betting facilities to operate and accept pari-mutuel wagers; licenses or registers participants in harness horse racing, pari-mutuel employees and race officials, and charges a fee; regulates, supervises, and checks the making of pari-mutuel pools and their distribution; establishes a schedule of fines and adopts a schedule of suspensions; encourages and promotes the breeding of Maine Standardbred horses; and assists with the promotion of harness racing in Maine.

Drug testing programs are used on a continuing basis in an effort to eliminate drug use on racehorses within the state.

Reference Policy Area 04 *Umbrella* 01 *Unit* 010 *Citation* T0007 *M.R.S.A., Sect.* 000002212

PURPOSE:

The State Horticulturist assists the Director, Division of Animal and Plant Health, in the implementation of plant, insect, and disease laws and quarantines, the certification of plant materials, and honeybees and hives involved in interstate and international movement.

ORGANIZATION:

The State Horticulturist is under the Division of Animal and Plant Health.

PROGRAM:

Major responsibilities of this unit include: nursery, greenhouse, and plant dealer inspections; licensing of plant sales outlets and providing assistance to industry and the general public on horticulture issues; managing the arborist licensing program, hemp licensing program, apiary program, Integrated Pest Management program (IPM), and Cooperative Agricultural Pest Survey program (CAPS).

Businesses selling rooted plant material are licensed and inspected for a variety of plant pests, focusing on pests that are either not found in the state, are new to the state or of limited distribution, and pests that have the potential to impact the health of economically important crops.

This office, with help from the seed potato certification program, inspects and certifies plant material and issues phytosanitary certificates to assist growers in marketing products to other countries. Most of these certificates are issued for seed, nursery crops, seed potatoes, feed barley, and wheat.

This office division also licenses arborists to work on shade and ornamental trees in the state. Candidates must pass a written examination to be eligible for licensing.

The office licenses hemp growers, who must plant certified seed, and their crops must be inspected before harvest.

The State Apiarist licenses commercial and hobby beekeepers and inspects beehives. This program also issues certificates of inspection to allow for interstate transfer of commercial hives.

Division staff also survey for several exotic pests of importance to Maine's agriculture and forest industries through the federally funded CAPS program. In cooperation with others, including the Bureau of Forestry and the University of Maine Cooperative Extension, plant commodity surveys and emergency pest surveys are conducted to look for exotic and regulatory-significant pests.

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

The IPM program leads initiatives to develop and promote guidelines, resources, and education to minimize reliance on pesticides and safeguard health. The IPM entomologist coordinates activities for the eleven-member Maine IPM Council. The IPM program provides technical guidance and outreach to schools, government agencies, institutions, businesses, and citizens.

LAND FOR MAINE'S FUTURE BOARD SARAH DEMERS, DIRECTOR

Central Office 19 ELKINS LANE, ELKINS BLDG, AUGUSTA, ME 04330
Mail Address 22 STATE HOUSE STATION, AUGUSTA, ME 04333-0022 *FAX*
Established 1987 *Telephone* (207) 287-7576
Reference Policy Area 04 *Umbrella* 01 *Unit* 683 *Citation* T0005 *M.R.S.A., Sect.* 000006202

PURPOSE:

The Land for Maine's Future (LMF) program is a publicly funded vehicle for land easements and fee acquisitions of lands for public use and benefit. The LMF Program promotes working landscapes, which are part of Maine's rural economy. LMF farmland preservation projects support farmer and community efforts to keep land in agricultural production. Working forest easements are part of Maine's wood supply for the forest products industries and provide access for recreational use. The working waterfront access protection program makes key points of access along Maine's coast available to the commercial fisheries industry. LMF also prioritizes the protection of wildlife and fisheries habitat, as well as key public access points to Maine waters, and ensures that land utilizing LMF funding is available for traditional recreational activities where suitable.

Since the creation of the program, over 570,000 acres have been acquired, which includes approximately 332,000 acres of working lands, reflecting LMF's efforts to conserve the working landscape and keep lands in private ownership with permanent land conservation agreements.

ORGANIZATION:

The LMF Board manages the Land for Maine's Future Fund, the Public Access to Maine Waters Fund, and jointly administers the Working Waterfront Access Protection Program with the Department of Marine Resources. The Board consists of nine members: six are private citizens appointed by the Governor, and the remaining three are the Commissioners of the Departments of Agriculture, Conservation and Forestry (DACF), Inland Fisheries and Wildlife (DIFW), and Marine Resources (DMR). The Governor appoints the Board's chairperson. The program director, technical staff, and clerical support operate within the Bureau of Resource Information and Land Use Planning.

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

PROGRAM:

The Board is responsible for reviewing funding requests for land protection projects and authorizing the distribution of bond proceeds to priority projects. Funding is drawn from the sale of bonds approved by voters. LMF bond funds are matched with additional funds at a ratio of at least \$1 in matching funds for every \$1 of public funds expended.

The Board has established a process for the public to nominate lands and a scoring system to evaluate proposals. There are four proposal categories: Conservation and Recreation Lands, Farmlands, Working Waterfronts, and Water Access Lands.

Reference Policy Area 04 *Umbrella* 01 *Unit* 672 *Citation* T007A *M.R.S.A., Sect.* 0000000206

PURPOSE:

The mission of the Bureau of Resource Information and Land Use Planning centers on providing science for resource management and land use planning.

ORGANIZATION:

The Bureau has six programs: Geological Survey, Natural Areas Program, Municipal Planning Assistance Program, Land Use Planning Commission, Floodplain Management, and Land for Maine's Future.

PROGRAM:

Maine Geological Survey: Geologic Mapping provides interpretation of surficial materials, rock types and structures, and the identification of aquifers, minerals, and geologic hazards such as earthquakes. Hydrogeology assesses groundwater supply, aquifer delineation, and groundwater quality. Marine Geology conducts studies of shoreline stability, landslides, storm surges, sea-level rise, beach nourishment, and dredged material disposal sites.

Maine Natural Areas Program (MNAP): With landowner permission, MNAP inventories lands and maintains a cross-referenced data management system containing current and historic information about natural features. MNAP provides this information directly to landowners and land managers. MNAP also provides outreach and education on invasive plants in Maine, including iMapInvasives, a web-based map and database, that shows where invasive species are on Maine's landscape.

Municipal Planning Assistance Program (MPAP) provides technical assistance to

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

organized municipalities and regional planning organizations, and grants to towns for projects that improve water quality, increase resiliency/adaptation to erosion and flooding, restore habitat, promote development, and enhance the economy while preserving natural resources. MPAP also provides information and guidance to towns on comprehensive planning and reviews plans for consistency with Maine's Growth Management Act.

The Land Use Planning Commission (LUPC) serves as the planning and zoning authority for the unorganized and deorganized areas of the state, including townships and plantations. These areas cover over half the state, encompassing more than 10.4 million acres. The LUPC land use controls impact many local economies as well as Maine residents and visitors.

The Floodplain Management Program assists communities participating in the National Flood Insurance Program (NFIP) by: providing workshops for local officials and other professional groups that focus on flood maps; interpreting ordinances and administering floodplain management requirements; and providing information about flooding to homeowners, businesses, lenders, realtors, surveyors, engineers, and others.

MAINE MILK COMMISSION
TIM DRAKE, EXECUTIVE DIRECTOR

Reference Policy Area 04 *Umbrella* 01 *Unit* 015 *Citation* T0007 *M.R.S.A., Sect.* 000002952

PURPOSE:

The Maine Milk Commission, in consideration of the public health and welfare as it relates to an adequate supply of fresh, healthy milk, has economic influence over the purchasing, distribution, and sale of milk within the state. It has the power to conduct hearings and subpoena and examine dealers under oath, along with their records, books and accounts, and any other person from whom information may be desired. It may act as mediator or arbitrator to settle any controversy or issue among producers, dealers, and consumers, any of whom may petition the Commission to change prices or conditions in any market area.

ORGANIZATION:

The Commission is comprised of four consumer members and the Commissioner of Agriculture, Conservation and Forestry, ex officio. The Commission holds regular meetings each calendar month, and special meetings may be called by the chairperson whenever requested in writing by two or more members. The Commission is financed by a fee assessment on milk produced by industry members.

PROGRAM:

The Commission establishes a uniform system of accounts for reporting and allocating costs of processing, packaging, and distributing milk within the state of Maine. The cost of production study information is used as a guide for Commission members in their monthly deliberations for setting minimum prices. The information is also used for setting target prices in the Maine Dairy Stabilization Program.

The Commission sets minimum prices based on the lowest achievable cost at which milk purchased from Maine producers can be received, processed, packaged, and distributed within the state at a just and reasonable return.

The Executive Director also administers the Maine Milk Pool, which balances prices paid to producers whether they ship milk to processors located outside the state or to processors located in Maine. The Executive Director also administers the Maine Dairy Relief "Tier" Program, which pays dairy farmers from available funds the difference between a legislatively derived "cost of production" and the actual price received when that price drops below the "cost of production".

Reference Policy Area 04 *Umbrella* 01 *Unit* 670 *Citation* T00012 *M.R.S.A., Sect.* S000001802

PURPOSE:

The Bureau of Parks and Lands (BPL) manages land, constructs and maintains outdoor recreation facilities, distributes information, develops and implements management plans, administers grants, and coordinates with other state and federal agencies that have related programs.

The Bureau manages forests, wildlife habitat, and recreational use on over 700,000 acres statewide. These lands include over 85,000 acres in 35 State Parks, the Allagash Wilderness Waterway, and 13 state historic sites, and more than 629,000 acres of Public Lands. The State also holds more than 1 million acres of conservation, recreation, and public access easements, including lands along the Appalachian Trail, the Penobscot River Corridor, and large areas of working forest across northern Maine. In addition, the Bureau has jurisdiction over 2.3 million acres of submerged lands, 1,333 coastal islands, and 310 miles of former rail beds converted to multi-use trails. The Bureau also administers special programs related to boating access, navigational hazard marking, snowmobile and ATV trails, the Federal Land and Water Conservation Fund and Recreational Trail Program, and the Maine Conservation Corps.

ORGANIZATION:

A Director heads the Bureau. There are six regional offices -- three supervising the State Park system and three supervising the Public Reserved Lands system. In addition to staff that work on state parks and public lands, the central Bureau includes three other programs: Off-Road Vehicles, Boating Facilities, and Submerged Lands.

PROGRAM:

State Parks and Historic Sites provided recreation and education opportunities to nearly 3 million visitors in calendar year 2019. The campground reservation program processed 21,137 reservations for state park campgrounds, contributing \$1,605,909 to the General Fund. The Maine State Park Pass Program also generated \$1,292,105 in revenue in calendar year 2019. In addition, \$407,810 was contributed to municipalities in fee sharing for calendar year 2019. The Off-Road Recreational Vehicle program graded 42 miles, mowed 134 miles, brushed 5 miles, and completed 0.5 miles of resurfacing on multi-use rail trails in FY20.

The Public Lands program conducted sustainable forest management on 8,765 acres of the Bureau's 432,000 acres of working forestland, yielding 102,803 cords of wood. BPL also monitors nearly 100,000 acres of Ecological Reserves. BPL maintained its third-party forest certification through the Sustainable Forestry Initiative and the Forest Stewardship Council.

The Planning, Acquisition and Special Services Program is currently involved in two 15-year management plans covering approximately 81,800 acres. This program administered 288 camp lot leases, 10 sporting camp leases, and monitored 42

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY

conservation easements in FY20.

The Grants and Community Recreation Program awarded \$838,018 in federal highway grants for 16 recreational trails program projects and administered \$1,236,567 in 51 currently funded Recreational Trail Program projects during this period. The program also awarded \$1,728,161.50 for seven new Land and Water Conservation Fund grants while administering \$2,378,368 in 16 active Land and Water Conservation Fund projects. The Maine Conservation Corps (MCC) is comprised of AmeriCorps members who undertake conservation projects while completing job readiness training and the achievement of personal development goals. In FY20, MCC administered \$497,156 in federal funds to accomplish conservation initiatives throughout the state. In calendar year 2019, 98 AmeriCorps members served 61,932.25 hours at over 40 sites.

The Boating Facilities Program has provided plank and float grants to several towns. The Navigational Aids Program maintained over 2,400 buoys on 39 lakes and the Songo River. Maintenance crews continue to maintain the 151 Department of Agriculture, Conservation and Forestry boat launch sites. This program also oversees 150 swim line permits.

In FY20, the Snowmobile Program awarded 481 club and municipal grants, as well as capital equipment grants, totaling \$4,353,486 for 13,136 miles of trail. The ATV Program awarded 139 club and municipal grants, totaling \$1,393,054 for 6,179 miles of ATV trail, and the Submerged Lands Program processed 238 applications and issued 105 new leases and easements.

BOARD OF PESTICIDES CONTROL

MEGAN PATTERSON, DIRECTOR

Central Office DEERING BLDG, 90 BLOSSOM LANE, AUGUSTA, ME 04333-0028
Mail Address 28 STATE HOUSE STATION, AUGUSTA, ME 04333-0028 *FAX* (207) 287-5576

Reference Policy Area 04 *Umbrella* 01 *Unit* 026 *Citation* T0022 *M.R.S.A., Sect.* 000001471B

PURPOSE:

The Board of Pesticides Control is Maine's lead agency for pesticide oversight. The primary responsibilities of the Board are to: register all pesticide products sold and used in Maine; examine and license persons involved in the commercial and agricultural application of pesticides, as well as pesticide distributors; promulgate appropriate regulations regarding pesticide distribution and use; investigate complaints arising from the use of pesticides; ensure compliance with state and federal pesticide laws; cooperate with other agencies in environmental monitoring and protection; and promote the principles and the implementation of integrated pest management and other science-based technology to minimize pesticides overuse.

ORGANIZATION:

The Board of Pesticides Control is comprised of seven members appointed by the Governor for four-year terms: one person with practical experience and knowledge regarding the agricultural use of chemicals; one person who has practical experience and knowledge regarding the use of chemicals in forest management; one person from the medical community; a scientist from the University of Maine System having practical experience and expertise in integrated pest management; one commercial applicator; and two persons appointed to represent the public from different geographic areas of the state.

PROGRAM:

Product Registration: All pesticides distributed in the state must be registered with the Board. Labels are reviewed for each product, and health and environmental study data is reviewed as needed. Registration fees fund Board operating costs, the State Horticulture Program, Integrated Pest Management Program, State Apiarist, and University of Maine Cooperative Extension programs.

Certification and Licensing: The Board administers a certification and licensing program to ensure that those using or distributing pesticides are competent and properly trained. The program provides training materials and information, administers exams, and works closely with Cooperative Extension to provide continuing education.

Compliance: The Board, through its inspectors, monitors the sale and application of pesticides, investigates complaints of misuse, and enforces pesticide laws.

Public Health and Resource Impacts: These programs are designed to protect citizens' health and safety, in addition to the state's natural and agricultural resources, by ensuring that pesticides are properly used. The Board administers the federal Workers Protection Standards, monitors ground and surface water, and administers an obsolete pesticide collection program.

Outreach and Education: The Board provides information to the public through websites, publications, and trainings on the benefits and risks of proper pesticide use.

PURPOSE:

The Weights and Measures Program maintains standards that form the basis for payment in commercial transactions within the State of Maine. Program staff test and evaluate weighing and measuring devices, investigate cases of fraud, and provide training, supervision, and calibration services to municipalities that have local Weights and Measures Sealers. The Program staff also provides traceability of the state's standards to the national standards and ensures that this traceability is transferred to business and industry within the State of Maine.

ORGANIZATION:

The Commissioner of Agriculture, Conservation and Forestry is, by statute, the State Sealer of Weights and Measures. The Director of the Division of Quality Assurance and Regulation serves as Deputy State Sealer.

PROGRAM:

The Weights and Measures Program is responsible for all standards of weights and measures with continual certification by the National Institute of Standards and Technology. This involves inspection and calibration of all commercial large-capacity scales, liquid flow meters, LP gas meters, small capacity scales, gas pump meters, linear measuring devices, and spot check of packages for correct labeling, net contents, weight, and measure. It is responsible for uniform standards for the measurement of wood, and enforcement of the Wood Measurement Law and regulations. Other areas of impact include parking meters, licensing of fuel meter and scale technicians, weighmasters, and gasoline testing for quality.

National Institute of Standards and Technology standards of weights and measures are maintained in the state through Maine's Metrology Lab, located in Augusta.

VICTIMS' COMPENSATION BOARD

OFFICE OF CHIEF MEDICAL EXAMINER FOR THE STATE

PURPOSE:

The Attorney General is the chief legal officer for the State. All litigation involving the State must be prosecuted or defended under the direction of the Attorney General unless the Attorney General otherwise approves in writing. The Office (a) appears in all civil actions and proceedings in which the State is a party; (b) directs the investigation and prosecution of homicides and other major crimes, including major drug cases and frauds against the State; (c) renders legal services to State officers, boards and commissions in matters relating to their official duties; (d) issues written opinions upon questions of law submitted pursuant to statute; (e) administers and enforces the State's unfair trade practices and antitrust laws; (f) enforces proper application of endowments to public trusts and charities; and (g) consults with and advises the District Attorneys.

The Attorney General also serves as an ex-officio member on many State authorities and Commissions.

ORGANIZATION:

The Office of the Attorney General is organized by 5 M.R.S.A. Section 191 with the Attorney General as its chief executive. The Office consists of ten operating divisions that carry out various criminal, civil, and investigative responsibilities and the Office of the Chief Medical Examiner, which is reported separately in this publication. The operating divisions are: Natural Resources, Health and Human Services, Child Support, Child Protection, Professional and Financial Regulation, Investigations, Litigation, Consumer Protection, Criminal, and Administrative Services.

PROGRAM:

The Consumer Protection Division handles enforcement actions in consumer fraud and antitrust matters, protects public charities, and operates the Consumer Complaint Mediation Program. The Criminal Division has exclusive responsibility for the prosecution of homicide cases, handles numerous criminal appeals to the Supreme Judicial Court, advises the District Attorneys, and prosecutes major drug cases across the State; prosecutes white collar and financial crimes, welfare fraud, Medicaid fraud, computer crimes, tax crimes, and securities violations; and brings enforcement actions under the Maine Civil Rights Act. The Investigation Division investigates fraud against the State and the use of deadly force by police officers and provides investigative services for other divisions of the Office.

Three divisions represent the offices within the Department of Health and Human Services (DHHS). The Child Protection Division represents the State in child protection matters. The Child Support Division represents the State in child support enforcement matters. The Health and Human Services Division represents all other offices within DHHS in complex litigation in state and federal courts, in contract and rule review, in administrative hearings and in providing routine legal advice. The Division provides legal advice regarding a variety of topics including MaineCare, adult protection, guardianship, mental health, physical health, rules, contracts, licensing, and public benefit programs. The Division also represents DHHS in enforcement actions designed to protect public health and safety.

The Professional and Financial Regulation Division represents the Department of Professional & Financial Regulation, which includes the Bureaus of Insurance, Financial Institutions and Consumer Credit Protection, the Office of Securities and numerous professional and occupational licensing boards. It also represents

DEPARTMENT OF THE ATTORNEY GENERAL

the Property Tax Review Board and liquor and lottery regulation within the Department of Administrative and Financial Services.

The Natural Resources Division provides comprehensive legal services to the State's environmental and natural resource agencies. The Division represents these agencies in both affirmative and defensive litigation, including judicial enforcement actions and appeals of agency actions. It also provides legal advice to client agencies on a wide variety of issues including administrative decision-making, rulemaking, constitutional law, property law, contract law and enforcement of judgments, among others.

The Litigation Division handles tort claims against the State, tax litigation, and other complex litigation in state and federal courts. This Division also represents the Departments of Labor, Education, Corrections, Administrative and Financial Services, the Commission on Governmental Ethics and Election Practices, and the Secretary of State. This Division has primary responsibility for matters involving unfair labor practices, elections, state contracts and leases.

The Administrative Services Division provides staff support in the areas of human resources, budget, financial management and information technology and supervises the Civil Rights Team Project and Victims Compensation program.

DEPARTMENT OF THE ATTORNEY GENERAL

PURPOSE:

The District Attorney is an elected official charged with addressing violations of criminal law and promoting public safety. District Attorneys work closely with their State, County, and local law enforcement agencies to meet these goals. As ministers of justice they consider the rights, needs, and interests of all members of their community including victims and individuals who are charged with criminal conduct.

ORGANIZATION:

The State is divided into eight prosecutorial Districts each headed by a District Attorney.

Dist. 1 York - Kathryn Slattery, District Attorney;
Dist. 2 Cumberland - Jonathan Sahrbeck, District Attorney;
Dist. 3 Oxford, Franklin, Androscoggin - Andrew Robinson, District Attorney;
Dist. 4 Kennebec, Somerset - Maeghan Maloney, District Attorney;
Dist. 5 Penobscot, Piscataquis - Marianne Lynch, District Attorney;
Dist. 6 Sagadahoc, Knox, Lincoln, Waldo - Natasha Irving, District Attorney;
Dist. 7 Hancock, Washington - Matthew Foster, District Attorney;
Dist. 8 Aroostook - Todd Collins, District Attorney.

PROGRAM:

The District Attorneys prosecute the majority of all criminal offenses other than homicides and those under the sole jurisdiction of the Attorney General. Beyond the traditional responsibilities, the District Attorneys participate in treatment courts and administer diversion programs, restitution collection and disbursement, the return of fugitive defendants from other states; and they engage in many community activities, including education programs, child advocacy centers, and working with victim support and advocacy groups.

Reference Policy Area 06 *Umbrella* 26 *Unit* 242 *Citation* T0022 *M.R.S.A., Sect.* 000003022

PURPOSE:

The Office of Chief Medical Examiner (OCME) is responsible for the impartial investigation and determination of the cause and manner of deaths in all instances that are not known to be entirely of natural causes and cannot be certified by private or hospital physicians. Medical examiner cases include (but are not limited to) deaths: due to trauma or poisoning, when unexpected in children, while in state custody, under suspicious or unusual circumstances, or whenever there is a potential threat to the public at large. The purpose of the OCME investigations is to protect the residents of Maine from recurrence of or mitigation from these types of deaths.

ORGANIZATION:

The Office of Chief Medical Examiner is headed by the Chief Medical Examiner, who is appointed by the Governor for a term of seven years. The Chief Medical Examiner appoints dozens of doctors across the State (field Medical Examiners) to assist in determining the cause and manner of death on a fee basis. The OCME has 13 full time employees, consisting of one Chief Medical Examiner, one Deputy Chief Medical Examiner, one Office Administrator, 2 Medicolegal Death Investigators, one Director of Lab and Mortuary Operations, 2 Medical Examiner Assistants, one OCME Planning and Research Associate-II, 3 OCME Planning and Research Associate-I positions, and a federally funded Records Analyst. Forensic specialty consultants are also available when needed.

DEPARTMENT OF THE ATTORNEY GENERAL

PROGRAM:

Investigations include extensive interactions with law enforcement officers, scene visits, review of medical records, and telephone interviews with family and physicians, as well as external examination of bodies, autopsy, toxicologic and other laboratory tests.

The OCME monitors trends in cases to identify public health related concerns and reports contagious and infectious disease. Additionally, the OCME continuously conducts surveillance for drugs, elder and minor abuse and neglect, and other public health matters related to violent deaths and suicides. The OCME collaborates with and participates in many teaching and training activities for personnel in law enforcement, health care, and institutions of higher education.

PURPOSE:

To assist victims of violent crime with medical and medically - related expenses.

ORGANIZATION:

The Victims' Compensation Board consists of three members appointed by the Attorney General: a physician licensed to practice in Maine, an attorney licensed to practice in Maine, and an individual experienced in working with victims of crime.

PROGRAM:

The Board reviews claims and determines compensation, up to \$15,000, of documented losses incurred by victims of violent crime. In FY 2020, the Board received 243 new compensation cases. Additionally, Maine hospitals filed 246 claims for reimbursement for forensic examinations for victims of gross sexual assault. Payments for forensic examinations were \$204,934.21. Payments of direct victim-related claims were \$513,623.75. Total payments were \$718,557.96. The Board provided assistance to 489 individuals and families during the period. Funding comes from assessments on convicted Maine criminals and federal matching funds.

AUDIT BUREAU

UNORGANIZED TERRITORY

PURPOSE:

The Office of the State Auditor (OSA) has the authority to audit all accounts and other financial records of state government and its departments or agencies, including the Judiciary, with the exception of the Governor's Expense Account. It has the authority to audit counties, municipalities, and any organization, institution or other entity receiving or requesting an appropriation or grant from state government. This Office conducts financial and compliance audits of all State agencies subject to the Single Audit Act Amendments of 1996, 31 United States Code, Section 7501-7507 (1998) and in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. This Office is also authorized to review departmental budgets and capital programs for better and efficient management of state government, to serve as a staff agency to the Legislature and the Governor in making investigations of the State's finances, and to ensure that an annual audit of the Municipal Cost Components and the Unorganized Territory Education and Services Fund is performed.

In addition, the Office receives complaints from persons alleging fraud, waste, inefficiency, or abuse in state government, and either investigates further or refers the complaint to other State agencies for investigation. The State Auditor prepares and publishes quarterly and semi-annual fraud reports for distribution to the Governor and Legislature. The State Auditor must notify the Governor and Legislature immediately of any improper transactions, unacceptable practices in keeping accounts or handling funds, or any other improper practice of financial administration. The State Auditor has access to all information required to perform the above duties including confidential records that this Office protects as provided by law.

As a convenience to citizens, the annual audited financial statements of all counties and municipalities are available on the OSA website. These are prepared by other Certified Public Accountants. Copies of county budgets are also available on the OSA website. See Maine.gov/audit.

ORGANIZATION:

The Office of the State Auditor originated in 1883 with the establishment of a three-member Committee to examine accounts of the State Treasurer. In 1907, the Committee was replaced by a State Auditor who examined all accounts and demands against the State, including all matters requiring payment from the State Treasury. The Office is headed by the State Auditor who is responsible for the overall executive management of the Office and receives support from staff who perform the duties and responsibilities outlined primarily, but not exclusively, in Title 5 MRSA Chapter 11.

In 1931, the Department of Audit was created under the administrative direction of the State Auditor who is elected by a joint ballot of the Legislature for a term of four years.

In 1987, during the term of Rodney L. Scribner, Certified Public Accountant (CPA), this Office assumed responsibility for conducting the State of Maine's annual Single Audit in accordance with the Single Audit Act. The audit is conducted consistent with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

In 1992, the position of Fiscal Administrator of the Unorganized Territory was

OFFICE OF THE STATE AUDITOR

officially added following the Office's performance of this function for several years.

In 2013, the name of the Department of Audit changed to the Office of the State Auditor. This change is consistent with Public Law Chapter 16 of the 126th Legislature.

In 2015, funds were first appropriated to give emphasis to information technology auditing.

PROGRAM:

The programs of the Office are implemented through its Bureaus.

PURPOSE:

The purpose of the Audit Bureau is to conduct financial and compliance audits including the State's Single Audit subject to the Single Audit Act Amendments of 1996, 31 United State Code, Section 7501 to 7507 (1998). In addition, the Office is authorized to conduct audits of all accounts and financial records of any organization, institution or other entity receiving or requesting an appropriation or grant from state government and to issue reports on such audits at such times as the Legislature or the State Auditor may require.

The Audit Bureau serves the Governor, the Legislature and its committees by studying systems of internal control for the purpose of safeguarding assets, verifying accounts, and identifying costs savings or additional revenues to the General Fund.

OFFICE OF THE STATE AUDITOR

ORGANIZATION:

The Audit Bureau performs the State of Maine's annual Single Audit administered by the State Auditor. The Bureau's auditors have in-depth knowledge of State government operations and many hold professional certifications including Certified Public Accountant (CPA) and Certified Information Systems Auditor (CISA). Several members of the Bureau's staff hold graduate degrees, some in addition to CPA and CISA certifications. Other members of the Bureau's staff are Certified Internal Auditors or Certified Fraud Examiners.

PROGRAM:

The primary goal of the Audit Bureau is to conduct the Single Audit of the State of Maine in accordance with statutory requirements of Title 5, Chapter 11 and the Federal Uniform Guidance. This audit is conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Maine's basic financial statements prepared by the Office of the State Controller. These basic financial statements are included in Maine's Comprehensive Annual Financial Report. In addition, the Bureau will audit approximately 91% percent of the \$4.6 billion expended by the State in fiscal year 2020 in the form of federal financial assistance. Federal programs are audited to ensure that state and federal funds are expended properly and that these funds are administered in accordance with both state and federal laws and regulations.

PURPOSE:

The Fiscal Administrator of the Unorganized Territory provides information and assistance to the Legislature, the Unorganized Territory taxpayers, and state and county offices that request funds for providing services to the Unorganized Territory Tax District.

OFFICE OF THE STATE AUDITOR

PROGRAM:

The Fiscal Administrator's primary responsibilities include the review, analysis, and investigation of the budgets and expenditures of all county and state agencies requesting funds from the Unorganized Territory (UT). These activities support the completeness and accuracy of the analysis submitted annually to the Legislature. In addition, the Fiscal Administrator prepares and submits the Municipal Cost Components legislation for the UT tax levy for each legislative session and attends and participates in public hearings. The Fiscal Administrator also serves as the Chair of the State Commission on Municipal Deorganization.

The Department of Corrections is responsible for the planning, direction and management of adult and juvenile correctional facilities, community corrections and other correctional programs within the State. The Department administers the State's correctional facilities, provides for the safety of staff and clients, undertakes appropriate programming for the classification, education, rehabilitation and maintenance of clients and assures an effective system for the supervision of parolees and probationers. The Department is responsible for the direction and administration of the Maine State Prison, the Maine Correctional Center including the Southern Maine Women's Reentry Center, the Long Creek Youth Development Center, Mountain View Correctional Facility, the former Downeast Correctional Facility, and the Bolduc Correctional Facility. The Department also administers community corrections programs for adult and juvenile probationers.

The Department is authorized to establish and maintain programs, inside and outside of correctional facilities that provide rehabilitation services and opportunities for clients. The Department of Corrections may provide or assist in the provision of correctional services throughout the State as authorized by Maine law, and the Department is responsible for setting standards and inspection of municipal and county jails.

ORGANIZATION:

The Department of Corrections was created by the Legislature in 1981 to improve the administration of correctional facilities, programs and services for committed clients.

In 2008, the Department reorganized internally to establish a division of juvenile services and a division of adult services. The institutional and community corrections functions are now included in the juvenile or adult divisions.

PROGRAM:

The program activities of the Department are discussed in the individual reports of its program components except for the following:

JAIL INSPECTIONS - the Department has the statutory responsibility to establish, inspect and enforce standards for county jails, municipal holding facilities, juvenile detention areas, correctional community residential and electronic monitoring. These standards are based on established and emerging professional practices and case law requirements. Additionally, the Department provides technical assistance to all entities in establishing and maintaining compliance programs.

MANAGEMENT INFORMATION SERVICES - the Department is expanding its information management system for adult and juvenile offenders. Corrections Information System (CORIS) is a fully integrated, web-based offender information system built from the ground up using Microsoft.NET technology. The result is an industry leading, enterprise class system that, being fully scalable, effectively supports the needs of all state correctional functions. CORIS also supports case management, offender financial management, restitution collection and information reports. The department has implemented a customized Inmate Phone System which

DEPARTMENT OF CORRECTIONS

is integrated with CORIS. The phone system uses Voice over Internet Protocol, voice recognition, CORIS's inmate trust accounts and the Federal Communications Commission's standardized rates.

PURPOSE:

The mission of the Bolduc Correctional Facility (BCF) is to protect the public by providing a safe, healthy environment where prisoners are held to a high standard of conduct and are provided with opportunities for personal growth that allow them to return to society as productive citizens.

ORGANIZATION:

The Bolduc Correctional Facility in South Warren can house 221 minimum security prisoners. Currently there are 181. In 1978 the official name of the minimum security unit became the Ronald P. Bolduc Unit, in honor of Ronald P. Bolduc the first Director. The former barracks now serve as the Bolduc Correctional Facility. Prior to 1970, a fire destroyed the working farm at BCF which had

DEPARTMENT OF CORRECTIONS

previously supported the prison with beef, dairy and produce.

Currently BCF is supporting both the prison and its own kitchen with fresh produce and beef from the farm that is currently continuing in full operation.

PROGRAM:

Services include behavioral health and substance abuse programming that is offered through contracted medical provider Well Path (WP), education programs and vocational programming. Case management services are provided to all prisoners. Case management staff develop an Individual Case Plan and monitor compliance. They also act as advocates and serve on their unit's multi-disciplinary Unit Team. For prisoners nearing release, the case managers focus on community resources and re-entry programs. They frequently play a role in defusing potentially disruptive situations and provide a more stable environment. The facility's Community Programs Coordinator works with all arenas in the local area to place offenders on work release with local employers and also in volunteer roles for Maine Department of Transportation, Camden Hills State Park, Rockland Transfer station, Rockland Public Works, Rockland Harbor Master, and the towns of Union and Warren.

Educational programs at the Bolduc Correctional facility include Adult Basic Education, High School equivalency, and college education. Vocational programs include Welding, Agriculture, and Automotive certifications. Other programs and activities, such as typing, computer science, music, literature, writing, art, horticulture, composting, recycling, Long Distance Dad's, Thinking for a Change, self-reflective challenge programs, and languages provide additional choices. Religious services are provided by ordained clergy who support a varied faith group base. The SAFE Program is in place to address the needs surrounding domestic abuse convictions. The facility has a Work Ready Coordinator that aids in the process of rehabilitation to promote interviewing techniques and many other facets of the re-entry process.

Industrial programs offer a variety of paying jobs which include plate shop and a prison showroom. These programs are designed to establish meaningful work programs for prisoners and to help reduce the financial burden of correctional programming to the general public.

PURPOSE:

It is the mission of the Maine Correctional Center (MCC) to improve public safety by decreasing the likelihood that incarcerated men and women will reoffend once released back into their communities. This is supported by providing opportunities for correctional rehabilitation in a setting that assures the safety of the public, the staff, and the incarcerated population and through the utilization of objective risk and needs assessment, professional practices, and evidence-based programming.

While striving to complete this mission, the Maine Correctional Center recognizes the indispensable and valuable contributions of its security, programs, and support staff and is committed to the ongoing development of a professional and skilled work force with high ethical standards.

This mission is accomplished through the Maine Correctional Center's responsibility as the Department of Corrections' (DOC) primary reception center, and the utilization of professional correctional practices, objective risk assessment and research-based rehabilitation programs, which have been proven to reduce the likelihood that an offender will re-offend.

Throughout their Maine Correctional Center commitment, prisoners are expected to accept increasing levels of personal responsibility for their conduct and for successful participation in rehabilitative programs. They are strongly encouraged to participate in the programs that will teach skills to assist them in being successful upon release and to overcome obstacles to their success. The Maine Correctional Center also strives to have incarcerated men and women recognize their family obligations and to plan for a successful reentry into their communities. Maine Correctional Center is generally designated as a medium security institution with a maximum-security capability for short duration confinement. The Women's Center and Southern Maine Women's Re-Entry Center are separate, comprehensive housing and programming units.

During the past year, MCC has reorganized its Administration to better serve the male and female populations. Warden Scott Landry maintains oversight over the male operation while Director Amanda Woolford was assigned CAO level oversight over the female operation. The intent of this reorganization is to allow Women's

DEPARTMENT OF CORRECTIONS

programs to have more autonomy from the male operation and be able to develop more gender specific practices.

In the past year, MCC has moved into the full scale build-out phase of a major construction and renovation project. As part of this, the following housing units have been closed: Security East, Dorms 1, 2 & 3. This has reduced the male population by a little over 100 beds. This was made possible, in large part, by overall system wide bed capacity caused by COVID. The facility reduction is allowing demolition to occur to permit the construction on new buildings.

ORGANIZATION:

The male population of MCC is comprised of three management units: The Multi-Purpose Unit (MPU) is a high custody correctional setting. Its operation includes the reception center for the MDOC system. In addition to performing the initial classification and assessment of prisoner risks and needs as well as orientation to incoming inmates, it also specializes in restrictive housing for inmates presenting more challenging behavioral and security concerns.

Unit One is primarily a medium custody housing area. The Unit's mission is to serve as a general population housing unit for prisoners who present higher custody and security issues. Its programming and focus are on behavioral stability, followed by risk reduction using a high level of coordination and planning between security and not security staff. Unit 1 formerly housed the Correctional Recovery Center (CRC) which was relocated to Dorms 1 and 2 due to issues of habitability in the Security East building. Dorms 1 and 2 had to be demolished due to construction. As a result, the CRC program has been temporarily suspended until a new housing unit is built.

Unit Two is primarily a medium custody housing area with a small population of minimum custody prisoners. Programs in Unit Two include transition skills re-entry programming and non-violent communication for men. The purpose of this unit is to prepare inmates for transfer to Minimum custody facilities or plan for a release back into the community.

Unit Three is the Women's Center, which is a separate comprehensive housing and programming unit for females. It includes industries, education and substance abuse treatment, and is under the oversight of the Director of Women's Operations.

The Female operation is comprised of.

The Southern Maine Re-Entry Center (SMRC) provides women with five years or less left on their sentence with the skills, opportunities, experience and support they need to successfully live as positive citizens and employees after they transition from state correctional facilities into their home communities. The Center is under the oversight of the Director of Women's Operations. Recognizing that women offenders have unique pathways to their crimes, the Center assesses and provides programs with a gender responsive and trauma informed approach.

The Southern Maine Women's Re-Entry Center focuses on educational and vocational opportunities and growth, while encouraging the reunification and development of family and natural supports. An emphasis is placed on reducing their risks of reoffending and on increasing their positive outcomes.

The Maine Correctional Center in Windham received re-accreditation in January 2018 by the American Correctional Association.

PROGRAM:

Programs for prisoners confined at the Maine Correctional Center focus on teaching appropriate conduct, personal responsibility, and work skills. The Center has specialized programs to assist prisoners re-entering the community. Prisoners work various jobs within the institution which include kitchen, laundry, grounds maintenance and landscaping. Industry programs in upholstery, wood construction and garments provide basic work skills. Education programs include Hi-Set preparation and testing, as well as Adult Basic Education and college education. Vocational training offers building trades, graphic arts and computer repair. Medical, mental health and psychiatry services are available to all prisoners through a contract with Wellpath. Prisoners are assigned to a unit team which monitors prisoner adjustment to case management and transition/release

DEPARTMENT OF CORRECTIONS

planning. The substance use programs for both men and women are provided through a partnership with Wellpath.

The Women's Center is designed as a secure correctional community with focus on personal development, trauma recovery, substance abuse treatment and community re-entry. Through these programs the Maine Correctional Center strives toward its mission to improve community safety by teaching personal responsibility, involving prisoners in rehabilitation programs and lowering recidivism.

The Southern Maine Women's Re -Entry Center provides a minimum/community, secure facility housing for prisoners cleared for community work release and work crews. The facility is in Windham and is supervised through Adult Community Corrections. SMWRC currently has a rated capacity of 100. SMWRC provides structure, supervision and security to prisoners during the transition from incarceration to release. Residents participate in community re-entry programs (work release, education release, public service release, family reunification), and utilize community services (counseling, substance use treatment, educational, and social services), while presenting a minimum risk to the public's safety and property. SMWRC uses a variety of gender responsive approaches to achieve their goals.

Reference Policy Area 06 Umbrella 03 Unit 201J Citation T0034A M.R.S.A., Sect. 000001209

PURPOSE:

The Juvenile Justice Advisory Group (JJAG) was created in response to the federal Juvenile Justice and Delinquency Prevention Act of 1974, as amended (JJJPA). JJJPA created a voluntary partnership between states and the federal government for the purpose of improving the administration of juvenile justice. In return for an annual formula grant, based on the state's juvenile population, each state undertakes to meet four congressionally defined standards ("Core" Requirements) for the management of juvenile offenders. These core requirements relate to: 1) the handling of status offenders; 2) the separation of juvenile from adult prisoners; 3) the detention of juveniles in places other than adult jails; and 4) the protection of minority youth from discrimination in the juvenile justice system. Maine has participated in the Act since its inception. The JJAG operates as the supervisory board for all planning, administrative, and funding functions under the Act.

ORGANIZATION:

The JJAG was first established as a committee of the Maine Criminal Justice Planning and Assistance Agency. It was formalized by Executive Order 4 FY80 on October 5, 1979, and authorized by statute in 1984 (34-A M.R.S.A., section 1209). Since July 1, 1982, the Department of Corrections (DOC) has acted as the JJAG's administrative and fiscal agent.

As provided by the Act, the JJAG consists of not less than 15 and not more than 33 representatives of various constituencies concerned with juvenile justice and related areas, including: units of local government; public agencies responsible for law enforcement, juvenile justice, corrections, probation, and the juvenile courts; and those responsible for delinquency prevention or treatment, including welfare, social services, mental health, education, and youth services; private organizations concerned with delinquency prevention or treatment, neglected or dependent children, and the quality of juvenile justice, education, and social services for children, public and private agencies that utilize volunteers to work with delinquents or potential delinquents; businesses and business groups employing youth; and persons with special experience and competency in addressing the problem of school violence, vandalism, and learning disabilities.

Neither a majority of members, nor the chairman, may be full-time employees of a governmental entity. At least one fifth of the members must be under the age of 24 at the time of appointment, and at least three members must have been or currently be under the jurisdiction of the juvenile justice system.

PROGRAM:

The JJAG and its committees advocate for youth through recommendations for legislative and policy reform, monitor state compliance with federal requirements, and provide technical assistance to jurisdictions needing support for compliance or program development efforts.

The federal allocation for Maine Juvenile Justice and Delinquency Prevention Program for federal fiscal year 2020 was \$406,831. Up to 10% of the award is available for planning and program administration, determined by need and available state matching funds, and \$20,000 is allocated for the activities of the JJAG. The remainder of the formula grant is allocated to a variety of programs to support improvement of the juvenile justice system. In accordance with their three-year plan, JJAG will support prevention and early intervention programs designed to keep at-risk youth out of the juvenile justice system, develop a comprehensive strategy to address delinquency among Native American youth, and monitor and provide technical assistance for jails and lock-ups to maintain compliance with the Federal JJDP Act.

DEPARTMENT OF CORRECTIONS

The JJAG was unable to support community prevention efforts as the pass-through of federal funds from the Title V Local Delinquency Prevention Program was cancelled by Congress.

The Juvenile Accountability Block Grant (JABG) is administered by the JJAG. The JABG program is administered by the Office of Juvenile Justice and Delinquency Prevention (OJJDP), Office of Justice Programs, U.S. Department of Justice. Through the JABG program, funds are provided as block grants to states for programs promoting greater accountability in the juvenile justice system. Maine supported a community-based diversion program in five Maine communities. Funding for this grant was also cancelled by Congress.

PURPOSE:

Juvenile Community Corrections was established to provide effective supervision to youth under its jurisdiction who are residing in the community. Using a risk reduction case management model, staff assess risk domains and strengths presented by juveniles, develop case plans, access and advocate for appropriate resources to implement case plans, collaborate with other state agencies and public and private providers to ensure that appropriate interventions are provided and monitor progress of the case plan. This approach targets dynamic risk factors that lead to continued criminal behavior, provides and directs appropriate interventions that will mitigate those risk factors, which ultimately assists the juvenile to remain crime free. Additionally, these interventions shall contribute to positive outcomes for juveniles that will improve their success in education, employment, and family/peer relationships. Concurrently, the Juvenile Community Corrections Officers (JCCOs) will divert youth from the correctional system, supervise those on probation or aftercare status, and manage those youths detained or incarcerated to protect public safety. Juvenile Community Corrections is also responsible for the administration of the Interstate Compact for Juveniles.

DEPARTMENT OF CORRECTIONS

ORGANIZATION:

Three regional offices provide services to juveniles across the state. A Regional Correctional Administrator, who reports directly to the Associate Commissioner for Juvenile Services, administers each region. JCCOs accept referrals from law enforcement officers and supervise and case manage juvenile offenders in the community. Regional Correctional Managers provide case management consultation and direct supervision to JCCOs and assist them to find appropriate resources for juveniles on their caseloads. Regional contracted services are provided in a manner consistent with the assessed needs of juvenile offenders. Outcome performance measures are incorporated into all contracts to ensure program effectiveness. Support staff assists in the overall management of the regional offices.

PROGRAM:

Regional offices receive referrals from law enforcement officers for detention decisions or to screen for possible diversion. The JCCOs, based on specified criteria, determine whether juveniles should be detained pending a court hearing. They also decide whether a youth can be safely diverted from the correctional system. In the latter case, youth are dealt with informally through a contract specifying conditions to which the youth and his/her family agree to comply in lieu of going to court. Using an evidence-based risk management and risk focused intervention approach, the JCCO's supervise and case manage youth placed on probation or on aftercare from one of the juvenile facilities. JCCOs also serve as the primary case managers for juveniles committed or detained at juvenile correctional facilities

PURPOSE:

The Long Creek Youth Development Center was established to rehabilitate clients committed to the Center as juvenile offenders so that they eventually return to the community as more responsible, productive, law-abiding citizens. The Center is responsible for the rehabilitation of juvenile offenders committed by Maine courts, applying the disciplines of education, casework, group work, psychology, psychiatry, medicine, nursing, vocational training, and religion as they relate to human relations and personality development. Boys and girls between the ages of eleven and eighteen may be committed to the Center for the term of their minority or, in some cases, until their 21st birthdays. The Superintendent acts as a guardian to all children committed and may place any such child on aftercare with any suitable person or persons or public or private child care agency. The Long Creek Youth Development Center is also required by law to detain juveniles

pending their court appearances.

ORGANIZATION:

Long Creek Youth Development Center in South Portland was established in 1853 as the State Reform School, administered by a Board of Trustees. It was renamed State School for Boys in 1903. The Board of Trustees was abolished in 1911, and its duties were assumed by the Trustees of Juvenile Institutions. In 1931, the State School for Boys was placed under the Department of Health and Welfare and in 1939, transferred to the Department of Institutional Services, which later (1959) became the Department of Mental Health and Corrections. In 1981, The Department of Corrections was established. In 1959, the School was renamed the Boys Training Center. In 1976, when the Stevens School for Girls closed and the girls were transferred to the Boys Training Center, the 107th Maine State Legislature, in special session, established the Maine Youth Center as the only coeducational institution for juvenile offenders. On July 1, 2001, the Maine Youth Center changed its name to Long Creek Youth Development Center.

PROGRAM:

Long Creek Youth Development Center functions as the primary correctional facility for juveniles in Maine. The purpose of the Center is to provide for the detention and rehabilitation of juvenile offenders. Long Creek provides a variety of programs that address the risk factors associated directly with recidivism. Youth are provided with education, treatment, and other services that teach skills and competencies, strengthen pro-social behaviors and require accountability to victims and communities.

PURPOSE:

The mission of the Mountain View Correctional Facility is to protect the public by providing a safe and secure environment for staff and prisoners. A dedicated team of professionals provides treatment programs and models behavior to promote rehabilitation and reintegration back to families and communities. The Mountain View offers education, vocational and real-world work opportunities, along with graduated furloughs to promote successful re-entry; thereby promoting public safety.

DEPARTMENT OF CORRECTIONS

ORGANIZATION:

The original Northern Maine Juvenile Detention Facility opened in 1998 and was constructed with 40 beds for detained juvenile offenders on the grounds of the Charleston Correctional Facility. This facility alleviated the northern and central county jails of holding juvenile offenders in adult county jails and/or transporting them to Southern Maine.

In February 2002, in order to meet the demands of the rising rates of juvenile incarceration, the Maine Department of Corrections Juvenile Services expanded its services by building and reorganizing two new facilities; The Mountain View Youth Development Center in Charleston, and the Long Creek Youth Development Center built in So. Portland. Mountain View's facility capacity expanded to provide services for long-term commitments, alongside the detention beds. Committed juveniles were afforded the opportunity to continue their education through a unique alternative school that provided special education services, vocational programs in culinary, carpentry and small engine repairs. Professional staff offered therapeutic treatment, psychological and cognitive behavior therapies, along with religious, recreational and substance abuse services and 24 hour medical services.

In April 2014, while still serving a reduced juvenile population in one unit of the facility, services were expanded to open a new program for committed Young Adult Male Offenders ages 18-25 that could greatly benefit from the continued educational, therapeutic and substance use services that facility staff were already providing to juveniles. In 2015, the remaining committed juvenile offenders at Mountain View were transferred to Long Creek and Mountain View reopened adult treatment units specializing in sex offender treatment, residential substance abuse treatment, young adult offender programming and an Assisted Living Unit.

Mountain View Youth Development Center and Charleston Correctional Facility were combined into one facility in 2017 and renamed to Mountain View Correctional Facility. The former Charleston Correctional Facility is now the Minimum Custody Unit and the former Mountain View Youth Development Center is now the Medium Custody Unit. Mountain View Correctional Facility now provides a total of 510 Adult beds and 6 Juvenile beds. The Juvenile beds are used for short term detention holds, typically 48 to 72 hours.

PROGRAM:

The staff at Mountain View are dedicated to helping each prisoner develop the skills and judgment that will allow them to be successful and make a positive contribution to society. Programs and services offered promote each prisoner's growth toward mature thinking, decision making, realistic understandings of themselves and others, and the knowledge and competence to deal well with problems and challenges encountered in daily life.

A comprehensive treatment program is provided in a structured, safe and supportive environment. Objectives of the treatment program include: assisting prisoners to accept responsibility for behavior, helping prisoners develop pro-social skills, increase prisoner's self-awareness of the consequences of poor decisions, enhance ability to empathize with victims, enabling prisoners to employ more adaptive thinking patterns and utilize effective problem solving strategies. The overall program goal is to focus on a treatment and educational foundation that will support future life goals as well as increase the likelihood that these skills will be used in personal life, both within and outside the facility. Prisoners are also offered Adult Basic Education, High School equivalency, and college educational opportunities.

Program offerings include: substance use disorder treatment, sexual behavior treatment, assisted living for those with physical and medical needs, and a young adult offender program providing treatment specific to youthful offenders. A Medication Assisted Treatment program was added to the substance use disorder treatment spectrum in 2020, this treatment component allows treatment in the facility to mirror best practices in the community.

Additional programs include: Thinking for a Change for improving social development, domestic violence programming, Inside Out Dads for incarcerated fathers, and education. A robust vocational programming menu includes, WorkReady programming, wood harvesting, culinary arts, computer literacy, building trades and small engine repair. Several national certification programs have been added in the areas of food service and carpentry. The vocational programs work

cooperatively with the Maine Department of Labor to offer formal apprenticeship programs in the areas of food service, construction trades, and wood harvesting.

PURPOSE:

The State Parole Board was established to evaluate and adjudicate applications for parole as well as to provide oversight and management of offenders already admitted to parole. The two primary responsibilities of the Board are to determine the eligibility for access to parole or to sanction parolees when warranted due to rule violations. The Board also determines the time of discharge of parolees from parole supervision, formulates policies, adopts regulations and establishes procedures.

ORGANIZATION:

The State Parole Board, created in 1931 under the name of Parole Board, originally consisted of three members: the Commissioner of Health and Welfare and any two members of the Executive Council designated by the Governor. From 1931 to 1939, the Board was under the Department of Health and Welfare, and from 1939 to 1957 under the Department of Institutional Service. In 1957, the Parole Board's duties were assumed by the State Probation and Parole Board. In 1967, a Division of Probation and Parole was created within the Bureau of Corrections to administer probation and parole services in conjunction with the Board's parole duties. The Board was re-designated State Parole Board in 1971, to consist of five members appointed by the Governor, for terms of four years. In 1976, the State of Maine abolished parole though the Board continues to serve in a limited capacity providing services to offenders placed on parole prior to its 1976 abolition.

PROGRAM:

The State Parole Board hears cases within one of the Department's facilities for those offenders who were sentenced prior to May 1976 (the abolition date for parole in Maine) to determine if or when inmates should be released on parole. If parolees have been accused of violating the terms of their parole, the Board sits as an adjudicatory body to determine if a violation has occurred. If they find that violations have in fact occurred, they impose sanctions as they see fit.

PURPOSE:

The Maine State Prison (MSP) was established to confine convicted offenders and to provide correctional treatment and rehabilitation programs designed to prepare such offenders for eventual release. The institution is responsible for the custody, control, employment and government, as provided by law, of adult male offenders lawfully committed to the Prison.

ORGANIZATION:

The State Prison at Thomaston was opened officially in July of 1824, to serve as a penitentiary where convicts were sentenced to hard labor for life or for any term one year or longer. The Prison has always been a maximum-security facility for adult felons. Women were sentenced to the institution until 1935 when they were transferred to the Women's Correctional Center in Skowhegan. The Prison was plagued by fires in 1837, 1841, 1851, 1873 and 1923. Renovations and additions took place throughout the years and in 1992 high risk prisoners were transferred from Thomaston to a new maximum-security facility in Warren known as Maine Correctional Institution (MCI). It was built to house male prisoners who posed the highest risk to the public, safety of staff, other prisoners, and the security and orderly management of the Department's facilities. An increasing population and an antiquated prison resulted in the construction of a new facility in Warren, adjoined to MCI. On February 13, 2002, prisoners were transferred to the new Maine State Prison and the former Thomaston facility was demolished in June 2002. Only a section of the wall remains at the site beside the prison cemetery.

The new facility was built to house 916 prisoners and now has a capacity of approximately 1050. The Maine State Prison also houses a 7 bed infirmary for the adult population. In 2008, the first female prisoner from Maine Correctional Center was transferred to receive infirmary level medical care.

The prison is organized under the philosophy of unit management and direct supervision. It was designed to separate prisoners into three separate housing units, including a Special Management Unit. The units operate semi-autonomously under the authority and guidance of the Warden. Staff are trained in the concepts of unit management which improves control and relationships by dividing a large population into smaller, more manageable groups.

PROGRAM:

A 42-bed Intensive Mental Health Unit operates in the 600 Building of the Maine State Prison. Mental Health Services assure assessments and treatment planning for all prisoners with mental illnesses and/or behavioral disorders. Treatment may include medication management, supportive counseling, cognitive-behavioral

DEPARTMENT OF CORRECTIONS

psychotherapy, group therapy, and discharge planning. Mental Health Workers collaborate with Security Staff and medical personnel, as well as community agencies to provide consistency and continuity of patient-prisoner care and treatment. Opioid Use Disorder services are provided by licensed alcohol and drug counselors. Case management services are provided to all prisoners. Staff develop an Individual Case Plan and monitor participation and compliance. They also act as advocates and serve on their respective multi-disciplinary Unit Management Teams. For prisoners nearing release, the Case Managers focus on community resources and re-entry programs. They frequently play a role in defusing potentially disruptive situations and provide a more stable environment.

Educational programs at the prison include Adult Basic Education, High School equivalency, and college education. Vocational programs include Building Trades, Agriculture, and Automotive certifications. Other programs and activities, such as typing, computer science, music, literature, writing, art, horticulture, composting, recycling, Long Distance Dad's, Thinking for a Change, self-reflective challenge programs, and languages provide additional choices. Religious services are provided by ordained clergy who support a varied faith group base along with a facility Chaplain. In addition, recreational programs available to all prisoners include basketball, softball, soccer, pool, yoga, and physical fitness.

Industrial programs offer a variety of paying jobs which include wood working, upholstery, plate shop, machine shop and a prison showroom. These programs are designed to establish meaningful work programs for prisoners and to help reduce the financial burden of correctional programming to the general public.

A partnership was developed in late 2019 with Habitat for Humanity and in 2020 wall partitions and roof rafters were built for six homes. These prebuilt units were delivered to a building site in Rockland where local volunteers assembled them. In addition to the house structures, six 8x10 sheds and a portable 16x10 office were built at MSP for Habitat for Humanity.

Plans for a higher-level education center are currently being developed which will allow for an increase in college programming at MSP. There are plans to break ground for this new space in the fall/winter of 2020.

PURPOSE:

The Division of Adult Community Corrections (though more commonly referred to as Probation and Parole) was established to provide community-based supervision and related services to convicted offenders sentenced to probation or parole. The Division's primary role is to motivate a change in the probationer's behavior in order to lessen the likelihood of the probationer to re-offend. The enhancement of public safety is achieved through the reduction of victimization. Over the years the role of the probation officer has changed dramatically. Thus, while monitoring and supervision are still important activities performed by probation officers, they are also actively involved in risk and needs assessments, interventions, case management, treatment and program referrals, etc. Traditional duties such as pardons and commutation investigations for the Governor's office, pre-sentence investigations for the courts, post-sentence, pre-parole, furloughs and other investigations for the State's correctional institutions remain part of their assignment.

In addition, activities such as sex offender registration, restitution/fine collection, DNA and substance abuse testing, data collection, community notification and supervision of adult probationers under the interstate compact duties have been assumed by probation officers as new laws and court cases impact their duties and responsibilities. The demands on probation officers continue to escalate and, therefore the need for ongoing training has never been greater in the history of this division.

ORGANIZATION:

When the Division of Probation and Parole was created in 1967 it included adult and juvenile offenders. In 1976 parole was abolished in the State of Maine and the only available post-release supervision was probation ordered by the Courts. However, the State of Maine still maintains a parole supervision function for offenders sentenced to parole before 1976, and more importantly, for all offenders on parole who come to Maine through the Interstate Compact for Adult Offender Supervision. In 1986, an Intensive Supervision statute was passed and, in 1991, the Supervised Community Confinement Program was created through a legislative initiative. Both these programs were directed at providing responsible alternatives to incarceration.

In 1996, the Division was reorganized, and all adult services were consolidated into the newly formed Division of Adult Community Corrections headed by a newly authorized Associate Commissioner. At the same time, juvenile services were similarly reorganized. Adult Community Corrections consisted of 4 regional offices, 20 suboffices and numerous reporting sites. Each regional office was administered by a Regional Correctional Administrator (RCA), and an Assistant RCA. The Assistant RCA positions were reclassified to Regional Correctional Managers in 2010. In early 2011, the Division implemented a Coaching, Mentoring and Supervision model that provided more direct field supervision for the Probation Officers. Regional Managers provide direct and immediate feedback on performance, decision making and case management. This is critical to the full implementation of evidence-based practices in the Department. In order to maximize resources and improve continuity of practice, the Division was reduced to three (3) regions each consisting of one (1) Regional Correctional Administrator, two (2) Regional Correctional Managers and approximately twenty-five (25) Probation Officers per region. The majority of Probation Officers are assigned to a general caseload made up of offenders who have committed a wide variety of felony level offenses. The Department currently has specialty caseloads for those clients on supervision for a domestic violence or a sex offense, as well as for female clients. In 2012, Probation Officer Assistant positions were created in an effort to reduce the administrative tasks that Probation Officers were responsible for, leaving them more time to work directly with their clients on risk reduction. Each region has Probation Officer

DEPARTMENT OF CORRECTIONS

Assistants who are responsible for court intake, drug testing and supervision of administrative and low risk clients. In 2015, the role of Director of Adult Community Corrections was established to enhance the direction of Adult Community Corrections, directing and implementing policies and initiatives and to support the goals and objectives of the Department.

PROGRAM:

The Division of Adult Community Services is dedicated to balancing the needs of public safety, victim and community restoration, offender accountability and using effective approaches to reduce re-offending and enhance effective reintegration into communities. Under community supervision, offenders receive services that include: increased personal contact with Probation Officers and dialogue that encourages and supports behavior change; monitoring of special court ordered conditions of probation through surveillance; referrals to services that are based on the assessed risk of re-offending; and treatment intervention that target specific identified needs.

LICENSES:

As of October 9, 2013, legislation took effect that required all Probation Officers be certified law enforcement officers by the Maine Criminal Justice Academy.

PURPOSE:

The Office of Victim Services (34-A MRSA, section 1214) is established within the Department to advocate for compliance by the Department, any correctional facility, any detention facility, community corrections or any contract agency with all laws, administrative rules and institutional and other policies relating to the rights and dignity of victims.

ORGANIZATION:

The Office of Victim Services (34-A MRSA, section 1214) provides services to crime victims whose offenders are in the custody of, or under supervision of, the Department of Corrections.

DEPARTMENT OF CORRECTIONS

PROGRAM:

The Office of Victim Services strives to ensure that: victims who request notification are notified of the prisoner's release; victims receive the restitution to which they are entitled; and victims are free from harassment by offenders in the custody of or under the supervision of the Department.

The Office of Victim Services provides a toll-free number for victims to receive information regarding an offender's status. The Office of Victim Services offers assistance with victim impact statements and promotes the inclusion of victim impact statements into decisions regarding prisoner release. The Office of Victim Services offers safety planning meetings to victims of sexual assault, domestic violence, and other high-risk offenders prior to the offender's release from incarceration.

The Office of Victim Services certifies and monitors Batterer Intervention Programs throughout the State, provides training and technical assistance as requested throughout the State, and provides victims with referrals to appropriate community-based victim service providers.

MAINE EMERGENCY MANAGEMENT AGENCY

BUREAU OF MAINE VETERANS' SERVICES

PURPOSE:

The Department of Defense, Veterans and Emergency Management is responsible for all military, veterans and emergency management related operations within the State of Maine. The Department's Soldiers and Airmen are also readily available to respond to the Governor during emergencies or disasters in Maine. The Bureau of Maine Veterans' Services provides numerous support services to Maine's 114,000 veterans and manages Maine's Veterans' Memorial Cemeteries. The Maine Emergency Management Agency is charged with all disaster mitigation, preparedness, response, recovery and Homeland Security operations within the State of Maine.

ORGANIZATION:

The Department of Defense, Veterans and Emergency Management was created by the Legislature in 1972 under the original name of Department of Military, Civil Defense and Veterans Services. In this legislation, the administrative offices of the Adjutant General became the Military Bureau; the former Civil Defense and Public Safety Agency became the Bureau of Civil Defense; and the former Department of Veterans Services became the Bureau of Veterans Services; with the Adjutant General designated as both Commissioner of the new department and Director of the Military Bureau.

Effective in June 1974, the 106th Legislature revised the law to direct the appointment of the Deputy Adjutant General as Director of the Military Bureau, thus freeing the Adjutant General to function solely as Commissioner of the Department. This revision also renamed the Bureau of Civil Defense as the Bureau of Civil Emergency Preparedness. Subsequently the Department was redesignated as the Department of Defense and Veterans Services.

During the 113th Legislature, the Bureau of Civil Emergency Preparedness was renamed the Maine Emergency Management Agency (MEMA). At the direction of the 115th Legislature, the Bureau of Veterans Services was changed to the Division of Veterans Services. In 1995, the 117th Legislature added the requirement that the Adjutant General/Commissioner's appointment be subject to legislative confirmation. In 1997, the 118th Legislature redesignated the Department as the Department of Defense, Veterans and Emergency Management, re-designated the Division of Veterans' Services as the Bureau of Maine Veterans Services and designated its leader as the Bureau Director. In October 2001, the Department was assigned responsibility for coordinating the homeland security activities of the State, to include interface in such matters with federal, county, and local government. The Commissioner was assigned the additional duty of directing these activities. In 2007, the position of Maine Emergency Management Agency Director was changed to become a gubernatorial appointment, recommended by the Commissioner, and subject to confirmation by the State Senate. The Adjutant General was also designated as the Governor's Homeland Security Advisor (HSA) at this time.

PROGRAM:

The programs of the Department of Defense, Veterans and Emergency Management are outlined in the reports of its operating units.

PUBLICATIONS:

The Adjutant General's Report is a biennial publication that highlights the significant events and accomplishments of the Department during the previous two years.

PURPOSE:

The Administrative Services Division provides for centralized control in planning, data processing, budgeting, accounting, purchasing authorization, auditing, personnel management, affirmative action, training, and other administrative resources necessary to the general operations of the Department of Defense, Veterans and Emergency Management's various major programs and activities.

ORGANIZATION:

The Administrative Services Division originated from a nucleus of the Adjutant General's Department in 1973 as a result of the reorganization and consolidation of state agencies. Part of this action included the Bureaus of Veterans Services and Civil Defense.

PROGRAM:

Bureau/Agency Directors and Program Managers assist the Commissioner in the various daily operations of the Department including the following tasks: developing biennial budget requests, annual work programs, and preparing financial and budget orders; initiating purchase requisitions/orders when appropriate; processing invoice and contract payments; participating in workers' compensation activities; billing for federal service contracts, and other funds due the State; maintaining revenue/expenditure ledgers, accounts receivable, and real property/capital equipment inventory control records; processing personnel actions, including labor related activities; maintaining Bureau/Agency personnel and time records; providing training and orientation sessions for supervisory personnel and new employees; conducting internal audit reviews and providing other administrative services as required.

Additionally, staff members offer a centrally coordinated information base to Program Managers to assist them in their daily operational decision-making process thereby enhancing management effectiveness through a much higher degree of control by those delegated that responsibility.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Maine Emergency Management Agency (MEMA) Mission Statement, which was updated in November 2018, states, "Through leadership, coordinate the protection of life, property, environment, and economy across all hazards by managing preparedness, mitigation, response and recovery efforts within the State." The MEMA Vision is "A Ready and Resilient Maine."

The Agency supports its mission and works to achieve its vision by coordinating the mitigation, preparedness, response and recovery from disasters or catastrophes such as forest fire, floods, earthquakes, severe winter and summer storms, nuclear power accidents, hurricanes and more. It also provides guidance and assistance to county and local governments in their efforts to provide protection to citizens and property.

The Agency's proactive public outreach efforts educate citizens on potential hazards and preparedness steps they can take to help become resilient individuals as well as keeps them informed of impending threats and safety and resource information during disasters.

The Agency's Homeland Security programs are integrated into its all-hazard mission. MEMA is the coordinating agency within state government for homeland security operational preparedness, response, recovery and mitigation. Cybersecurity continues to be a focus for the Agency, working with the Office of Information Technology (OIT), the Maine State Police, Maine National Guard, and other partners to develop plans and procedures for managing cyber related incidents.

In accordance with Maine Statute, Title 37-B, Chapter 13, Sub-chapter 1, the Maine Emergency Management Agency (MEMA) has developed the Comprehensive Emergency Management Plan (CEMP) to provide a framework for state-level emergency management activities and to define how State Government interfaces with other emergency management stakeholders, including Local, County, and Tribal Governments, non-governmental organizations (NGOs), other states, the Federal Government, and the private sector.

ORGANIZATION:

MEMA was originally established under the Maine Civil Defense and Public Safety Act of 1949, which authorizes the Governor to establish, within the Executive Department, a Civil Defense and Public Safety Agency. A 1972 amendment, re-titled the Maine Civil Defense Act, caused the agency to be re-designated as the Bureau of Civil Defense within the Department of Military. In 1974, the Department of Military was re-designated as the Department of Defense and Veterans Services and the bureau name changed to the Bureau of Civil Emergency Preparedness. Public Law 1987, chapter 370, signed by the Governor on June 19, 1987, re-designated the Bureau of Civil Emergency Preparedness as the Maine Emergency Management Agency, effective September 29, 1987.

The Emergency Management Assistance Compact was enacted in 1998 and provides for, and facilitates the use of, mutual aid between states to cope with a disaster regardless of cause. The International Emergency Assistance Compact was enacted in 1999, to provide mutual aid among northeast states and eastern Canadian provinces. The Governor, through Executive Order, created the State Emergency Response Commission in April of 1987 to coordinate state government's role in carrying out Maine's planning and preparedness responsibilities for hazardous materials in compliance with Title III of the Federal Superfund Amendments and Reauthorization Act of 1986, Emergency Planning and Community Right-To-Know. The Maine Emergency Management Agency carries out the planning and preparedness activities for the Commission.

DEPARTMENT OF DEFENSE, VETERANS AND EMERGENCY MANAGEMENT

The Agency also coordinates the State Homeland Security Advisory Council (HSAC) under the chairmanship of The Adjutant General, who is also the Governor's Homeland Security Advisor (HSA). The HSAC brings together law enforcement, public health, and other safety and security officials from state departments, as well as federal offices operating in Maine, to share information and brief on emerging Homeland Security issues.

The Agency coordinates state government operations with county and local governments for emergencies resulting from natural disaster, technological hazards or national security incidents. During an emergency, the Agency's effectiveness is dependent upon representatives from numerous state agencies staffing the State Emergency Operations Center. In addition, the Agency relies upon the county and local organizations throughout the state which are comprised of paid and volunteer personnel.

PROGRAM:

The federal government has been granting money to the states for civil emergency preparedness (emergency management) for more than 40 years. The Emergency Management Performance Grant (EMPG) has been the primary source of funding for EMA programs at the state, county and local levels since 1998. The Agency receives funding from FEMA for administration and administrative services. In addition, the Agency distributes EMPG funds to 16 counties and 6 metro regions to support their emergency management programs. In addition to EMPG funding, the Agency also distributes State Homeland Security Grants and Operation Stonegarden grants for border protection. Agency activities are additionally supported by the USDOT Hazardous Materials Emergency Planning Grant and FEMA Dam Safety grant.

The Agency administers the Maine Dam Safety Program, which facilitates Emergency Action Planning with owners of all high and significant hazard dams in Maine, inspects state-regulated dams for both hazard and condition, and recommends action on inspection findings. The Program is funded by the State and FEMA grants. The principal grant is the National Dam Safety Program (NDSP) grant administered by FEMA.

PURPOSE:

The Military Bureau provides the Army and Air National Guard with units organized, equipped, and trained to function efficiently at authorized federal strength. Units muster on order of the Governor to perform disaster relief, control of civil disturbance or provide other support to civil authority as required. In the event of war or other national emergency, designated National Guard personnel will report for federal service on call of the President of the United States. Should the National Guard be federalized and moved out of State, other forces may be organized under 37-B M RSA, Chapter 3, to be known as the Maine State Guard.

The Military Bureau was created in July 1972, under state government reorganization legislation. It previously had been the Office of the Adjutant General, established in 1921 by the Maine Constitution. In the reorganization, the Governor, as Commander in Chief of the Maine militia, appointed the Adjutant General as administrative head of the Department of Military, Civil Defense and Veterans Services and as Director of the Military Bureau. The law has been revised several times to more appropriately reflect and meet the needs and actual functions of the Department. The most recent revisions have eliminated the requirement that the Director of the Military Bureau be the Deputy Adjutant General and changed Civil Defense to the Maine Emergency Management Agency (MEMA).

ORGANIZATION:

The Military Bureau's two components, the Army National Guard and the Air National Guard, both report to the Adjutant General and are collectively referred to as Maine National Guard. The Maine National Guard, as a professional military institution, performs a dual role. One role supports the State, and the other supports the Nation. In support of the State, the Maine National Guard provides the people of Maine with a highly skilled and disciplined military force. These Soldiers and Airmen, when called upon by the Governor, assist other state agencies, as well as the private sector during times of floods, hurricanes, forest fires, snow emergencies, and other civic needs. In its other role, the Maine National Guard acts as a supplement to the active military. In this capacity, units of the Maine National Guard can be called to Active Duty by the President of the United States in support of national security.

PROGRAM:

The Maine Army National Guard has authorized strength of 2,079 Soldiers who serve across the state. The Maine National Guard had several key operational accomplishments and events. The Maine Army National Guard (MEARNG) reintegrated the 286th Combat Sustainment Support Battalion (Bangor) after its deployment to Poland that served as a deterrent to Russian aggression as part of Operation Atlantic Resolve. The 146 Cyber Team (Augusta) was also reintegrated after deploying to the National Capital Region in support of offensive and defensive cyber operations worldwide. The 262 Engineer Company (Sanford) was mobilized to support the security effort on the Southwest border in support of USNORTHCOM (US Northern Command) as well as 7 Army Aviators mobilized in support of the Special Operations training in Nevada for one month. The MEARNG's 1136th Transportation Company (Bangor) supported a major Canadian Army exercise in February, hauling equipment and complex loads over unimproved roads in icy and wintery conditions from Fredericton Canada Goose Bay in Labrador.

The Joint Army and Air National Guard activities reached significant achievements in its response and preventive measures of Corona Virus Disease (COVID-19). Working in support of MEMA and in close cooperation with ME CDC, ME DOE, and FEMA, the Maine Army and Air National Guard consistently provided manpower and equipment to the people of Maine. Missions included testing site support,

DEPARTMENT OF DEFENSE, VETERANS AND EMERGENCY MANAGEMENT

resource distribution, warehouse operations, planning, training in the use of PPE, sanitizing of assisted care facilities, swabbing and swab collection.

The Directorate of Facilities Engineering (DFE) under the Military Bureau is responsible for operating, constructing, maintaining, and repairing over 150 buildings totaling over 1.5 million square feet of Maine Army National Guard (MEARNG) facilities. Priority of these efforts is synchronized with the MEARNGS Stationing and Force Structure plan. In FY20, DFE oversaw the execution of over \$11.4 M of Federal Sustainment, Restoration & Modernization (SRM) Funds supported by only \$400 K of State Funds for engineering services at facilities and training sites throughout the State.

The Maine Air National Guard (MeANG) has authorized strength of 1,136 Airmen; has 16 units composed of a Wing, Groups, Squadrons and Flights ready to serve in federal missions in areas of Air Refueling, Combat Communications and Engineering Installations. The 101st Air Refueling Wing provides world-wide air refueling for all major combatant commands for the United States Air Force, United States Navy, United States Marine, Air Force Reserve, Air National Guard and all North Atlantic Treaty Organization (NATO) countries. The 243rd Engineering Installation Squadron and 265th Combat Communications Squadron are co-located units in southern Maine that are rapidly deployable anywhere in the world, in any conditions for engineering and communications, respectively. In FY19, the MeANG deployed 67 personnel to all points around the globe, maintained alert aircraft and crews 24 hours a day, 7 days a week and processed 6.2 million gallons of jet fuel between in-flight and ground refueling missions both in the continental United States and overseas. The MeANG is ready to support sister services and state, federal and regional partners to protect lives and property of the citizens of Maine and to preserve peace, order and public safety under the orders of the Governor of Maine.

PURPOSE:

The Maine Bureau of Veterans' Services provides support services to Maine's estimated 114,000 veterans and their dependents. These programs include, but are not limited to advocacy, veteran/constituent briefings, housing, medical and hospital care, educational aid and compensation, vocational rehabilitation, employment, nursing homes, and burials. The seven regional offices located throughout the State provide support to veterans statewide in addition to supplementing the US Department of Veterans' Affairs claims offices at Togus, the Vet Center in Lewiston, and the Bangor Community Based Outpatient Clinic. The State Claims Office, located at Togus, administers the claims support, quality control, and appeals advocacy program. Veterans' Service Officers cover districts and travel to itinerant office sites at least four times a month to reach as many of Maine's veterans as possible with two Mobile/Traveling Veterans' Service Officers (VSOs).

