"Old" Main Street, circa 1845

ANNUAL REPORT
OF THE TOWN OF
NEW LONDON
NEW HAMPSHIRE

NEW HAMPSHIRE
STATE LIBRARY

1965

Cover illustration is a photograph of a recently discovered primitive water color by an unknown artist entitled "View from the Seminary, New London, N. H." The Seminary was built in 1838. It is the original Colby Academy building opposite the Post Office.

The artist depicts the fields between what is now Main Street and Old Main Street in the foreground, then King Hill with Mount Sunapee in the background. We see the John Edmunds' blacksmith shop that burned in 1958 and the site of Carl Duffett's house to the right at the then cross-roads of "Old" Main Street and Hutchins' Road, now Pleasant Street. We see Edwin Edmunds' house and barn; the houses of Edward Todd, Louise Sprague Hobby and George Graves and the sites of the present homes of Lawrence Flett and Clarence Lull. On King Hill we see, according to Myra Lord's 1899 "History of New London", the first clearing of a white man in 1774 by Moses Trussell, that became the John Morgan farm, now the home of Richard Chatellier, and the "Captain Brocklebank place", home of Mortimer DesBarres. Most important, historically, we see the old cemetery and Muster Field on Old Main Street and the large building which was the Meeting House. This building was removed by former governor Anthony Colby, who purchased the structure from the Town in 1854 for \$118.80 and relocated it on Main Street to be a dormitory for boy students of Colby Academy. In 1934 this building was reconstructed as Colby Lodge on Little Lake Sunapee, where the old hand-hewn timbers may still be seen.

A comparison of this painting with the brochure prepared by the New London Historical Society for the dedication of an historical marker on Old Main Street in August, 1965, shows the accuracy of historian Mildred Crockett Tunis and artist Pauline Roos in the sketches contained in the brochure. The water color is in the collection of a private out-of-state collector and we hope that some day it may return to its birthplace.

REPORT

OF THE

SUPERINTENDING SCHOOL COMMITTEE.

The Superintending Committee of Common Schools in New-London presents to the citizens the following

REPORT.

In our several school districts two hundred and fifty-seven different scholars, of four years of age and upwards, have received instruction during the past year. The expense to the public has been \$740.64, or \$2.83 for each scholar. Three of the fourteen terms of our common schools have been taught by men; eleven by women. No teacher has been decidedly unsuccessful. The government of the schools has been maintained without the intervention of the Superintending Committee, and commendable progress has been made in the several branches of elementary study. A single change only has been made in the catalogue of text books, corresponding with a change simultaneously made in The New-London Literary and Scientific Institution, namely: the introduction of Robinson's series of arithmetics in lieu of all others which have been used in the schools.

In District No. I. the summer term was efficiently and successfully taught by Miss Lizzie S. Messer, whose work, not only in that place, but subsequently in District No. VII., is her best praise. In the winter term, under the very excellent management of Miss Sarah E. Todd—one of those teachers who honors her office, and whose services, while available, may well be sought—the school acquired a title to special commendation for good order, diligence in study, and thorough recitations. It is confidently anticipated that several of the scholars in this school will in due time qualify themselves to be teachers.

In District No. II. Miss Sarah E. Todd taught during the summer with her usual fidelity and success. The winter term, under the auspices of Mr. James M. Davis, began prosperously, but was afterward interrupted by the sickness of the teacher, and at the time of the preparation of this report was again in progress. The second examination of the school had not been made, but a cheering account from Burpee Hill is confidently anticipated. Greatly to the discredit of some former occupants of the school room, the benches have been rendered unsightly, and some of them more than unsightly, by clownish hackings and grotesque mutilations with pocket knives.

The summer term of the Central District, No. III, was creditably instructed and governed by Miss Sarah Morse; but an unfortunate loss of her register before she had completed and transferred it to the committee, renders it impracticable to supply a full report of her school. During the winter term, Mr. N. C. Todd, teacher, more than ordinary attention was judiciously given to reading and spelling. In Arithmetic, moreover, and in Grammar and Geography, the progress of the several classes was decidedly encouraging.

Miss Adelaide E. Burpee taught the summer school on Low Plain, in District No. IV. Whole number of pupils, twenty-two; average attendance, seventeen. Instances of tardiness, one hundred and three. Twelve pupils studied Geography, fifteen Arithmetic, and nineteen reading and spelling. With due allowance for drawbacks by tardiness, fair progress was made. The teacher was faithful and efficient. Mr. Charles A. Fowler, who, at different times, had previously taught in this district twenty-four months, and whose well earned reputation had been long established, managed the school during the winter with his usual success. The school, however, was interrupted a week or two by sickness in the family of the teacher. Profane and obscene language is supposed to have been used by two or three boys only, whose names are designedly withheld.

In Scytheville, District No. V., during the summer term of ten weeks, taught by Miss Mary E. White, the moral deportment of the pupils and habits of study were generally good. A class in Grammar, and the classes in the National Arithmetic, are mentioned creditably. Some of the classes were retarded by sickness among their number. Mrs. M. A. Campbell labored faithfully during the winter term of eleven weeks, but was embarrassed by multiplied cases of tardiness. In general the school appeared well, and the discipline good. It is thought that few boys polluted themselves and their fellows by profane utterances. Some scholars evinced marked pro-

iciency, especially certain ones in the Common School Arithmetic, and in the Higher Arithmetic.

Both the summer and winter terms in the North District, No. VI., were taught by Miss Francina D. Smith, an energetic teacher, who labored assiduously in the duties of her calling, six weeks in the first term, and eight weeks in the second. In a school where the period of instruction is short, little beyond a good beginning can be accomplished, by either teacher or pupils, before the close of the term.

The summer session of Pleasant Street District, No. VII., was taught by Miss Almira Andrews. In this, her first experiment in the work, she exhibited the elements of an apt teacher. The good order of the school reflected credit on her management. Miss L. S. Messer, whose name has already been favorably mentioned, taught nine weeks in early winter.

Your committee would respectfully recommend that the names of all scholars, over ten years of age, whose moral deportment, habits of study, and rank as scholars, during the ensuing year, are uniformly above mediocrity, be appended to the report of the Superintending Committee, as a Roll of Honor, and that this roll be printed with the report.

Respectfully submitted,

LUCIAN HAYDEN, *Supt. Committee.*

“AT THE CROSSROADS”

We make our Selectmen's report brief this year, in deference to the reprint of the 1865 Town Report enclosed herein.

Our title, “At the Crossroads”, is equally applicable in 1865 and one hundred years later, 1965. In 1865 the “Four-corners” were at Old Main Street and Pleasant Street. They changed to the present location. One hundred years ago we were engaged in a war. Anthony Colby was charged with filling the town quota of men for military service. Apparently a “draftee” could buy his way out. The town was bankrupt . . . as indicated on page 9 of the reprint of the 1865 report. Debts were \$24,274. and means of paying the same were \$5,018. But the creditors were all public spirited citizens who willingly lent their money to the town, as indicated in the old report. Percentage-wise, the State contributed more to the town than today.

