### REPORT OF TRUSTEES

During the year just closed, since February 15, 1913, when the twentieth annual report of your Trustees was published with the town report, there have been added 270 books, which, with the 5284 at that time in the Library, make the present number of volumes, 5554.

The 270 new books added are classified as follows:

Fine Arts,	2
Biography,	2
Drama and Poetry,	20
Fiction,	119
Miscellaneous Fiction,	1
History,	19
Juvenile Fiction,	46
Miscellaneous,	9

	<hr/>
	270

Dr. Alfred K. Hills and his venerable relation, Mrs. Mary Creutzborg, have continued to furnish the library with a generous supply of new books, and have given 246 of the 270.

The numerous patrons of the Library, and the citizens of Hudson generally, greatly appreciate this continued generosity and good will so liberally bestowed in such a practical and useful manner by the donors.

The third supplementary catalog, containing a correct list of all the books added to the library by gift or purchase, 985 in number, from June 10, 1910 to November 1, 1913, has recently been published by the Trustees. This supplementary catalog is at the library and may be had of the librarian at the nominal price of ten cents.

The citizens of Hudson and other friends of the library have continued to furnish gratuitously a large supply of our best magazines and other periodicals of which the following is a partial list, with the names of the donors.

National Geographic Magazine, Literary Digest, Medical Times, Hoard's Dairyman, The Outlook, Science, Atlantic Monthly, all by Dr. Alfred K. Hills.

Home Life, Woman's Home Companion, Lippincott's Magazine.—Mrs. Anabel C. Andrews.

The Delineator, Everybody's, McClures, by Walter H. Marsh.

Munsey's, Ladies' World, Woman's World, by Mrs. A. F. Sinclair.

World's Work, by Kimball Webster.

American Magazine, by Miss Mattie Baker.

The Farm Journal, Harper's Weekly and the Gospel Trumpet are also received regularly from unknown donors.

The Nashua Daily Telegraph is received from the office of publication, and also the New Hampshire Issue.

Many copies of miscellaneous periodicals have been received from friends of the library.

This large number, among which are many of the most popular and useful periodicals published, contributed free of expense to the Town, are most thankfully received.

They are very extensively read by a large number of the patrons of the library, and add materially to its usefulness.

The monthly average of the books loaned, as appears by the report of the librarian, has been 506.5, with a total number for the year of 6078, an increase from the number of the preceding year of 962. This is the record year in the history of the library.

The annual record of cards issued and books loaned, since the library was opened, or nineteen years and eight months, is as follows:—

	Cards	Books
To Feb. 15, 1895,	153	1452
To Feb. 15, 1896,	66	2512

To Feb. 15, 1914,	66	6078
	1005	61560

The number of cards in use during the year was 370.

The present librarian, Mrs. Eliza B. Leslie, has filled that position continuously, since February, 1906, eight years, to the universal satisfaction, as we believe, of all those who visit the library, including the Trustees.

## SCHOOL REPORT

---

To the Citizens of the School District:

We ask you to give careful attention to the report of the superintendent. The fact is once more emphasized that the amount of money received by our district from the state depends largely upon the average attendance of our school children.

If a child is permitted or encouraged to absent himself from school without sufficient reason for such action, not only is he the loser by reason of the unfortunate break in his school work, but every other child in the district is a loser by reason of the diminution in the amount of the state aid granted to us.

We also call your attention to the article in the warrant for the annual meeting of the district relating to the making of contracts with high schools or academies for furnishing instruction to our scholars.

If such contracts are made, it will be lawful for the district to pay the full amount of tuition instead of forty dollars as at present. Your Board recommends the adoption of this article.

During the summer a well was dug near No. 1 school-house and it is hoped that an ample and satisfactory water supply has been thereby secured. The school buildings at No. 1 and No. 9 each received a coat of paint.

In accordance with the law of the state the following estimates are submitted:

Money for high school tuitions,	\$1700 00
Money for text books and supplies,	300 00
Money for flags and appurtenances,	15 00

Respectfully submitted,

HENRY C. BROWN,

HENRY O. SMITH,

LETTIE V. LESLIE,

*School Board of Hudson,*

## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of Hudson:

I respectfully call your attention to the statistical tables following this report. These tables demand your careful consideration for they show in almost every instance steady progress in the conduct of your schools.