The Central Office, located at Camp Keyes in Augusta, administers educational benefits provided to dependents of totally disabled veterans, maintains records of military service, provides park passes, processes applications for Gold Star license plates, coordinates services for homeless veterans, organizes outreach events and strategic partnerships. Under the Bureau of Veterans' Services is the Maine Veterans Memorial Cemetery System which provides for the burial and perpetual care of eligible veterans and their dependents. The Bureau administers the Honoring a Veteran from a Grateful State Program which provides recognition for the service and sacrifice of Maine's veterans. The Director sits on the Board of Trustees for the Maine Veterans' Homes, the Executive Council of the Governing Body for the VA Maine Healthcare System (ECGB), the Statewide Homeless Council, the State Workforce Board Veterans Employment Committee (SWB VEC), and serves as the primary public advocate for Maine veterans.

ORGANIZATION:

After the Civil War, service to veterans was provided through specific acts or laws. The earliest coordinated service to veterans was the Soldiers Board of 1919. The Bureau of Veterans' Services was created by Council Order in 1945 as The Division of Veterans' Affairs. The agency received authorization in 1947 and was established with a state office and seven local offices. In 1950, a claims office was established at the Veterans Administration Center at Togus. The Division was renamed the Department of Veterans Services in 1963. In the spring of 1970, the Maine Veterans' Memorial Cemetery became operational. Under reorganization legislation of 1972, the agency was placed within the new Department of Military, Civil Defense and Veterans' Services which, in 1974, was re-designated the Department of Defense and Veterans' Services.

PROGRAM:

CLAIMS SERVICE. The 7 regional offices during the fiscal year 2020, filed 1,903 claims with the US Department of Veterans' Affairs. The Claims Office at Togus, acting as the advocate for veterans, filed 1,717 new Powers of Attorney on the behalf of veterans and/or their dependents. Actions taken by the Bureau have resulted in 1,339 new awards or recoveries totaling \$32,997,790.61 by the US Department of Veterans Affairs. The Bureau also maintains the discharge records of Maine veterans who were discharged from service in the Armed Forces of the United States and makes those records available to veterans and their families, free of charge.

VETERANS' DEPENDENTS EDUCATIONAL BENEFITS. Dependents of permanent and totally disabled veterans may be eligible for free tuition at a state supported institution. During the past year there were 316 students enrolled in the program at a value of \$1,336,807.60. Students attended 15 University of Maine system

DEPARTMENT OF DEFENSE, VETERANS AND EMERGENCY MANAGEMENT

schools. The top 3 schools by amount of tuition waived were the University of Maine Orono, the University of Southern Maine, and the University of Maine, Augusta.

MAINE VETERANS' MEMORIAL CEMETERY SYSTEM. The Maine Veterans Memorial Cemetery System serves veterans throughout Maine with 2 cemeteries in Augusta, one in Caribou, and one in Springvale. During the past year, 1,070 burials were conducted and a total of 28,181 persons have been buried in the cemetery system since its inception in 1970. In FY20, 693 reservations for burial were made. At the end of the year there were 5,953 reservations for future burial on file.

PURPOSE:

The Department of Economic and Community Development (DECD) is responsible for administering Maine's programs related to business growth, community development, tourism, and film promotion. These programs fall within four divisions: the Office of the Commissioner, the Office of Business Development and Innovation, the Office of Tourism and Film, and the Office of Community Development. In most cases, the Department's programs require a significant amount of interaction with other organizations in the public and private sectors.

The Office of the Commissioner is responsible for policy development, including legislative activities and participation on numerous boards, commissions and task forces; financial management, including purchasing, contracting and human resources; facilities management; the development and implementation of the State Economic Development Strategic Plan and several grant programs.

ORGANIZATION:

The Department traces its roots back to the Maine Development Commission which was established in 1933. A reorganization in 1955 created the Department of Development of Industry and Commerce, and further reorganization in 1957 established the agency as the Department of Economic Development. In 1971, another reorganization reconstituted the Department as the Department of Commerce and Industry, and shortly thereafter, in 1975, the Department was abolished and many of its functions transferred to other agencies. As part of this process, the State Development Office was established within the Executive Department, and assumed responsibility for Maine's general business development functions. On October 1, 1987, the State Development Office was abolished to be replaced by the newly established Department of Economic and Community Development, which also assumed the development-related activities of the State Planning Office and the Department of Conservation. In 1995, the Department transferred its Natural Areas, Growth Management, Coastal Zone Management and Code Enforcement programs to the State Planning Office and the Department of Conservation.

In 1996, the Department was reorganized for efficiency by consolidating the Energy Conservation Division within the Office of Business Development. This reorganization also shifted the Department's primary accounting, personnel and information services functions to the Department of Administrative and Financial Services under a "clustering" arrangement, and established the Maine International Trade Center, which assumed the Department's international commerce functions. In 1999, the Legislature established the Maine Technology Institute with the purpose of coordinating grants to businesses to commercialize new products and processes. The Directors of the Maine Technology Institute and the Maine International Trade Center are employees of the Department of Economic and Community Development. In 2004, the Energy Resource and Conservation programs were transferred to the Public Utilities Commission as a part of their energy office. DECD underwent a reorganization in 2003 when the Office of Innovation was established to support research and development throughout the State. In 2006, the Legislature created the Office of Small Business and Entrepreneurship in realigning the small business programs in the Office of Business Development but this office was left vacant by budget cuts in 2008. In 2012, after the State Planning Office was abolished, DECD acquired the Code Enforcement Training and Certification Program and oversight of the State-owned landfill properties. In 2019, the Code Enforcement Training and Certification Program transferred to the

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

Department of Public Safety.

PURPOSE:

The Office of Business Development's (OBD) mission is to foster business start-up, growth, expansion and retention, and to increase quality employment opportunities for Maine citizens. OBD works in partnership with the business community and a system of regional and local development agencies to provide resources, technical assistance and financial tools necessary to attract and encourage new investment, as well as create and retain quality jobs. OBD is responsible for assisting businesses in all aspects of business development including market attraction and domestic exports.

ORGANIZATION:

The Office of Business Development includes two major functional areas: business assistance and business development. These areas also include the administration of Tax Incentives Programs, Business Answers and assistance for companies in all stages of maturity from start-ups to large industry.

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

PROGRAM:

TAX INCENTIVES PROGRAMS: The Tax Incentives program oversees three major tax incentives: the Pine Tree Development Zone program (PTDZ), which offers a variety of incentives for new or expanding businesses to assist them in creating new, well-paying jobs; the Employment Tax Increment Financing program (ETIF), by which employers are reimbursed a percentage of qualified, net-new employees' state withholding taxes; and the Tax Increment Financing program (TIF), which is driven by municipalities choosing to leverage new property taxes to drive economic growth, job creation and infrastructure improvements.

BUSINESS ASSISTANCE: The Business Answers Program responds to approximately 180 telephone and e-mail inquiries per month regarding doing business in Maine. This includes a One-Stop Business License Center and the online Business Licensing Assistant at <https://apps.web.maine.gov/cgi/online/businessanswers/index.pl>.

The Maine Small Business and Entrepreneurship Commission funds and oversees the Maine Small Business Development Centers program.

BUSINESS DEVELOPMENT: Facilitates business and job growth through business attraction, expansion and retention activity. Staff provides information directly to businesses on incentive programs, technical assistance and information on labor, wages, taxes, transportation, utilities and environmental regulations. Assistance is also provided for site location; financial opportunities through federal, state and local financing programs; and training opportunities through federal and state training programs.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Maine Film Office promotes the State as a filming location, actively recruiting productions and providing essential support services and resources for productions that film in Maine. The Film Office serves as the official state liaison between productions and federal, state, and local government agencies.

ORGANIZATION:

The Maine Film Office is comprised of one Director position and is a division within the Office of Tourism at the Department of Economic and Community Development. An eleven-member commission appointed by the Governor serves an advisory capacity to the Film Office.

PROGRAM:

To accomplish its strategic objectives, the Film Office manages several projects and programs. The Film Office plans and executes a marketing strategy and public relations programs to: increase production in Maine; promote Maine communities, businesses and residents within the film industry; and encourage productions to hire and buy local, deepening the economic impact in Maine. The Film Office also administers the Maine Attraction Film Incentive Program, financial incentives designed to attract out-of-state production and help in-state production companies. Productions working with the Maine Film Office provide Maine with more than \$15 million in economic impact each year.

Reference Policy Area 01 *Umbrella* 19 *Unit* 631 *Citation* T0005 *M.R.S.A., Sect.* 000013105

PURPOSE:

The Office of Innovation, through the Maine Technology Institute, encourages and coordinates the State's research and development activities to foster collaboration among the State's higher education and nonprofit research institutions and the business community. The Office promotes, evaluates and supports research and development relevant to the State including: technology transfer activities to increase the competitiveness of businesses and public institutions of higher education in the State; the development of new commercial products and the fabrication of such products in the State through the Maine Technology Institute and the Technology Centers; research opportunities that create sustained, inter-institutional multidisciplinary efforts; and coordinating cooperative efforts among government agencies, the private sector and universities and colleges on research and development relevant to Maine.

ORGANIZATION:

The Office manages the Maine Experimental Program to Stimulate Competitive Research (EPSCoR) (5 MRSA 13110), prepares the biennial science and technology plan (5 MRSA 13106) and coordinates the Technology Centers (5 MRSA 15322).

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

The Technology Centers are established to support the early-stage development of technology-based businesses. The goals of the Centers are to accelerate the development of these businesses through one-on-one technical assistance, peer networks, classroom or other training on subjects unique to technology commercialization and the management of high-growth enterprises, mentorship programs that link senior technology executives with entrepreneurs and other networking opportunities.

The Centers complement the State's other investments in research and development by providing a supportive environment for new technology-intensive businesses. The goals of the Centers include the retention of successful start-up businesses in the State, the improvement of opportunities for workers through the creation of technologically advanced jobs and the encouragement of private-sector initiatives.

The Director works with the Maine Innovation Economy Advisory Board (10 MRSA 949) to coordinate the State's research and development activities and to foster collaboration among its higher education and nonprofit research institutions and members of the business community. In addition, the Board develops and implements the State's Science and Technology Action Plan.

The Maine Technology Institute (MTI), a separate nonprofit corporation, is funded through the Office of Innovation. MTI (5 MRSA 15302) stimulates and supports research and development activity leading to the commercialization of new products and services in the State's technology-intensive industrial sectors.

PROGRAM:

The Maine Technology Institute (MTI) serves as the State's champion for the creation of a culture of innovation and entrepreneurship. Its strategy is based upon three themes: Fund, Connect, and Grow. It provides funding to companies engaged in the development of technology; connects them to the resources they need; and helps them grow. MTI's investments focus on the sectors of Aquaculture & Marine Technology; Biotechnology; Composites & Advanced Materials; Environmental Technologies; Forest Products & Agriculture; Information Technology; and, Precision Manufacturing. MTI works in partnership with a wide variety of organizations focused on Technology-Based Economic Development (TBED) and entrepreneurial development and serves as the leader in this arena to combine, and coordinate, all of these efforts to increase investment, company payrolls, sales revenues as well as to further develop a base of intellectual and scientific knowledge. MTI offers a suite of funding opportunities to support technology-based economic development.

MTI is a publicly-funded and industry-led 501(c) (3) non-profit managed by a Board of Directors appointed by the Governor, with specific requirements for sector representation, financial expertise, the Chancellor of the University of Maine, the President of the Maine Community College System, the Commissioner of the Department of Economic and Community Development (DECD), and the Director of the Office of Policy and Management. MTI staff members are not State employees. The budget includes funding for a position at DECD and a position who serves as the President of the Maine Technology Institute as well as pass-through funding in support of its operations. It also allocates and manages investments in the State's technology assets as provided through voter-approved bonds. Currently, MTI manages a portfolio of approximately \$105 million.

PURPOSE:

The Maine Small Business and Entrepreneurship Commission negotiates, approves and oversees the annual contract with the US Small Business Administration's identified administrative unit, which administers the Maine Small Business Development Centers program. Additionally, the Commission is responsible for the review and evaluation of state small business assistance programs, and for advising the Governor, Legislature and the Commissioner of the Department of Economic and Community Development with respect to these programs.

ORGANIZATION:

The Commission consists of the Commissioner of the Department of Economic and Community Development, the CEO of the Finance Authority of Maine, a designee of the administrative unit, three public members appointed by the Commissioner of the Department of Economic and Community Development, the Chair of the Maine Small Business Development Centers (SBDC) Advisory Council and the House and Senate chairs of the Joint Standing Committee of the Legislature having jurisdiction over Innovation, Development, Economic Advancement and Business matters.

PROGRAM:

The most comprehensive statewide program of small business assistance available in the State of Maine is delivered through the Maine Small Business Development Centers (Maine SBDC) network headquartered at the University of Southern Maine. The Maine SBDC program receives funding through the Maine Small Business and Entrepreneurship Commission with the balance provided by the US SBA, the USM School of Business, and local hosting organizations. The Maine SBDC also generates income via registration fees for its training events.

Utilizing its 14 certified business advisors at contracted host organizations, the SBDC offers advice, technical assistance, hosts workshops and provides assistance on how best to access capital to start-up or existing small businesses in Maine. For more information, contact the Maine SBDC Office at (207)780-4420 or visit their website at www.mainesbdc.org.

DEPARTMENT OF ECONOMIC AND COMMUNITY DEVELOPMENT

PURPOSE:

The Office of Tourism was created by law to serve as a single, official entity on state tourism policy with the authority to implement marketing, management and research programs. The Office's broad directive is to promote Maine as a four-season destination to both consumers and the travel trade. The Office includes the Maine Film Office which is responsible for the promotion of Maine as a location for film and video production.

To accomplish its mission, the Office is authorized to: conduct research to determine market demand; implement public relations and promotional programs designed to market Maine's travel-product; print materials as needed to fulfill requests for information about Maine by consumers and the travel trade; encourage the development of travel-product facilities and attractions; operate tourist information centers; serve as a liaison between private industry groups and local, state, and federal agencies involved in tourism promotion and development; and provide basic support and discretionary grants to regional tourism agencies.

ORGANIZATION:

The Office of Tourism includes the Office of Outdoor Recreation which is responsible for strengthening Maine's outdoor recreation economy and coordinating its promotion with the private sector and the state's natural resource agencies - Department of Agriculture, Conservation and Forestry and Department of Inland Fisheries and Wildlife.

The Office is supervised by the Director of Tourism, who oversees the activities of six professional and one support staff, and one professional person in the Maine Film Office.

PROGRAM:

During the past year the Office engaged in promotional efforts that included: digital, social, broadcast, out-of-home and print media advertising; editorial promotion; publication of a quarterly electronic magazine; domestic and international sales; participation in consumer travel and trade shows; strategic marketing partnerships; presentations before professional, consumer and media groups; and fulfillment associated with the promotional efforts. Local outreach programs continue and include informational seminars, workshops and conferences with elements of the Maine tourism industry. The Office provides oversight of the State visitor centers through contract management. The Office consults with communities throughout the State, providing guidance for developing the communities into places that can meet traveler expectations.

PURPOSE:

The Office of Community Development (OCD) provides financial assistance to municipalities for community revitalization, enhancing economic growth and infrastructure improvements. The OCD accomplishes this by providing technical assistance and grant funds (through a method of distribution approved by the Department of Housing and Urban Development) to municipalities to assist with community and economic development initiatives; develop, repair and establish public facilities, services and infrastructure; and create and/or rehabilitate affordable housing units.

ORGANIZATION:

The Department of Economic and Community Development assumed responsibility for administration of the Community Development Block Grant (CDBG) program in October 1987, when it was transferred from the State Planning Office. The program is funded by the U.S. Department of Housing and Urban Development and State General Funds and administered by a professional staff of eight full-time employees.

In 2012, oversight of the state-owned landfill properties was transferred from the former State Planning Office to the Office of Community Development. This Office also supports the Maine Made Program, the Brownfields Revolving Loan Fund and the Municipal Tax Increment Financing Program.

PROGRAM:

The Community Development Block Grant (CDBG) Program distributes funds to municipalities in two general areas: community development and economic development. The primary focus is to benefit low and moderate-income persons, but it may also be used to address slums and/or blighting conditions, or for the purpose of addressing conditions having an urgency because of serious health/safety conditions affecting the community. CDBG funded programs include but are not limited to: Public Infrastructure, Housing Assistance, Micro Enterprise Program, Workforce Development, Downtown Revitalization, Urgent Need and Economic Development. The OCD also offers technical assistance to communities that want to access the program and to provide information on other available funding resources. The State program is not available to the communities of Auburn, Bangor, Biddeford, Lewiston, Portland and all of Cumberland County except Brunswick and Frye Island. These are entitlement communities, which receive an annual allocation directly from the U.S. Department of Housing and Urban Development.

PUBLICATIONS:

CDBG Program materials may be obtained from the Office of Community Development or from its web site at <https://www.maine.gov/dec/d/community-development>.

PURPOSE:

To promote the best learning opportunities for all Maine students by providing information, guidance and support to schools, educators, and leaders and by providing adequate and equitable school funding and resources. The Maine Department of Education is dedicated to the principle that students must receive a world-class education in order to participate in the global economy and contribute to the democratic ideals of the nation, while reflecting the values of local communities. The Department recognizes that quality education is the cornerstone that ensures all Maine students will be prepared for work, postsecondary education, citizenship and personal fulfillment. The way to accomplish these goals is through an integrated and seamless educational system from pre-school through adulthood that ensures this outcome.

ORGANIZATION:

The Department is organized in an office structure that includes the Leadership Team; School Finance and Operations Team; Learning Systems Team; School and Student Supports Team; Maine School Safety Center; Higher Education and Educator Support Services Team; Facilities, Safety and Transportation Team; Special Services Team and Education in the Unorganized Territories.

PROGRAM:

The people of Maine are lifelong learners served by an innovative, equitable, and learner-centered public education system that supports students - early childhood throughout adulthood - in achieving healthy, successful, and fulfilling lives that allow them to shape the future. All department teams, and the programs, initiatives and activities they carry out, are aligned to and reflect a commitment to achieve this vision. The overall emphasis of the Department of Education is to ensure that each child in Maine has access to meeting the standards of Maine's Learning Results and the federal Every Student Succeeds Act (ESSA) through comprehensive educational planning and leadership. The Department is authorized to supervise, guide and plan a coordinated system of public education for all Maine people; to interrelate public education to other social, economic, physical and governmental activities, programs and services; to encourage and stimulate public interest in the advancement of education; and to encourage training and development for educators in cooperation with local school officials.

PURPOSE:

The Alternative Breakfast Delivery Program, also referred to as Breakfast after the Bell, is managed by the Child Nutrition sub-team of the Department of Education's School Finance and Operations Team. The purpose of the program is to provide funding for schools to start-up or expand an alternative breakfast delivery method. Maine schools are required to participate in the program, but the statute does provide for an opt-out provision.

ORGANIZATION:

The Alternative Breakfast Delivery Program is managed by the Child Nutrition team, as part of its regular operations. An existing team member, under direction of the Child Nutrition Program Director, assists schools in starting or expanding programs and provides other technical assistance. Grant requests are processed using Maine's payment method.

PROGRAM:

In the initial year of implementation, 15 schools participated in the Alternative Breakfast Delivery Program, due in large part to the fact that statute did not require participation. Although participation was made a requirement in the second year of the program, the pandemic halted traditional instructional settings and therefore, the program was not able to grow participation. As schools return to on site instruction, the Department anticipates participation in the program to increase.

PURPOSE:

The Community Schools Program was established as a pilot program to provide state funding to designated community schools. Community schools provide services to students, families and community members that promote student success while addressing the needs of the whole student.

ORGANIZATION:

A pilot program for community schools was established by Public Law 2015, chapter 267, Part GGG, funded within the General Purpose Aid for Local Schools program. Public Law 2019, chapter 434 provided a base allocation in this program to support the implementation and expansion of community schools with federal grant funding. This program did not have any activity in fiscal year 2019-20.

PURPOSE:

The Office of School Facilities and Transportation provides operational leadership, strategic planning, coordination and administration of programs related to public school buildings and transportation. The office oversees and administers the Major Capital School Construction Program, the School Revolving Renovation Fund, the Leased Space Program, the Federal Facility Program, Facilities Inventory, School Bus Purchase, Transportation Operations Program, and Transportation Safety and Training. The Office allocates resources to accomplish program goals; ensures compliance with all applicable statutes, rules and policies; develops and implements rules and policies; proposes, reviews and testifies on legislation; collects and analyzes data; and provides technical assistance and training. The Office works closely with the State Board of Education, state agencies, and school administrative units to accomplish its goals.

ORGANIZATION:

The Office of School Facilities and Transportation consists of six positions as a result of a governmental reorganization in 2016.

DEPARTMENT OF EDUCATION

PROGRAM:

The Major Capital School Construction Program provides a comprehensive and integrated approach to prioritizing and planning of state funded public school buildings. The program is designed to identify and address the school buildings with the most need in the state and provides funds and construction oversight to school administrative units with new school construction and major renovation projects. Three new projects were approved to begin the Department's 21-step construction process. The School Revolving Renovation Fund Program makes loans to school administrative units for approved school renovation projects. One hundred and five (105) projects were approved totaling \$25,233,474. The Office prioritizes applications, assists School Administrative Units (SAU) through the process, and coordinates funding with the Maine Municipal Bond Bank. The Leased Space Program provides funding to address the need for additional temporary classroom space due to overcrowding, enrollment fluctuations and new programs. Approved leased space applications totaled \$193,068. The Federal Facility Program administers federal funds provided for construction or repair of school facilities. The Facilities Inventory Program collects data on school facilities to better understand statewide needs and develop comprehensive solutions.

The School Bus Purchase Program provides an equitable distribution of limited dollars to maintain a modern safe fleet of school buses. The School Bus Bid Program is a state school bus request for quote system that support SAUs in purchasing school buses through local vendors. The Transportation Operations Program provides a suite of transportation software modules including routing, maintenance, field trip management, communication, and more to analyze, refine, and implement efficient operations. The Transportation Safety Training Program supports regional and state bus safety and driver training for school bus drivers, mechanics, technology staff, and SAU transportation directors. The Transportation Reports Program collects information needed to improve the safety of operating school buses. This includes the collection and evaluation of annual uniform crash, safety and training, and school bus inventory data.

PURPOSE:

The Office of Higher Education and Educator Support Services enhances and initiates student centered learning paradigms through certification, higher education, adult education, and educator excellence channels. The Office endeavors to provide high quality, effective learning environments for all adult students to: ensure that all students have access to effective teachers and leaders; provide and encourage the growth of educational opportunities and, where applicable, to ensure career, citizenship and college readiness for adults;

DEPARTMENT OF EDUCATION

advance policies that increase the number of candidates entering the teaching profession and encourage and support the recruitment, development, and retention of well prepared and skilled teachers and school leaders; and strengthen pathways from high school to higher education/workforce.

ORGANIZATION:

The Office of Higher Education and Educator Support Services' current organizational structure was established by the Commissioner in 2017. The Office is comprised of four work teams: Adult Education, Certification, Educator Excellence and Higher Education. Adult Education oversees adult educational opportunities provided by over 70 local adult education programs located throughout the State and integrates learner-centered intake processes; academic and career advising; rigorous, research-based instruction; effective assessment practices; experienced and credentialed instructors; and productive partnerships with educational and workforce development institutions and employers. Certification primarily administers the rules of the Maine State Board of Education relating to the issuing and renewing of credentials to persons employed in or under contract with public and approved private schools. The Educator Excellence team focuses on attracting, developing, and sustaining a robust, equitable, and diverse educator workforce. Higher Education is primarily responsible for degree-granting authority and educator preparation program authorization. In addition, Educator Effectiveness, a component of the Higher Education team, is responsible for supporting the implementation, ongoing refinement, and monitoring of Performance Evaluation and Professional Growth (PEPG) systems across the State as well as professional development opportunities.

PROGRAM:

The Adult Education team's major services include instruction in basic literacy (primarily in the areas of reading and math) to support the learning needs of adults below the high school level, and English language acquisition, to assist adults in gaining fluency in English; secondary education completion (coursework to complete high school through a diploma or high school equivalency pathway); WorkReady (employability and soft skills training); and College Transition, a program of academic coursework and support services to prepare adults for enrollment in post-high school education and or training that results in a credential of value and high-quality employment.

The Certification team enforces requirements for entry level and renewal preparation and requirements for the certification of administrators, educational specialists, teachers and educational technicians including the approval of criminal history record checks for all persons; administers rules related to the Interstate Agreement between Maine certification and other states, qualifying exams for teachers, employment of teachers and principals, teacher leaves of absence, school records/audits/reports, and the Professional Standards Board; implements rules establishing the grounds to deny, suspend or revoke credentials and the procedures for taking administrative action against credential applicants and holders; and investigates allegations of misconduct or incompetence, reports information as necessary to appropriate authorities and allows public access to information and records, unless the specific information and record is confidential by statute.

The Educator Excellence team provides policy and operational leadership to develop support in recruiting and retaining a diverse and equitable educator workforce, as well as strategically addressing the state teacher shortage through collaboration with key stakeholders in the Educator Talent Committee; Teach Maine and other initiatives.

The Higher Education team serves as a liaison to the public and private post-secondary institutions in Maine; administers the degree-granting authority process for in-state and out-of-state institutions as well as proprietary and correspondence schools; manages educator preparation program authorization; maintains various closed post-secondary institution transcripts under the custody of the Department; oversees early college coursework (Aspirations) program; provides technical assistance and support for the implementation of PEPG systems; conducts and promotes professional development opportunities and a variety of resources to the field focused on retention and continuous development of educators; and support for educator recognition programs, peer mentor and induction supports. Team members also implement initiatives of the Commissioner

DEPARTMENT OF EDUCATION

Act (ESEA) Federal Programs and School Turnaround; Assessment; and Career and Technical Education (CTE). This Office administers or utilizes several federal programs including the Carl Perkins Vocational, George Briggs Grant, Preschool Expansion and Development Grants and ESEA federal programs and grants. The Office of Learning Systems coordinates, manages, and supervises the services related to a wide array of instructional programs, activities, supports and requirements for all Maine learners and provides leadership to the field in its conduct of those functions. While its focus is on programs operated through Maine's public schools, its scope is primarily pre-school through grade 12. Its activities cover state, federal, private and foundation funded educational activities through the secondary level. This office reviews and testifies on legislation regarding education and develops rules as directed by legislation; collects and analyzes student data for performance and other required elements; summarizes data for public reports and policy direction; and provides technical assistance and professional learning to school personnel on instructional strategies, best practice and program operations. In addition, this office provides support services, is responsible for grant processing and approvals for CTE, and enters into contractual and inter-agency agreements where appropriate for the delivery of services.

ORGANIZATION:

The Office of Learning Systems' current organizational structure was established by the Commissioner in 2019 as a way to unify program areas of curriculum instruction, ESEA Federal Programs, statewide assessment and career and technical education programs across the pre-K-12 continuum. This design provides information, professional learning and development, technical assistance and research and development in curriculum, instruction, and assessment in the content areas of the Maine Learning Results and the Maine Early Learning and Development Standards; support services for students who are English Language learners; assessment and comprehensive school supports for students who experience significant cognitive disabilities.

The Office of Learning Systems staff work at the district and school levels, across districts in a region, across regions, and statewide for a variety of purposes. Team members work collaboratively with external organizations, agencies and other internal teams in order to ensure comprehensive, integrated and coordinated services to support Maine schools. Team members are assigned to and serve curriculum leaders in the nine regions that are designated by the Maine School Superintendents' Association: York, Cumberland, Western Maine, Kennebec Valley, Midcoast, Penquis Valley, Washington, Hancock, and Aroostook. The Office of Learning Systems participates in opportunities at a national level when applicable and beneficial in order to minimize state costs and increase collaboration with other states. Several advisory committees and task forces such as the Children's Cabinet and the Early Childhood Advisory Council, state workforce board sub committees are integral components of this team's management, informational, and decision-making structure.

PROGRAM:

Office of Learning Systems team members provide a wide array of services to Maine school systems both regionally and statewide. They provide technical assistance and comprehensive support to superintendents, administrators, teachers and other education staff in coordinating local and regional efforts to accomplish the following:

- Implement the Maine Learning Results and Maine Early Learning and Development Standards, the knowledge and skills essential to prepare students for college, careers and citizenship;
- Support services to assure equitable access for students to achieve the Maine Learning Results and Maine Early Learning and Development Standards through multiple pathways and opportunities;
- Parameters for Essential Instruction;
- Graduation requirements
- High school redesign
- Identify and broker professional development and professional learning opportunities aligned to the needs of educators and Maine school systems;
- Work with regional groups and organizations to establish or enhance partnerships and collaborations with a variety of agencies, educational institutions, organizations, and partners; and
- Provide expertise in curriculum content areas, instructional practice and strategies and other special areas of expertise statewide.

DEPARTMENT OF EDUCATION

The Office of Learning Systems provide expertise in the design and implementation of the:

- Maine Learning Results and Maine Early Learning and Development Standards;
- Comprehensive state assessment systems to measure student learning and achievement of the Maine Learning Results;
- Design, construction, and implementation of Maine's statewide assessment system;
- Development of assessment systems;
- Approval of Career and Technical Education programs;
- Industry standards;
- Implementation of the Carl D. Perkins funds
- Implementation of public pre-K programming; and
- ESEA Titles I, II, III, IV and V.

In order for the Office of Learning Systems PreK-12 team to support a continuum that includes post-secondary education to 20, collaboration must exist between Department teams including but not limited to Adult Education, including the high school equivalency exam and adult diplomas, Federal Adult Basic Education and Family Literacy Programs, the Office of School and Student Supports, the Office of Special Services, and Language Instruction for English Learners and Immigrant Students. The Office of Learning Systems develops and implements the Maine Comprehensive Assessment System for grades 3-8 and high school, which includes the following:

- Maine Educational Assessments (MEA) in math, ELA/Literacy and science;
- Multi-State Alternative Assessment (MSAA) for students with significant cognitive disabilities in math, ELA/Literacy and science;
- Maine's English language proficiency assessment (ACCESS); and
- National Assessment of Educational Progress (NAEP) and international assessments where applicable.

Team members implement initiatives as directed by the Commissioner. The team is expanded in the actual work to be inclusive of all content specialists in both regular and Career and Technical Education (CTE) programs. Members of this team work with higher education institutions to advocate for increased quality and diverse student entry into post-secondary education.

PURPOSE:

The School Finance and Operations team provides policy oversight, implementation and support for General Purpose Aid to Local Schools, school data collection, management and reporting, and state and Federal Child Nutrition programs.

DEPARTMENT OF EDUCATION

ORGANIZATION:

The School Finance and Operations team is comprised of three sub-teams: the School Finance, Compliance & Governance sub-team, the Data sub-team, and the Child Nutrition sub-team. The nine-member School Finance, Compliance & Governance sub-team administers the Essential Programs and Services Funding Act, controls distribution of General Purpose Aid to Local Schools, and collects statutorily required financial data from all school administrative units. This sub-team also provides technical assistance to school units regarding school closings, school board reapportionment, withdrawals from school units, and calculates the annual tuition rates for public and some private schools. This sub-team oversees the Compliance section which reviews all audits of school administrative units and other entities receiving educational funds and administers compliance review of all State approved school construction projects. Eight team members of the Data sub-team provide data management support including the collection, control, processing, production, and dissemination of financial and statistical data in support of most departmental programs including Student Assessment, Teacher Certification, Child Nutrition, Special Education, Career and Technical Education, and local Staff Information as well as for legislative information, federal reporting, local school unit information, and taxpayer information. This sub-team also administers local school unit reporting of staff and student data to meet state and Federal reporting requirements for calculation of State support of local education and accountability of programs. The Child Nutrition sub-team of 15 provides nutrition education training, and technical and financial assistance for the provision of USDA breakfast, lunch, after school snack, and fresh fruits and vegetables programs to public and private schools, charitable and residential childcare institutions and summer camps.

PROGRAM:

The School Finance, Compliance & Governance sub-team's annual production goals were met with the accurate and timely fulfillment of all programs. For General-Purpose Aid to local schools, the distribution of the 2019-2020 State school subsidies of \$1.142 billion was accurately processed, analysis performed, and information prepared and distributed for the 2019-2020 subsidy program and legislative actions. The Commissioner's Recommended Funding Level for the subsequent year, was prepared and presented on time in accordance with the Essential Programs and Services Funding Act, Title 20-A M.R.S.A., Chapter 606-B. This team also collaborated with the Data sub-team to provide data to meet federal reporting requirements. The Data sub-team successfully provided management support and collection, processing, and production of educational data to meet State and Federal reporting requirements and funding allocations accurately and on time. The Child Nutrition sub-team reimbursed \$25,206,336 in Federal and State funds to schools and other food service sponsors for serving nutritious meals to children. Meals subsidized in whole or part during the 2020 School Year included 8,335,362 school lunches, 4,660,262 school breakfasts and 239,402 after school snacks. The Child Nutrition team also reimbursed \$1,524,869 to schools that offered fresh fruit and vegetables as a snack. Prior to the start of the school year, the Summer Food Service Program made available \$31,732,094 in meal and administrative reimbursement to schools, other sponsors, and government agencies. Total meals served in the summer were over 20,978,074. USDA commodity foods valued for schools and summer sponsors at \$5,218,274 were allocated and distributed. The Child and Adult Care Food Program served 1004 sites, managed by 116 organizations. During the year, the program provided \$81,587,438, serving 1,335,527 breakfasts, 1,370,165 lunches, 297,928 suppers, and 1,704,743 supplemental meals/snacks.

PURPOSE:

The Office of Special Services provides leadership, management, coordination and supervision of programs and services provided in accordance with the Individuals with Disabilities Education Act (IDEA) to children with disabilities birth to 20 years old. Activities are directed at the goal of enhancing the performance of children with disabilities. The Office also works with various educational organizations, including institutions of higher education, private educational organizations, national technical assistance centers, and service providers. The Office of Special Services participates in the legislative process regarding the education and services for children with disabilities by proposing legislation and reviewing proposed legislation. It develops, promulgates and enforces regulatory requirements in alignment with state and federal statutes and regulations. It is responsible for the collection and analysis of student and school performance data that are reported publicly in conformity with federal and state obligations. Responsibility includes administration of the federal IDEA, Part B (children with disabilities age 3-20) and Part C (early intervention for children with disabilities birth-3). It is also responsible for oversight of the plan and vendor for the Assistive Technology Act of 1998 (AT Act), as amended.

ORGANIZATION:

The Office of Special Services is organized in six teams. Team 1 is responsible for general supervision of special purpose private schools, the state agency client program, and the surrogate parent program. Team 2 provides oversight and development of special projects including: dyslexia technical assistance, the math project to improve results for students with disabilities as required in the State Performance Plan and the work in the field to implement positive behavior supports (Positive Behavior Instructional Supports or PBIS). Team 2 also supports teacher retention, recruitment and professional development. Team 3 is responsible for technical assistance, professional development, support and

DEPARTMENT OF EDUCATION

general supervision of public schools, including oversight of compliance with federal and state regulations. Team 4 provides support with dispute resolution. Team 5 is responsible for fiscal management of the federal grant, state agency clients and contracts. Team 6 oversees data reporting and analysis (including the State Performance Plan and the Annual Performance Report).

The Office of Special Services also provides oversight of Child Development Services, the governmental unit responsible for ensuring the provision of a free appropriate public education to children with disabilities age 3-5 and for early intervention services for children 0-3. The work of the Office of Special Services is guided by several advisory groups including the Assistive Technology Advisory Council, the Interdepartmental Coordinating Committee for IDEA, Part C, the State Advisory Panel for IDEA, Part B, the PBIS Stakeholder Committee and the advisory committee for the math project. Members of the Office of Special Services also sit on committees and cross agency collaboratives.

PROGRAM:

Personnel in the Office of Special Services provide leadership and support for an array of services to schools locally, regionally and statewide. Support is also provided to interdepartmental activities outlined in Memoranda of Understanding with the Departments of Health and Human Services, Labor and Corrections. In addition, the Office of Special Services team collaborates internally with the Department's personnel in general education, certification, school approval, and assessment. Maine Unified Special Education Regulation Birth to Age Twenty (MUSER) aligns services to children with disabilities ages birth-2 years old and children with disabilities ages 3-5 through the statewide Child Development Services program. The Office supports implementation of the Assistive Technology Act Program in collaboration with the University of Maine System and a network of public and private entities.

LICENSES:

The Office of Special Services collaborates with other state agencies to ensure appropriateness of special education personnel licensing and associated program and services costs.

PUBLICATIONS:

The Office of Special Services provides a number of guidance documents for the Maine Unified Special Education Regulation Birth to Age Twenty as well as for various other functions performed under the federal IDEA. The Office also maintains a website to disseminate information and resources to schools, parents and families.

PURPOSE:

Public Law 2013, chapter 368 changes the method for funding normal costs of teacher retirement. Beginning in fiscal year 2014, the normal cost of retirement for a teacher is reflected in the General Purpose Aid for Local Schools expenditures for School Finance and Operations Team Unit and included in the costs for the school administrative unit that employs the teacher. The remaining employer retirement cost component is the unfunded actuarial liability, which forms the expenditures for teacher retirement.

PURPOSE:

This team is charged with implementation and oversight of state programs that leverage technology to support student learning and achievement. These include professional learning programs to help teachers develop and share best practices in using technology to enhance student achievement, and programs that provide or support technology infrastructure in Maine schools (Maine Learning Technology Initiative or MLTI, Maine School and Library Network or MSLN).

ORGANIZATION:

The Team is comprised of three positions (supported by General Purpose Aid for Local Schools). In 2017, the Team was incorporated into the Department's Office of Learning Systems Secondary Education and Technology Integration team.

PROGRAM:

Staff on this team provide a wide array of services and technical support to school systems, teachers, and other organizations across the State. This is done by staff and through contracted services managed by the staff (i.e. HP, Apple, Inc.). They provide direct technical assistance to schools in the form of professional development for teachers, administrators, and technology support specialists as well as project management support. They work with schools as they develop plans and increase skills in using technology to enhance student learning. The Team coordinates with other professional development efforts within the Department of Education as well as with other organizations in Maine. Through the MLTI project, schools are provided with computer equipment, services, technical support, and professional development. Management of the project includes procurement, contract management, and ongoing support for over 80,000 wireless laptop and tablet computers, wireless network infrastructure in over 300

public schools (K-12), and professional development activities in support of educators, administrators, and technology support specialists. The MSLN provides advanced broadband Internet connectivity to virtually all K-12 public and private schools in Maine through a cooperative effort between the Maine Department of Education (DoE), Maine State Library (MSL), Maine Office of Information Technology (OIT), and the University of Maine System (UMS). Together, these agencies have formed NetworkMaine which serves as the entity that procures services, manages contract relationships with telecommunications providers, and coordinates with schools and public libraries to ensure that schools and libraries have sufficient broadband Internet connectivity to support their educational and public service needs. NetworkMaine, a cooperative effort between DoE, MSL, OIT, and UMS, provides administrative and operational support of the MSLN, which is largely funded by the Maine Telecommunications Education Access Fund (Maine Revised Statutes, Title 35-A, section 7104-B) and the federal E-Rate program.

PURPOSE:

The mission of Education in the Unorganized Territory (EUT) is to deliver a comprehensive range of educational services to all eligible pupils aged 3 to 20 who are legal residents of the Unorganized Territory of Maine. Maine Revised Statutes, Title 20-A, Chapter 119 establishes the Commissioner's statutory authority to provide elementary and secondary schooling through the operation of schools in the unorganized territory or to provide resident pupils with transportation services and tuition to attend school in the nearest public school system. A total of approximately 828 pupils reside in the unorganized territory.

ORGANIZATION:

Education in the Unorganized Territory consists of a Director of the Education in the Unorganized Territory (EUT), an Education Specialist III who serves as the Director of Special Education for the unorganized territory, a Business Manager, a Secretary Specialist and a full-time Accounting Assistant Technician. All positions except the Director of Special Education are located at the central office in Augusta.

DEPARTMENT OF EDUCATION

PROGRAM:

Education in the Unorganized Territory is responsible for the operation of three elementary schools with a total enrollment of 109 pupils (Connor, Edmunds, and Kingman). Employees in these schools include teaching principals, teachers, office assistant IIs, teacher aides, janitors bus drivers and cooks. In addition, approximately 719 pupils are tuitioned to 73 local school systems with transportation provided through 9 contracted vendors and 23 conveyances agreements. The EUT works collaboratively with Local Education Agencies to coordinate bus routes to transport unorganized territory children to and from school. Pupils who reside in more remote locations are provided educational services through a variety of alternative methods such as room and board in lieu of transportation, tutors, and home schooling.

BOARD OF ENVIRONMENTAL PROTECTION

PURPOSE:

The Department of Environmental Protection is charged by statute to prevent, abate and control the pollution of the air, water and land and preserve, improve and prevent diminution of the natural environment of the State. The Department is also charged with protecting and enhancing the public's right to use and enjoy the State's natural resources and with educating the public on natural resource use, requirements and issues. The Department, through authority vested in the Commissioner and the Board of Environmental Protection, exercises the policy powers of the State to prevent the pollution of the natural environment. It recommends to the Legislature measures for the improvement of environmental protection, administers grants, issues licenses, and initiates enforcement actions.

ORGANIZATION:

On July 1, 1972, the Department was formally created with a broad mandate of responsibilities extending to air, land, water, waste and other environmental areas of concern.

PROGRAM:

The Department of Environmental Protection's activities, goals, objectives and plans are reflected in the reports of the individual bureaus, programs and specific initiatives.

The Bureau of Air Quality administers state air pollution laws and the Federal Clean Air Act. The Bureau conducts air monitoring and modeling, licenses air emissions, enforces license conditions and manages technical data.

The Bureau of Remediation and Waste Management is responsible for responding to discharges or spills of oil products or hazardous matter; directing the cleanup or mitigation of adverse effects associated with uncontrolled hazardous substance sites; managing hazardous wastes, hazardous substances, petroleum products and biomedical waste; administering the State's solid waste facility licensing program, the asbestos and lead abatement programs, and the residuals landspreading program.

The Bureau of Water Quality is responsible for assessing the quality of Maine's waterways, licensing waste water discharges and reporting water body uses and recommended classifications to the Legislature.

The Bureau of Land Resources is responsible for administering the laws and regulations related to a wide range of land development activities, including large-scale developments, stormwater, impacts to natural resources (ponds, streams, wetlands, etc.), mining and gravel pits, shoreland zoning, and hydropower facilities. The Bureau also performs compliance and enforcement tasks to ensure land development activities are in compliance with the licenses issued.

LICENSES:

Licenses: Air Emission, Oil Terminal Facility, Hazardous Waste Treatment Facility and Storage Facility, Hazardous Waste Transporter, Vessels at Anchorage, Waste Oil Storage Facility, Waste Oil Dealer and Transporter, Hazardous Waste Disposal Facility, Septage Sites, Solid Waste Facility, Maine Pollutant Discharge Elimination System, Waste Water and Experimental Discharge, and Stormwater.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Permits: Log Storage, Mining Rehabilitation of Land, Site Location of Development, Hydropower, Sludge Utilization, and Natural Resources Protection.

Certifications: Underground Oil and Hazardous Substance Storage Tank Installer, Asbestos Abatement Contractor, Design Consultant and Worker, Asbestos Evaluation Specialist and Project Supervisor, Water Quality, Waste Water Treatment Facility Operator, Servicing and Repairing Sanitary Waste Treatment Facilities, FAME, Water Pollution Control Facilities, Tax Exemption for Pollution Control Facilities, Small Scale Wind.

(See Bureau entries for details)

PUBLICATIONS:

Guidance documents include short documents on a variety of laws, programs and environmental issues, and periodic publications, on timely topics of relatively narrow focus.

Study reports as directed by the Legislature.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

PURPOSE:

The Bureau of Air Quality implements state air pollution laws and the federal Clean Air Act. The Bureau issues air emission licenses, assesses ambient air impacts from emissions, ensures compliance with state and federal air emission regulations, monitors ambient air quality, and manages data systems to measure environmental impacts and program performance.

ORGANIZATION:

The Bureau of Air Quality (BAQ) is comprised of two divisions: the Division of Air Quality Assessment and the Division of Licensing and Compliance.

PROGRAM:

The Division of Air Quality Assessment is responsible for all ambient air quality monitoring conducted and the data collected throughout the State, which is carried out by the 4 regional offices in Presque Isle, Bangor, Augusta and Portland. The data obtained is submitted to EPA, is used for issuing BAQ's daily air quality forecasts, making attainment demonstrations and tracking trends, among other multiple uses. The Division is also responsible for the operation of the Air Laboratory that supports the monitoring program by performing various analyses of collected air samples, conducting performance audits of all monitoring equipment, the creation and/or upkeep of the Division's QAPPs and SOPs, and managing and maintaining the monitoring program's and Air Lab's data management systems and their applications. The Division also performs sophisticated technical analyses of a variety of complicated data sets, draft regulatory proposals and final promulgations; and provides comments, notes potential issues and makes recommendations to Division and Bureau management based on results of, and conclusions from, completed assessments.

The Division of Licensing and Compliance is currently made up of four sections, the Licensing Section, the Compliance Section, the Enforcement Section, and the Mobile Sources Section. The Licensing Section is primarily responsible for reviewing applications from facilities that are required to obtain air emission licenses and writing the licenses to include state and federal requirements to which each facility is subject. The Compliance Section is primarily responsible for evaluating the compliance status of regulated facilities. The Enforcement Section is primarily responsible for determining and implementing the appropriate enforcement action for any non-compliance events. The Mobile Sources Section is primarily responsible for determining compliance with Maine's laws and regulations relative to mobile sources, including the motor vehicle inspection and maintenance program, the sale of motor vehicles that meet California emission standards, and the heavy-duty diesel truck emission standards.

PURPOSE:

The Bureau of Land Resources is responsible for: administering environmental laws designed to protect and improve the quality of Maine's land resources; reviewing land development projects that may have an adverse impact on the natural environment and protected natural resources; and providing a coordinated approach to environmental stewardship in managing resources utilized in our daily lives.

The Bureau administers the: Site Location of Development Act; Natural Resources Protection Act; Mandatory Shoreland Zoning Act; Maine Waterway Development and Conservation Act; Stormwater Management Law; Erosion and Sedimentation Control Law; Performance Standards for Excavations for Borrow, Clay, Topsoil, or Silt; Performance Standards for Quarries; Maine Metallic Mineral Mining Act; Maine Wind Energy Act; and state water quality laws.

The Bureau receives some federal funding under The Coastal Zone Management Act in return for state-level administration of the state's core environmental laws. The Bureau is also responsible for the completion of Federal Consistency reviews in conjunction with the Maine Coastal Program at the Maine Department of Marine Resources.

ORGANIZATION:

The Bureau includes the Land Division and three programs: Hydropower, Mining, and Shoreland Zoning.

PROGRAM:

The Land Division reviews permit applications primarily under the Site Location of Development Act, the Natural Resources Protection Act, and the Stormwater Management Law. The hydropower program reviews permit applications under the Maine Waterway Development and Conservation Act and issues water quality certifications to hydropower facilities. The mining program oversees the regulation of borrow pits, quarries, and metallic mineral mines. The shoreland zoning program assists municipalities with implementation of the Shoreland Zoning Act. Staff within the Bureau are responsible for licensing, complaint resolution, compliance inspections, education and outreach, and enforcement actions.

LICENSES:

Site Location of Development permits; Natural Resources Protection Act permits; Stormwater Management Law permits; Maine Construction General Permits; Borrow, Clay, Topsoil, Silt and Quarry notices; 401 Water Quality Certifications; Coastal Zone Management Consistency Determinations; Hydropower Permits; and Shoreland Zoning Municipal Ordinance Approvals.

PURPOSE:

The Office of the Commissioner provides coordination of management and planning efforts across the Department, develops and staffs intra-agency initiatives and provides overall strategic direction for the Department.

ORGANIZATION:

The Office of the Commissioner consists of the Commissioner, Deputy Commissioner, Office of Policy Services, Office of Innovation and Assistance, and Office of Education and Outreach.

PROGRAM:

The Office of Policy Services: oversees rule making and enforcement activities; coordinates strategic planning and quality assurance; and provides support services to the Department. The Office also serves as primary liaison with the Office of Attorney General.

The Office of Innovation and Assistance reviews departmental initiatives and makes recommendations to the Commissioner on how to integrate multi-media, innovative programs and technical assistance. The Office administers the Small Business Technical Assistance Program (SBTAP), and the State's Environmental Leader programs.

The Office of Education and Outreach develops and coordinates departmental communications and legislative and outreach initiatives. Staff provide the central point of contact for legislators, the media and the general public. The Office is responsible for delivery of proactive, integrated and professional quality educational initiatives and for execution of the agency's annual legislative agenda.

PURPOSE:

The Board of Environmental Protection (Board) is charged with providing informed, independent and timely decisions on the interpretation, administration and enforcement of the laws relating to environmental protection, and with providing for credible, fair and responsible public participation in Department decisions. The Board fulfills its purpose through rulemaking, decisions on applications of statewide significance, decisions on appeals of the Commissioner's licensing and enforcement actions, approval of consent agreements, and recommending changes in the law to the Legislature.

ORGANIZATION:

The Board consists of seven members appointed by the Governor, subject to review by the joint standing committee of the Legislature having jurisdiction over natural resource matters and confirmation by the Senate. Members are selected to represent a broad range of professional backgrounds and experiences. At least three members must have technical or scientific backgrounds in environmental issues and no more than four members may reside in the same Congressional District. Members serve four-year terms, and a member may not serve more than two consecutive four-year terms. The Governor appoints one member to serve as chair. The Board is staffed by the Executive Analyst and the Board Clerk. Members receive \$55 per day for each meeting or hearing attended and reimbursement for travel expenses incurred while attending meetings, public hearings or participating in other official Board business. Four members of the Board constitute a quorum for the purposes of opening a meeting and for a vote of the Board.

PROGRAM:

The Board generally holds meetings and hearings in Augusta on the first and third Thursdays of each month. Additional meetings and hearings are scheduled by the Board as needed to address pending matters. The Board's agenda and the documents presented for Board consideration and decision are available on-line for public review prior to each board meeting, and the Board provides live audio-streaming of its proceedings. [<http://www.maine.gov/dep/bep/index.htm>].

LICENSES:

The majority of license applications are processed at the Department staff level and decided by the Commissioner; however, State law provides that the Board shall decide applications for projects determined to be of statewide significance.

PURPOSE:

The Bureau of Water Quality is responsible for administering environmental laws designed to improve and protect the quality of Maine's water resources. The Bureau administers state water quality laws, as well as various programs under the Federal Clean Water Act including the delegated federal National Pollutant Discharge Elimination System (NPDES) program. The Bureau receives federal funding under the Federal Clean Water Act that assists with state-level administration of those core laws.

ORGANIZATION:

There are two divisions in this bureau: the Division of Water Quality Management and the Division of Environmental Assessment.

PROGRAM:

The Division of Water Quality Management regulates the discharge of pollutants to surface or groundwater of the State as authorized under the States' Protection and Improvement of Waters Law and the Federal Clean Water Act. Activities include licensing, compliance, and enforcement. The Division also oversees the operation of all wastewater treatment facilities, certifies wastewater treatment operators and provides technical assistance.

In addition, the Division of Water Quality Management administers funding programs for the planning, design and construction of wastewater treatment facilities. These include the State Revolving Fund (SRF) which funds rehabilitation and upgrade projects to maintain Maine's existing inventory of municipal wastewater treatment and collection facilities. Also included are: the Small Communities Grant program, which focuses on remediating failing septic systems throughout the State; the Overboard Discharge Removal Program, which provides grants for the removal of certain systems as obligated under current law; and the Boat Pumpout Grant Program that provides grants for boat pumpout facilities.

The Division of Environmental Assessment is responsible for monitoring and assessing ground/surface water quality to provide the scientific foundation for the land and water regulatory programs as well as for developing environmental

indicators to evaluate program effectiveness. The Division oversees the development of the biennial Integrated Water Quality Monitoring and Assessment Report, Surface Water Ambient Toxics Monitoring Program, the Dioxin Monitoring Program, the Lakes Program, the Invasive Aquatic Species Program, and does quality assurance and control of the Volunteer Lake Monitoring Program. Services include biological, toxicological, and water quality computer modeling of wastewater impacts, complete ambient monitoring, and investigative capabilities. The Division also coordinates regulatory/non-regulatory approaches that are tailored to problems in specific watersheds and administers the Nonpoint Source Program under section 319 and section 604b of the Federal Clean Water Act. The Division assists with education and outreach and public awareness campaigns to carry out these programs.

LICENSES:

Waste Discharge Licenses; MEPDES permits; Certificates of Tax Exemptions; 401 Water Quality Certifications.

PURPOSE:

The Bureau of Remediation and Waste Management administers Maine's oil, hazardous material, and solid waste management programs, including: emergency response for oil and hazardous materials spills; regulation of underground piping associated with aboveground storage tanks and underground oil storage facilities; certification of underground oil storage facility installers and inspectors; licensing of waste facilities, waste transporters, oil terminals, and spreading sites for septage, sludge and other residuals; the bottle bill program; several product stewardship programs; oversight of asbestos and lead management and disposal; investigation and cleanup of uncontrolled hazardous substances sites; coordination with EPA on investigation and clean-up of Superfund sites; and implementation of the Brownfields and Voluntary Response Action Programs. The Bureau also manages the Maine Ground and Surface Waters Clean-Up and Response Fund, the Maine Hazardous Waste Fund, the Uncontrolled Sites Fund, and the Solid Waste Management Fund, as well as bond accounts for uncontrolled sites and landfill closure. The Bureau provides staff support to the Clean-up and Response Fund Review Board and the Board of Underground Storage Tank Installers.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

ORGANIZATION:

The Bureau of Remediation and Waste Management consists of five divisions: Materials Management, Petroleum Management, Remediation, Response Services, and Technical Services. Each of these divisions is described in more detail below.

PROGRAM:

The Division of Materials Management is responsible for regulatory oversight, assistance, and outreach concerning liquid residuals and solid and hazardous waste facilities and activities. The Division supports and encourages the handling of materials in ways that are consistent with Maine's solid waste management hierarchy. The Division also administers Maine's bottle bill law and regulations.

The Division of Petroleum Management is responsible for regulatory oversight, assistance, and outreach for petroleum facilities (such as oil terminals), underground piping associated with aboveground storage tanks, and underground storage tank facilities. The Division is responsible for investigating and mitigating risks posed by the release of petroleum. The Division processes applications from owners and operators of underground oil storage facilities to the Maine Ground and Surface Waters Clean-up and Response Fund.

The Division of Remediation investigates and mitigates risks posed by uncontrolled hazardous substance sites. The Division coordinates with the U.S. Environmental Protection Agency and the Department of Defense on the investigation and clean-up of federal Superfund sites and formerly used defense sites in Maine. The Division administers the lead and asbestos abatement programs. This division is also responsible for reimbursing municipalities for the State share of closure costs at former solid waste landfills, and investigating and mitigating the risks posed by these closed landfills to adjacent landowners. The Division oversees private investigation and remediation under the Voluntary Response Action Program, and facilitates such action by administering the federal Brownfields Grant program.

The Division of Response Services is the lead entity for response to oil spills in Maine, and is the co-lead, along with the appropriate public safety agency, for the assessment and remediation of hazardous materials releases in Maine. This division: responds to reports of spills and threatened releases of petroleum products and hazardous materials; responds to reports of incidents involving weapons of mass destruction, radiation, and clandestine drug labs; coordinates emergency clean up; and provides training to local fire departments and to the State's hazardous materials teams.

The Division of Technical Services provides technical support to the Bureau's other divisions and programs in the areas of engineering, geology and chemistry. The Division plans and implements the cleanup of long term petroleum remediation sites, provides technical assistance to the business community and the general public, and operates a program to replace home heating oil tanks that are at high risk of leaking. The Division is also responsible for regulatory oversight, assistance, and outreach for active solid waste landfills.

LICENSES:

Oil Terminal Facility Licenses; Hazardous Waste Facility Licenses; Waste Transporter Licenses; Registration of Used Oil Collection Centers; Waste Oil Facility Licenses; Biomedical Facility Licenses; Registration of Underground Oil and Hazardous Substance Storage Tanks; Certification of Underground Storage Tank Operators; Solid Waste Facility Licenses; Septage Spreading Site Licenses; Licenses for Land Application of Sludge and Other Residuals; Beneficial Use Licenses, Asbestos Abatement Certification; Lead Abatement Certification; Redemption Center Licenses; Initiator of Deposit Licenses; and Registration of Labels and Beverage Containers.

PUBLICATIONS:

Numerous publications are available to assist the general public and regulated community in understanding and achieving compliance with the requirements of the programs administered by the Bureau of Remediation and Waste Management. These publications are available on the Internet at <http://www.maine.gov/dep/publications/index.html>.

PURPOSE:

The Board of Underground Storage Tank Installers (Board) was established under 32 MRSA §§10001-10016 to: safeguard public health, safety and welfare; to protect the public from incompetent and unauthorized persons performing work in this field; to ensure the highest degree of professional conduct on the part of underground oil storage tank installers and inspectors; and to ensure the availability of underground oil storage tank installations and inspections of high quality to persons in need of those services.

ORGANIZATION:

The Board consists of seven members appointed by the Governor: one from the Department of Environmental Protection; one from the Maine Energy Marketers' Association; one underground oil storage tank installer; one from the Maine Chamber of Commerce or an underground tank installer or inspector; one from the Maine Fire Chiefs Association; and two members of the public. The Department provides staff support to the Board.

PROGRAM:

The Board offers initial and final examinations to applicants interested in becoming certified as underground storage tank installers or inspectors. Since the inception of the program in 1985, approximately 295 individuals have been certified to install or inspect underground oil storage tanks. There are currently 72 certified underground storage tank installers and 55 underground storage tank inspectors in Maine.

The Board also grants continuing education credits for underground storage tank installers and inspectors. In fiscal year 2020, the Department and Board cancelled the Annual Underground Storage Tank Installer and Inspector Training due to the Covid-19 Pandemic. The Board and the Department hope to hold a training workshop in fiscal year 2021.

The third responsibility of the Board is taking disciplinary actions against underground storage tank installers or inspectors who allegedly violate Board and Department rules. One enforcement referral was received by the Board for 2020.

LICENSES:

GOVERNOR'S BOARD ON EXECUTIVE CLEMENCY

(OFFICE OF) PUBLIC ADVOCATE

PURPOSE:

The Governor serves to direct the affairs of the State according to law; to take care that the laws be faithfully executed; to give the Legislature information regarding the condition of the State and recommend measures for their consideration; to submit to the Legislature a biennial budget for the operation of state government; to act as Commander-in-Chief of the military forces of the State; to nominate and appoint all judicial, civil and military officers of the State except as otherwise provided by law; to require information from any officer in the Executive Branch upon any subject relating to the respective duties; to grant reprieves, commutations and pardons and remit, after conviction, forfeitures and penalties; and to accept for the State any and all gifts, bequests, grants or conveyances to the State of Maine.

PROGRAM:

In addition to providing for its own staff support, the (Office of) Governor serves to coordinate and develop the several planning responsibilities of State government; to improve the relationship between the state government and its employees; and to operate, maintain and display to the public the Blaine House, as the official residence of the Governor. Some programs are so closely allied to the (Office of) Governor as to be in reality a part of it. A brief description of each follows.

Governor's Office. The administrative office of the Governor serves to provide staff support to the Governor as she carries out the responsibilities of the Chief Executive of the State of Maine. This support includes functions of: correspondence; policy development; legislative relations; national and regional Governors' associations; scheduling preparation of reports and addresses; public information; executive appointments; case work; and managing the operating budget of the Governor.

Blaine House. The Blaine House, a National Historic Landmark, is the official residence of the Governor of the State of Maine. The Blaine House staff provides services for the Governor, the Governor's family and guests; maintains House offices for the Governor; displays the mansion during public visiting hours; and assists at official receptions and other gatherings at the Blaine House. The Governor is responsible for the operation of the building and general maintenance of its interior. The Bureau of General Services maintains the grounds, service buildings and exterior of the mansion, and is authorized to approve and execute any remodeling of the interior.

The Governor's Office of Policy Innovation and the Future (GOPIF) works to address critical long-term issues facing the State of Maine. As a key policy coordinator for the governor, the office engages state agencies, stakeholders and the public in the planning and implementation of innovative, data-driven policy solutions. The office's current leadership areas include: climate and energy policy, including the Maine Climate Council; opioid response and prevention; the Governor's Children's Cabinet, which focuses on education and childhood support policy; and economic innovation and workforce development policy. In response to the COVID-19 pandemic, the office also provided planning, policy, communications and technology support to the Governor and several state agencies, and managed the Governor's Economic Recovery Committee.

The Governor's Office of Policy Innovation and the Future addresses critical, long-term issues facing Maine, by engaging state agencies, stakeholders and the public in the planning and implementation of innovative, data-driven policy solutions.

PURPOSE:

The Governor's Energy Office (GEO) was created to form effective public and private partnerships that advance Maine's energy security and economic development in an environmentally responsible manner. The GEO is responsible for planning and coordinating state energy policy, and serves as the primary energy policy advisor to the Governor. As the designated State Energy Office, the GEO is charged with providing leadership in the development of public and private partnerships that achieve clean, reliable, affordable, efficient, sustainable, indigenous and renewable energy resources. It is the responsibility of the GEO to work in conjunction with other departments of state government, the Legislature, and private and nonprofit sectors to advance and optimize Maine's energy security, economic development and environmental health. Maine's energy objectives are supported in part through GEO oversight and administration of the U.S. State Energy Program (SEP) funds and priorities.

ORGANIZATION:

The GEO is established in the Executive Department and is directly responsible to the Governor.

PROGRAM:

By January 15th of each year, the Director prepares and submits to the Governor and to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters the following reports:

Governor's Energy Office Annual Report, which includes updates on progress toward implementing the State Energy Plan, and accounts for the Office's resources devoted to its various duties and activities.

Interagency Review Panel's (IRP) report on activities and actions pertaining to the use or potential use of statutory corridors for energy infrastructure.

Activities of the Office regarding the development and permitting of renewable energy generation facilities.

Every two years, the GEO is responsible for submitting an updated State Comprehensive Energy Plan, which includes identification of transmission and other infrastructure needs; energy assurance planning; an assessment of the progress made toward state wind energy goals and their tangible benefits; the association between energy planning and meeting greenhouse gas reduction goals; and, a listing of recommended actions to facilitate the development of renewable energy generation.

PURPOSE:

As established by Executive Order 25 FY11/12 on November 1, 2011, the Governor's Board on Executive Clemency is charged with the responsibility of investigating, evaluating and providing advice to the Governor on all applications for gubernatorial clemency. The Board meets at the call of the Chairman.

ORGANIZATION:

The Governor's Board on Executive Clemency consists of three members who have demonstrated humanitarian concern, as well as a thorough knowledge of the criminal justice system, and who have demonstrated such qualities in their private and professional lives which assist them in evaluating the rehabilitation of persons convicted under criminal justice laws.

The members of the Board are appointed by the Governor to serve at the Governor's pleasure, and serve without compensation.

PROGRAM:

The Governor's Board on Executive Clemency reviews requests for pardons and commutations in order to determine a petitioner's eligibility for a hearing. After each hearing, the Board makes recommendations on each petition to the Governor. The sole power to grant clemency remains with the Governor.

Information on Executive Clemency and petition forms is available from the Pardon Clerk, Maine Department of Corrections, Division of Adult Community Services, 111 State House Station, Augusta, Maine 04333-0111.

PURPOSE:

The fundamental role of the Public Advocate is to represent and advocate for the interests of utility ratepayers in proceedings before the Maine Public Utilities Commission, the Maine Legislature, federal and regional regulatory bodies, and in relevant courts.

In 2020, the Office of Public Advocate completed its 39th year of advocacy on behalf of utility customers before the Public Utilities Commission. During the past 39 years, the Public Advocate has saved ratepayers more than \$926 million through its advocacy and negotiations.

ORGANIZATION:

In 1981, 35-A MRSA §1701 established the Office as an agency of the Executive Department to represent the interests of utility consumers before regulatory bodies, the courts and the Legislature. Beginning in 1999, the Office moved from a General Fund basis for its budget to a system of utility assessments. The office no longer receives any General Fund dollars. In 2009 the Legislature gave the Public Advocate a fixed term in order to provide the Office greater independence from political influence.

P.L. 2019, c. 298 establishes the position of Nonwires Alternative (NWA) Coordinator in the Office of the Public Advocate. The law requires the Public Advocate to hire a consultant to be the Non-Wires Alternatives Coordinator. The Coordinator is responsible for reviewing utility proposals for significant transmission and distribution investments and developing cost-effective NWAs.

In addition to the Public Advocate, the Office currently employs 8 staff members (4 support staff and 4 attorneys). P.L. 2019, c. 226 increased the authorized number of employees of the OPA from 9 to 10, and replaced a Research Assistant position with an Economic Analyst position.

The Office also uses expert witness consultants in technically or financially complicated cases. The Public Advocate is appointed by the Governor and confirmed by the Legislature.

PURPOSE:

The mission of the Maine Department of Health and Human Services is to provide integrated health and human services to the people of Maine and to assist individuals in meeting their needs, while respecting the rights and preferences of the individuals and families it serves.

All of the Department's functions and activities are directed toward one or more of the following goals:

(a) Maine children grow up in safe, healthy, and supportive environments, allowing them to thrive throughout their lives; (b) All adults have the opportunity to work, live with independence, and have good health; and (c) Older Mainers live with dignity in the place that balances their needs and preferences.

ORGANIZATION:

Effective July 1, 2004, the Governor and the Legislature created the Department of Health and Human Services (DHHS) by combining and reorganizing the former Department of Human Services (DHS) and the former Department of Behavioral and Developmental Services (BDS). The organizational framework for the new department was established the following year by Public Law 2005, Ch. 412.

PROGRAM:

The Department's statutory mandate requires it to provide the following programs and services to adults, children and families: economic assistance and employment support services; behavioral health services, including mental health and substance use prevention and treatment services; developmental disability and brain injury services; physical health services; and public health services.

Services targeted specifically for children, families, and adults include: child welfare services; early childhood services, including Head Start and child care services; maternal and child health services, including home-visiting programs; paternity establishment and child support enforcement services; residential and community support services for children and adults with disabilities; adult protective services; and long-term care services for the elderly and adults with disabilities.

The Department delivers programs and services through an integrated delivery system that focuses on meeting the needs of individuals and families. The Department uses a combination of public personnel and contracts with private agencies to administer programs and deliver services.

The Department administers the Medicaid program funded jointly by the federal government's Centers for Medicare and Medicaid Services (CMS) and the State. MaineCare provides health care services for Maine's children and adults who are elderly, disabled or with low income.

More information about the Department of Health and Human Services may be found at <http://www.maine.gov/dhhs>.

PURPOSE:

The Office of Child and Family Services (OCFS) seeks to serve and protect Maine's children and families by providing children's development, behavioral health, and child welfare services. Through these services OCFS seeks to ensure the safety, stability, happiness, and health of all Maine children and families.

ORGANIZATION:

OCFS is comprised of five primary divisions consisting of child development, children's behavioral health, child welfare, children's licensing, and operations. OCFS' child welfare staff provide direct services, while the other divisions support community providers who deliver services to children and families. OCFS has staff throughout the state in eight districts and twelve district offices. OCFS also manages a statewide 24/7 hotline for reporting suspected child abuse and neglect. The Office is administered out of a central office located in Augusta.

PROGRAM:

Children's Development focuses primarily on supporting families and providers through the Child Care Subsidy Program (CCSP) and efforts to enhance the quality and availability of child care statewide. CCSP administers federal Child Care Development Block Grant (CCDBG) funding to provide subsidized child care for parents who are working or attending a job training program.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Behavioral Health partners with families, providers, and MaineCare to oversee behavioral health services for children in Maine. This includes policy development and management, provider relations, and activities to ensure the high-quality service availability. Services are geared towards youth with developmental disabilities or delays, intellectual disabilities, autism spectrum disorders, and mental health disorders.

Child Welfare works with families and the community to promote long-term safety, well-being, and permanent families for children. Child abuse reports are investigated and efforts are undertaken to keep children safe and to guide families in creating safe homes for children. Child welfare seeks to reduce the risk and effect of adverse childhood experiences, such as neglect, trauma, or exposure to violence. Child welfare includes direct services delivered by caseworkers and supervisors throughout the state who investigate reports of abuse and/or neglect and act to protect children, but also includes violence prevention, foster home licensing, adoption, youth transition services, homeless youth services, and child abuse prevention activities.

Children's Licensing oversees the licensing of all facilities that furnish care to children in the State. This includes all licensed child care providers and all residential facilities for children. Staff work with individual providers on obtaining a license, compliance with licensing rules, and investigating reports of alleged violations of licensing rules.

Operations refers to a variety of functions that assist OCFS staff in managing their day-to-day work. This includes contract oversight, quality assurance activities, technology and support services, data and analytics, and finance oversight.

PURPOSE:

The Division of Disease Prevention (DDP) promotes health and disease reduction in the following program areas: Tobacco and Substance Use Prevention and Control (inclusive of Adolescent Health & Injury Prevention), Maternal and Child Health, Chronic Disease Prevention and Control and the Women, Infants & Children (WIC) Nutrition Program. The DDP provides data-informed public health planning, implementation and evaluation to decrease high-risk health behaviors and chronic diseases and improve the health of Maine residents across their life span.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ORGANIZATION:

The Office is organized under the Maine Center for Disease Control and Prevention.

PROGRAM:

The Tobacco and Substance Use Prevention and Control Program works to decrease the initiation of tobacco and substance use among Maine's youth and young adult population as well as promote adolescent health and injury prevention. The Program works to decrease health costs and increase quality of life by providing information and support to individuals in making healthy choices regarding tobacco, substance use and injury prevention. The Program provides funding to local communities for these efforts through the Maine Prevention Services initiative. State and local providers implement training on best-practice, public education/outreach and strategies including environmental change, education and information dissemination. Data collection, analysis and dissemination are aspects of the program that ensure programming is based on need and emerging health trends. By focusing on support and development of healthy, safe environments, the Program seeks to prevent the onset of addiction to tobacco and other substances as well as preventing injuries.

The Maternal and Child Health (MCH) Program works to improve the health of the MCH population (women 15 to 44 years, children birth through 21 years, and children with special health needs). The Program supports training of best-practice at the community-level by direct funding of services to community-based partners and public health nursing services. Data collection, analysis and dissemination are program aspects that ensure programming is based on need and emerging health trends. The Program collaborates with governmental and non-governmental agencies and organizations. The concept of prevention is vital. By addressing health in preconception, pregnancy and childhood, there is opportunity to prevent chronic and costly conditions such as obesity.

The Chronic Disease Prevention and Control Program works to prevent, detect and control some of the most serious chronic health conditions (asthma, cancer, obesity, diabetes and cardiovascular diseases). The Program develops and applies collaborative strategies to improve the health of Maine people by: mobilizing partners to support evidence-based prevention efforts; gathering and disseminating data to drive healthy decision making; empowering patients to self-manage chronic disease; promoting evidence-based guidelines to strengthen health care systems; linking health care systems with community resources; increasing access to screening of early detectable chronic diseases; and promoting evidence-based screening recommendations.

The Women, Infants and Children (WIC) Nutrition Program, funded by the United States Department of Agriculture (USDA), is a supplemental nutrition program for pregnant, breastfeeding or postpartum women and infants and children from birth to five years. WIC counselors provide growth assessment, health screening, breastfeeding promotion and support and referrals, along with individualized nutritious food benefits. WIC services are available for families whose income is less than or equal to income guidelines established for the program by USDA. WIC food benefits follow federal regulations, which are based on nutrition research as well as recommendations from the National Academies of Science. Program goals include positive pregnancy outcomes and optimal growth for infants and children. The WIC program transitioned from a coupon-based program to an electronic benefit transfer card program in 2020.

PURPOSE:

The Office of Data, Research and Vital Statistics, included within the Division of Public Health Systems (DPHS) focuses on preserving and promoting public health through Public Health Emergency Preparedness; Data, Research and Vital Statistics; District Public Health; and Rural Health and Primary Care and Oral Health.

ORGANIZATION:

This office is organized under the Maine Center for Disease Control and Prevention within the Division of Public Health Systems.

PROGRAM:

Public Health Emergency Preparedness (PHEP):
PHEP is responsible for the planning, coordination and response to bioterrorism and other public health emergencies. PHEP works with multiple federal, state and local partners to protect the health and safety of all Maine people through the development and implementation of a coordinated, statewide protocol that assures the early detection, containment and management of public health emergency events.

Data, Research and Vital Statistics (DRVS):
DRVS administers Maine's vital records system and provides quantitative information for surveillance, planning, policy development, program management and evaluation. DRVS produces detailed population estimates for use within and outside the Department of Health and Human Services and compiles data on health status and health resources. The Office provides technical assistance and consultation on survey procedures and statistical analysis. It is an affiliate state census data center.

District Public Health (DPH):
The Public Health District Liaisons are located within and across Maine's public health districts. The District Liaisons are charged with providing technical assistance, lines of communication and a quality feedback loop to strengthen and improve delivery and accountability of public health services at local and district levels (22 MRSA §412).

Rural Health and Primary Care Program and Oral Health (RHPC):
RHPC focuses on three core functions: collection and dissemination of information on rural health care issues and innovative approaches to health care in rural

PURPOSE:

To provide timely, accurate and fair disability decisions to Maine citizens filing under the Title II (coverage based) or Title XVI (low-income based) sections of the Social Security Act. In 2005, the responsibility for Disability Determination Services was assigned to the Office for Family Independence.

ORGANIZATION:

Disability Determination Services exists as a partnership between the State and federal governments. The agency had an operating budget of \$9.3 million for fiscal year 2020 and employs 54 people. The workforce includes disability claim examiners, physicians, psychologists and various administrative and support people. Oversight and funding are provided by the Social Security Administration.