The yardstick for measuring values differed a hundred years ago. First in importance in the 1865 report was the “Ministerial Department” with a total of \$79.40! Second was the School Department, whose total expenditure was \$740.64, or as is pointed out on page 14 of the old report, a cost of \$2.83 per pupil, with 257 students.

Today, we are at the crossroads. We are faced with a drastic change in our educational system. The cost of education has risen to something over \$600. per pupil. The importance of education has risen to first place, rather than second. Our town is no longer bankrupt. We face the problems of sending off our young men to war with no choice of paying for a substitute. Our “Four-corners” are again threatened as they were a hundred years ago. Will it be another location? Our property owners no longer have to advance money to the town for operating expenses. We enjoy a surplus. State Aid was a sizable item a hundred years ago. Now it is of minor importance. The loyalty of the New London citizen a hundred years ago and today bear the closest resemblance . . . both have the good of the town at heart.

* * * * *

A few statistics:

In 1965 there were building permits issued for the following:

39 houses at an estimated taxable value of	\$843,000
7 garages and other out-buildings	7,700
28 additions and alterations	80,850
4 miscellaneous buildings	2,500
	<hr/>
	\$953,050

Our town is rated numerically by the State Tax Commission in the lowest ten of 231 towns and cities in New Hampshire in actual tax dollars paid per property. We are proud of this and hope to maintain this favorable position as well as provide good schools, good roads, water, sewer, protection of property, plowing of driveways and the many other services to our residents.

We are concerned about the impact of the need for a Co-operative school for the area and of the effect of Federal Interstate Highway I-89 on New London. We prefer to maintain the small-town atmosphere which we all enjoy, and yet we realize that our town must either progress or regress . . . we cannot stand still. Our Planning Board and our Board of Selectmen are vitally interested in this problem and welcome suggestions from our residents. We face increased cost of the enlargement of our sewer and water departments, increased costs of building and maintaining roads and providing police and fire protection. We are confident, however, that our taxable properties will continue to expand and that we will be able to continue the services our citizens need.

The Board of Selectmen wishes to take this opportunity to express its appreciation and thanks for the privilege of serving you and for the help that many of you have given us and your fellow citizens by your suggestions and participation in local governmental affairs through membership on the necessary boards and committees.

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of New London in the County of Merrimack, in said State, qualified to vote in Town affairs:

[L. S.]

You are hereby notified to meet at the New London High School Auditorium in said New London on Tuesday, the eighth day of March, 1966, at three o'clock in the afternoon to act upon the following subjects:

Article:

1. To chose all necessary Town Officers for the year ensuing.

Note — By law, the Meeting must open before voting starts. Therefore, the Meeting and Polls will open at 3:00 P.M. for the consideration of Article 1.

At 3:30 the Meeting will recess but the Polls will remain open.

The Meeting will reconvene at 7:30 P.M.

Polls will close at 10:00 P.M.

2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same. This sum to include:

Note — The + or — amounts indicate any difference between the proposed and the 1965 appropriations.

	1966	1965	
Town Officers' Salaries	\$6200	\$5500	+\$700
Town Officers' Expenses	4800	4200	+ 600

Election and Registration Expenses	850	500	+ 350
Municipal Court Expenses	850	550	+ 300
Town Hall Expenses	3500	3500	
Social Security, Town share	1700	1500	+ 200
Town Insurance	5000	4500	+ 500
Planning Board Expenses	300	75	+ 225
Zoning Board Expenses	100	75	+ 25
Legal Expenses	500	500	
Vital Statistics	175	150	+ 25
Town Dump maintenance	2500	3000	— 500
Street Lighting	5000	4500	+ 500
Town Welfare	500	500	
Old Age Assistance (25% of total)	2500	2500	
Highway Dept. General Expenses	3200	1000	+2200
Memorial Day observance	150	150	
Historical Committee Fund	300	200	+ 100
Parks and Public Properties	750	600	— 150
Interest	1000	1000	

For a Total Appropriation of \$39,875

To see if the Town will vote to raise and appropriate the following sums for the ensuing year for the following purposes:

	1966	1965	
3. Police Department	\$11,500	\$6700	+\$4800
4. Purchase and operation of a police car and equipment	3500	+3500
5. Fire Department	3800	3500	+ 300
6. Civil Defense	450	500	— 50
7. Shade Tree Care (includes \$60.80 Blister Rust Control)	1200	1500	— 300
8. New London Hospital Assoc.	5000	5000	

9. To see if the Town will vote to establish annual clinics under the control of the Health Officer for the anti-rabies vaccination of all licensed dogs in the Town of New London; and to require the owners of dogs to be licensed in New London show proof of rabies vaccination within the prior six (6) months before obtaining the Town license for such dogs.

(This article presented on petition)

10. To see if the Town will raise and appropriate the sum of five hundred fifty dollars for the Health Department, to include Health Officer's salary \$200., water testing \$200., expenses \$50. and rabies clinic \$100.

11. To see if the Town will vote to empower the Planning Board "to review and approve or disapprove site plans for the development of tracts for non-residential use whether or not such development includes a subdivision or re-subdivision of the site" as set forth in Chapter 260:3 Legislative Acts of 1965 pertaining to R.S.A. 36:19A.

12. To see if the Town will vote to raise and appropriate a sum not exceeding six thousand dollars (\$6,000.) for the purpose of engaging professional consultants to prepare a Master Plan for the orderly growth within the Town of New London.

This appropriation submitted without recommendation of Budget Comm.

This sum of money to be used in conjunction with Federal and State funds in the approximate amount of twelve thousand dollars (\$12,000) as set forth in the #701 Planning Program.

13. To see if the Town will vote to adopt the following amendments to the Zoning Ordinance adopted March 11, 1958:

A. Article 3, General Provisions: Add paragraph 1 as follows: The highest roof line of any building shall not exceed thirty (30) feet from the finished grade level of the ground.

B. Article 4, Residential District: Change Section B, paragraph 1 to read: The lot area shall not be less than 12,000 square feet, and the frontage and depth each not less than 100 feet. However, if said lot is not served by public sewer then the lot area shall not be less than 35,000 square feet, and the frontage and depth each not less than 150 feet. (Any lot with less depth and frontage which is recorded and taxed as a lot of record prior to March 8, 1966, shall be deemed a conforming use).

C. Article 5, Rural-Agricultural District: Change Section E to read: No lot shall be less than 85,000 square feet and every building lot shall have a minimum lot frontage of 250 feet, provided that where lots are located on the exterior of a curving street, a shorter front dimension shall be permitted if the average width of the lot measured across its center shall be not less than 250 feet. (Any lot with less frontage which is recorded and taxed as a lot of record prior to March 8, 1966, shall be deemed a conforming use).

D. Article 5, Rural-Agricultural District: Change Section F to read: No building or other structure shall be erected nearer to any side or back lot line than twenty-five (25) feet, nor nearer to any front line than fifty (50) feet.

