Salam Sr,

We are now preparing your manuscript into a camera ready format. However, we found out there are a few amendment that are still need to be done (based on the reviewers concern – refer to attachment) before your article can be included in the journal.

- (i)The second last section should be result and discussion. Hence, please elaborate further your result or add more in your discussion part.
- (ii)remove color in your tables.

Please submit the correction version before 29/5/2012.

Extra charge for every page which exceeds 4 pages is US 40.

Thank you and wassalam.