PURPOSE:

The Division of Disease Surveillance promotes and protects the health of Maine people through programs focusing on the surveillance, prevention, control and testing of infectious diseases and conditions.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ORGANIZATION:

The Office is organized under the Maine Center for Disease Control and Prevention.

PROGRAM:

The Division implements its mission through key programs: Infectious Disease Epidemiology Program, Infectious Disease Contact Tracing, Infectious Disease Prevention Program, Maine Immunization Program, Environmental and Occupational Health Program, the State's Health and Environmental Testing Laboratory.

The Infectious Disease Epidemiology Program conducts surveillance for notifiable diseases and conditions of potential public health significance, investigates outbreaks and clusters of disease and recommends intervention strategies to reduce disease related morbidity and mortality. The Program consults with health care providers on the prevention and control of various infectious diseases and provides public health alerts and updates to key public health stakeholders.

The Infectious Disease Contact Tracing program is a newly developed program due to the COVID-19 pandemic. This program enrolls and monitors COVID-19 asymptomatic close contacts during their quarantine period. All close contacts are monitored in the Sara Alert data system.

The Infectious Disease Prevention Program partners with health professionals to prevent the transmission of diseases such as HIV, STD, TB and Viral Hepatitis through targeted outreach and testing services. The Program administers funds for medical case management for people living with HIV/AIDs and oversees the AIDS Drug Assistance program (ADAP) as the payer of last resort for low income Mainers living with HIV/AIDs.

The Maine Immunization Program strives for full protection of all Maine people from vaccine preventable disease. Through cooperative partnerships with health practitioners and community members, the program provides: vaccines; comprehensive education and technical assistance; vaccine-preventable disease tracking and outbreak control; and population-based management tools. This Program manages universal immunization for insured or underinsured Maine children, and the federal Vaccines for Children Program while assuring compliance with federal guidelines.

The Environmental and Occupational Health Program implements legislative mandates in Environmental Health, Childhood Lead Poisoning Prevention and Control, and Occupational Disease Reporting to ensure the threats to the health of Maine people posed by natural phenomena or potentially toxic substances in the environment and workplace are identified and are responded to by those responsible for protecting public health and the environment. The program maintains systems to monitor health status; identifies and investigates health problems which may be related to environmental or occupational factors; advises state agencies regarding potential health implications of their actions; and provides information on preventative and corrective actions.

The Health and Environmental Testing Laboratory is a state resource in the prevention, treatment and control of hazards that threaten the health of the community and environment. Core functions include: monitoring public and private water supplies for chemical and microbiological contaminants as necessary for public health and regulatory compliance; monitoring and diagnosing infectious diseases, performing a wide range of environmental testing, including radiation, pesticides, and industrial pollutants; detecting lead poisoning; forensic testing for the drug enforcement agency; and providing key data to support the State's emergency preparedness to chemical and biological terrorism.

PURPOSE:

The Dorothea Dix Psychiatric Center (DDPC) operates under laws established by the Maine Legislature to provide care and treatment for both voluntary and court-committed patients. The hospital has its own Advisory Board with by-laws covering organization, purpose, duties, appointment process, committees and relationship to the medical staff. DDPC is part of a comprehensive mental health system of services in the State, which includes community mental health centers with multiple branch offices, private psychiatric, community hospitals and private providers.

ORGANIZATION:

DDPC was established by the Legislature in 2005, renaming the former Bangor Mental Health Institute. The hospital's roots in the community date back to 1901, when it was known as the Eastern Maine Insane Hospital.

PROGRAM:

DDPC is a 51-bed facility. The hospital is organized into major clinical, administrative and support service departments. DDPC has three inpatient treatment units, admitting approximately 91 people in fiscal year 2020. All units are co-ed and represent a mixed milieu. An additional 4th unit, which will provide acute inpatient psychiatric services to older adults will open in fiscal year 2021. DDPC also has an Outpatient Services Program that serves patients found to be "not criminally responsible patients" who have been discharged into community settings and, on a rare occasion, civil patients when extenuating circumstances in the community indicate that only DDPC can provide the needed service in order to prevent re-hospitalization.

The two state psychiatric hospitals, DDPC and Riverview Psychiatric Center, work closely together to create efficiencies by sharing resources, processes and collaborating on admissions. Evaluating processes in all aspects of hospital functions is ongoing to maximize efficiency and offer patients treatment that is evidenced-based and focused on personal recovery.

Note: In March of 2020 DDPC changed its operations to adjust to COVID-19 pandemic. This was done in accordance with CDC and CMS guidelines in order to protect the health and safety of the patients and staff.

PURPOSE:

The Office for Family Independence (OFI) administers multiple state and federal programs to help Maine citizens in need. There are 16 offices across the State where staff assists people who may need assistance.

In addition to policy and program functions, OFI also monitors benefit distribution through quality assurance activities, investigations and recovery through audits of municipal welfare programs.

ORGANIZATION:

The central office unit provides staff support to the Department's local offices. As an administrative unit of the Department of Health and Human Services, the Office's internal structure and functions are subject to the discretion of the Commissioner of the Department Health and Human Services. Funding for all programs, except General Assistance, is provided by the federal and state government. General Assistance is funded by the State and municipal governments. All programs follow the regulations of their respective funding sources.

PROGRAM:

Temporary Assistance for Needy Families (TANF) is a work program that provides financial assistance to families with children who meet the financial and non-financial rules of the program. This cash helps families meet their basic needs for food, shelter and clothing. TANF is funded through a federal block grant, with a required state maintenance of effort contribution. The State operates a state-funded TANF program for non-citizens who are ineligible for federal benefits.

The Parents as Scholars (PaS) program provides cash assistance to parents enrolled in a post-secondary education like the TANF program. Additional Support for People in Retraining and Employment (ASPIRE) engages with people receiving TANF and PaS to support their efforts to attain employment and become self-sufficient. The ASPIRE program is administered through a contractual agreement with Fedcap.

Transitional Services provides post-TANF assistance in the form of food support, childcare, transportation and medical assistance. Alternative Aid provides voucher payments for services to help parents retain or obtain employment and to help them remain self-supporting. Emergency Assistance provides payment of services to families who are threatened by destitution or homelessness because of emergency situations.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

The Higher Opportunity for Pathways to Employment (HOPE) program is funded by TANF grant funds and helps parents with costs related to pursuing education beyond high school by bringing statewide support service benefits to up to 500 low-income parents and caregivers.

The Supplemental Nutrition Assistance Program (SNAP) provides a monthly food benefit via an electronic benefits card. SNAP-Education provides nutrition education for SNAP-eligible Maine residents. SNAP-Ed and SNAP benefits are 100% federally funded. The State pays half the administrative cost and operates a state-funded SNAP program for non-citizens who are ineligible for federal benefits. SNAP-Employment and Training program provides job readiness activities to SNAP eligible recipients.

MaineCare (Medicaid) and Cub Care provides payment of medical expenses, including long term care, for individuals who meet financial and non-financial criteria. MaineCare eligibility is funded through state contributions with a federal match of approximately 67% percent and 50% (administration).

State Supplemental Benefit provides a state-funded monthly cash benefit to recipients of federal Supplemental Security Income (SSI). This is required as part of the maintenance of effort for Medicaid participation. The State operates a state-funded SSI cash program for non-citizens who are ineligible for federal SSI.

Division of Support Enforcement and Recovery (DSEER) establishes and enforces child support obligations. Administrative expenses of the DSEER program are matched 66% by federal dollars; the remaining costs are borne by the State.

General Assistance provides vouchers at the municipal level for individuals who meet strict income and asset criteria. General Assistance is the program of last resort for basic life necessities.

The Division of Disability Determination Services (DDS) is responsible for providing disability decisions to Maine citizens who apply for Social Security Disability programs and is funded 100% by federal dollars.

PURPOSE:

The Maine Center for Disease Control and Prevention (Maine CDC) serves as the State's public health agency. Its purpose is to preserve, protect and promote the health of all Maine people.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ORGANIZATION:

The Director serves as the State Health Officer and the State public health leader. Maine CDC has 6 functional divisions: Administration, Environmental and Community Health, Public Health Systems, Disease Prevention, Disease Surveillance, and Public Health Nursing.

PROGRAM:

The Maine CDC administers a broad range of public health programs and services including tobacco, substance use and injury prevention; chronic disease prevention and control; maternal and children's health; nutritional services for women, infants and children; accreditation for laboratories that provide environmental and marijuana testing; public drinking water safety and reliability; retail food safety; health inspection licensing, inspection, and enforcement; radiation protection; infectious disease prevention and control including response to pandemics; infectious disease epidemiology, immunizations; lead poisoning control and prevention; environmental public health tracking and toxicology, including the State's Toxicologist; HETL; the State's Health and Environmental Testing Laboratory; public health emergency preparedness and response; district public health; rural health and primary care; oral health; data, research, and vital statistics; and public health nursing.

Maine CDC Operations provides administrative oversight on operational matters to all divisions including personnel coordination, grants and contract management, policy and compliance, regulation and enforcement, business systems management, financial administration and leadership on strategic focuses.

Medical Epidemiology provides medical leadership, guidance and consultation on strategic, operational and clinical issues to all programs. The Healthcare Associated Infections Prevention Program within Medical Epidemiology works to reduce and prevent infections acquired in healthcare facilities. Through collaboration with hospitals and other state agencies, this program regularly establishes best practices for the prevention of healthcare associated infections.

PURPOSE:

The Division of Environmental and Community Health (Division) exists to protect and promote the health and safety of Maine's population through regulatory oversight including: licensing; inspection and enforcement of laws and rules designed to ensure the safety of public drinking water; the proper disposal of

DEPARTMENT OF HEALTH AND HUMAN SERVICES

subsurface wastewater; the proper storage, handling, preparation and service of food; the investigation of allegations of professional negligence; and oversight of the implementation of any resulting corrective actions. The Division also licenses and inspects sources of radiation and oversees the storage of high-level nuclear waste in Maine.

ORGANIZATION:

The Office is organized under the Maine Center for Disease Control and Prevention.

PROGRAM:

The Division of Environmental and Community Health consists of three programs: Drinking Water, including the Subsurface Wastewater Unit; Health Inspection; and Radiation Control. Drinking Water and Health Inspection staff are located at DHHS offices statewide. The Radiation Control Program is centrally located in Augusta.

The Drinking Water Program is responsible for ensuring that public water systems provide safe and reliable supplies of drinking water to more than half of the State's population. The Program regulates 1,900 public water systems. It also provides grants and low interest loans to eligible public water systems for infrastructure improvements, wellhead protection and source water protection through the Drinking Water State Revolving Loan Fund.

The Subsurface Wastewater Unit is responsible for the implementation of the State's Subsurface Wastewater Disposal Rules, site evaluator licensing and the oversight of local plumbing inspectors working in every municipality in Maine.

The Health Inspection Program licenses and inspects about 8,500 businesses including restaurants, mobile food carts, public pools and spas, campgrounds, youth camps, sports camps, mass gatherings/large festivals, lodging places, body artist practices - including body piercing, tattooing, micro-pigmentation and electrology. The Program provides statewide emergency response services for public health events such as fires, floods, power failures and water and food borne disease outbreaks.

The Radiation Control Program is responsible for emergency preparedness and response to radiation events; oversight of radon testers, mitigators and labs; minimizing radiation exposure through licensing and inspection of all sources of radiation including X-Ray, mammography, radioactive materials and tanning facilities; oversight of low-level radioactive waste generators; and monitoring of Maine's high-level nuclear waste storage facility.

LICENSES:

The Division of Environmental and Community Health is responsible for registering or licensing: eating places; caterers; senior citizen meals; school kitchens; lodging places; cottages; campgrounds; recreational camps; youth camps; bed and breakfasts; mass gatherings; public pools and spas; retail tobacco vendors; vending machines operators; tattooists; electrologists; body piercers; micro-pigmentation practitioners; compressed air tanks operators; businesses with x-ray machines; tanning machines; radioactive materials; radon testers and mitigators; radon testing labs; low-level nuclear waste generators; water treatment plant and water distribution system operators; well drillers and pump installers; site evaluators and bulk water transporters.

PURPOSE:

The Department of Health and Human Services (DHHS) manages a \$4.1 billion budget and provides healthcare and social services to about a third of Maine's population. DHHS Finance links program operations with fiscal and audit activities to coordinate departmental policies, procedures, budgets and strategies. DHHS Finance is responsible for stewardship and oversight of the Department's budget and for managing the Department's resources in an efficient and effective manner.

ORGANIZATION:

DHHS Finance is composed of the Division of Audit, Financial Management Services, and the Division of Contract Management, as well as Facilities Management and Business Technology Solutions. It also receives significant support from the DHHS Service Center and the MaineCare Finance Unit.

The Division of Audit has three areas. The MaineCare Cost Settlement Unit and the Social Service Contract Unit perform compliance and cost settlement audits on approximately 600 different provider organizations and community agencies that receive more than \$1.5 billion of state and federal funds through either the MaineCare program or from contracted services. The Internal Audit Unit is responsible for monitoring all audit findings of the Department, as well as testing internal controls to assure compliance with state and federal regulations.

The Division of Contract Management (DCM) oversees procurement administration for the Department. DCM processes approximately 1,600 agreements and amendments each year, including compiling, reviewing and facilitating the approval of the contracts. Additional responsibilities include reviewing and monitoring financial activities including contract budgets, expenses, performance measurements and payments. DCM provides oversight and technical assistance for agreement and request-for-proposal (RFP) development. It promotes best business practices in contracting to ensure consistency, accountability and cost-effectiveness so that services delivered meet the needs of beneficiaries, fulfill the mission of the Department and adhere to requirements set forth by each funding source.

Financial Management Services is responsible for the financial analysis and coordination of budget and fiscal management activities. This group oversees budget development, executions and management; financial forecasting; and process improvement to align activities with department strategy and policies. The group tracks expenditures and forecasts future cash, allotment and contractual

obligations, while also reporting budgeted and actual expenses to executive leadership, program managers, the Maine Legislature and other interested parties.

The DHHS Financial Service Center, which is part of the Department of Administrative and Financial Services (DAFS) but serves the Department in an exclusive client relationship, establishes and maintains internal and financial controls to ensure reliable financial reporting, effective and efficient operations and compliance with applicable state and federal statutes, rules and regulations. The Service Center is also responsible for all DHHS federal grant program accounting.

PURPOSE:

The Office of MaineCare Services (OMS) administers the Department's Medicaid services in compliance with federal and state laws to ensure they operate according to federal policy and with the Department's goals and mandates.

ORGANIZATION:

MaineCare is organized into two main divisions: Administration and Operations.

PROGRAM:

Data Analytics: Analyzes and delivers program and financial information to stakeholders; assists with budget development and fiscal estimates; and offers operational support and strategic insight. This unit oversees rate setting, which establishes and maintains reimbursement policy and payment rates for providers and payment programs.

Communications: Manages internal and external communications, stakeholder engagement and staff development.

Medical Director: Provides clinical expertise to ensure efficient administration of the MaineCare program.

Value-Based Purchasing: Oversees reform efforts to drive better, more comprehensive care and increased accountability through initiatives such as Health Homes, Behavioral Health Homes, Opioid Health Homes and Accountable Communities.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Policy: Works with the federal Centers for Medicare and Medicaid Services to develop rules, define the scope of coverage, submit waiver requests and maintain the Medicaid State Plan.

Pharmacy: Develops and implements strategy to effectively manage pharmacy benefit and costs, including oversight of Pharmacy Benefits Manager. Manages the Pharmacy Help Desk, assists members with Medicare Part D enrollment, maintains the Preferred Drug List and oversees MaineCare's Drug Rebate program.

Provider Services: Comprised of Provider Relations Specialists who work with MaineCare providers on complex billing issues, interpretation of policy and training. It also includes Claims Adjustment staff who work with providers to process adjustments when a provider requests a review related to claims overpayments or underpayments.

Contract Management: Manages MaineCare's procurement process and provides oversight of MaineCare contracts.

Change Management: Identifies, designs and implements technical solutions for MaineCare's claims processing system in response to strategic, operational, and regulatory changes to address claims and billing issues.

Non-Emergency Transportation: Manages the statewide transportation brokerage system so eligible members receive transportation to and from MaineCare-covered services.

Third Party Liability: Includes estate recovery, casualty recovery and "pay and chase" activities and secures reimbursement from liable third-party payors.

Quality Assurance: Performs internal claims audits and monitors the performance of MaineCare's fiscal agent against contract goals. This unit is also responsible for the Payment Error Rate Measurement audits, which help ensure that claims paid for services are for eligible members, and for audits of the non-emergency transportation brokers.

Compliance: Oversees compliance-related business areas including provider enrollment, program integrity, case mix and administrative hearings.

Care Coordination: Oversees care management efforts for members with more complex needs. It includes Emergency Department Management, which aims to reduce members' avoidable visits to the Emergency Department and increase utilization of appropriate outpatient services; HIV Case Management, MaineCare's waiver to provide support, care coordination and education to individuals living with HIV/AIDS; Case Coordination, which provides Maine residents with solutions to complex healthcare, financial, and placement issues through integrated provider and community involvement; and Prior Authorization, which handles requests for some medical services, such as out of state and physical and occupational therapy services.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The mission of the Office of Aging and Disability Services (OADS) is to promote the highest level of independence for older adults and adults with disabilities. The priority is to assure the safety and well-being of all adults.

ORGANIZATION:

OADS was created by the Legislature on August 30, 2012 when it merged the former Office of Elder Services and Office of Adults with Cognitive and Physical Disability Services. The merger integrated the operations, programs, and services of the two offices and combined district operations under one organizational structure.

PROGRAM:

At the direction of the Commissioner, OADS establishes the overall policy objectives for functions and activities relating to older adults and adults with disabilities in Maine. Pursuant to federal and state laws, OADS promotes independence for older adults and adults with disabilities through services, including evidence-based prevention programs and comprehensive home and community-based services.

Programs fall within the following categories:

Adult Protective Services (APS), which is responsible for receiving and investigating reports for abuse, neglect and exploitation of incapacitated and dependent adults. APS is the Commissioner's designated representative for public guardianship and conservatorship services for adults who are incapacitated and have no family member or other private individual able or suitable to serve in those capacities;

Developmental Disability and Brain Injury Services, which serves persons with intellectual disabilities or Autism Spectrum Disorder, acquired brain injuries, or other related conditions. These services include community and state case management services, management of four federal home and community-based waiver programs and a statewide crisis response system;

Long Term Services and Supports (LTSS), which includes the management of state and federal long term care programs serving older adults and adults with disabilities, oversight of the medical eligibility process for long term care, and policy oversight of nursing facilities and community residential settings;

Aging Services, which includes serving as the Older Americans Act (OAA) State Unit on Aging, management of social services and nutrition programs funded by the OAA and management of the State Health Insurance Program, and Senior Medicare Patrol program;

Compliance/Quality Assurance, which is responsible for meeting quality assurance requirements defined in the federal waiver programs and direct service programs; and

Central Operations, which includes office-wide operational resources for business services and contracts, information services and technology, data and compliance, and policy development and rulemaking.

PURPOSE:

The Office of Substance Abuse and Mental Health Services (SAMHS) is grounded in the promotion of evidence-based, timely and appropriate access to behavioral health services with the goal of achieving improved outcomes for persons with mental illness and substance use disorders.

ORGANIZATION:

SAMHS is the federally recognized single state authority for mental health and substance use disorder services providing access to healthcare for the uninsured and expertise to the provider community, legislature and general public.

PROGRAM:

SAMHS is responsible for developing comprehensive plans for administering services; promoting evidence-based best practices; and ensuring accountability through the delivery of direct and contractual services. In addition, SAMHS regularly assesses the systemic needs, resources and assets of the behavioral health systems of care. As the federally designated statewide authority for both mental health and substance use disorders, SAMHS regularly provides expertise and information to other DHHS offices, state departments, the Legislature, citizen's groups, consumer groups and service providers.

The Prescription Monitoring Program (PMP) is a web-based tool that was developed and implemented by SAMHS to prevent, detect and reduce prescription drug misuse and diversion. The PMP maintains a database of all transactions for controlled substances dispensed in the State of Maine. The Maine Legislature passed Public Law 2015, chapter 488 that established the Nation's first limits and definitions regarding the prescribing and dispensing practices of all Schedule II-IV prescription drugs based on U.S. Centers for Disease Control recommendations. The secure database is available free online to prescribers and dispensers who are registered users. The PMP will continue to have a critical role in informing decision makers, commercial insurers, MaineCare and other entities in the State's coordinated response to the opioid epidemic.

Adopting a Money Follows the Person, consumer-first approach to a fee-for-service provider reimbursement model has empowered individuals with greater choice,

DEPARTMENT OF HEALTH AND HUMAN SERVICES

independence and control over the services they choose to receive and by whom they are delivered. Using this model, there has already been an increased utilization of several behavioral health services and a dramatic increase (over 10-fold) in access to and capacity of medication assisted treatment services since 2016 - the single most effective, evidence-based treatment for persons suffering from opioid use disorders. In addition to the capacity surge of evidence-based treatment services, SAMHS continues to lead the nation in the reduction of per-capita opioid consumption. Much work remains in combating the opioid crisis and the deaths and destruction that stem from it.

SAMHS continues to work in transforming behavioral health services to a system of recovery-oriented care with affirmative linkages to primary care. SAMHS has been an active partner in the development and implementation of the value-based purchasing approach to the behavioral health and opioid health home models delivering such integrated care.

SAMHS continues its work to meet and exceed the requirements of the Bates vs. DHHS Consent Decree and on strategies to both review and improve the timeliness, appropriateness and quality of adult mental health services.

Through improved contracting and ongoing rule making efforts, SAMHS is actively promoting and requiring evidence based best practices and is implementing specific outcome measures in all contracts. Combined with a consumer-first, recovery-oriented approach, the Department continues to meet the fiduciary duty to the tax payor and quality of care obligations to the consumers and clients who rely on the State of Maine.

PURPOSE:

The Maine Public Drinking Water Commission serves as an advisory board to the Maine Center for Disease Control and Prevention (Maine CDC) Drinking Water Program. The Commission evaluates the proportion of Drinking Water Program effort dedicated to each type of public water system, evaluates Drinking Water Program workloads, staffing and resource needs and determines funding requirements, fee formula, fee assessments and collection schedules for each type of public water system.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ORGANIZATION:

The Commission, created by the 116th Legislature, consists of nine members, eight who represent the interest of the regulated community and the drinking water public. The Commissioner of the Department of Health and Human Services or designee is the ninth member. Commissioners are appointed by the Governor and serve for a term of four years.

PROGRAM:

The Commission provides representatives of the drinking water industry and the public with the opportunity to provide input and oversight over the Maine CDC Drinking Water Program. It meets on a quarterly basis with Drinking Water Program staff to review budgets and to discuss public water system needs. The Commission provides input on major policy setting at the Drinking Water Program and advocates on behalf of the Drinking Water Program when needed. In addition, the Commission makes annual recommendations to the Drinking Water Program on the rate and structure of the annual fee on public water systems.

In FY2020, the Commission held meetings on September 4, 2019, November 20, 2019, February 12, 2020 and May 6, 2020.

PURPOSE:

Riverview Psychiatric Center (RPC) is an acute care psychiatric hospital which provides care and treatment to individuals with serious and persistent mental illness. This care is provided to both voluntary and court committed patients, as well as outpatients who require such support in order to transition to, or remain in, the community.

ORGANIZATION:

RPC opened in June 2004. The hospital has its own Advisory Board with by-laws covering organization, purpose, duties, appointment process, committees and the relationship to the medical staff.

PROGRAM:

RPC is a 92-bed acute care psychiatric hospital which provides state of the art care to individuals in Maine with serious persistent mental illness and co-occurring disorders. It is organized into clinical, administrative and support service departments. RPC has four inpatient treatment units; in FY20 RPC admitted 220 patients. All four co-ed units provide an acute level of care. The Outpatient Program includes Community Support Services for both the adult and geriatric population.

Of special note: In March of 2020 COVID 19 changed the operations of RPC in many aspects protecting patients, staff, and mitigating risk of infection or an outbreak of COVID 19 within the hospital became a focus. RPC utilized guidance and best practices from the CDC, State, Federal, and accrediting agencies. Restrictions were placed for safe infection control practices. The guidance and restrictions affected daily operations, admissions, staffing, and the RPC budget which has continued into the 2020-2021 FY.

BUREAU OF RESOURCE MANAGEMENT

BUREAU OF WARDEN SERVICE

PURPOSE:

The Department of Inland Fisheries and Wildlife was established to preserve, protect and enhance the inland fisheries and wildlife; to encourage wise use of the resources; and to ensure the resources are maintained and perpetuated for their intrinsic and ecological values, for their economic contribution and for their recreational, scientific and educational use by the people of the State. In addition, the Department is responsible for the establishment and enforcement of laws and regulations governing fishing, hunting and trapping; the registration and operation of snowmobiles, watercraft, and all-terrain vehicles; propagation and stocking of fish; acquisition of wildlife management areas; safety programs for hunters, snowmobiles, all-terrain vehicles; and watercraft, and the issuing of licenses and permits (hunting, fishing, trapping, guide, wildlife possession/importation, as well as many other miscellaneous permits).

The overall department budget is comprised of three parts: general fund, federal grant funds and other special revenue funds. The Department's revenue from license sales, registrations, fees and other items is constitutionally protected and can only be used for the administration of the Department. This requires the Legislature to appropriate to the Department a general fund appropriation that is not less than the revenues collected by the Department for a given year. In essence, this gives the Department an advance from the general fund against anticipated revenue which is then repaid to the general fund with the Department's revenue from license sales, registrations and fees as it is received through the fiscal year. This allows the Department to overcome fluctuations in license sales and fees that occur throughout the year, impacting cash flow, and instead have a predictable and responsible budget. The difference between the annual appropriated amount and the actual revenue earned through license sales, registrations, fees and other items is the true general fund contribution to the Department. Federal funds come from the U.S. Fish and Wildlife Service's Wildlife and Sport Fish Restoration Program. These funds are distributed to state fish and wildlife agencies through grants authorized under the Pittman-Robertson Wildlife Restoration Act (PR) and the Dingell-Johnson Sport Fish Restoration Act (DJ). The funds are generated by excise taxes and import duties on equipment and gear manufactured for purchase by hunters, anglers, boaters, archers, and recreational shooters. Federal taxes on motorboat and small engine fuels are also a source of DJ funding. These federal funds require a matching share which comes from state hunting, trapping and fishing licenses. This program is an example of a user pay, user benefits program based on hunters, trappers, and anglers who recreate here in Maine. In this case all the residents and visitors to Maine benefit from the sportsman's dollars as they are used to manage all of the fisheries and wildlife resources of the State of Maine both game and nongame.

ORGANIZATION:

The Department of Inland Fisheries and Wildlife (formerly Game) traces back to 1830 when wardens were first appointed by the Governor to enforce the moose and deer laws enacted that year. Two Commissioners of Fisheries were appointed in 1867. In 1880, the Commissioners were assigned responsibility for enforcing game laws as well as fish laws, and in 1895, their title was changed to Commissioners of Inland Fisheries and Game. The two Commissioners were later replaced by the Commissioner of Inland Fisheries and Game in 1917. Function divisions were added as the Department mandates and responsibilities were expanded, e.g. Warden Service Aviation in 1937; Wildlife Division in 1938; Fisheries Division in 1951;

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

Information and Education in 1955; Program Development and Coordination in 1968; Snowmobile Registration in 1969; Realty in 1970; Watercraft Registration and Safety in 1974.

Effective October 1, 1975, the Department was renamed the Department of Inland Fisheries and Wildlife. In 1984, the Department underwent its first Sunset Review by the Legislative Committee on Audit and Program Review. As a result, the Department was reorganized into the following: 1. Bureau of Administrative Services; 2. Bureau of Resource Management; 3. Bureau of Warden Service; 4. Office of the Commissioner, including the Division of Public Information and the Division of Program Development and Coordination.

In 2006, a statewide reorganization removed the financial and information technology functions of the agency and placed them within the newly-created Natural Resources Service Center and the Office of Information Technology. The Bureau of Administrative Services, as it was known prior to this reorganization became the Division of Licensing, Registration and Engineering in 2009 to more accurately reflect the duties of the Division. In 2011, the Division of Engineering was established as a separate Division to oversee maintenance, contracting and repair of Department facilities.

PROGRAM:

The Department's program focuses on the management of the State's inland fish and wildlife, enforcement, applied research studies, surveys and inventories, program development (planning), artificial propagation and stocking of fish, coordination of department interests between state and federal agencies and the private sector, environmental permitting coordination, the search for lost persons, the registration of watercraft, snowmobiles and all-terrain vehicles, hunter/trapper education programs, and hunter, snowmobile, boating and ATV safety programs.

The establishment of rules is an important part of the program carried out by the Department. The Commissioner provides abstracts of the inland fisheries and wildlife laws and rules for distribution to the public (six summaries plus migratory bird regulations are updated and distributed in electronic and some printed formats). The Open Water and Ice Fishing Regulations, upon filing with the Secretary of State as an electronic document and distributed to the public, are declared to be official consolidations of fishing rules.

A complete reporting of these programs will be included in the reports for the various Bureaus and Divisions.

PURPOSE:

The purpose of the Division is to administer the issuance of department licenses, stamps and permits and the registration of snowmobiles, watercraft and all-terrain vehicles.

ORGANIZATION:

In 1984, the 111th Legislature reorganized the Department, thus creating the Bureau of Administrative Services as one of the major Bureaus. This Bureau was structured in the following manner: Accounting Section, headed by a Chief Accountant; Division of Engineering and Realty, headed by a Supervisor; Division of Licensing and Registration, headed by a Director; Personnel Section-headed by a Personnel Officer; Central Purchasing and Supply Section, headed by a Property Officer.

During FY06 a statewide reorganization of administrative functions substantially changed the make-up of Administrative Services. A new entity, the Natural Resources Service Center under the Department of Administrative and Financial Services, was established to provide budget, accounting, human resources and payroll services to all of the Natural Resource departments within state government. These functions were removed from the Department during that consolidation. In addition, the Office of Information Technology centralized the

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

Department's IT functions under a consolidated Natural Resources IT cluster. The licensing and registration, engineering and land acquisition functions were left in Administrative Services. In 2009, legislation was passed to change the name from the Bureau of Administrative Services, to the Division of Licensing, Registration and Engineering to more accurately reflect the responsibilities and duties of the Division. In 2011, the Engineering Division was separated from Licensing and Registration to become its own Division. The Natural Resources Service Center coordinates the purchase of capital equipment and supplies and disperses these items on a department-wide basis. Adequate inventories of vehicle, snowmobile, and outboard motor parts, clothing, footwear and miscellaneous items are held in stock to be issued to all field personnel.

PROGRAM:

The Division of Licensing and Registration provides the public with hunting and fishing licenses and miscellaneous permits through the Department's main office and designated license agents. The Division also registers all watercraft, snowmobiles and all-terrain vehicles. The operation of these machines is regulated in cooperation with all law enforcement agencies and information is provided as required.

To provide advice and consent to the Commissioner of Inland Fisheries and Wildlife on regulation changes necessary for the proper implementation, enforcement and interpretation of any provision of law that the Commissioner is charged with the duty of administering.

ORGANIZATION:

The Advisory Council is appointed by the Governor, subject to review by the Joint Standing Committee on Fisheries and Wildlife and to confirmation by the Legislature, and consists of ten members representing one or more counties of the State on fish and wildlife related issues. The Commissioner is a non-voting member of the Council ex officio but may vote to break a tie. Appointments are for three years or until successors are appointed and qualified. No person shall serve more than two consecutive three-year terms. Upon the death, resignation, or removal from office of any person so appointed, the Governor shall appoint a member to serve for the unexpired term.

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

The members of the Advisory Council receive \$50 per day for their services and actual expenses for each fiscal year. The Council holds regular meetings with the Commissioner or his Deputy to provide information and advice on enhancing fisheries and wildlife resource management in the State. At the meeting held in May of each year, the Council may elect one of its members as chair and one as vice-chair.

PROGRAM:

The Advisory Council met with the Commissioner to review regulation changes and other department matters seven times during FY20.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

PURPOSE:

The purpose of the Division is to administer contracts for work or services performed for the Department; and to coordinate the design, maintenance and report of all department-owned facilities and infrastructure by utilization of department staff and/or outside contractors. The Division also prepares the capital improvement plan to be printed in the budget document.

ORGANIZATION:

In 1984, the 111th Legislature reorganized the Department, thus creating the Bureau of Administrative Services as one of the major Bureaus. This Bureau was structured in the following manner: Accounting Section, headed by a Chief Accountant; Division of Engineering and Realty, headed by a Supervisor; Division of Licensing and Registration, headed by a Director; Personnel Section, headed by a Personnel Officer; Central Purchasing and Supply Section, headed by a Property Officer.

During FY06 a statewide reorganization of administrative functions substantially changed the make-up of Administrative Services. A new entity, the Natural Resources Service Center under the Department of Administrative and Financial Services, was established to provide budget, accounting, human resources and payroll services to all of the Natural Resources Departments within State government. The licensing and registration, engineering and land acquisition functions were left in Administrative Services. In 2009, legislation was passed to change the name from the Bureau of Administrative Services, to the Division of Licensing, Registration and Engineering to more accurately reflect the responsibilities and duties of the Division. In 2011, the Engineering Division was separated from Licensing and Registration to become its own Division.

PROGRAM:

The Division of Engineering oversees the design, maintenance and repair of department-owned facilities and infrastructure, including the preparation of a capital improvement plan to be printed in the budget document.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

 Reference Policy Area 04 Umbrella 09 Unit 585 Citation T0012 M.R.S.A., Sect. 000010308

PURPOSE:

The Maine Outdoor Heritage Fund was established by the Legislature in 1995 after it became clear there was insufficient funding for worthwhile projects that would perpetuate Maine's outdoor heritage -- the state's endangered species, wildlife habitat and pristine lands for outdoor recreation. By funding the program solely with revenue from the sale of special Outdoor Heritage lottery tickets, the Legislature was able to support financially worthwhile projects without using revenue from the General Fund.

ORGANIZATION:

The Maine Outdoor Heritage Fund is governed by a board of seven members. The Commissioner of the Department of Inland Fisheries and Wildlife, the Commissioner of the Department of Agriculture, Conservation and Forestry and the Coordinator of the Natural Areas Program are permanent members. With approval from the Legislature, the Governor appoints four citizen members to staggered four-year terms. One citizen member must represent a state sportsman's organization, one must represent a state wildlife conservation organization and one must work in a field related to natural resources. The Board has hired an administrator on a contractual basis to perform the duties of administering the grants once they are awarded, organizing the application process for grants and coordinating with the Lottery Commission and other state and private organizations.

PROGRAM:

The Board awards grants semi-annually to natural resources agencies and organizations for conservation and recreation projects that meet the guidelines stated in the Outdoor Heritage Fund's Strategic Plan.

The grants are awarded in four categories:

- fisheries and wildlife, and habitat conservation projects;
- acquisition and management of public lands, parks, wildlife conservation areas, public access and outdoor recreation sites and facilities;
- endangered and threatened species conservation projects;
- natural resources law enforcement and protection of public health.

Revenue is raised from the sale of instant lottery tickets, which are available at most outlets that sell other Maine State Lottery tickets. The Outdoor Heritage ticket design changes twice per year.

PURPOSE:

The main function of the Public Information and Education Division is to create and maintain public understanding, participation in, and support for department objectives and programs including wildlife and fishery management, safety in the outdoors, and ethical hunting and fishing practices.

ORGANIZATION:

The Division was created in 1952, as the Information and Education Division, under authorization granted by the 96th Legislature in 1951. It was reorganized into the Public Information Division, effective July 1, 1980; it was again reorganized, as the Division of Public Information and Education under the Office of the Commissioner, effective April 24, 1984. Another reorganization, effective July 1, 1993, established the Division of Public Information and Education as its own unit.

PROGRAM:

The major programs of the Public Information and Education Division are marketing, public relations, educational outreach, and the operations of the Maine Wildlife Park.

The Information Center within the Division provides knowledgeable staff responding to telephone inquiries and directing calls to appropriate department divisions, as well as e-mail and social media requests. The Information Center handles an average of 1,000 phone calls and hundreds of e-mails and social media messages per week.

Through a variety of methods, the Division communicates with members of the public daily sharing information regarding department programs and projects related to wildlife and fishery management and education messaging related to outdoor sports such as hunting, fishing, trapping, boating, ATV and snowmobile riding. Communication is done in person through a variety of shows and events, through digital communication (email, blogs, web updates, social media, etc), through the production of video, and through the development and distribution of printed publications including the annual law summaries. Additionally, the Division coordinates several education outreach programs and provides training to hundreds of volunteers and educators across Maine. These programs include Becoming an Outdoors Woman, Hooked on Fishing - Not on Drugs, 4-H Shooting Sports, Project WILD, Nature of Teaching, and National Archery in the School Program. The Division provides support to MDIFW staff across the State to visit classrooms, speak to groups and organizations, and supply tools and materials to MDIFW regional offices for public consumption.

The Maine Wildlife Park in Gray, Maine hosts over 125,000 visitors annually. The Park has over 30 species of native Maine wildlife on exhibit in naturalized enclosures. Interpretation of the Department's wildlife management programs and projects are offered via signage, an audio tour, and guided tours. A variety of wildlife and conservation education school programs and tours are offered at the Park, reaching well over 4,000 Maine school children annually. Weekend events with wildlife, outdoor, and conservation themes occur here from May through October.

PURPOSE:

The Bureau of Resource Management is responsible for the management of the State's inland fisheries and wildlife resources and the development of rules governing the effective management of these resources.

ORGANIZATION:

The Bureau of Resource Management was established by the 111th Legislature as a result of recommendations made by the Legislative Program Audit and Review Committee. The Bureau presently consists of the following:

- Division of Wildlife
- Division of Fisheries and Hatcheries
- Support Services Section
- Division of Safety

PROGRAM:

Division of Wildlife:

Management of Maine's Wildlife - Management of Maine's wildlife is carefully planned and monitored. Department biologists enlist members of the public to help develop long-term management goals for Maine's key wildlife species. Biologists use that public input in management systems that direct how the Wildlife Division manages a species. The Department owns or has management agreements on more than 100,000 acres of land acquired for wildlife management purposes. These wildlife management areas (WMAs) are covered by management plans that are designed to maintain or create the highest quality wildlife habitats possible, allow public access and recreational use, and serve as demonstration areas. In addition, the Department works with the Bureau of Parks and Lands to implement wildlife habitat management on the State's public reserved and state park lands, as well as with private landowners interested in wildlife management.

DEPARTMENT OF INLAND FISHERIES AND WILDLIFE

Research and Assessment - coordinate, supervise, plan, and direct all wildlife projects; collect and analyze information on species abundance, use, habitat requirements, and habitat quality and quantity; monitor wildlife populations; maintain species assessments and management systems; produce technical reports and develop recommendations for specific harvest and use regulations in support of the Department's species management goals and objectives; and provide biological guidance and technical support to all parties having management, planning, or regulatory responsibility concerning wildlife.

Division of Fisheries and Hatcheries:

Maine's inland fisheries are managed under structured work programs that ensure the preservation, protection, enhancement and wise use of the State's fishery resources. The conservation of native fish, their habitat, and providing sustainable recreational and commercial fisheries for both wild and stocked fisheries remain an important management focus. Maine is a recognized fishing destination in the eastern United States, generating over \$300 million annually to the State's economy.

The Fisheries Management section works with public members to plan and develop work programs to investigate, monitor, and manage recreational and commercial fisheries. Management includes various types of stocking programs, adoption of fishing regulations, population monitoring, supporting development of public water access, habitat improvement/restoration, remediation of invasive species, and research. Management recommendations are rooted in sound science and data collection, guided by public input.

The Hatcheries Section is comprised of eight fish culture facilities and a fish pathology laboratory responsible for the propagation of healthy fish to support statewide fisheries management programs. Currently the hatchery program stocks over one million salmon and trout annually. The fish health lab also manages biosecurity interests related to importation and private fish cultivation.

Division of Safety:

The Safety Division provides a number of programs that inform the public on how to fish, hunt, trap, and operate recreational vehicles safely. These programs reach more than 9,000 participants each year using a cadre of more than 500 volunteers and 11 part-time staff.

Additional Program Areas:

The Environmental Review, Federal Aid Coordination, Water Access, and Habitat Information Transfer Programs are also located within Resource Management.

PURPOSE:

The primary function of the Maine Warden Service is to enforce Title 12, Chapters 901-939, to enforce all rules promulgated by the Commissioner, and to enforce the U.S. Migratory Bird Treaty Act. In addition to these duties, the Maine Warden Service enforces the Maine boat laws and recreational vehicle laws (snowmobile and ATV). The Maine Warden Service is, by statute, responsible for searches for persons presumed lost or drowned in the fields, forests and inland waters of the State of Maine. Game Wardens of the Maine Warden Service are uniformed law enforcement officers with full police powers and statewide jurisdiction.

ORGANIZATION:

The Maine Warden Service was formally established on March 9, 1880, and was renamed the Bureau of Warden Service in 1984 as a part of the reorganization statute enacted by the 111th Legislature. The Bureau of Warden Service currently consists of a Game Warden Colonel (Chief Warden), a Game Warden Major (Deputy Chief Warden), a Game Warden Captain, 5 Game Warden Lieutenants, 15 Game Warden Sergeants, 3 Game Warden Investigators, 1 Chief Warden Pilot, 2 Game Warden Pilots, 90 District Game Wardens, 5 Game Warden Specialists, 1 Game Warden Chaplain, and 6 Deputy Game Wardens. Support services within the Maine Warden Service include a Dive Team, Incident Management Team (for Search and Rescue & Natural Disasters), K-9 Team, Special Investigations Team, Aviation Division, Evidence Recovery Team, Use of Force Team, Forensic Mapping Team, and Critical Incident Stress Debrief Team.

PROGRAM:

Conservation Law Enforcement: In FY20, the Maine Warden Service responded to 25,396 complaints on matters of conservation law enforcement, search and rescue, and Inland Fisheries and Wildlife rules and regulations. During 2020, 2674 persons were prosecuted, and 2,220 persons were warned for violation of laws and rules pertaining to fish, wildlife, boating, and recreational vehicles. To accomplish the Conservation Law Enforcement and Search and Rescue mission of the Bureau, in 2020 Game Wardens drove 2,843,244 miles.

Search and Rescue: During 2020, the Maine Warden Service responded to 436 searches for persons lost in the fields and forests of Maine or presumed to be drowned on the inland waters of the State.

Data Collection: During 2020, Maine Warden Service was responsible for assisting with compiling the following data for management purposes: assistance with the administration of fur tagging stations, big game registration stations and tracking predation and vehicle mortality numbers of whitetail deer.

LICENSES:

Special dog training area license
License to hold field trials for sporting dogs
Snowmobile race permit
Import permit (fish and wildlife)
Eel permit for licensed trappers (20 lbs. of eels)
Permit to stock rabbit
Permit to allow the use of a suppressor while hunting
Blackpowder permit - Felon

PURPOSE:

The purpose of the Judicial Branch is to administer justice by providing a safe, accessible, efficient and impartial system of dispute resolution that serves the public interest, protects individual rights, and instills respect for the law.

ORGANIZATION:

Until the signing of the Articles of Agreement for Separation in 1820, Maine was part of Massachusetts and included in the Massachusetts court system. In 1820, Article VI, Section 1, of the new Maine Constitution established the Judicial Branch of government stating: "The judicial power of the State shall be vested in a Supreme Judicial Court, and such other courts as the Legislature shall from time to time establish". From the start of statehood, the Supreme Judicial Court was both a trial court and an appellate court or "Law Court." The new State of Maine also adopted the same lower court structure as existed in Massachusetts, and the court system remained unchanged until 1852. The Court Reorganization Act of 1852 increased the jurisdiction of the Supreme Judicial Court to encompass virtually every type of case, increased the number of justices and authorized the justices to travel in circuits. The Probate Courts were created in 1820 as county-based courts and have remained so.

The next major change in the system came in 1929, when the Legislature created the statewide Superior Court as a trial court to relieve the overburdened Supreme Judicial Court. Meanwhile, the lower courts continued to operate much as they always had until 1961 when both the municipal court and trial justice systems were abolished and the new District Court created. The Administrative Court, which was created in 1978, was abolished on March 15, 2001.

The administrative structure of the Maine Judicial Branch is similar to a corporation. The Supreme Judicial Court serves as the Branch "board of directors" and by statute has general administrative and supervisory authority over the Branch. This authority is exercised by promulgating rules, issuing administrative orders, establishing policies and procedures, and generally advising the Chief Justice. The Chief Justice is designated as head of the Judicial Branch and is assisted by the State Court Administrator. Each of the two trial courts has a Chief Justice or Judge, appointed by and responsible to the Chief Justice, who also heads the Law Court. The Administrative Office of the Courts under the direction of the State Court Administrator, assists in meeting the operational needs of the courts.

proposed legislation; and perform other duties consistent with the powers delegated and assigned by the Chief Justice and the Supreme Judicial Court.

ORGANIZATION:

The Administrative Office of the Courts was created in 1975. The Office is directed by the State Court Administrator, who is appointed by and serves at the pleasure of the Chief Justice. The Administrative Office staff is appointed by the State Court Administrator with the approval of the Chief Justice. The staff administers the accounting, technology, fiscal, legislative, personnel, purchasing, planning, research, court operations, facility and security related functions for the court system.

PROGRAM:

Under the direction of the State Court Administrator, the Administrative Office of the Courts continued its involvement in ongoing areas of court automation, fiscal administration, court security, facilities management and personnel administration. Initiatives were undertaken to improve court security, enhance case processing technology, increase the availability and quality of interpretation services, and adapt court operations to meet the needs of Maine's citizens.

BOARD OF BAR EXAMINERS

ANN M. COURTNEY, ESQ., CHAIR

MELISSA K. HANSEN, EXECUTIVE DIRECTOR

Central Office 40 WATER STREET, 2ND FLOOR, HALLOWELL, ME 04347

Mail Address PO BOX 140, AUGUSTA, ME 04332-0140

Established 1899

FAX (207) 622-0059

Telephone (207) 623-2464

Reference Policy Area 06 *Umbrella* 40 *Unit* 291 *Citation* T0004 *M.R.S.A., Sect.* 00000801

PURPOSE:

The purpose of the Board of Bar Examiners is to examine all applicants for admission to the Bar, as to their legal learning and general qualifications to practice as attorneys in the several courts of the State. After passing the examination or being found eligible for admission without examination, and compliance with the statutes has been accomplished, the Board issues a certificate of qualification which states the standing of the applicant, and recommends his/her admission to the bar.

ORGANIZATION:

The Board is composed of seven lawyers of the State and two representatives of the public appointed by the Governor. As the terms of the members expire, members of the Board are appointed annually by the Governor on the recommendation of the Supreme Judicial Court, and hold office for terms of five (5) years. Terms begin on the first day of January of the year of appointment and end on the last day of December of the year of expiration of the appointment.

The Board holds two examination sessions annually at such times and places in the State as the Board determines and the Supreme Judicial Court approves. The members of the Board elect a chair and a secretary who may, but need not be, the same person, and a treasurer. The Board makes rules and regulations relative to the performance and duties of the Board and to the examinations which the Board conducts. Five members of said Board shall constitute a quorum for the transaction of business.

JUDICIAL DEPARTMENT

PROGRAM:

In its efforts to discharge its statutory duties, the Board must review its policies and practices in such matters as:

1. the necessity of examining applicants who already have been admitted by examination in other jurisdictions;
2. the eligibility of graduates of foreign law schools to take the bar exam;
3. the fairness and validity of examination procedures and standards;
4. the relationship of a law school education to the bar examination; and
5. the effectiveness of procedures to determine the character and fitness of applicants to practice law.

The Board works closely with the National Conference of Bar Examiners and the American Bar Association to receive the benefit of the experience of the other jurisdictions in bar examination matters.

PURPOSE:

The purpose and objective of the Court Alternative Dispute Resolution Service (CADRES) is to provide an administrative structure for court-connected Alternative Dispute Resolution (ADR) services in Maine Courts.

ORGANIZATION:

The operation and policies of the Service are overseen by the Court Alternative Dispute Resolution Service Committee. Members of the Committee are appointed by the Chief Justice of the Supreme Judicial Court pursuant to 4 MRSA Section 18-B. The Director administers statewide rosters and oversees the work of mediators and other ADR neutrals. The neutrals provide services as required in each of the State's District and Superior Court locations.

PROGRAM:

CADRES provides ADR services - including mediation, arbitration and early neutral evaluation - to the parties in court cases in Maine in all counties. CADRES selects and maintains statewide rosters of neutrals in various types of cases: small claims, family matters, evictions, land use/environmental and civil litigation. More than 150 neutrals are available statewide to provide ADR services under the auspices of the courts. In District Court, referral to mediation is mandatory in most contested family matters and is available in other types of cases. In Superior Court, pursuant to Rule 16B of the Maine Rules of Civil Procedure, ADR is required in many types of civil cases. Parties are permitted to choose the type of ADR process, i.e., mediation, arbitration or early neutral evaluation, in which they will participate.

DISTRICT COURT FOR THE STATE OF MAINE HON. JED FRENCH, CHIEF JUDGE

Central Office 1 COURT STREET, AUGUSTA, ME 04330

Established 1961 *Telephone* (207) 213-2985
Reference Policy Area 06 *Umbrella* 40 *Unit* 279 *Citation* T0004 *M.R.S.A., Sect.* 000000151

PURPOSE:

The purpose of the District Court is to serve as a court of general jurisdiction in law and equity for the State, excluding civil jury trials.

ORGANIZATION:

The District Court was originally created by the Legislature in 1961 as Maine's court of limited jurisdiction. The Court's jurisdiction has expanded substantially. In criminal matters, it has original jurisdiction in non-felony cases. However, effective July 1, 2015 the Judicial Branch developed a Unified Criminal Docket (UCD) for all criminal misdemeanor and felony matters. Responsibility for all criminal matters in the UCD is shared by justices of the Superior Court and judges of the District Court.

Until March 15, 2001, the Court had concurrent jurisdiction with the Superior Court in divorce and non-equitable civil cases involving not more than \$30,000. As of March 15, 2001, the monetary claim limit for civil cases was eliminated, creating concurrent jurisdiction with the Superior Court. The District Court now has exclusive jurisdiction of divorce and family cases. The District Court also may grant equitable relief in a wide variety of cases including unfair trade practices and cases involving environmental law violations.

The District Court hears all child protection cases, and protection from abuse and protection from harassment cases. The District Court is the small claims court (for cases involving not more than \$6,000) and the juvenile court. In addition, the Court hears mental health, forcible entry and detainer, quiet title and foreclosure cases. It is the only court available for the enforcement of money judgments. The District Court also has original jurisdiction over civil violations, and exclusive jurisdiction over all violations bureau matters.

There are 39 judges in the District Court, including the Chief Judge, who is designated by the Chief Justice of the Supreme Judicial Court. All District Court judges are appointed by the Governor, reviewed by the legislative Joint Standing Committee on the Judiciary, and confirmed by the Senate for seven-year terms. Pursuant to Administrative Order, District Court judges may also sit in the Superior Court. In the District Court, judges are assigned by the Chief Judge to sit in any District Court in the State.

PROGRAM:

Within the District Court, there are administrative units and systems designed to enable the Court to achieve its purposes. The Family Division of the District Court was established by the Second Session of the 118th Legislature, which enacted 4 M.R.S.A. section 183 as follows: "There is established within the District Court a Family Division that has jurisdiction over family matters filed in District Court. The Family Division shall provide a system of justice that is responsive to the needs of families and the support of their children." In May of 1998, Family Case Management Officers, renamed Family Law Magistrates in 2005, began to hear and dispose of certain family matter cases, usually involving child support.

The District Court Judges, along with Superior Court Justices, preside over the Family Recovery Court, Co-Occurring Disorder Court and Veterans Court Proceedings. The Family Recovery Courts operate in York, Cumberland, Androscoggin, Hancock, and Washington Counties. The Co-Occurring Disorder Court and the Veterans Court are statewide courts located primarily in Kennebec County.

JUDICIAL DEPARTMENT

The Family Treatment Drug Court is operating within the Maine District Court in the Lewiston-Auburn area, the Bangor area and in Central Maine. This federally funded docket works with families in child protection proceedings when substance abuse is a major problem in the family. The District Court also operates Domestic Violence Monitoring Courts in several locations throughout the State. This grant-funded docket provides ongoing court monitoring of individuals that have been convicted of criminal acts of domestic violence.

The Chief Judge of the District Court rosters all Guardians ad Litem (GAL), who are appointed by the Court in part to provide children with a voice in family and child protection matters in the District Court. The Chief Judge of the District Court also appoints all Bail Commissioners and Justices of the Peace.

M.R.S.A., Sect. SJC-00109

PURPOSE:

The Committee on Judicial Responsibility and Disability was created by the Supreme Judicial Court by court order in 1978. The Committee is empowered to receive and investigate complaints of judicial misconduct and disability. Judicial misconduct is defined by the Maine Code of Judicial Conduct, which was promulgated by the Supreme Judicial Court. By order of the Court, the Code of Judicial Conduct is binding on all state judges and magistrates, as set forth in the Code and the Court's order.

ORGANIZATION:

The Committee on Judicial Responsibility consists of eight members appointed by the Supreme Judicial Court. One member is a Justice of the Superior Court, one is a Judge of the District Court, and one is a Probate Judge. Two members are attorneys at law admitted to practice in the State of Maine, and three are public members, all appointed by the Supreme Judicial Court upon the recommendation of the Governor. Four alternate members are also appointed to serve with respect to any matter from which a regular member is excused or otherwise unavailable.

PROGRAM:

Proceedings before the Committee are typically begun upon receipt of a complaint concerning the conduct of a judge. If the Committee members decide that the facts involved in the complaint appear to come within its authority, a copy of the complaint is submitted to the judge for a response, unless the allegations or facts available to the Committee show that no disciplinary misconduct is involved. At the time a complaint is submitted to the judge, an investigation is conducted appropriate to the circumstances of the complaint. Based upon its investigation and the judge's response, the Committee determines whether the complaint should be dismissed or whether an evidentiary hearing is necessary.

The Committee cannot itself impose disciplinary sanctions. Unless the complaint is dismissed, the Committee's findings and conclusions, together with recommendations, are reported to the Supreme Judicial Court in any matter in which the Committee finds misconduct warranting formal disciplinary action. Thereafter, the matter is in the hands of the Court. The Committee may also seek informal correction of any judicial conduct or practice that may create an appearance of judicial misconduct.

JUDICIAL DEPARTMENT

Upon written request of the Governor, the Legislature's Joint Standing Committee on Judiciary, or an appropriate federal agency or official, in connection with consideration of the appointment of a person who has been a judge, the Committee is directed to provide information on any complaints made against that person and the Committee's disposition thereof. The Committee reports annually to the Supreme Judicial Court a summary of each year's activities.

PUBLICATIONS:

The Committee has available for distribution material describing the Committee's operation and function, as well as the rules that govern the Committee's jurisdiction and procedure. Copies are available upon request. Copies of the available Annual Reports of the Committee are also distributed upon request. All of this information is also available on the Committee's website: www.jrd.maine.gov

PURPOSE:

The mission of the Board of Overseers of the Bar is to encourage and promote competent and ethical practice by members of the Maine bar, and to make these standards known to members of the public, so that they have confidence in the legal profession in Maine. The Board accomplishes its mission on several fronts including attorney registration, continuing legal education requirements, ethical guidance, and attorney regulation. The Guardian ad Litem Review Board, an independent unit within the Board, administers the registration and regulation of Guardians ad litem as defined in the Maine Rules for Guardians ad Litem.

ORGANIZATION:

The Board of Overseers of the Bar was created by order of the Supreme Judicial Court, effective November 1, 1978 (Maine Bar Rules). The Board consists of nine (9) members selected by the Court, three (3) of whom are lay persons and six (6) of whom are members of the Bar of the State of Maine.

PROGRAM:

This unit's activities are limited to the performance of its duties as defined in the Maine Bar Rules, the Maine Rules of Professional Conduct, and the Maine Rules of Guardians ad Litem. In general, the Board supervises and administers the registration of attorneys admitted to the Maine bar and Guardians ad Litem rostered by the Court; investigates and processes ethical complaints that allege violations of the Maine Bar Rules, the Maine Rules of Professional Conduct, or the Maine Rules for Guardians ad Litem; provides a procedure for the arbitration of fee disputes between clients and attorneys; and provides limited consulting and advisory services for the court with respect to the interpretation and application of the Maine Bar Rules, the Maine Rules of Professional Conduct and the Maine Rules of Guardians ad Litem.

Telephone (207) 822-4174

M.R.S.A., Sect. 000000101

PURPOSE:

The Superior Court was originally created by the Legislature in 1929 as Maine's trial court of general jurisdiction. Since 2001, the Court no longer has jurisdiction over divorce, family matters, child protection, and protection from abuse and harassment family matters. The Superior Court has exclusive jurisdiction over civil jury trials, including medical malpractice cases, and limited appellate jurisdiction regarding questions of law and de novo proceedings in certain District Court cases, and it has limited concurrent original jurisdiction with the Supreme Judicial Court over certain proceedings. Since its creation, the Superior Court has had exclusive jurisdiction over all felony-level criminal proceedings; however, the Judicial Branch has developed a Unified Criminal Docket (UCD) process for all criminal misdemeanor and felony matters, which was fully implemented Statewide by July 1, 2015. Responsibility for criminal matters in the UCD is shared by justices of the Superior Court and judges of the District Court.

ORGANIZATION:

There are 17 justices of the Superior Court who hold sessions of the court in each of the State's 16 counties. The justices are appointed by the Governor for seven year terms, with the consent of the Legislature. A single justice is designated by the Chief Justice of the Supreme Judicial Court to serve as the Chief Justice of the Superior Court.

The Chief Justice of the Superior Court is responsible for establishing the regular and special assignments of the justices, for specifying when the Grand Jury shall be summonsed in each county, and for assigning justices to the Single-Justice program and to Post-Conviction Review matters, and to other matters throughout the State. The Chief Justice also supervises the Medical Malpractice Pre-Litigation Screening Panel program for all medical malpractice cases in the Superior Court.

PROGRAM:

In 2004, the Superior Court established a statewide Single-Justice system in which an individual justice is assigned for all purposes to each civil case and each criminal homicide case, including manslaughter, filed in the State. As a result, only one justice is responsible for all decisions and matters in each of those cases.

The Superior Court also conducts several types of problem-solving courts throughout the State, including the Business and Consumer Docket (aka The Business Court), the Adult Drug Treatment Court and the combined Co-occurring Disorders and Veterans Court. The Superior Court also has pioneered the use of judicially assisted settlement conferences, a highly successful form of mediation in which a judge not involved with the case being mediated serves as the neutral. This system is now used throughout the trial court system.

PURPOSE:

The purpose of the Supreme Judicial Court sitting as the Law Court is to serve as the final appellate tribunal for the State. The Supreme Judicial Court also has general administrative and supervisory authority over the Judicial Department and shall make and promulgate rules, regulations, and orders governing the administration of the Judicial Department.

ORGANIZATION:

The Supreme Judicial Court is the highest court in Maine, and, as the Law Court, is the court of final appeal. As of January 1, 2001, the Law Court hears appeals of civil and criminal cases from District and Superior Courts; appeals from all final judgments, orders and decrees of the Probate Court; appeals of decisions of the Public Utilities Commission and the Workers Compensation Board. A justice of the Supreme Judicial Court may be assigned by the Chief Justice to sit in the Superior Court or the District Court to hear cases of any type, including post-conviction matters and jury trials.

In addition, the Supreme Judicial Court defines and regulates the practice of law and the conduct of attorneys in Maine by the promulgation of Maine Bar Rules, published in the annual Maine Rules of Court. It also is the ultimate authority for admitting lawyers to the bar, and for administering lawyer discipline including disbarment. The justices of the Supreme Judicial Court may be called upon to make decisions regarding legislative apportionment and render advisory opinions concerning important questions of law on solemn occasions when requested by the Governor, Senate, or House of Representatives. Three members of the Maine Supreme Judicial Court serve as the Sentence Review Panel for the review of sentences of one year or more.

The Supreme Judicial Court has seven members: the Chief Justice and six Associate Justices. The justices must be trained in the law and are appointed by the Governor for seven year terms, with the consent of the Legislature. By statute, the Chief Justice is head of the Judicial Branch, and the Supreme Judicial Court has general administrative and supervisory authority over the Judicial Branch. Upon retirement, a Supreme Judicial Court Justice may be appointed an Active Retired Justice by the Governor, for a seven year term, with the consent of the Legislature. On assignment by the Chief Justice, an Active Retired Justice has the same authority as an active justice.

PURPOSE:

The Department of Labor helps Maine workers and businesses thrive. The Department is grounded in the belief that a career is a major building block of prosperity and is vital to helping Mainers chart their economic future. The Department seeks to ensure that people are treated and paid fairly, and that work is performed in safe and healthy workplaces. When jobs are lost, the Department provides unemployment benefits to those who qualify. By providing these services, the Department contributes to the overall success of Maine workers and the businesses for which they work.

ORGANIZATION:

The Department of Labor is comprised of the units listed above. These units are organized around five core agencies: Employment Services; Labor Standards; Rehabilitation Services; Unemployment Compensation; and Workforce Research and Information. The Maine Labor Relations Board handles labor relations and functions as a quasi-independent agency within the Department.

PROGRAM:

The Department of Labor seeks to improve all aspects of working in Maine. This means supporting job seekers, workers and the employers for whom they work.

During the fiscal year, several initiatives were undertaken. Coming out of the Second Regular Session of the 129th Legislature, the Department held hearings and developed rules for the newly created Earned Paid Leave laws. The Department also worked successfully with the Legislature to eliminate subminimum wages for people with disabilities.

In March 2020, Maine was affected by the COVID-19 pandemic. In response, the Department worked with the Governor and the Legislature to enact temporary changes to the unemployment program. Subsequently, three new federal unemployment programs were implemented to support the people of Maine during the pandemic. In addition, the Department's safety and health team provided guidance to workers and businesses to reduce the risk of infection in Maine's workplaces. The Department's services are described in further detail on the following pages. For more information, please visit our website: www.maine.gov/labor.

PURPOSE:

The Office of the Commissioner provides leadership and overall direction for the Department. The Office is also the primary liaison with the Legislature and the public.

ORGANIZATION:

The Office of the Commissioner is composed of the Commissioner, Deputy Commissioner, and their staff. The Governor appoints the Commissioner, who then appoints the Deputy Commissioner, bureau directors and certain other staff. The other components of the Department report to the Office of the Commissioner.

PROGRAM:

The Office is responsible for the direction of the Department and ensuring that the Department's services are meeting the needs of Maine workers and businesses. Doing so means working closely with each of the Department's bureaus, with other state and federal agencies, with community partners and with other interested parties.

In addition, the Office oversees communications within and outside of the Department. This includes press releases, electronic and print materials, and the Department's website and social media. The Office staff is the primary liaison with the Legislature, working with committee members and bill sponsors on legislation impacting Maine's workers and businesses. Along with these duties, the Office also oversees administrative functions, such as budget development and review, personnel management, facilities management, and business continuity and disaster recovery.

PURPOSE:

The Maine Board of Arbitration and Conciliation (BAC) was established to further harmonious labor-management relations in the State of Maine by endeavoring to settle disputes, strikes and lockouts between employers and employees. It serves as a Board of Inquiry, as a Board of Conciliation in the private sector, or as a Board of Arbitration with power to inquire and to investigate labor-management disputes in the public or private sector.

ORGANIZATION:

The BAC consists of three primary members representing labor, management and the public. There are six alternates, two for each of the primary positions. All primary and alternate members of the Board are appointed by the Governor for terms of three years. Appropriations for the Board are included in the budget of the Maine Labor Relations Board.

PROGRAM:

In FY 20, the BAC received a total of 27 requests for BAC services. Of the 27 requests filed, 26 involved requests for contract grievance arbitration while 1 requested binding interest arbitration. In addition, 22 requests for BAC services were carried over from pre-FY 19. In sum, 49 cases were pending before the BAC this year. Throughout this year, a total of 21 BAC cases were settled or withdrawn without the need for a hearing. For those cases that went to hearing, the BAC issued a total of 9 grievance arbitration decisions. The remainder of cases were pending as of the close of the fiscal year.

PURPOSE:

The Bureau of Rehabilitation Services - Division for the Blind and Visually Impaired, was established to provide a broad spectrum of services to people who are blind or visually impaired. These services include the: prevention of blindness; location and registration of people who are blind or visually impaired; provisions of certain education services to children who are blind or visually impaired from birth to age 21; provision of vocational rehabilitation services to accomplish job placement; provision of instruction in blindness

DEPARTMENT OF LABOR

specific skills in the area of independent living; and provision of other social services.

ORGANIZATION:

The Division was established in 1941 as the Division of Eye Care in the Department of Health and Welfare. Since 1996, the Division has been part of the Bureau of Rehabilitation Services in the Department of Labor. The Division is based in CareerCenters and provides services throughout the State.

PROGRAM:

The Division for the Blind and Visually Impaired (DBVI) administers four programs specific to persons in Maine who are blind or visually impaired. The Education Program provides specific instructional services to blind children in assisting local school units to meet their responsibilities for a free appropriate public education under the Individuals with Disabilities Education Act (IDEA). These services (braille instruction, travel training, direct teaching, special materials, personal and family counseling) are provided in part by DBVI staff and in part through contracted Teachers of the Visually Impaired (TVI). This program currently serves approximately 300 children per year.

The Independent Living Program provides direct blindness-specific skill instruction and training activities to assist older people in achieving or maintaining independence in their homes and communities and to avoid costly institutionalization. Services are provided in part by DBVI staff and in part by contracted Vision Rehabilitation Therapists. This program serves about 400 older adults each year.

The Vocational Rehabilitation Program provides blindness-specific training and other services to enable people who are blind or visually impaired to acquire, retain or advance in employment, including through vocational counseling, application of technology, direct blindness-specific instruction and skill training activities, and a variety of purchased and contracted services. The Vocational Rehabilitation program currently serves approximately 350 transitioning youth and adult clients.

The Business Enterprise Program (BEP) was developed under federal legislation enacted in 1936 called the Randolph-Sheppard Act. Under this law, legally blind individuals are given the priority to operate "vending facilities" on federal property. The operation of BEP facilities on state and municipal property in the State of Maine is provided by state legislation which parallels the federal act. This program provides employment opportunities for persons who are legally blind.

PURPOSE:

The purpose of the Division for the Deaf, Hard of Hearing and Late Deafened (DDHHL) is to ensure equal opportunity for people who are deaf, hard of hearing, or late deafened to fully participate in, contribute to, and benefit from Maine's community.

ORGANIZATION:

The Division for the Deaf, Hard of Hearing and Late Deafened was established on November 1, 1982, and was known as the Office of Deafness. The Division received its present name in July of 2009, as the result of a five-year plan goal to make the Division more inclusive. In 2011, for streamlining purposes, legislation was put in place to move the supervision of the Division for the Deaf, Hard of Hearing and Late Deafened (DDHHL) under the Division of Vocational Rehabilitation (DVR). By moving the DDHHL under DVR, employment services became an added service to this division to include four specialty vocational rehabilitation counselors for the deaf and hard of hearing.

PROGRAM:

The Division's work is accomplished through contracts that provide individual and systemic advocacy, as well as the provision of telecommunications equipment. The Division consults with and offers training to state agencies to assist in making state services fully accessible. The Division also provides information and referral services and periodicals to support consumers and providers. The Division responds to approximately 100-150 calls per month concerning information, referral, training, advocacy and other related services for people who are deaf, hard-of hearing or late deafened. The Division also administers the State's telecommunication device program, which provides telecommunications equipment for people with any disability on either a cost-share or loan basis depending on the individual's income. Supervision and oversight of four Vocational Rehabilitation Counselors for the Deaf and Hard of Hearing is provided by the director. The Division provides voluntary identification cards for people who are deaf or hard of hearing.

PURPOSE:

The Commission for the Deaf, Hard of Hearing and Late Deafened advises the Director of the Bureau of Rehabilitation Services on the development and coordination of services to people who are deaf, hard of hearing and late deafened. The Commission evaluates the progress toward goals and recommendations and advises the Division on implementation plans.

ORGANIZATION:

The Commission has up to 23 members appointed by the Governor and representing equally the public, professionals and people who are deaf, hard of hearing or late deafened. Members serve 3-year terms and may serve multiple terms without limit. The chair and vice-chair are appointed by the Commission and serve a two-year term. The Commission meets at the call of the chair but not less than 4 times a calendar year.

PROGRAM:

Commission activities focus on services for senior citizens, adult education, employment, youth leadership, support for low cost hearing aids and public accessibility for people who are deaf, hard of hearing or late deafened.

PURPOSE:

The Bureau of Employment Services (BES) works to build and sustain a quality workforce by connecting job seekers to training and employment opportunities and to help businesses connect with people who have the needed skills and abilities.

ORGANIZATION:

The Bureau of Employment Services oversees workforce development programs that are funded through the State General Fund, the Federal Workforce Innovation and Opportunities Act (WIOA), the Federal Wagner-Peyser Act, and other federal funds. BES works with other state agencies, department bureaus, the State Workforce Board, the State's three local workforce boards, and other community-based service providers to provide workforce services through Maine's CareerCenter network.

DEPARTMENT OF LABOR

PROGRAM:

The Bureau of Employment Services, in consultation with several other organizations, oversees and administers the design and delivery of services aimed at building the workforce of the State and connecting workers with employers. Through the CareerCenter network and on the internet, individuals have access to a library of resources designed to help individuals explore career options, learn about the labor market, search for employment, interview for jobs, explore self-employment possibilities, and much more. Computers and other equipment are available to prepare and submit résumés and cover letters, search the Maine Job Link and other internet resources, and pursue training opportunities. A variety of workshops related to employment and training topics are available to interested parties. For individuals meeting eligibility criteria, assessment services, job counseling, employability enhancement, and occupational skills training are available.

Businesses have access to a library of resources on topics relating to human resources, safety, business incentives, Americans with Disabilities Act, labor laws, labor market information, licensing, and more. Businesses can list their job openings on the Maine Job Link 24 hours a day. CareerCenter rooms are available at no charge for businesses to use for recruiting and interviewing, and staff are available for on-site services including developing service strategies, packaging of services, referral, development of job descriptions, and writing job orders. Training assistance is available in the form of apprenticeships, as well as new hire worker training resources.

The Rapid Response Team of the bureau provides special on-site information services to laid-off workers. The team gives employees information about training, job opportunities, unemployment benefits, health care, and emergency services. In addition, the Team delivers solutions to address the needs of businesses in transition, including comprehensive business engagement and layoff aversion strategies and activities designed to prevent or minimize the duration of unemployment.

PUBLICATIONS:

The Bureau publishes state policy and operational guidelines for the One-Stop CareerCenter system. Planning instructions for the operation of programs are issued to Maine's three Local Workforce Investment Areas and other contracted providers. Various fiscal reports required for the Maine Legislature and U.S. Department of Labor are routinely published. All publications are public domain and may be obtained by contacting the Bureau.

PURPOSE:

The Bureau of Unemployment Compensation contributes to the economic stability of Maine by providing temporary employer funded benefits to eligible individuals when they have lost their job through no fault of their own. The Bureau, in cooperation with federal and state agencies, operates multiple unemployment insurance benefit programs.

ORGANIZATION:

The Bureau of Unemployment Compensation is organized into four divisions: The largest is the Division of Benefit Services which includes unemployment claims centers responsible for making initial determinations of benefit eligibility and for processing benefit claims. Benefit Services also includes the unemployment fraud investigation unit and benefit overpayment collections unit. Benefit Services handles all processes associated with banking and the issuance of benefit payments.

The Unemployment Insurance Tax Division incorporates all unemployment tax functions including employer registration, determination of employer unemployment insurance tax liability, employer account management and employer tax collection. Staff within the Division assist employers with questions regarding unemployment laws and regulations, worker classification to ensure unemployment insurance coverage as well as any other questions related to the unemployment insurance employer account.

The Administration & Program Performance Division is responsible for the Bureau's administrative functions including budget oversight, contract management, program security, federal program activities, program integrity, program performance reviews, document management, system help desk services, system support and staff training. Quality control functions are handled by the benefits accuracy measurement unit within the Administration & Program Performance Division.

The final division, Division of Administrative Hearings, is described separately in this report.

PROGRAM:

The Bureau administers several unemployment programs with varying eligibility requirements, but all pertaining to the loss of employment that was not caused by the individual. The following programs were in effect during the fiscal year: State Unemployment Insurance (UI); Unemployment Compensation for Federal Employees (UCFE); Unemployment Compensation for Ex-Service Members (UCX); the Dislocated Workers Benefit (DWB) program; the federal Trade Readjustment Allowances (TRA) program, and Workshare, which is a short-term compensation program.

The Bureau's services were changed substantially during the COVID-19 pandemic. In March 2020, emergency legislation was enacted to provide greater flexibility within the program. The federal Coronavirus Aid, Relief, and Economic Act also added three additional benefit programs. The Federal Pandemic Unemployment Compensation provided an additional \$600/week for people who were receiving unemployment benefits during the weeks ending March 29 through July 25, 2020. The Pandemic Emergency Unemployment Compensation provided an additional 13 weeks of benefits to people who exhausted their state unemployment program. The third program, Pandemic Unemployment Assistance, provided benefits to people who were not covered by the regular state unemployment program.

During the COVID-19 pandemic, the unemployment program has been an economic stabilizer for the State. Benefits go directly to individuals to support themselves and their families, and their spending goes directly into Maine's

DEPARTMENT OF LABOR

economy. From the start of the pandemic through September 30, 2020, over \$1.5 billion in unemployment benefits were paid.

PURPOSE:

The Bureau of Labor Standards enforces State labor laws: regulating the employment of minors and the payment of wages; State laws established for the protection of the health and safety of workers; and those enacted for the protection of working people in general. The Bureau also provides business consultations to support employers in compliance with state and federal labor laws and to improve the safety and health of the workplace.