E. Article 8, Enforcement: Add paragraph 3 to Section C as follows: Following issuance of a building permit the exterior of the building must be completed within one year from start of construction.

To re-zone from Commercial District to Residential District such area as described below:

Main Street, both sides, from Lakeside Road northwesterly to the intersection of Newport Road, thence continuing along Newport Road, both sides, from the intersection of Main Street westerly to the east side of the Everett Park Extension.

These amendments are to be voted on the official ballot for the election of officers.

14. To see if the Town will vote to authorize the Selectmen to fill the office of Police Chief by appointment instead of by election on and after March 14, 1967, or sooner if a vacancy exists in said office.

15. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes if deemed necessary by the Selectmen.

To see if the Town will vote to raise and appropriate the following sums for the ensuing year for the following purposes:

	1966	1965	
16. Highway Dept. road maintenance	\$35000	\$33000	+\$2000
17. Highway Dept. road improvement and construction	7000	7000	
18. Highway Dept. sidewalk and curb repair and construction	1500	1500	
19. Highway Dept. Town share of T.R.A. (State to contribute \$5,192.81)	778.92	668.12	+ 110
20. Highway Dept. purchase of approx. 1 acre of land adjacent to the Town garage on Pleasant Street	800	+ 800
21. Water Precinct hydrant service	2175	1900	+ 275
22. Tracy Memorial Library	7000	6500	+ 500
Note: This increase is due to the return of previous surplus to the Town general fund.			
23. Bucklin Beach maintenance	1500	2000	— 500
24. Cemetery Commission	2100	950	+1150
(see Tracy Library footnote)			

25. Lebanon Regional Airport Auth.	200	200
26. Information Booth, salaries	400	400
27. Lake Sunapee Board of Trade	800	800
28. Dartmouth-Lake Sunapee Region Association	200	200

Polls open from 3:00 P.M. to 10:00 P.M.

Given under our hands and seal this 14th day of February in the year of our Lord nineteen hundred and sixty-six.

Selectmen of New London, N. H.

REPORT OF THE BUDGET COMMITTEE

To the Voters of the Town of New London:

In accordance with the Municipal Budget Act of the State of New Hampshire, the New London Budget Committee (comprised of eleven members — nine-members-at-large, appointed by the Moderator and two ex-officio members, a selectman and member of the school board; all with equal voting rights and privileges) has prepared the town and school budgets for the calendar year 1966. The budgets are respectfully submitted in the Town and School reports.

The Committee called three public hearings in January, 1966, on the 19th, 26th and the 31st. It is the intent at these meetings to provide pertinent facts and information that will aid and assist the Budget Committee to make decisions in the best interests of the community. The duties of the Committee are quite explicit and provide for the *Control* of appropriations and expenses. It is our obligation not only to *curtail spending*, but to ascertain the degree of *waste* or *necessity*. This can only be achieved by active and voluntary support of each and every voter. Presently and previously, voter participation has been minimum and meeting attendance slight. In view of the apparent lack of interest, more responsibility is placed on the Budget Committee. Consequently, several hours of debate, discussion and deliberation followed the public hearings in closed session.

Our conclusions represent a majority opinion in all instances and we feel that the best interests of *your* town have been served to the utmost of our ability.

My personal thanks are extended to the Committee members, officers and representatives of the Town for their assistance and cooperation.

WALTON W. CHADWICK,
Chairman.

Feb. 3, 1966

BUDGET OF THE TOWN OF NEW LONDON, N. H.

Estimates of Revenues and Expenditures for the Ensuing Year January 1, 1966, to December 31, 1966, compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year, Jan. 31, 1965 to Dec. 31, 1965.

	<hr/>
Balance due School District for fiscal year ending June 30, 1966	\$135,811.81

REPORT OF THE TRUST FUNDS OF THE TOWN OF NEW LONDON, N. H.,

It is interesting to take note of the fact that this year's report of the Trustees of Trust Funds is the FIFTIETH annual report of your Trustees. The Legislature of 1915 Session, in accordance with its Chapter 162, gave to the Towns, permission to hold Trust Funds. The following year, New London Town Meeting created such a Board of Trustees, by adopting Article 3 in the Town Warrant.

There are 260 Cemetery Trust Accounts for the care of individual Cemetery Lots. Each is invested in a separate Savings Bank Book and earns its own interest. The principal in these 260 Accounts totals \$23,415.32 and the unspent earnings \$5,828.45, which together make a total of \$29,243.77 in the Cemetery Trust Funds.

The Tracy Memorial Library has the support of four trust funds in our care, i.e., The Jane A. Tracy Trust Fund, The Sarah and Elizabeth Brown Trust Fund, The Ann Mary Jelly Trust Fund and The Kathleen L. Whitcomb Trust Fund, which together contributed a total of \$6,712.89 from a combined investment of \$105,663.74. All cash capital gains are considered as a return of principal and are deposited in a Savings Account, separately, as Uninvested Funds, with their interest earned turned over to the Library. The American Tobacco Preferred stock was called during the past year and the proceeds were deposited in the Tracy Uninvested Fund. There was a 50% Stock Dividend received from the First National Bank of Boston, also a 100% stock dividend from International Harvester and a stock dividend of 10 shares from the Manufacturers-Hanover Trust Co.

TRUST FUNDS FOR CARE OF CEMETERY LOTS

Date of Creation	Name of Trust Fund	Balance of Principal at End Year	Balance of Income Beginning Yr.	Income During Year	Expended During Year	Balance Income End Yr.

AUDITOR'S REPORT

To the Citizens of the Town of New London, N. H.:

I have examined the financial statements of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Road Agent, Cemetery Commission, Sewer Commission, Library Treasurer, and Trustees of the Trust Funds. I have compared their accounts, vouchers and bank statements of funds on deposit, and find these records to be in agreement, and believe these reports to be a true record of the town business for the year ending December 31, 1965.

LAURENCE F. PETERSEN,
Town Auditor.

February 15, 1966

TRACY MEMORIAL LIBRARY

ANNUAL REPORT

With the coming of 1966, Tracy Memorial Library has shown a steady growth in its scope and contribution to the life of the community.

Adult fiction	4,663
Adult non-fiction	2,234
Adult magazines	698
Juvenile fiction	8,622
Juvenile non-fiction	1,945
Juvenile magazines	122
Pamphlets and pictures	317
	<hr/>
	18,601

There have been 11,502 visitors during 1965.

There has been the addition of 115 adults and 55 juveniles to the borrower's lists.

In answer to 575 requests, books, pamphlets and other materials have been loaned to adults, students, and children, for special study.

The library has borrowed from the Extension Division of the State Library, 779 books, from the State Library, 46, and from Fernald Library, 8 books. Books have been loaned as follows: to the New London Central School, 4,115; to Wilmot Schools, 97; to Mrs. Williams Kindergarten, 45; to the Baptist Sunday School, 14; to Sunapee School, 30; to Camp Tonawandah, 5; to Colbytown, 5; to the Barselle Nursing Home, 20; and to Fernald Library, 4 books. During National Book Week four films were borrowed from the North Countries Library Service, and these were shown to 411 children.

