## Further thoughts...

- Make sure your pdf has been made [accessible](#)
- Check the spelling on your title page and abstract
  - Errors can alter search results
- DO NOT include anyone else as an author
- DO NOT include your PID or NID
- Use proper capitalization, NOT ALL CAPS
- Select *only* University of Central Florida as the Institution
- Format the Advisor's name as Last name, First name
  - Do not include any titles, degrees, etc., only the name

# Final thoughts...

- Make sure you upload the final, defended, approved version of your thesis
- Please submit as an accessible PDF file
- There are ABSOLUTELY NO CHANGES once you click Submit
- Don't wait until 4:45 p.m. on the last day to submit.
  - If you do, there will be a crisis of some sort
- Call/email me or the Office of Honors Research if you are unsure about something
- Completing these steps properly helps me get your thesis posted in a timely manner
  - i.e. We don't have to correct your mistakes