ORGANIZATION:

The Bureau was established in 1873 as an activity under the Secretary of State to collect and print statistics on manufacturing, mining, commercial and industrial interests, together with the valuation and appropriations of municipalities. In 1887, the Bureau of Industrial and Labor Statistics was established by the Legislature. In 1911, this was changed to the Department of Labor and Industry with added responsibilities for enforcing laws regulating employment of children and women, the protection of the physical well-being of factory workers, and the payment of wages. The Department remained as a separate entity until 1972, when in the reorganization of state government it became the Bureau of Labor and Industry within the new Department of Manpower Affairs. In 1975, the Bureau's name was changed to the Bureau of Labor. In 1981, when the name of the Department of Manpower Affairs was changed to the Department of Labor, the Bureau's name changed to the Bureau of Labor Standards.

PROGRAM:

The Bureau is composed of four divisions or units. The Wage and Hour Division enforces State laws relating to employment including, but not limited to, child labor, equal pay, minimum wage, overtime, nonpayment of wages, and severance pay. It investigates complaints alleging violations of these laws. In addition, the

DEPARTMENT OF LABOR

Division evaluates and approves requests for work permits for minors to ensure compliance with state and federal requirements. The Division offers several classes for employers to promote compliance with child labor and labor standards laws.

The Workplace Safety and Health Division enforces workplace safety standards as adopted by the Board of Occupational Safety and Health (also listed in this publication) on state and local public employers. It also conducts a variety of non-enforcement programs to assist public and private employers in improving their occupational safety and health performance and complying with state and federal requirements. Public training classes, on-site consultations, and video library items are available through the SafetyWorks! program to all Maine employers.

The Research and Statistics Unit collects and publishes statistical data concerning labor and industry, collects and analyzes data on the prevalence and causes of occupational injuries and illnesses and to evaluate interventions towards lessening their number and effect. Regular data series prepared by this unit are available at libraries around the State and on-line at the link below:
https://www.maine.gov/labor/labor_stats/research.html.

State funds are augmented by funds from cooperative agreements with the US Occupational Safety and Health Administration, the US Mine Safety and Health Administration and the US Bureau of Labor Statistics.

The Customer Service Unit, which functions as the Bureau's and Department's information center, assists callers, distributes brochures, maintains the video library, and intakes requests for bureau services.

DEPARTMENT OF LABOR

PURPOSE:

Public-sector employees in Maine have the right to engage in collective bargaining, as provided by four separate laws that govern labor relations in the State. State, county, municipal, school department, university, community college, judicial, and legislative employees come within the Board's jurisdiction. The State's labor relations laws share a common foundation that establishes the framework for collective bargaining in Maine. The stated purpose of each law is to improve the relationship between public employers and their employees. Employees may choose to engage in collective bargaining by selecting a bargaining agent, i.e. union, to represent a group of the employees, called a bargaining unit, who share common working conditions.

The Maine Labor Relations Board's primary mission is to enforce the rights and obligations provided in the State's four public-sector labor relations laws. To do so, the Board and its affiliated organizations perform three central functions: (1) the certification of bargaining units, typically through an election where employees vote on whether to be represented by a union, (2) the resolution of collective bargaining impasses through mediation, fact-finding, or interest arbitration, and (3) the adjudication of complaints that allege violations of the labor relations laws. The Board is responsible for resolving disputes over the composition of bargaining units, conducting and certifying elections for bargaining agents, conducting hearings for prohibited practice complaints, and, issuing decisions and orders for those complaints.

ORGANIZATION:

The Maine Labor Relations Board consists of three primary members, one representing each of the elements of public sector labor, public sector management and the general public interest, with the member representing the general public interest serving as chair. These members, and their alternates (two for each of the primary positions), are appointed by the Governor and confirmed by the Legislature, and serve for terms of four years.

PROGRAM:

The municipal sector continues to be the most diversified and most active of all sectors utilizing the services of the Maine Labor Relations Board. During FY20, Board officials conducted 9 elections and processed 9 majority sign-up petitions. Also, in FY20, the Board received 11 prohibited practice complaints. The administration and processing of these complaints involves both the Board and its staff in the details of docketing, arranging hearings before the Board members, processing prehearing conferences, scheduling post-hearing memoranda, meeting for deliberation of cases, research, and preparation involved with the decisions themselves.

PURPOSE:

The Panel of Mediators (Panel) was established to implement the public policy of the State of Maine by providing a full and adequate facility for the settlement of disputes between employers and employees or their representatives and other disputes subject to settlement through mediation. By law, mediation procedures are mandatory, whenever either party to a controversy requests such services and the Maine Labor Relations Board or its Executive Director finds that the dispute is subject to settlement through mediation and that it is in the public interest to mediate.

ORGANIZATION:

The Panel was established in 1951 and came under the administrative auspices of the Maine Labor Relations Board in 1973. The law provides that there be no less than five nor more than ten impartial mediators nominated by the Maine Labor Relations Board and appointed by the Governor for terms of three years. There are currently nine State Mediators.

PROGRAM:

In FY 20, parties filed a total of 22 requests for Panel mediation. These requests typically involved parties at the municipal or county level. Additionally, 15 mediations were held over from previous fiscal years. Throughout the year, Panel mediators worked on a total of 25 of the separate, pending contract disputes that comprised each mediation request. Of the 37 matters pending in FY 20, a total of 25 were closed during the year. Of the 25 cases closed, the Panel's mediators facilitated a resolution in 14 either through the parties reaching agreement during mediation itself, or shortly thereafter.

PURPOSE:

In 2019, the Maine Legislature created The Permanent Commission on the Status of Racial, Indigenous and Maine Tribal Populations, established by section 12004-I, subsection 74-J. The Commission is an independent entity with a mission to examine racial disparities across all systems and to specifically work at improving the status and outcomes for historically disadvantaged racial, indigenous and tribal populations in the State.

ORGANIZATION:

The Commission is comprised of fifteen volunteer members who serve for 2-year terms. There are no term limits. While not part of the criteria, the Commission is primarily led by people who identify as part of the state's racial, indigenous and tribal populations.

PROGRAM:

The Commission provides a mechanism for the State to address generational inequities that are rooted in systemic racism and colonization. The initial duties include the following: conduct research necessary to determine the status of the state's historically disadvantaged racial, indigenous and tribal populations; work to strengthen/build the state's capacity to collect and analyze data related to these populations; research and document opportunities, services, programs, investments and best practice models that will improve the status of these populations; submit legislation, as needed, to adopt policies that improve the status of these populations; advise Maine's three branches of government on issues that affect the status of these populations; create a system for ongoing communication and input from people who comprise these populations along with those who have been most impacted by systemic racism and colonization; engage the public on issues related to structural racism and colonization; and, beginning January 1, 2020, and biennially thereafter, report to the Governor and the Legislature concerning the work and interests of the Commission.

nationally recognized standards of occupational safety and health. The Board also hears appeals of Bureau of Labor Standards enforcement actions by regulated parties.

ORGANIZATION:

The Board of Occupational Safety and Health was created in 1976. It consists of ten members, nine appointed by the Governor and one being the Director of the Bureau of Labor Standards. Appointed members include management and labor representatives from the state, county, and local levels, two public members, and one member from the insurance industry. The Bureau of Labor Standards enforces the rules adopted by the board.

The expenditures of this unit are, by administrative decision, included with those of the Bureau of Labor Standards.

PURPOSE:

The purpose of the Bureau of Rehabilitation Services (BRS) is to help Maine people with disabilities find, maintain, and advance in employment and achieve full participation in the community. Working in partnership with the Maine Department of Health and Human Services, and Department of Education, as well as other rehabilitation providers, the Division of Vocational Rehabilitation administers state and federal rehabilitation services for people (including students transitioning from high school) with disabilities.

ORGANIZATION:

State administered rehabilitation services originated in 1921 with the creation of the Vocational Rehabilitation Division under the supervision of the State Board of Education. In 1969, the Legislature directed that a functional unit of rehabilitation services be created within the then Department of Health and Welfare to consolidate rehabilitation programs and to administer services under the federal Rehabilitation Act. The Bureau of Rehabilitation Services was created under this legislation. The administration of the Vocational Rehabilitation Division, the Division of Eye Care and Special Services, and the Division of Disability Determination Services were consolidated under this legislation. In 1994, the Legislature moved the Bureau of Rehabilitation Services to the Department of Education, and then in 1996, to the Department of Labor.

DEPARTMENT OF LABOR

PROGRAM:

The main program within the Bureau of Rehabilitation Services is the Division of Vocational Rehabilitation. This program provides comprehensive vocational rehabilitation services and endeavors to bring about full access to employment, independence and community integration for people with disabilities. Vocational Rehabilitation assists eligible individuals with physical or mental disabilities to prepare for and achieve an employment outcome. "Employment outcome" means entering, retaining, or advancing in full-time employment, or, if appropriate, part-time competitive employment in the integrated labor market, supported-employment, or any other type of employment in an integrated setting, including self-employment, telecommuting, or business ownership, that is consistent with an individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

PURPOSE:

The State Workforce Board was established to ensure that the State's workforce development system helps Maine people and businesses compete successfully in the global economy. The Board provides recommendations to the Governor in order to improve Maine's workforce system effectiveness.

ORGANIZATION:

The Board, which was formerly known as the Maine Jobs Council, was established in 1997 after the enactment of the federal Workforce Investment Act, which required the establishment of state workforce investment boards in each state. The Board is composed of representatives from business, labor, education, community organizations and the public, all appointed by the Governor. The Board operates under the shorter title of State Workforce Board.

PROGRAM:

In order to provide sound recommendations on Maine's workforce system, the Board meets quarterly and has established committees that conduct ongoing work. The committees cover: younger workers; disability and employment; women's employment; older workers; veterans' employment; and program policy. More information on the Board can be found on its website: www.maine.gov/swb.

PURPOSE:

The Unemployment Insurance Commission conducts appellate review of benefit eligibility determinations made by the Division of Administrative Hearings (the first appeal level).

ORGANIZATION:

The Unemployment Insurance Commission consists of three Commission members and their support staff. The three members are: a representative of labor, a representative of employers, and a representative of the general public. The general public member serves as the chairman of the Commission and, by statute, must be impartial and an attorney admitted to practice law in Maine. The Governor appoints the members (subject to review by the joint standing Labor and Housing Committee and confirmation by the Senate). Each member holds office for a term of six years, or until a successor has been duly appointed and confirmed. While the finances for the Commission are included in those of the Bureau of Unemployment Compensation, the Commission and the Bureau are separate entities.

PROGRAM:

The Commission review of unemployment decisions includes analyses of evidence, procedures, rules, statutes and case law, for each case. Where the Commission determines that further development of the record is needed in benefit cases, the Commission remands the case to the Division of Administrative Hearings for the taking of additional evidence. In limited circumstances, the Commission holds hearings to take additional evidence in benefit cases that are before it on appeal.

The Commission reviews and decides all requests for waivers of overpayment. The Commission processes requests for seasonal designation, which includes conducting public hearings. The Commission processes appeals of state income tax offsets, as well as garnishment of wages cases (including holding any necessary hearings in these cases). The Commission may adopt or rescind rules with respect to unemployment insurance (the Rules Governing the Administration of the Employment Security Law), with the advice of the Commissioner of Labor.

Reference Policy Area 01 *Umbrella* 12 *Unit* 594 *Citation* T0026 *M.R.S.A., Sect.* 000001401A

PURPOSE:

The Center for Workforce Research and Information collects, analyzes and reports on Maine's labor market to assist a wide range of users in assessing conditions and trends. The Center provides the Department and other interested parties with economic, management, and strategic analysis to support policy-making, and to inform decision-making on programs impacting Maine's labor market.

ORGANIZATION:

The Center is led by a director, who reports to the Commissioner of Labor.

PROGRAM:

Program activities involve data collection, sophisticated research techniques, and detailed analysis. Demographic and economic research activities are conducted using social science disciplines. The collected data is published and used in functional analyses and studies that support decision making. The resulting analysis is made available to interested parties. Much of the Center's information can be found online at www.maine.gov/labor/cwri.

The Center conducts analysis on a number of programs supported by the U.S. Bureau of Labor Statistics. These programs include: Current Employment Statistics, a survey of employer job counts used to develop monthly estimates of nonfarm payroll jobs by sector for the State and its metropolitan statistical areas; Local Area Unemployment Statistics, which uses surveys, unemployment claims, and payroll jobs data, to provide civilian labor force estimates and unemployment estimates each month; Quarterly Census of Employment and Wages, which uses jobs and wages reported through quarterly unemployment insurance tax filings to provide the most detailed information on jobs and wages by industry and location; and, Occupational Employment Statistics, a survey of employers on jobs and wages paid by occupation to develop estimates for more than 600 occupations across the state.

The Center also manages MaineEARNs, a longitudinal database providing information on employment outcomes for graduates of the University of Maine System and the Maine Community College System. Students, parents, educators, administrators, policy makers, and anyone interested in earning education credentials and employment in Maine are able to use this data to research, plan and make informed decisions.

In addition, the Center provides employment projections by industry and occupation, as well as median wages paid by agricultural and logging employers in support of H2A immigrant wage certifications. The Center also provides data and analysis in support of a variety of needs, including the State's Consensus Economic Forecasting Commission and a variety of other groups across Maine's 31 labor market areas. Staff are available to discuss available data and to guide users through the available analyses.

PURPOSE:

The Law and Legislative Reference Library provides comprehensive legislative reference service and a substantial collection of legal materials for use by the Legislature and its committees, all agencies of state government, the Judiciary, attorneys and citizens of Maine. As State Law Librarian, the Director coordinates records management activities within the Legislature.

ORGANIZATION:

The Library was created by action of the Legislature, with the transfer of functions formerly performed by the law section of the Maine State Library. The nonpartisan Director is appointed by the Legislative Council.

PROGRAM:

The Library provides reference, interlibrary loan and circulation services by telephone and 711 relay service, via e-mail, through the postal service and in person. The shared URSUS Internet catalog (<http://ursus.maine.edu>) gives access to the Library's collection and supports circulation functions. Public computers in the Library provide access to Maine statutes and cases, citators, legislative bill status, the Internet and a comprehensive legal research service. The Library Internet site includes historical tables and lists, legal research links, a guide to frequently-requested Maine laws and a large collection of digitized materials relating to Maine law and legislation. To support research, the library staff search a variety of print and electronic resources.

The Library collects all state statutes, selected legal treatises, and resources for non-lawyers. The Library's special resources include biographical information on legislators and members of Maine's legal community and an extensive collection of newspaper clippings on topics of legislative interest. The Library subscribes to most daily and weekly newspapers published in Maine and a selection of law reviews and other legal publications from around the country. The Library also has the most complete collection of Maine legislative materials available anywhere, including committee files that contain copies of written testimony. The Library staff prepares legislative histories on request and lends compiled histories. Many of these materials are now available electronically as well. The Library participates in state and federal depository programs, receiving documents and providing access to online government information.

The URSUS system also supports new acquisitions and serials control. The Internet catalog shows items that are on order and issues that have been received for serials such as court reports, codes, journals and updates to topical works.

PURPOSE:

"To make and establish all reasonable laws and regulations for the defense and benefit of the people of this State, not repugnant to this Constitution, nor to that of the United States." (Maine Constitution, Article IV, Part Third, Section 1.)

ORGANIZATION:

The organization of the Legislature of Maine is determined by the Constitution of Maine, by Maine Statutes, and by legislative rules. The Senate consists of 35 members, and the House of Representatives consists of 151 members. All members of both chambers are elected from single member districts. The House has three additional non-voting members who are elected by the Penobscot Indian Nation, the Passamaquoddy Tribe and the Houlton Band of Maliseet Indians, respectively, to represent their tribes at the Legislature.

The 129th Legislature is organized into 17 Joint Standing Committees by joint rule. The Joint Standing Committees established by the 129th Legislature are: Agriculture, Conservation and Forestry; Appropriations and Financial Affairs; Criminal Justice and Public Safety; Education and Cultural Affairs; Energy, Utilities and Technology; Environment and Natural Resources; Health and Human Services; Health Coverage, Insurance and Financial Services, Inland Fisheries and Wildlife; Innovation, Development, Economic Advancement and Commerce; Judiciary; Labor and Housing; Marine Resources; State and Local Government; Taxation; Transportation; and Veterans and Legal Affairs. Also, by Joint Rule, the Legislature established the Joint Select Committee on Joint Rules and the Government Oversight Committee.

PROGRAM:

The First Special Session for the 129th Legislature was convened on August 26, 2019 and adjourned on the same day. In the First Special Session, the Legislature considered 6 legislative instruments. Two bills were chaptered into law. The Second Regular Session of the 129th Legislature was convened on January 8, 2020 and adjourned sine die on March 17, 2020 prior to statutory adjournment. The early adjournment occurred in an effort to mitigate the spread of COVID-19. In the Second Regular Session, the Legislature considered 315 legislative instruments, in addition to legislation carried over from the First Special Session. One Hundred and fifty Public and Private and Special bills and thirty Resolves were chaptered into law. Three bills were vetoed by the Governor and the vetoes were sustained.

PURPOSE:

The Commission is established to assess and monitor the legal and economic impacts of trade agreements on state and local laws, working conditions and the business environment; to provide a mechanism for citizens and Legislators to voice their concerns and recommendations; and to make policy recommendations designed to protect Maine's jobs, business environment and laws from any negative impact of trade agreements.

ORGANIZATION:

The Citizen Trade Policy Commission comprises 17 voting members and five ex officio nonvoting members as follows: voting members include three Senators; three Representatives; ten members of the public (three of whom are appointed by the Speaker of the House, three by the President of the Senate, and four by the Governor); and the Attorney General or the Attorney General's designee.

Ex officio, non-voting members include the President (or designee) of the Maine International Trade Center and the commissioners of the following departments or the commissioners' designees: Department of Labor; Department of Environmental Protection; Department of Agriculture, Conservation and Forestry; and the Department of Health and Human Services.

PURPOSE:

The Office of Fiscal and Program Review collects and analyzes fiscal and program information related to the finances and operation of state government for legislators, legislative committees and commissions. As part of this role, the Office analyzes the Governor's budget and other appropriation requests, reviews all bills and amendments for their fiscal impacts to provide projections of

LEGISLATIVE DEPARTMENT

revenue and appropriations, and monitors agency financial activities.

The Office also provides staff support to the Joint Standing Committee on Appropriations and Financial Affairs, the Joint Standing Committee on Taxation, the Joint Standing Committee on Transportation (for fiscal matters only), the Joint Standing Committee on Health and Human Services (for fiscal matters only) and other legislative committees as assigned. The Director of the Office and one of the Office's Principal Analysts represent the Legislature on the Revenue Forecasting Committee, which was established in law (5 MRSA, section 1710-E) to provide policy makers with revenue projections.

ORGANIZATION:

The Office of Fiscal and Program Review is one of several nonpartisan offices operating under the direction of the Legislative Council and its Executive Director. It is led by a director who is appointed by the Legislative Council and is staffed by eight other professional staff and two administrative positions.

PURPOSE:

The Office of Policy and Legal Analysis is a nonpartisan office of the Maine Legislature that provides professional staff services to the Legislature's joint standing committees (except committees with jurisdiction over appropriations and financial affairs and taxation issues) and joint select committees.

Committee staff services include: assisting in the scheduling of committee work; conducting impartial policy and legal research and analysis and assisting the committee with its consideration of legislation; preparing and drafting committee papers (committee bills, amendments and reports); and providing assistance in review of major substantive rules and regulatory agendas, of agencies under the Government Evaluation Act (GEA), of quasi-independent state entities and of agency budgets.

Other services include: assisting legislators with information requests, including preparing general legal and policy background materials; conducting approved interim staff studies (nonpartisan research and analysis); providing professional staff services to interim legislative studies, including nonpartisan research and analysis, scheduling and report preparation; and assisting the Revisor of Statutes in drafting legislative bill requests.

ORGANIZATION:

The Office of Policy and Legal Analysis is one of several nonpartisan offices operating under the direction of the Legislative Council and its executive director. The Office has a staff of 23, including an office director who is appointed by the Legislative Council.

PURPOSE:

The Office of the Revisor of Statutes was originally created in 1928 and later established as the Office of Legislative Research in 1947. The Office reassumed its original name in 1986. The Office is nonpartisan and performs five primary functions: legislative drafting and editing; production of all legislative documents, including bills, amendments and sentiments; engrossing; publication of laws; and maintenance of the statutes and the Constitution of Maine. The Office is the point where legislative instruments, including original bills and floor amendments, are initially filed and then produced in final form for introduction. The Office reviews, edits and processes committee amendments and new drafts; it serves as clerk of the Committee on Bills in the Second Reading for both the House and Senate; and it is responsible for examining all bills in Second Reading for both the House and Senate, and for engrossing all bills prior to their enactment.

The Office publishes all laws enacted during each legislative session as the Laws of the State of Maine and assists the commercial publishers of the Maine Revised Statutes by providing materials for the supplementary pamphlets and pocket parts.

The Office may be contacted via e-mail: revisor.office@legislature.maine.gov.

PURPOSE:

The purpose of the Commission is to advise the Legislature in identifying ways to encourage increased cooperation between Maine and Canada; and, specifically, between the Maine Legislature and the legislative bodies of Canada, and to promote economic, cultural and educational exchanges between Maine and the Canadian provinces.

ORGANIZATION:

Created by statute in February, 1978, the Maine-Canadian Legislative Advisory Commission consists of eight (8) members, four (4) of whom are appointed by the Speaker of the House and four (4) of whom are appointed by the President of the Senate. At least one member appointed by the President of the Senate and one member appointed by the Speaker of the House must be fluent in the French language.

PROGRAM:

The Maine-Canadian Legislative Advisory Commission continues to encourage and support economic, cultural and educational exchanges between Maine and the Canadian provinces, including Franco-American Day activities.

PURPOSE:

The State House and Capitol Park Commission was created in 1988 (Chapter 816, P.L. 1987) to develop and recommend a plan for the preservation and development of the aesthetic and historical integrity of the State House and its immediate grounds and to work in cooperation with the Capitol Planning Commission to coordinate planning and specific projects. The Commission's jurisdiction was

LEGISLATIVE DEPARTMENT

extended in 1989 to include Capitol Park.

ORGANIZATION:

The State House and Capitol Park Commission comprises 11 voting members and five ex officio members. Voting members include the Director of the Maine Historic Preservation Commission; six members of the public (four of whom are appointed jointly by the Speaker of the House and the President of the Senate, and two by the Governor); the Governor, Speaker of the House, President of the Senate or their representatives; and the Director of the State House and Capitol Park Commission appointed by the Legislative Council. The Director of the Maine Historic Preservation Commission is the Chair of the State House and Capitol Park Commission.

Ex officio, non-voting members include the Director of the Maine State Museum; the Director of the Maine Arts Commission, the Director of the Bureau of General Services; the permanent chair of the Capitol Planning Commission; and the Executive Director of the Legislative Council.

PROGRAM:

The role of the Commission is to oversee the implementation of a master plan for repair and restoration projects in the State House and in Capitol Park.

The projects, all of which are in keeping with the master plans for the State House and Capitol Park, included regular maintenance on the Park's and State House lawns, gardens, paths and trees.

PURPOSE:

The Commission on Interstate Cooperation was established in 1939 to carry forward Maine's participation in the Council of State Governments and to advance cooperation between the State of Maine and other units of government. The Commission itself was repealed by Public Law 2001, Chapter 352, effective September 21, 2001.

PROGRAM:

This program includes Maine's annual dues to two national organizations that serve as clearinghouses for information on state programs of national and international interest and provide support to state legislatures: the Council of State Governments and the National Conference of State Legislatures. The Council of State Governments/Eastern Regional Council is a bipartisan organization serving all three branches of government and provides a regional network for identifying and sharing ideas with state leaders and monitors activities in the federal government and their impact on state issues and programs. The National Conference of State Legislatures is a bipartisan organization which serves the

PURPOSE:

The Commission on Uniform State Laws was established to examine subjects on which uniformity of legislation among the states is desirable and to bring to the State of Maine the benefit of the sustained study and research of judges, lawyers and legal scholars through the National Conference of Commissioners on Uniform State Laws.

ORGANIZATION:

The Commission is authorized and organized pursuant to 3 M.R.S.A. §241:

The Commission on Uniform State Laws, as established by Title 5, section 12004-K, subsection 8, shall consist of 3 members to be appointed for a term of 4 years by the Governor. The commission shall also consist of any residents who, because of long service in the cause of state legislation, are elected life members of the National Conference of Commissioners on Uniform State Laws. The commission shall examine subjects on which uniformity of legislation in the different states is desirable; ascertain the best means to effect uniformity; cooperate with the commissioners of other states in the consideration and drafting of uniform acts for submission to the Legislatures of the several states; and prepare bills for introduction in the Legislature.

Commissioners are not compensated for their work. They seek reimbursement for expenses as Maine's delegates to the National Conference. The National Conference seeks payment of dues from Maine.

PROGRAM:

The Maine Commission on Uniform State Laws is a participant in the National Conference of Commissioners on Uniform State Laws in its work as a Committee of the whole and on its drafting and review subcommittees. To date, Maine has enacted over 100 Uniform Acts, including, among others, the Uniform Commercial Code, Uniform Probate Code, Uniform Anatomical Gift Act as amended, Uniform Transfers to Minors Act, Uniform Guardianship and Protective Proceedings Act, Uniform Health Care Decisions Act (Advance Directives), Uniform Interstate Family Support Act and Uniform Unclaimed Property Act.

The Commission, like its counterparts in other states, works through appropriate legislative committees, the Maine State Bar Association and others having an interest in the particular uniform act.

PURPOSE:

The Legislative Council's Office of Legislative Information Technology (LIT) provides strategic planning, hardware, network, software development and PC support services to all legislative offices in the areas of information technology.

ORGANIZATION:

LIT is responsible for the operation and support of legislative computer systems, as well as for coordinating the design and development of the applications that support the legislative process and the operations of individual legislative offices. LIT is also jointly responsible for all chamber and committee room audio/video infrastructure, software, networks, servers, IT security and legislative email systems.

PROGRAM:

During fiscal year 2019-20, LIT continued to work with the Office of the Revisor of Statutes and an outside contractor on implementation of a new bill drafting and production application. The development and testing of the Legislature's new bill drafting and production application for use in future sessions of the Legislature was nearly completed and the maintenance and upgrade of the application has been assumed, for the most part, by developers in LIT. As with Legislative IT organizations around the country, LIT was tasked with assisting the Legislature with its transition from in-office work to a completely remote scheme within just a handful of days in March 2020. LIT was able to provide hardware and software to facilitate remote work, including implementation of MS Teams, to allow offices to continue to meet both internally and externally. Late in the fiscal year LIT oversaw the installation of a state-of-the-art audio/visual system in State House Room 228, turning the largest committee room into a remote meeting venue. This work coupled with the implementation of Zoom has enabled legislative committees to meet virtually and in person to conduct business with Legislators, executive branch staff and members of the business community and public as they wrestled with COVID related issues and the business of the Legislature.

The Office of Legislative Information Technology also continues to provide technology support services to the production offices, the House of Representatives, the Senate and individual members, resolving hardware, software and printing problems and providing educational assistance and instruction in the use of available technology throughout the fiscal year.

PURPOSE:

The Senate is the upper chamber of the Maine Legislature, and serves as the final confirming body of all bills passed before they are sent to the Governor. Under Article IV, Part Third, Section 9 of the Constitution of Maine, the Senate may originate all bills except those proposed for the purpose of raising revenue. It may, however, amend bills for the raising of revenue, provided that the amendment is not in fact used to introduce new raising of revenue.

The Senate is the sole judge of the qualifications of its members. It maintains sole authority to punish or censure its own members; it has the power to imprison persons who are not Senators for contempt; it determines its own rules for Senate proceedings; and it maintains a permanent journal of its proceedings.

By Constitutional Resolution, passed during the First Regular Session of the 107th Legislature and adopted by the voters in November, 1975, the Senate is empowered to confirm all gubernatorial nominations requiring Legislative approval (formerly confirmed by the Executive Council). Article IV, Part Second, Section 7, empowers the Senate to try all impeachments.

ORGANIZATION:

The Senate has remained constant in its form of organization as a Constitutional body since its establishment in 1820. As defined under Article IV, Part Second, Section 1 of the Constitution, the Senate currently consists of 35 Senators. Each Senator is elected for a term of two years, and limited to four consecutive terms. A Senator must be a citizen of Maine for at least one year, be a resident of the district for at least 3 months prior to the election and continue to reside within the district during the term of office, and be 25 years of age at the commencement of the term for which they are elected.

The Constitution requires that the Senate be reapportioned every 10 years, by the Senate itself or, if the Senate fails to do so within the required time, by the Maine Supreme Judicial Court. In 2013, the Legislature, by a vote of 2/3rds of the members in each body, apportioned the Senate and House districts.

The Senate elects a President, who presides over all its proceedings; a Secretary and Assistant Secretary, who serve as chief administrative officers. The major political parties in the Senate each elect their own leaders and assistant leaders who are permitted to hire their own staff assistants, with the approval of the presiding officer.

PROGRAM:

The First Special Session of the 129th Maine Legislature convened on Monday, August 26th and adjourned sine die the same day at 7:21 p.m.

Pursuant to Article IV, Part Third, Section 1 of the Constitution of Maine, the Second Regular Session of the 129th Maine Legislature convened on Wednesday, January 8, 2020 and met for 20 legislative days. After completing much of its business, the Senate adjourned sine die at 9:57 p.m. on Tuesday, March 17, 2020, due to the Coronavirus pandemic.

The First Confirmation Session of the 129th Maine Legislature convened on Monday, August 24, 2020 to consider gubernatorial nominations and adjourned sine die the same day at 10:41 a.m.

The First Regular Session of the 130th Maine Legislature will convene on Wednesday, December 2, 2020.

PURPOSE:

The House of Representatives has by Article IV, Part Third, Section 9 of the Maine Constitution, the sole power to originate bills for the raising of revenue and, by Article IV, Part First, Section 8 of the Maine Constitution, the sole power to impeach, although impeachments are tried in the Senate.

The House is the sole judge of the qualifications of its own members, determines its own rules for House proceedings, may alone punish its own members, keeps a journal of its proceedings, and has the power to imprison persons who are not House members for contempt.

ORGANIZATION:

The basic constitutional organization and functions of the House of Representatives have remained constant since its establishment in 1820. The House of Representatives consists of 151 members elected from single member districts for terms of 2 years. Members are limited to four consecutive terms. A Representative must be a citizen of the United States for at least five years prior to the election, have been a resident of Maine for at least one year, be a resident of the election district at the time of the nomination for placement on a primary, general or special election ballot, have been a resident of the election district for three months prior to the election and continue to be a resident of that district during the term, and be 21 years of age when seated as a member.

The Constitution of Maine requires that the House of Representatives be reapportioned by the Legislature itself, or, if this is not done within the required period of time, by the Supreme Judicial Court. The Legislature's reapportionment plan must be enacted by a vote of 2/3 of the Members of each House and such action is subject to the Governor's approval.

The House elects a Speaker who presides over the proceedings, a Clerk and Assistant Clerk. The individual political parties in the House elect their own leaders and assistant leaders. By House Rules (Rule 104) the leadership of the House is permitted to hire its own assistants.

PROGRAM:

The House convened its First Special Session of the 129th Maine Legislature on Monday, August 26, 2019 and adjourned Monday, August 26, 2019. During the First Special Session there was 1 House-sponsored Legislative Document, 0 Initiated Bills, 3 House Orders, 0 House-sponsored Joint Orders, and 0 House-sponsored Joint Resolutions considered. House members submitted 0 Floor Amendments and Committees submitted 0 Committee Amendments to the Clerk for reproduction. The House convened its Second Regular Session of the 129th Maine Legislature on Wednesday, January 8, 2020 and adjourned Tuesday, March 17, 2020. During the Second Regular Session there were 199 House-sponsored Legislative Documents, 1 Initiated Bill, 11 House Orders, 18 House-sponsored Joint Orders, and 9 House-sponsored Joint Resolutions considered. House members submitted 17 Floor Amendments and Committees submitted 196 Committee Amendments to the Clerk for reproduction.

PURPOSE:

The Legislative Council is responsible for overall administration and management of the Legislative Branch. Its general powers and duties are set out in statute (3 MRSA Section 162) and the Joint Rules adopted by the Legislature at the beginning of each biennium. They include approving of all legislative budgets and provision for financial oversight of legislative funds; establishing salary and benefit schedules for all legislative employees, except as otherwise provided by law; planning and overseeing projects designed to improve the organization, operation, and physical facilities of the Legislature; and allocating of work to legislative committees when the Legislature is not in session.

The Council also appoints the directors of the nonpartisan offices, including the Executive Director of the Legislative Council, the State Law Librarian, the Revisor of Statutes, and the Directors of the Offices of Fiscal and Program Review, Policy and Legal Analysis and Legislative Information Technology. In addition, the Council appoints the nonpartisan director of the Office of Program Evaluation and Government Accountability. The Council has the authority to adjust the salaries of the Constitutional Officers within the salary ranges specified in 3 MRSA Section 162-B.

ORGANIZATION:

The Legislative Council consists of the ten elected members of leadership: the President of the Senate, the Speaker of the House of Representatives and the majority and minority leaders and assistant leaders of the 2 political parties with the greatest number of members in each body. The Council Chair and

LEGISLATIVE DEPARTMENT

Vice-Chair are elected by the Legislative Council at the beginning of each legislative biennium and serve for the entire biennium. By tradition, the Council chair alternates every two years between the House and the Senate. Any action by the Legislative Council requires the affirmative votes of a majority of the members.

The Council is supported by an Executive Director and six nonpartisan staff offices.

PROGRAM:

The Legislative Council is responsible by law for providing professional, nonpartisan staff support services to the Legislature and its officers, members, committees and commissions. These services include bill drafting; general policy, legal and fiscal research and analysis; fiscal note preparation; committee staffing; computer support services; public information; library and reference services and support; and general administrative services.

Further responsibilities of the Council include consideration of all bills submitted after cloture (after deadline bills) during any legislative session. In addition, the Council screens all bill requests prior to their introduction in the Legislature's Second Regular Session and all Special Sessions.

PURPOSE:

The Executive Director is the executive officer of the Legislature and directs the activities and services of the nonpartisan staff offices consistent with policies established by the Legislative Council. Statutory functions of the Office include: agenda preparation and meeting management for the Legislative Council; implementing policy decisions of the Council, providing administrative support to the Legislature, including all legislative payroll and benefits administration, legislators' expense reimbursements, accounting and budgeting, and human resource management. The Executive Director has overall responsibility for improvements, renovations and maintenance of the State House, other legislative facilities and grounds, and is an ex officio member of the State House and Capitol Park Commission.

LEGISLATIVE DEPARTMENT

Within the Office of the Executive Director is the Legislative Information Office which is responsible for providing information to the public and legislators on legislation and other legislative matters, maintaining information relating to legislation considered each biennium, producing the history and final disposition of bills, scheduling committee hearings on gubernatorial nominations, and coordinating the scheduling and work of committee clerks each legislative session.

ADVISORY COUNCIL (TO MARINE RESOURCES)

BUREAU OF MARINE PATROL

BUREAU OF POLICY AND MANAGEMENT

BUREAU OF MARINE SCIENCE

PURPOSE:

The Department of Marine Resources was established to conserve and develop marine and estuarine resources of the State of Maine by conducting and sponsoring scientific research, promoting and developing the Maine commercial fishing industry, administering and enforcing marine laws and regulations, and by advising agencies of government concerned with development or activity in coastal waters.

The Department has the authority to enter into reciprocal enforcement agreements with other states, interstate regional authorities and the federal government; to cooperate, consult and advise with other appropriate state agencies on all interrelated matters involving the coast and its marine resources; to assist the industry in the promotion and marketing of its products; to close contaminated shores, waters and flats; to make regulations to assure the conservation of renewable marine resources in any coastal waters or flats of the State; and to hold hearings and to publish notices as may be required by law.

ORGANIZATION:

The Department currently consists of four bureaus, including the Bureau of Policy and Management, the Bureau of Marine Science, the Bureau of Public Health, and the Bureau of Marine Patrol. Advisory councils are established by statute for Lobster, Scallop, Sea Urchin, and Shellfish, as well as Commercial Fishing Safety and Aquaculture. In addition, seven lobster policy management councils (Zones) are established with authority to hold referenda regarding lobster fishing regulations.

PROGRAM:

The Department is responsible for managing Maine's commercial and recreational fisheries. The fishing industry is an important economic driver of Maine's coastal communities, generating approximately \$1.5 billion in economic activity annually. The Department continues to focus on conservation and management of marine resources, on seafood safety and public health, boating safety, and marine education.

In addition to management of state water fisheries, many fisheries management issues are addressed through the New England Fisheries Management Council and the Atlantic States Marine Fisheries Commission. The fisheries involved include: lobster, herring, groundfish, shrimp, striped bass, menhaden, herring, scallops, mahogany quahogs, and others. There will be continued demands on agency time to participate in development of federal and interjurisdictional fisheries management plans. The Department has specific regulatory authority to place immediate restrictions on emerging new fisheries. The Department gathers both commercial and recreational fishery landings statistics.

PURPOSE:

The Marine Resources Advisory Council, established by Title 5, section 12004-G and Title 12, section 6024, consists of 15 members and provides advice to the Commissioner on policy matters affecting the fishing industry, and outlines the problems and needs of the segments of the industry they represent.

ORGANIZATION:

The Advisory Council of the Department of Sea and Shore Fisheries was created in 1947. In the State Government reorganization legislation of 1973, the 106th Legislature established the Department of Marine Resources, along with an expanded Marine Resources Advisory Council. Additional duties and responsibilities were assigned to the agency and its Council, along with those which previously were the responsibility of the Department of Sea and Shore Fisheries and its Advisory Council. The Advisory Council is appointed by the Governor and confirmed by the Legislature. It consists of commercial harvesters and dealers, a public member, a recreational fisherman, an aquaculture member and the chairs of the Lobster, Sea Urchin and Shellfish Councils.

PROGRAM:

The Council meets quarterly to provide advice to the Commissioner on policy matters affecting the industry, to provide advice and consent over department rule-making, and to outline the problems and needs of the Maine fishing industry.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

PURPOSE:

The Bureau of Policy and Management performs the administrative functions of the Department of Marine Resources (DMR), develops policy for the management of Maine's marine resources, and advises other governmental agencies concerned with development or activity in coastal waters.

Duties include coordination of public hearings for regulation changes, and aquaculture leases following Administrative Procedures Act (APA) procedures; maintenance of statistics; and contact with central service agencies.

ORGANIZATION:

The Bureau of Policy and Management provides service to the Department in equipment and purchasing, and assists in the administration of federal and other revenue contracts and projects, department contracts for special services, and coordination of public hearings and aquaculture leases. Liaison with the New England Fisheries Management Council and the Atlantic States Marine Fisheries Commission is provided by bureau personnel. The Bureau administers the Department's financial records and provides liaison with the Legislature and various types of communications for the marine fishing industry. The Bureau includes policy staff that interact with the various councils that are advisory to the Department.

PROGRAM:

The Bureau carries out directives of the Commissioner of Marine Resources in performing his/her statutory responsibilities. The Bureau provides data needed for departmental decisions, represents the Commissioner in matters concerning the Department, and assists in preparing strategic plans, licensure and processes of the Department.

PURPOSE:

The Bureau of Marine Patrol (BMP) is the enforcement arm of the Department of Marine Resources. Marine Patrol Officers are responsible for the enforcement of all marine commercial and recreational fishing laws and rules. Maine has over 5,000 miles of coast line and over 125,000 registered boats along with 20,000 licensed harvesters. The enforcement of Maine's robust marine resources involves a great deal of at sea work dedicated to monitoring inshore and offshore fisheries to include lobstering, ground fish, scallops, urchins, etc. This effort also involves onshore fisheries such as shellfish and marine worms. Maine is unique in that it has authority over all licensed fishermen in both territorial seas and in the Exclusive Economic Zone (EEZ). In other words, BMP is required to travel well offshore in order to meet its mission. Enforcement plays a significant role in both the inspection of the 3 million lobster traps that cover our coast as well as the monitoring of our public health issues involving polluted areas for shellfish. In this area there are over 230 closed areas due to pollution not to mention seasonal areas impacted by red tide and rainfall. BMP also participates in aquaculture site inspections up and down the coast an expanding industry.

BMP also has the additional responsibility of overseeing all seafood dealers in Maine to include wholesale and retail (seafood restaurants). BMP also plays the lead role in boating safety along the Maine coast sharing that responsibility with the United States Coast Guard (USCG). BMP also performs Homeland and Port Security working closely with the Maine State Police, Maine Emergency Management Agency (MEMA) and the USCG. Marine Patrol Officers are also federally deputized with National Oceanic and Atmospheric Administration (NOAA) thru a joint enforcement agreement requiring them to have knowledge and expertise in the enforcement of federal requirements. BMP is the state agency responsible for coastal searches and recovery in support of the USCG.

Maine practices the model of voluntary compliance and promotes this by working very closely with the commercial fishing industry and the public.

ORGANIZATION:

Marine Patrol Officers were initially Fish Wardens and later became Coastal Wardens; BMP was officially established in 1869, although Fish Wardens began serving in 1843. In 1917 the appointment authority was transferred to the Commissioner of Sea and Shore Fisheries. Headquarters is located in Augusta with Division Offices in Lamoine and Boothbay. Currently BMP is made up of 48 personnel not including support staff. BMP has a large fleet of watercraft for both inshore and offshore enforcement.

PROGRAM:

BMP enforces the State's marine fisheries laws, federal regulations (under joint enforcement agreement), public health, recreational and boating safety laws and environmental laws in cooperation with the Department of Environmental Protection. In addition, assists the USCG with search and rescue operations and Homeland Security issues. BMP continues to take on added responsibilities to include an Active Maritime Security Team with State Police as well as an Active Whale Disentanglement Team. BMP works closely with its partner agencies Inland Fish and Wildlife(IF&W), USCG, National Marine Fisheries Service (NMFS/NOAA) and MEMA, in order to support response to potential threats to the citizens, environment and infrastructure of the State of Maine.

LICENSES:

Marine Patrol Officers are responsible for monitoring regulations that apply to all commercial and recreational fisheries within the coastal waters of Maine. There are over 20,000 commercial licenses and several thousand recreational

DEPARTMENT OF MARINE RESOURCES

licenses. In addition, BMP is tasked with the inspection and oversight of all wholesale and retail seafood outlets within Maine, approximately 1,800 facilities.

PUBLICATIONS:

A pamphlet containing marine resource laws is published biannually following adjournment of the First Regular Session of each Legislature.

PURPOSE:

The Bureau of Marine Science conducts scientific research, monitoring, assessment, restoration and education to conserve, restore, and manage the marine and estuarine fishery resources of the State of Maine. The Bureau encompasses three divisions: Biological Monitoring and Assessment; Sea Run Fisheries and Habitat; and Education.

The Biological Monitoring and Assessment Division conducts long-term fishery monitoring programs and research to provide information on stock status of commercially and recreationally valuable marine organisms that inhabit the State's coastal and offshore waters. The Sea Run Fisheries and Habitat Division mission is to conserve, manage, restore and enhance diadromous fish populations to their historic range within the State; to secure sustainable commercial and recreational fisheries for diadromous species; and to conduct and coordinate projects involving research, planning, management, restoration or propagation of diadromous species. The Division has monitoring and assessment responsibility for twelve diadromous species and is engaged in interstate assessments as they relate to their commercial and recreational importance. This division was created in 2007 when the Maine Atlantic Salmon Commission (Commission) was consolidated with DMR's Division of Stock Enhancement. The Education Division operates the Maine State Aquarium, the Burnt Island Lighthouse Station Resource Center and provides education programs for numerous school groups and others throughout the year. Nearly 40,000 members of the public, students and teachers learn of the Department's mission and Maine's marine resources through the Education Division's programs. Together the three divisions provide scientific information, services and assistance to the public, industry and governments.

DEPARTMENT OF MARINE RESOURCES

ORGANIZATION:

The Bureau of Marine Science was established administratively in 1946 and is the oldest continuously operating marine research laboratory in the Gulf of Maine based on McKown Point in Boothbay Harbor that includes fishery, microbiology and biotoxin laboratories; GIS mapping facilities; wet lab; and the Maine State Aquarium. The Bureau is comprised of three divisions: Biological Monitoring and Assessment, Sea Run Fisheries and Habitat, and Marine Education.

The Biomonitoring and Assessment Division operates primarily from the West Boothbay Harbor laboratory. However, division activities cover the coastal counties and waters.

The Sea Run Fisheries and Habitat Division's main office is in Augusta with a field office in Bangor and another in Jonesboro. Because of Maine's larger river systems and the nature of diadromous fishes' life cycle, staff works in all counties of the state.

The Marine Education Program operates the Maine State Aquarium, located immediately adjacent to the West Boothbay Harbor laboratory, from May through September and provides education programs for numerous school groups and others throughout the year. Educational and living history programs are conducted at the Burnt Island Lighthouse Station Resource Center. Educational materials are provided to schools throughout the year and presentations of living marine organisms are made at sportsman shows and other events throughout the year.

PROGRAM:

The Biomonitoring and Assessment Division is engaged in interstate management of commercially and recreationally important species including American lobster, Atlantic herring, striped bass, Atlantic menhaden, bluefish, horseshoe crab, northern shrimp, and winter flounder through the Atlantic States Marine Fisheries Commission. Scientific staff participates in data collection, stock assessment, and management plan development for species including groundfish, monkfish, sea scallops, ocean quahogs, and Atlantic herring that are managed by the New England and Mid-Atlantic Fishery Management Councils and National Marine Fisheries Service. Commercial landings data are collected from seafood dealers and fishermen, and provided to the National Marine Fisheries Service and Atlantic Coastal Cooperative Statistics Program. Tagging studies are conducted on selected species such as Atlantic halibut and winter flounder. Scientists participate in stock assessments and fishery management plan development through the Atlantic States Marine Fisheries Commission and New England Fishery Management Councils. Saltwater angler catches are sampled along the coast for the National Marine Fisheries Service Marine Recreational Fishery Information Program and Large Pelagics Survey. Long-term monitoring of atmospheric and oceanographic conditions in Boothbay Harbor is conducted.

Atlantic salmon focus areas are historic salmon rivers including the Aroostook, Penobscot, Kennebec, Androscoggin, Saco, Dennys, East Machias, Machias, Pleasant, Narraguagus, Cove Brook, Duck Trap, and Sheepscot. This program involves stocking salmon at various life stages, enumerating and tagging wild salmon parr, identifying and restoring salmon habitat and access to the habitat, and water quality monitoring studies.

The Kennebec and Androscoggin Rivers are the focus of the most intense shad and river herring restoration on the east coast. This program is funded by the hydropower owners on the river who settled with the State and many non-governmental organizations (NGO) at the time the Edwards Dam was removed. Beginning in 2010, the Bureau has begun a new effort on the Penobscot to restore river herring and shad. This effort is made possible by the success of the Penobscot River Restoration Program and the State of Maine's Penobscot River Multi Species Management Plan developed by DMR, IF&W, federal fisheries agencies and other NGO partners.

A major focus for diadromous fish restoration is the Federal Energy Regulatory Commission's (FERC) licensing process for hydropower dams. This provides the best opportunity for state agencies to obtain fish passage.

Habitat restoration and access to historic habitat remains has become a higher priority focus over the past 3 years. Aside from FERC re-licensing, the Bureau has also refocused on the connectivity of smaller rivers and streams. Non-hydro dams as well as road crossings continue to impact the passage of fish to historic habitat. The Bureau has organized a Stream Connectivity Working Group to

DEPARTMENT OF MARINE RESOURCES

prioritize barriers statewide and to secure funding to address passage needs.

PURPOSE:

Maine Maritime Academy is a public, co-educational college offering 22 programs of study in engineering, management, science, and transportation. Undergraduate and graduate-level majors prepare students for professional careers and as officers for the merchant marine and the uniformed services of the United States. The mission of Maine Maritime Academy is to provide a quality education focused on marine and related programs. The curriculum will empower students to take on leadership roles, encourage rigorous self-discipline, promote curiosity, and provide graduates with the skills, ethics, and knowledge needed to succeed in the global economy.

ORGANIZATION:

The administrative organization of Maine Maritime Academy is structured to fulfill the mission set forth in its charter. This is accomplished through the following four divisions: Academic Affairs; Advancement; Enrollment Management; and Financial and Institutional Services. Under the policy guidance furnished by the Board of Trustees, the President of the Academy is the principal executive, being assisted by four division heads, each of whom oversees the respective operating departments. The operation of the Academy is subject to review by the federal government through the Maritime Administration, under regulations prescribed in 46 CFR, 310A. Fiscally, the Academy is supported by state appropriations, student fees and a subsidy from the Maritime Administration. The training ship 'State of Maine' is made available to the Academy by the Maritime Administration, which funds major repairs. The Academy pays the cost of operating the ship on training cruises and while in port in Castine from its operating budget.

The Academy, through its Board of Trustees, is empowered to provide facilities and support services; to hire instructors and other employees; to determine compensation and dispose of property; arrange for actual experience for its students; to borrow money not in excess of \$10,000,000 in aggregate at any time outstanding for the construction of any buildings, improvement, or equipment; and to mortgage its property and pledge its revenues.

PROGRAM:

Academy student enrollment numbers approximately 950 students. Students from the State of Maine typically represent about two-thirds of this total. Approximately 90 percent of graduates are employed in a wide range of marine, engineering, business, transportation and other professions within three months of graduation.

MMA students benefit from hands-on education, international sea-time aboard the Training Ship State of Maine or the schooner Bowdoin, cadet shipping aboard commercial vessels, and cooperative education assignments. Students become world-class mariners and engineers, supply chain managers, logistics professionals, and scientists in Maine and beyond.

The schooner Bowdoin, the Official Vessel of the State of Maine, provides a traditional sail training experience and serves as an enduring symbol of Maine's seafaring heritage. Alumni of Maine Maritime Academy work all over the world. Their success has resulted in a worldwide reputation for excellence and reliability in maritime, business, and scientific fields. The college's history dates back to 1941 when the Academy was founded by an act of the 90th Maine Legislature on March 21 of that year.

PURPOSE:

The Department of Professional and Financial Regulation serves and protects the public through a broad range of responsibilities and activities, such as examining and overseeing state-chartered financial institutions; regulating bank holding companies; regulating insurance companies, agencies and producers; regulating grantors of consumer credit; administering and enforcing the Maine Uniform Securities Act; and by licensing and regulating numerous professions and occupations.

The Department protects Maine consumers through its licensing, examining and auditing activities. It conducts programs aimed at increasing voluntary compliance with State laws, investigates possible violations of law and undertakes enforcement actions. The Department responds to consumer complaints and requests for information and conducts educational and outreach programs to make consumers aware of their rights under Maine laws.

ORGANIZATION:

The Department of Business Regulation was created in October 1973 as part of State government reorganization designed to consolidate related agencies along functional lines and strengthen executive direction. Some of the agencies originally placed under the jurisdiction of the Department were the Bureau of Banking, the Bureau of Insurance, and the Real Estate Commission.

The Special Session of the 106th Legislature established the Bureau of Consumer Protection (eventually renamed the Bureau of Consumer Credit Protection) to enforce the Maine Consumer Credit Code, which became effective January 1, 1975. In 1987 the name of the Department was changed to Professional and Financial Regulation.

The special session of the 107th Legislature established a central licensing division, now called the Office of Professional and Occupational Regulation (OPOR). Since that time, several new state licensing programs have been created and placed within OPOR. Licensing programs have also been transferred to OPOR from other departments, and existing independent agencies have been moved into OPOR. Today, the Office oversees 29 professional and occupational licensing boards and directly administers 8 licensing programs without boards.

Today, the Department consists of a centralized Administrative Services Division, which includes the Commissioner's Office, and 5 agencies: the Bureau of Financial Institutions (formerly the Bureau of Banking), the Bureau of Insurance, the Bureau of Consumer Credit Protection (formerly the Office of Consumer Credit Regulation), the Maine Office of Securities, and the Office of Professional and Occupational Regulation (OPOR).

In addition to programs directly administered by OPOR, 6 professional licensing boards are affiliated with the Department: the Board of Licensure in Medicine, the Maine State Board of Nursing, the Board of Dental Practice, the State Board of Licensure for Professional Engineers, the Maine State Board of Optometry and the Board of Osteopathic Licensure.

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

PROGRAM:

The Commissioner is the administrative head of the Department. In this capacity, the Commissioner provides centralized budgeting coordination, initiates and monitors all policy implementation and strategic planning, and directs the day-to-day management of the Department. The Commissioner develops the Department's legislative program and coordinates it within the Department and with the Administration.

The Commissioner is responsible for reviewing the policy and operation of agencies within the Department to ensure that each complies with its statutory and public service responsibilities. The Commissioner may not interfere with the exercise of discretionary regulatory or licensing authority vested by statute directly in the bureaus, offices, boards and commissions of the Department. In the case of affiliated boards, the Commissioner acts as a liaison with the Governor and with other units of state government. Affiliated boards submit their budgets through the Department.

PURPOSE:

The Bureau of Consumer Credit Protection was established to protect the citizens of Maine from unfair and deceptive practices with respect to consumer loans, credit sales and debt collection. A primary responsibility of the agency is to protect Maine consumers through implementation of the Maine Consumer Credit Code.

The Code requires the agency to promote the development of equitable consumer credit practices, encourage competition among credit grantors, and ensure that the regulation of consumer credit transactions in Maine conforms to the policies of the federal Truth-in-Lending Act.

In addition, the agency is responsible for the administration of consumer-related state laws regulating check cashers, collection agencies, consumer finance

companies, credit, loan and mortgage servicers, credit reporting agencies, debt management and debt settlement companies, employee leasing companies, foreclosure purchasers, foreign currency exchangers, insurance premium finance companies, I.R.S. Code Section 1031 exchange facilitators, litigation funding companies, loan brokers, money order issuers, mortgage companies, mortgage loan originators, non-bank ATM operators, pawnbrokers, payday lenders, payroll processors, "plain language" consumer loan contract certification, real estate transaction settlement agents, refund anticipation loan facilitators, rent-to-own companies, repossession companies, residential real estate property preservation companies, retail creditors, returned check diversion program providers and "guaranteed asset protection" (GAP) debt cancellation contract administrators.

The agency is also responsible for facilitating the state's foreclosure intake, counseling and referral program, receiving information from mortgage lenders and servicers relating to homeowners in default on their loans and providing those consumers with information detailing the availability of counseling, mediation and legal defense resources. The agency administers and staffs a toll-free mortgage foreclosure prevention hotline (1-888-NO-4CLOZ), providing financial counseling and referral services to homeowners, and also serves as the state's "Student Loan Ombudsman", assisting student loan borrowers resolve disputes with servicers.

ORGANIZATION:

The Maine Consumer Credit Code, enacted by the 106th Legislature, took effect on January 1, 1975 and established an independent Bureau of Consumer Protection within the Department of Business Regulation. All personnel of the Division of Personal and Consumer Finance of the Bureau of Banking were absorbed by the Bureau of Consumer Protection. The 110th Legislature changed the name of the agency to the Bureau of Consumer Credit Protection. Public Law 390 (1995) again changed the name of the agency, to the Office of Consumer Credit Regulation, effective January 1, 1996. This legislation also shifted responsibility for ensuring Consumer Credit Code compliance by banks and credit unions to the Bureau of Financial Institutions. The 123rd Legislature re-designated the agency as the Bureau of Consumer Credit Protection, effective September 20, 2007.

PROGRAM:

During fiscal year 2020, the agency's Complaint Division responded to 699 complaints (376 formal written complaints and 323 foreclosure complaints), and ordered \$57,602 to be credited or refunded to consumers.

The Bureau's Compliance Examination Division examined 225 companies, including 72 payroll processors, 2 money transmitters, 57 automobile dealers, 12 sales finance companies, 5 pawnbrokers, 2 debt collectors, 3 repossession companies, 3 payday lenders, 16 debt management service providers, 2 insurance premium finance companies, 1 litigation funding provider, 7 property preservation providers, 15 rent to own dealers, 1 credit reporting agency, 2 supervised lenders and 25 general creditors. After reviewing 11,943 transactions, the Bureau cited creditors for 88 violations of the Consumer Credit Code, 3 Fair Credit Reporting Act violations, 17 Truth-in-Lending violations, 10 Graham-Leach-Bliley Act violations, 4 Fair Debt Collection Act violations, and 9 Regulation M (Lease Disclosure) violations. The exam division ordered \$39,794 in refunds or credits to Maine consumers.

During FY20 the Bureau's foreclosure prevention and outreach staff mailed informational letters to 18,763 homeowners in default on their home loans, and completed 258 referrals to housing counselors under contract with the Bureau.

Numbers of licensees for FY20: 1,354 Supervised Lenders including both mortgage and non-mortgage lending companies (392 main offices, 962 branches); 987 Other Creditors*; 301 Sales Finance Companies (171 main offices, 130 branches); 6 Insurance Premium Finance Companies; 1,069 Debt Collectors (633 main offices, 436 branches); 170 Loan Brokers, including both mortgage and non-mortgage (130 main offices, 40 branches); 6,584 Mortgage Loan Originators; 44 Credit Reporting Agencies; 135 Money Transmitters; 1,711 non-bank ATM terminals; 37 Debt Management Service Providers; 160 Employee Leasing Companies; 9 Check Cashers; 12 Payday Lenders; 82 Refund Anticipation Loan Providers (8 main offices, 74 branches); 70 Residential Real Estate Property Preservation Companies; 17 Exchange Facilitators; 40 Repossession Companies; 6 Litigation Funding Providers; 245 Real Estate Settlement Agencies (198 main offices, 47 branches); 374 Payroll Processors; 45 Guaranteed Asset Protection (GAP) administrators; and 35 Student Loan Servicers (22 main offices, 13 branches). In total, the Bureau oversaw

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

PURPOSE:

The purpose of the Board is to protect the public health and welfare by seeking to ensure that the public is served by competent and honest practitioners. This is done by establishing minimum standards of proficiency, and by examining, licensing, regulating and disciplining those who practice in the profession. The primary responsibilities of the Board are to license qualified applicants; promulgate rules; investigate complaints and cases of possible noncompliance with laws; and impose discipline when deemed appropriate. The Board issues licenses in the following categories: dentists, dental hygienists, denturists, expanded function dental assistants and dental radiographers. The Board also issues practice authorities to qualified dental hygienists in the following categories: dental therapy, independent practice dental hygiene, public health dental hygiene, use of nitrous oxide analgesia and the administration of local anesthesia. The Board also issues permits to qualified dentists to use moderate sedation, deep sedation and general anesthesia.

ORGANIZATION:

The Board of Dental Practice was originally established in 1891, and its current composition includes nine members as follows: five dentists, two dental hygienists, one denturist and one public member. The Board also has a Dental Hygienist Subcommittee and a Denturist Subcommittee comprised of denturists, dental hygienists and dentists who make recommendations to the full Board on regulatory matters. All members are appointed by the Governor and meetings are scheduled on a monthly basis.

At its annual meeting, the Board elects from its membership a chair and vice chair. Similarly, the two subcommittees each elect a chair and a secretary at their annual meetings. The National Board Dental Examinations and the American Board of Dental Examiners, Inc. serve as the examinations for licensure.

PROGRAM:

During fiscal year 2020, the Board of Dental Practice met at least monthly to review full agenda items, including proposed rulemaking, complaint cases, and adjudicatory hearings. The Subcommittee on Denturists met three times during fiscal year 2020, to conduct initial reviews of applications and complaint presentations. The Subcommittee on Dental Hygienists met eight times during fiscal year 2020, to conduct initial reviews of applications and complaint presentations. Both Subcommittees report their recommendations to the full Board.

The Board issued licenses in the following categories: 63 dentist licenses, resulting in the total number of dentist licenses to 904 for the fiscal year. The Board issued 3 faculty dentist licenses, resulting in the total number of faculty licenses to 6 for the fiscal year. The Board issued 1 resident dentist license, resulting in the total number of resident dentist licenses to 1 for the fiscal year. The Board did not issue any limited dentist licenses for the fiscal year and there are no licenses currently issued in that category. The Board issued 1 temporary dentist license, resulting in the total number of temporary dentist licenses to 10 for the fiscal year. The Board issued 35 hygiene licenses, resulting in the total number of dental hygiene licenses to 1,445 for the fiscal year. The Board did not issue any denturist licenses, leaving a total of 44 denturist licenses for the fiscal year. The Board issued 84 dental radiography licenses, resulting in the total number of dental radiography licenses to 1,564 for the fiscal year. The Board issued 1 expanded function dental assistant license, resulting in the total number of expanded function dental assistant licenses to 111 for the fiscal year. The Board issued the following practice authorities for the fiscal year to qualified dental hygienists as follows: 21 independent practice dental hygiene, leaving a total of 136 authorities; 21 public health status, leaving a total of 19 authorities; 7 nitrous oxide analgesia, leaving a total of 309 authorities; and 32 local anesthesia, leaving a total of 710 authorities. The Board issued 8 permits to dentists to administer moderate sedation and/or deep sedation and general anesthesia, leaving a total number of 111 permits for the fiscal year. The Board also issued 1 registration and processed 9 14-Day Notifications under the sedation chapter.

PURPOSE:

The State Board of Licensure for Professional Engineers was established in 1935 to protect the public through the regulation of the practice of engineering in Maine by establishing and maintaining professional standards. The Board is authorized to examine, certify, and license applicants who qualify as Professional Engineers or Engineer-Interns in Maine; to renew licenses upon receipt of specified fees; to maintain a roster of all licensed professional engineers; to make rules not inconsistent with state laws relating to professional engineers; and to investigate complaints of alleged violations of such laws and rules, conduct hearings, subpoena witnesses and institute disciplinary action as warranted.

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

ORGANIZATION:

The Board is composed of seven members. The Governor appoints five Professional Engineers and one public member for five-year terms. The seventh member of the Board is the Chief Engineer of the Department of Transportation, who serves ex-officio. The Board members elect a chair and a vice-chair from their membership each year.

The Board maintains membership in the National Council of Examiners for Engineering and Surveying (NCEES). Board members participate in NCEES activities and serve on national committees with other member boards from all fifty states, the District of Columbia, and four U.S. territories. This facilitates reciprocal licensure processes and helps assure minimum standards of competence to practice. Board members also maintain membership in state and national engineering societies. These efforts keep the Board informed of trends and activities in the engineering profession.

PROGRAM:

As of June 30, 2020, there were 6,414 professional engineers licensed in Maine. Of this total, 1,928 (slightly more than 30%) have a Maine address.

During FY 2020, 434 candidates were licensed as professional engineers: 47 qualified for original licensure through examination, and 387 qualified for licensure by comity with other jurisdictions. The 318 comity applicants who submitted an NCEES Record with their application received an expedited approval process because their credentials are reviewed and verified in advance by NCEES.

Professional qualifying examinations are administered under an agreement between the Board and the National Council of Examiners for Engineering and Surveying (NCEES).

The Principles and Practices Exam (PE) and the Structural Exam (SE) are qualifying exams for professional engineering licensure. The Fundamentals of Engineering Exam (FE) is the qualifying exam for engineer-intern certification.

PE and SE paper examinations given at Orono, ME in October 2019 had the following results:

PE exam candidates: 60	PE passed: 40
SE exam candidates: 0	SE passed: 0*

*The SE exam is comprised of two components that may be taken in separate exam cycles up to five years apart. A passing score is reflected only after a candidate has received an acceptable score on both components of the exam.

PE and SE examinations scheduled to be given at Orono, ME in April 2020 were canceled due to the COVID-19 pandemic.

PE Exam computer-based testing (CBT) results are as follows:

PE exam CBT candidates: 5	PE exam CBT candidates who passed: 5
---------------------------	--------------------------------------

The FE exam is administered year-round through computer-based testing (CBT) at Pearson Vue testing centers. Applicants apply for Engineer-Intern Certification after passing the FE exam and graduating from an approved degree program. FE results shown are for examinations administered from July 1, 2019 through June 30, 2020. CBT exams were not administered for several weeks due to restrictions related to the COVID-19 pandemic.

FE exam candidates: 167	FE candidates who passed the exam: 98
-------------------------	---------------------------------------

Board meetings were held on these dates during fiscal year 2020: August 9, 2019; September 19, 2019; November 21, 2019; January 16, 2020; June 18, 2020 (virtual); and July 30, 2020 (virtual). The meeting planned for March 19, 2020 was cancelled due to the COVID-19 pandemic.

PURPOSE:

The Bureau of Financial Institutions was established to supervise all financial institutions chartered by the State to maintain and promote: safe and sound financial practices; strength, stability and efficiency of financial institutions; security of deposit and share funds; reasonable and orderly competition; and development and expansion of financial services advantageous to the public welfare.

The Bureau has been given the authority and responsibility to: promulgate rules and regulations to govern the activities, operations and procedures of financial institutions; conduct an on-site examination of each financial institution supervised by the Bureau at least every 36 months; require reports and information necessary for proper supervision; summon persons and subpoena witnesses in connection with Bureau matters; order any state-chartered financial institution to cease violating any law or regulation or cease engaging in any unsafe and unsound financial practice; and approve or deny applications for new charters and applications by existing financial institutions to merge, acquire, consolidate, close offices or convert to another charter. In 1996, the Bureau assumed the responsibility for enforcing Title 9-A M.R.S., the Maine Consumer Credit Code, with respect to financial institutions. In 2004, the Bureau assumed the responsibility for licensing and examining payroll processors that are financial institutions or subsidiaries of financial institutions.

ORGANIZATION:

The Bureau of Financial Institutions is an agency within the Department of Professional and Financial Regulation and divided into two functional groups with the responsibility for coordination and development of each area delegated to a senior manager. The Deputy Superintendent, Examinations, supervises the Bureau's field examination staff, coordinates and monitors examinations and provides close supervision of problem institutions. The Deputy Superintendent, Research, Administration & Legal Affairs, is responsible for the development of the Bureau's database, bank monitoring systems, legislative and rulemaking activities, financial analyses, applications processing, consumer complaint

resolutions, consumer outreach activities, and management of the office staff.

PROGRAM:

The Examination Division is responsible for examining in the areas of safety and soundness, information technology, bank holding companies, trust services, Bank Secrecy Act, and compliance. During fiscal year 2020, 14 safety and soundness examinations and 55 specialized examinations (i.e., trust, compliance, information technology, Bank Secrecy Act, payroll processing, and visitations) were completed. The above includes 3 safety and soundness examinations conducted jointly with federal regulators. A computer-based system also monitors bank performance between on-site visits.

In fiscal year 2020, the Bureau received and processed (a) 10 notifications from Maine financial institutions to establish, close, or relocate a branch location within the State of Maine, (b) 7 notifications from Maine financial institutions to establish, close, or relocate an interstate branch, (c) 2 notifications from Maine financial institutions for the investment in a closely related activity, (d) 2 applications from Maine financial institutions to merge with another Maine financial institution, (e) 1 application for a change in control of a Maine financial institution, (f) 1 application for a branch acquisition by a Maine financial institution, and g) 1 requests from Maine credit union for field of membership expansion.

The Consumer Outreach Program provides a source of information for users of financial services in Maine. Through this program, the Bureau mediates disputes and interacts with the regulated community. In fiscal year 2020, the Bureau responded to 404 consumer complaints and inquiries and assisted Maine consumers in obtaining restitution and other projected savings. The Bureau maintains a Consumer Information Web site resource where consumers can learn about identity theft, computer scams, foreclosure assistance tools, and a variety of other topics related to financial products and services.

PURPOSE:

To regulate all insurance entities and persons authorized to transact the business of insurance in Maine for the purpose of protecting the public interest. To accomplish this purpose the Bureau is empowered to license insurance companies, non-profit hospital, medical or other health service organizations, health maintenance organizations, medical utilization review entities, third-party administrators, advisory organizations, captive insurance companies, multiple employer welfare arrangements, pharmacy benefit managers, and reinsurance intermediaries/managers. The Bureau registers preferred provider organizations, risk purchasing groups, risk retention groups, managing general agents, pharmacy benefits managers and service contract providers.

The Bureau examines domestic insurers not less than once every five years. The examinations assess the insurer's internal control environment, the insurer's prospective risks, and, to a certain extent, the insurer's financial condition. In addition, the Bureau has certain limited responsibilities for the examination of foreign insurers authorized to do business in the state. The Bureau also reviews the annual statutory financial statements of insurance companies, and licenses qualified applicants as insurance producers, consultants, and adjusters.

The Bureau is responsible for the administration of the rate-regulatory law of the State of Maine, and all policy forms, contracts, and illustrations. For those lines, where it is required, the Bureau reviews the advertising/marketing materials business proposed to be used in Maine. Pursuant to 39-A M.R.S.A. the Bureau is responsible for authorizing and reviewing workers' compensation self-insurers, including entities, groups, and certain reinsurance accounts. The Bureau provides assistance to consumers regarding certain insurance related matters. The Bureau may seek suspension or revocation of licenses, or impose financial penalties in instances where insurance companies, producers, consultants or adjusters have failed to comply with the lawful regulations of the Bureau or the statutory provisions of 24 M.R.S.A. or of 24-A M.R.S.A. Such enforcement action may result from a complaint or other investigation or a market conduct examination undertaken by the Bureau.

ORGANIZATION:

In 1868, a State Bank and Insurance Examiner was appointed and charged with making annual examinations of banks and insurance companies. Two years later, in 1870, the Office of the Insurance Commissioner was created, with the provision that this person could not, at the same time, serve as the Examiner of Banks. The Office of the Insurance Commissioner became the Insurance Department in 1959. Under the plan for State Government reorganization, the Insurance Department became the Bureau of Insurance and was placed within the Department of Professional and Financial Regulation, effective October 3, 1973.

PROGRAM:

The programs of the Bureau are implemented through various work units. The Property and Casualty ("P&C") Unit provides consumer assistance, analyzes and regulates policy forms and rates for P&C insurance. The P&C Unit also resolves complaints involving workers' compensation rating, and reviews all workers' compensation filings. The unit conducts consumer outreach throughout the year, including the production of informational brochures. The Administrative Unit is responsible for the organization and maintenance of administrative and legislative files. The Licensing Unit processes licenses for producers, adjusters, consultants and agencies. The Examination Unit examines domestic insurance companies. The Alternative Risk Unit reviews and evaluates applications for self-insurers of workers' compensation, captive insurance companies, multiple employer welfare arrangements, continuing care retirement communities, health alliances, and reinsurance arrangements. The Financial Analysis Unit issues

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

licenses to domestic insurers transacting business in Maine and monitors the solvency of insurers transacting business in Maine. Insurance companies seeking licensure submit financial and operational information to the Financial Analysis Unit for review. The level of ongoing financial review and analysis is determined by the entity's status as a domestic or foreign insurance company. The Financial Analysis Unit also reviews the following applicants: HMOs, surplus lines companies, risk retention groups, risk purchasing groups, managing general agents, reinsurance intermediaries, accredited reinsurers, fraternal benefit societies, third party administrators, professional employee organizations and service contract providers. The Financial Analysis Unit also performs market analysis. The market analysis function involves reviewing complaint data and financial results to determine companies that need market reviews. The Market Conduct Unit is responsible for ongoing surveillance of the Maine insurance marketplace to identify companies that may be operating in a manner that is not consistent with Maine laws, rules and regulations. Once identified, action is taken to bring the company into compliance. The Consumer Health Care Division reviews all life and health policy forms and processes license applications for medical utilization review entities and preferred provider organizations. The Consumer Health Care Division also reviews managed care networks, provides information to consumers regarding health care plans, assists enrollees in understanding their rights under health care plans, and assists consumers with complaints. The Consumer Health Care Division conducts consumer outreach throughout the year, attends various outreach events, and produces informational brochures. The Life and Health Actuarial Unit reviews rates for health, long term care, and Medicare supplement. The Life and Health Actuarial Unit also evaluates mandated benefits, maintains related databases, and is responsible for the data analysis of the individual and small group markets.

program administrators, investigators, inspectors, and support staff, organized into administrative work units. Reporting to the Director are the Executive Director of the Manufactured Housing Board, Director of the Real Estate Commission, an attorney, and four regulatory program administrators. OPOR staff members are responsible for ensuring that licensing programs meet statutory mandates.

PROGRAM:

Licensing: The Office of Professional and Occupational Regulation is an umbrella state agency that administers 37 licensing programs.

Complaints: During FY19 (July 1, 2018 - June 30, 2019), 1,358 complaints were active, 960 new complaints were opened, and 897 were closed.

Internet Address: <https://www.maine.gov/pfr/professionallicensing>.

LICENSES:

During FY19, the Office of Professional and Occupational Regulation maintained records of more than 112,289 active and inactive licenses for professions ranging from Accountancy to Veterinary Medicine.

PUBLICATIONS:

The Office of Professional and Occupational Regulation maintains a comprehensive website that offers on-line initial license and license renewal for most professions, as well as information on license and continuing education requirements and disciplinary actions taken by regulatory programs. In addition, the agency uses the state GovDelivery subscription service to update licensees and the public about new information and important developments in each program. Starting in March 2020, the OPOR website includes resources for licensees regarding state and federal guidance on COVID-19 including a link to the Governor's website on Executive Orders related to COVID-19.

PURPOSE:

The Board of Licensure in Medicine was established in 1895, and was named at that time the Board of Registration of Physicians and Surgeons. The Board's mission is to protect the public. It accomplishes this by: ensuring that applicants for licensure are ethical and competent to practice medicine or render medical services; investigating and, when appropriate, disciplining licensees; and educating licensees through rule-making, letters of guidance, and by providing educational outreach such as links to relevant medical practice issues on its website.

ORGANIZATION:

When established in 1895, the Board consisted of six physicians appointed by the Governor, with the consent of the Council. The physicians served for terms of 6 years. Since that time, the Legislature has changed the name and composition of the Board. At present, the Board is comprised of eleven members: six physicians; three public members; and two physician assistants. All members are appointed by the Governor for terms of 6 years unless they are completing the term of a former member.

Although the law only requires the Board to meet quarterly, the Board convenes regular monthly meetings, and typically meets twelve times per year. In July of odd-numbered years the Board elects a chair and a secretary, each of which have specific duties. Board meetings are open to the public and meeting dates and times are published at the beginning of each calendar year in Maine newspapers, on its website, and in the "Weekly Legislative Calendar." Any person may receive a public agenda in advance of any meeting by visiting the Board's Internet Address (<https://www.maine.gov/md>) or by telephone request to the Board office.