We have purchased 182 adult books and 122 juvenile books, mostly through cooperative book buying, sponsored by the State Library Plan. Thirty gift books have been donated by our generous friends. Forty adult magazines are ready for general circulation and reading at the library, and the library subscribes to three children's magazines. To further the study of science, the New Hampshire State Library presented us with a four volume set of Harper's Encyclopedia of Science.

The New London Service Organization continues to add selections to their military book shelves with these books: "Eastward the Convoys" by Schofield; "New Face of War" by Browns; "Is Paris Burning?" by Collins; and "Green Berets" by Moore.

The committee room has been used for 39 meetings this year. The auditorium has been the meeting place for the Woman's Club, the Red Cross, the Garden Club, the Reading Club Party, and for State Library meetings. This room has also been used for National Library Week displays, for three summer exhibits, and for National Children's Week visitors. The sixth grade of the Central School has received instruction in catalog use and in general library orientation.

The librarians attended a ten week "Book Selection Course", sponsored by the Extension Division of the University of New Hampshire, held at Laconia, from October 11-December 14, on Tuesdays. The staff has attended the forming of the Friends of the Library group at Concord, four cooperative book-buying classes, N. H. Library Association, and the Statewide Development Plan meeting. Mrs. Ray has been to four Keene Advisory Council sessions, and is a member of the Common Borrower's Card Committee.

As a result of joining the Statewide Development Plan, our library was the recipient of fourteen reference books, valued at \$125.00. These books were given free to all libraries affiliating with the plan by May 1, 1965.

The librarians, assisted by members of the Parent-Teachers Association, continued with the project of supplying books to the first six grades at the Central School on each Monday during the school year. This plan has allowed many of the bus pupils to take advantage of obtaining library books for extra reading.

The New London Garden Club, at their spring meeting, voted to landscape and replant the library grounds. The front of the library has been replanted with shrubbery, adding greatly to the appearance of the building. The Club also conducted a general clean-up of the grounds in May.

National Library Week was observed with a series of exhibits of past eras, with the theme of the observance being: "Know What You Are Talking About — Read." The display centered on two native sons of New Hampshire, Daniel Webster, and Alan B. Shepard, Jr. An exhibit of Daniel Webster memorabilia included copies of his speeches, books, papers and personal belongings. The Shepard exhibit included pictures, favorite books, and souvenirs of his space flight, loaned by his parents. The era of Abraham Lincoln, the "Roaring Twenties", children's rockets, and the third grade drawings of the "Future World of Space" were also featured in the display.

An exhibit of Currier and Ives lithographs was held from July 6-16, which was open to the public, and was well attended by townspeople and summer visitors.

Mrs. Donald Lamson, of Bristol and New London, held a display of her paintings, ceramics, and rugs, from July 19 to August 14. The lovely handwork of Mrs. Lamson was much admired by more than 300 visitors and friends.

During the last two weeks of the summer, an exhibit entitled "Olden Days in New London" was arranged by the New London Historical Society. The pictures in this show were mounted by Willis V. Ames, and were particularly enjoyed by the older members of the community.

The Vacation Reading Club opened on July 1 with 72 children enrolled for summer reading. On August 25, the annual party was held in the auditorium. The children were entertained by Mrs. Marlene MacCauley, who presented a marionette and moppet show, which was greatly enjoyed by all. Class I winners were Marion Chadwick and Andrew Edmunds. Class II winners were Penny Gay and James Foley. Refreshments were served in the garden by the librarians and their helpers. In charge of the Vacation Club for the summer were Miss Viola Gay and Miss Jensine Johnston, who assisted the members in choosing their books and keeping their records.

In observance of National Book Week, the elementary grades of the Central School, the Kindergarten, Wilmot and Springfield Schools visited the library. The staff had arranged displays of new adult and juvenile books for examination and for reservations by the children and older people. Movies of children's popular books were shown to the children each day. Nearly 500 guests signed the visitors' register during the week.

Children's Story Hour has been held each Saturday during the school year for pre-schooler and first graders. Three hundred and seventy children have been instructed in handi-

craft projects and entertained with games and stories this year.

During the summer Weston L. Ray assisted the regular custodian, Dwight Braley, in caring for the grounds and the building. Mr. Braley resigned his position in September, and Mr. Ray was appointed to fill out the year.

Our little spruce tree glows bravely with its Christmas lights in the falling snow, the building is alight with candles, as we await a busy "New Year".

HELEN S. RAY,
Librarian.

Treasurer.

MUNICIPAL COURT

REPORT FOR 1965

During 1965 the New London Municipal Court handled 160 cases, 140 of these being in the area of misdemeanors and criminal offenses, the balance being Small Claims cases. On the former category the Court collected \$1490, and remitted to the Town of New London \$1,200.60. Expenses were \$57.40. Remitted to the State of New Hampshire was the sum of \$232.

The New London Municipal Court has regular sessions on Thursday mornings at 10 o'clock. Except for juvenile cases, these sessions are open to the public at any time. The

Court is appreciative of the excellent facilities which are provided by the Town officials in the way of a proper bench and enclosure, and for the books and other equipment which have been provided.

J. DUANE SQUIRES,
Municipal Judge.

1 February 1966

* * * *

In 1963, the Legislature voted to abolish municipal courts and divide the state into a district court system. Our district would hold court in Franklin. Fortunately, the Legislature also made the provision that a town could vote to continue its court, under certain conditions, during such time as the then present judge continued in office. Upon the vacancy created either by resignation or death of the local judge, the court would be abolished. Our cases would then go to Franklin. This would result in hardship to our police officers who could very well be out of town all day attending court in Franklin. It could result in hardship on town residents who might be pressing charges or appearing as witness. We are less concerned about the hardship to the culprit, but most are respectable people, not criminals, and we take pride in the treatment they now receive. As our schools and Colby College grow, an increasing number of our arrests involve young people. We prefer to handle their cases locally as long as possible. Judge Squires is willing to continue in office, realizing the situation should he resign the judgeship, and we are very appreciative of his loyalty and interest in those brought before him. His request this year is for a very modest increase of \$300 to engage clerical assistance in the growing number of forms and reports that must be filed in Concord. It is our hope that as New London continues to become more and more the center for the immediate area we may be able to have the Legislature make this a district court, should Judge Squires find it impractical to continue in office.

REPORT OF THE FIRE DEPARTMENT

NEW LONDON FIRE COMPANY

Captain	Kenneth Butler
1st Lieutenant	Carlton Barton
2nd Lieutenant	John Kiernan
3rd Lieutenant	Robert Martin
Clerk	Carlton Barton

The Company responded to the following calls:

- 5 house fires
- 3 brush and grass fires
- 1 stump fire
- 1 forest fire
- 1 Town Dump fire

There were no fires of particular consequence in New London during 1965. This was an unusually dry year, and we appreciate the care exercised by our residents and visitors in preventing fires. The one forest fire listed was believed to have been caused by a tree rubbing on the high-tension electric lines during a very heavy wind. Fortunately, the resulting fire was detected early, the firemen responded quickly, and the blaze extinguished with only about two acres burned.

