#### REIGN OF HIS MAJESTY KAMEHAMEHA V .--- FIFTH YEAR.

#### BIENNIAL REPORT

## PRESIDENT OF THE BOARD OF EDUCATION

TO THE

LEGISLATURE OF 1868. for the

To the Legislative Assembly of the Hawaiian Islands:

In conformity with the law, I have the honor to present a report of the business and transactions of the Board of Education, for the biennial term closing on the 31st of March, 1868.

#### COMMON SCHOOLS.

The number of Common Schools on the 1st of January of the present year, was 219, and the average number of children attending was 6218 of whom 3487 were boys, and 2731 were girls. In 52 of these schools the sexes have been separated, 26 for the instuction of girls exclusively, and 26 for that of boys exclusively. A greater number of these schools might undoubtedly have been instituted, but for the insufficiency of the district school funds of the several districts, the difficulty of finding competent school mistresses, and in a few places, the supineness and inability of the parents to appreciate the benefits of such a division.

The want of new and suitable school houses is still very much felt in many of the districts. To remedy this evil, however, so far as in the Board lay, with its limited appropriation, it has contributed \$1,413 04 towards the erection of new houses for the common schools. The parents have also in many places acted very liberally in this regard; and in the districts where the school funds would admit of such expense, this want has been attended to. With these combined exertions, however, the Board has only been able to pro-

vide 49 new houses, leaving 42 yet to be built, and several to be substantially repaired. As the locations of these houses are all within districts unable, on account of the insufficiency of the school tax, and, not seldom, the poverty of the parents, to provide for their erection, the Board requests an extra appropriation of about \$5,000.

There is another and most important subject in connection with the common schools, to which I would call the attention of honorable members of the Legislative Assembly. It is well known that the sole support of the common schools throughout the country, is derived from the school-tax, a personal tax of \$2 per annum, levied on every adult male between the ages of twenty and sixty years, residing within this or that district, and that the proceeds of this tax, as collected within the limits of any given district, is the only fund from which the common schools in such district are maintained. Now, it so happens that out of the twenty-four districts in the country, there are only six in which this tax is sufficient for the administration of the common schools within them. In the remaining eighteen districts, in order to keep the schools in operation at least two hundred and twenty-four days in the year, and pay all other necessary expenses, there is an absolute collective deficiency in the proceeds of the school-tax, of a little more than \$8,000 per annum, varying in different districts from \$41 up to \$1,010 per annum. Hence in those districts the time of schooling is necessarily curtailed from five days per week, as contemplated in the instructions of the Board to its Agents, to four, three, or two, or else broken up by long and frequent vacations. As this is a difficulty of a pecuniary nature, over which the Board has no control, and which it has no means to remedy, it feels no hesitation, and considers it a solemn duty, to apply to the honorable Legislature for an annual grant, in aid of the common schools, of say \$8,000. And the Board feels confident that Honorable members will not refuse their concurrence in a measure on which the future intelligence and prosperity of the Hawaiian people so vitally depends.

#### HIGH SCHOOLS CONDUCTED IN THE HAWAIIAN LAN-GUAGE, SUPPORTED OR ASSISTED BY THE GOVERNMENT.

LAHAINALUNA.—This institution continues in a flourishing condition. One hundred and ten scholars have been enrolled during the past year, of whom 88 are at present in actual attendance. Its cost to the Board, during the two years expiring March 31st, 1868, has been \$7,396 40. More attention has been paid to the acquisition

Hawn. Ref. 1777 , BI 1866/68

of the English language, and to industrial and agricultural pursuits, and a marked improvement both in the scholars and in the lands of the Seminary has been the consequence.

HILO BOARDING SCHOOL FOR BOYS.—This school has maintained its high reputation, and has proved itself a valuable recruiting ground for competent teachers in the common schools. It receives annually from the Board of Education, the sum of \$900; and its assistant teachers are paid from the district school fund of Hilo. Classes in the English language are also taught in this school, and with commendable progess.