The Board is affiliated with the Department of Professional and Financial Regulation, but retains operational management and decision-making autonomy. Physician appointees to the Board must be graduates of legally chartered colleges or universities which confer degrees in medicine and must have actively engaged in the licensed practice of medicine in Maine for at least 5 years preceding appointment. Public representative appointees or their immediate household member(s) may not earn income from activities related to the practice of medicine. The physician assistant appointees must be licensed by the Board and actively engaged in rendering medical services in Maine for at least 5 years preceding appointment to the Board.

Organizations in which the Board participates include the Eastern Region Medical Boards, the Federation of State Medical Boards, the Interstate Medical Licensure Compact Commission, the International Association of Medical Regulatory Authorities, and Administrators in Medicine.

PROGRAM:

LICENSURE: The Board utilizes the Federation Credentials Verification Service ("FCVS") of the Federation of State Medical Boards, as well as employment history to evaluate the qualifications of applicants for licensure. In addition, the Board is a member of the Interstate Medical Licensure Compact and issued letters of qualification and expedited licenses to qualified applicants.

COMPLAINTS, INVESTIGATIONS, AND DISCIPLINE: The Board receives complaints from the public, including patients or relatives of patients. In addition, the Board initiates complaints and investigations based upon information received from a variety of sources, including but not limited to healthcare providers, healthcare entities, law enforcement, the Department of Health and Human Services, other licensing boards, and the Federation of State Medical Boards Disciplinary Alert system. The Board imposes discipline by either entering into a Consent Agreement

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

with the licensee and the Office of Attorney General or by issuing a Decision and Order following a hearing in conformance with the Maine Administrative Procedure Act. All disciplinary actions are reported to the National Practitioner Data Bank and the Federation of State Medical Boards. In calendar year 2019, the Board issued twenty-three (23) disciplinary actions. License and discipline information is available at no cost at the Board office, by telephone, and at the Board's Internet Address: <https://www.maine.gov/md>.

PURPOSE:

The State Board of Nursing was established to protect the public through regulation of nursing practice in the State of Maine so as to maintain high professional standards. The primary responsibilities of the Board, by law, are to license, by examination or endorsement, all applicants qualified to practice as registered nurses, licensed practical nurses or as advanced practice registered nurses; to renew the licenses of all qualified registered nurses, practical nurses and advanced practice registered nurses; to investigate complaints of unsafe nursing practice or any violation of laws relating to nursing; and

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

determine, in collaboration with the Attorney General, if the case should be presented for a formal hearing; to adopt rules and regulations governing licensure of nurses and other matters within its jurisdiction; to approve programs of training that prepare certified nursing assistants to perform selected nursing services when such services are delegated by a registered nurse.

Additional responsibilities of the Board are to prescribe curricula and establish standards for educational programs preparing persons for licensure as registered nurses or as licensed practical nurses; to approve nursing educational programs in the State and meet the requirements of law and the standards established by the Board; to survey all such nursing educational programs as deemed necessary to determine that the requirements of the law and Board standards are being maintained; to deny or withdraw approval from such nursing educational programs for failure to meet requirements; and to approve the credentials of registered nurses who have completed an educational program that prepares the registered nurse to function as an advanced practice registered nurse. An advanced practice registered nurse includes the following: certified nurse practitioner, certified nurse-midwife, certified registered nurse anesthetist and certified clinical nurse specialist.

ORGANIZATION:

The State Board of Nursing was originally created as the Board of Examination and Registration of Nurses in 1915 and received its present name in 1959. From 1947 until 1961, the Board's office was located in Lewiston. In 1961, the office was moved to Portland, and in 1973, it was relocated to Augusta.

In 1991, the Board of Nursing was affiliated with the Department of Professional and Financial Regulation. In 1995, an advanced practice registered nurse member was added to the Board of Nursing, which changed the composition of the Board as follows: six registered professional nurses, one licensed practical nurse, and two representatives of the public. All members are appointed by the Governor for terms of four years. The Board annually elects from its membership a chairperson and a secretary. Also, the Board appoints and employs an executive director, assistant executive director, and other qualified persons, not members of the Board.

PROGRAM:

During fiscal year 2020, the Board met in 4 regular sessions for a total of 8 days; the Board met in 7 special sessions for a total of 7 days; the Board met in 6 adjudicatory hearing sessions. In addition, Board members participated in committee meetings; served on committees of the National Council of State Boards of Nursing; and represented the Board at conferences or meetings with individuals or groups on matters pertinent to Board business. A major responsibility of the Board of Nursing is the licensure of practitioners of nursing. The law provides that licensure as a registered nurse or as a licensed practical nurse in this State may be obtained by examination or endorsement of a license legally issued by the licensing authority of another state or country. On January 20, 2018, Maine implemented the Enhanced Nurse Licensure Compact (eNLC) which allows registered professional nurses and licensed practical (or vocational) nurses eligible for a multistate license to practice physically, electronically and/or telephonically across a state border to patients located in other states that are members of the eNLC.

A second major responsibility of the Board of Nursing is approval of all pre-licensure nursing programs that prepare persons for licensure in Maine, either as registered professional nurses or as licensed practical nurses. Maine has 15 Board-approved nursing programs to prepare registered nurses. The names of these programs are as follows: Baccalaureate Degree Nursing Programs: University of Southern Maine; St. Joseph's College; Husson University; University of Maine; University of Maine at Fort Kent; University of Maine Augusta; University of New England; and Purdue University Global. Associate Degree Nursing Programs: Maine College of Health Professions; Kennebec Valley Community College; Northern Maine Community College; Central Maine Community College; Eastern Maine Community College; Beal College and Southern Maine Community College. In addition, the University of Southern Maine has a generic Masters in Nursing Program for Non-Nurses. There are 2 Board approved nursing programs to prepare licensed practical nurses: Maine College of Health Professions and Northern Maine Community College.

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

A third major responsibility of the Board of Nursing is to impose sanctions on licensees who violate the law through the exercise of its legal, investigative and disciplinary program. During fiscal year 2020, the Board had 477 active cases: 247 provider reports, 86 individual complaints, 119 agency-initiated complaints (86 notices of unlicensed practice). The Board took the following actions in fiscal year 2020: revocation of license (1); revocation of privilege to practice (5); suspended license (8); accepted voluntary surrender of license (7); placed license on probation (33); warned, censured, reprimanded or fined (54); terminated probation (8); took no action/dismitted complaint (156); fined for unlicensed practice (31); letters of concern issued (164).

DEPARTMENT OF PROFESSIONAL AND FINANCIAL REGULATION

PURPOSE:

The Maine State Board of Optometry was established to protect the people of Maine through regulation to maintain high professional standards in the practice of optometry. The primary responsibilities of the Board are to examine and license qualified applicants to practice the profession of optometry; to renew all licenses annually upon payment of a specified fee and presentation of evidence that the applicant has attended an educational program approved by the Board; and to revoke, refuse or suspend any license for violation of the laws relating to optometry.

The Board investigates all complaints and cases of non-compliance with optometry law and rules, and makes recommendations for disposition. It also enforces standards established by law and makes such other reasonable rules, consistent with the law, as the Board deems necessary.

ORGANIZATION:

The State Board of Optometry was established in 1909 as the State Board of Registration and Examination in Optometry and received its present name in October 1973. The Board consists of six members appointed by the Governor for terms of 5 years. Five of the members must be resident optometrists engaged in active practice for a period of at least 5 years prior to their appointment. The sixth member must be a consumer member having no pecuniary interest in optometry or optical products. Annually, the Board elects a president, secretary-treasurer, and complaint officer.

PROGRAM:

The Board meets four times a year. The Board administers, yearly, a written exam in February, May, August, November and by appointment.

LICENSES:

All licensees must renew their license on or before April 1st of each year. Before a license can be renewed, licensees must complete 25 hours of continuing education requirements and pay a \$380 renewal fee.

Licensees who graduated after 1996 were upgraded to the authority level of Therapeutic Advanced Glaucoma which allows them to independently treat patients with glaucoma. Licensees who graduated before 1996 and are licensed at the Therapeutic Advanced authority level must satisfy Section 2430-B (2) of Maine Optometry Law before their license can be upgraded to Therapeutic Advanced Glaucoma.

PURPOSE:

The Board of Osteopathic Licensure was established to protect the public through regulation of the practice of osteopathic medicine so as to maintain high professional standards. Its primary responsibilities are to determine the eligibility of, certify and license qualified applicants to practice osteopathic medicine in Maine. The Comprehensive Osteopathic Medical Licensing Examination-USA (COMLEX-USA) is the accepted exam for licensure in Maine. Upon payment of specified fees, the Board can issue, renew, withhold, suspend or seek revocation of all licenses. Furthermore, the Board has the power to make rules it considers necessary for the successful enforcement of its authority and the performance of its duties. As part of the biennial renewal process, the Board prepares and distributes its rules relative to continuing medical education and its code of ethics to each osteopathic physician licensed to practice in Maine.

ORGANIZATION:

The Board of Osteopathic Licensure, when established in 1919, consisted of five members appointed by the Governor with the advice of the Council, for terms of 5 years. In 1976, the Legislature increased the Board to six members. In 2020, the Legislature increased the Board to ten members, adding a Physician Assistant. Six members must be graduates of a legally chartered college of osteopathic medicine and must, at the time of appointment, be/have been actively engaged in the practice of osteopathic medicine in Maine for at least the last five years; one member must be, as noted above, a physician assistant. Three must be members of the public. The Chair, Vice-Chair and Secretary-Treasurer, are elected annually, chosen by and from the members of the Board.

PROGRAM:

Revision of statutes relating to the Board of Osteopathic Licensure in 1973 specified an increase in the registration fee from \$4 to \$25 per year as voted in June 1982 becoming effective January 1983. The Board, at its meeting in July 1987, voted to increase the registration fee in order to increase revenue to meet expenses. Licensees now (as of 2000) renew biennially before the end of their birth month. The renewal fee is capped at \$600.

Currently, licensees must obtain 100 hours of Continuing Medical Education ("CME") every two years for renewal of their license to practice. The Board statute and rules require that at least 40% percent of the 100 hours are osteopathic Category 1 hours as approved in the rules established by the Board. When randomly audited, licensees must furnish the Board with satisfactory evidence of completion of the statutorily required hours. Specialists may obtain Category 1 CME within their specialty thus providing the public with the assurance that osteopathic physicians remain current with advances in osteopathic medicine as well as medicine at large.

The Board statute currently requires that the Board hold one annual meeting but the Board does meet monthly. Special meetings may be called by the Board Chair with sufficient public notice.

LICENSES:

License to Practice Osteopathic Medicine
License to Practice Osteopathic Medicine as Locum Tenens
License to Practice as Camp Physician
Temporary Educational Permits (Interns & Residents)
Physician Assistant Certificates

PURPOSE:

The principal mission of the Office of Securities is to protect Maine investors. To accomplish this mission, the Office administers and enforces the Maine Uniform Securities Act. The Office reviews applications to register securities for sale in Maine and filings for exemptions from registration; licenses broker-dealers, agents, investment advisers, and investment adviser representatives doing business in Maine; suspends or revokes those licenses for misconduct, as defined in the Act; conducts on-site examinations of the operations of licensees; administers an investor education program; responds to consumer complaints; investigates possible violations of the securities laws; and, when warranted by the circumstances, issues cease and desist and other administrative orders or refers matters to the Attorney General for civil or criminal action. The Office also enforces the State Commodity Code and the Regulations of the Sale of Business Opportunities.

ORGANIZATION:

In 1913, two years after Kansas adopted the first "blue sky" law, Maine enacted a statute relating to "Dealers in Securities," to be administered by the Bank Commissioner. Over the years, that law was the subject of numerous changes, including the creation of a Securities Division, the establishment of a requirement for the registration of securities offerings, and the addition of antifraud and civil liability provisions. In 1986, legislation was passed giving the Securities Division enforcement powers over the sale of certain types of business opportunities and commodity contracts. In 1989, the Legislature transferred from the Bank Superintendent to the Securities Administrator the responsibility for administering and enforcing the securities laws, and, in 2001, the Securities Division was separated from the Bureau of Banking, becoming the Office of Securities.

In 2005, the Legislature approved the Maine Uniform Securities Act (MUSA) which became effective on December 31, 2005. MUSA represented the first major overhaul of the state's securities laws since 1985. Maine adopted MUSA as part of a national effort to increase uniformity in state securities law, thus eliminating unnecessary burdens on the regulated industry, while still maintaining strong

investor protection.

PROGRAM:

In fiscal year 2020, the Office received and processed 20,026 applications and amendments to register securities, terminations of registrations, and notice filings for federally covered securities (decrease of 44% over fiscal year 2019); and 271 private placement filings and amendments (decrease of 52%). As of June 2020, there were 1,215 broker-dealers licensed to do business in Maine (a 9% decrease from June 2019); 120,211 licensed agents of broker-dealers (increase of 3%); 1,230 investment adviser licensees or notice filers (increase of 2%); and 2,782 licensed investment adviser representatives (2% increase). In connection with the Office's review of licensing applications, the Office processed 83 broker-dealer applications, (6% increase from fiscal year 2019); 21,501 agent applications (13% decrease); 12 investment adviser license applications (9% increase); and 340 investment adviser representative applications (11% decrease). The Office now receives and processes most securities filings and license applications electronically.

In fiscal year 2020, the Office conducted 6 examinations of licensee offices.

In fiscal year 2020, through its enforcement efforts, the Office sanctioned 8 respondents. The Office ordered or obtained judgments ordering the payment of restitution to investors in the amount of \$132,000 and assessed \$13,825 in penalties for violations of Maine's securities and business opportunity laws. The Office entered into 2 consent agreements and 3 consent orders and issued 1 cease and desist order and 1 decision and order. The Office referred 1 case for criminal prosecution and has 2 criminal cases awaiting trial. With assistance from the Office of Securities, the Office of the Attorney General successfully prosecuted 1 criminal case which resulted in a prison sentence.

In fiscal year 2020 the Office collected \$27,957,970 for the General Fund through its filing fees (registration, licensing, and notice filing fees) and penalties. Internet Address: <https://www.maine.gov/pfr/securities>.

PURPOSE:

The Office of Program Evaluation and Government Accountability (OPEGA) assists the Legislature in ensuring that public funds are expended in the most effective, efficient and economical manner possible. It also aids the Legislature in ensuring that such funds are used to support activities and functions that produce satisfactory results and comply with State and Federal mandates.

ORGANIZATION:

The Legislature created this non-partisan office by statute, PL 2001, chapter 702, with an effective date of July 25, 2002, but the start-up of the Office did not occur until the Director was hired in January 2005. The Director is appointed by the Legislative Council for a term of 5 years. By Joint Rule, the Legislature established the 12-member, bi-partisan and bi-cameral Government Oversight Committee which oversees the activities of the Office.

PROGRAM:

The Office of Program Evaluation and Government Accountability conducts independent and objective performance audits and evaluations of state agencies, programs and functions. As necessary, OPEGA also conducts reviews of other entities receiving public funds administered by the State, or which expend private monies for public purposes. Such other entities include: local and county governments, special districts, utility districts, regional development agencies, municipal or nonprofit corporations, state contractors and any public official or public employee.

Performance audit and evaluation topics are selected by the Government Oversight Committee according to an established process. The Office defines the scope of each project in conjunction with the Committee, but then performs the review without any further direction from the Committee. The work of the Office is normally guided by the GAO Government Auditing Standards and follows an established process that provides for ongoing communication with the entity under review.

The Office produces a final report on each review discussing the work performed, the conclusions reached, and any identified areas for improvement with related recommendations. The report is released and orally-presented to the Committee during a public meeting and is then distributed as a public record.

PURPOSE:

The Department of Public Safety was established to serve the people by providing, coordinating and leading a responsive and comprehensive public safety system to protect their lives, rights and properties.

Employees of the Maine Department of Public Safety will continue to serve the public to the best of their ability by being dedicated and accountable and by managing resources effectively and efficiently. The Maine Department of Public Safety seeks to preserve the public order and to protect the persons, property, rights and privileges of all people in the State through ethical leadership and the development of employees, while upholding and respecting the constitutional rights of all persons to liberty, equity and justice.

ORGANIZATION:

The Department of Public Safety was created in 1971, consolidating the former Department of State Police, the Enforcement Division of the State Liquor Commission, the employees of the Vehicle Equipment Safety Commission, the Division of State Fire Prevention of the Department of Insurance and the Law Enforcement and Criminal Justice Academy, under the Commissioner of Public Safety.

In 1978, the Bureau of Capitol Police was added to the organization of the Department. The responsibility for the administration of the Highway Safety Program from the Department of Transportation was added and in 1990 the Legislature changed the name to the Bureau of Highway Safety.

The Maine Drug Enforcement Agency and the Maine Drug Enforcement Agency Advisory Board were created by the 113th Legislature to develop and carry out a Statewide Drug Enforcement Program.

Public Law 1991, chapter 588, transferred the responsibility for Emergency Medical Services from the then Department of Human Services to Public Safety.

During 1993, the 116th Legislature created the Missing Children Information Clearinghouse requiring the Department to collect and disseminate complete information related to missing children.

The 121st Legislature passed LD 1683, An Act Relating to the Establishment of a Maine Communications System Policy Board, as Public Law 2003, chapter 678. Historically, emergency communications dispatch had been the responsibility of the Bureau of State Police within the Department of Public Safety. Sixty positions were transferred from the Bureau of State Police into the new Consolidated Emergency Communications Bureau. In addition, to provide the unit with a civilian director, the position of Director, Bureau of Consolidated Emergency Communications was created. The new Director began on October 25, 2006.

The 121st Legislature passed as Public Law Chapter 687, An Act to Establish the Gambling Control Board whose responsibilities are to establish rules and policies as well as licensing for slot machine operators and slot machine distributors. The 125th legislature passed as Public Law Chapter 418, An Act to Allow Table

DEPARTMENT OF PUBLIC SAFETY

Games at a Facility Licensed to Operate Slot Machines to include the licensing of Slot Machine operators to operate table games.

The Bureau of Building Codes and Standards was established within the Department of Public Safety to provide administrative support and technical assistance to the Codes and Standards Board, established in Title 5, section 12004-G, subsection 5-A. This Bureau has been consolidated under the Fire Marshal's Office.

PROGRAM:

Other than administration of the department, the activities during fiscal year 2020-21 are discussed in the individual reports of its bureaus. During fiscal year 2005-06, all financial and human resources functions were consolidated into the Department of Administrative and Financial Services.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Division of Building Codes and Standards within the Office of the State Fire Marshal was established within the Department of Public Safety to provide administrative support and technical assistance to the Technical Building Codes and Standards Board in executing its duties pursuant to 10 MRSA §9722, subsection 6.

DEPARTMENT OF PUBLIC SAFETY

The Technical Building Codes and Standards Board, established in 5 MRSA §12004-G, subsection 5-A was established to adopt, amend and maintain the Maine Uniform Building and Energy Code, to resolve conflicts between the Maine Uniform Building and Energy Code and the fire and life safety codes in 25 MRSA §2452 and §2465 and to provide for training for municipal building officials, local code enforcement officers and 3rd-party inspectors.

ORGANIZATION:

The Board consists of 11 voting members, appointed by the Governor.

The Assistant State Fire Marshal of Inspections who is certified in building standards serves as the division director and principal administrative and supervisory employee of the board. The Assistant State Fire Marshal supervises the staff employed to carry out the duties of the board including, but not limited to, providing technical support and public outreach for the adoption of the code, amendments, conflict resolutions and interpretations. The Division and board will provide nonbinding interpretation of the code for professionals and the general public and will establish and maintain a publicly accessible website to publish general technical assistance, code updates and interpretations and post-training course schedules.

Financial data is included under Office of the State Fire Marshal Unit 224.

PROGRAM:

The Board adopts rules necessary to carry out its duties under this chapter. The Board adopts, amends and maintains the Maine Uniform Building and Energy Code and identifies and resolves conflicts between the Maine Uniform Building and Energy Code and the fire safety codes and standards.

On January 31st of each calendar year beginning in 2011, the Board reports to the Joint Standing Committee of the Legislature having jurisdiction over building code matters on any proposals for conflict resolutions for codes and standards, proposals to improve the efficiency and effectiveness of those codes and standards, and alternative methods of funding for the Board to create an equitable source of revenue.

The Board develops technical advisory groups of experts and interest group representatives as needed to provide the Board with detailed information and recommendations on amendments to the Maine Uniform Building and Energy Code, national model codes revisions and conflict resolution with other building-related codes and standards adopted in the State. The Board may direct the technical advisory groups to identify economic impacts on small businesses, housing affordability, construction costs, life-cycle costs or code enforcement costs of proposed changes to the Code.

The Board ensures that training and certification regarding the Maine Uniform Building and Energy Code is readily available, affordable and accessible to municipal building officials and that historic preservation is a policy priority in the adoption and amendment of the Maine Uniform Building and Energy Code.

The Board approves methods of energy performance rating for use in generating any consumer information labels that may be required in the marketing and sale of residential and commercial buildings.

PURPOSE:

The Bureau of Capitol Police is a law enforcement agency responsible for the safety of the people and the security of the buildings that make up Maine's seat of government. The Bureau's area of responsibility includes all State owned or controlled property in the City of Augusta, including the State House, the other State buildings within the Capitol Area campus, and the properties on the eastside of the river within the old Augusta Mental Health campus. Bureau police officers patrol these properties, investigate crimes, and enforce laws, including parking and traffic regulations, and respond to alarms and other calls for help or assistance on the campuses. A unit within the Bureau of Capitol Police is dedicated to specifically servicing the law enforcement, safety and security needs at the Riverview Psychiatric Center. As part of this protective role, Capitol Police screeners conduct entry screening for weapons at the entrance to the State House. The Bureau's night watchpersons check for safety or security issues at the 50 plus State owned buildings and properties in Augusta at night and on weekends.

ORGANIZATION:

The Capitol Security Police Force was created by the Legislature 52 years ago in FY1968, and was made a branch of the Department of Public Safety in 1977. The Legislature changed the Bureau's name from Capitol Security to Capitol Police in 2009 to better reflect the agency's law enforcement role. FY20 head count is 20.5: (1) Capitol Police Chief, (1) police lieutenant, (1) police sergeant, (10) police officers, (2) night watchpersons, (4) security screeners, (1) office associate, and (1) part-time office assistant. Prior to 1977, some functions of the Bureau were the responsibility of the Bureau of Public Improvements.

PROGRAM:

The major objectives of the Bureau are ensuring the safety of members of the legislature, staff, employees and visitors; and the security of the State buildings and property for the complexes to which police services are provided. During fiscal year 2019-20, the employees within the Bureau found, initiated or responded to 47,262 documented events, incidents or activities. 77 of these incidents resulted in criminal investigations being initiated. These range from thefts of property to assaults, criminal trespass or criminal threatening. Officers investigated a number of threatening communications aimed at legislators or state employees and kept the peace at numerous public hearings, rallies and protests during the year. Officers issued 191 traffic summonses or warnings, and 492 parking tickets. They also investigated 8 motor vehicle crashes. Capitol Police screeners examined 67,769 items being brought into the building and prevented 590 dangerous items from being brought into the State House. Watchpersons conducted 10,782 building or property safety and security checks.

LICENSES:

The Bureau of Capitol Police issues Capitol Area Activity Permits. 56 permits were issued during fiscal year 2019-20 for activities around the State House, in Capitol Park, or elsewhere in the Capitol Area.

PURPOSE:

The Maine Criminal Justice Academy was established to provide a central training facility for state, county and municipal law enforcement and corrections officers. The campus is located at the former Oak Grove-Coburn School in Vassalboro, Maine. From 1972 until December 28, 2000, the Academy was located at 93 Silver Street in Waterville, at the former Thomas College facility. The new campus has a lecture hall that seats 70 students and 10 additional classrooms, extensive meeting space, on-site dining facilities, and can house 130 students.

DEPARTMENT OF PUBLIC SAFETY

The building also has a state of the art special training center, a fully equipped weight/exercise room, an indoor running track, an outside obstacle course and formal parade grounds.

The mission of the Maine Criminal Justice Academy is to provide the highest level of training, within given resources, to law enforcement and correctional officers in the State. By statute, the Academy is required to provide a basic training program for all full-time law enforcement officers, judicial marshals, capitol police officers, pre-service training for all part-time law enforcement officers and basic corrections training for all county and state correctional officers. The Academy also coordinates the 8 Regional Training Districts across the state, which provides in-service training to officers in remote areas.

ORGANIZATION:

The Academy has 11 full-time employees and operates with an annual budget of \$2.05 million, of which \$692,978 comes from the General Fund and \$1.36 million comes from fees, tuition and other revenues. In addition to the full-time staff, the Academy relies heavily on volunteer instructors from state, county and municipal law enforcement agencies, county and state corrections agencies and other criminal justice fields. The Academy provides many instructor development classes in order that these students can be the future volunteer instructors. This partnership philosophy has been supported by the Police Chiefs and Sheriffs in Maine to provide very cost-effective training to their respective agencies.

PROGRAM:

During calendar year 2019, the MCJA Board of Trustees certified 125 full-time state, county and municipal law enforcement officers who graduated from the Basic Law Enforcement Training Program, 190 corrections officers who graduated from the Basic Corrections Training Program, and 129 part-time law enforcement officers who graduated from the Law Enforcement Pre-service Training Program. The Board waived 21 law enforcement officers from the Basic Law Enforcement Training Program and one corrections officer from the Basic Corrections Training Program. The Board awarded 76 Instructor and Firearms Instructor Certificates, 3 Executive Certificates, 27 Canine Handler Certificates and many others. During the training year, 84 Specialized and In-service courses were offered. For law enforcement and/or corrections officers, the Board revoked 14 certificates for criminal conduct/convictions, waived 4 certificates for criminal conduct/convictions and gave 5 consent agreements and/or suspensions for criminal conduct/convictions. The Academy also provided 4 online law enforcement and 3 corrections classes during 2019 through Justice Planning and Management Associates (JPMA) and Dirigo Safety.

LICENSES:

PURPOSE:

The primary responsibilities of the Maine Criminal Justice Academy Board of Trustees are to certify and to set the standards for certification of graduates of the Academy, to promulgate the standards for recruitment of Maine Criminal Justice Academy (MCJA) students and to prescribe the content of the curriculum. The Board of Trustees is empowered to certify and set standards for the certification and decertification of law enforcement executives, law enforcement officers, corrections officers, judicial marshals, capitol police officers, canine handler teams, instructors, probation officers, forest rangers and many others.

ORGANIZATION:

The Academy Board of Trustees currently consists of 18 members: The Commissioner of Public Safety, the Attorney General, the Colonel of the Maine Warden Service, the Chief of the State Police, and the Commissioner of Corrections, that are all ex-officio. The following members are appointed by the Governor: a county sheriff, a chief of a municipal police department, two officers of municipal police departments, an educator, a criminal prosecutor from one of the offices of the District Attorney, a representative of a federal law enforcement agency, three citizens, a municipal official and a non-supervisory corrections officer representing a state or county correctional facility. All board members serve 3-year terms, except ex-officio members who remain on the board during their term of office.

PROGRAM:

During calendar year 2019, the MCJA Board of Trustees certified more than 120 full-time State, County and municipal law enforcement officers who graduated from the Basic Law Enforcement Training Program, 200 corrections officers who graduated from the Basic Corrections Training Program, and more than 100 part-time law enforcement officers who graduated from the Law Enforcement Pre-service Training Program.

The Academy's staff and volunteer subject matter experts developed a variety of new training blocks for both law enforcement and corrections professionals. Included in these blocks were leadership development programs, child victim interview course, evidence collection and instructor development, to name a few.

MAINE DRUG ENFORCEMENT AGENCY ROY MCKINNEY, DIRECTOR

Reference Policy Area 06 *Umbrella* 16 *Unit* 230 *Citation* T0025 *M.R.S.A., Sect.* 000002955

PURPOSE:

The purpose of the Maine Drug Enforcement Agency (MDEA) is to provide a central administrative structure for the establishment, coordination, and oversight of specialized narcotics and narcotics-related investigative units within the State of Maine through a multi-jurisdictional drug task force approach. MDEA was created to address the upper and mid-level drug dealers that operate below the interest of the Federal law enforcement authorities that focus on international, interstate and substantial violators, and the street level efforts that focus on the small dealers and those caught in possession. The task force concept brings together the resources of adjoining and overlapping enforcement entities, particularly in situations in which sparse resources are spread over great distances. This approach has proven to be one of the most effective tools in proactively addressing the proliferation of illegal drug activity through the pooling of skills, enhanced intelligence sharing, increased personnel resources, more equipment available, concentration of effort on a clear goal, and reduced jurisdictional boundary problems. In addition to the consolidation of investigatory resources, the Maine Drug Enforcement Agency also integrates prosecuting personnel with the day-to-day case work investigators.

ORGANIZATION:

The Bureau of Intergovernmental Drug Enforcement was created by the 113th Legislature by enactment of 25 MRSA, chapter 353. Funding of the Agency was established by the Anti-Drug Abuse Act of 1986. In 1991 the Legislature changed the Agency name to the Maine Drug Enforcement Agency. This Agency has been placed within the organizational structure of the Department of Public Safety and is managed by a Director who reports to the Commissioner of Public Safety. The Maine Drug Enforcement Agency is a statewide multi-jurisdictional task force, and its personnel are assigned to the task force by municipal, county, State and tribal law enforcement agencies.

PROGRAM:

The mission of the MDEA is to disrupt the drug market, thereby undermining the ability of drug suppliers to meet, expand and profit from drug demand while supporting prevention efforts and contributing to treatment efforts. Its goals are to: reduce the availability of drugs; protect the State's borders by stemming the flow of drugs into and through Maine; strengthen the State's drug law enforcement infrastructure; strengthen intelligence and information sharing; enhance collaboration and coordination with all law enforcement agencies; and establish effective partnerships with agencies focused on reducing drug abuse.

PURPOSE:

The Bureau of Consolidated Emergency Communications carries out the policies, procedures and standards that have been established to provide cooperative use of the department's communications system for municipal, county and state governmental agencies.

ORGANIZATION:

The Bureau of Consolidated Emergency Communications was established in 2009 Public Law, chapter 317, which also transferred the responsibilities of the Maine Communications System Policy Board (established in Public Law 2003, chapter 678) to the newly created Bureau of Consolidated Emergency Communications.

Historically, emergency communications dispatch has been the responsibility of the Bureau of State Police within the Department of Public Safety. The State Police ran four dispatch centers in Houlton, Orono, Augusta and Gray which provided services not only for themselves, but for several other state agencies, some municipalities, the Maine Turnpike Authority and for Aroostook County. The Policy Board legislation called for a separate communications unit within the Department. This administrative change was achieved in fiscal year 2006-07. Fifty-four existing Emergency Communications Specialist positions and 6 Emergency Communications Supervisor positions were transferred from the Bureau of State Police into the new Bureau of Consolidated Emergency Communications. In addition, to provide the unit with a civilian director, the position of Director, Bureau of Consolidated Emergency Communications was created and the new Director began on October 25, 2006.

Public Law 2003, chapter 359, "An Act To Facilitate the Implementation, Maintenance and Operation of the E-9-1-1 Emergency System," directed the Emergency Services Communication Bureau at the Public Utilities Commission (PUC) to seek reduction of the number of public safety answering points (PSAP) to between 16 and 24. This resulted in the closing of a number of local PSAPs and in some cases caused not only emergency call-taking to be relocated, but also emergency dispatch to be moved. Public Law 2008, chapter 622, required that this Bureau submit to a rate setting case through the Maine Public Utilities Commission. The resulting Order on Docket 2008-225 would be the rates that the Bureau can charge to all it's state and local partners for PSAP call-taking and public safety dispatching services. With the issuing of that Order, several jurisdictions did not renew contracts and went to agencies that provided services for a lesser rate. Public Law 2009, chapter 617, in part removed the requirement that the Maine Public Utilities Commission hold a rate case for the setting of

DEPARTMENT OF PUBLIC SAFETY

the Emergency Services Communications Bureau's user fees. This ability was returned to the Bureau of Consolidated Emergency Communications.

In 2019, the Gray Regional Communications Center(RCC) relocated to the Augusta RCC and combined both the RCCs into one larger center.

PROGRAM:

These Communications Centers provide emergency and non-emergency call taking and dispatching for 7 state agencies, one county Sheriff's Office and 18 municipal fire and/or emergency medical services. The centers also provide backup public safety answering point (PSAP) capabilities for local and county PSAPs.

PURPOSE:

The Maine Emergency Medical Services Bureau (Maine EMS) and the Maine EMS Board are responsible for the regulation, direction, coordination, and licensure of the EMS system within the State of Maine. This includes oversight of all EMS services, personnel, educational facilities, educators, emergency medical dispatch centers, and emergency medical dispatchers.

ORGANIZATION:

The Board is comprised of 17 members that function as the sole emergency medical services (EMS) rulemaking authority and provide systemic direction to the Bureau and the system. The Maine EMS Bureau is staffed by a team of eight individuals who provide support to the entire statewide system in all aspects of the delivery and monitoring of EMS care and dispatching guidance. Additionally, there are also three independent (non-state) regional contracts to assist in coordinating education and providing support to local EMS agencies regarding quality assurance, medical control, and mutual aid planning.

Maine has 276 ambulance and non-transporting EMS services that provide basic and advanced emergency medical care, this number also includes specialized air medical and rescue transportation services. There are over 5,500 licensed EMS clinicians and emergency medical dispatchers within the State of Maine as well as approximately 500 licensed EMS vehicles. The EMS system works symbiotically with Maine's larger healthcare system of acute care facilities, long-term care facilities, physicians, nurses, and other healthcare professionals to deliver the highest quality care available to the residents of, and visitors to, the State of Maine.

DEPARTMENT OF PUBLIC SAFETY

PROGRAM:

Maine EMS supports a variety of internal programs and committees that function as advisory groups for the Board including, but not limited to, community paramedicine, education, licensure examination, data, emergency medical dispatch, EMS for Children, interfacility transportation, investigations, LD2105 (statutorily defined committee), quality assurance and improvement, trauma advisory, and the Medical Direction and Practices Board. The system and Bureau office support a variety of training opportunities both in-person and online to help support EMS services, clinicians, and leadership throughout the system. The Bureau also manages the electronic patient care reporting system that is used by all EMS agencies in the State of Maine to document patient encounters. Maintaining consistent, quality data is a key priority of Maine EMS and imperative for collaborative projects with other state agencies and external stakeholders. Maine EMS functions at the nexus between public health, emergency management, and clinical medicine. Coordination with systemic stakeholders, like the Maine Center for Disease Control and Prevention, are vital to monitoring, supporting, and improving the public's health in the State of Maine.

Financial information related to EMS is included under Department of Public Safety unit 219.

DEPARTMENT OF PUBLIC SAFETY

PURPOSE:

The primary function of the State Fire Marshal is to protect lives and property from fire. It is the duty of the State Fire Marshal to enforce all laws, ordinances and rules directed toward and concerned with the prevention and containment of fire and the protection of life and property; the suppression of arson and investigation of cause, origin and circumstances of fires; the storage, sale and use of combustibles, flammables and explosives; the installation, maintenance or sale of automatic and other fire alarm systems and fire extinguishing systems; the construction, maintenance and regulation of fire escapes; the adequacy of means of egress, in case of fire, from buildings; and other such duties as may be conferred or imposed by law.

ORGANIZATION:

The Division of State Fire Prevention was created in 1937 to combat an increasing number of fraudulent insurance claims resulting from set fires. Since then, there has been a substantial growth in the areas of responsibility of the Office of the State Fire Marshal, which replaced the Division of State Fire Prevention in 1972. The scope of statutory authority has broadened to include a number of activities related to life safety as well as fire prevention and law enforcement.

Financial data includes expenditures of the Bureau of Building Codes and Standards.

PROGRAM:

The programs of the State Fire Marshal have primary goals of 1) investigation of the origin and cause of fires and explosions; 2) arson investigation, evidence gathering and case preparation for possible prosecution; 3) regulate, permit and inspect for the use of explosives, fireworks, and certain flammable liquids; 4) inspect approximately 25 different types of buildings and facilities with the primary focus to enforce life safety codes and standards; 5) review plans to issue permits for construction and alteration of public buildings, handicap accessibility, installation of fire alarm and fire sprinkler systems, installation of above ground fuel storage tanks, amusement rides, and new self-service gas stations; 6) conduct and offer specialized training for trade professionals, care givers, code enforcement officials, and fire and law enforcement professionals; 7) coordinate efforts of specialty subject areas such as the Juvenile Firesetter Intervention Task Force; 8) implement, manage, and report on Maine's Reduced Ignition Propensity Cigarette law; 9) develop and deliver public education and awareness programs on fire prevention and safety to Maine's most vulnerable populations; and, 10) conduct research and analysis of the state fire burden for use in the development, implementation, and improvement of new and existing programs.

PURPOSE:

The Gambling Control Board is a 5 member board appointed by the Governor charged with the regulation of casino gaming as authorized by 8 MRSA, chapter 31. The Gambling Control Unit is a bureau within the Department of Public Safety that reports to the Board and is responsible for the inspection, monitoring and investigation of the companies and individuals that are associated with gaming activities at licensed facilities in the State. Further, the Gambling Control Unit oversees the collection and distribution of funds that are generated from those operations.

ORGANIZATION:

The Executive Director serves as director to both the Gambling Control Unit and the Board. The Director provides leadership, oversight, and administration of the 3 functional areas to include Licensing, Auditing and Inspections. In addition to the Executive Director, the Gambling Control Unit has 17 employees assigned to it. An Office Specialist and an Office Assistant are assigned to the Unit to assist with the administrative duties of the Board and the Unit. One Inspector Supervisor supervises the activities of the Inspectors at the facilities. Nine civilian inspectors are located at the gaming facilities during all hours the facilities are open to observe operations. Two auditors ensure proper accounting and distribution of funds generated from the gaming facilities. A Maine State Police detective performs the investigative functions associated with licensing and any criminal activities. Additionally, one position from the State Bureau of Identifications is financially supported due to the number of fingerprints from persons seeking licensure.

DEPARTMENT OF PUBLIC SAFETY

PROGRAM:

The Gambling Control Unit assists the Gambling Control Board in providing daily oversight of regulatory matters associated with slot machine and casino gaming. Specific responsibilities include budget planning, revenue distribution, rule promulgation, staff development, legislative analysis, individual and business licensing, and enforcement of administrative actions. The Gambling Control Board utilizes a central monitoring system operated by a third party contractor to protect state revenues and maintain the public's confidence in the integrity of gaming activity. The Unit also regulates charitable gaming and fantasy contests. The Unit's mission is to provide efficient, effective, and consistent regulation of authorized gaming in the State of Maine.

PURPOSE:

The Bureau of Highway Safety is responsible for the State's highway safety program. The Bureau is authorized to develop and implement a process for obtaining information about highway safety programs of other federal, state and local agencies; to provide technical assistance to other agencies and political subdivisions for development of highway safety programs; and to provide financial and technical assistance to other state agencies and political subdivisions in carrying out highway safety programs.

ORGANIZATION:

The Bureau of Safety was established under the Department of Public Safety in December 1980. In 1990, the Legislature changed the name to the Bureau of Highway Safety.

DEPARTMENT OF PUBLIC SAFETY

PROGRAM:

The Highway Safety component consists of the planning, development, implementation, and evaluation of Section 402, Title 23 U.S.C. Highway Safety Program in the State of Maine and related incentive funding. The Bureau funds and administers education and enforcement programs and countermeasures to reduce or eliminate fatalities, injuries and property damage resulting from motor vehicle crashes. Such emphasis areas include: occupant restraint for adults and children, speed and aggressive driving, law enforcement training programs, distracted driving, drowsy driving, alcohol and drug impaired driving countermeasures, emergency medical services, driver training, teen driver safety, mature driver safety, motorcycle safety countermeasures, pedestrian and bicycle safety, pupil transportation safety, and development and enhancement of State traffic records systems. The Bureau is also responsible for the State's media program associated with driver education and awareness.

The Bureau also administers the Maine Driving Dynamics Defensive Driver Program (MDD); administers the Fatality Analysis Reporting System (FARS); and the Child Safety Seating Fitting Station Program in Maine. The Bureau provides technical and financial assistance to agencies participating in these programs.

PURPOSE:

The State Bureau of Identification, a Division of the Maine State Police, is the central repository of criminal history record information for the State of Maine. The Bureau provides criminal history and sex offender registry information to agencies and persons authorized by law to receive such information, serves as the repository of fingerprint images provided by local agencies, and serves as the single point of transmission to the Federal Bureau of Investigation of all criminal history and fingerprint images.

ORGANIZATION:

The Bureau was created in 1937 as the central repository of criminal history record information.

PROGRAM:

The Bureau is enhancing and implementing new software to computerize its record systems, and improve its biometric systems to better provide information to law enforcement agencies and the public. This is achieved by developing and enhancing automated information sharing with local law enforcement, the prosecutorial

DEPARTMENT OF PUBLIC SAFETY

districts, and the court system. The automated Fingerprint Identification System went online in August 1998. These systems serve as a major component in law enforcement information sharing, not just at the state level but on the federal level also.

The agency provides information to its law enforcement partners in a 24/7 environment through an automated response. The agency also provides public criminal history information to the public as a fee based service. Along with criminal history records information, the Bureau operates and maintains the sex offender registry. The registry staff work with local law enforcement agencies to refer new offenders and update verification information. In addition, the agency maintains all the information that is posted on the State Sex Offender Registry website.

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

PURPOSE:

The primary mission of the State Police is to safeguard the constitutional rights, liberty, and security of its citizens by enforcing the motor vehicle and criminal statutes of Maine and to provide professional aid in times of need and crisis. The Bureau was established to patrol the highways, especially outside the compact portion of cities and towns without local law enforcement agencies. The Bureau provides specialized response teams to support major critical incidents, manages the State's crime laboratory, the State's designated intelligence fusion center, the State Bureau of Identification, and Maine's Computer Crimes Unit. The Bureau also provides security for the Governor and family on a twenty-four hour basis.

ORGANIZATION:

The State Police was established in 1921. In 1931 a reorganization act was passed by the Legislature designating the Chief as executive head of the State Police under the direction of the Governor. Six years later, the Division of Highway Safety and the State Bureau of Identification were created by the Legislature, under the control of the State Police. In 1939, the Bureau of Criminal Investigation and the Communications Division were established, along with the division of the State Police into six districts. Because of the increased demands for State Police services, the Bureau was reorganized several times during the 1950s and 1960s. In 1971, the Legislature incorporated the State Police into the Department of Public Safety.

Today, the State Police is comprised of eight field troops patrolling the rural areas and the Maine Turnpike, one troop focused on commercial vehicle enforcement regulations, three Major Crimes Units, Unsolved Homicide Unit, along with seven other units and eight specialty teams organized within the Support Services Division.

PROGRAM:

The programs of the Maine State Police have primary goals of 1) patrolling rural areas of Maine without organized police departments for the purpose of preventing and investigating criminal activity; 2) enforcing traffic safety laws in rural areas, on the Maine Turnpike and Interstate System; 3) overseeing the Motor Vehicle Inspection Program and enforcing the Commercial Motor Vehicle laws and rules; 4) Investigating homicides that occur outside Portland and Bangor; 5) investigating child abuse cases; 6) providing specialized support, such as

DEPARTMENT OF PUBLIC SAFETY

response teams, computer and crime laboratory services to all law enforcement agencies; 7) providing a repository for criminal history and records information; and, 8) provide specialized administrative, licensing, and enforcement services.

EMERGENCY SERVICES COMMUNICATION BUREAU

E-9-1-1 COUNCIL

PURPOSE:

The Public Utilities Commission's purpose is to ensure that utilities in the State of Maine provide safe, adequate and reliable service to the public at rates that are reasonable and just. The Commission acts as a quasi-judicial body which decides cases involving rates, service, financing, and other activities of the utilities it regulates. The Commission also has investigatory and rulemaking authority. The Commission currently has jurisdiction over approximately 155 water utilities, 14 electric utilities, 4 gas utilities, 25 local telephone utilities, 1 water carrier, 250 competitive electricity providers, and 188 competitive local and interchange carriers.

The Commission is divided into five operating divisions with respective powers and duties as follows:

The ADMINISTRATIVE DIVISION is responsible for fiscal, personnel, contract, docket management and information technology, as well as physical plant. The Division provides support services to the other divisions and assists the Commission in coordinating its activities. The CONSUMER ASSISTANCE AND SAFETY DIVISION (CASD) receives, analyzes and responds to complaints from Maine utility customers. This Division is also responsible for gas safety and Dig Safe activities. The LEGAL DIVISION represents the Commission before Federal and State appellate and trial courts and agencies. It provides hearings examiners and staff attorneys in cases before the Commission and assists in preparing and presenting Commission views on legislative proposals. The TELEPHONE AND WATER DIVISION is responsible for financial, technical, and policy related investigations and analyses conducted by the Commission on telephone and water utilities. The Division provides expert advice to the Commission on such matters as revenues, expenses, engineering, economics, technology and other technical aspects related to the telephone and water industries. The ELECTRIC AND GAS DIVISION is responsible for financial, technical, and policy related investigations and analyses conducted by the Commission on electric and gas utilities. The Division provides expert advice to the Commission on such matters as revenues, expenses, engineering, economics, technology and other technical aspects related to the electric and gas industries.

ORGANIZATION:

The Public Laws of 1913, effective by Proclamation, after referendum on October 30, 1914, created the Public Utilities Commission (PUC). It was organized December 1, 1914. The Act abolished the Board of Railroad Commissioners, established in 1858, and conferred upon the Public Utilities Commission all powers vested in that Board, as well as the State Water Storage Commission, including custody and control of all records, maps, and papers pertaining to the offices of the Railroad Commissioners and the State Water Storage Commission, the latter of which was not legally abolished until 1916. The Commission retains jurisdiction over the transportation of passengers and property for compensation by vessel in Casco Bay under chapter 174 of the Private and Special Laws of 1963. Chapters 207 and 617 of the Public Laws of 1983 specifically exempted dealers of gas in liquid form from Commission jurisdiction, which had not been previously exercised. Central tanks serving more than 10 customers are still subject to PUC jurisdiction. Chapter 304 of the Public Laws of 1983 deregulated one-way paging service. Public Law 1987, chapter 141 conferred to the Commission jurisdiction over cable television systems providing service like telephone companies and pole attachment charges for cable television systems. Public Law 1991, chapter 342, exempted cellular telephone providers, from regulation as public utilities, as long as one provider does not "exclusively control" the assigned service area and unless the Commission determines that the cellular provider is engaged in providing basic exchange telephone service. Public Law 1999, chapter 718, gave

PUBLIC UTILITIES COMMISSION

the Commission enforcement authority over the Dig Safe damage prevention statute. Public Law 2003, chapter 359, moved the Emergency Services Communication Bureau to the Commission giving it oversight responsibility for the E-9-1-1 program. Chapter 623 of the Public Laws of 2011 and chapter 462 of the Public Laws of 2015 largely deregulated the telecommunications industry.

The present Public Utilities Commission consists of 3 Commissioners appointed by the Governor subject to review by the legislative committee having jurisdiction over public utilities and to confirmation by the Senate, for terms of 6 years. The Governor designates one Commissioner as Chairman and all 3 Commissioners devote full time to their duties.

PROGRAM:

The Commission regulates the State's electric transmission and distribution companies, telephone, gas, and water utilities, as well as water carriers. The basic purpose of this regulatory system is to assure safe, reasonable and adequate service at rates that are just and reasonable to customers and public utilities. During the 12 months ending June 30, 2019, 312 cases were filed with the Commission and the Commission closed 339 cases.

The Commission's Consumer Assistance and Safety Division (CASD) is charged with ensuring that consumers and utilities receive fair and equitable service through CASD educational and complaint resolution programs. During the 12 months ending December 2018, CASD handled 14,887 consumer contacts, including 7,891 information requests and 1,733 complaints. The vast majority of complaints (93%) were related to the electric utilities, with 1% attributable to telephone utilities, 1% attributable to gas utilities, and 5% attributable to water utilities. In addition, the CASD ordered \$151,404 in abatements to customers. The CASD received 0 utility exemption requests during 2018. Finally, CASD received 239 requests from utilities to disconnect customers from service during the winter of 2018.

LICENSES:

LICENSES, PERMITS ETC: The Commission issues orders approving schedules of rates, terms and conditions; certificates of public convenience and necessity to construct, own, or contract for major transmission facilities or to rebuild or relocate major transmission facilities; applications by providers of telephone, electric or gas utility services to provide telephone, electric or gas service in a municipality in which an existing utility is furnishing or authorized to furnish service, upon declaration by the Commission that the public convenience and necessity requires a second public utility; applications by competitive electricity providers for licenses to sell electricity to consumers (246 licensed to date although not all are active); and issues certificates of convenience and necessity to provide service to carriers of passengers and freight by water in Casco Bay.

PURPOSE:

The Emergency Services Communication Bureau, established in 1994, has been part of the Maine Public Utilities Commission since September 13, 2003. The Bureau is responsible for the implementation and management of the Enhanced 9-1-1 system. The Bureau, in consultation with the E-9-1-1 Council, will develop all system elements, standards and cost estimates necessary to provide for the installation and operation of a statewide E-9-1-1 system.

PROGRAM:

In July 2014, the Bureau completed transitioning from its legacy E-9-1-1 system to Next Gen 9-1-1, the next step in emergency communications that will allow access to 9-1-1 from non-voice services such as text messaging, and automated crash notification systems as standards are developed and tested. This dramatic change prepares Maine's system to receive and recognize the location of 9-1-1 requests from any of these devices.

Geographic Information Systems play a critical role within the Next Gen 9-1-1 system. Bureau staff provides local municipalities and counties technical assistance in the naming and numbering of all streets and road networks.

PURPOSE:

The Office of the Secretary of State provides administrative and policy oversight for the Department of the Secretary of State. The Secretary of State is provided for in the Constitution of the State of Maine and therein is required to attend the Governor, the Senate and the House of Representatives as they shall respectively require, to keep and preserve the records of all their official acts and proceedings, and to perform such other duties as required by law.

Maine statute provides for additional duties of the Secretary of State as follows: Title 4 (Notaries); Title 5 (Office of the Special Advocate, Regulatory Fairness Board, Address Confidentiality Program, Archives, Notaries, Boards and Commissions, and the Administrative Procedures Act); Title 10 (service and trade marks); Title 11 (Uniform Commercial Code filings); Titles 13, 13-A, and 13-B (corporations); Title 21-A (elections and citizen initiated legislation); Title 29-A (motor vehicles); Title 30-A (election of county officers) and Title 31 (limited partnerships and limited liability companies). There are approximately 800 separate sections of Maine law which makes reference to the duties of the Secretary of State.

Specifically, the Office of the Secretary of State is responsible for the overall administration, including finances, personnel and programs, of the Department of the Secretary of State's respective bureaus: the Maine State Archives; the Bureau of Corporations, Elections and Commissions; and the Bureau of Motor Vehicles.

ORGANIZATION:

The Secretary of State, as established by the Constitution of the State of Maine in 1820, is elected biennially, by joint ballot of both bodies of the Legislature. In 1862, certificates of incorporation were required to be deposited with the Secretary of State, leading to the formation of a Corporation Division in 1870. The Elections Division was established in 1891, when the Secretary of State was designated the responsibility for printing and distributing ballots to towns, providing returns and performing other duties related to elections.

The Bureau of Motor Vehicles was established in 1905, to provide for the registration of motor vehicles by the Secretary of State. In 1919, the registration of legislative counsel and employers became a function of the Secretary of State. In 1963, the State adopted the Uniform Commercial Code to be administered by the Secretary of State as a function of the Corporations Division. Also in 1963, the Department of the Secretary of State was first recognized under the law with the Secretary of State being designated as its executive head.

The Maine State Archives, created in 1965 and administered by the State Archivist, was made a bureau of the Department in 1973. The Administrative Procedures Act became effective July 1, 1978. The Office of the Special Advocate was created in 2011 to provide assistance to small businesses and staff

DEPARTMENT OF THE SECRETARY OF STATE

the Regulatory Fairness Board.

PROGRAM:

The Department is made up of three bureaus: the Maine State Archives, the Bureau of Corporations, Elections and Commissions (CEC), and the Bureau of Motor Vehicles (BMV), and two offices, the Office of the Secretary of State and the Office of Information Services. As a Constitutional Officer, the Secretary of State is charged with carrying out the Department's diverse responsibilities and unique mission.

Customer service and government efficiency are top priorities. The Department is recognized as a leader in the effort to enhance access to information and services through the use of technology. With more than 26 online services in place, the Department continues to identify services that can be offered electronically and made available to the public and businesses 24 hours a day, 7 days a week. Through a partnership with the Information Resource of Maine (InforME), new online services are launched on a regular basis.

The Department takes its responsibilities in the area of elections and civic education very seriously and conducts a variety of projects designed to strengthen our democracy.

The Department's commitment to the State's younger generation is evident in programs such as the Maine Student Mock Election, Maine History Day and the Eighth Grade Citizenship Awards. That commitment carries throughout the entire Department, as evidenced by improvements in teen driving laws and the Parent's Supervised Driving Program.

The Small Business Advocate conducts outreach to a wide variety of organizations; and works to resolve regulatory issues between state agencies and small businesses.

PURPOSE:

The Division of Administrative Services provides services for the bureaus, divisions and sections within the Department of the Secretary of State. This includes the Bureau of Corporations, Elections and Commissions (CEC), the Maine Archives, Information Services, and the Bureau of Motor Vehicles (BMV). The divisions within the Bureau of Motor Vehicles consists of Driver License Services, Legal Affairs, Adjudications & Hearings, Enforcement, Anti-Theft & Regulations, Public Services and Vehicle Services. The Administrative Services division provides financial and management support services including accounting, audit, budgeting, inventory management, human resources, payroll, plate manufacturing, records management, revenue collection, central stores and supply, mail handling and facilities management. These services cover the main office, 13 branch offices, 19 outreach locations operated by two mobile units, Archives, CEC and Secretary of State's office.

ORGANIZATION:

In an effort to maximize efficiencies, consolidate functions and realize savings, the administrative functions of the Bureau of Corporations, Elections and Commissions and the Maine Archives, were merged with the Bureau of Motor Vehicles Administrative Services Division as part of a cost savings measure in Public Law 2009, chapter 413. In May 2014, the Records Management and Retention section consisting of data entry, data management, central files, numerics and micro-film/scanning was permanently assigned to Administrative Services as these services are provided to the entire agency.

PROGRAM:

The primary functions and activities of the Division include providing General Fund and Highway Fund revenue projections to the Revenue Forecasting Committee, federal grant management, manufacturing and issuing regular and new specialty license plates, completing contracts, monitoring encumbrances and expenditures, ongoing human resources support to employees and supervisors, and facilities management. Audit Services conducts reviews of municipalities and audits vendor systems, to ensure software upgrades reflect recent law changes. Records Management and Retention indexes vehicle and driver history, stores all records via micro-film or digital image, following policy and statutory requirements, for in-house and state agencies, municipalities and law enforcement.

DEPARTMENT OF THE SECRETARY OF STATE

PURPOSE:

The powers and duties of the State Archivist include responsibility for establishing rules, standards and procedures governing the creation, use, maintenance, retention, preservation and disposal of State records. Under this general authority, the Maine State Archives assists the three branches of State government, as well as county and municipal government agencies, in making their operations more efficient and economical by applying modern records management techniques, including establishing disposition schedules under which agencies may destroy records having exhausted their value to the State; providing technical assistance in specialized fields such as files, forms, general paperwork and electronic records procedures; and providing centralized storage and retrieval facilities for records that must be temporarily retained.

Professional archival services include the selection and preservation of hard copy and digital records that have permanent value to the State, accompanied by the application of specialized technologies and techniques designed to make such records readily accessible for use by the government and the public. These efforts include identifying and arranging records, developing finding aids (inventories, indexes, and guides) to record groups or series, assisting in-person users, responding to mail and electronic mail requests, publishing by microfilm services (duplication, digital to microfilm conversion, microfilm to digital conversion), printing selected records in high demand by the public and posting electronic documents on the internet.

ORGANIZATION:

The Maine Legislature created the State Archives in 1965. In 1973 Archives was designated a central staff agency extending its jurisdiction to the counties and municipalities.

Two operating functions comprise the Maine State Archives: Records Management Services and Archives Services. The Office of the State Archivist is organized to supervise overall administrative and programming responsibilities and exercises general control over publications and agency participation in intergovernmental and public activities.

The State Archivist, with advice from the Archives Advisory Board, is responsible for authorizing the deaccession and destruction of archival government records that are no longer deemed to have permanent value. The Archives works with the Maine Historical Records Advisory Board to serve historical records repositories throughout Maine and serves as chair of the Board.

PROGRAM:

Records management consulting and training is available to all government agencies, including counties and municipalities. A comprehensive database system allows for retrieval of records. Special projects including scanning, digitizing records, and/or re-filming of records whose original versions are in poor condition and deploying searchable databases in the Archives' Research Room. When funding is available, the Archives makes financial grants available for archival preservation and access projects.

PURPOSE:

The Division of Archives Services was established under the authority of the State Archives to preserve, maintain, service and make available to the government and the public the permanently valuable (archival) documents of the State. Also included are vital records of birth, death, marriage, divorce records prior to 1892, and criminal records, governmental proceedings, photographs, maps, trademarks and court proceedings. The Division of Archives Services accomplishes this by assisting members of the public and state agencies in their research, by making historic state records available for research, and by ensuring the preservation of archivally designated state records.

ORGANIZATION:

The Division became operational upon the completion of construction of the Maine State Archives in 1971.

During FY2020, the Division of Archives Services responded to 3,496 requests for information and research assistance. The creation of finding aids in the form of computerized indexes has continued with many now available online. Further online access has become available on the Digital Commons and through the ArchivesSpace catalog database. During this same time frame, the division conducted four tours of the Archives to 114 individuals.

The Division works with the Secretary of State's Office of Information Services and with the State's Office of Information Technology to ensure the preservation of digital records and permanently valuable (archival) digital documents throughout State government.

PROGRAM:

Services in the Research Room include quiet areas where researchers can examine archival documents and view images on computers and digital microfilm reader-printers. These images can be digitally scanned, reproduced in paper form and made available on the internet.

PURPOSE:

The purpose of the Division of Corporations, UCC and Commissions is to serve as a repository for all records relating to over 117,000 business entities and nonprofit corporations operating in the State and over 215,000 liens filed on personal property under the Uniform Commercial Code. The Division also administers the appointment, renewal and continuing education of over 23,000 Notaries Public, administers the application process for nominees for the office of Dedimus Justice for the Governor's Office; records and maintains appointments and information for over 250 boards and commissions listed in Title 5, chapter 379, and processes requests for Authentications, Apostilles and other certifications relating to public officials.

ORGANIZATION:

The Director is responsible for the programs of the Division. The Director reports to the Deputy Secretary of State responsible for all programs and activities of the Bureau of Corporations, Elections and Commissions.

PROGRAM:

The Division files all originating documents, amendments and cancellations relating to business and nonprofit corporations, limited partnerships, limited liability companies and limited liability partnerships and reviews proposed entity names against those on file for availability prior to filing; files over 97,000 annual reports disclosing officer information for all entities on file; assesses penalties for late filing of annual reports; and administratively dissolves or revokes entities which fail to file annual reports, pay penalties, maintain a contact person, or do not maintain workers' compensation insurance. The Division maintains over 3,800 active service and trademarks on file and reviews the design and text of the proposed marks against those on file for availability prior to filing. The Division annually files over 51,000 original records, amendments and renewals of security interests in personal property under the Uniform Commercial Code and the Federal Food Security Act. The Division also maintains signature and oath records for Notaries Public, various State officials and appointees to boards and commissions. These records are maintained both as an official record and for authenticating official acts. The Division annually reports to the Governor and the Legislature on potential vacancies and activities of boards and commissions. The Division issues commissions and provides continuing education for Notaries Public.

The Division maintains public access in the Bureau's reception area to allow walk-in users direct access to corporate and UCC information. The Division works with businesses, the legal community and other stakeholders to review and consider adoption of uniform or model state filing laws and procedures that are under the responsibility of the Division. Since 2000, the Division has implemented a number of online services to provide 24/7 access to filing systems or view information contained on the Division's data base.

PURPOSE:

The Bureau of Corporations, Elections, and Commissions is responsible for elections, corporations and a variety of central filing activities. The Bureau has significant contact with the public in many areas including the following: conduct of state elections; corporation filings; Uniform Commercial Code (UCC) filings; oversight of the Administrative Procedure Act (state agency rule-making); recording of appointments to state offices, boards and commissions; and commissioning of Notaries Public. In addition, the Bureau provides administrative support to the Maine State Archives and the Office of the Secretary of State.

ORGANIZATION:

The Bureau executes its responsibilities through a divisional structure. The Deputy Secretary of State is the Administrative head of the Bureau and the Directors of the two divisions report directly to the Deputy. Each division has an Assistant Director or working supervisor who is responsible for the functioning of his or her area. Overall operational responsibility for the Bureau rests with the Deputy.

PROGRAM:

Annual customer contact includes inquiries in person, over the phone, by mail and by e-mail to individuals or through email drop boxes. Customers also obtain significant information through the Bureau's web pages. The Bureau also has one public access workstation in the reception area to allow walk-in users direct access to the data or information in many of the program areas of the Bureau.

Reference Policy Area 00 *Umbrella* 29 *Unit* 250L *Citation* T0029A *M.R.S.A., Sect.* 000001251

PURPOSE:

The Division of Driver License Services was established with an ultimate objective of assuring the safety of the licensee and other users of the highways through improved attitudes and driving performance. This objective is accomplished through effective administration of the laws pertaining to the operation of motor vehicles; issuance of operators licenses, including the photo license and identification card program; through records of convictions or adjudications as transmitted from the courts; through traffic accident records; by identifying those drivers who are reckless or negligent and habitual or frequent violators of traffic laws and/or accident involvement and by maintaining standards to determine physical, emotional and mental competencies for driving.

ORGANIZATION:

The Division was established as a result of reorganization within the Bureau of Motor Vehicles. It originated as the Court Records Section in the early 1920's, and remained as such until 1970 when it was formed into the Bureau of Driver Improvement and Financial Responsibility. In 1976, the Bureau of Driver Examinations was merged with Driver Improvement and Financial Responsibility, creating the Bureau of Driver Licensing and Control. In 1978, the Bureau of Driver Licensing and Control was formed into a Division. In 1991, the Examination Section was transferred to the Division. In 1996, regulatory responsibility for driver education programs was transferred to the Division. In 1999, as the result of Bureau reorganization, the Division came to be known as the Division of Driver License Services. In 2017, a Bureau reorganization transferred the oversight of driver/rider education from the Division.

PROGRAM:

The primary functions and activities of the Driver License Services Division are ensuring drivers are properly licensed, motor vehicles are properly insured, examination of drivers for licensure, processing abstracts of convictions or adjudications of violations of the motor vehicle laws as transmitted from the Maine Judicial System including the traffic court, and applying those convictions or adjudications to driver history records. Case review of individual driver records for appropriate action against repeat violators under the point system or suspending the license or registration as mandated by law. The Division reviews individual reports of traffic accidents and invokes the provisions of the Financial Responsibility Law against motorists involved. The Division also suspends licenses based on administrative determination that a person operated a motor vehicle with an excessive alcohol level or was under the legal drinking age

DEPARTMENT OF THE SECRETARY OF STATE

while operating a motor vehicle with any amount of alcohol. This Division is responsible, with the support of a Medical Advisory Board, in accordance with established rules and standards used by the Secretary of State for determining physical, emotional and mental competence of persons to operate motor vehicles. The Division manages the Ignition Interlock program and associated requirements that allow a driver to restore driving privileges with the installation of an approved ignition interlock device. The Division maintains compliance with federal rules and regulations related to the permitting, licensing and suspension of commercial motor vehicle operators.

In 2008, the Division implemented legal presence and residency laws which requires holders of a driver's license or identification card to provide proof of legal presence in the US and residency or domicile in this state before obtaining or renewing a credential.

PURPOSE:

The purpose of this Division is to supervise and administer all elections for federal, state and county offices and statewide referenda. In that capacity, the Division advises election officials from 500 municipalities, 600 candidates and the general public regarding election laws and procedures; conducts training sessions for municipal election officials; prepares, proofreads and distributes 2,750 separate ballot types and other election materials; tabulates official election results; supervises recounts of contested races; oversees the application of the State's laws pertaining to candidate and citizen initiative petitions; and coordinates the statewide implementation of the National Voter Registration Act (NVRA), the Help America Vote Act (HAVA), the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA), and the Military and Overseas Voters Empowerment Act (MOVE), four federally mandated programs.

Additionally, the Division maintains records of approximately 2,100 rules filed under the Administrative Procedure Act for all State agencies and arranges for

DEPARTMENT OF THE SECRETARY OF STATE

the publication of rule-making notices.

ORGANIZATION:

The Director is responsible for the functions of the Division. The Assistant Director of Elections reports directly to the Director who reports directly to the Deputy Secretary of State assigned to the Bureau of Corporations, Elections and Commissions.

PROGRAM:

The Division provides municipalities with extensive assistance in election practices, and strives for the best possible procedures to ensure fair and efficient elections. The Division trains local election officials at an annual conference, and conducts regional workshops in conjunction with the Maine Town and City Clerks Association. The Secretary of State convenes groups of stakeholders, as needed, to advise the Department on election issues, including the wording of citizen initiatives and implementation of new state and federal laws and procedures.

Under the Administrative Procedure Act (A.P.A.), the Division ensures that A.P.A. rulemaking procedures mandated by statute are followed by state agencies and makes rules accessible to the public through newspaper advertising and through promulgation by electronic formatting on the Division's website.

PURPOSE:

The Division of Enforcement, Anti-Theft and Regulations was established to provide for the law enforcement, regulatory functions, and business licensing of the Bureau of Motor Vehicles. Such operations include regulation and enforcement of laws concerning various types of vehicle dealer, title fraud, odometer fraud, auto theft investigations, registration evasion, insurance fraud, driver license and state identification card fraud, consumer complaints, and all other law enforcement duties assigned by the Deputy Secretary of State. In 2020, the law enforcement unit had 4,219 cases assigned and closed 4,385 cases. The Division oversees the management and training of the Secretary of State's Critical Incident Management Plan.

The Dealer Licensing Unit administers the licensing and renewal process for new and used automobile dealers, equipment, light trailer, trailer, motorcycle dealers, vehicle auctions and recyclers. This unit issues new and used dealer licenses and plates, dealer wrecker plates, permits for demonstration of loaded trucks, mobile crushers and off-sight vehicle sales. In 2020, this section serviced and maintained 2,776 licensed dealers.

The Title and Anti-Theft Unit provides for the determination of ownership of a vehicle, lien holder information and issuance of certificates of title. This unit is responsible for the processing and inspection of all incoming vehicle title applications. All questioned applications and other suspect documents are referred to the Enforcement Unit for a complete investigation. In 2019, 455,452 title applications were examined, and 428,178 titles issued.

The Driver/Rider Education Unit provides for licensing and monitoring all driver/rider education schools and instructors; it is responsible for the training and certification of motorcycle safety instructors; and the education of individuals interested in obtaining a motorcycle license. In 2020, there were 342 licensed driver education instructors, 176 licensed driver education schools, 57 licensed motorcycle instructors, and 24 licensed motorcycle schools. This unit also investigates complaints against driver/rider education schools and their instructors. They assist in performing compliance inspections of licensed car dealerships and salvage yards.

ORGANIZATION:

In 2018, the Bureau, through reorganization, combined the work units of Law Enforcement, Dealer Licensing, Title and Anti-Theft, and Driver/Rider Education under one Division. This newly reorganized division is called the Division of Enforcement, Anti-Theft and Regulations.

PROGRAM:

The Division continues to investigate and enforce violations of motor vehicle, criminal, and civil statutes, focusing in the areas of consumer protection and public safety.

PURPOSE:

The Medical Advisory Board was established to advise the Secretary of State on medical criteria and vision standards relating to the licensing of drivers. It assists the Secretary of State in determining whether a person is qualified to be licensed as a motor vehicle operator. When the Secretary of State has cause to believe that a licensed driver or applicant may not be physically or mentally qualified to be licensed, advice may be sought from the Board. The Board formulates its advice from records and reports, or may cause an examination and confidential report to be made by one or more members of the Board or any other qualified person it may designate. The licensed driver or applicant may cause a written report to be forwarded to the Board by a physician of their choice, which must be given due consideration by the Board.

DEPARTMENT OF THE SECRETARY OF STATE

ORGANIZATION:

The Medical Advisory Board was authorized in 1971 to consist of five members appointed by the Secretary of State. To date, there are Board members representing the specialties of cardiology, gerontology, internal medicine, neurology or neurological surgery, ophthalmology, psychiatry, family practice and rehabilitative medicine and may include additional members who are professionals in relevant medical fields.

PROGRAM:

The Medical Advisory Board is required to meet at least once every two years, may hold as many meetings deemed necessary and maintains a calendar of scheduled meetings. Additionally, the board shall advise the Secretary of State on written medical and vision standards related to operator licensing which may be adopted as rules and it shall coordinate efforts to educate health care providers and the public, in medical aspects of motor vehicle operator licensing.

PURPOSE:

The Bureau of Motor Vehicles was established to provide public safety and better regulation of traffic through administration of the laws of the State relating to motor vehicles and to the operators and operation thereof. Under the auspices of the Secretary of State, the Bureau provides various motor vehicle registration, license and title services to the residents of Maine at the main office and thirteen branch locations throughout the State.

The Bureau ensures that applicants applying for operators licenses have the ability, knowledge and necessary skills for safe vehicle operation; investigates and licenses motor vehicle and trailer dealers; conducts hearings on violations of motor vehicle laws to determine if the individual's privilege to operate or register a vehicle should be suspended, withheld or revoked and also determines when reinstatement is permissible.

The Bureau provides a method of registering and titling motor vehicles and collects the sales tax due when a vehicle is purchased from anyone other than a registered dealer.

ORGANIZATION:

The Bureau was organized in 1905 for the purpose of issuing lifetime licenses. In 1911, the Legislature changed the registration and licensing from a lifetime issue to an annual issue. In the 1920's, the Bureau had grown to the extent that it was headed by a Chief Clerk, had a Registration and Licensing Section and a Court Records Section. In 1935, the requirements for semi-annual inspection of motor vehicles became a responsibility of the Bureau and in 1939 an Examination Section was added to administer the required rule on new licenses.

In 1942, the Bureau was reorganized and placed under the direction of the Director of Motor Vehicles, with an Assistant Director named in 1943. This organizational structure remained until 1970 when the Bureau was reorganized into four bureaus: Public Services, Finance and Administration, Data Processing and

DEPARTMENT OF THE SECRETARY OF STATE

the Bureau of Driver Licenses. Several minor structural changes were made between 1970 and 1976 when the Bureau was reorganized into the Executive Section and three bureaus. Duties and responsibilities were added, and the Bureau evolved into an Office of the Deputy and six divisions: Administrative Services, Commercial Vehicles and Reciprocity, Driver Licensing and Control, Enforcement and Regulation, Information Services and Public Services.

In 1997, the Bureau began regulating driver education programs. In 1999, the Bureau of Motor Vehicles was reorganized once more into the Office of the Deputy, the Office of Investigations and three divisions: Division of Administrative Services, Division of Driver License Services, and the Division of Vehicle Services. In fiscal year 2001, the functions of the Planning Office were transferred to the Administrative Services Division. In 2007, the Division of Public Services was created to focus on customer service. In 2009, the Division of Driver License Services was reorganized resulting in the creation of the new Division of Legal Affairs, Adjudications, and Hearings. In 2017, the Office of Investigations was reorganized resulting in the creation of the new Division of Enforcement, Anti-theft and Regulation.

PROGRAM:

The Bureau provides licensing, registration, and title services through 13 branch office locations, 19 outreach stations operated by 2 mobile units, the main office in Augusta, 468 municipal agents and 12 non-governmental agents.

The Bureau continues to expand its online services to include driver license and ID card renewals and replacements, organ donation, driving records, trailer registration renewals, over-limit permits, title lien releases and vanity plate search and order.

PURPOSE:

The Division of Public Services carries out the mission and objectives of the Bureau of Motor Vehicles under the direction of the Deputy Secretary of State and as prescribed by law. The focus of the Division is on providing a wide range of licensing and motor vehicle services to the citizens and businesses throughout the State of Maine at various offices and mobile unit sites.

ORGANIZATION:

The Division of Public Services operates within the Bureau of Motor Vehicles and under the direction of the Deputy Secretary of State. The Division is comprised of a Director and Office Specialist, as well as three Senior Section Managers who oversee thirteen Branch Managers and seventy-six Customer Representative Associates in three field operations units, in the Southern, Central and Northern regions of Maine. Within the districts are thirteen branch office locations and two Mobile Units that visit nineteen outreach stations throughout Maine communities on a regular basis. In addition to Field Operations Units, the Division also reaches the public through a partnership with nine American Automobile Association (AAA) branch locations around the State.

PROGRAM:

Services offered by the Division include, but are not limited to, the processing and issuance of commercial and non-commercial driver licenses, driver permits, state identification cards, Real ID driver licenses and identification cards, suspension restorations, commercial and passenger vehicle registrations, trailer registrations, commercial vehicle permits and disability placards. The Division works closely with the many divisions within the Bureau of Motor Vehicles to follow changing requirements and address operational needs and was recently reorganized to redouble its focus on public services. Efforts include providing a more user-friendly lobby management system, improving efficiency through the identification and use of existing and emerging technologies, improvement of customer service commitments and relationships through personal contact and increasing the integrity between the Bureau and citizens of Maine.

PURPOSE:

The Division of Records Management Services, established under the authority of the State Archivist, assists state agencies in managing their records by means of record retention schedules which includes technical assistance to improve procedures for maintaining, storing and servicing records; as well as preservation imaging services.

DEPARTMENT OF THE SECRETARY OF STATE

ORGANIZATION:

The Division became operational upon construction of the Maine State Archives in 1971. It includes the State Records Center and Imaging Center.

PROGRAM:

By law, the Maine State Archives furnishes copies of archival materials in its possession. The Imaging Center provides this service and microfilming paper records that are deemed too fragile to be handled. A digital and/or microfilm copy is generated for safe Research Room use and for preservation. The Imaging Center duplicates and preserves thousands of images in Archives holdings and provides large format preservation scanning and image reproduction for records such as maps, trademarks, photographs, muster rolls, and charts.