The department added a base radio, a fire-truck radio, 400 feet of new replacement hose and some additional tools for each truck. In 1966, we plan to replace one of our old hand-pumps which are portable and necessary for brush fires or camps difficult to reach by truck.

EDWARD A. TODD,
Chief.

POLICE DEPARTMENT

Our local police department continues to take its cases before Municipal Judge J. Duane Squires in the courtroom at our town hall, as reported by Judge Squires elsewhere in this annual report. In addition to those cases taken to court, 55 warnings were issued, 6 cases of breaking and entering were investigated, there were 34 calls for minor accidents and investigation both on and off the highways. Assistance was rendered the State police in a more serious crime. Patients were taken to the state hospital. In all, 17,124 miles of highway travel were required for the performance of Chief Tyler Grace's duties.

You will be asked to vote authority to the Selectmen to fill the position of police chief by appointment by the selectmen, rather than by vote, beginning next year. After careful consideration and discussion with Chief Grace, the selectmen are unanimously in favor of the change requested. This will have no effect upon the duties or authority of the chief. In either case, the chief can be removed from office by the selectmen for cause, after a public hearing, so any possible tenure of office remains unchanged. The advantage to this appointive method is that to be elected, an applicant must be a town resident. In the event of a vacancy in the office, under our present method, the selectmen feel that it might be necessary, or even advisable to seek a chief from out of town.

The coming of I-89 and the increase in population force us to ask funds to add a second full-time officer as assistant to Chief Grace and the purchase of a town-owned police car properly equipped.

NEW LONDON CIVIL DEFENSE

Many of us read about the 1965 blackout but few realize the role Civil Defense played in communities that were af-

ected by loss of power. Some communities were dependent upon Civil Defense radio facilities to reach other communities. Local Emergency Control Centers were activated to furnish public information and to render assistance when needed. Many persons in the communities that were affected did not believe in Civil Defense. They do now.

Our Emergency Control Center has been in operation four years in the C. D. headquarters at the Town Hall. It is open for your inspection each Tuesday night from 7 p.m. until 9 p.m. Your Civil Defense director and other staff members are always available at that time to answer questions.

During the past year, our radio station has carried out four state tests. We have participated in 48 State Civil Defense Radio Amateur Civil Emergency Service drills. It is pertinent that you should know that R. A. C. E. S. is a nationwide network of radio communications that would, and does, operate in time of emergency. In Alaska, many lives were saved by this system. The radio amateur receives little or no recognition for this service. He receives no money for his service.

Our station could not function without the services of Percy M. Thurston. We are indebted to Percy for his faithful service to our community and for his expert way of handling the messages sent to New London Civil Defense. I must also thank the following members of our organization for all the hours they have put in, without financial remuneration.

Ralph Marshall
Phillip Dow
Raymond Hoyt
Robert Barrett

Oscar Clark
George Jones
Stuart Spaulding
Edwin Edmunds, Jr.

SERVICES RENDERED

In 1965, as in previous years, New London Civil Defense

worked with Mrs. Charles Woodworth, American Red Cross director, at the New London Horse Show.

Radio communications were furnished to the New London Hospital. A tent was furnished and first aid equipment belonging to the New London Civil Defense organization was made available.

Walkie-talkies were furnished for sporting events throughout the year.

OUR GOAL FOR 1966

We will reorganize some of the groups this year and extend our training programs. One such program will be the Medical Self Help Training Course. We will endeavor to make the Standard American Red Cross First Aid Course available, and if sufficient interest develops will offer the Advanced First Aid Course. We will endeavor to recruit new members and to train them as radio operators, to keep pace with our increasing population.

Respectfully submitted,

WATSON B. JOHNSTON,

Director

REPORT OF THE TOWN HEALTH OFFICER

As in the past, the primary activity of your Health Officer has been concerned with maintaining the high quality of the various bodies of water within the town of New London. This activity was expanded, within the limits of available funds, to include new test sites on Messer Pond and the New London end of Otter Pond.

Although midsummer coliform counts (our pollution indicator) were generally somewhat higher than usual throughout the area due to excessive warm weather and higher than usual recreational use of lakes, Little Sunapee

Lake, Pleasant Lake, and Lake Sunapee continued to maintain their Class A quality. Messer Pond, included for the first time, was of equally high quality. However, water from the several test sites listed below contained more than the limit of 50 coliform organisms per 100 ml. allowed in Class A water. Otter Pond, near the entrance of Goose Pond Brook, had a very high coliform count. Lion Brook was expectedly high due to the presence of effluent from the New London sewage plant. The brook into Little Lake Sunapee from Twin Lake Villa, the brook from Clark Pond (at King Hill Road), and Red Brook into Pleasant Lake were all appreciably higher in coliforms than desirable and exceed class A limits. These findings indicate the need for further investigation and possible pollution control measures. In conducting this 1965 program, water from 39 separate sampling sites on the lakes, ponds, and brooks of the town were tested (not including Lake Sunapee which is covered by the Lake Sunapee Protective Association Program).

As required by law, water samples from the town drinking water were taken and submitted to the State Laboratory every other month for bacteriological or chemical quality testing. In 1965 all of these tests were satisfactory.

Other Health Officer duties performed included investigation of complaints, making various health inspections, conferring and advising on public health and sanitation problems, maintaining liaison with State Public Health authorities.

In order to better protect the health and safety of New London citizens, the following recommendations are made with respect to future programs of the New London Health Department:

1. A rabies control program should be initiated with a public clinic for immunization of dogs at a moderate cost.
2. Zoning Ordinance pollution control regulations should be enforced.

3. Long range study and planning for adequate sewage disposal and pollution control should be made and implemented.
4. The water testing program should continue and follow-up programs to eliminate pollution should be carried out.

Respectfully submitted,

DONALD F. BENT,
Health Officer.

REPORT OF THE CONSERVATION COMMISSION

The Town Meeting of 1965 voted to establish a Conservation Commission. In so doing, New London became one of twenty New Hampshire towns to take advantage of the new enabling act provided by the last session of the legislature. By accepting this act, we have been charged with the responsibility of promotion, development and protection of natural resources of the town. To this end we have made a modest start.

During the past year members of the Commission attended several state-level meetings in addition to meeting locally with representatives of the N. H. Highway Department in connection with Route 89, with the Society for the Preservation of N. H. Forests and also with Massachusetts Conservation Commission members. We have learned a great deal about how much there is to be done.

Living in New London, we are aware of its attractiveness . . . we know that we can enjoy the wooded hills, the fields, the trails and brooks which for the most part are available to all of us. Such open spaces will dwindle as new sections are opened for development. We feel that only by proper planning now will there still be unspoiled natural areas accessible for walking, riding and hunting fifty years from now. Planning now will preserve the brook beds, wooded hillsides and marshlands that will keep New London an inviting place to live tomorrow.