### MEMBERSHIP

The average membership for the year ending June, 1913, increased from 170 to 193 thus giving us a little more money from the state. The percentage of attendance remained the same, 92, which is very fair but not so high as is reported by the other towns in this supervisory district, Salem's per cent being 93 and Atkinson's 95. Many very young children attend the Webster school with the result that the cold winter weather interrupts their attendance. The number of tardy marks, 482 an average of 2.7 per pupil is about the average for the state and would be satisfactory except for the large number reported from No. 9 school, which was 187 or 39% of the whole number in town. I am glad to report that the number of marks will be fewer for this year. Tardiness is largely a matter of habit and is usually confined to a few families.

Part of the money which the district receives from the state depends upon the average attendance. The higher the average the more money do we draw. Every day that a child is absent lowers the amount of money we re-

ceive. The state thus wisely puts a premium upon good attendance.

#### GRADUATES

14 pupils graduated last June, as follows: 4 from the Center school, 3 from No. 1 school and 7 from Webster school. Of these 7 entered Nashua High school.

#### TEACHERS

Only two changes in teachers were made this year. Miss Russell decided to pursue her studies further and Miss Laura Joy of Hudson, a Nashua High School graduate, was appointed at No. 9 school. Miss Ellen T. Muldoon, a teacher who has been tried and proven her worth in town before attending Plymouth Normal School, was secured for the Webster Grammar School. This school has done excellent work under her instruction. The tone of the whole school has improved, and there is a spirit of work in the atmosphere. If we can keep our present efficient corps of teachers we need not fear for the progress of our schools.

#### COMPULSORY ATTENDANCE AND PROHIBITED EMPLOYMENT

Attention should be called to the amendment passed by the last General Court, to the child labor and attendance law. A child is now obliged to attend school all of the time schools are in session from eight years of age until sixteen years old, unless such child completes the prescribed course of study before the age of sixteen.

No child under sixteen can be employed at any time except as a domestic or on a farm, without holding labor certificate secured only from the superintendent of schools.

WEBSTER SCHOOL BUILDING, 1896

## MUSIC

Miss Esther Weston refused a re-election as special teacher of music and it was decided to continue that subject under regular teachers, all of whom are capable of doing something in the work, and many of them especially equipped for it. At a teacher's meeting the work in music outlined in the State program of studies and used at the Plymouth Normal School, was explained and elaborated by Miss Muldoon, with the idea that the teaching of the subject might be standardized and made uniform. I think that we can feel that our work in music compares favorably with that of similar districts in the state.

## TEXT BOOKS

An outline course in Civil Government was worked out by your superintendent and placed in the hands of the grammar grade teachers. The town history, a copy of which was presented to each school, fits nicely into this work. A change was made in arithmetics, not because the old books were obsolete, but because they were worn out. The same books as are used in the schools of Nashua, Southworth-Stone, were adopted. New geographies have been introduced into the fifth and sixth grades and more copies purchased for the upper grades. A geographical reader has been introduced into the upper grades and considerable reading material added elsewhere. Most of our text books are now in fair condition, but some additions in reading and a possible change in the language book ought to be made next year. Teachers have been urged to encourage more home reading and a wider use of the Town library. This library should be brought into more direct contact with the pupils of the "outside" schools.

Thanks should be given to Mr. Herman McCoy, of

Hudson Center, for his gift of an excellent picture of the battle of Gettysburg to the Center grammar school. Incidentally I might remark that I can see the good work being done by this Boy Scout Master, reflected in the conduct of the boys at the school.

I would urge other patriotic citizens to emulate Mr. McCoy's example and present works of art to our schools. Under the present financial condition of the town we feel that every cent of the school money should be spent on the essentials and the walls of our rooms and corridors need beautifying. Bequests are often made to private institutions but how seldom to the public schools, whose aim is to educate all the children of all the people.

As a public servant your superintendent realizes that his position is no sinecure, but a few helpful and uplifting words dropped from time to time, have made his work as pleasant as he could reasonably expect. He takes occasion to thank the School Board and all others who have helped to hold up his hands.

Respectfully submitted,

HOWARD L. WINSLOW.