The State Records Center provides safe, cost effective, environmentally controlled storage for state agency records (including computer media and microfilm records, as well as paper files). The Records Center also retrieves and provides access to records upon request and facilitates the destruction of records upon approval of the State Archivist and in accordance with approved records schedules. The Division works with the Secretary of State's Bureau of Information Services and with the Office of Information Technology to ensure the preservation of digital records and permanently valuable (archival) digital documents from throughout State government.

PURPOSE:

The Regulatory Fairness Board exists to hear testimony and to report to the Legislature and Governor at least annually on regulatory and statutory changes necessary to enhance the State's business climate.

ORGANIZATION:

The Regulatory Fairness Board was created in Public Law, Chapter 304 (2011). The Secretary of State serves as chair of the Board, and four public members are appointed as follows: two members are appointed by the Governor; one member is appointed by the President of the Senate; and one member is appointed by the Speaker of the House.

PROGRAM:

The Board holds public hearings and receives oral and written testimony from constituents regarding a range of statutes and rules affecting their businesses. The Board issues an annual report to the Governor and the Legislature with recommendations based on the work the Board has done over the past year.

PURPOSE:

The Bureau of the Special Advocate exists to assist in resolving regulatory enforcement actions affecting small businesses that, if taken, are likely to result in significant economic hardship and to advocate for small business interests in other regulatory matters.

ORGANIZATION:

The Bureau of the Special Advocate was created in Public Law, Chapter 304 (2011) and reports directly to the Secretary of State.

PROGRAM:

The Bureau of Special Advocate provides assistance to Maine's small businesses. Assistance varies from seeking to address a variety of regulatory actions; monitoring several statutory changes that impact small businesses; monitoring rule making activities regarding licensing; and other regulatory issues that have a direct impact on them. The Special Advocate also co-chairs the Maine Broadband Coalition. The Coalition advocates for legislation and other community activities to expand broadband in rural Maine which has a direct impact on small businesses. Additionally, the Special Advocate assisted Maine's businesses with referrals and other guidance and staffed the Regulatory Fairness Board.

PURPOSE:

The primary purpose of the Division of Vehicle Services is to administer those motor vehicle laws pertaining to the registration of all classes of motor vehicles and trailers. Vehicle Services also administers both state and federally adopted commercial vehicle laws. Programs administered include all registration requirements, disability parking placards and plates, the municipal excise tax reimbursement program, the International Registration Plan (IRP), short term gross weight increase permits, long term trailers, and fuel use programs including the International Fuel Tax Agreement (IFTA). Furthermore, the Division administers the federal heavy vehicle use tax program, other tax programs, verifying required insurance coverage for for-hire vehicles, the Unified Carrier Registration (UCR), and over dimensional/overweight permits for the movement of non-divisible loads. The Division also establishes and maintains motor vehicle reciprocity agreements between the State of Maine and other jurisdictions. The Division conducts motor carrier audits for IRP, IFTA, and UCR compliance.

The Division's Municipal Coordinators are responsible for training town municipal registration agents as well as non-governmental agents.

The Division's Motor Carrier Services Office staffs the Motor Carrier Review

DEPARTMENT OF THE SECRETARY OF STATE

Board. In 1996, the Board developed and adopted its rules for conducting carrier reviews. In 2018, those rules were modernized and approved with an associated statute change. In 2020, the Board was repealed by statute. The Motor Carrier Services Office also participates in the Federal Motor Carrier Safety Administration's Performance and Registration Information Systems Management (PRISM) program and the Commercial Vehicle Information Systems and Networks (CVISN) program. These programs are designed to improve motor carrier safety and efficiency.

ORGANIZATION:

This division, formerly named the Division of Public Services, was established as one of four Bureaus in 1970 and reorganized into a division in 1978.

With the reorganization in 1999, this division became the Division of Vehicle Services and the Commercial Vehicle programs, Dealer Licensing, and the Title and Anti-Theft Unit were added. The Division was recently reorganized, separating the dealer licensing and titles programs from Vehicle Services.

PROGRAM:

The Division continues to provide a single point of contact for the trucking industry and oversees the issuance of various commercial vehicle credentials. The effort to increase administrative efficiency and improve the database on commercial vehicles is ongoing. The Division also oversees the administration of laws pertaining to the registration of all classes of motor vehicles with passenger cars being the largest class. The Division also trains and oversees the municipalities in the registration and titling processes for the residents of their municipality.

The Division oversees Rapid Renewal, a web-based registration renewal program. The Division oversees several online motor vehicle-related applications. In fiscal year 2001, the online service to check vanity plate availability was introduced. In fiscal year 2005, over dimensional permits became available online.

Also in fiscal year 2005, the vanity plate website was expanded to allow Maine citizens to order their vanity plate choice, using the online service. IFTA E-file and online UCR registration were introduced in 2007. In 2008, Rapid Renewal was expanded to include certain nonresident military renewals. The division oversees various specialty and recognition registration plate programs.

In 2014, the Division implemented a new web-based IFTA computer system; and implemented a non-governmental registration agent program to allow non-governmental agents to issue long term and annual trailer registrations and motor vehicle registrations.

In 2017, the Division began work on a new overlimit permit routing application which will import highway restriction information from MDOT. This application went live in February 2019. The application allows permittees to apply online for permits at any time. Currently, the application is showing a self-issuance rate of nearly 82%. Self-issue means that the carrier completed the process with no employee intervention 82% of the time.

Also in 2017, the Division took over the administration of toll violation suspensions. The Division also began issuing Commemorative Maine Bicentennial Plates.

In 2018, the Division issued the new Emergency Medical Services and Barbara Bush Children's Hospital plates, and has begun to reissue a newly redesigned veteran's plate.

In 2019, the Division issued the new Autocycle plate and the Municipal & Agent Services website was enhanced to provide additional tools for all municipalities. The website was a one-stop shop allowing for easy access to information, fillable forms and improved communication between the agents and the Bureau.

PURPOSE:

The Maine Department of Transportation's mission is to responsibly provide customers the safest and most reliable transportation system possible, given available resources. MaineDOT was established to plan and develop transportation facilities and services designed to contribute to the economic growth of the State of Maine and the well-being of its people. MaineDOT plans for future transportation needs, and assists in the development, operation, and maintenance of services and facilities, while promoting transportation safety. Key links in the transportation network are a highway system developed to promote safety, personal mobility, economic considerations, community values, and environmental conservation; port and water transportation facilities that support development of coastal resources; freight-and passenger-rail facilities to serve commerce and provide transportation alternatives; transit services for inter- and intra-city travel, and for elderly and disabled populations; and an aviation infrastructure developed with the assistance of the Department. MaineDOT, on behalf of the State, also administers all federal or other monies intended for transportation uses.

ORGANIZATION:

Maine Department of Transportation had its origin in 1905, when a Commissioner of Highways was appointed by the Governor and charged with compiling statistics, disseminating information, working for better highways, and advising local officials on the best means of building and maintaining roads and sidewalks. In 1907, the Commissioner became head of a new State Highway Department, which was created to apportion money to political subdivisions, plan road improvements, and contract for road construction. In 1913, both the Department and the Office of the Commissioner of Highways were abolished and replaced by a State Highway Commission, which consisted of three members whom the Governor appointed.

When the State highway system began to grow and State responsibility for highway construction and maintenance increased, the State Highway Commission expanded to include a central office in Augusta and seven offices located throughout the State. During the state government reorganization of 1972, the Commission was dissolved, and all of its functions were transferred to a newly established Department of Transportation headed by a Commissioner appointed by the Governor.

At the same time, several independent, transportation-related agencies such as the Maine Port Authority were integrated into the Department. Major changes occurred once again in 1981 when the Commissioner was authorized to organize the department into bureaus and other units.

PROGRAM:

The program of MaineDOT is accomplished through its statutorily and administratively created units and the various activities of these units are individually reported in subsequent entries.

MaineDOT Goals are:

1. **MANAGE THE EXISTING SYSTEM:** Effectively manage Maine's existing transportation system for safety and effectiveness within reliable funding levels.
2. **SUPPORT ECONOMIC OPPORTUNITY:** Wisely invest available resources to support economic opportunity for our customers.
3. **BUILD TRUST:** Demonstrate our core values of integrity, competence, and service, both individually and organizationally.

PURPOSE:

The Bureau of Finance and Administration was established to provide administrative and financial management support and services essential to the successful accomplishment of the goals and responsibilities of the Department of Transportation.

ORGANIZATION:

The Bureau of Finance and Administration originated as the Bureau of Accounts and Administration of the former State Highway Commission, established in 1913. During the state government reorganization of 1972, the Commission was abolished, and the functions of the Bureau were transferred to the new Department of Transportation's Bureau of Administrative Services, which in February of 1981 was renamed the Bureau of Finance and Administration.

PROGRAM:

The Bureau's current focus is on enhancing the accuracy of financial forecasting and promoting complete accountability in the administration of transportation programs and funds.

Financial information and position counts for other units are also included in this program.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

Reference Policy Area 08 Umbrella 17 Unit 245 Citation T0006 M.R.S.A., Sect. 000000302

PURPOSE:

The board was established to advise the Department on matters relating to aeronautics and to submit to the Commissioner an annual report which includes recommendations for change to the aeronautical laws and comments upon the present and future needs of that service. Written reports and comments will be available to the public.

DEPARTMENT OF TRANSPORTATION

ORGANIZATION:

The Maine Aeronautical Advisory Board, was created as a board within the Department of Transportation comprised of at least 7 voting members appointed by the Commissioner of Transportation. All members shall serve a term of office of 2 years consistent with the state fiscal year. Terms must be staggered so that approximately half of the board is renewed each year. The Commissioner shall endeavor to appoint a balance of public and private sector members holding diverse knowledge and perspectives of the aeronautics industry. Vacancies may be filled to serve out the remainder of a term if a member resigns or is terminated for cause or a vacancy is created in any other manner. The Bureau Director of the Bureau of Planning or Designee is an ex officio member of the board. The board meets at the call of the chairman, or at the call of at least 3 members of the board. Members serve without compensation or expenses.

PROGRAM:

The Maine Aeronautical Advisory Board continues to focus on bringing the benefits and advantages of aviation to the attention of the general public and improving the State's role in state-wide aviation matters. The Board makes recommendations and proposes initiatives to improve the air transportation system and will make recommendations on potential legislation

FINANCES, FISCAL YEAR 2020: The Bureau of the Budget does not maintain comprehensive fiscal data relative to this unit.

PURPOSE:

The Maine State Ferry Service (MSFS) Advisory Board was established to assist the Department on matters relating to the MSFS. The Board shall submit to the Commissioner of Transportation an annual report that shall include recommendations for change to MSFS and comment upon the present and future needs of the service.

ORGANIZATION:

The MSFS Advisory Board shall consist of one member and one alternate member from each of the island municipalities and plantations served by the MSFS and three members appointed by the Commissioner.

PROGRAM:

In FY 2020, the Board which is comprised of 6 island representatives and alternate members from the communities and 3 mainland representatives advised MSFS management on the following key issues:

1. The seasonal rate structure that went into place on October 1, 2020.
2. Vessel Management:
 - a.) Construction of the M/V Richard G. Spear is underway with delivery in February of 2021.
 - b.) The next major project is the mid-life rebuild of the M/V Libby with the design work awarded in September 2020.
 - c.) The board was also supportive of doing more work on vessels during each yard period to improve condition, extend the life and reliability of the fleet.
 - d.) A Preventive Maintenance System was implemented in 2020 with completion and training completed in October 2020.
3. Infrastructure Maintenance:
 - a.) Maintenance and improvement work has been completed at multiple transfer bridges, piers, and buildings across the ferry service.
 - b.) The infrastructure improvements on the Vinalhaven dolphins and wave fencing was completed in August of 2020.

DEPARTMENT OF TRANSPORTATION

4. The primary Advisory Board topic for this year has been the continued operation of the MSFS during COVID-19. MSFS management worked with the six island municipalities to place several different schedules in place with the fluid situation that the pandemic presented.

PURPOSE:

To sustain Maine's transportation network, the Bureau of Maintenance and Operations performs work in three primary areas: Maintenance, Operations, and Production support. Each area includes numerous work activities recorded by the Bureau as a measure of yearly accomplishments. The information collected is measured to the Department's established levels of service. Heavy and medium trucks, and any associated heavy equipment, are managed through an internal services account managed by MaineDOT Fleet Services. Our workforce has expertise in many diverse specialties. These subject areas combined with the knowledge of the Bureau and its employees, allow for successful navigation of the geographical challenges realized within Maine. Utilizing both state forces and contractors, allows the Bureau to realize a streamlined delivery of projects. This partnership allows the Bureau to achieve Department goals.

ORGANIZATION:

The Bureau of Maintenance and Operations consists of five geographic Regions, the Maine State Ferry Service, Fleet Services, and a Central Headquarters unit. The Central Headquarters unit is the support center for Regional operations, as well as the statewide divisions of Traffic Engineering, Community Services, Multimodal Operations, and Radio Operations

PROGRAM:

MaineDOT's Bureau of Maintenance and Operations (M&O) operates, inspects and maintains, Maine's diverse transportation system. This includes not only the State's highways, but the management and operation of 478 miles of rail owned by the State, the Maine State Ferry Service, operations and oversight of state-owned airports and numerous bridges owned and maintained by the State of Maine.

Within the State highway systems, M&O is responsible for snow and ice control for Maine's 8,300 lane miles of state highways, per established Customer Service Levels. Six hundred of these lane miles are contracted to be maintained by contractors and municipalities. Additionally, M & O provides emergency response services 24 hours a day, 365 days a year.

The Bureau's work also includes summer highway maintenance for 8,400 centerline miles of state and state aid highways; as well as the inspection and maintenance of over 2,700 bridges and minor spans, 229 railroad bridges and the inspection of approximately 800 municipality owned structures. The Maine State Ferry Service (MSFS) provides a vital link between the mainland and the island communities of Islesboro, North Haven, Swan's Island, Vinalhaven, Frenchboro and Matinicus. The Bureau oversees the maintenance and operations of approximately 478 miles of state-owned railroad lines, and 372.61 miles of this are active rail, assisting in the transporting of goods across the State. M&O also manages highway access, signing, and additional traffic services to state, federal and municipal projects. The Bureau of Maintenance and Operations maintains a Transportation Management Center (TMC), open 24 hours a day 365 days a year. The TMC allows for the management of emergency field operations, communication to travelers on highway conditions, as well as to providing centralized communication with other State entities during events. Maintenance of rest areas, Visitor Information

DEPARTMENT OF TRANSPORTATION

Centers, the Penobscot Narrows Bridge Observatory and Maine's 511 Traveler Information system which keeps residents, as well as visitors to the State, informed, safe, and comfortable during travel on our highways, fall within the purview of the Bureau as well. The operating resources required to maintain established service levels within M&O include:

==> Augusta headquarters, along with five regional offices, seven Ferry Service terminals, and Fleet Services, which is responsible for the maintenance, purchase, and inspection of the Bureau's heavy equipment. Within the five regions there are 150 smaller crew maintenance facilities;

==> 778 pieces of heavy equipment;

==> Allocation of 1,416 full-time employees (FTEs), including 89 FTEs responsible for the year-round operation of the Maine State Ferry Service.

FINANCES, FISCAL YEAR 2020: The expenditure information for this unit was generated from the Budget and Financial Management System (BFMS).

PURPOSE:

The Maine Pilotage Commission was established to provide for a system of state pilotage devoted to the preservation and protection of lives, property, the environment and vessels entering or leaving state waters. It also acts to ensure the highest standard of efficiency and the availability of pilots that are well-qualified for the discharge of their duties in the aid of commerce and navigation.

ORGANIZATION:

The Maine Pilotage Commission is made up of seven (7) members appointed by the Governor for three-year staggered terms. These members represent the three major pilotage areas of the state, businesses that use the services of pilots, and public members. An Administrator is appointed by the Commissioner of the Department of Transportation. Typically, the Commission meets three times a year for non-emergency business.

PROGRAM:

The Commission establishes the rules, policies, and procedures that govern the licensing, training, and discipline of marine pilots in the state waters under the jurisdiction of the Commission. The Commission also approves the rates which pilots may charge for services and generally oversees the operational and safety requirements of deep draft ship movements. Administrative responsibility for the

PURPOSE:

The MaineDOT Bureau of Planning conducts continuing, cooperative and comprehensive transportation planning for all modes of transportation, statewide. The Bureau also develops the Department's Work Plan to support the Department's mission, "To responsibly provide our customers the safest and most reliable transportation system possible, given available resources." The planning activities of the Bureau are directed towards development and implementation of the Department's annual Work Plan. In it, the Bureau documents what projects will be constructed or undertaken, and what activities will be performed in pursuit of MaineDOT's mission and goals. The Bureau fulfills federal and State transportation planning requirements, and bureau staff provides technical assistance in transportation planning to municipalities, regional entities and partner agencies. The Bureau works closely with other MaineDOT bureaus and offices, and shares support staff with the Freight and Business Services Office.

ORGANIZATION:

In the state government reorganization of 1972, the State Highway Commission was abolished and functions of the Division of Planning and Traffic were transferred to the new Department of Transportation, later to be assumed by the Department's administrative Bureau of Transportation Planning and Services. In 1996, the Bureau revised its organizational structure to be consistent with the transportation planning requirements contained in federal and state laws, including the federal Intermodal Surface Transportation Efficiency Act, the federal Clean Air Act Amendment and Maine's Sensible Transportation Policy Act. In 2015, the Bureau's structure was again updated to increase efficiency and better align its work units with the Department's needs and its strategic plan. The Bureau is under the direction of the Deputy Commissioner, and is comprised of four work units: the Statewide Planning Office, the Scoping Division, the Program Development Division and the Multimodal Planning Division.

PROGRAM:

Statewide Planning Office:

The Statewide Planning Office focuses on customer/partner agency/stakeholder outreach and education, on establishing and building relationships with local officials, on carrying out federal long-range planning requirements, and on efficiently meeting other periodic and ongoing federal and state planning requirements. The office works with MaineDOT Region Offices and with partner agencies to conduct regional transportation planning, and to engage with the

DEPARTMENT OF TRANSPORTATION

general public and various stakeholders.

Scoping Division:

The focuses of the Scoping Division are to develop project purpose and need, define projects, assign appropriate cost shares and secure project agreements. The Scoping Division is involved with high-profile or high-cost projects, as well as with potential economic-development opportunities. This division is responsible for enhanced project scoping, traffic analysis, traffic modeling, maintaining MaineDOT's statewide travel-demand model, Metropolitan Planning Organization (MPO) planning and engineering oversight, major planning studies, competitive grant project-scoping, safety project scoping, connected and autonomous vehicles research, and Intelligent Transportation Systems (ITS) planning.

Program Development Division:

The Program Development Division is responsible for development and publication of MaineDOT's Work Plan (including ongoing candidate management), for development and publication of Maine's Statewide Transportation Improvement Program (STIP), for STIP and TIP amendments and for development of the Bureau's Planning Work Program. The Division is also responsible for developing and reporting Series 500 (Fuels and FASH) information to FHWA. The Division prepares grant applications to exploit funding opportunities, and develops and maintains expertise related to federal planning requirements.

Multimodal Planning Division:

The Multimodal Planning Division is responsible for planning and programming of passenger (mass transit and other public) transportation activities and projects. Planning and programming for multimodal freight are conducted and coordinated by the Freight and Business Services Office, which is a separate work unit. The Division is responsible for preparing program compliance documentation for the Federal Transit Administration and Federal Aviation Administration, for coordinating with other state agencies with transit-related responsibilities, and for identifying, prioritizing and selecting non-highway and bridge projects for the Work Plan. Working with the Bureau of Project Development, the Division also co-coordinates funding allocation for non-highway and bridge projects, both passenger and freight related.

PURPOSE:

The Bureau of Project Development's mission is to deliver safe, cost effective, high quality transportation projects and services to Bureau customers on schedule and budget. This entails development of transportation improvement projects from approval of funding through to construction completion, as well as delivery of certain non-project related engineering and technical services.

ORGANIZATION:

The Bureau of Project Development was formed as a result of the Ernst & Whinney Management Study completed in the early 1970's. Its internal organization has evolved over the years to a new unique form that now combines functions into three project delivery Programs: Bridge, Highway, and Multimodal. Each Program is composed of multi-functional project teams each having full responsibility for delivery of a specified collection of projects. The Bureau's organization also includes three support units: Construction Contracts, Property Office and Materials Testing & Exploration. Each of these units provides support for development of projects, but also Department wide assistance and external non-project services appropriate to their expertise

PROGRAM:

The Department's overall transportation improvement program continues to emphasize improvement of the existing transportation network and facilities. Projects are developed through an inclusive process that is centered on minimizing and avoiding impacts during construction to the surrounding natural environment, to abutting property owners and to the traveling public. Available Federal funding, application of innovative financing and contracting techniques, and the willingness of the Legislature and Maine voters to provide matching dollars, have allowed the Department to make significant improvements to Maine's transportation infrastructure. This past year the Bureau continued high production levels with delivery of many road and bridge improvements as well as other projects that improve facilities for other transportation modes such as marine, air and rail.

PURPOSE:

The Office of the Treasurer of State manages the State's general obligation debt, cash pool investments, banking needs, municipal revenue sharing distributions, trusts and unclaimed property program. The Treasurer serves on the boards of the Maine Municipal Bond Bank, MaineHousing, Maine Public Employees Retirement System, Finance Authority of Maine, Adaptive Equipment Loan Board, Maine Health and Higher Education Facilities Authority, Maine Governmental Facilities Authority, Maine Board of Emergency Municipal Finance, the Maine Public Utility Financing Bank, Dirigo Health Agency Board of Trustees, and Indian Housing Mortgage Insurance Committee.

ORGANIZATION:

The Office of the Treasurer of State was established by the Constitution of the State of Maine in 1820 with the Treasurer being elected biennially by both Houses of the Legislature sitting jointly. The Deputy Treasurer of State is designated by law as the chief clerk of the Office of the Treasurer and performs the duties of the Treasurer in the event of a vacancy or other absence.

PROGRAM:

The Office of the Treasurer serves as the state's banker and reconciles cash receipts from all state departments. In fiscal year 2020, more than 118,451 cash receipts were reconciled; over 798,121 checks were paid, and more than 4.3 million electronic funds transfers completed. Banking services provided to State departments include deposit access to 41 bank accounts, stop payments and/or reissues, wire transfers, positive pay, ACH debit, ACH credit, remote deposits, payment cards and more. Cash flow is monitored. Funds not needed to pay state expenses may be invested through the Treasurer's Cash Pool in obligations of the U.S. Government, CDs in Maine banks, money market deposit accounts, corporate bonds, and commercial paper. The Cash Pool includes 112 funds, averaged more than \$1.913 billion in fiscal year 2020, and was managed for safety and liquidity with yield in mind. In fiscal year 2020, the Cash Pool earned more than \$32.1 million in earnings from investments, including more than \$12.12 million to the General Fund.

The Office of the Treasurer of State issues all general obligation notes and bonds of the State. This responsibility includes the preparation of Official Statements, acquisition of credit ratings and the engagement of any auction processes, underwriters and other entities needed to accomplish the issuance. Transaction closing details and money transfers are also managed by the Treasurer, as are debt service payments and distribution requests. At the close of fiscal year 2020, the State of Maine's outstanding general obligation bond principal was \$572.7 million.

Four long-term investments--the Governor Baxter Trust, Lands Reserved Trust, Permanent School Trust and the Several Trust--are managed by the Office of the State Treasurer through contracts with third parties. A trust investment advisory committee led by the Treasurer provides policy advice and authorization for investment transactions. At the close of fiscal year 2020 the value of the trust funds was \$57.3 million. The Unclaimed Property Program is administered by the Office of the State Treasurer. Nearly \$28.3 million in unclaimed property was identified during FY 2020. A total of 30,642 claims were paid, reuniting citizens with over \$17.1 million of lost property.

The Office of the State Treasurer annually projects and monthly distributes Municipal Revenue Sharing to 491 municipalities and territories. Revenue sharing distributions are based on a portion of the sales tax, corporate tax, and personal income tax revenues. Population, State Valuation, and Tax Assessment statistics are updated annually and used to calculate the pro rata distribution

for each municipality. Approximately \$113.6 million was distributed during FY 2020.

M.R.S.A., Sect. 000000229

PURPOSE:

The University of Maine System (UMS) is the coordinating, policy, and planning entity for Maine's seven public universities. In that role, it provides undergraduate, graduate, and professional education in a variety of fields, conducts research and performs public service for the people of the State. The UMS was established to "develop, maintain and support a structure of public higher education in the State which will assure the most cohesive system possible for planning, action and service in providing higher educational opportunities..." (M.R.S.A., Title 20-A, subsection 10902).

The UMS Board of Trustees is authorized to provide, through its institutions, an organized program of instruction, research, and service and award academic degrees; establish mechanisms for review and approval of the UMS programs; review the current method of distributing state resources in light of distinctive missions, enrollment shifts, program priorities, changing program costs, demographic patterns and emerging needs of the State; review and evaluate existing programs to identify which programs best address future educational and economic priorities of citizens of the State and ensure that the needs of the State's nontraditional students are met in a more equitable manner.

ORGANIZATION:

The 103rd Legislature, recognizing the need for a more cohesive system of public higher education, voted to combine the former state colleges and OPAL (Orono, Portland, Augusta, Law School), into a consolidated University of Maine, with a single Board of Trustees.

The Portland and Augusta branches remained under the Orono university's administrative umbrella at the time of the 1968 merger. In 1970, the state Colleges changed their names to reflect the campuses of the UMS. Portland and Gorham were made a single institution in 1970 and in 1978 the name was changed from University of Maine at Portland/Gorham to the University of Southern Maine.

In 1986, the combined university was renamed the University of Maine System, reflecting its structure as a system of universities operating under a single governance structure. At the same time, the University of Maine at Orono's name was changed back to the University of Maine. In 2017, the University of Maine at Machias became a regional campus of the University of Maine.

The UMS is organized into the following units:

- > Governance and University Services (including Board of Trustees, Chancellor's Office, and centralized statewide operations)
- > University of Maine
- > University of Maine at Augusta (includes eight UMA academic outreach centers located around the state)
- > University of Maine at Farmington
- > University of Maine at Presque Isle
- > University of Maine at Fort Kent
- > University of Southern Maine (including the regional campus of the University of Maine at Machias)
- > University of Maine School of Law

Further, the UMS Board of Trustees is empowered by its charter to appoint a Chancellor of the UMS to serve as chief administrative and education officer and, on the nomination of the Chancellor, appoint university Presidents. The Board of Trustees, in consultation with the Chancellor, is the governing and planning body of the UMS and in addition has responsibility to prepare and approve the operating and capital budgets; support and enhance the UMS and its mission; provide sound financial management of the UMS; exercise prudent stewardship of

BOARD OF TRUSTEES OF THE UNIVERSITY OF MAINE SYSTEM

the UMS assets; plan strategies for programs and allocation of resources that most effectively serve the educational needs of the citizens of the State; develop and maintain a strong system of accountability to the public for performance results of the UMS; visibly advocate higher education as a means to strengthen the economy and communities of the State; and authorize contracts with the State of Maine or any department or agency.

PROGRAM:

INSTRUCTION. The UMS offers the associate, baccalaureate, master's, and doctoral degrees plus the certificate for advanced study and the professional degree in law. Academic programs include the arts and sciences, agriculture, forestry, technology, business, education, life sciences, marine sciences, engineering, law, and nursing. Specific responsibilities are assigned to each of the seven universities based on such goals as: 1) assuring a solid core of general studies; 2) building centers of excellence and expertise in specialized fields; and 3) responding to the particular cultural, agricultural, and industrial needs of regions. Fall 2019 enrollment totaled 29,974, including many part-time and adult learners. Maine's seven public universities awarded 5,333 degrees in 2018-2019.

PUBLIC SERVICE. In addition to its instructional programs, the UMS uses its university facilities, research capabilities, and faculty talent in direct support of community and individual needs throughout the State. A major example: University of Maine Cooperative Extension, supported by federal, state, and county governments, provides education and information directly to families, farmers, businesses, organizations, communities and individuals. Public service activities are encouraged at each university and include the use of the University faculty in elementary and secondary schools, direct aid by faculty experts to business and industry, the application of new research technologies, and the communication of information of importance to the citizens of Maine.

RESEARCH. The research mission of the UMS includes expanding faculty skills and teaching competence, increasing knowledge of Maine resources and improving their practical use, and assisting the State and regional economies. Research is encouraged at all universities but is emphasized more at the University of Maine and the University of Southern Maine, which have been designated major centers for basic and applied research within the UMS. Contributions have been particularly strong in pulp and paper technology, forestry, engineering, law, applied science, public policy, and quaternary studies. UMS research unquestionably has benefited Maine's business, natural resources and government. State investment in research results in additional federal and private grants and creates additional jobs in Maine.

MAINE CHARTER SCHOOL COMMISSION

NICHI FARNHAM, CHAIR

JEREMY JONES, EXEC DIRECTOR

PURPOSE:

The Maine Charter School Commission was created by Public Law 2011, Chapter 414, to authorize and oversee public charter schools in Maine. A ten (10) school limit was placed on the number of schools the Commission could authorize in the first 10 years. Recent legislation has imposed a permanent cap of 10 charter schools statewide by all authorizers.

Maine's charter school law provides guidance for the Commission in the following areas: content of applications that must be filled by charter school founders; execution of charter school contracts with the charter school's governing boards; oversight of charter schools it has authorized, including academic and operational accountability; analysis of data provided to the Commission by the charter school; and monitoring to ensure legal compliance with all applicable state and federal laws, rules and regulations.

The mission of the Maine Charter School Commission is to allow charter schools to be established as public schools that: Improve pupil learning by creating more high quality schools with high standards for pupil performance; close achievement gaps between high-performing and low-performing groups of public school students; increase high-quality educational opportunities within the public education system; provide alternative learning environments for students who are not thriving in traditional school settings; create new professional opportunities for teachers and other school personnel; encourage the use of different, high-quality models of teaching and other aspects of schooling; and provide students, parents, community members and local entities with expanded opportunities for involvement in the public education system.

ORGANIZATION:

The Maine Charter School Commission consists of seven (7) members. Three (3) members must be members of the State Board, appointed by the State Board for 3-year terms. Recent changes to charter school law requires that the Governor appoint the four (4) non-State Board members, subject to review by the Joint Standing Committee of the Legislature having jurisdiction over education matters and to confirmation by the Senate, for 4-year terms.

The work of the Commission is carried out by four (4) staff members: Executive Director, Director of Program Management, Senior Support Coordinator, and Administrative Assistant.

PROGRAM:

During the 2019-20 school year, Maine's public charter schools enrolled approximately 2,500 students from 298 cities and towns across the state.

Nine (9) schools are authorized by the Maine Charter School Commission: ACADIA Academy (Grades PreK-5), Baxter Academy for Technology and Science (Grades 9-12), Community Regional Charter School (Grades PreK-11), Fiddlehead School of Arts & Sciences (Grades Pre-K-6), Harpswell Coastal Academy (Grades 6-12), Maine Academy of Natural Sciences (Grades 9-12), Maine Arts Academy (Grades 9-12), Maine Connections Academy (Grades 7-12) and Maine Virtual Academy (Grades 7-12).

Maine's tenth public charter school, the Ecology Learning Center, was approved by the Commission to receive a charter in September 2019 and plans to open in September 2020 with 48 students in grades 9-10.

PURPOSE:

The State Board of Education is authorized to act in an advisory capacity to the Commissioner of Education in matters concerning state laws relating to education. In addition, the Board is delegated specific powers to make recommendations to the Legislature for the efficient conduct of the public schools; to approve the formation of School Administrative Districts; to approve the formation of Community School Districts; to grant permission for administrative units to enter into agreements for cooperative educational purposes; to act upon articles of agreement for creation of an Interstate School District; to develop and adopt a plan for the establishment of career and technical education centers; to approve standards for school construction; to approve school construction projects for state aid; to work as a partner with the Department of Education regarding the Essential Programs and Services school finance process; to obtain information regarding applications for granting degrees; to accredit programs at institutions of higher education that train educators; to set the standards for educator's certification, authorization, and approval; to approve applications for out-of-state institutions who wish to offer degree granting programs in Maine; to review the applications for initial degree granting and make recommendations to the Legislature; participates in the State Authorization Reciprocity Agreement (SARA) through the New England Board of Higher Education; serves as the State agency for administering Carl Perkins federal funds; and reviews student transfers requested by a parent or superintendent dissatisfied with the decision of the Commissioner of Education. As part of its ongoing activities, the Board monitors the work of the Maine State Charter School Commission and reviews its annual monitoring reports of authorized charter schools.

ORGANIZATION:

The State Board of Education originated in 1846 as the Board of Education, consisting of one member from each county of the State. The Board was abolished in 1850 and recreated in 1869 as the State Board of Education, with a membership comprising the Superintendent of Common Schools (established 1854) and County Supervisors of Public Schools (established 1869). In 1872, the Board was again abolished along with the county supervisors, and its functions shifted to the superintendent who, in 1923, was designated Commissioner of Education. The Department of Education was created in 1931 in a major State Government reorganization. However, it was not until 1949 that the State Board of Education was reestablished, this time consisting of ten members, five of whom were appointed by various interests in the State and five appointed by the Governor. At this point, the Board was delegated great authority over education activities of the State, including appointment of the Commissioner of Education and personnel of the Department. In 1957, authority to appoint all ten members of the Board was transferred to the Governor with the advice and consent of the Board. Effective July 1, 1972, the State Board of Education was changed to consist of 9 members. Since January 1, 1977, the Governor appoints members for five-year terms

subject to review by the Joint Standing Committee on Education and Cultural Affairs and to confirmation by the Maine Legislature. In 2007, the Maine Legislature passed Public Law 2007, chapter 200 allowing student representation on the State Board of Education. As a result, in 2008 the Board's membership expanded from nine to eleven as it added two high school students (non-voting) who are also appointed by the Governor.

PROGRAM:

In addition to fulfilling its statutory obligations, the State Board continues to lead Maine's effort to establish a results-based initial teacher certification program; plays a leadership role in policy development and implementation of internet technology; and sponsors the Maine Teacher of the Year Program.

In 2020 the Governor reactivated the Professional Standards Board, which makes recommendations to the Board, including, but not limited to, preservice education, continuing education, professional growth, initial certification, recertification and paraprofessional training and certification. The Board promulgated Chapter 112, a routine and technical rule providing procedures guiding the operations of the Professional Standards Board in its role under Title 20-A, Chapter 502-B to make recommendations to the Board and advise the Department of Education.

Also in 2020 the Board received U.S. Department of Education's approval of Maine's 4-year State Plan (FY 2020-23) to implement the requirements of the Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21st Century Act (Perkins V).

appointed by the Speaker of the House of Representatives; one person with expertise in coastal geology, fisheries biology, marine fisheries, or coastal wildlife habitat, appointed by the President of the Senate; one person who is a licensed state pilot or a licensed merchant marine officer, appointed by the Speaker of the House of Representatives; the Commissioner of the Department of Environmental Protection or the Commissioner's designee; the State Fire Marshal or the State Fire Marshal's designee; and two members of the public appointed by the Governor. Of the two members of the public, one must have expertise in biological science, earth science, engineering, insurance or law, and neither member may be employed in or have a direct and substantial financial interest in the petroleum industry.

PROGRAM:

The Clean-up and Response Fund Review Board has the following powers and duties:

To hear appeals from insurance claims-related decisions of the Commissioner of the Department of Environmental Protection and the State Fire Marshal;

To adopt rules and guidelines necessary for the furtherance of the Review Board's duties and responsibilities;

To monitor income and disbursements from the fund and adjust fees as required to avoid a shortfall in the Fund;

To, at such times and in such amounts as it determines necessary, and in consultation with the Department, direct the transfer of funds from the Underground Oil Storage Replacement Fund to the Fund;

To review Department priorities for disbursement from the Fund and make recommendations to the Commissioner on how the Fund should be allocated;

To review and comment on the State's marine oil spill contingency plan; and

To review and monitor issues for oil spill prevention and response and recommend to the Commissioner any regulatory changes that are appropriate.

PURPOSE:

The purpose of the Maine Health Data Organization (MHDO) as defined in Title 22, Chapter 1683, is to create and maintain a useful, objective, reliable, and comprehensive health information database that is used to improve the health care quality for Maine people and to promote transparency of the cost and quality of healthcare in the State in conjunction with the Maine Quality Forum through a publically accessible website.

ORGANIZATION:

The MHDO was created in 1996 as an independent executive agency to maintain and expand the health information database of its predecessor agency, the Maine Health Care Finance Commission. The MHDO has implemented rules and internal policies and procedures for the collection, processing, storage, data release and analysis of claims data, hospital inpatient and outpatient encounter data, prescription drug data, hospital financial, restructuring and healthcare quality data. The organization exercises responsible stewardship specific to the security

INDEPENDENT AGENCIES - REGULATORY

and privacy of the data when making the information accessible to the public.

The MHDO is governed by a multi stakeholder Board of Directors as defined in Title 22 Chapter 1683 Section 8703. The Governor appoints the members of the Board. Representation on the Board includes individuals from hospitals, payors, employers, consumers, providers and government.

PROGRAM:

MHDO created the nation's first All Payer Claims Database (APCD), which is a database of medical, dental, and pharmacy claims that are sent to the MHDO from commercial health insurance carriers, as well as Medicare and Medicaid. The Agency is responsible for over a billion healthcare records and every month that number grows.

The MHDO makes data publicly available and accessible to the broadest extent consistent with the laws protecting individual privacy, and proprietary information. Acceptable uses of MHDO data include, but are not limited to, study of health care costs, utilization, and outcomes; benchmarking; quality analysis; longitudinal research; other research; and administrative or planning purposes.

The healthcare transparency website, www.comparemaine.org, provides average cost and quality information for over 200 common healthcare procedures at over 150 health care facilities for the top 5 health insurers in the State. This website is updated annually.

MHDO's health care data supports other Legislative Reports including: Workers Comp: Title 39-A section 209-A(3)(5); An Act to Prevent Opiate Abuse by Strengthening the Controlled Substances Prescription Monitoring Program: PL 488 Sec. 38; Maine Guaranteed Access Reinsurance Association Program: Title 24-A, Chapter 54-A; Annual Report to Health and Human Services Committee on the state of Healthcare Associated Infections in Maine-Title 24-A, Chapter 87, §6951; An Act to Encourage Maine Consumers to Comparison Shop for Certain Health Care Procedures and to Lower Health Care Costs.

PURPOSE:

The Workers' Compensation Board's mission is to serve the employees and employers of the State fairly and expeditiously by ensuring compliance with workers' compensation laws, ensuring prompt delivery of benefits legally due, promoting the prevention of disputes, utilizing dispute resolution to reduce litigation and facilitating labor-management cooperation.

ORGANIZATION:

Policy is established by a seven-member board having three labor representatives, three management representatives and an Executive Director who is Chair of the Board. The Governor appoints labor members from a list of nominees submitted by the AFL-CIO and management members from a list of nominees submitted by the Maine Chamber of Commerce and Industry. The Governor also appoints the Executive Director. These appointments are subject to review by the Joint Standing Committee on Labor, Commerce, Research and Economic Development with confirmation by the Legislature. Regional offices are in Caribou, Bangor, Augusta, Lewiston and Portland. Mediations and formal hearings are conducted at these offices. The central office is in Augusta.

PROGRAM:

The Board exists to facilitate the timely, fair and efficient resolution of disputes between employers and employees about work-related injuries and to ensure that all parties comply with their obligations under the Workers' Compensation Act. To administer the Workers' Compensation Act, the Board formulates and promulgates agency rules, facilitates the resolution of disputes through formal and informal means, tracks benefit payments, monitors employers for compliance with insurance coverage requirements, supervises medical protocols, tracks medical charges under the Board's fee schedule, administers an independent medical examiner system, and investigates and prosecutes complaints of fraud and misrepresentation. The Board accomplishes its mandates through the dispute resolution process, the Worker Advocate Program, the Monitoring, Audit and Enforcement (MAE) Program, the Abuse Investigation Unit and support staff.

The Board of Directors meet monthly to set policy pursuant to the mandates of the Act. The Board has three standing subcommittees: Budget, Personnel and Independent Medical Examiners (IME). The Budget subcommittee considers all budgetary matters, performance budgeting and determines the assessment. The Personnel subcommittee maintains the table of organization and prepares personnel policy. The IME subcommittee deals with the implementation of the Independent Medical Examiner Program. The Board has adopted standard operating procedures for all levels of dispute resolution that have eliminated backlogs and significantly reduced the length of time a case is in the system. The Board requires the use of Electronic Data Interchange (EDI) for filing of mandatory documents including First Reports of Injury and Notices of Controversy (claim denials). Interpreter services are provided by the Board at its expense. Notification of the availability of services is clearly displayed in all regional offices and is printed in an employee pamphlet.

The MAE Program, created by P.L. 1997, chapter 486, has as its goals: (1) to provide the Board, Legislature and Governor with timely and reliable data; (2) to monitor and audit payment and filing requirements; (3) to detect those insurers, self-insurers and third-party administrators that are not in compliance with workers' compensation laws; and (4) to ensure that all filing and compliance obligations under the Act are met. MAE compliance reports are issued quarterly and annually.

The 118th Legislature, 1st Regular Session, enacted legislation providing for a Workers Advocate Program to assist unrepresented employees through the mediation and formal hearing phases of dispute resolution.

Reference Policy Area 04 *Umbrella* 92 *Unit* 640 *Citation* T0012 *M.R.S.A., Sect.* 00001890-A

PURPOSE:

The Allagash Wilderness Waterway Advisory Council, working with the Waterway Superintendent, develops and maintains the plan that advances the mission and goals of the waterway.

ORGANIZATION:

The Council consists of seven members, six appointed by the Governor and one appointed by the Northeast Regional Director of the National Park Service. Members annually elect a chair from among the seven members and serve terms of five years, and no more than two terms. The Department of Agriculture, Conservation and Forestry administers the Allagash Wilderness Waterway as a separate region within the Bureau of Parks and Lands.

PROGRAM:

The Allagash Wilderness Waterway Advisory Council provides advice to the Superintendent of the Waterway and the Director of the Bureau of Parks and Lands. An endowment fund supports capital acquisitions and improvements, historic, cultural, and educational programs and facilities. The Advisory Council reports to the Director of the Bureau of Parks and Lands regarding the state of the waterway.

The Council's efforts focus on understanding Allagash Wilderness Waterway statutes, future projects, rule changes, stabilization/restoration of historic structures, the location of snowmobile trails, and tramway visitations by trail. At each meeting, the Allagash Wilderness Waterway Superintendent reports on past and planned activities. The Council guides the waterway manager and his or her operating team in offering a user-friendly recreation experience for all visitors during all seasons.

PURPOSE:

The Animal Welfare Advisory Council was established in 2002 in accordance with Maine Revised Statutes (MRS), Title 5, section 12004-I, subsection 2-C. The membership of the Council, terms of office, and duties are listed in MRS, Title 7, section 3906-C.

ORGANIZATION:

The Council consists of 14 members appointed by the Governor as specified in MRS, Title 7, section 3906-C.

Except for initial appointees, each member serves for a term of three years, or until the member's successor has been appointed. A member may not serve more

INDEPENDENT AGENCIES - ADVISORY

than two consecutive terms. In the case of a vacancy for any reason, the Governor shall appoint a member representing the same interest to fill the unexpired term.

Initially, four appointed members serve for one year, four members serve for two years, and three members serve for three years.

The Council shall elect one of its members as chair. The chair serves for a two-year period and may not serve as chair for consecutive two-year periods. The Council shall hold regular public meetings every other month but may waive by majority vote a succeeding meeting. The chair shall call special meetings of the Council whenever requested in writing by two or more members. The Council shall send notice and minutes of the meeting to the joint standing committee of the Legislature having jurisdiction over animal welfare matters.

PROGRAM:

The Council performs the following duties:

- A. Reviews and advises the Commissioner on proposed revisions to the animal welfare laws and rules;
- B. Assists the Commissioner in the continuing implementation and evaluation of the animal welfare laws and rules;
- C. Reviews training programs for humane agents and animal control officers and makes recommendations for training appropriate to the duties of the humane agents and animal control officers;
- D. Researches options for increasing revenue to the Animal Welfare Fund to ensure funding for the implementation and enforcement of the animal welfare laws and rules, as well as periodically evaluates the adequacy of funding for those laws and rules and makes recommendations to the Commissioner; and,
- E. Advises the Commissioner on other matters related to the animal welfare laws and rules.

**ACQUIRED BRAIN INJURY ADVISORY COUNCIL
DEREK FALES, DHHS LIAISON FOR COUNCIL**

Central Office 41 ANTHONY AVENUE, AUGUSTA, ME 04333-0011
Mail Address 11 STATE HOUSE STATION, AUGUSTA, ME 04333-0011 *FAX* (207) 287-9229
Established 2007 *Telephone* (207) 287-6656
Reference Policy Area 05 *Umbrella* 92 *Unit* 652 *Citation* T0034B *M.R.S.A., Sect.* 00019001

PURPOSE:

The Acquired Brain Injury Advisory Council was originally established in April 2002 to support a federal grant. It was later incorporated into Maine law by Public Law 2007, chapter 239, to provide independent oversight and advice and to make recommendations to the Commissioner of the Department of Health and Human Services; Director of Office of Aging and Disability Services; Director of the Maine Center for Disease Control and Prevention; and Director of the Office of MaineCare Services.

ORGANIZATION:

The Commissioner of the Department of Health and Human Services appoints the 25 member board to two-year terms. Five members with acquired brain injuries must represent persons with acquired brain injuries; five members must represent families of persons with acquired brain injuries; five members must represent advocates for persons with acquired brain injuries; five members must represent providers of services to persons with acquired brain injuries; and five members must represent state agencies with expertise in the areas of education, employment, prevention of brain injuries, homelessness, corrections and services to veterans.

PROGRAM:

The Council is required to identify issues related to brain injury, including prevention and the needs of individuals with disabilities due to brain injuries and the needs of their families; recommend methods that will enhance health and well-being, promote independence and self-sufficiency, protect and care for those at risk; and provide effective and efficient methods of prevention, service and support.

The Council seeks information from the broadest range of stakeholders, including persons with brain injuries, their families, rehabilitation experts, and providers of services. The Council holds at least two public hearings annually to gather information on unmet needs and review the status and effectiveness of the array of brain injury programs and services.

The Council recommends the priorities and criteria for disbursement of available appropriations to the Commissioner. It must meet at least four times per year and submit a report of its activities and recommendations to both the Commissioner and the Legislature by January 15 of each year.

The report reflects the highest priority areas identified for the Council as determined through input by the people of Maine during public listening tours across the State. The needs of Maine residents with brain injuries are very broad and complex. The recommendations contained within the report speak to actions that the Council believes could be accomplished in the coming year and have the potential to significantly impact quality of care. Future work of the Council is expected to address other areas identified through needs assessments, public hearings, and forums. Public hearing testimony has emphasized the need for improved access to services, education for professionals, workforce shortage challenges, expanded care coordination/neuronavigation, increased public awareness on prevention and education, family and peer supports, transportation, employment opportunities, improved children's services and addressing the complex needs of individuals with challenging behaviors.

MAINE CHILDREN'S CABINET EARLY CHILDHOOD ADVISORY COUNCIL

ANA HICKS, SENIOR POLICY ANALYST

Central Office 111 SEWALL STREET, AUGUSTA, ME 04330
Mail Address 181 STATE HOUSE STATION, AUGUSTA, ME 04333 *FAX*
Established 2019 *Telephone* (207) 446-5901
Reference Policy Area 02 *Umbrella* 92 *Unit* 693 *Citation* T0005 *M.R.S.A., Sect.* CH 623

PURPOSE:

The Maine Children's Cabinet Early Childhood Advisory Council was created in Public Law 2019, Chapter 450, to develop, maintain and evaluate under the direction of the Children's Cabinet a plan for sustainable social and financial investment in healthy development of the State's young children and their families. The Council focuses on programs and policies for children from birth through aged 3. In addition, the Council serves as the State Advisory Council on Early Childhood Education and Care (SACs) for the state of Maine. The SAC partners with the State to ensure statewide coordination and collaboration among the wide range of early childhood programs and services in the State, including child care, Head Start, IDEA preschool and infants and families programs, and pre-kindergarten programs and services.

ORGANIZATION:

Members of the Council are appointed by the Speaker, the Senate President, the Governor and the Children's Cabinet. Department of Health and Human Services and the Department of Education each appoint two staff members to serve as ex officio members. There are 21 members, including legislators, a business leader, representatives from the early care and education field, a researcher, a parent, a pediatrician, foundation representatives, and government officials. Except for ex officio members, members of the council are appointed for terms of 3 years. Members who are Legislators are appointed for the duration of the legislative terms in which they were appointed. Members who are not Legislators may serve beyond their designated terms until their successors are appointed.

PUBLICATIONS:

Over the summer of 2020, the Children's Cabinet Early Childhood Advisory Council sent three letters to the Children's Cabinet to provide a series of recommendations for the state's response to the COVID-19 pandemic. In addition, the CCECAC published a report entitled Early Childhood Care and Education in Maine: A Landscape Report to be used mostly for internal planning purposes.

PURPOSE:

The purposes of the Continuing Education Advisory Committee are to review and recommend courses submitted to the bureau by Course Providers for the use of producers and consultants in the fulfillment of the Continuing Education Requirements as a prerequisite to license continuation.

INDEPENDENT AGENCIES - ADVISORY

ORGANIZATION:

The committee consists of 6 members, to be appointed by the superintendent of the Bureau of Insurance for terms of 3 years each, on a staggered term system to prevent the terms of more than 2 members from expiring in any one year. No person shall be eligible for appointment to such a committee unless that person is an active, full-time insurance producer or consultant and is a resident of this State. No person may be reappointed to the committee for more than one consecutive 3-year term.

The committee may consult with the superintendent with respect to possible legislation or regulatory measures designed or intended to improve the quality, education and nature of the services performed by producers and consultants.

Lastly, the members of the committee may serve without compensation but, with the superintendent's approval, may be reimbursed for their reasonable travel expenses in attending any meeting called or approved by the superintendent.

PROGRAM:

During fiscal year 2020, the Continuing Education Advisory Committee met monthly through February 2020 to review courses and recommend approval or disapproval of courses. Due to the Covid-19 pandemic restrictions, the Committee was unable to hold meetings after February 2020 through the rest of the fiscal year.

LICENSES:

This committee issues no licenses, but does participate in the review of and recommendations for continuing education courses used as a basis for renewing licenses by the Bureau of Insurance.

FAX (207) 287-3120

Telephone (207) 626-8800

PURPOSE:

The Legislature established the Criminal Law Advisory Commission (CLAC) to, among other duties, conduct a continuing study of the criminal law of Maine. 17-A M.R.S. §§ 1351, 1354. The Commission reviews L.D.s being considered by the Maine Legislature relating to the Maine Criminal Code, Maine Bail Code and Maine Juvenile Code and, through its Chair, provides written comments and testimony to the committees of jurisdiction. CLAC may also recommend changes to the Legislature, the Supreme Judicial Court, and other entities "whose affairs pertain to the criminal justice system." 17-A M.R.S. § 1354(2). The Commission does not lobby for policy positions. Its members and consultants include attorneys and judges who are aware of the history and structure of the Criminal Code, the Bail Code, and the Juvenile Code and who focus on maintaining that structure consistent with the guiding principles of these statutes.

ORGANIZATION:

The Commission consists of nine members appointed by the Attorney General who serve without salary. At least two members must have knowledge of juvenile laws and all members must have knowledge of the criminal law or experience in the prosecution or defense of criminal cases. 17-A M.R.S. § 1352. The Senate and House Chairs of the Legislature's Committee on Criminal Justice and Public Safety serve as consultants to CLAC. The Chief Justice of the Supreme Judicial Court appoints four consultants to CLAC. 17-A M.R.S. § 1353. Currently three of those consultants are active members of the Judiciary.

INDEPENDENT AGENCIES - ADVISORY

PROGRAM:

The Commission meets as a body as needed throughout the year. In fiscal year 2019-20, the Commission met four times (Dec. 6, 2019, Jan. 24, 2020, Feb. 14, 2020; and Feb. 28, 2020). The Commission consults with members of the Legislature and the Judiciary in evaluating Maine's criminal laws and reviewing proposed criminal legislation. The Commission met less frequently than during the previous First Regular Session of the Legislature, with fewer new bills introduced during the Second Regular Session. The Second Regular Session adjourned on March 17, 2020 due to the COVID-19 pandemic. As a result, many bills were carried over to any special session of the 129th Legislature that might be convened. (J.O. S.P. 788). Two bills recommended by CLAC were carried over pursuant to this order L.D. 44, An Act Regarding the Maine Criminal Code, and L.D. 2037, An Act To Amend the Maine Criminal Code.

PURPOSE:

Administration of the Deferred Compensation Plan (the Plan) for the State is the responsibility of the Bureau of Human Resources, Division of Employee Health and Benefits staff within the Department of Administrative and Financial Services. The Advisory Council on Tax-deferred Arrangements was established to work with the Plan providers, Plan participants, and potential participants. The Council is a Labor/Management group made up of 12 members consisting of 6 from MSEA, 1 from the MSLEA, 1 from the MSTA, 1 from AFSCME, and 3 management members. One representative each from Labor and Management serve as co-chairs of the Council, each with one vote on behalf of labor and management members. Goals of the Council include keeping the Plan document and the vendor contracts up to date, maintaining a reasonable investment policy, and increasing the Plan participation. Towards these goals, CapTrust Financial Advisors, an actuarial and human resource consulting firm, serves as an investment performance, plan operations and educational advisor.

ORGANIZATION:

The original Plan Council was established in 1973, however, subsequent legislation created the Advisory Council on Tax-deferred Arrangements. Members include the Commissioner of Administrative and Financial Services, or the Commissioner's designee, as Chair; the Insurance Superintendent and the Superintendent of Financial Institutions or their designees; and nine labor employees recommended to the Governor by their particular labor unions as follows: six from Maine State Employees Association (MSEA), one from the Maine State Law Enforcement Association (MSLEA), one from American Federation of State, County and Municipal Employees (AFSCME), and one from the Maine State Troopers Association (MSTA). Employee representatives are nominated by their respective unions and appointed by the Governor for terms of 3 years. The Council meets as needed, but at least four times during a calendar year.

PROGRAM:

The Deferred Compensation Plan for Employees of the State of Maine is a voluntary supplemental retirement plan under Internal Revenue Code section 457(b). Enrollment in the Plan is open at all times to all State employees. The Plan provides employees a vehicle to defer income on a pre-tax basis and provides retirement investment opportunities through 3 financial service organizations, MassMutual, VOYA Financial and AIG Retirement. The Council retains CapTrust Financial Advisors, an actuarial and human resource consulting firm, to assist

PURPOSE:

Government entities provide a wide variety of services to its constituency. From time to time, some of those functions may adversely affect private enterprise. The 119th Legislature created the Advisory Committee on Fair Competition with Private Enterprise to review complaints where competition with private enterprise is potentially unfair. The 121st Maine Legislature expanded the Advisory Committee's duties in Title 5, section 55-A. These responsibilities are to approve services and goods provided by state agencies that are not otherwise allowed by law and may compete with private enterprise.

ORGANIZATION:

The Advisory Committee consists of members appointed from government agencies, private sector representatives and members of the public who meet to review complaints on government competition with private enterprise. The Commissioner of the Department of Administrative and Financial Services, or their designee, serves as the Committee Chair. The Committee meets as necessary but is required by statute to meet at least once a year.

PROGRAM:

Complaint forms are available for businesses to complete about potentially unfair competition. Once submitted to the Committee, notification of the complaint is forwarded to the government agency identified in the complaint to obtain additional information.

The Committee reviews this information and allows direct presentation by the person(s) making the complaint and the government agency. The presentations are limited to factual information by any number of persons. The Committee may follow up with questions to any of the individuals.

The Committee makes, when appropriate, recommendations to the Maine State Legislature and Governor based upon its review of a complaint.

The Advisory Committee has also developed a request form for agencies to use in

PURPOSE:

The Maine Historical Records Advisory Board (MHRAB) was created by Executive Order in 1989, in accordance with National Historical Publication and Records Commission (NHPRC) statutes and regulations to address historical records issues of statewide concern. In 2002, the MHRAB was established in statute in 5 MRSA, §98. The Board has responsibility for promoting NHPRC grant programs, including assisting applicants, developing proposals, and reviewing grant applications; monitoring legislation concerning public or historical records administration; providing leadership and coordination among existing archives and records management institutions; sponsoring and encouraging educational and public awareness programs relating to historical records; and promoting the publication of historical records.

ORGANIZATION:

The MHRAB is organized within the office of the State Archivist and serves to encourage the preservation of and access to historical records within the State. In support of its mission, the MHRAB's duties include:

A. Make recommendations to the National Historical Publications and Records Commission regarding the funding of proposals seeking support from that commission;

B. Develop, maintain and execute a strategic plan supporting the board's priorities for funding recommendations and other activities;

C. Seek, receive and administer nonstate funds to support its priority activities;

D. Work cooperatively with other state historical records advisory boards, especially those in New England; and

E. Report biennially to the joint standing committee of the Legislature having

jurisdiction over state and local government matters on the board's activities and on the condition of historical records in the State.

The MHRAB consists of between seven and eleven members, appointed by the Governor for three years, with renewable 3-year terms. The majority of the members shall have experience in the administration of historical records, or in a field of research or activity which makes extensive use of historical records. The State Archivist and the Director of the Maine Historical Society shall be members, and, as required by NHPRC regulation, one is appointed by the Governor to act as MHRAB State Coordinator serving a four-year term with a possibility of reappointment.

The Maine State Archives serves as fiscal agent for the MHRAB. Board members serve without compensation but may be reimbursed for legally allowed expenses.

PROGRAM:

The MHRAB applies for grants from the NHPRC and provides grants to Maine repositories to preserve and provide access to valued historical records. Grants are awarded to archives, historical societies, libraries, museums and others. The MHRAB also reviews and makes recommendations regarding Maine grant proposals to the NHPRC.

The Maine Historical Records Advisory Board Fund was established for use by the board. Balances in the fund may not lapse and must be carried forward and used for the purposes of the MHRAB. The board may accept and deposit in the fund money from private and public sources.

PURPOSE:

The Statewide Homeless Council was established in 2005, replacing the Interagency Task Force on Homelessness and Housing Opportunities. The authorizing legislation was amended in 2008 to expand the Council's advisory role and to add additional members to the Council.

The purpose of the Council is to serve as an advisory committee to the Maine State Housing Authority, the Governor, the Legislature, the Maine Department of Health and Human Services (DHHS) and the Maine Department of Corrections (DOC) on homeless matters. The Council is charged with providing leadership to end homelessness and providing support to the regional homeless councils; educating people on homeless issues; serving as coordinator of information; assessing statewide needs; identifying potential resources; providing assistance to people who are homeless by identifying resources and improving access to them; and reviewing, monitoring and implementing plans to end homelessness.

ORGANIZATION:

The Council consists of 14 members. The Governor appoints six members, two from each of the State's three regional homeless councils, based on nomination provided by the three councils. The director of the Maine State Housing Authority is a member. Three members are appointed jointly by the President of the Senate and the Speaker of the House, one from each of the three homeless councils. The Commissioners of DHHS and DOC and the Director of the Bureau of Maine Veterans' Services or their designees, are also members. The chair of the Council is a representative of the Governor. Members serve until their successors are appointed and qualified. The Maine State Housing Authority

Reference Policy Area 06 *Umbrella* 92 *Unit* 636 *Citation* T0037B *M.R.S.A., Sect.* 000000708

PURPOSE:

The Homeland Security Advisory Council advises the Governor on all matters related to homeland security, including terrorism and bioterrorism issues. The Council provides a forum for the top officials in the State to collaborate, share essential information, and develop a unified strategy to address homeland security issues in Maine.

ORGANIZATION:

The Maine Homeland Security Advisory Council (HSAC) was established by Executive Order of the Governor in the summer of 2005. The HSAC was later formally adopted by the Maine State Legislature in the spring of 2006. Membership of the Council was expanded by statute in 2011. Statutory reference is 37-B MRSA §708.

The HSAC is comprised of 9 members including the Director of Maine Emergency Management Agency; the Commissioner of Defense, Veterans, and Emergency Management; the Commissioner of Public Safety; the Director of the Maine Center for Disease Control and Prevention within the Department of Health and Human Services; the Chief of the Maine State Police within the Department of Public Safety; a representative of the Governor; the Commissioner of the Department of Inland Fisheries and Wildlife; the Commissioner of the Department of Marine Resources; and, the Commissioner of the Department of Agriculture, Conservation and Forestry.

PROGRAM:

The HSAC meets regularly to complete the functions identified above as well as to assist in determining spending priorities for federal homeland security grants.

The Maine Emergency Management Agency coordinates the Maine Homeland Security Advisory Council (HSAC) under the chairmanship of The Adjutant General, who is also the Governor's Homeland Security Advisor (HSA). The HSAC brings together law enforcement, public health, and other safety and security officials from state departments as well as federal offices operating in Maine, to share information and brief on emerging homeland security issues.

PURPOSE:

To help displaced homemakers and other disadvantaged individuals achieve success in the Maine economy by providing training and individual support that leads to employment, self-employment, access to higher education, asset and leadership development.

ORGANIZATION:

New Ventures Maine (NVME) is administered by and operates under the University of Maine Augusta/University of Maine System. A statewide Advisory Council, appointed by the Governor, supports the work of program staff.

PROGRAM:

In fiscal year 2020, NVME continued to offer a full range of employability, life skills, and self-employment services through a toll-free resource phone line, nine regional Resource Centers and community-based outreach sites, and through distance learning platforms.

NVME served a total of 1,192 individuals (73% female and 27% male) through workforce, entrepreneurship, or financial literacy training courses and workshops; individual technical assistance and/or information and referral services; placement assistance; and follow up services. Linkages with employers continued to focus on non-traditional and technical occupations through career pathways workshops and panels, while partnerships with other education and training providers continued to play a significant role in expanding access to postsecondary education for adult learners.

The program worked cooperatively with a wide range of human service, education and training, employment, economic and business development and advocacy organizations at all levels. Partners included the Departments of Education, Labor, Human Services, Transportation, Economic and Community Development, the University of Maine System including the Maine Small Business Development Centers and the Community College System; Community Action Agencies, United Ways, CASH Maine and local and statewide financial institutions among others.

Reference Policy Area 04 *Umbrella* 92 *Unit* 593 *Citation* T0037B *M.R.S.A., Sect.* 000001131

PURPOSE:

The River Flow Advisory Commission was established in statute in 1997, having existed as an "ad hoc" organization since the early 1980s. Its purpose is to act as a technical advisory commission to the Department of Defense, Veterans and Emergency Management and the Governor on matters of stream flow, and to facilitate information flow among all public and private parties with an interest in hydrologic issues. The Maine Emergency Management Agency (MEMA) carries out the planning and preparedness activities for the Commission.

ORGANIZATION:

The Commission is composed of at minimum 15 members. The Director of the Maine Emergency Management Agency and the District Chief of the United States Geological Society (USGS) Maine Water Science Center serve as co-chairs. Other members include the State Geologist, the Commissioners of the Departments of Agriculture, Conservation and Forestry, Environmental Protection, Inland Fisheries and Wildlife, Marine Resources, Transportation, and Health and Human Services or their designees, the Meteorologists-in-Charge of the National Weather Service Forecast Offices in Maine, representatives from private commerce and industry including major hydroelectric power producers, the director of the Senator George J. Mitchell Center for Environmental and Watershed Research at the University of Maine, and a representative of the public appointed by the Governor.

PROGRAM:

The Commission meets at least annually to discuss and issue an advisory statement on the potential for major river flooding due to hydrologic conditions prior to the spring snowmelt and runoff. The Commission has the power and duty to advise the Governor and the Department on issues of flow in state rivers and streams, assist in communication of river flow data between dam operators, river basin managers, state agencies and federal agencies, and administer the State's cooperative hydrologic monitoring program in cooperation with the USGS.

The State's Drought Task Force (DTF) is an extension of the River Flow Advisory Commission and assists in monitoring, coordinating, and managing responses to droughts and recommends actions to minimize impacts to public health, safety, the environment and agriculture. The DTF convened for the first time since 2002 in August 2016 as severe drought conditions were reported in some areas of the State of Maine. A subset of the full task force including MEMA representatives, the National Weather Service and USGS remained in contact through email and conference calls through 2020 to monitor the drought conditions.

PURPOSE:

The purpose of the Substance Use Disorder Commission is to:

Serve as advocate; review and evaluate; and inform the public. The Commission shall serve as an advocate and resource for the State on substance use disorder intervention, prevention, treatment and recovery. The Commission shall promote and assess activities designed to meet and remediate challenges of substance use disorder in the State. With the support of the the Department of Health and Human Services, the Commission shall review and evaluate on a continuing basis state and federal policies and programs relating to substance use disorder. In cooperation with the Department, the Commission shall keep the public informed by collecting and disseminating information, by conducting or commissioning studies and publishing the results of those studies, by issuing publications and reports and by providing public forums, including conferences and workshops. The Commission, based on its activities pursuant to this subsection, shall make recommendations relating to substance use disorder to the Department and the Governor.

Report to the Legislature. The Commission shall report annually to the joint standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs on or before the last business day of each year. The report must include developments and needs related to substance use disorder intervention, prevention, treatment and recovery in the State.

ORGANIZATION:

Public Law 2019, chapter 432, that was signed into law on June 20, 2019 (and became effective September 19, 2019) by the Governor, amended the statutes governing the Commission. It more clearly details membership qualifications, appointments, representation, vacancies, etc. The Commission, formerly known as the Substance Abuse Services Commission, was established in 1993 and replaced the Maine Council on Alcohol and Drug Abuse Prevention and Treatment. The Commission now consists of 18 members, appointed by the Governor, President of the Senate and Speaker of the House.

PROGRAM:

During fiscal year 2019, the Commission continued to use its operational structure and working committees. The Commission reviewed policy issues and recommended support of legislation. The Commission engaged the Office of Substance Abuse and Mental Health Services (OSAMHS) in seeking out technical assistance from the federal Substance Abuse and Mental Health Services Administration (SAMHSA) in areas related to evidence-based practice, data collection and review of workforce development and peer recovery supports. The Commission made recommendations to OSAMHS regarding use of federal grants for treatment and recovery from opioid use disorder. The Commission met regularly and worked with the Office of the Governor to maintain membership and fill vacant seats. The Commission regularly met with members of the legislature, leadership, and staff on issues related to intervention, prevention, treatment and recovery. The Commission regularly received reports and updates from Maine's Center for Disease Control and Prevention and OSAMHS.

FAX (207) 781-6296

Telephone (207) 781-6284

PURPOSE:

The Telecommunications Relay Services Council, as established by Title 5, section 12004-G, subsection 30-C, shall evaluate telecommunications relay services in the State of Maine and implement the Maine Telecommunications Relay Services program as certified by the Federal Communications Commission pursuant to 47 Code of Federal Regulations, Part 64, Subpart F.

ORGANIZATION:

The Council has no staff and consists solely of those individuals appointed pursuant to statutory mandate. From within the members of the Council, a slate of officers is elected comprised of the Chair, the Vice-Chair, the Treasurer and the Clerk. The council provides direction to the Chair, who has the authority to form subcommittees to carry out the directives of the Council. The Clerk is responsible for ensuring filings are made as necessary for any state or federal certifications or reports. The Treasurer is responsible for receiving reimbursement requests for activities on behalf of the Council. The Treasurer and the Chair are jointly tasked with the approval of any reimbursement requests.

PROGRAM:

The Council is tasked with administering the Telecommunications Relay Service (TRS) program within the State. TRS is a program where individuals call a single number, 7-1-1, which connects them to the TRS Provider for the State who acts as a translator between hearing individuals and deaf or hard of hearing individuals to permit telephonic communications among all users of the public switched

INDEPENDENT AGENCIES - ADVISORY

telephone network. The primary benefit of this system is that it does not require both parties to the call to have assistive devices, such as TTY machines, thus opening the door for deaf and hard of hearing individuals to contact any other telephone user in the State, from their grandchild to their bank to the local pizza shop, without limitations or added costs by either party.

One priority for this program is to ensure that there is a high quality, reliable TRS program in the State that is compliant with federal standards and trends. To accomplish this goal, the Council has engaged in a request for proposal (RFP) proceeding to select the TRS provider for the State. The current TRS provider for Maine is Sprint Communications Company, LP.

Another priority for this program is to ensure that people are aware of TRS and educated in how to use the system. To accomplish this goal, the Council requires the TRS provider to support outreach throughout the State in conjunction with Maine groups who work with the deaf and hard of hearing communities. The Council also requires the TRS provider to support the Council in its efforts to perform outreach to constituencies beyond the deaf and hard of hearing community to ensure that when people or businesses receive a TRS call they do not hang up. In addition the TRS provider supports the Council's continued involvement with federal organizations to ensure that the Council is able to adequately address existing standards for services provided by the TRS provider.

PURPOSE:

To visit the Maine Correctional Center and provide the appropriate comments, advice and recommendations to the Governor, Commissioner and appropriate Legislative Committees.

ORGANIZATION:

A Chairman and four members are appointed by the Governor.

PROGRAM:

During the year, the Board of Visitors meets at a minimum on a quarterly basis to review programs and issues at the Maine Correctional Center. The members of the board visit the facility as a committee and also individually. The Board's purpose is to study the programmatic and institutional effects associated with overcrowding and new legislation.

The Board of Visitors will continue to provide periodic review. As overcrowding problems ease, board members will be interested in program improvements.

Telephone (207) 273-5300

PURPOSE:

The Board of Visitors is an oversight and advisory committee of citizens appointed by the Governor of the State of Maine to represent the interests of the people of Maine in prison matters.

ORGANIZATION:

The five-person board is approved by the Governor for a term of one year and shall be eligible for reappointment. Chosen for their varied orientations, interests, and experience in corrections and rehabilitation issues, board members attend to questions and concerns about public safety and security, prison staff safety and well-being, inmate health and safety, prison industries and programs.

There are currently four active board members. The current board includes Perry Gates, Bill Schneider, Jon Wison and Denise Altavater.

PROGRAM:

Through prisoner meetings, written correspondence or phone, the Maine State Prison Board of Visitors works to identify and discuss issues such as inmate mail, grievances, advocacy, good time policies, recreational and educational programs, scheduling and funding, high risk and mental health units, and issues concerning prisoner benefits in order to help ensure that concerns are heard. The Board may conference with the Commissioner or Deputy Commissioner of Corrections and with the Department Counsel to discuss issues that may be of importance during the year. The Board meets with program staff from many areas to discuss their specific areas of operation and help to ensure their concerns are being heard. The Board also feels that it is important to tour areas of the Maine State Prison and Bolduc Correctional Facility to allow for a better understanding of the management of these complex facilities and to discuss issues that may arise at the community level.

Routinely the Board meets with the Warden and Senior Staff of Maine State Prison to discuss current issues and concerns and identify, when appropriate, ways the Board can be of support and assistance in the effective operation of the Maine State Prison. The board visited and held a meeting at MSP on 2/20/20 and quarterly Zoom meetings occurred with the Warden on 6/18/20 and 9/17/20.

During 2020 many questions were asked about how COVID-19 has impacted operations and programming at MSP. The board was informed of all the steps that the Department took to keep COVID-19 out of MSP. Other major topics for 2020 have been the planning for the Higher Education Wing that will be constructed later this year, the successful agricultural program, the increased use of technology and the new educational tablets from Edovo.

PURPOSE:

The Maine Arts Commission was established by the Legislature to encourage and stimulate public interest and participation in the cultural heritage and cultural programs of our state; to expand the State's cultural resources; and to encourage and assist freedom of artistic expression for the well-being of the arts, and to meet the needs and aspirations of persons in all parts of the State.

ORGANIZATION:

The Maine Arts Commission, an independent state agency, is governed by a board appointed by the Governor for their interest in the arts and related fields. The Maine Arts Commission works to advance the arts by supplying services and results-oriented funding to artists, arts organizations, communities and schools, and providing helpful resources about the arts to the general public.

The Commission's priorities are established by its five-year cultural plan: Fortifying Maine's Creativity & Culture 2015-2020. The five strategic priorities of this plan are: attracting and leveraging greater investment in Maine's arts, culture, and creative economy; increasing awareness of creative opportunities and their value to communities and local economies; fostering PK-12 arts education and lifelong-learning programs; increasing synergies between culture and tourism; and building the Agency's capacity to match planned growth.

In implementing these priorities, the Maine Arts Commission will look for evidence that the public is a clear beneficiary; that available resources are being leveraged to ensure success, sustainability and commitment; and that the local capacity to carry on the work begun becomes greater as a result of these efforts.

PROGRAM:

COVID19: The Maine Arts Commission provided numerous services to the arts and culture sector during the coronavirus crisis. This included information dissemination, grant support, surveys and data gathering, advocacy between the sector and state and federal officials, workshops and more. ARTS ENGAGE ME: The Commission created ArtsEngageME in accordance with the Commission's Cultural Plan. The mission of ArtsEngageME is to build an environment that engages all sectors, public and private, across the State, to promote the awareness and value of the creative and cultural sectors, and to invest in their sustainability. GRANTS PROGRAM: The Arts Commission provided the following grants programs and funding in FY20: Arts & Humanities, 4 grants totaling \$3,968; Arts Learning, 12 grants totaling \$33,464; C.A.R.E.S. Act - Org. Development / Project, 30 grants totaling \$64,345, C.A.R.E.S Act - Partnership, 23 grants totaling \$133,100; CCED: Implementation, 1 grant totaling \$22,700; Creative Aging, 2 grants totaling \$2,000; Jane Morrison Film Scholarship, 1 grant totaling \$2,000; Maine Artist Fellowship, 7 grants totaling \$35,000; Organizational Development, 13 grants totaling \$28,000; Partnership Grant, 23 grants totaling \$146,900; Percent For Art, 10 grants totaling \$158,000; Project Grant for Artists, 39 grants totaling \$59,300; Project Grant for Organizations, 33 grants totaling \$94,000; Special Projects (mostly COVID-19 Relief and Bicentennial), 388 grants totaling \$982,874; Ticket to Ride, 10 grants totaling \$3,050; Traditional Arts Apprenticeship, 5 grants totaling \$15,000. ARTS EDUCATION PROGRAMS & PROJECTS: Includes the following programs - Maine Arts Leadership Initiative, Teaching Artist Roster, Maine Excellence in Arts Education, Congressional Art Competition, Poetry Out Loud, and Ticket to Ride. ARTS IDITAROD: An annual series of statewide, regional meetings to provide professional development opportunities and gather information from the arts and cultural sectors. ART IN THE CAPITOL: Provides exhibitions highlighting Maine artists. CREATIVE COMMUNITIES = ECONOMIC DEVELOPMENT: Encourages cultural, economic and governmental sectors to work together to develop community through the arts. Two implementation grants were given totaling \$79,000. DATA COLLECTION: Per state statute, the Commission collects

financial and economic impact data on behalf of the State's cultural sector. This is accomplished through numerous sources including DataArts, AFTA, the US Bureau of Economic Analysis, the New England Foundation for the Arts and more. PERCENT FOR ART PROGRAM: The Commission manages this program for the acquisition of new works of art for newly constructed or renovated state-funded buildings. CULTURAL SECTOR NETWORK: Launched in FY19 as a program of ArtsEngageME to link the arts and culture sector of Maine to policy and professional development.