During 1966 the Commission will be asking for your ideas to work into our long-range project and we will be reporting to you on progress in definite planning.

WILLIAM J. ROOS,
Chairman.

REPORT OF THE PLANNING BOARD

1965 has been a year of changes in membership on the Planning Board. Much of our time has been spent in acquainting new members with Planning Board procedure, potentials of town planning and existing regulations.

Meetings were held with members of the State Conservation Service, State Planning Staff and local boards as their special interest applied to planning questions. Work was done on reviewing present zoning and subdivision regulations in an effort to further strengthen these ordinances.

Hopefully New London will be willing in the future to finance a major Town Plan to facilitate the orderly expansion of the town. Extensive expansion is expected in the next few years and the Planning Board wishes to help this growth to be as painless as possible to the general public.

WILLIAM T. ANDREWS,
Chairman.

ZONING BOARD OF ADJUSTMENT

Four appeals to the Zoning Board of Adjustment were made during 1965. The requests and decisions are listed below:

1. Richard E. Mann, Jr., appealed for an interpretation of an administrative order. The question concerned the use of his land, formerly the Red Gables property on Pleasant Street. A public hearing was held on February 18, 1965. The board ruled that Mr. Mann was not changing the use of his land from its pre-existing, non-conforming use.

2. Clayton A. Miller asked for a variance to Article V of the Zoning Ordinance. He asked to be allowed to build

a cottage, the upper floor to be used for his office, and the large basement to be used for storage of his plumbing equipment. A public hearing was held on June 8, 1965. The board voted to approve his request, with the feeling that this non-conforming use would not be detrimental to, nor out of harmony with the surrounding area. He has been using a structure on this land for his storage space since 1955.

3. Henry Herz, of Lakeside Lodge, under Article IX, Section C, of the Zoning Ordinance, asked for permission to add a motel unit to the Lodge on Rte. 103-A. A public hearing was held on October 19, 1965. The board voted to grant him permission since, in building this unit, he does not change his use of land, which became non-conforming when zoning came into being in 1958.

4. Roy F. and Claire P. Leach appealed to the board for a permit to erect a Motor Inn on land at the intersection of Rtes. 103-A and 11, under Article IX, Section C, of the Zoning Ordinance. A public hearing was held October 19, 1965. The board voted to deny Mr. and Mrs. Leach permission because a commercial enterprise in this rural/residential area would be detrimental to, and out of harmony with the surrounding area. The board also stated that since the exact location of Rte. 89 has not been determined, proper access roads and yard requirements could not be established.

Respectfully submitted,

PRISCILLA W. OHLER,
Secretary.

INFORMATION BOOTH

REPORT FOR 1965

The Information Booth was open during the season of 1965 for the usual nine week period, from nine to five, six days a week. For the first time in several years, one attendant served on a full time basis. The season got off to a very slow start, but a gradual increase was noted and by the end of the summer we were not too far behind the previous year. We had a total of 1,342 cars, containing 3,031 passengers from 31 States and the District of Columbia. There were 457 pedestrians, 8 bicycles, 3 motorcycles, 1 house trailer and 1 motor scooter. Our only visitor from Canada was a huge trailer-truck load of hay consigned to King Ridge. The driver spoke no English and understood little if any. I spoke no French and understood very little, but we managed to overcome the language barrier with the aid of a small boy who was with him. He understood my English much better than I did his and with the map he had and the map on the back of the King Ridge folder I was able to direct them. There were 81 phone calls received and I made 61 to assist our visitors.

Most of the questions asked are for directions to places to stay, points of interest to visit, or entertainment of one sort or another. We try to keep in touch with the hotels, motels and available entertainment in the area. Bus, train and plane schedules were available whenever possible. Many visitors who did not have their own car felt that while it was fairly easy to get here it was very hard to get out.

The Bulletin Board adjacent to the Booth provided an excellent place to display notices of all kinds of activities, and it was usually full. I feel that the number of people who check the board each day would add a large number to our total list of visitors if it was possible to make an accurate count. An added advantage is that it is there with much needed information available during the time the Booth is not open.

The window boxes added very much to the over all attractive appearance of the Booth and many people commented on them as usual. The green benches were in frequent use, as a place to meet and visit with friends or simply to drop down and rest awhile.

During the years I have worked at the Booth, I have made many new friends and look forward to seeing them each year. I still am amazed that so many people go out of their way to come and comment on the beauty of the flowers, the courtesy of the people in the town and so many things that we just seem to take for granted. Many are very interested in the history of the town and have made many requests for a resume of its history that could be available to them.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump.

If you must burn rubbish or brush:

- a. Always get a permit to burn from the warden.
- b. Start your fire late in the day after 5:00 P.M.
- c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres in destroyed woodlands. Yours never to enjoy.

FIRE RECORD FOR 1965

	Fires	Acres
State	887	1,255
District	84	71.4
Town	1	2.0

GERALD S. GROSS, District Chief
CARLTON F. BARTON, Warden.

NEW LONDON HOSPITAL ASSOCIATION, INC.

ANNUAL REPORT

September 30, 1965, ended the 47th year of the New London Hospital and the 7th year in its present location. This year has seen the completion of the new additions to the Hospital. June 23rd was the dedication day for inspection of the new out-patient department and the new private room wing.

The Administrator, Mrs. Sargent, reported that for the fiscal year ending September 30, 1965, New London Hospital admitted 1,010 adults and pediatric patients who stayed for 7,931 days of care. 102 babies were born, 470 operations performed, 21,545 laboratory tests completed and 2,952 X-rays taken. A total of 8,993 patients visited the various services of the Out-Patient Department.

Our annual Hospital Day netted \$9,552.00. We are very grateful to Chairman Harold Kimball of Sutton. The new location of Hospital Day is still causing problems and a committee of the Hospital Board is investigating this.

Dr. Robert Morrow from the Lynn, Mass., Hospital has joined the Medical staff as a specialist in oral surgery. He has an office in Newport and lives in Georges Mills. There is a great need for this service in the area.

Dr. E. Campbell Moffat has left the Medical staff and has established a practice in Goffstown, N. H.

The New London Hospital Association, Inc., has a membership of many people, anyone who contributes one dollar or more during the year is a member of the Association. The Association is governed by a Board of Directors which meets monthly with Rachel Sargent, Administrator, at the Hospital. The following served on the Board in 1965.

Officers

President — Guy F. Williams, Jr. (New London)
Vice President — Edwin H. Keith (Sutton)
Treasurer — John L. Ballin (New London)
Secretary — Beverly R. Little (New London)

Directors (Terms expire as shown)

January, 1966

Jack Jensen (New London)
Henry Kidder, II (New London)
George Morse (Bradford)
Walter Roberts (Newbury)

January, 1967

Curtis Caldwell (Sunapee)
Leona Righter (Wilmot)
Carlton Barton (New London)
Richard Crockford (New London)

January, 1968

Eliot Foot (Sutton)
Amos Johnson (Andover)
J. Duane Squires (New London)
Harry B. Harris, Jr. (New London)

Representatives elected by the group named

Katherine Lyons (Sunapee)

Appointed by Summer Residents Association

Margaret Lash (New London)

Hospital Aid Association

Donald W. Clark, M.D. (New London)

Medical Staff Liaison

The following nine towns voted appropriations to the Hospital at their town meetings: Andover, Bradford, Goshen,

New London, Newbury, Springfield, Sunapee, Sutton and Wilmot. Appropriations totaled \$7,275.00 for 1965. The appropriations are much needed and appreciated by the Hospital.

The Hospital Aid Association, the Summer Residents Association, Colby Junior College and the Third Year class at Colby Junior College continued their active support of the Hospital and this support is most welcome and appreciated.

The total of Endowment Funds on September 30, 1965, was \$268,112.99. Endowment Funds serve as living memorials to the people in whose name they are established.

Active Staff Members

Lynn S. Beals, M.D.	Francis H. Nolin, M.D.
James B. Brown, D.M.D.	John H. Ohler, M.D.
Donald W. Clark, M.D.	William T. Pike, D.M.D.
William P. Clough, Jr., M.D.	Anne H. Wasson, M.D.
Warren L. Franz, M.D.	Arthur F. Wright, M.D.
Robert Morrow, M.D.	

Consulting Staff Members

Mather Cleveland, M.D.
Donald R. Hayes, M.D.

The Board of Directors is grateful to all who so faithfully and cheerfully cover the many duties involved in caring for those in the Hospital.

Respectfully submitted,

New London Hospital Association, Inc.
BEVERLY R. LITTLE, Secretary

HOSPITAL AID ASSOCIATION

ANNUAL REPORT 1964-1965

President — Mrs. Percy Lash
Vice-President — Mrs. John Ballin
Secretary — Mrs. Russell Dimmick
Treasurer — Mrs. Reno Drack

The New London Hospital Aid Association held nine monthly meetings from October 2, 1964, to June 2, 1965, with an average attendance of 40 members. The Association this year completed their building fund pledge of \$2,500 to the New London Hospital.

Sewing, knitting, cancer dressings and various projects keep the members very much occupied. Funds are raised by the Membership drive, renting pillows at the Barn Playhouse, Rummage Sale and the Ways and Means Committee. We also must remember the small groups outside of New London that help the organization.

Mrs. William O'Connor has done a very able job as head of the volunteer workers at the Hospital. They give their time in the morning and evening seven days a week.

Respectfully submitted,

MARGARET DIMMICK,
Secretary.

NEW LONDON HOSPITAL AID ASSOCIATION

Annual Report for the Year Ending October 1, 1965

Balance on hand October 1, 1964	\$ 2,099.87
Receipts:

Concord Savings Bank (New London Hospital Aid Endowment Fund)		\$1,631.32
Sugar River Savings Bank		\$ 545.62

During the year we paid \$1,500.00 to the New London Hospital Expansion Fund; fulfilling our pledge of \$2,500.00.

Respectfully submitted,

GRACE A. DRACK,
Treasurer.

NEW LONDON OUTING CLUB

The Civic and Recreational Organization of New London

"Each year new projects arise for the club to sponsor. We have gone far afield from our original project — that of skiing. Projects and more projects for the betterment of New London is the purpose of the New London Outing Club."

The above quotation is taken from the Annual Report of the Outing Club written by the late Henrietta M. Ridell in November of 1951. The past fourteen years have seen the Outing Club expand and broaden its scope of interest until it became one of the major positive forces in town. We all owe a debt of gratitude to the civic minded individuals whose foresight in founding such an organization has contributed so much to the pleasure of living and vacationing here.

There has been a tremendous growth in New London since the Outing Club was founded in 1947, and there is no question that the growth will continue at an even more rapid rate. This can only create an even greater need for an organization to encourage and sponsor civic or recreational projects. In the past members were able to raise the necessary money with cake sales, raffles, casual contributions and King Ridge food concession, but demands and expenditures have increased to the point where this is no longer possible. Without the financial support of every family in town, the Outing Club cannot continue to grow or even to offer the many services it has sponsored in the past.

The following resume of activities for 1965 may help you to understand why your support is so urgently needed. The Outing Club organized and offered without fee:

Swimming lessons for children — in conjunction with the American Red Cross

Playground activities — three days a week for six weeks in the summer

- Little League Baseball — 38 children
- Basketball — 16 children
- Football — 40 children
- Square Dance Lessons — adults and children
- Ballroom dancing and Cotillion
- Badminton — for adults

The Outing Club organized and offered for a nominal fee:

- Tennis Clinic — for children
- Tennis Tournaments — adults and children
- John Jay Ski Movie
- Christmas Ball

Finianial support was given to:

- King Ridge Ski Club — for Junior Race Program
- Pony Club
- 4-H Club
- New London High School Athletic Banquet
- New London Information Booth
- Two Lifeguards to attend Red Cross Aquatic School

Community Projects:

Clearing, mapping and developing an extensive network of trails for hiking, riding, snowshoeing, etc. in vicinity of New London. In this project we are urgently soliciting manpower.

- Annual Ski Sale
- Bulletin Board at the New London Post Office

The future of the Outing Club depends on the help — financial and physical — of every person who enjoys the benefits of the fine community it helps to maintain. We hope that you will support the Outing Club so that it may continue to work for the betterment of New London.

Bookkeeper	MARGARET MAHONEY
School Nurse	IRENE TRAYNOR

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of New London qualified to vote in District affairs:

You are hereby notified to meet at the Central School in said District on the seventh day of March, 1966, to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of the statutory obligations of the District.

Article 8. To consider and take appropriate action on a proposal to purchase the land and buildings on Main Street owned by the Catholic Church, situated adjacent to the land of New London School District, for a price not exceeding \$26,500, to appropriate the sum required for such purchase, and to determine whether such appropriation shall be raised by borrowing, by taxation, by transfer from available funds,

or any combination of these methods, and to take any other action in relation thereto.

Article 9. To see if the District will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Article 10. To see if the District will appropriate a sum of money for a building expansion program for the New London school system, including plan preparation, land acquisition, new construction and equipment cost, cost of reconstruction and alteration of existing buildings; to determine whether such appropriation shall be raised by borrowing, by taxation, or by any combination of these methods; to determine locations; and to take any other action in relation thereto.

Article 11. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

Article 12. To transact any other business that may legally come before this meeting.

Given under our hands at said New London on this fourteenth day of February, 1966.

MARY B. FOLEY
CLARENCE GAY
JUNE E. SPAULDING

ROBERT J. LIVINGSTON,
Principal.