PURPOSE:

The Baxter State Park Authority was established to operate and maintain Baxter State Park for the use and enjoyment of the people of Maine in accordance with the wishes of its donor, former Governor Percival P. Baxter, that this park "...shall forever be retained and used for state forest, public park and public recreational purposes...shall forever be kept and remain in the natural wild state...shall forever be kept and remain as a sanctuary for beasts and birds."

The primary responsibilities of the Authority are to protect the wildlife, fauna and flora within the park for the enjoyment of present and future generations; to operate and maintain various hiking trails, campgrounds, campsites and rustic log cabins within the 209,644 acre Park; to conduct exemplary forest management operations on the 29,537 acre Scientific Forest Management Area; to receive and expend monies from the trusts and other income for the maintenance and operation of the Park; to acquire additional land for the Park as authorized by law; to establish rules and regulations as necessary for the protection and safety of the public; and to exercise police supervision over the Park.

ORGANIZATION:

Baxter State Park is the result of a dream of former Governor Percival P. Baxter who donated the first parcel of land in 1931 and over the years added various parcels until his final acquisition in 1962 brought the Park's area to 201,018 acres. Since then, the Authority has purchased and been gifted additional lands bringing the Park to its current size of 209,644 acres. In addition to the various gifts of land, Governor Baxter also left two sizable trust funds to carry out the operation and maintenance of the park without the need of state funding.

While Baxter State Park bears the name "State", it is separately administered, free from any connection with the larger state park system (Department of

INDEPENDENT AGENCIES - OTHER

Agriculture, Conservation and Forestry). The Baxter State Park Authority, a three-person authority consisting of the Maine Attorney General, the Director of Maine Forest Service and the Commissioner of Inland Fisheries and Wildlife, has full power in the control and management of the park and in the exercise of all Trust obligations. Responsibility for the operation and management of Baxter State Park is delegated from the Baxter State Park Authority to the Park Director who supervises: Chief Ranger (Operations); Resource Manager (Scientific Forest Management); Park Naturalist (Information and Education).

Approximately 35% of the cost of Park operations is financed from a combination of use fees, entrance fees and wood products revenues with the remaining 65% provided by revenues from trusts established by Percival Baxter in 1945 and again through his will after his death in 1969 to provide funds for the care and maintenance of Baxter State Park.

PROGRAM:

Both the forever wild and forest management portions of Baxter State Park are managed according to the wishes of the donor, Percival Baxter, as expressed in the Trust Deed Communications. In all policy issues, the preservation and protection of Park resources is considered above recreational needs. The process of policy and decision making of the Authority is assisted by Park staff and several Advisory Committees.

Within the 209,644 acres of the Park are ten campgrounds and numerous out-lying sites providing an overnight capacity of slightly over 1,000 campers with a seasonal capacity of 145,000. All campground and many day-use facilities include disability friendly sites. During peak summer use months of July and August, the Park is often filled to capacity. The seasonal average use over the six months from May 15 to October 15 is usually around 50% of capacity.

LICENSES:

- * Non-resident fishing licenses.
- * Entrance Permits for day use, overnight use, and seasonal use.
- * Advance reservations for all overnight facilities in the Baxter State Park.
- * Permits to allow individuals to carry out research activities and media production activities.
- * Award of Certificates of Appreciation for Park volunteers.

PURPOSE:

The Maine Biomedical Research Board was established to promote economic development and jobs in the State primarily by making state investments in organizations with successful results in attracting biomedical research funds from specified grant sources. As a secondary purpose, the Maine Biomedical Research Program is intended to provide incentives for small eligible institutions to grow. The program shall disburse program funds from the Maine Biomedical Research Fund to eligible institutions. An eligible institution receiving program funds under this program may use those funds for any of the following purposes: project funding; facilities funding, including debt service; equipment used in research, including debt service; or ancillary support.

ORGANIZATION:

The Maine Biomedical Research Program is overseen by the Maine Biomedical Research Board. The Board consists of seven members appointed as follows: four persons appointed by the Governor and nominated by a statewide biomedical research coalition; two members appointed by the Governor who are distinguished and credentialed in the type of biomedical research that is performed by eligible institutions; and, the Commissioner of the Department of Economic and Community Development or his/her designee. The Maine Biomedical Research Board is assisted in its oversight of the Program by the Maine Technology Institute, which provides administrative services for the Program. PURPOSE:

The Maine Commission for Community Service marked 25 years in October 2019 by adopting Volunteer Maine as its public identity. Volunteer Maine is a brand the Commission launched in 2002 and it became far more recognizable over time than the formal name. The Commission links the Corporation for National Service to the State of Maine. The Commission's statutory purpose and duties broaden responsibilities beyond merely responding to federal initiatives. Its statutory mission is to "foster community service and volunteerism to meet human and environmental needs" in Maine. Among the 14 assigned duties are these: identify the priority needs to be met by volunteer and national service; develop triennial comprehensive plans to address issues in Maine's volunteer sector; provide technical assistance and training to Maine national service programs; and, increase collaboration among public and private sector community and volunteer service organizations. The Commission makes sub-grants in accordance with provisions of the federal National and Community Service Trust Act (USC 42, Section 12501 et seq.) and recommends State priorities regarding programs that

receive direct federal financial assistance under the Domestic Volunteer Service Act of 1973. In addition to administering AmeriCorps State programs, the Commission maintains online training for managers of volunteers and is the lead state partner for implementation of Service Enterprise, an initiative to improve the impact of organizations engaging volunteers.

ORGANIZATION:

The Commission has 24 voting members appointed by the Governor. All serve as volunteers. Representation is directed by Statute. Appointed members serve three-year, staggered terms. Voting members elect a chair from their ranks. Ex-officio members are the Commissioner of the Maine Department of Education or his/her designee and a representative of the Corporation for National Service. Commissioners are supported by a staff of 5 legislative headcount. Since July 1, 2012, the Commission's fiscal agent has been the Maine Department of Education.

PROGRAM:

The Commission managed over \$2.24 million from the Corporation for National and Community Service and \$1.78 million in non-federal resources. The federal and private funding supported implementation of Service Enterprise in four Maine counties. Grants to 12 community agencies supported 175 AmeriCorps members while grants to another five organizations supported expansion of community volunteer engagement. The remaining funds supported training and technical assistance for all 24 National Service programs, grant administration, Commission operation, and training for 203 staff of volunteer programs.

The Maine State Cultural Affairs Council, as established in 5 MRSA, § 12004-G, subsection 7-A, shall ensure a coordinated, integrated system of cultural resources programs and projects and shall ensure the support of cultural heritage institutions and activities of the State.

ORGANIZATION:

The Maine State Cultural Affairs Council was established in 1990 to coordinate the resources, programs and projects of the cultural agencies with statewide responsibilities. The Maine State Cultural Affairs Council consists of the chair of the Council, appointed by the Governor from one of the following boards and commissions; and the chair and vice-chair or their designees from the Maine Arts Commission, the Maine Historic Preservation Commission, the Maine Library Commission, the Maine Humanities Council, the Maine Historical Society, the Archives Advisory Board, and the Maine State Museum Commission. Non-voting members include a staff member from the Office of the Governor and the directors of the seven cultural agencies.

INDEPENDENT AGENCIES - OTHER

PROGRAM:

The Maine State Cultural Affairs Council continues to implement the charge given in 27 MRSA, section 552 by: 1) meeting on a regular basis to coordinate the broader programs and projects of state cultural agencies, 2) planning for coordinated budget requests for the State Cultural Agencies, and 3) publishing useful information concerning statewide cultural issues.

The Maine State Cultural Affairs Council works in coordination with Maine's locally based organizations to distribute grant funds through the New Century Community Program. The Council also works with Maine's locally based organizations to promote coordinated cultural activities, the creative economy and community revitalization.

PURPOSE:

The Maine Economic Growth Council was established to develop, maintain and evaluate a long-term economic plan for the State. The Council's responsibilities include the development of a long-range plan, goals, benchmarks and alternative strategies for a sustainable state economy. Additionally, the Council will monitor progress in accomplishing the State's goals and benchmarks and recommend changes in the plan to reflect the dynamics of the international, national and state economy.

ORGANIZATION:

The Council's full complement is 19 members appointed for 3-year terms. The Commissioner of the Department of Economic and Community Development is a permanent member. The remaining 18 members are jointly appointed by the Governor, President of the Senate and Speaker of the House of Representatives. Fourteen members are appointed from the public to represent a broad range of expertise in areas including labor, environment, business and education, one of whom must also serve on the Maine Innovation Economy Advisory Council. Also appointed to the Council are four members of the Legislature having a demonstrated interest in economic development. A 2013 law requires that legislative membership is one senator and one representative from both the majority and minority parties.

By statute, the Council is staffed by the Maine Development Foundation.

PROGRAM:

The Council's first report, Goals for Growth: Progress 95, was released in fiscal year 1995 and proposed to monitor progress in six key areas: Innovative

INDEPENDENT AGENCIES - OTHER

Businesses, Productive Workers/Reward Employment, Vital Communities, Healthy Natural Resources, Efficient Government and State-of-the-Art Infrastructure. Measures of Growth 97 identified 57 benchmarks in the six areas, with subsequent reports tracking and evaluating Maine's performance on these indicators.

Since those initial reports, the Council has modified the report to ensure it is measuring the key indicators of Maine's economy. Measures of Growth 2002 included 40 of the original indicators and an additional 20 indicators. The 2005 report honed in on the 18 indicators in the economy, community and environment spheres deemed to be most critical for Maine's economy. Since then, the Council has carefully evaluated existing and potential indicators to ensure the Measures of Growth report is using the best available data to provide a clear and comprehensive evaluation of the most critical factors affecting Maine's economy. The 2015 report included a new format intended to retain all of the valuable data and information while making the key factors in meeting the Growth Council's goal of a high quality of life for all Maine people more accessible and easier to understand. The 2019 report was released in April and includes 27 indicators and benchmarks. The 2020 report is scheduled to be released in November and will include refinements to reflect the State's 10-Year Economic Strategy (Dec. 2019) and commentary on the impact of the COVID-19 pandemic.

The Council distributes the Measures of Growth report widely and conducts briefings for organizations and agencies statewide. From 2006 to 2011, the council administered the "Adopt-a-Benchmark" program, which encouraged Maine organizations to take and report action to move the State closer to one or more of the Council's benchmarks. The program was discontinued in favor of promoting more comprehensive efforts.

Reference Policy Area 00 *Umbrella* 94 *Unit* 319 *Citation* T0030A *M.R.S.A., Sect.* 000006101

PURPOSE:

To enable municipalities that have fallen into financial difficulties to receive assistance from the State, to be reestablished on a sound financial basis and to assure collection of taxes due from those municipalities to the State.

ORGANIZATION:

The Commissioner of the Department of Administrative and Financial Services, the State Treasurer and the State Tax Assessor compose the Board of Emergency Municipal Finance.

PROGRAM:

Any municipality that is financially unable to provide for its direct relief and work programs or its contributory share of public assistance programs of any nature, may apply to the Department of Health and Human Services for funds from the State for that purpose. The municipal officers must apply in writing and send a copy of the application to the Board. Prior to the expenditure of such funds, the affairs of the municipality must be taken over by the Board.

If a municipality falls one year and six months behind in the payment of its taxes to the State, defaults on any bond issue or payment of interest due, or neglects to pay school and other salaries due and has received funds from the State in support of its poor, the Board may audit or investigate the financial condition of the municipality. If after the audit or investigation the Board finds it necessary it may, by a majority vote, take over local government.

INDEPENDENT AGENCIES - OTHER

Once the Board takes control, a return to municipal self-governance requires repayment of relevant debts and a finding by the Board or its appointee that the financial affairs of the municipality may be resumed under local control.

Reference Policy Area 06 *Umbrella* 94 *Unit* 410 *Citation* T0037B *M.R.S.A., Sect.* 000000792

PURPOSE:

This Commission oversees the implementation of a comprehensive program of planning and training for effective emergency response to releases of hazardous materials.

The State Emergency Response Commission (SERC) facilitates and coordinates the development of statewide plans implemented for comprehensive and effective response to hazardous materials emergencies for the safety and well-being of people and the environment.

ORGANIZATION:

The Commission is composed of 14 members. The Director of the Maine Emergency Management Agency serves as the chair. Other members include the Commissioners of Environmental Protection, Human Services, Labor and Transportation or designees, the Director of the Office of Emergency Medical Services or designee, the Chief of the State Police or designee, 4 gubernatorial appointees, 2 appointed by the Speaker of the House of Representatives and an environmental organization representative of the general public appointed by the President of the Senate.

PROGRAM:

The SERC in support of its vision and mission statement has developed a three-pronged approach to its goals. First, under federal and state law it monitors the performance of facilities that store or use large volumes of hazardous substances. This includes receiving annual inventory reports, assisting facilities in developing emergency plans, reviewing emergency plans and collecting information relating to spills of hazardous substances at facilities.

Second, the SERC provides support to Local Emergency Planning Committees (LEPCs) which, under Federal law are required to develop plans in the event of an accidental release of a hazardous substance. This assistance may be either in the form of grants to enable LEPCs to hire assistance in completing the plan or technical support as it relates to risk assessment and hazard analysis.

Additionally, as part of the mission to protect the public and environment, the SERC supports a number of Regional Response Teams (RRTs) and Decontamination Strike Teams (DSTs). These teams, who receive funds through both SERC special revenue and Homeland Security Grants for both training and equipment, are placed strategically throughout the State of Maine in such a manner that they can respond to quickly assess and mitigate any accidental or intentional release of hazardous substances.

The SERC also supports an aggressive campaign of education of Maine's first responders by providing training grants to communities. These programs may include Hazardous Materials Awareness and Operations and Technician level courses along with a number of other specialized programs.

PURPOSE:

To help people with disabilities become more independent and productive members of the community. The program makes available direct loans to borrowers at tiered interest rates and terms that are specifically tailored to meet the financial needs of individual borrowers. Business entities may also borrow from the fund to help make businesses accessible to individuals with disabilities.

ORGANIZATION:

The Kim Wallace Adaptive Equipment Loan Program Fund Board consists of nine members. Seven members are appointed by the Governor and confirmed by the Maine Legislature. Of these members, one must be an experienced consumer lender; one must be a certified public accountant; and the remaining five must be people with a range of disabilities. The Director of the Bureau of Rehabilitation Services within the Department of Labor or the Director's designee and the Treasurer of the State of Maine or the Treasurer's designee also serve on the Board.

The Board currently contracts with Alpha One, a nonprofit community-based agency offering services to persons with disabilities, to provide initial assistance to program applicants and help determine the appropriateness of the equipment to be purchased. The Board also contracts with the Finance Authority of Maine to provide administrative assistance, financial analysis and management and legal counsel.

PROGRAM:

The program provides flexible term loans to assist people with disabilities become more productive members of the community. Businesses may also borrow from the fund to make their facilities more accessible to people with disabilities and to make physical and structural changes necessary to allow a business to hire individuals with disabilities.

COMMISSION ON GOVERNMENTAL ETHICS AND ELECTION PRACTICES

JONATHAN WAYNE, EXECUTIVE DIRECTOR
WILLIAM A. LEE III, ESQ., CHAIR

Central Office 45 MEMORIAL CIRCLE, AUGUSTA, ME 04330
Mail Address 135 STATE HOUSE STATION, AUGUSTA, ME 04333-0135 *FAX* (207) 287-6775
Established 1976 *Telephone* (207) 287-4179
Reference Policy Area 00 *Umbrella* 94 *Unit* 270 *Citation* T0001 *M.R.S.A., Sect.* 000001002

PURPOSE:

The Commission on Governmental Ethics and Election Practices is an independent commission established to guard against corruption or undue influencing of the election process and against misconduct or the appearance of misconduct by Legislators.

The general duties of the Commission are to investigate and make advisory recommendations to the appropriate body of the Legislature of any apparent violations of the ethical standards set by the Legislature; to issue advisory opinions and guidelines on problems or questions involving possible conflict of interest in matters under consideration by, or pertaining to, the Legislature; and to administer the sources of income disclosure law.

Additional responsibilities of the Commission are to administer and investigate any violations of the requirements for campaign reports and campaign financing, including the provisions of the Maine Clean Election Act; to conduct biennially, in conjunction with the Attorney General and the Chair of the Legislative Council, an ethics seminar for Legislators; to administer the lobbyist disclosure laws, and to administer and ensure effective implementation of the Maine Clean Election Act.

ORGANIZATION:

The Commission on Governmental Ethics and Election Practices, established by 5 MRSA, section 12004-G, §33, consists of five members appointed by the Governor from nominee lists submitted by Legislative Leadership. Appointees are subject to review by the joint standing committee of the Legislature having jurisdiction over legal affairs and confirmation by the Senate.

No more than two members may be enrolled in the same political party. Each member serves a three-year term. A person may not be appointed to the Commission who is a member of the Legislature or who was a member of the previous Legislature, or who was a declared candidate for an elective county, state or federal office within two years prior to the appointment, or who holds an elective county, state or federal office, or who is an officer, director, employee or primary decision maker of a party committee, political action committee or candidate committee authorized under 21-A MRSA, §1013-A(I)(B).

Pursuant to 1 MRSA, section 1006, the Commission may call for the aid or assistance in the performance of its duties on the Attorney General, Secretary of State, Office of the State Auditor, or any law enforcement agency in Maine.

PROGRAM:

Advisory Opinion, Notices, and Report Audits: During fiscal year 2020, the Commission conducted regular public meetings, issued informal advisory opinions, and its staff rendered oral advice regarding the interpretation of the statutes administered by the Commission. The staff distributed filing notices to all candidates, political action committees, ballot question committees, and lobbyists with reporting or disclosure obligations and processed reports filed by those reporting entities. Additionally, the staff conducted compliance reviews and limited audits of the reports of candidates, political action committees, ballot question committees, and lobbyists.

Complaints, Late Filings, Penalties: During fiscal year 2020, the Commission investigated complaints concerning candidate campaigns, party committees, political action committees, ballot question committees, and lobbyists. The Commission also ruled on the lateness of the filings of candidates, party committees, ballot question committees, political action committees, and

INDEPENDENT AGENCIES - OTHER

lobbyists. The Commission did not refer any cases to the Attorney General for appropriate action regarding the failure to pay penalties for the late filing of reports or the failure to file reports.

Opinions, Lawsuits, Fees: The Commission considered requests for the waiver of certain statutory requirements by candidates, lobbyists, political action committees, and political party committees and issued guidance on the interpretation of statutes and rules subject to the Commission's jurisdiction. The Commission was the defendant in an appeal of the Commission's decision to investigate Stop the Corridor (the assumed name for Clean Energy for ME, LLC)., CUM-CV-20-14 Me. Sup. Ct., Cumberland County, June 19, 2020).

PUBLICATIONS:

The Commission distributes copies of the governmental and legislative ethics laws, lobbyist disclosure procedures, campaign reports and finance laws for candidates, the laws governing political action committees (PACs) and ballot question committees (BQCs), the Maine Code of Fair Campaign Practices, and the Maine Clean Election Act. Other publications include: filing schedules, registrations, and reporting forms for lobbyists, PACs, BQCs, party committees, and candidates for state and county; sources of income statements for Legislators and legislative candidates and executive branch officials; rosters of registered PACs and BQCs, lobbyists, and candidates/treasurers; candidate compliance manuals; summaries of campaign contributions/expenditures; and Annual report of lobbyist compensation.

PURPOSE:

The Finance Authority of Maine (FAME), a quasi-independent state agency, is Maine's business and higher education finance authority. FAME's mission is to provide financial solutions that help Maine people achieve their business and higher educational goals.

FAME initially was established in 1983 as Maine's business finance agency. In that role, FAME was charged with supporting the start-up, expansion and growth of Maine businesses by working with Maine's banking community to improve access to capital. In 1990, FAME's mission was significantly expanded by the Maine Legislature when it assumed responsibility for administering the State's higher education finance and outreach programs. Through loans, grants and loan insurance, FAME helps students and their families meet the costs associated with

INDEPENDENT AGENCIES - OTHER

higher education. FAME administers Maine's Section 529 Education Savings Program, NextGen 529, and oversees outreach activities that are designed to encourage Maine people to aspire to and pursue higher education.

FAME works to grow the number of Maine residents with quality in-state jobs by deploying financial resources needed to obtain relevant postsecondary education and increase economic development. FAME accomplishes its mission by working closely with the State's higher education, commercial lending, economic development and business communities, as well as the Governor and Maine Legislature, in the formulation and implementation of financial services and programs that help fill gaps that exist in Maine's capital delivery system.

ORGANIZATION:

FAME is overseen by a fifteen-member board of directors that has the following makeup: two members with experience in natural resource-based enterprises; two veterans; one certified public accountant; one commercial lender; one attorney; one member with expertise in student financial aid; one member knowledgeable in the field of higher education; three members at-large; three state officials, including the Commissioner of Economic and Community Development, a natural resource agency commissioner and the State Treasurer.

Members of the FAME Board are appointed by the Governor and are subject to review and confirmation by the Maine Legislature. Each member, other than the state officials, serves for a term of four years, with a maximum of two four-year terms possible. The Chief Executive Officer is appointed by the Governor for a four-year term, subject to review and confirmation by the Maine Legislature, to supervise and direct the administrative and technical activities of FAME on a day-to-day basis.

PROGRAM:

BUSINESS FINANCE: FAME administers and oversees programs that may be utilized individually or in combination with other financing mechanisms to assist business development in Maine.

These programs include: Commercial Loan Insurance Program; OnLine Answer Program; FAME Direct Loan Program; Regional Economic Development Revolving Loan Program; Linked Investment Program for Commercial Enterprises; Linked Investment Program for Agriculture; Maine Seed Capital Tax Credit Program; Maine New Markets Capital Investment Tax Credit Program; and various bond financing programs.

Additionally, the following programs are administered in conjunction with other state departments or agencies: Agricultural Marketing Loan Program; Dairy Improvement Fund; Potato Marketing Improvement Fund Program; Maine Rural Development Authority; Nutrient Management Loan Program; Compliance Assistance Loan Program.

EDUCATION FINANCE AND OUTREACH: FAME maintains and administers the following federal and state higher education finance and outreach programs: Maine State Grant Program; Educators for Maine Program; Maine Education Savings Program (NextGen 529); Maine Dental Education Loan and Loan Repayment Programs; the Harold Alfond College Challenge; Maine Health Professions Loan Program; the Doctors for Maine's Future Scholarship Program; Maine Veterinary Medicine Loan Program; Tuition Waiver Programs; The Maine Loan; Alfond Leaders Program; and financial education.

PURPOSE:

To assist private nonprofit hospitals, non-profit nursing homes, community health facilities, forprofit nursing and boarding homes, and private, nonprofit institutions for higher education within the State of Maine in both short and long-term financing for the construction and equipping of health-care and educational facilities, and the refinancing of existing indebtedness by providing financial advisory services and access to the tax-exempt and taxable bond markets.

ORGANIZATION:

The Authority consists of 12 members, including the Treasurer of the State, the Commissioner of Health and Human Services, the Commissioner of Education and the Superintendent of Financial Institutions, who serve as ex officio members, and eight other members, who are residents of the State of Maine and are appointed by the Governor, for terms of five years. The Authority shall annually elect one of its members as chairman and one as vice-chairman, and shall also appoint an Executive Director who shall not be a member of the Authority, who shall serve at the pleasure of the Authority and is responsible for the day-to-day activities of the Authority. The Executive Director also serves as both the secretary and treasurer of the Authority.

PROGRAM:

Bonds, notes or any other obligations of the Authority while utilizing the moral obligation reserve fund makeup of the State do not constitute an obligation of the State of Maine or any political subdivision within the State. Each bond issue of the Authority is secured solely by revenues derived from the project financed by the proceeds of said issue. Bonds of the Authority may be secured by a gross pledge of the revenues derived from the project. In addition, the Authority may take title to the project and lease it back to the hospital, nursing or boarding home, or institution for higher education or may take a mortgage on the project. Each health-care facility or institution for higher education agrees, among other things, to pay the Authority sufficient monies at all times to pay principal and interest on outstanding bonds.

During fiscal year 2020, the Authority issued \$60,325,000 in General Resolution conduit debt on behalf of its borrowers which is not debt of the Authority or moral obligation debt of the State of Maine. During fiscal year 2020 the Authority issued \$155,070,000 of reserve resolution moral obligation debt.

The Authority does not receive any appropriation from the State. It derives its revenue from fees charged to participating eligible borrowers using its financing capabilities. The Authority charged origination and loan servicing fees based on type of loan, financing, and borrower.

PURPOSE:

The Commission works to preserve the architectural, historic and environmental heritage of the people of the State, and to develop and promote the cultural, educational and economic benefits of these resources.

ORGANIZATION:

The Commission was created by the 105th Legislature in 1971 as an Independent State Commission. In 1973, the Commission was placed in the Department of Educational and Cultural Services for administrative purposes, and in 1979 it became a bureau of the Department. In 1990 the 114th Legislature established the Commission as an independent agency.

The Commission consists of eleven members made up as follows: Commissioner or representative of the departments of Transportation and Agriculture, Conservation and Forestry; and nine representatives from among the citizens of Maine, one of whom must be elected chair and one of whom must be elected vice-chair. Among the public members, all of whom are appointed by the Governor, there must be at least one prehistoric archaeologist, one historic archaeologist, one historian, one architectural historian, and one architect. The term of office of each member is 5 years. Each member serves for the term of the member's appointment and thereafter until the member's successor is appointed; but in any event no more than 2 consecutive terms. All vacancies are filled for the balance of the unexpired term in the same manner as the original appointments.

PROGRAM:

The Maine Historic Preservation Commission administers the National Historic Preservation Act of 1966 in the State of Maine. The Program includes the following activities: Historic Preservation Planning; National Register of Historic Places; Preservation Tax Incentives; Survey and Inventory; Development, Acquisition and Covenants; Review and Compliance; and Local Government Certification. Agency staff provides guidance and advice to governmental agencies, groups and individuals in the area of historic preservation. During fiscal year 2020, the Commission provided Historic and Archaeological resource data to 51 municipalities for use in the development of local comprehensive plans; expanded the National Register of Historic Places by 9 individual buildings, 2 structures and 1 historic district; reviewed the Part 1, 2 and/or 3 of 43 tax credit applications leading to the certification of 14 historic rehabilitation projects with a total value of over \$30 million dollars; added 2,693 properties to the Maine Historic Resources Inventory; and reviewed over 1,700 projects to evaluate their impact on historic properties.

LICENSES:

Pursuant to 27 MRSA §374, any party wishing to excavate a protected archaeological site (listed in the National Register of Historic Places which is state-owned or is subject to a preservation agreement between the landowner and the Commission), must apply for an Excavation Permit to the Director of the Commission with a written research proposal. If a site which is not state-owned is involved, permission to excavate in writing from the landowner must accompany the permit application. If an Excavation Permit is granted, it must be co-signed by the Director of the Commission, the Director of the Maine State Museum, and (if involving a state-owned site) the Director of the agency with primary jurisdiction.

PURPOSE:

The Maine Human Rights Commission was established to investigate and prevent discrimination in employment, housing or access to public accommodations on account of race, color, sex, sexual orientation, physical or mental disability, religion, ancestry, or national origin; in employment, discrimination on account of age and genetic predisposition; in housing, discrimination on account of source of income and familial status; in extension of credit, on account of age, race, color, sex, sexual orientation, marital status, ancestry, religion or national origin; and in education, discrimination because of sex, sexual orientation, physical or mental disability, national origin and race. The Maine Human Rights Act also prohibits discrimination in employment because an employee asserted a right with a prior employer under the Worker's Compensation Act and prohibits retaliation in employment because an employee reported unsafe or unlawful activity in the workplace under the Whistleblowers' Protection Act.

ORGANIZATION:

The Maine Human Rights Commission was established in 1971 to promote the full enjoyment of human rights and personal dignity by all inhabitants of the State of Maine; to keep in review all practices and their causes infringing on the basic human right to a life with dignity so that corrective measures may be recommended and implemented; to prevent discrimination in employment, housing or access to public accommodations on account of race, color, sex, sexual orientation, physical or mental disability, religion, ancestry or national origin; in employment, discrimination on account of age and genetic predisposition; in housing, discrimination on account of source of income and familial status; in extension of credit, on account of age, race, color, sex, sexual orientation, marital status, ancestry, religion or national origin; and in education, discrimination because of sex, sexual orientation, physical or mental disability, national origin and race.

PROGRAM:

DISCRIMINATION COMPLAINTS. During the fiscal year 2020, 776 new complaints were filed with the Maine Human Rights Commission; and the Commission closed 702 cases. After updating inventory data, there were 745 cases active at the end of fiscal year 2020.

LITIGATION. The Commission is represented in the courts of the State of Maine by the Commission's own counsel.

PURPOSE:

The Maine Indian Tribal-State Commission was created as part of the Maine Implementing Act of 1980 to "continually review the effectiveness of this Act and the social, economic, and legal relationship between the Houlton Band of Maliseet Indians, Passamaquoddy Tribe and the Penobscot Indian Nation and the State." The Commission also has a number of specific mandates, including the promulgation of

fishing regulations on certain bodies of water and making recommendations concerning the acquisition of lands to be placed in trust for the Passamaquoddy Tribe and Penobscot Indian Nation.

ORGANIZATION:

The Commission consists of appointees from all parties to the Maine Indian Land Claims Settlement. Six of its members are appointed by the Governor of Maine and confirmed by the Legislature; two are appointed by the Houlton Band of Maliseet Indians; two are appointed by the Passamaquoddy Tribe; two are appointed by the Penobscot Indian Nation; and the thirteenth, who is the chairperson, is selected by the twelve appointees.

The Commission's budget is primarily comprised of State and Tribal appropriations. The Commission is authorized by statute to seek funding from any source including grants and gifts. The Commission does from time to time receive grants gifts and miscellaneous income. The Commission is staffed by one full-time Managing Director and and utilizes independent contractors for various specific purposes.

PROGRAM:

The Commission's overriding priorities include monitoring the compliance by the parties to the Maine Indian Claims Settlement as reflected in the Maine Indian Claims Settlement Act (MICSA - 25 USCS § 1721) and Maine Implementing Act (MIA - 30 MRSA §6201); offering information, analysis, and findings concerning disputed provisions of MICSA and MIA; strengthening tribal-state relations; deepening the understanding by tribal and state leaders of the key concepts and issues underlying both the Settlement and ongoing Wabanaki-Maine relations; promoting a relationship between the State and Tribes that is based on open communications and mutual trust and respect; and increasing the public's understanding and appreciation of the Wabanaki Peoples. To address these overriding priorities, the Commission conducts ongoing diplomatic efforts, undertakes research into disputed areas of the Settlement, makes recommendations on issues affecting tribal-state relations, staffs the Annual Assembly of Governors and Chiefs, sponsors meetings and workshops, presents testimony, and collaborates on educational activities.

PURPOSE:

The purpose of the Maine State Library is to provide, broaden and improve access to information in a variety of formats to citizens regardless of location of residency.

ORGANIZATION:

The Maine State Library includes Administration, Collections Development, Digital Initiatives and Promotion; Library Development; and Public and Outreach Services, Research and Innovation.

PROGRAM:

The Program of the Maine State Library (MSL) is supported by several components. Administration: This program is defined by the role of the State Librarian. As such, the State Librarian has administrative oversight of operations and programs offered by the Maine State Library. These programs include: Collection Development, Digital Initiatives and Promotion; Library Development; and Public and Outreach Services, Research and Innovation. General Fund appropriations support the salary of the State Librarian, and the programs delivered by the Maine State Library. All statutory requirements of the Maine State Librarian are carried out by the state librarian and through the aforementioned operational programs. Such requirements include, but are not limited to: Contents and Exchanges - essentially building a collection and making it available through the lending of materials statewide; ensuring an operation open to the public to conduct research and utilize numerous library resources; overseeing the collection of state agency publications; and using resources to make libraries stronger throughout Maine. The Maine State Library has three primary operating departments: 1) The Collections Development, Digital Initiatives and Promotion Department is responsible for the acquisition and care of over 600,000 books, serial volumes and government documents as well as other special collections belonging to the Maine State Library. The Unit is responsible for activities to digitize collections items and provide online access to those materials. Staff of the Division are also charged with maintaining the library website and social media accounts as well as publicizing programming and library issues to different constituencies. Collections priorities of the Maine State Library are consistent with statutory obligations as defined in MRSA Title 27 §2 as well as the Agency's long-standing goal of serving as the State's premier library on the history, resources and publications of Maine. 2) The Library Development Department is responsible for the administration of federal Library Services and Technology Act (LSTA) programs aimed at facilitating statewide resource sharing and improved library services in Maine. The division also oversees state and federal data collection, compilation and dissemination concerning public libraries services. Specific activities of the division can be categorized as; (1) Consulting Services, Professional Development and Continuing Education (2) Infrastructure: Shared Statewide Resources (3) Broadband Access and E-Rate. 3) The Public and Outreach Services, Research & Innovation Department oversees the development and delivery of all direct one to one service. Embracing a philosophy of service that people are at the center of the library's mission to inspire and cultivate learning, advance knowledge and nurture and strengthen communities, this

PURPOSE:

The Maine Lobster Marketing Collaborative markets and promotes the sale of Maine lobster in local, regional, national and world markets year-round.

ORGANIZATION:

The Maine State Legislature established the Maine Lobster Promotion Council in 1991 at the request of the Maine lobster industry. In 2013, the Maine Lobster Promotion Council was renamed the Maine Lobster Marketing Collaborative (MLMC) and funded through 2018. After an independent assessment of the program in 2018, the legislature funded the organization through 2021 at the same level. The MLMC is a public instrumentality of the State, funded primarily through assessments paid by lobster license holders and managed by an 11-member Board of Directors composed of four harvesters, three dealers/processors and two public members, the Commissioner of the Department of Marine Resources and the Commissioner of the Department of Economic and Community Development (or the Commissioners' designees).

PROGRAM:

The MLMC markets the Maine Lobster brand to consumer and trade audiences around the globe. The objective of the MLMC is to support brand awareness and premium positioning for Maine Lobster in order to maintain interest and demand for Maine Lobster and thereby support the value of the brand for all sectors of the industry.

The MLMC developed a comprehensive marketing strategy to support the promotion of the Maine Lobster brand to consumer and trade customers, primarily in the U.S. with some activity targeting export markets. The MLMC implements the strategy through a variety of marketing tools including public relations, events, social media, digital marketing and advertising.

Reference Policy Area 08 *Umbrella* 94 *Unit* 591 *Citation* T0029A *M.R.S.A., Sect.* 000000562

PURPOSE:

The Motor Carrier Review Board was created by 29-A MRSA §562 to review the records of motor carriers with histories of significant and repeated carrier violations in Maine.

The Board is charged with making recommendations to the Secretary of State for possible suspension of a carrier's privilege to operate commercial vehicles in Maine. To make these determinations, the Board looks at a number of data sources including adjudicated violations, Maine State Police Commercial Vehicle Enforcement Unit data, and the Federal Motor Carrier Safety Administration's reviews and ratings.

The Motor Carrier Review Board's principal data source is the Maine State Police Driver/Vehicle Inspection Reports.

In 1996, the Board developed and adopted its rules for conducting motor carrier reviews. In 2012, the rules were significantly revised to improve the carrier selection and review process. In 2018, the Department of the Secretary of State sponsored LD 1692 to reorganize the Motor Carrier Review Board process. Effective, October 2018, the Bureau of Motor Vehicles started conducting initial carrier reviews based on a scoring system developed by policy. The Bureau takes appropriate enforcement action based on a carrier's safety score. The Motor Carrier Review Board is the appeals board, which hears appeals from any carrier disputing the Bureau's findings and decisions. See PL 2018, c.327.

In fiscal year 2020, the Bureau, in accordance with rules developed and adopted, issued 23 warning letters and seven suspension notices to carriers that exceeded the established threshold limits, due to histories of significant and repeated motor carrier violations in Maine. The Board, in accordance with the newly adopted rules, conducted seven motor carrier hearings which resulted in recommending to the Secretary of State three suspensions of a carrier's privilege to operate commercially in Maine.

In 2020, the Legislature repealed the statute authorizing the Board. The Secretary of State's Legal Affairs Division will handle all motor carrier appeals consistent with the Administration Procedure Act.

ORGANIZATION:

The Board consists of seven members appointed by the Governor. The members consist of two representatives from the motor carrier industry, one from the Maine Motor Transport Association, one from the Maine Forest Products Council, one from the commercial motor vehicle insurance industry, one from the Maine Professional Drivers' Association and one public member. The Board is staffed by the Bureau of Motor Vehicles, Office of Motor Carrier Services.

PURPOSE:

The Maine Municipal Bond Bank (the Bank) was established to reduce overall long-term borrowing costs of governmental units within the State for capital improvement projects through lower interest rates and reduced processing costs of bond issues. The Bond Bank is empowered to issue bonds and notes in its own name and to use the proceeds therefrom to directly purchase the bonds or notes of governmental units. The result is to combine a number of smaller bond issues into a single attractive package which the Maine Municipal Bond Bank then offers to the national market.

ORGANIZATION:

The Maine Municipal Bond Bank, established in 1972, consists of a five-member Board of Commissioners, including the Treasurer of State and the Superintendent of Financial Institutions, ex officio, and three Commissioners appointed by the Governor, for terms of three years. The Board elects one of its members as chairman and appoints an Executive Director who also serves as both secretary and treasurer.

No State appropriations are allocated to the Maine Municipal Bond Bank's General Bond Resolution program. The Bank pays all costs of issuance on behalf of local governmental units using the Bank's General Bond Resolution, except for local bond counsel, a prorated share of underwriters' sales commission and any negative

arbitrage on the moral obligation reserve fund. Operating expenses are covered by the bond refunding savings, grant administrative fees and income from investment of operating funds.

The Bank does not receive any appropriations from the State to operate these Programs but does receive administrative and/or loan servicing fees from participating eligible borrowers.

PROGRAM:

In November of 2019, bonds were issued in the General Tax-Exempt Resolution totaling \$23,240,000 that assisted 15 governmental units in financing their capital projects. In May of 2020, bonds were issued in the amount of \$37,375,000 that assisted 16 governmental units in financing their capital projects.

Additional Program Information:

In 1998, the Maine Legislature established the Maine School Revolving Renovation Fund to promote efficient capital financing activities for the construction, renovation and maintenance of school facilities. The Bank jointly administers the Program with the Maine Department of Education. The Bank receives allocations from the State for deposit into the Fund. In fiscal year 2019 no new loans were processed. The Bond Bank continued to monitor outstanding loans and process loan requisitions as they were received.

In 1989, the State of Maine designated the Bank to serve as the administrator and financial manager of the Drinking Water State Revolving Loan Fund Program, which it jointly administers with the Maine Department of Health and Human Services and Clean Water State Revolving Loan Fund Program, which it jointly administers with the Maine Department of Environmental Protection. In fiscal year 2019, the Clean Water Program provided 28 loans totaling \$51,971,666 to finance wastewater construction projects. The Drinking Water Program provided 22 loans totaling \$21,780,309 to finance public water systems construction projects.

In 2004, the Maine Legislature established the Transportation Grant Anticipation Fund for the purpose of assisting the Maine Department of Transportation in the financing of qualified transportation projects. This Program is jointly administered with the Maine Department of Transportation. Loans are secured pursuant to a pledge and certificate issued by the Maine Department of Transportation, which pledges future Federal Transportation funds to secure payment of GARVEE bonds. To date, the Bank has issued \$291,495,000 in Grant Anticipation Bonds.

In 2008, the Maine Legislature established the Transportation Infrastructure Fund for the purpose of providing financial assistance for the planning, design, acquisition, reconstruction, rehabilitation and other transportation capital improvements in the State of Maine. This Program is jointly administered with the Maine Department of Transportation. Loans are funded through the issuance of tax exempt revenue bonds and are secured by the TransCap Trust Fund, which is administered by the Bank. To date, the Bank has issued \$294,680,000 in Transportation Infrastructure Revenue Bonds. The issues were rated AA by Standard & Poor's and AA-by Fitch Ratings.

In 2010, the Bank created a new bond resolution for the issuance of Qualified School Construction Bonds. In October of 2013, bonds were issued in the General Tax-Exempt Resolution totaling \$1,150,238 that assisted 1 governmental unit to finance their capital projects. No new QSCB bonds have been issued since October 2013.

In 2013, the Maine Legislature established the State Liquor Operation Fund for the purpose of making advances to the State of Maine to make payments to health care providers for services provided prior to December 1, 2012 under the MaineCare program. The bonds are to be repaid from

a portion of future liquor revenues collected by the State Bureau of Alcoholic Beverages and Lottery Operations. In September of 2013, the Bank issued \$220,660,000 in Liquor Operation Revenue Bonds. The issues was rated A+ by Standard & Poor. In fiscal year 2019, the bank continued to monitor and receive revenues so bond payments are made in accordance to the liquor act and agreement.

PURPOSE:

The Maine State Museum seeks to share what is meaningful about Maine and its place in the world, in order to inspire people to discover Maine's past, understand its present, and imagine its future (Mission Statement, 2015). The Museum pursues this mission through the selection, preservation, research, and educational use of objects and information representing the compelling significance of Maine's natural and cultural heritage.

The Maine State Museum is located in Augusta and maintains collections comprising some 800,000 items representing the full range of Maine's archaeological, cultural, environmental, biological, and geological history. Portions of these collections are normally publicly exhibited in the Cultural Building, the State House, and the Blaine House. The museum staff conducts work in support of collections development and management, exhibit development, publications, and educational programs both on-site and on-line, intended to reach a wide and varied audience.

ORGANIZATION:

The Maine State Museum was established by the Maine Legislature in 1836, when it opened a geological exhibit in the State House. It is the nation's oldest state museum. Subsequently dis-established and re-established several times, it became an independent agency of state government with the creation of the Maine State Museum Commission in 1965. It has occupied its present location (referred to as the Cultural Building) since 1971 and is New England's only state museum. It is one of seven members of the Cultural Affairs Council, an organization which is involved in cultural matters of statewide significance. On March 15, 2020, the museum building was closed to the public in response to the COVID-19 pandemic. After reopening for seven days in June, the museum closed again after a catastrophic HVAC system failure, which began what is expected to be a two-year closure of the Cultural Building for an extensive asbestos abatement project and the installation of a new HVAC system. Despite this closure, all collections management, online educational programming, and exhibit planning activities continue.

PROGRAM:

EDUCATION/Volunteers: In calendar year 2019 the museum hosted 44,597 on-site visitors. Of these visitors, 52% were admitted free. In FY 2020, 25,584 on-site visitors came to the museum before it closed in early March. In calendar 2019 21,275 visitors came for structured educational programs, including 17,129 students. During FY 2020, group visitors came from 206 Maine towns, 23 US states, and 4 countries. In calendar 2019 special museum events drew 5,357 attendees on-site, and the museum reached 1,833 people through off-site, in-person, outreach presentations. In calendar 2019 Museum volunteers for the education division, and for the historical and natural science collections, contributed about 3300 hours of volunteer work. In this period paid museum staff amounted to 20 full-time equivalent positions. Collaborative programs or activities were conducted with the Maine State Library, the Maine State Archives, the University of Southern Maine, the Merrymeeting Bay Pioneers Project, and other organizations. Fund-raising for a new education center within the museum was completed in FY 2020, amounting to almost \$ 1 million for construction and a supportive endowment. It is expected that this facility will be built as an element of the Cultural Building repair project. The museum's collections survey, A Story of Maine in 112 Objects, was named a 2019 Honor Book by Historic New England. Loans of historical and scientific materials were made to educational and museum institutions in Maine and beyond.

FRIENDS OF THE MAINE STATE MUSEUM: The Friends of the Maine State Museum continued to host programs and raise new support for the museum.

INFRASTRUCTURE: COLLECTIONS: In FY 2020 the museum added 45 accession groups to its collections, comprising about 220 separate items. Noteworthy examples among them are an 1867 Norwegian/American quilt made for Portland ship captain Charles Musaus; an 1827 portrait by John Brewster, Jr. of two young daughters of the Winter family of Bath; a Cumston and Buckminster card table made in Saco before 1816; and a photograph of the 1869 hanging of Clifton Harris at the Thomaston prison. Harris, a young black man, confessed to a West Auburn murder that may actually have been committed by his white friend Luther Verrill. With the cooperation of the Maine Dept. of Inland Fisheries and Wildlife, the museum acquired, as a taxidermy specimen, the rare Great Black Hawk that captured the attention and hearts of Mainers during its residence and ultimate demise in Portland's Deering Oaks Park. The museum continued the cataloging of the extensive micro-lepidoptera collection from Michael (Tony) Roberts, representing 40 years of research and including hundreds of species, some no longer present in Maine due to climate change.

EXHIBITS: In 2020 the museum opened its Bicentennial exhibit, Regional Struggle-National Story: Maine's Path to statehood. It was shown briefly before the museum's closure. Other planned exhibits will await the museum's re-opening.

OUTREACH: Museum staff served on professional committees, including the Maine Bicentennial Commission, responded to numerous requests for information, and spoke at state and regional conferences. Museum staff made numbers of public presentations at educational, art, and history organizations in Maine. One museum staff member is an associate editor of the Journal of Paleontology and contributed articles to this publication.

PURPOSE:

The Northern New England Passenger Rail Authority (NNEPRA) was created in 1995 by the Maine State Legislature as a result of a citizens' initiative to reestablish and support the provision of regularly scheduled passenger rail service to and within Maine. The Authority is directed to take actions to support passenger rail service, including the acquisition, holding, use, operation, repair, construction, reconstruction, rehabilitation, modernization, rebuilding, relocation, maintenance, and disposition of railroad lines, railway facilities, rolling stock, machinery and equipment, trackage rights, and real and personal property of any kind. In addition, NNEPRA manages host railroad agreements, a contract with Amtrak, insurance liability and marketing, and coordinates station operations.

ORGANIZATION:

NNEPRA consists of a board of seven (7) directors. The seven directors are the Commissioner of Transportation, who is a director ex officio; the Commissioner of Economic and Community Development, who also is a director ex officio; and five directors who are members of the public, appointed by the Governor and confirmed by the Legislature for five-year staggered terms. The Governor shall name one of the appointed members as chair of NNEPRA.

PROGRAM:

Pursuant to its mandate, NNEPRA is currently providing intercity passenger rail service between Portland and Boston's North Station, and in 2012, service was expanded from Portland, north to Brunswick.

PURPOSE:

The Board was established to hear and determine tax abatement appeals involving nonresidential properties with an equalized valuation of \$1,000,000 or more and appeals arising under: 1) the tree growth tax law (36 MRSA, §571 et seq.); 2) the farm and open space law (36 MRSA, §1101 et seq.); 3) mine site cases (as provided in 36 MRSA, §2865); 4) Working Waterfront designations (36 MRSA, §1131 et seq.); 5) municipal valuation appeals {36 MRSA, §272}.

ORGANIZATION:

The Board is established under 5 MRSA, §12004-B and consists of 15 members appointed by the Governor. Except for appointments made at the formulation of the Board, the term of each member is three years. An appointment to fill a vacancy shall be for the remainder of the unexpired term. Membership is divided equally among attorneys, real estate brokers, engineers, retired assessors and public members. The chairman, who is elected by the body, assigns a panel of members to hear a given appeal, with three constituting a quorum. Such hearings are held de novo. After hearing, the Board has the power to raise, lower or sustain the original assessment.

PURPOSE:

The Maine Public Employees Retirement System (MainePERS) administers retirement programs that cover: 1) State employees, 2) all of the State's public school teachers and administrators, 3) the State's judges, 4) the State's legislators, and 5) employees of the various political subdivisions that choose to participate in the MainePERS as Participating Local Districts (PLDs). The retirement program for the PLDS include the PLD Consolidated Plan, which was fully implemented as of

INDEPENDENT AGENCIES - OTHER

July 1, 1996, and covers 301 PLDs, and the 6 separate plans for the remaining non-consolidated PLDs that continue to function as districts for their remaining employee-members and retirees. The MainePERS is also responsible for the payment of benefits from the Governor's Retirement Fund and payment of retirement benefits to judges who retired prior to establishment of the Judicial Retirement Program (formerly the Maine Judicial Retirement System) in 1984. In addition to administering these public retirement programs, the MainePERS is responsible for administering the Group Life Insurance Program. This program provides life insurance benefits for both active and retired State employees and public school teachers, for employees of PLDs that elect to offer this coverage to their employees, and for members and retirees of the Legislative and Judicial Retirement Programs.

The System also administers the MaineSTART defined contribution retirement plans that are established under sections 401(a), 403(b), and 457(b) of the Internal Revenue Code. These plans are presently available to employees of those employers in the PLD Consolidated Plan that have adopted one or more of the plans. As of June 30, 2020, there are 7 employers participating in the 401(a) plan with 80 participants, 61 employers participating in the 457(b) plan with 796 participants, and one employer participating in the 403(b) plan with 518 participants.

ORGANIZATION:

The responsibility for the operation of MainePERS is held by the System's Board of Trustees, which is comprised of eight members. State law specifies the Board's composition. The State Treasurer is an ex officio member of the Board. The seven other trustee seats include three that are to be filled by Retirement System members. One of these is to be a teacher member elected by the Maine Education Association; the second is to be a State employee elected by the Maine State Employees' Association; the third is to be a PLD member appointed by the Maine Municipal Association. The remaining four trustee seats are held by persons appointed by the Governor. Two of them are to have training or experience in investments, accounting, banking, or insurance, or as actuaries; one is to be chosen from nominees submitted by the Maine Education Association - Retired; and one is to be a MainePERS retiree, chosen from nominees of State and /or PLD retirees.

The Board contracts with qualified professional actuaries for the actuarial services necessary for its oversight of plan funding and the discharge of those of its other responsibilities that involve actuarial information and analysis.

The Board's management of MainePERS investments is embodied in its investment policy. The policy states the Board's underlying investment objectives, sets out the investment strategies intended to realize the objectives, and establishes guidelines and criteria for implementation of the strategies. The Board employs an investment consultant to assist in development and implementation of investment policy.

The Board is the final administrative decision-maker in matters involving the rights, credits, and benefits of members. It has established an administrative appeals process for the making of such decisions; in this process the relevant factual information and legal requirements are identified and analyzed by the independent Hearing Officers who serve under contract. In decisions on disability retirement appeals, statutorily established Medical Boards and individual medical advisors provide recommendations as to the medical aspects of disability. The Board's final administrative decisions are appealable to Superior Court.

The Board of Trustees appoints the Executive Director of the MainePERS, who is responsible for the work of the System's staff. The staff is organized into the Office of the Executive Director and the Departments of Investments, Finance, Service Programs, and Administration.

PROGRAM:

Covered members of the MainePERS include both active and inactive members. Active members are those who are currently working for a MainePERS participating employer and who are, therefore, contributing to MainePERS. As of June 30, 2020, there are approximately 52,470 active members in MainePERS. Inactive members are those who have contributed in the past and whose contributions remain with the System but who are not contributing presently because they are not working for a MainePERS participating employer. As of June 30, 2020, there are approximately 57,190 inactive members in MainePERS.

INDEPENDENT AGENCIES - OTHER

The MainePERS benefits payroll comprises benefits paid to service retirees, beneficiaries of service retirees, disability retirees and survivors of members who become deceased prior to retirement. At June 30, 2020, a total of 44,950 people were receiving benefits. The total monthly benefits payroll paid for the month of June 30, 2020 was \$86,805,663. While this number fluctuates month to month, as does the number of benefit recipients, fluctuations are relatively small. Thus, the June 30 numbers can be viewed as an approximate monthly average for fiscal year 2020.

Those looking for more details concerning the membership, finances, or benefits of MainePERS are invited to contact the System for information.

PURPOSE:

The purpose of the Saco River Corridor Commission is to protect the drinking water quality of the Saco River and the integrity of the natural resources that make up the land base of the Corridor bordering the Saco, Ossipee and Little Ossipee Rivers. The Act, which is legislatively mandated, is the source of the Commission's authority, mission, and program elements, and seeks to protect all of the values of this land and water area. These values include the economic, natural, scenic, recreational and wildlife resources, which clearly highlights the importance of this natural treasure. The Act states that "In view of the dangers of intensive and poorly planned development, it is the purpose of this

INDEPENDENT AGENCIES - OTHER

Act to preserve existing water quality, prevent the diminution of water supplies, to control erosion, to protect fish and wildlife populations, to prevent undue extremes of floods and drought, to limit the loss of life and damage to property from periodic floods; to preserve the scenic, rural and unspoiled character of the lands adjacent to these rivers; to prevent obstructions to navigation; to prevent overcrowding; to avoid the mixture of incompatible uses; to protect those areas of exceptional scenic, historic, archaeological, scientific and educational importance; and to protect the public health, safety and general welfare by establishing the Saco River Corridor and by regulating the use of the land and water within this area." The Saco River serves as a drinking water reservoir which requires the additional oversight and protection of the Saco River Corridor Commission. Several hundred thousand people rely on this river for their drinking water needs.

The Corridor area, totaling approximately 300 miles of river front, includes the Saco River from Saco Bay to the New Hampshire border, the Ossipee River from its confluence with the Saco River to the New Hampshire border, and the Little Ossipee River from its confluence with the Saco River to the New Hampshire border at Balch Pond. The Saco River Corridor Commission is a perfect example of regional communities working together toward a common goal to protect a dynamic, regional resource of economic importance to the entire area.

The Saco River Corridor Commission administers regulations developed for our region because the water in our rivers serve as a drinking reservoir for Biddeford, Saco and several adjacent communities. As important as this is today, it will be even more critical as a drinking water source well into the future possibly extending far outside of the region. It is a function of this Commission to review applications for permits and variances filed under provisions of this Act and to ensure the continuing land and water quality of the Saco River Corridor.

ORGANIZATION:

The Saco River Corridor Commission is a single-unit agency consisting of one regular and one alternate member from each of the twenty municipalities in the three counties whose jurisdiction includes lands or bodies of water encompassed by the Saco River Corridor. These forty members are appointed for a staggered three year term to serve on the Commission by the various elected officials within the municipalities with lands in the Corridor. The Commission members are the decision making body of the organization, while the staff presently consists of an Executive Director, Administrative Assistant, Environmental Compliance Evaluator, Water Quality Program Manager, Water Quality Coordinator, and volunteers who provide support services to the Commission, to applicants, and to various municipal officials concerned with the Saco River Corridor Act, with the river, or with other state-related matters.

PROGRAM:

The Commission applies land use planning standards to ensure that growth in the Corridor does not diminish water quality. With available resources, the Commission staff provides assistance to applicants, abutters, code enforcement officers and municipal officials. During this fiscal year, the Commission conducted 3 public hearings, 17 subcommittee meetings and 12 regular meetings. Members considered a total of 105 permit applications for development within the corridor. Commission staff traveled 14,157 miles in performing site inspections, compliance checks, enforcement of land use law and the ongoing DEP/EPA basinwide approved water quality monitoring program. The development proposals reviewed by the Commission continue to reflect a diversity of uses for the river and its adjacent lands, and the Commission's discussions and decisions regarding various applications are, in part, a reflection of a major purpose of the Saco River Corridor Act: the assurance that diversity of use is balanced by the avoidance of the mixture of incompatible uses.

The Commission continues to coordinate any enforcement efforts with the Office of the Attorney General and/or the Department of Environmental Protection. Although the Commission's primary function is regulatory, it also continues its historic role as an advocate for the river and its surrounding environment. To this end, the Commission utilizes the time of many volunteers annually to coordinate a water quality monitoring program at 42 separate sites. Seasonally, over 3,600 individual samples are taken and analyzed by staff and through the expertise of a certified laboratory.

PURPOSE:

The Maine Technology Institute (MTI) was established to encourage, promote, stimulate and support research and development activities leading to the commercialization of new products and services in the State's technology-intensive sectors; to enhance the competitive position of those sectors; and, increase the growth of clusters of industrial activity within those sectors, thereby generating new jobs for Maine people. MTI is critical to the State's economic development strategy and a significant driver to the long-term expansion of research and development assets resulting in the creation of new ventures. In 2019, MTI had another banner year, disbursing over \$9.6 million across 140 different projects. Its funding leveraged more than \$58 million in private sector matching investment.

ORGANIZATION:

MTI leads the development of a strong culture of innovation in the State of Maine and is well-positioned for continued growth and effectiveness. It is organized as a nonprofit corporation, consistent with the provisions of the Federal Internal Revenue Code. Bylaws were drafted and corporation documents were filed in September 1999. Bylaws were updated in October 2019. A Board of Directors consisting of thirteen voting members and two nonvoting members governs MTI. The Governor appoints ten directors, eight represent the targeted technologies and two have demonstrated finance, lending or venture capital experience. The Commissioner of Economic and Community Development, the Chancellor of the University of Maine System, the President of the Maine Community College System and the Director of the Office of Policy and Management, or their designees, are ex-officio members. The MTI President is a nonvoting director. Seven subsidiary boards, each representing a targeted technology sector, were formed, and function to advise and support the MTI Board. Approximately 120 domain experts comprise the membership of these Tech Boards.

MTI operates from an office located in Brunswick. It also has remote office locations in Portland and Waterville. MTI's staff is composed of a President, a Director of Business Development, a Director of Finance & Administration, three Senior Investment Officers, three Investment Officers, two Lending & Grant Associates, and an Executive Administrator. Its President is employed by the Maine Department of Economic and Community Development. Since 1999, MTI has disbursed over \$280 million across 2,950 distinct projects throughout the State of Maine and that funding has leveraged well over \$1 billion in private sector matching investment.

PROGRAM:

MTI makes direct investments in ventures pursuing promising technologies, providing targeted commercialization assistance to Maine companies and strengthening Maine's technology clusters. It works with organizations and individuals focused on expanding the State's entrepreneurial ecosystem to

stimulate new venture formation. Regarded as the leader and dominant player in this effort, MTI programs require at least a 1:1 matching contribution from award recipients. MTI award programs are based on scientific or technical merit, commercial feasibility and economic impact potential to the State.

Funding from MTI signals a critical validation or endorsement of an idea, product or service. The MTI application process requires a disciplined approach demanding that the entrepreneur attempt to define a business model and build a business case for his or her idea, product or service. That validation helps lend credibility and better positions the product or process for success in the marketplace and with investors and traditional lenders.

After implementing its 2017 strategic plan, MTI launched a completely new approach to funding innovation in Maine in FY19 and FY20. The new approach includes the following changes:

- Improvements to application, review and monitoring processes that create an improved customer experience and efficiencies for innovators and staff.
- Improvements to the reporting and monitoring processes that offer a clear understanding of MTI's investments' geographic distribution, impact and performance.
- A tailored and fluid approach to delivering funding and services to innovators and innovation ecosystem partners.

BOND ADMINISTRATION:

From time to time, the Maine Legislature passes research and development bond initiatives that are presented to Maine voters for approval. In most cases, once the bond issues are approved by voters, MTI is asked to administer the funds on behalf of the State of Maine. MTI is currently managing and administering \$68 million in bond-funded research and development infrastructure projects.

PURPOSE:

The Wells National Estuarine Research Reserve was established in 1986 pursuant to Section 315 of the Federal Coastal Zone Management Act of 1972, as amended. The objective of the Act is protection and management of estuarine resources. Wells Reserve addresses this mission through environmental education, research and natural resource stewardship programs. The Wells National Estuarine Research Reserve Management Authority was established in 1990 by Private and Special Law 1989, chapter 108. As an instrumentality of the State, the Authority supports and promotes the interests of Wells Reserve through managing and sustaining the coastal lands and other resources within the reserve; furthering coordination and cooperation among state agencies, the Town of Wells and the U.S. Fish and Wildlife Service, and the Laudholm Trust; developing and implementing programs for research, education, and natural resource stewardship; and providing public access.

ORGANIZATION:

The Wells National Estuarine Research Reserve Management Authority was established by the State Legislature in 1990. The Authority is governed by a Board of Directors composed of the Commissioner of the Department of Agriculture, Conservation and Forestry (DACF), or the Commissioner's designee; the Regional

INDEPENDENT AGENCIES - OTHER

Director of Region 5 of the United States Fish and Wildlife Service or the director's designee; a representative of the town of Wells, as designated by the town's board of selectmen; a representative of the Laudholm Trust, as designated by the Board of Trustees; and a public member with an established reputation in the field of marine or estuarine research, appointed by the Governor for a term of three years. In addition, the following members are ex officio nonvoting members: The Director of the Maine Coastal Program and the Director of the Office for Coastal Management, National Oceanic and Atmospheric Administration, or the director's designee.

An Executive Director serves as chief executive to the Authority. He supervises staff with program responsibility in the areas of research, education, natural resource stewardship and facility management.

Core program funding is provided by the Office for Coastal Management/National Ocean Service/National Oceanic and Atmospheric Administration. Laudholm Trust, a nonprofit organization with 1,500 members, provides most of the nonfederal match funds for this federal grant. Other funds come from income earned from programs and admission fees and from private and government grants.

PROGRAM:

OPERATIONS and MANAGEMENT

Headquarters and visitor center are located at the historic Laudholm Farm. The Reserve is open 365 days a year. Seven miles of interpretive trails are open daily, from 7 a.m. to sunset. The Reserve has a visitor center with exhibits, a gift shop, a library, an auditorium, and a research lab. Another feature of the Reserve is the Maine Coastal Ecology Center, a 6,000 square-foot building that houses a research lab, interpretive exhibits, a GIS lab and offices. Annual visitation is approximately 30,000. The Reserve also has the Alheim Commons, a campus consisting of two buildings that provide housing to visiting coastal scientists, educators and resource managers.

COASTAL TRAINING PROGRAM (CTP)

The Reserve Coastal Training Program provides vital science-based information and technology to decision makers whose work impacts the coastal environment. CTP also sponsors workshops and conferences on coastal resource topics.

RESEARCH and MONITORING

Estuaries and salt marshes, where fresh and salt water meet, are critical in protecting marine resources from pollution that filters toward the ocean. Estuaries are vital links to the Gulf of Maine, and support one of the most important fisheries in the world. Our field and laboratory research, aided by volunteers, town/state officials, students and visiting investigators, support such projects as: Estuarine Fish Distribution-quantify value of marsh dominated estuaries and watersheds for the survival, growth/reproduction of Gulf fishes; Estuarine Water Quality-long term monitoring of water quality to detect improvements/decline in water resources as a result of land use and human activities; Salt Marsh Restoration-identify/measure damaging effects of tidal restriction.

EDUCATION

The educational programs of the Wells Reserve are designed to inform the public and coastal management decision-makers about the significance of coastal environments and watersheds. The Education Program has a popular spring and fall guided program for school groups called Exploring Estuaries. The Reserve has several summer programs for children. The Junior Researcher Day Camp allows children ages 9-11 to assist scientists with ongoing research and to learn about the varied habitats of the Reserve. The Reserve also offers one-day exploration sessions introducing children ages 6 to 11 to science and nature. The Education Program also offers the following: guided walks, events, and lectures; internships and fields studies for high school and college students; exhibits and self-guided interpretive tours.

NATURAL RESOURCE STEWARDSHIP

The Reserve conserves and manages wildlife habitats and maintains trails for the public, and cooperates on management activities with Rachel Carson National Wildlife Refuge. The Reserve encompasses 2,250 acres of protected lands. Furthermore, the Reserve works with community groups and organizations in southern Maine towns on coastal habitat restoration, watershed management and land conservation.

PURPOSE:

The Maine Quality Forum (MQF) was established in 2003 as part of Dirigo Health in Title 24-A Chapter 87 and is responsible for monitoring and improving the quality of health care in the State of Maine.

ORGANIZATION:

Title 24-A Chapter 87, Section 6951 describes the duties of the MQF which include: coordinating the collection of healthcare quality data; reporting comparative healthcare quality and performance data on a publicly accessible website; reporting annually on the amount of primary care spending in the state of Maine; conducting educational campaigns to help consumers make informed decisions and engage in healthy lifestyles; and several healthcare infection prevention activities including an annual report on the rates of healthcare associated infections in Maine hospitals and co-chairing a Healthcare Associated Infection Collaborating Partners Committee which includes a broad stakeholder group working on preventing healthcare associated infections in Maine.

PROGRAM:

Maine Quality Forum drives health care quality improvement by working collaboratively with our private and public-sector partners. MQF's work is focused in the following areas: support the advancement of primary care; define, collect and report healthcare quality measures; promote public transparency of health care quality in the State of Maine; reduce the rate of health care associated infections in the State of Maine. Examples of several activities and projects include: developing and maintaining an online training tool designed for infection preventionists working in Maine's nursing homes, topics include Healthcare Associated Infections, Bloodborne Pathogens and Biological Hazards. MQF promotes the transparency of health care quality data in collaboration with the Maine Health Data Organization on its health care cost and quality website, CompareMaine. CompareMaine reports on over 200 common health care procedures at over 150 facilities in Maine. The quality measures include patient survey ratings, preventing serious complications, preventing healthcare associated infections, preventing falls with injury, and preventing pressure ulcers. In partnership with the Maine Center for Disease Control and Prevention (CDC), the MQF co-chairs a multi stakeholder Healthcare Associated Infections Collaborating Partners Committee. The Committee has been established with a purpose to assess and analyze the status of healthcare infection prevention and control in the State of Maine and make recommendations on state strategies for the reduction of healthcare associated infections across all healthcare settings. MQF also is responsible for working with the Maine CDC on developing and implementing an external validation process to assure the accuracy of healthcare associated infection data submitted to the NHSN.

M.R.S.A., Sect. CHAP 29

PURPOSE:

The Downeast Institute for Applied Marine Research and Education (DEI) is a private non-profit organization whose mission is to improve the quality of life for the people of downeast and coastal Maine through marine research, marine science education, and innovations in wild and cultured fisheries. DEI serves as the Marine Science Field Station of the University of Maine at Machias.

ORGANIZATION:

The Institute is overseen by a 16-member volunteer board of directors and employs nine full time and three part time employees. Dr. Brian Beal, a professor and researcher at the University of Maine at Machias, serves as DEI's Director of Research. Undergraduate interns assist at DEI's Great Wass Island shellfish hatchery and running seawater laboratory during the summer months, but may also work on special projects through the year.

PROGRAM:

Originally the Beals Island Regional Shellfish Hatchery, the Downeast Institute has been conducting successful applied marine research that has been transferred to individual harvesters/fishermen, communities and fisheries managers since 1987. DEI's commercial-scale research hatchery supports marine research, public stock enhancement, aquaculture development, and K-12 education. DEI is the only hatchery in Maine producing soft-shell clam seed for municipal shellfish conservation programs. Recent research has resulted in commercialization of seeded mussel ropes for aquaculture, and has focused on developing new candidate species for aquaculture such as razor clams, sea scallops, European oysters and Arctic surf clams.

Current projects include a baseline clam recruitment study to help nine municipalities along the Maine coast quantify the settlement and survival of soft-shell clams at a total of 18 flats; a selective breeding program to develop American oysters that will grow well in the colder waters east of Franklin; commercialization of Arctic surf clam farming technology; and developing hatchery and nursery technology for sea scallops.

Besides its hatchery, DEI's facility includes a variety of laboratories, including an ecology lab and business incubator with running seawater which attracts scientists and entrepreneurs to the easternmost marine research center in the United States. A specially designed lab allows scientists to study the effects of ocean acidification and other stressors on marine life, and is one of only two of its kind on the east coast. A residence hall and conference room

enable DEI to accommodate longer term students and host a variety of educational events.

DEI's education center offers marine science research opportunities for students of all ages, marine science summer camps for K-12 youth, and professional development opportunities leading to recertification for teachers interested in enhancing STEM learning in their classrooms. DEI's education programs focus on the use of the local marine environment as a tool to engage and excite students in science using hands-on, inquiry-based projects that highlight marine science.

The \$12,500 annual allocation by the Maine Legislature has provided the matching funds and demonstration of state support that allows DEI to attract nearly \$1 million in annual funding for operations, research and education programs.

PURPOSE:

The Efficiency Maine Trust was established for the purposes set forth in the Efficiency Maine Trust Act, 35-A MRSA §10101, et seq., as may be amended (the "Act"), including without limitation, developing, planning, coordinating and implementing energy efficiency and alternative energy resources programs in the State of Maine (the "State") to: 1) provide uniform, integrated planning, program design and administration of energy programs; 2) reduce energy costs and improve security of the State and local economies; 3) ensure that all expenditures of the Trust are cost-effective in terms of avoided energy costs; and, 4) actively promote investment in cost-effective energy efficiency measures and systems that use alternative energy resources for consumers in the State.

ORGANIZATION:

The governing body is a Board of Trustees made up of 9 voting members; 7 are appointed by the Governor and 2 are ex officio - the director of the Governor's Energy Office and the director of Maine State Housing Authority. The 7 members who are appointed by the Governor serve staggered 3-year terms. The administrative staff is overseen by the Executive Director who reports to the Board of Trustees.

PROGRAM:

During fiscal year 2019-20 the Efficiency Maine Trust implemented the first year of the programs of the fourth Triennial Plan. These programs helped Maine businesses and homeowners purchase and install high efficiency products, electric vehicles and chargers, and home weatherization to lower their energy bills and reduce emissions of greenhouse gases.

PURPOSE:

Maine Humanities Council is an independent statewide nonprofit organization committed to creating connections, fostering agency, and inspiring engagement in Maine people of all ages and educational levels. The Council's programs, events, grants, and online resources encourage critical thinking and conversation across social, economic, and cultural boundaries. Primary audiences include K - 12 teachers and students, low literacy adults, immigrants and refugees, health care professionals, public library patrons, Veterans, adults in the justice system, and the general public.

At present the Council's only funding from state government is an appropriation for grants. 100% of this appropriation is returned to Maine communities as awards for historical, civic, and educational activities in museums, historical societies, libraries, and other community nonprofits. None of these funds are retained by the Council for administration, personnel or overhead.

ORGANIZATION:

The Council was founded in 1976 as a nonprofit affiliate of the National Endowment for the Humanities (NEH) and is overseen by a board of trustees drawn from around the State. The 2019 budget (our most recently completed fiscal year) was just under \$1.3 million, derived from federal funding from the NEH, as well as individuals, private foundations, and earned revenue. The Council has been recognized nationally for its innovative and exemplary programming.

The Harriet P. Henry Center for the Book is the programming arm of the Council. This designation was awarded to the Council by the Library of Congress.

PROGRAM:

The Council reaches a wide range of audiences through book groups, lecture series, and other activities. The Discussion Project, a multi-session facilitated book discussion program, meets the specific needs of individual communities. It partners with organizations statewide and prioritizes people and organizations serving those who are the most isolated from each other and the wider community, whose work has a public impact, and those serving and led by members of communities traditionally under-resourced in the humanities (including but not limited to Black and indigenous populations, people of color, the LGBTQ community, people in rural areas, disabled people, and immigrants and refugees).

INDEPENDENT AGENCIES - OTHER

In 2019, the program reached over 5,000 people.

The Council's library programming takes place statewide. Programming includes the Discussion Project, World in Your Library (a speaker program on current events), and Read ME, which provides to public libraries an easy-to-implement community reading program that highlights the work of Maine authors and helps promote Maine authors early in their careers. Library programming reaches over 2,000 people each year.

The Council offers a grants program that supports and increases access to community-driven humanities initiatives in Maine, particularly in rural or under-resourced communities; increases the capacity of nonprofits, especially those less experienced in grant writing; stimulates meaningful community dialogue; and invites diverse audiences to discover the humanities. In 2019, the Council gave 48 grants to Maine nonprofits.

Care Partner supports and develops relationships with people from communities whose access to the humanities has been severely limited. Events developed as part of Care Partner programming may use any of our established program models or create new ways of using humanities tools. In 2019, almost 100 people participated in Care Partner programs.

Veterans Programming connects Maine Veterans with books, short stories, and poems, and shares the opportunity to reflect on the unique concerns they face while exploring issues relating to military service. These programs serve approximately 600 people each year.

The Council partners with the Civil Rights Team Project. A program of the Maine Attorney General's office, it coordinates student groups in Maine schools to increase the safety of elementary, middle level, and high school students by reducing bias-motivated behaviors and harassment. The Civil Rights Team Project reaches approximately 900 students in grades 3-12 in 160 schools.

The Big Question is an annual public event focused on a large philosophical question. The MHC draws guides from a range of disciplines who present their approach from within their expertise. Recent questions have included "How can we know," "Who is we?" and "How should life be?" This program reaches approximately 60 people each year.

Winter Weekend is a two-day series of talks in which participants focus on important text and interact with each other and with scholars in a conference-like setting. Winter Weekend serves over 300 people.

Poetry Express is a workshop that connects Maine's poets with Maine communities. Community members explore poetry with a poet and reflect on local issues and themes, then perform poetry related to those issues. This program served 169 people last year.

PURPOSE:

The Maine Commission on Indigent Legal Services is responsible for providing efficient, high-quality representation to Maine citizens who are entitled to counsel at state expense under the United States Constitution or under the Constitution or statutes of Maine.