June 24, 1965.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of New London:

ENROLLMENT

Our student population is now 537 — broken down as follows:

Grades 1-6		— 191 Elementary Students
Grades 7-8	— 113	
Grades 9-12	— 233	
	<hr/>	— 346 Secondary Students

This represents an increase of 25 students at the elementary level and an increase of 37 students at the junior-senior high level. We added two additional staff members at the secondary level to provide for this increase as well as to offer instruction in French in Grades 7 and 8 and to provide the services of a full-time librarian. Because of a shortage of elementary classrooms, we were not able to provide as well for the additional elementary students. This has resulted in too high a pupil-teacher ratio in some grades — 36 in Grade 5 and 38 in Grade 1. In order to give some additional help in these large grades, an additional part-time teacher was employed to work with groups of pupils in reading from both rooms during the morning session. Another teacher is working during the morning session with six students in special education. Four of these six are from the Grade 1 room. Nevertheless, these are only temporary measures and serve to point up a real need for additional elementary classrooms.

TEACHERS' SALARY SCHEDULE

The original Salary Schedule in the New London School District has been in operation for three school years and was due for up-grading. Extensive revisions and adjustments were made to keep a Schedule that was current, competitive, and progressive. As adopted by the School Board, the new

Schedule is of the index-type based on training and experience.

INDEX TABLE

Years of Teaching	Track I Bachelor's	Track II Bachelor's + 15	Track III Master's	Track IV Master's + up to 30 credits
0	1.00	1.04	1.08	
1	1.05	1.09	1.13	(at \$20. per graduate credit)
2	1.10	1.14	1.18	
3	1.15	1.19	1.23	
4	1.20	1.24	1.28	
5	1.25	1.29	1.33	
6	1.30	1.34	1.38	
7	1.35	1.39	1.43	
8		1.44	1.48	
9		1.49	1.53	
10			1.58	
11			1.63	
12			1.68	
				to 1.80

A "merit" provision is included to reward for outstanding service — as well as a provision for withholding all or part of a teacher's annual increment for sub-standard performance.

The base salary for Track I — Bachelor's Degree has been set at \$5,000. for 1966-67. Present staff members would be brought to schedule over a two-year period if sufficient appropriations are provided by the School District.

ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965

Funds are available under Title I and Title II of the Elementary and Secondary Education Act of 1965.

Title II allotments are made on a Supervisory Union basis. Consequently, New London's share for the purchase

of library resources and other instructional materials will be \$871.20.

Title I funds are allotted on a District-basis and New London's entitlement is \$4,158. Inasmuch as these funds became available since last year's District Meeting and are available for use during the balance of the 1965-66 school year, an article is included in the Warrant calling for their acceptance. It is intended to apply them toward a project in the improvement of reading for certain students needing this help.

These funds are outright grants. They do not require a matching effort by the School District.

CATHOLIC CHURCH PROPERTY

The School District has been given the first option to purchase the land and buildings belonging to the Catholic Church, located adjacent to the main entrance to the Central School. Since this is a very recent development, it is difficult to state exactly how this property could fit into school plans. However, due to its proximity to the school, its present availability and several possibilities for both short term and long term use, it seems advisable to seriously consider purchasing the property at this time. An article is included in the Warrant to consider the matter.

Respectfully submitted,

GORDON B. FLINT,
Superintendent of Schools.

REPORT OF TEACHER CONSULTANT

The summer school program for this supervisory union was again provided for remedial classes in reading and mathematics (elementary grade levels) and for personal typing (junior-senior high school levels). While there were some factors preventing greater participation, some students from

New London did enroll in these programs. Perhaps the availability of federal funds will make possible fuller participation in the future.

Once again we were pleased to offer an advanced science course to high school juniors and seniors selected by the science and guidance departments. Mr. Clayton E. Fisher of New London again presented "Chemicals That Live" — a study of the nature and behavior of some substances that make up living bodies. The students attending this once-a-week evening course did so primarily for personal enrichment and a desire for increased knowledge, rather than for any additional credits which might have been gained.

For the first time, an advanced course in Art and Oil Painting was offered to high school students, selected by Mr. Ronald Wyman, who also taught this once-a-week evening course.

The elementary school curriculum continues to be updated in terms of newer materials and methods. This has been true particularly in the areas of mathematics, reading, science, and now the social studies. Of possible significance in this area is the Keene State College extension course, "Curriculum Development" being offered for teachers throughout this area and to be held in Newport during the second semester. This course was prompted by a felt need to enstrengthen and revise the social studies curriculum and promises to give support for further study and improvement of instruction.

The intermediate grade students of this area were privileged to attend a lecture and demonstration by the National Aeronautics and Space Administration (NASA). This provided an interesting and informative program on the nature and purpose of this country's space efforts to date.

With the coming of Public Law 89-10 and the community's acceptance of federal funds, it is hoped that greater attention can be given to the "educationally deprived" youngsters in our classrooms. Plans are now being made to propose an acceptable project which might expand the existing special help program in New London for the remainder of this school year (1965-66).

I wish to express my appreciation for the assistance and cooperation of all school personnel and other citizens who have helped strengthen the total educational program in this community.

Respectfully submitted,

ALPHONSE J. SOUCY,

Teacher Consultant.

REPORT OF THE PRINCIPAL TO SUPERINTENDENT GORDON B. FLINT

Dear Mr. Flint:

I submit herewith my annual report as Principal of New London Central School.

For several years my report has emphasized the needs in the high school more than those in the elementary school — not because there were no needs in the elementary school but only because those in the high school seemed to loom larger.

The time has come, however, when it is necessary to review the elementary situation with great care.

In September, 1962, single elementary grades were made possible for the first time in the history of the school. This was an important step forward — one which made it possible to make many improvements in the elementary program. The class size in any given grade was about right in most cases at that time, but during the past few years there has been a gradual increase in the number in each grade, causing some of the grades to become much too large to be conducive to a “good” teaching or to a “good” learning situation. Even though the school census does not indicate any rapid change in the elementary school population, the growth during the

past few years has been consistent and warrants consideration.

Not many years ago there seemed to be little apparent concern for slow learners or handicapped children and little was done to help them. Fortunately the thinking has changed and now their welfare is considered as important as that of any other child.

For the past two years additional teachers have been employed on a part-time basis to help alleviate the crowded situation and to help the children who are slow learners. This has been only a make-shift crutch, but one that has been necessary until there is a better solution. If all the children in the elementary grades are to be given the educational advantages they deserve, however, another full-time elementary teacher is needed for next year in addition to the part-time teachers already employed.

Until it is possible to have a new elementary school as a separate administrative unit there should be some temporary provisions made to gain more space for the elementary grades. This could be possible by using the present art and mechanical drawing room for an elementary room by making some temporary changes in the elementary all-purpose room to gain space for art and mechanical drawing and another much-needed classroom. It should be remembered, however, that these changes are not being suggested as a permanent solution to the elementary situation but only as a temporary means to improve the situation at the present time. These changes will cause some hardships in the overall program of the school, but it is hoped they will be short lived.

This is being written before the outcome of the proposed Kearsarge Regional School plan is known, but regardless of the outcome it is necessary to do something right away.

Respectfully submitted,

ROBERT J. LIVINGSTON,
Principal.