ORGANIZATION:

The Maine Commission on Indigent Legal Services was established through chapter 419 of the Public Laws of 2009, effective June 17, 2009. The Commission assumed the responsibility for providing indigent legal services from the Judicial Branch on July 1, 2010.

PROGRAM:

The Commission uses assigned private attorneys counsel to provide representation to criminal defendants, juvenile defendants, parents in child protective cases, and people facing involuntary commitment to a psychiatric hospital who are indigent. The Commission is responsible for establishing minimum experience, training and other qualifications for assigned counsel and contract counsel; establishing standards for the delivery of indigent legal services; providing training and support to assigned and contract counsel; and processing and authorizing payment of assigned counsel vouchers and other indigent case related expenses.

PURPOSE:

The Maine Venture Fund ("MVF" or "Fund"), the d/b/a name for the Small Enterprise Growth Fund, is the State's venture capital fund. It is a competitive venture capital fund, meaning many business plans are reviewed, but the Fund only invests in those scalable companies that stand out as providing the combination of best expected return on investment and greatest positive impact on the State.

The Fund is a "revolving", "non-lapsing" fund. As money is returned to the Fund through return on its investments, it is invested in other scalable Maine companies with the potential for high growth and public benefit.

ORGANIZATION:

An eleven-member Board of Directors, the Small Enterprise Growth Board (SEGB), oversee the Fund. Ten of the eleven are appointed by the Governor through the gubernatorial application process. Of those, five must have relevant experience or background in early-stage investing, or in managing high-growth small businesses; three must have experience in the development of technological innovation; one must be involved in commercial lending; and one must be an attorney with experience in securities law. The eleventh seat is an ex officio seat for the Department of Economic and Community Development Commissioner or his/her designee.

Board member functions include determining the Fund's mission and purpose; approving investments to qualifying small businesses; hiring and providing ongoing support and guidance to the Managing Director, as well as reviewing the performance of that individual; providing ongoing support and guidance to the portfolio companies of the Fund; and working closely with the Managing Director in keeping the Legislature apprised of the Fund's activities and needs.

PURPOSE:

The Maine Vaccine Board (MVB) was established by the 2nd Regular Session of the 124th Maine Legislature in accordance with Public Law 2009, chapter 595. The Board was given the authority and an outline of a mechanism to fund the purchasing of lifesaving childhood vaccines as established by rule and in accordance with the Universal Childhood Immunization Program each year. The Board is charged with (i) determining the assessment rate to ensure adequate funding for the purchase of childhood vaccines; (ii) selecting vaccines available without charge to Maine healthcare providers for the benefit of Maine children; and (iii) allocating the costs equitably among payers for childhood vaccines provided to Maine residents. The Board began raising funds for the State of Maine in August 2011 and started funding state vaccine purchases in January 2012. In the fiscal year ending 6/30/2020, the Board collected over \$9 million to fund the purchase of childhood vaccines. The Universal Childhood Immunization Program funded by MVB has produced significant savings in vaccine costs.

ORGANIZATION:

The Board consists of 9 members: three representatives of health insurance carriers; three representatives of providers in the State as nominated by statewide associations of providers; a representative of employers that self-insure for health coverage; a representative of the pharmaceutical manufacturing industry; and one non-voting ex officio member, the Commissioner of the Department of Health and Human Services (or the commissioner's designee). PURPOSE:

The purpose of the Commission is to promote the better utilization of the fisheries - marine, shell and anadromous - of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of physical waste of the fisheries from any cause.

The Commission provides a forum for discussion and resolution of common problems amongst the 15 Atlantic coast states, and assists the states in developing joint programs. In addition, the Commission participates in the Interstate Fisheries Management Program, whose goal is uniform management and protection of the nation's fisheries resources and viable commercial and recreational fishing industries.

ORGANIZATION:

The Atlantic States Marine Fisheries Commission (ASMFC) was established by a compact entered into by the various Atlantic coastal states beginning in 1941. The Congressional Consent Act was signed by the President on May 5, 1942, and the Commission met and organized in New York on June 5, 1942.

The participating states are: Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, and Florida. Each is represented by a member of the administrative agency in charge of marine fisheries, a Legislative member appointed by the Presiding Officers of the Legislature, and a person appointed by the Governor. Maine's three Commission members are the Commissioner of the Department of Marine Resources, a member from the Legislature, and a member from industry. The Commission is supported by appropriations from the member states based on the value of their respective commercial and recreational catches.

ASMFC operates through boards and committees comprised of groups of states. The National Marine Fisheries Service (NMFS) of the Department of Commerce is designated as the primary research agency of the Commission, cooperating with the research agencies of each state and the U.S. Fish and Wildlife Service (USFWS) for that purpose.

PROGRAM:

Through its executive office, ASMFC maintains active liaison with all Washington-based fisheries organizations of professional or industry status, including the American Fisheries Society, the International Association of Fish and Wildlife Agencies, the American Sportfishing Association, the National Fisheries Institute, the Shellfish Institute of North America, the National Fish Meal and Oil Association, the Fisheries Products Division of the National Food Processors Association, as well as other resource, environmental, conservation and user groups.

Contract funds from NMFS and USFWS, as well as Congressional appropriations, are used to reimburse travel expenses for state biologists, law enforcement, managers, and administrators who participate in the various committees that have been established to develop regional management programs for interstate Atlantic coast species. Lobster, shrimp, striped bass, bluefish, Atlantic sturgeon, Atlantic sea herring, winter flounder, American shad and river herring programs are of special concern to Maine.

ASMFC has continued its cooperative agreement with the NMFS to administer the Interjurisdictional Fisheries Management Program. This "Interstate Fisheries Management Program" includes state/federal projects involving Northern Shrimp,

INDEPENDENT AGENCIES - INTERSTATE COMPACT

Shad, and River Herring, Sciaenid, American Lobster, Atlantic Menhaden, Striped Bass, Atlantic Sturgeon, Bluefish, Summer Flounder, the Cooperative Statistics Program, and related activities such as interstate shellfish transportation and fish/shellfish disease control. The major focus of the Commission's interstate program has expanded to implement P.L. 103-206, the Atlantic Coastal Fisheries Cooperative Management Act. The Act establishes affirmative obligations on the states to implement the Commission's Fishery Management Plans or be subject to a federal moratorium on all fishing for the species at issue within the offending state until that state achieves compliance with the plan.

PURPOSE:

The Northeastern Interstate Forest Fire Protection Commission was established to promote effective prevention and control of wildfires in the Northeastern Region of the United States and adjacent areas in Canada. The primary functions of the Commission are to: provide mutual aid; coordinate wildfire protection plans; consult and advise on prevention and control of wildfires; provide centralized training in uniform wildfire protection methods; and to request research assistance from the U.S. Forest Service. The Commission also includes a forest health working team to address forest pest situations which could impact wildfire response.

ORGANIZATION:

The Northeastern Interstate Forest Fire Protection Commission was established under the Northeastern Interstate Forest Fire Protection Compact of which the state of Maine became a contracting state in 1949. Maine's representation on the Commission consists of three members, including the Director of the Bureau of Forestry or designee (ex officio), a legislator appointed by the Governor, and a citizen appointed by the Governor, both of the latter for a term of three years.

PROGRAM:

The activities of the Northeastern Interstate Forest Fire Protection Commission are designed to further promote the effectiveness of wildfire protection in each of the member states and provinces within the Compact.

PURPOSE:

The New England Board of Higher Education (NEBHE) is a congressionally authorized regional, nonprofit agency that seeks to encourage cooperation and efficient use of educational resources among the region's six states and 260 public and private colleges and universities. Basic funding comes from the six states, private foundations and New England corporations. The NEBHE seeks to increase New England educational opportunities and services; promote regional coordination and

INDEPENDENT AGENCIES - INTERSTATE COMPACT

cooperation among New England state governments and public and private institutions of higher education; analyze and publish regional information related to higher education; and sponsor studies and forums on regional public policy.

ORGANIZATION:

Of the eight members who represent the State of Maine, two are ex officio, the Chancellor of the University of Maine and the Commissioner of Education. Four others are named by the Governor for 2-year terms, one is a member of the Senate appointed by the President of the Senate and another is a member of the House of Representatives appointed by the Speaker of the House. All members receive their actual expenses incurred in the performance of their official duties.

PROGRAM:

The NEBHE sees the following as primary in achieving its purpose: to provide a facility and staff capable of continuous research and evaluation relevant to higher education in New England; to serve as a center for the collection and dissemination of information pertinent to the institutions and agencies concerned with higher education; to serve as an administrative and fiscal agent for higher educational contracts and agreements among the institutions and governments in New England; to provide consultative services on educational topics of major regional significance to the institutions, agencies and governments of New England; to serve as a vehicle for the regional implementation of federally and privately financed programs related to higher education; and to serve as the agent for the Regional Students Program.

Although programmatic directions are flexible in response to changing educational needs, the Board anticipated that the following basic programs will continue to be included among NEBHE's services to the region: Task Force on Minority Student Enrollment and Retention, Commission on Legal Studies and Practice in New England, International Education and the Economy of New England, research and compilation of enrollment, program, tuition and cost data at institutions of higher education in the region. Recent initiatives include the New England: Public Policy Collaborative, Excellence Through Diversity Program, Technology Partnership, Telecommunications and Distance Learning Program, and College Ready New England. In addition, they sponsored the New England - State Authorization Reciprocity Agreement (NE-SARA) program.

The 127th Maine Legislature authorized the State board of Education to participate in SARA through the NEBHE. 20-A MRSA, §405, sub-§ 3(W) authorizes the Maine Department of Education to be the portal agency for SARA.

SARA is an agreement among its member states, districts and U.S. territories that establishes comparable national standards for interstate offerings of postsecondary distance-education courses and programs. It is intended to make it easier for students to take online courses offered by postsecondary institutions in a state other than the one where they reside. SARA is overseen by a national council and administered by four regional higher education compacts, with the New England Board of Higher Education being the regional entity for the State of Maine.

Each state is represented on the NEBHE by members of academic, professional, governmental and citizen groups appointed by the Governor and Legislature of each state. Each state delegation annually elects a chairman who serves on the NEBHE's Executive Committee. The Maine delegation in 2020 to the NEBHE was State Representative Mattie Daughtry, Rachel Hendrickson, Daniel Chuhta (Deputy Commissioner, representing Pender Makin, Commissioner), State Senator Rebecca Millett, the Honorable Joan M. Nass, Dannel Malloy (Chancellor, University of Maine System), Karen Pardue (University of New England), and James C. Q. Weggler.

ST. CROIX INTERNATIONAL WATERWAY COMMISSION ELIZABETH HYSLOP, EXECUTIVE DIRECTOR

Central Office 43 UNION STREET, CALAIS, ME 04619

FAX (207) 952-9153

Telephone (207) 952-9067

PURPOSE:

The St. Croix International Waterway Commission was established through the November 17, 1986 Memorandum of Understanding and subsequent legislation between the State of Maine and the Province of New Brunswick to create a cooperative program to manage our common heritage along the St. Croix River including East Grand Lake and Spednic Lake. The St. Croix River is noted for its recreational fishery and adjacent lands providing habitat for many species, including the majestic bald eagle. The corridor includes two of the State's largest lakes, a 30 mile / 48 km outstanding river segment, twelve communities, Passamaquoddy and Penobscot First Nations, and the site of the early French settlement in North America.

The Commission's purpose was set out in the Memorandum of Understanding in seven (7) objectives:

- a) Protect and manage natural and recreational resources,
- b) Encourage and maintain a high quality back country recreational and educational experience,
- c) Encourage tourism and resultant economic benefits,
- d) Protect and promote awareness of human heritage resources, including both Indian and early European,
- e) Ensure coordination in the planning and management of shared resources,
- f) Establish mechanisms and processes to be used to ensure fair representation of all user groups,
- g) Obtain optimal benefits for recreational and educational use of the resources while recognizing the historic and current economic importance of forest recourse, including its management and commercial utilization.

Overall, the SCIWC functions to coordinate the transboundary management of natural resources, recreation, and economic development along the 110 mile / 177 KM international St. Croix River corridor. The St. Croix International Waterway: A Heritage - A Future Management Plan was developed in October 1993 defining the goals, management directions and policies, and was adopted by Maine and New Brunswick in 1994. In 2015, this Management Plan was revisited to ensure its relevance. It was to be reviewed again in 2020 but this process has been delayed due to the Covid-19 pandemic.

ORGANIZATION:

The Commission is an independent, international body with eight members, four (4) appointed in two (2) year terms by the Governor of the State of Maine and four (4) by the Premier of the Province of New Brunswick. From those appointed, a Co-Chair is assigned from each country. State and Provincial liaisons and US and Canadian federal observers also serve on the Commission to support the Commission in an advisory capacity. By the Spring of 2020, all seats on the Board had been filled.

INDEPENDENT AGENCIES - INTERSTATE COMPACT

PROGRAM:

The Commission offers programs that run April to October, including the Heritage River Recreation Program and scientific data collection, that provide employment opportunities for regional residents, often students seeking to gain experience and build skills in the outdoor recreation, marine biology, or environmental management fields.

RECREATION

The Recreation Program represents 48% of our budget and is the longest running and most established program. It represents the cumulation of several of our objectives by protecting, managing and promoting the shared natural and recreational resources, in a fair and equitable manner to help ensure future access to backcountry camping, most at no charge, that supports the regional fishing, guiding and outfitter industries.

Through funding from State of Maine, Province of New Brunswick and fees, the Commission maintains 102 backcountry facilities (portages, boat launches and campsites) along the St. Croix River, including Spednic Lake and East Grand Lake, in both Maine & NB. It continues to implement a "Leave no Trace" policy for all sites. Maintenance includes cleaning, inspection, and repair of campsite facilities on a rotating weekly or bi-weekly schedule, depending on site utilization and governmental funding.

ECONOMIC DEVELOPMENT & COMMUNITY ENGAGEMENT

The Commission continues to work with several rural revitalization efforts in both Maine and New Brunswick. In addition to our previous collaborations, the Commission has become members in both the St. Croix Valley and St. Stephen Area Chambers of Commerce, and now sit on the Washington County Community College Recreation Tourism Committee and NB Power Community Liaison Committee, as it relates to the proposed decommissioning of the Milltown Power Dam.

The Commission continued to interact and engage with the community, agencies, and both regional and State or Provincial governments. The administration office is located in Calais and staff are afforded an Covid-19 Exempt Status to work in both Canada and the USA without self-isolation requirements.

CONSERVATION AND FISHERIES

The Commission is contracted by various organizations, primarily governmental, to collect scientific data through our experienced field staff. This included the renewal of the following:

1. International Joint Commission - International Watershed Initiative fish population monitoring at the Milltown Research Trap continued in 2020, with the results being followed by various groups and individuals in both the USA and Canada.
2. US Fisheries and Wildlife project to monitor the river herring passage at the Moosehorn National Wildlife Refuge using Passive Integrated Transportation (PIT) tagging was completed in 2019. It met the project goal and confirmed that fish passage was possible through the 2017 ungraded fish ladders.
3. Environmental Trust Fund, Province of New Brunswick, water quality testing along the St. Croix Watershed. In 2019, 43 samples were collected and 48 samples in 2020. The results are available online or by request. Fish scale sampling is conducted by the Maine Department of Marine Resources

PUBLICATIONS:

The Commission produced several technical publications on St. Croix water quality, fisheries, recreation, and development topics. In January 2020, the www.stcroix.org website was revamped.

The Commission will continue to actively engage in activities that reflect its original purpose, including the 5-year review of the 2015-2025 strategic plan, respond to technical and general inquiries, and engage stakeholders and the community. Further information is available on the Commission's website www.stcroix.org, by phone at 207-952-9069 or by emailing director@stcroix.org.

PURPOSE:

The New England Interstate Water Pollution Control Commission has four broad functions: (1) coordination of interstate water pollution control efforts in the New England states and New York, (2) training of environmental professionals, (3) research, and (4) public education.

ORGANIZATION:

In 1947, the 80th U.S. Congress passed legislation allowing for the formation of interstate water pollution control agencies. The states of Connecticut, Rhode Island, and Massachusetts responded at once by forming the New England Interstate Water Pollution Control Commission (NEIWPCC). Shortly thereafter, Vermont, Maine, New Hampshire and New York (because of interstate waterways connecting it with the New England states) joined NEIWPCC by signing the Commission's new Compact.

PROGRAM:

The Commission's primary task is to coordinate the activities of its member states as they strive for water quality improvement. NEIWPCC encourages personal communication and information exchange while its professional staff provides a variety of services to member states.

Maine benefits directly from NEIWPCC's capabilities through the Commission's management of the Maine Joint Environmental Training Coordinating Committee (JETCC). Located in South Portland, JETCC was established in 1985 as part of the former New England Regional Wastewater Institute. JETCC was created to work in conjunction with the Maine Department of Environmental Protection and Maine Water Environment Association in offering training and recertification opportunities for Maine's wastewater treatment plant operators.

In addition to maintaining its original role as a vehicle for training, JETCC has evolved into a tool for collaboration between personnel in the water pollution control community and regulatory staff from a variety of state agencies facing environmental issues. As a result, JETCC not only assists with the delivery of specific training and outreach programs but also furthers the goals of many state agencies with public education and training for a variety of environmental professionals as well as personnel in the field of water pollution control.

PUBLICATIONS:

- NEIWPCC Annual Report (published annually in April)
- Report on Benefits of Membership (published annually in December; separate versions created for each member state, including Maine)
- Interstate Water Report (print newsletter, published 2x/year)
- iWR (e-mail newsletter, distributed quarterly)
- LUSTLine (bulletin on underground storage tank issues, published 3x/year)
- NEIWPCC Training Catalog (published electronically 2x/year)
- JETCC Training Catalog (published 2x/year)

PURPOSE:

The Wild Blueberry Commission of Maine is charged to allocate and administer wild blueberry tax funds to better conserve and promote the prosperity and welfare of this State and of Maine's wild blueberry farmers and businesses by fostering wild blueberry research and extension programs, creating promotional opportunities, and carrying out other activities in support of the State's wild blueberry industry.

ORGANIZATION:

The Wild Blueberry Commission of Maine consists of ten members appointed by the Commissioner of Agriculture, Conservation, and Forestry, five of which are grower-representatives and five of which are processor representatives. The Commission elects a chair and a vice chairperson from among its members and employs an executive director to execute the administrative responsibilities of the wild blueberry tax program.

The legislation also provides for a Wild Blueberry Advisory Committee.

PROGRAM:

Wild blueberry tax revenue is allocated to promotion and advertising, research and extension, administration, and other activities related to the economic viability of the Maine wild blueberry industry. Most of the research and all of the extension activities are programmed through the Maine Agricultural Experiment Station and the Cooperative Extension at the University of Maine. The Experiment Stations maintains a research farm known as Blueberry Hill in the town of Jonesboro. In recent years, and largely due to new technologies and production methodologies generated through the Agricultural Experiment Station and with the support of the Commission, the production of wild blueberries in Maine has increased from a five-year average of 19 million pounds prior to 1981 to a five-year average of 83.5 million pounds in 2019.

Market development and promotion activities are carried out primarily through the allocation of funds to the Wild Blueberry Association of North America (WBANA) promotion program. This organization conducts wild blueberry promotions for domestic markets and export markets. Special emphasis is given to trade, food service, frozen retail sales, as well as new distribution channels.

Other recent activities funded by the Commission include a national school food service marketing program, exhibits at trade shows and fairs, engagement in state and federal policy that affects the industry, and ongoing opportunistic promotional opportunities in carried out in collaboration with state and private partners.

PUBLICATIONS:

Bulletins, fact sheets, scientific articles, and newsletters are published by the Commission, the Maine Agricultural Experiment Station, and Cooperative Extension at the University of Maine, Orono, Maine.

PURPOSE:

The Maine Children's Trust, Inc. (MCTI) was established to prevent the abuse and neglect of Maine's children and to provide a mechanism for voluntary contribution by individuals and groups for annual and long-term funding of prevention programs related to child abuse and neglect. Sources of funds include the State of Maine's Tax Check-off program, state grants, federal funding and donated funds from the corporate, individual and foundation sectors. Funds are used to support statewide child abuse and neglect prevention activities including financial allocations to interested parties who respond to annual request for proposals.

ORGANIZATION:

Established on July 1, 1994, MCTI is comprised of at least 17 members appointed as follows: one Maine State Senator, one Maine State Representative, four members from the Maine Association of Child Abuse and Neglect Prevention Councils, two representatives from the Department of Health and Human Services (DHHS) appointed by the DHHS Commissioner, three members appointed by the Governor, three appointed by the Maine Chamber of Commerce and Industry and at least three by majority vote of the Board.

MCTI is a nonprofit corporation held to be an essential governmental function.

PURPOSE:

The Civil Air Patrol (CAP) provides an organization to aid United States citizens through voluntary contribution of their efforts, services and resources for the maintenance of aerospace education and to assist in meeting local, state and national emergencies, particularly air search and rescue, and disaster relief.

To accomplish the purposes for which it was chartered, the Civil Air Patrol: (1) conducts a nationwide internal and external program of aerospace education, including coordination of workshops conducted at local schools and communities; (2) conducts a comprehensive cadet program, including an International Air Cadet Exchange, special activities, and supervision of cadet encampments; (3) maintains an emergency services capability to meet the requests of the Air Force and state and local officials for search and rescue, disaster relief, and other support missions; (4) conducts a comprehensive Senior Training Program to provide qualified personnel at all levels of CAP; (5) assists local, state, and other federal agencies in emergency operations; (6) conducts a flight management program for assigned aircrew members and manages an aircraft maintenance program for corporate owned aircraft; and, (7) maintains a nationwide communications capability to support emergency services operations and conduct official CAP business.

ORGANIZATION:

The Civil Air Patrol (CAP) is the official auxiliary of the United States Air Force and a nonprofit corporation which functions in accordance with its constitution, bylaws, regulations, and other directives issued by its National Headquarters. It was formed on December 1, 1941, and incorporated by the United States Congress on July 1, 1946. On May 26, 1948, the Civil Air Patrol became an auxiliary of the United States Air Force. The Secretary of the Air Force has been given authority to furnish assistance to the CAP and to accept and utilize the services in the fulfillment of noncombat missions of the Air Force.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

The organization consists of the National Headquarters at Maxwell Air Force Base in Alabama; eight regional headquarters - Northeast, Middle East, Great Lakes, Southeast, North Central, Southwest, Rocky Mountain, and Pacific; and fifty-two wings - one for each state, the District of Columbia, and Puerto Rico. A wing is composed of a wing headquarters unit and all subordinate units within geographical boundaries of a state. Wing Commanders are appointed by the National Headquarters and have command authority over all CAP units and members thereof, within their respective wings. The squadron is the community level organization of the CAP, and includes three types: Senior Squadrons, composed of senior members only; Cadet Squadrons, composed primarily of cadets with a minimum of three seniors to meet supervisory, administrative and training requirements; and Composite Squadrons, composed of both senior and cadet members conducting both senior and cadet programs.

PROGRAM:

One of the primary missions of the CAP is to save lives and relieve human suffering while protecting the lives and equipment of those involved in providing these services. The Emergency Services Mission includes search and rescue; civil defense and disaster relief operations (in support of local, state, federal and other emergency services organizations). Mutual support relationships exist with the National Association for Search and Rescue (NASAR); U.S. Coast Guard Auxiliary (USCGA); the Federal Emergency Management Agency (FEMA); Federal Aviation Administration (FAA); U.S. Army Forces Command (FORSCOM); various Army, Navy, Coast Guard, and other Department of Defense agencies; the Maine Emergency Management Agency (MEMA); The Maine National Guard; American National Red Cross; Salvation Army; Volunteers of America (VOA); and other humanitarian organizations.

The Cadet Program provides opportunities for learning, maturing and accepting leadership to young Americans from 12 to 21 years of age. With advice and assistance from the United States Air Force, the Air Force Reserve, and CAP senior members at the national, regional, state, and local levels, cadets are exposed to a structured program of aerospace education leadership, physical fitness, and moral and ethical values in group and individual activities. As a cadet progresses through this structured program, he or she accomplishes a series of 15 achievements, each involving study and performance in the five program areas. Upon completion of each achievement, the cadet earns increased cadet rank, decorations, awards, eligibility for national special activities, and an opportunity for both flight and academic scholarships.

Civil Air Patrol has an internal and external aerospace education program. The internal program is designed to provide aerospace education to the CAP membership, both senior and cadet. The external program provides the general public with the aerospace education necessary to ensure the development of aerospace and the maintenance of aerospace supremacy. The Aerospace Education Program provides all American citizens with an understanding of, and an appreciation for, the importance of aviation and space exploration to our society and to our national security.

PURPOSE:

The ConnectMaine Authority began operation in June 2007 with the goal of expanding broadband access in the most rural, unserved areas of the State that have little prospect of service from a traditional or incumbent provider. The Authority is funded with a 0.25% surcharge on in-state retail communications services. In 2019, the Legislature provided an additional fee of 10 cents per land line to fund the authority. The Authority expands the availability of broadband service to residential and small business customers in unserved areas by identifying, developing, and providing funding for broadband investments and municipal planning activities in unserved communities. The Authority provides technical and financial assistance to communities in the State that include unserved areas to identify the need for broadband infrastructure and services and develop and implement plans to meet those needs.

ORGANIZATION:

In 2006, the Legislature created the ConnectMaine Authority to identify unserved areas of the State; develop proposals for broadband expansion projects, demonstration projects and other initiatives; administer the process for selecting specific broadband projects; and provide funding, resources, and incentives. The Authority board consists of seven members, and staff consists of an Executive Director and an Assistant Director.

PROGRAM:

The goal of the Authority is to facilitate availability of broadband service in Maine and to increase the adoption or take rate of broadband to equal or greater than the national average.

The Authority administers two grant funding programs: Infrastructure and Planning. For the Infrastructure grant program, the Authority requests area-specific proposals for broadband expansion. The Planning grant program provides funds for broadband planning grants to municipalities, groups of municipalities or nonprofit local or regional community organizations that are providing local or regional programs to develop plans to expand the availability of broadband services.

In the spring of 2020, the ConnectMaine Authority concluded the 15th round of Infrastructure grant awards, awarding \$501,250 to three projects. The 5th round of Planning grant awards totaled \$53,250 to four projects. To date, the Authority has funded 153 Infrastructure grant projects with \$13.4 million in grant funds for a total project value of more than \$24.6 million. The five rounds of Planning grant awards have totaled more than \$690,000.

PURPOSE:

The Maine Dairy and Nutrition Council is a USDA qualified dairy checkoff organization. It is the nutrition education, public and industry relations component of the total dairy checkoff initiative in Maine to increase demand for dairy products through nutrition education. The industry wide dairy marketing plan stresses the nutritional benefits and contributions of dairy products, in accordance with scientific recommendations and in conjunction with dietary guidelines.

ORGANIZATION:

The Council was established in 1949 as the Milk Advisory Committee, later renamed the Maine Dairy Council, and in 1975 became the Maine Dairy and Nutrition Council. In 1996, the Maine Dairy and Nutrition Council became a public instrumentality of the State of Maine. Maine law provides for funding, Council appointments, and Council members' term limits.

The Council is funded under the Dairy Production Stabilization Act of 1983 National Dairy Promotion and Research Order, dairy checkoff assessment paid by Maine dairy farmers to the Maine Dairy Promotion Board and by milk dealers and/or dairy processors. This assessment is incurred by dealers and processors purchasing Maine produced milk, Maine producer dealers selling their own milk and out of state processors and dealers purchasing milk produced outside of the State and sold within the State. First handlers incur the assessment when purchasing Maine produced milk and selling it outside the state.

PROGRAM:

The Maine Dairy and Nutrition Council is an affiliated unit of National Dairy Council®, United Dairy Industry Association, and is one of Dairy Management Inc., 16 state and regional organizations across the country. The Maine Dairy and Nutrition Council utilizes and provides to educators, health professionals and consumers a variety of nutrition education materials, programs, and resources. Many of the programs and resources are developed by National Dairy Council®, and are reviewed and/or endorsed by organizations such as the American Academy of Pediatrics, American Academy of Nutrition and Dietetics, National Medical Association, and the School Nutrition Association.

The nutrition education and physical activities program "Fuel Up To Play 60" is a partnership between National Dairy Council® and the National Football League implemented in Maine schools with students and program advisors, focused on creating healthy school environments by making healthy food choices and stressing the importance of sixty minutes of daily physical activity. Grants and incentives to accomplish Fuel Up To Play 60 goals, based on prescribed criteria, are made available to schools by the Maine Dairy and Nutrition Council and channeled through the GenYOUTH Foundation.

Maine Dairy and Nutrition Council has at its disposal nutrition education resources, research reports and findings, and downloadable/printable materials. The Council exhibits at many health professional, school nutrition, and consumer education conferences and community events.

Their website, www.drinkmainemilk.org, provides links to additional nutrition education materials and resources.

PURPOSE:

The Maine Dairy Promotion Board is a USDA qualified dairy checkoff organization. It is the communication, public and industry relations component of the total dairy checkoff program in Maine, focusing on increasing demand for dairy products as part of a dairy industry wide marketing plan. The Maine Dairy Promotion Board is one of 16 affiliated state and regional member organizations of United Dairy Industry Association. Maine Dairy Promotion Board is an affiliate of Dairy Management, Inc. located in Rosemont, Illinois and as such, an affiliate of National Dairy Council®, Innovation Center for U.S. Dairy®, Dairy Research Institute® and United States Dairy Export Council®.

ORGANIZATION:

The Board was established in 1953 as the Maine Milk Committee, later becoming the Maine Dairy Promotion Board. In 1996 the Maine Dairy Promotion Board became a public instrumentality of the State of Maine. Federal and Maine laws provide for funding. The Board is funded under Public Law 98-180, the Dairy Production Stabilization Act of 1983 National Dairy Promotion and Research Order, dairy checkoff assessment. The Dairy Act authorized a national dairy producer funded program for dairy product promotion, research, and nutrition education, to increase human consumption of milk and dairy products. The dairy checkoff assessment is paid by Maine dairy farmers on each hundredweight of milk produced. Maine law also provides for Board appointments and Board members' term limits.

PROGRAM:

The Maine Dairy Promotion Board implements the national Unified Marketing Plan in Maine along with other United Dairy Industry Association state and regional dairy checkoff organizations across the country. The Unified Marketing Plan is a coordinated marketing program designed to communicate, promote and encourage the use of milk and dairy products to all aspects of the general public to strengthen the dairy industry's position in the marketplace. A portion of the promotion budget is allocated to media messaging and communications, supplemented by other promotions designed to call attention to dairy products, dairy ingredients, the dairy industry, and to encourage the consumption of milk and other dairy products.

Dairy Optimization is an initiative targeted to increase the consumption of milk and other dairy products with children in Maine and the nation's schools. Nationally, programs in quick-serve restaurants, such as McDonald's, Domino's, Pizza Hut and others have resulted in dramatic increases in the utilization of dairy products. Promotion activities include consumer messaging, conference exhibits, trade shows, dairy industry events, school cafeteria programs and promotions, recipe development, dairy industry posters and education programs such as specific Media Trainings, "Telling Your Story" and the website "Dairy Good". Other promotions supplement media messaging and public and industry relations programs such as National June Dairy Month and Milk2MyPlate. A dairy crisis communications program in Maine is part of a national effort to protect and enhance the dairy industry. Dairy industry communications are a key factor within the Maine Dairy Promotion Board. 3-Every Day of Dairy and Undeniably Dairy are consumer education initiatives targeting consumers, dairy processors, dairy manufacturers and retailers. The website www.dairyfarmingtoday.org provides access to information about dairy farming and related dairy industry information as does www.dairygood.org, www.dairycheckoff.org and Maine's website www.drinkmainemilk.org and Facebook page DrinkMaineMilk.org.

For the benefit of Maine dairy farmers selling milk on the Boston Regional Market, the Maine Dairy Promotion Board can, at the Board's discretion, elect to transfer a portion of the dairy checkoff income to the New England Dairy Promotion Board to help support promotion programs in the other five New England states.

PURPOSE:

The Maine Development Foundation (MDF) is a nonprofit economic development corporation created by the Maine Legislature in 1977 to capitalize on the interests, resources, and efforts of the public and private sectors. MDF champions sustainable, long-term growth for Maine. The foundation is a catalyst for new ideas and provides common ground for solving problems and advancing issues.

ORGANIZATION:

Enabling legislation (10 M.R.S.A. Sec. 915-928) for the Maine Development Foundation was passed by the 108th Legislature and took effect in October, 1977. The Foundation has the power of a private corporation, which allows the Board of Directors the freedom to establish and change the activities of the Foundation as it sees fit, and act decisively to take advantage of economic development opportunities. All but two of the Foundation's Board of Directors are elected by contributors to the Foundation. The Board includes both public and private members. This is designed to encourage active participation of private business and local development interests, and establish the public/private partnership at the Board level. This partnership has improved the Foundation's access to the private sector's ability to generate new business activity and has helped organize public and private resources to stimulate additional business activity in Maine.

The Board of Directors consists of fifteen people: twelve elected by the membership and two appointed by the Governor. Of these twelve, six must come from the public sector members and six from among the private sector members. The president is appointed by the other directors and is the fifteenth member.

The Foundation is financed by membership dues, fee for service, contracts, and grants. Corporations, counties, cities, towns, and other organizations can become members by contributing to the Foundation.

PROGRAM:

LEADERSHIP MAINE is a year-long, fourteen-day training program for CEOs and senior level managers from business, government, education and the nonprofit sector. The program is experiential and helps participants gain new awareness about issues facing Maine's economic future, new skills needed for effective leadership and networks with others throughout the State.

INSTITUTE FOR CIVIC LEADERSHIP is a year-long, fourteen-day inward journey during which leaders hone their understanding of themselves, their teams, their organizations and communities while developing and practicing the necessary skills in an experiential setting to lead effectively in today's fast-paced environment.

MAINE ECONOMIC GROWTH COUNCIL is a permanent, 19 member council appointed by the Governor, the Speaker of the House and the President of the Senate to establish

and maintain a long-range economic development plan for the State and benchmarks to measure progress. The Council is staffed by the Maine Development Foundation. More information on the Council is provided in a separate section of this report. See index for page number.

POLICY LEADERS ACADEMY helps prepare Maine legislators to lead in an increasingly dynamic environment through learning experiences which result in greater knowledge about the economy, using the work of the Maine Economic Growth Council as a template and broader leadership skills to ensure their effectiveness.

THE MAINE DOWNTOWN CENTER, supported by 15 volunteer advisors, is the leading resource for downtown revitalization statewide. The Center serves as the State coordinator in Maine for the National Trust Main Street Center utilizing a four point historic preservation-based economic development strategy to create vibrant, healthy downtowns. The Center works in 27 communities representing every county in Maine: 10 Main Street Maine communities (Saco, Biddeford, Bath, Rockland, Gardiner, Westbrook, Skowhegan, Augusta, Belfast and Brunswick) and 17 Maine Downtown Network communities, a "lighter-pace" second-tier program launched in 2009.

REALIZE!MAINE is created by, for and of Mainers 20-40 to serve as a catalyst, a collaborator and a convener of Maine's young people with a stake in our common future by providing professional, social, cultural, recreational, and civic opportunities in Maine. Projects that lend to these opportunities are a newly created website, virtual network and list service.

MAINE ADULT PROMISE is a partnership initiative of MaineSpark working to increase aspirations and attainment of post-secondary credentials and degrees by adult learners, including by creating a statewide network of MaineSpark Navigators, establishing a statewide online portal for potential adult students, and developing outreach opportunities between employers and providers.

FOREST OPPORTUNITY ROADMAP (FOR/MAINE) in which MDF is a partner and project manager, is an industry-led cross-sector collaboration which has come together to realize the next generation of Maine's forest economy by working to diversify the state's wood products businesses, attract capital investments, and develop greater economic prosperity for communities impacted by recent mill closures.

NEXT STEP MAINE EMPLOYERS' INITIATIVE, which supported employers' efforts to increase the educational attainment levels of their workforce, was sunsetted in 2018 and any continuing activities were merged into the ADULT PROMISE PROGRAM.

and hard of hearing students statewide. The vision of MECDHH/GBSD is to provide high quality, state of the art services to children and youth who are deaf or hard of hearing, their families, and to learning communities throughout the State of Maine.

ORGANIZATION:

Governor Baxter School for the Deaf had its origin as the Portland School for the Deaf, founded in 1876. It operated on Spring Street as part of the Portland School System as the Maine School for the Deaf within the Bureau of Institutions. When the Bureau of Institutions dissolved, the organization was placed in the Department of Mental Health and Corrections. It remained there until transferred to the Department of Education. From 1982 through 1996 the Department of Education's Office of Federal/State/Local Relations served as liaison to the Commissioner and Legislature, and resource on administrative and policy matters.

In 1953, funds donated by Governor Baxter and funds granted by the Legislature were used for the construction of a new residential facility for the deaf on Mackworth Island, which was left by Governor Baxter for that purpose. In 1957, the Legislature honored the Governor by officially changing the name of the school to Governor Baxter School for the Deaf. In 1997, the Governor appointed a separate School Board to oversee the operations of GBSD. In 2005, to better reflect the statewide mission of the organization, the name was changed to the Maine Educational Center for the Deaf and Hard of Hearing and the Governor Baxter School for the Deaf.

PROGRAM:

MECDHH/GBSD provides a wide range of services for children ages 0-5 years, school age students, families, and professionals in the State. Comprehensive programming includes the Governor Baxter School for the Deaf site-based programs in Portland and Brewer, the Parent Infant and Preschool Programs on Mackworth Island, and kindergarten through 12th grade programs integrated into the following Portland Public Schools: East End Community School, Lyman Moore Middle School, Portland High School and Portland Arts and Technical High School (PATHS) and Brewer Community School. An array of educational services is offered with all necessary support services. In addition, statewide education and family services are offered to students from birth through 12th grade through the outreach programs.

members, and three other members, who are residents of the State of Maine and are appointed by the Governor, for terms of five years. The Board of Commissioners shall elect one of its members as chairman and one as vice-chairman. The Executive Director of the Maine Municipal Bond Bank shall serve as the Executive Director of the Maine Governmental Facilities Authority and is responsible for the day-to-day activities of the Authority. The Executive Director also serves as both the secretary and treasurer of the Authority.

PROGRAM:

During fiscal year 2020, the Authority issued \$170,995,000 in bonds. \$37,415,000 was related to the Judicial Branch, \$40,370,000 was related to State owned property improvements, and the remaining \$93,210,000 was related to projects for the Department of Corrections.

The Authority does not receive an appropriation from the State of Maine. It derives its revenue from loan servicing fees charged to participating eligible borrowers using its financing capabilities.

PURPOSE:

Incorporated by the State of Maine in 1822, the Maine Historical Society (www.mainehistory.org) is a charitable, educational, nonprofit corporation whose mission is to preserve and share Maine's story.

ORGANIZATION:

The Maine Historical Society (MHS) is governed by a Board of Trustees which oversees a professional staff that includes 15 full-time and 16 part-time employees. MHS's mission, vision, values, core commitments, and goals are articulated in MHS's 2019-2023 Strategic Plan.

Two years after Maine achieved statehood, the Legislature passed a bill in 1822 incorporating the Maine Historical Society, charging it to collect and preserve Maine's history. Governor Albion K. Parris presided over the first meeting in Maine's first State House in Portland. The Society housed its collections at Bowdoin College until 1881 and held its Annual Meetings coincidental to the College's commencement into the early 20th century. Through the efforts of civic leader, philanthropist and scholar James Phinney Baxter, the Society moved its collections and many of its programs to Portland in 1881. Baxter provided space in the new Portland Public Library built in 1889.

In 1901, the Society opened the Wadsworth-Longfellow House Museum, left to the Society through the bequest of Anne Longfellow Pierce. The House, childhood home of famed poet Henry Wadsworth Longfellow, became Maine's first historic house museum. During 1907, the Society finished its new library at 485 Congress Street, adjacent to the Wadsworth-Longfellow House. The Wadsworth-Longfellow House was restored in June 2000. The Society's capital campaign and 1992 purchase of 489 Congress Street allowed expansion of collections storage, exhibition and program space. The Wadsworth-Longfellow House underwent an extensive restoration in 2001. The Brown Library underwent a complete renovation and expansion which was

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

completed in 2009. In 2014, MHS established an offsite Collections Management Center in an innovative partnership with Portland Public Library to support the long-term preservation, care, and expansion of MHS collections.

In the 1990's MHS became a full member of the Maine Cultural Affairs Council. Staff members participate in collaborative efforts throughout Maine and New England including the Maine Archives and Museums Association, the Maine Library Association, Maine Historical Records Advisory Board, New England Archivists, the Academic and Cultural Collaborative of Maine, and the New England Museum Association.

From its inception MHS has received state support, including, since 1940, an annual appropriation from the general fund to support the essential historical and educational services it provides to the people of Maine. Throughout the 19th century, special state appropriations supported a variety of MHS publication projects, including publication of the Documentary History of Maine. A special State appropriation in 1999 helped MHS start development of the Maine Memory Network.

PROGRAM:

MHS consists of the Brown Research Library, Maine Memory Network, MHS Museum, and Wadsworth-Longfellow House & Garden. MHS serves a statewide audience, visitors to Maine, and people interested in Maine throughout the world.

The Brown Research Library is the premiere resource for studying Maine history. Staff facilitate research at MHS and direct researchers to resources at institutions throughout Maine. Through its online catalog and reading room, MHS provides access to collections that span the 15th to 21st centuries, including 150,000 books and pamphlets, 200,000 photographs, 3,000 maps and atlases, 2,000,000 archival pages, and 28,000 artifacts. These include: materials that illustrate the experience of Wabanaki people; maps and treaties that document exploration, settlement, and land-use; collections that illustrate the evolution of Maine communities and industries; family, business, and institutional records; immigration, religion, social and political movements, and recreation; Maine participation in national and international events; natural resources, maritime history, and the Maine Woods; and architecture and engineering records. The Library serves over 6,000 in-house researchers each year and hosts fellowships and scholarly forums.

The nationally-recognized Maine Memory Network (www.mainememory.net) is a statewide digital platform that empowers Maine communities and individuals to share their history. Since its launch in 2001, Maine Memory evolves constantly and provides a robust platform for a wide range of historical interests and activity. MHS provides training, support, and infrastructure to 270+ contributing partners - museums, archives, and local historical societies, libraries and community organizations throughout Maine. Maine Memory provides access to 70,000+ historical items, hundreds of online exhibits, community websites, educational resources, and more. It provides a gateway for exploring Maine history and key platform for sharing Maine's story.

The MHS Museum features changing exhibitions, public programs, and K-16 programs, activities, and curriculum. Exhibits and programs explore how Maine is shaped by its history and feature the collections of partners across the state who share their knowledge, expertise, and perspectives about Maine. Exhibitions provide context for topics of contemporary importance, recent initiatives explored immigration, veterans' issues, Maine's food heritage, culture, and economy, and Maine's evolving paper industry.

Wadsworth-Longfellow House & Garden. In 2018, more than 25,000 visitors, including more than 3,500 school children, visited the House, Gallery, took walking tours, or attended public programs. Another 1,000 students participate in outreach programs.

MHS has developed significant exhibits, programs, and resources to support commemoration of the Bicentennial of Maine Statehood. MHS launched public Bicentennial activities in 2019, leading with a critically-acclaimed exhibition, Holding Up the Sky: Wabanaki People, Culture, History & Art, which explored 13,000 years of indigenous presence in Maine. MHS partnered with Maine Humanities Council to hold a conference that helped communities plan for the Bicentennial, launched a new Bicentennial section of Maine Memory, and worked with Maine teachers Maine to create extensive new curricular resources. State of Mind: Becoming Maine considers how communities experienced Statehood, including the Wabanaki, African-Americans, English-speaking, and the Acadian French.

PURPOSE:
 The Maine Hospice Council exists to ensure increased access to high quality end-of-life and palliative care in Maine. The Council's mission is to promote universal access to quality end-of-life care through innovation, creativity, education, advocacy and collaboration.

ORGANIZATION:
 The Maine Hospice Council was incorporated in 1984. Funding for the Council's operations was made possible by legislation in 1989. Today, the annual grant from the General Fund represents approximately 16% of the Council's operating budget.

The Council is overseen by a volunteer Board of Directors comprised of 7 members. The organization employs one full-time Executive Director, one part-time Executive Assistant and one part-time subcontracted bookkeeper. Other project managers may be hired as needed. Workplace giving (Maine Share), annual appeal, private donations, estate planning, education conferences, special events, grant funding, consulting and membership dues comprise some of the diverse sources of funding. However, it should be noted that the Coronavirus Pandemic has had a significant impact on revenue for 2020-2021.

PROGRAM:
 The Maine Hospice Council remains the only statewide organization focused solely on end-of-life care. Two hallmarks of the Council's work are collaborative partnerships and outreach to the underserved, evidenced by the creation of the Maine Cancer Pain Initiative in 1996, the development of a Hospice program at the Maine State Prison in 2000, the partnership with Togus VA Medical Center in 2004, the Maine POLST Coalition in 2008 and, the Palliative Care and Quality of Life Interdisciplinary Advisory Council in 2015, to name a few. The Council has taken a leadership role in social policy issues and continues to offer internships for graduate, undergraduate, and doctoral students. Access to quality Hospice and

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

Palliative Care services for individuals and families in Maine who desire Hospice and qualify under state and federal guidelines remains our priority.

In 1997, the Council partnered with over thirty other organizations to form the Maine Consortium of Palliative Care and Hospice (MCPCH). On behalf of MCPCH, the Council was awarded a three-year Robert Wood Johnson Community/State Partnership grant, "Care at End-of-Life: A Public/Private Partnership". In 2001, the Maine Legislature directed the Maine Center for Disease Control and Prevention within the Department of Health and Human Services to establish the Maine Center for End-of-Life Care. The responsibility for implementation of the Center was given to the Council, unfortunately without any financial support. In 2015, the Council was designated by Public Law 2015, chapter 203 as having convening authority for the Palliative Care and Quality of Life Interdisciplinary Advisory Council.

Recognition of the value of the Council's services/programming has resulted in opportunities to consult on issues of aging, end of life care, Physicians Order for End of Life Treatment (POLST), pain management, as well as grief and bereavement. In 2006, at the request of the Judiciary Committee, the Council wrote a grant and published "Pain Management at the End-of-Life: A Physician's Self-Study packet", a three Category 1 Continuing Medical Education course for physicians. This document was done in collaboration with the Maine Pain Initiative, the Maine Medical Association, the Board of Licensure in Medicine within the Department of Professional and Financial Regulation and the Muskie School of Public Service.

Technical support remains ongoing for volunteer and Medicare certified hospice programs as well as long-term care facilities and acute-care hospitals. In addition, the Council acts as a clearinghouse for consumer calls as well as offering information, resource materials and public education on aspects of Hospice and Palliative Care.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

PURPOSE:

MaineHousing (the Maine State Housing Authority) was created by the Maine Legislature in 1969 to address the problems of unsafe, unsuitable, overcrowded, and unaffordable housing. The Agency's mission is to assist Maine people in obtaining and maintaining quality, affordable housing and services suitable to their housing needs. In carrying out this mission, the Agency provides leadership, leverages federal, state, and private resources, and promotes partnerships to develop and implement sound housing policy. MaineHousing's programs, on an annual basis, benefit more than 90,000 Maine households - about one of every six households in the State.

ORGANIZATION:

The Maine State Housing Authority "is a public body, corporate and politic and an instrumentality of the State." It functions as an administratively independent authority and receives no General Fund appropriations from the Legislature for its operations.

MaineHousing is governed by a board of 10 commissioners, 8 of whom must be appointed by the Governor and confirmed by the Legislature upon the recommendation of the Labor and Housing Committee. The Director of MaineHousing, who is appointed by the Governor and confirmed by the Legislature, serves as an ex officio nonvoting commissioner. The State Treasurer serves as an ex officio voting commissioner. The other 8 commissioners vote.

MaineHousing couples the methods and efficiencies of the private financial markets with the federal tax incentives of tax-exempt bonds to invest in affordable housing for Maine people.

MaineHousing also is a conduit for bringing a wide range of federal and other funding to Maine, including low income housing tax credits, block grants and competitive grants.

MaineHousing is both Maine's finance agency and a public housing authority for those parts of the State without one.

PROGRAM:

MaineHousing's programs and services fall into the following general categories:

HOUSING DEVELOPMENT. MaineHousing provides financing and financial incentives for private development of affordable rental housing for families, seniors and persons with special needs. This both provides affordable rents and stimulates Maine's economy.

HOME BUYING ASSISTANCE. MaineHousing provides low fixed rate mortgages to first time homebuyers and other assistance to help make homeownership affordable for more Maine people.

HOME IMPROVEMENT ASSISTANCE. MaineHousing offers programs to help with home improvement needs, including: grants to abate arsenic contaminated well water; low or no cost loans to make heating, electrical, or structural repairs, and improve home accessibility; grants to make homes lead safe; and loans to fund repair of homes damaged in a declared natural disaster.

ASSET MANAGEMENT: MaineHousing oversees the operation of the thousands of rental units that MaineHousing financed or that MaineHousing manages via federal programs, including ensuring the units meet fiscal and safety standards.

RENTAL ASSISTANCE. Properties developed with MaineHousing financing offer more affordable rents to consumers. Rental assistance also is provided in the form of federal Section 8 Housing Choice Vouchers.

ENERGY ASSISTANCE. MaineHousing offers fuel assistance using funds from the federal Home Energy Assistance Program (HEAP), and home energy improvements such as home weatherization and heating system repair or replacement that make homes more affordable for the long-term.

HOMELESS ASSISTANCE. MaineHousing administers funding for emergency shelters and other housing options for people who are homeless. MaineHousing also works with homeless service providers and other organizations toward a shared goal of preventing and eliminating homelessness in Maine.

PURPOSE:

The Maine International Trade Center (MITC) was established to enhance the competitive advantage of state businesses in the international markets. The purpose of MITC, through its private and public board, is to provide and enhance international trade services in coordination with the economic development activities of the private sector, community and regional activities of the private sector, community and regional agencies, and state government. MITC also promotes the State of Maine as an education and investment destination to overseas audiences.

ORGANIZATION:

The Maine International Trade Center (MITC) was created by the State Legislature in 1996 to expand Maine's economy through increased international trade in goods and services. MITC is a public-private partnership funded through the Maine Department of Economic and Community Development (DECD), membership dues of over

300 companies and business organizations, as well as corporate sponsor contributions. MITC members are in all 16 counties throughout Maine and range from sole proprietors to major employers (81% with less than 100 employees; 68% with less than 25 employees). The 10-person office provides critical services to Maine's small and medium sized businesses, including customized counseling and trade-specific training to help businesses identify and take advantage of opportunities in the global marketplace. Last year MITC assisted over 300 companies across Maine. The budget request includes funding for the State Director and Maine North Atlantic Development Office (MENADO) Director, as well as pass-through grant funding in support of its operations. The powers and duties of the Maine International Trade Center are detailed in 10 M.R.S.A. chapter 107-B.

PROGRAM:

Reporting directly to the Commissioner and through its strategic partners (Maine DECD; Maine Department of Agriculture, Conservation and Forestry (MACF); US Department of Commerce; Maine Technology Institute; Maine Manufacturing Extension Partnership; Maine Small Business Development Centers; U.S. Small Business Administration; Finance Authority of Maine; Manufacturers Association of Maine; Food Export USA), Maine International Trade Center (MITC) coordinates the following:

International trade missions/shows: MITC organizes in-person and virtual trade events to targeted markets and top industry trade shows to introduce Maine companies and industries to prospective overseas clients and partners.

Educational Seminars and Resources: MITC hosts a three-tiered trade education series to provide practical skills training and valuable takeaways to help businesses at various levels of international experience succeed in global markets, as well as a 24/7 online web portal of resources including reports and videos.

Focused Initiatives: Invest in Maine, an initiative of MITC and Maine DECD established to promote job creation and growth through investment, introduces the State as a potential location to companies looking to expand or enter the US market. (DECD's investment leveraged over \$800,000 in federal funding through 2017.) Nearly 2,500 international students contribute an estimated \$90 million to Maine's economy annually. StudyMaine, a consortium of 22 high schools, colleges, and universities, promotes the State as a top education destination in the US, encouraging lasting ties through alumni and parent relationships. StudyMaine is an extension of MITC's export development work, with crossover to investment attraction. The Maine North Atlantic Development Office (MENADO) was formed in 2013 to increase trade, investment, and collaborative activity between the State of Maine and markets of the North Atlantic and engagement in Arctic affairs. MENADO develops strategic relationships throughout the region to ensure Maine's place in the global conversation about the Arctic and empowers businesses in the state to leverage sustainable development opportunities. In partnership with Maine DECD and the Office of Economic Adjustment (OEA) at the US Department of Defense (DOD), Defense Industry Maine (DIME) was established to help Maine companies diversify both within and outside of the defense industry.

PURPOSE:

The Maine Military Authority was established by law in the Second Session of the 120th Legislature as a body corporate and politic and a public instrumentality of the State. The Authority exists to operate the Maine Readiness Sustainment Maintenance Center and to maintain, rebuild, repair, and store equipment for the State, for the United States Departments of the Army, Air Force, Navy and Treasury, and local, state, federal agencies/departments, foreign governments, and private industry.

ORGANIZATION:

The Authority ceased operations in fiscal 2018-19 and maintains only one employee at its office in Limestone to oversee the discontinuance of operations. The Executive Director is appointed by the Governor.

PROGRAM:

Initially the program was incepted to provide maintenance and repair services to National Guard vehicles and funded through a Cooperative Agreement with the National Guard Bureau. The Cooperative Agreement terminated September 30, 2015, due to defense spending cuts. The program is currently in process of ceasing operations.

PURPOSE:

The Midcoast Regional Redevelopment Authority (MRRA), a component unit of the State of Maine, is a municipal corporation created by Maine Revised Statutes, Title 5, section 13083-G, and charged with the responsibility to acquire and manage property at the former Naval Air Station Brunswick (NAS Brunswick) and the Topsham Annex and to facilitate the rapid redevelopment of properties in order to recover from economic and employment loss as result of base closure.

ORGANIZATION:

MRRA is governed by an eleven-member Board of Trustees appointed by the Governor and confirmed by the Maine State Senate. Power and duties of the Board are established by statute. The bylaws direct the Board of Trustees to adopt an annual budget, provide for an annual audit, appoint various committees and hire an Executive Director. The Executive Director is the chief executive officer and is responsible for carrying out the policies of the trustees and overseeing the daily operation of MRRA and appointing staff.

PROGRAM:

NAS Brunswick was a 3,200-acre military enclave within the jurisdictional limits of the Town of Brunswick, in Cumberland County, Maine. Now known as Brunswick Landing, the base was built as a multi-purpose campus that has changed over many years to serve a variety of purposes. It has been an airport since its initial development in the late 1930s, built on the site of the State's first municipal airfield. The Brunswick Executive Airport opened as a general aviation airport on April 2, 2011.

In total there are over 200 buildings totaling over 1.75 million square feet on the base; forty of which would be considered significant facilities that will be redeveloped by MRRA. MRRA's targeted business clusters as described in the Reuse

PURPOSE:

The Authority is established to regulate and promote mixed martial arts and professional boxing competitions, exhibitions and events in the State as set forth in Title 8, Chapter 20, sections 521 through 532. A mixed martial arts competition or professional boxing exhibition or event may not be held in the State prior to the adoption of rules pursuant to this chapter.

ORGANIZATION:

The Authority is made up of a board of directors consisting of seven members appointed by the Governor. The Board elects a chair, a secretary and a treasurer from among its members. Currently there is 1 seat open.

PROGRAM:

The CSAM has spent 2020 promoting and regulating only 3 Mixed Martial Arts events and 1 boxing event. The COVID-19 pandemic has brought all combat sporting events to a halt.

The duties of the Board consist of registering the event and working with the promoters on approving the fight card. CSAM also registers all fighters and verifies that all proper medical clearances have been received, blood work done and an eye exam performed. CSAM monitors weigh-ins to make sure fighters make weight, and on fight day instruct inspectors overseeing the taping of hands, prefight medicals, ticket counting, the escorting of fighters to post fight exams, and general enforcement of Maine rules regarding MMA and Professional Boxing. CSAM holds monthly board meetings to discuss upcoming events, issues and any changes that need to be made to processes or rules. Five percent of ticket sales from these events comes back to the Authority along with fees from

PURPOSE:

Founded in 1966, Pine Tree Legal Assistance, Inc. is a Maine not-for-profit corporation incorporated to provide free legal assistance to low-income persons with civil legal problems.

ORGANIZATION:

Pine Tree Legal Assistance, Inc. is governed by a 24-member Board of Directors composed of licensed Maine attorneys, eligible clients, and one 'at large' member. The Administrative Office is in Portland (774-4753). Local service offices are in Augusta (622-4731), Bangor (942-8241), Portland (774-8211), Presque Isle (764-4349), Lewiston (784-1558) and Machias (255-8656). Pine Tree Legal operates three special statewide units that address the legal needs of migrant farmworkers (1-800-879-7463), Native Americans (1-800-879-7463) and low-income children (1-877-213-5630).

Pine Tree Legal is a Better Business Bureau accredited charity that has strict financial accountability measures. Pine Tree Legal receives consistently "clean" annual audits and has a Platinum Star rating from GuideStar for transparency and accountability. Program management/fundraising expenses make up less than 16% of Pine Tree Legal's total operating budget.

PROGRAM:

Pine Tree Legal Assistance, Inc. receives its funding from a number of governmental and private sources. The program's primary funding source is the Legal Services Corporation, which distributes federal funds to legal services programs nationwide. Additional funding comes from other federal agencies, the State of Maine, United Ways, the Maine Justice Foundation's IOLTA (Interest on Lawyers' Trust Accounts) Program, private foundations, and charitable contributions. Pine Tree Legal provides free civil legal aid to low-income Maine residents, primarily to Mainers with household incomes at or below 125% of the federal poverty guidelines after certain deductions. Pine Tree Legal has received an annual state appropriation since 1983.

Pine Tree Legal provides direct legal services to eligible clients throughout the State. In fiscal year 2020 (July 1, 2019 - June 30, 2020), its area offices and

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

special units served 18,127 Mainers who were affected by civil legal matters. Its programs handled a total of 7,210 legal cases during fiscal year 2020. Of the 6,333 cases resolved during that time, 36% received full legal representation before a Court or in an administrative hearing; while 64% received legal assessment and advice, printed informational materials, assistance with forms and letters, referral to another source of help, and/or brief service.

Because staffing and other resource limitations prevent Pine Tree Legal from representing all eligible clients with legal needs, the programs accept cases based on a case acceptance priority plan. Of all cases handled by Pine Tree Legal's local service offices in fiscal year 2020, 56% were housing related; 17% were family law matters; 8% were consumer issues; 7% income/benefits related; and the remaining 12% were in the areas of employment, health, education, individual rights, juvenile, and other miscellaneous areas.

PUBLICATIONS:

Pine Tree Legal maintains client education materials, which are available at no charge to income eligible callers in several substantive areas of the law including consumer, family, housing, education, employment, government benefits and health care. The general public may access this information via Pine Tree Legal's webpage at ptla.org; or at our more specialized webpages: kidslegal.org, statesidelegal.org, and helpmelaw.org. The statesidelegal.org webpage offers legal information and resources specific to veterans and military members. In fiscal year 2020, over 1.9 million unique visitors accessed information on Pine Tree Legal's three primary websites.

PURPOSE:

The Maine Potato Board was established as a public instrumentality of the state to provide for the advancement of the Maine potato industry in the public interest and for the public good, under the auspices of a state agency. Under the Board, all elements of the Maine potato industry are represented and work together under the leadership of a unified, public board to solve the problems facing the industry.

ORGANIZATION:

The Board is an eleven-member group, serving two-year terms, representing grower, processor and shipper elements of the industry. The Board selects a president, vice-president, treasurer and secretary from its members, and appoints an Executive Director and Director of Development/Grower Relations to administer programs and policies established by the Board.

PROGRAM:

Potato tax revenue for the twelve-month period ending June 30, 2020 was \$728,873. Maine growers harvested 52,000 acres, producing 16.7 million hundredweight of potatoes. The planted acreage was composed of 67% processing varieties, 13%

PURPOSE:

The Maine Seed Potato Board was established to foster and improve the seed potato industry of the State of Maine. Its primary responsibilities are to produce, or cause to be produced, through contract or otherwise, sufficient acreages of foundation seed potatoes of various varieties for distribution and sale to Maine potato growers; to work with and through the Agricultural Experiment Station of the University of Maine in conducting a program of foundation seed potatoes annually; to purchase, own, sell or convey farm real estate and farm equipment as necessary for the purpose of producing seed potatoes; and to make rules and regulations pertaining to its program of production, distribution and sales of seed potatoes. Proceeds from the sale of seed potatoes are credited to the operating account of the board.

ORGANIZATION:

The Maine Seed Potato Board was organized in April 1945. It initially consisted of six members appointed by the Governor from specified areas for terms of three years, and the Commissioner of Agriculture, Conservation and Forestry served as chairman. A number of changes in the board's structure have occurred since then, and the last one occurred in 2009 when the Legislature voted to transfer oversight of the board from the Department to the Maine Potato Board. The Commissioner now serves as a member and appoints two members to include a representative of the potato industry in a county other than Aroostook County and a person producing potatoes in Aroostook County primarily for processing. The Maine Potato Board appoints six members representing the potato industry in Aroostook County and to include one grower producing primarily tablestock potatoes and another grower producing potatoes primarily for processing. The board is authorized to elect a secretary, who need not be a member of the Board.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

PROGRAM:

The Board carries out its mission through the operation of a foundation seed potato production facility known as the Porter Farm in Masardis, Maine. Over 200 different varieties are maintained in a tissue culture bank and approximately 30 varieties of seed potatoes are produced in the fields each year. The facility is equipped with tissue culture production, disease testing laboratories, seed storages with climate control systems, greenhouses and an irrigation system to support the production of nuclear and foundation seed. In 2009, the Board began producing minitubers in a state of the art greenhouse using hydroponics that allowed them to produce high quality minitubers at very competitive prices. It also enabled them to increase the volume of seed at a much faster rate to meet growing demands for new varieties.

PURPOSE:

Maine Public is Maine's premier, independent media resource serving the entirety of Maine, dedicated to creating exceptional opportunities for the communities it serves to engage with critical issues, compelling stories and quality entertainment. Every day, the Maine Public connects the people of Maine to each other, to the world, and the world to Maine through the open exchange of information, ideas and cultural content. Maine Public is renowned for creating award-winning programs, as well as airing content from Public Broadcasting Service (PBS), National Public Radio (NPR), and other independent producers.

ORGANIZATION:

Formed in 1992, the Maine Public is an independently owned and operated nonprofit organization.

Maine Public has administrative offices and production facilities for television, radio and web services in Lewiston, Bangor, Augusta and Portland. The station's transmitters and translators, located throughout the State, deliver programs to nearly all of Maine's citizens. The organization employs just over 100 full-time and part-time people.

Maine Public is governed by a volunteer Board of Trustees which include the President of Maine Public, a Gubernatorial appointee, a University System appointee and up to 24 Community Members from across the State. The Board meets a minimum of four times a year and all meetings are open to the public.

Maine Public has a volunteer community advisory board (CAB) with Membership reflecting the diversity of the State and Maine Public's audiences. The purpose of the CAB is to advise the Board of Trustees and Maine Public staff as to whether the programming and other policies of Maine Public meet the needs of the communities that the station serves. The CAB meets twice a year and its meetings are also open to the public.

Maine Public's revenues come from the voluntary contributions from just over 51,000 individual supporters, as well as underwriting support from businesses and nonprofit organizations.

Additional funding is received through an annual appropriation from the State of Maine and from television & radio community service grants from the Corporation for Public Broadcasting.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

PROGRAM:

Maine Public is the only statewide Public Media service providing local and national content on Television, the Radio and Online to Maine residents, free of charge. Maine Public is committed to bringing local, national and international news, public affairs including extensive coverage of the state government in action in Augusta, and cultural programming that informs, educates and enriches our citizens.

In addition to providing national and international programming, the organization has concentrated its resources on identifying and bringing Maine news and stories to its airwaves to educate, entertain and inform the entire state. This is reflected in state-wide reporting with dedicated reporters covering educational issues, our state government, and environmental and health care challenges facing Maine.

During the COVID pandemic, Maine Public launched The Learning Space, an educational program designed to provide Maine students in grades 3 through 5 with little or no access to online learning opportunities with educational lessons aired each weekday on Maine Public Television.

Maine Public has its primary radio channel, Maine Public Radio, and a secondary radio channel, Maine Public Classical, that provides classical music, jazz and opera across the state.

Maine Public Television productions include High School Quiz Show Maine, Maine Public Community Films, coverage of the Maine Principals' Association Invitational High School Basketball State Finals, the annual broadcast of the Governor's State of the State Address, and deep coverage of events and developments in Maine's State Capital.

Maine Public has been celebrating Maine's bicentennial with daily history factoids shared on Maine Public Radio, Maine Public Classical, as well as showcased video interviews with people on Maine Public Television and Online.

Maine Public Radio carries significant international, national and local programming. Maine Public's own Morning Edition and All Things Considered programs include content each day that explores Maine topics and issues with depth and substance. Maine Public's afternoon call in show, Maine Calling, covers a wide spectrum of topics relevant to Maine listeners. Maine Public's program Speaking in Maine features the content of some of the most interesting and relevant forums taking place across Maine.

Maine Public's web-based services at mainepublic.org draw visitors from around the world and the free Maine Public App allows for greater and more convenient access to Maine Public's online, radio, and television content.

PUBLICATIONS:

Each month Maine Public publishes Experience, a radio and television program guide that doubles as a Maine Public magazine. It is distributed to some 20,000 members and is available at all of Maine Public's offices. Maine Public makes available a daily news headlines email and a weekly newsletter called THE TEN that are free and available to all.

PUBLIC OUTREACH:

Maine Public recognizes the need to engage the Maine community in both our content and mission and to ensure that we are meeting the needs and preferences of all Mainers. Maine Public connects with our viewers and listeners through a variety of mechanisms including Community Advisory Board (CAB) meetings that are open to the public, Board of Trustees meetings that include opportunities for public comment, community events that include statewide free public screenings of Maine Public programs, a presence at fairs and festivals, and access to Maine Public-produced events including debates and cultural performances, and an active social media presence. Maine Public partners with nonprofits across the state to help promote their events and help drive the success of their efforts.

Maine Public culls feedback through a number of vehicles including listener and viewer surveys, a dedicated Audience Services team to manage all incoming queries via phone and email, and a dedicated Member Services team to manage member issues and concerns.

PURPOSE:
 The Maine Rural Development Authority (MRDA) was established to provide loans to communities, agencies or businesses for the development of commercial facilities as a lender or investor in the acquisition, development, redevelopment and sale of commercial facilities or on a speculative basis in areas where economic and financial needs are not adequately supported by private investment.

MRDA's purpose is to also assist areas of the State hard hit by the loss of a substantial number of jobs or the loss of a large employer. The authority works with private investors, banks and municipalities to help develop commercial buildings to attract businesses and employers and to redevelop existing properties for commercial or industrial use that would otherwise remain vacant.

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

ORGANIZATION:

MRDA is a public instrumentality of the State. A Trustee Board, consisting of seven members governs the Authority. The Governor appoints five of the trustees; the CEO of the Finance Authority of Maine (FAME) and the Commissioner of the Department of Economic and Community Development serve as exofficio voting members. The commissioner is chair of the Board. Bylaws were adopted in the fall of 2002. MRDA contracts with FAME for staff and project support.

PROGRAM:

MRDA meets its purpose through three specific programs: the Speculative Industrial Building Program, the Commercial Facilities Development Program, and the Rural Manufacturing and Industrial Site Redevelopment Program. The programs are governed by statute and by rules adopted by the MRDA. In the programs, MRDA acts as a stimulus to private and public investment in these facilities to create more job opportunities in Maine communities.

The Speculative Industrial Facilities Program (Chapter 99-626-01) provides loans to communities to develop commercial or industrial facilities on a speculative basis. This program was developed in 1973, and was housed in the State Development Office, and later the Department of Economic and Community Development before being transferred to the MRDA.

The Commercial Facilities Development Program (Chapter 99-626-02) allows the Authority to serve as the principal, partner, lender or investor to initiate the redevelopment of existing facilities that are suitable for commercial or industrial use for subsequent sale or lease. This program requires at least a 25% match per project, which the MRDA can waive in cases of severe economic distress.

The Rural Manufacturing and Industrial Site Redevelopment Program (Chapter 99-626-03) is intended to provide grants for technical assistance, planning or implementation related to the rehabilitation, revitalization and marketing of manufacturing and industrial sites in rural communities.

BOARD OF TRUSTEES OF THE MAINE COMMUNITY COLLEGE SYSTEM

PURPOSE:

The Board of Trustees of what is now the Maine Community College System (MCCS) was established in 1986 by Public Law 1985, chapter 695, to be the policy making authority of the MCCS, to develop and adopt policies for the operation of the MCCS, establish the administrative council, and approve programs and policies recommended by the MCCS president and the administrative council; to prepare and adopt a biennial line-category, operating budget; and to develop and adopt personnel policies and procedures.

ORGANIZATION:

The Board of Trustees of the Maine Community College System consists of 15 members. Twelve are from the fields of business, industry, labor, education, and the general public, and one is a student from one of the community colleges. The Commissioner of Education and the Commissioner of Labor serve ex officio. Public Law 1985, chapter 695, "An Act to Establish the Maine Vocational-Technical Institute System" was signed into law on April 16, 1986, setting in motion the reorganization of the statewide network of vocational-technical institutes (up until then operated as subsidiaries of the Maine Department of Education, Bureau

INDEPENDENT AGENCIES - NOT PART OF STATE GOVERNMENT

of Vocational Education, under the governance of the State Board of Education) into the Maine Vocational-Technical Institute System, an autonomous postsecondary educational institution governed by an independent Board of Trustees. The first institute was established after World War II to provide vocational and technical training to returning veterans while the seventh and most recent college, York County Community College, was established by the 116th Maine Legislature in 1994.

The 114th Maine Legislature enacted Public Law 1989, chapter 443, "An Act to Enhance the Status of Vocational-Technical Education in Maine," which officially changed the name of the Maine Vocational-Technical Institute System to the Maine Technical College System and clearly defined the System's role in postsecondary education.

The 121st Maine Legislature enacted Public Law 2003, chapter 20 that changed the name of the Maine Technical College System to the Maine Community College System to reflect its broad mission of providing occupational and liberal arts transfer programs to the people of Maine. The names of the seven colleges were all changed on July 1, 2003.

The MCCS constitutes a "public instrumentality of the state" but not a "line" State agency included in or attached to a cabinet department; its status vis-à-vis State government is similar to that of the Maine Maritime Academy and the University of Maine System.

Maine law defines the basic mission of the MCCS in the following terms: "To provide associate degree, diploma, and certificate programs directed at the educational, occupational, and technical needs of the state's citizens and the work force needs of the state's employers." The law further defines the primary goals of MCCS as follows: "to create an educated, skilled, and adaptable labor force which is responsive to the changing needs of the economy of the state, and promote local, regional, and statewide economic development."

PROGRAM:

The MCCS offers nearly 300 certificate and associate degree program options designed to prepare students for careers and/or transfer to four-year colleges and universities. Credentials are awarded in the following program areas: arts and sciences; health care; automotive and mechanical technologies; business; computer technology, graphics, and multimedia; construction; education and early childhood; electrical and electronics; engineering technology; HVAC and energy; culinary arts, hospitality and tourism; natural resources; machining and manufacturing; public safety; and others.

The MCCS Office, set up by legislation to provide statewide coordination and leadership to the seven colleges, operates at 323 State Street, Augusta. The seven-college system consists of Central Maine Community College in Auburn, Eastern Maine Community College in Bangor, Kennebec Valley Community College in Fairfield and Hinckley, Northern Maine Community College in Presque Isle, Southern Maine Community College in South Portland and Brunswick, Washington County Community College in Calais, and York County Community College in Wells. Off-campus centers are located in East Millinocket, South Paris, Houlton, Damariscotta, and Dover-Foxcroft.

The MCCS operates the Maine Quality Centers Program, an economic development program established by the Legislature in 1994 that provides new or expanding Maine firms and their employees with grants for customized education and training. The MCCS also operates the Embark program, which provides scholarships and college-transition services for high school students who face barriers to college.

PURPOSE:

The Maine Turnpike Authority is a quasi-state agency created by the Maine Legislature in 1941 to construct, manage and operate the 109-mile toll highway from Kittery to Augusta.

ORGANIZATION:

The Authority consists of 7 members including the Commissioner of the Department of Transportation or his designee, who is an ex officio member. The Governor appoints one member from each of the counties of York, Cumberland, Androscoggin and Kennebec, and two at-large members who are residents of the State, which are subject to confirmation by the Legislature. The Governor appoints a chairman from the group of 6. The Authority is empowered to elect a secretary, a treasurer and an executive director.

The Maine Turnpike Authority is a body both corporate and politic, and is an independent agency created by the Legislature.

PROGRAM:

Throughout the year the Authority has enhanced, maintained and operated the Turnpike through its collection of tolls.

LICENSES:

The Maine Turnpike Authority issues permits that authorize loads and overlimit loads.

PURPOSE:

The Board of Trustees of the Maine Veterans' Homes was established to plan, build and manage homes for veterans, their spouses and widowers. There are currently six State Veterans Homes with a total of 640 beds.

ORGANIZATION:

The Board of Trustees of the Maine Veterans' Homes was established in 1977 and consists of 11 members appointed by the Governor. The Board elects a Chairman, Vice Chairman, Treasurer, and Secretary from its members. The members of the Board serve without pay, but may be reimbursed for expenses.

PROGRAM:

MVH was established by the Maine Legislature in 1977 as a quasi-state "body corporate" to provide long-term care and support to eligible Veterans and family members. Unique to State Veterans Homes across the nation, MVH operates as an independent nonprofit organization and receives no routine direct state appropriations. MVH operates six facilities in locations that were set by statute: Augusta, Caribou, Scarborough, Bangor, South Paris, and Machias. MVH mission statement is "Caring for Those Who Served". Seventy-five percent of all admissions are reserved for Veterans, but other candidates for admission include the spouse of the veteran, widow or widower of such veteran, and Gold Star Parents, in need of nursing home care and residential care.