#### HIGH SCHOOLS CONDUCTED IN THE ENGLISH LANGUAGE.

There is but one institution of this class—the Oahu College at Kapunahou. It is a chartered institution and partially endowed by the Hawaiian Government, who appoints two of its Trustees. The Government also maintains three annual scholarships at this school. The present number of students attending the college is 61, of whom 46 are boys and 15 are girls. The annual examinations, and reports of the committees appointed by the President of the Board of Trustees, will inform your honorable body of the condition and prospects of this institution.

## BOARDING SCHOOLS FOR BOYS, CONDUCTED IN THE ENGLISH LANGUAGE.

On Maui.—At Lahaina, Rev. G. Mason's School, under his own personal supervision, numbers 24 scholars. The Board of Education maintains four scholarships at this school.

On Oahu.—St. Albans College, near Pauoa, under the supervision and tuition of Rev. C. W. Turner, numbers 16 scholars, of whom six are schooled at the expense of the Board of Education.

During the month of March last, these two schools were merged into one, located at St. Alban's College, near Pauoa, under the supervision and tuition of Revd. G. Mason, assisted by Revd. C. W. Turner.

The Ahuimanu College in Koolaupoko, under 'the supervision of Rev. R. A. Walsh, numbers 40 scholars. The Board of Education maintains one scholarship at this school.

ON KAUAI.—At Koloa, Rev. D. Dole's School, under his own supervision and tuition, numbers 11 scholars. No parents at Koloa having been found willing to surrender their children to be educated by the Board of Education, Mr. Dole's School has as yet received no assistance from the Board in the form of scholarships.

The Board of Education takes pleasure in expressing its satisfaction at the condition and progress of all the aforesaid schools, and only regrets that the limited means at its disposal will not admit of its assisting them, or the institution of other similar schools, in a greater measure.

## BOARDING SCHOOLS FOR GIRLS CONDUCTED IN THE ENGLISH LANGUAGE.

On Hawam.—Mrs. L. G. Lyon's School, Waimea, numbers 6 scholars. Supported by tuition fees. Receives no aid from the Boord of Education.

On Maul.—Lahaina. The English Sisters' School, under the superintendence of Sister Phoebe, S. M., numbers 37 scholars, and is supported by tuition fees, and by a capitation fee from the Board of Education, amounting for the two years past to \$1,480.

Makawao Female Seminary, under the supervision of Rev. J. P. Green, numbers 53 scholars. Is supported by tuition fees, and by capitation fees and grant from the Board of Education amounting for the two years past to \$1,752 50.

On Oahu.—Makiki Family School, under the supervision of Miss Ogden, numbers 25 scholars, and is supported by the parents, by voluntary contributions, and by capitation fees from the Board of Education amounting for the two years past to \$1,070.

St. Andrew's Priory, Emma Square, under the superintendence of E. Bertha, S. M., numbers 35 scholars, and is supported by tuition fees, and by capitation fees from the Board of Education amounting for the past two years to \$120.

Sisters of the Sacred Hearts' School, attached to the Roman Catholic Mission, Honolulu, numbers 30 scholars. Is supported by tuition fees. Receives no aid from the Board of Education.

Miss Bingham's School, Kawaiahao, numbers 24 scholars, and is supported by tuition fees. Has received no aid from the Board of Education.

Waialua Female Seminary. In this class of "Boarding Schools for Girls," though not teaching the English language, the Board would include the Female Seminary at Waialua, of which Rev. O. H. Gulick is the principal. The school numbers 72 scholars, and is supported by the Board of the Hawaiian Evangelical Association.

ON KAUAI.—Koloa Family School, under the superintendence of Mrs. J. W. Smith, numbers 25 scholars, and is supported by tuition fees, and by capitations from the Board of Education amounting for the past two years to \$1,062 50.

Of these boarding schools for girls, numbering 307 scholars, the

Board has again the pleasure of expressing its approbation. They show a numerical increase of about 124 scholars; and could the means be found to establish similar schools in every district of the country, the Board would cheerfully assist them to the utmost of its ability. Their influence cannot fail to elevate and refine the Hawaiian people, both morally and socially.

## DAY SCHOOLS IN WHICH THE ENGLISH LANGUAGE IS TAUGHT, ASSISTED BY THE BOARD.

ON HAWAII.—Mr. H. R. Hitchcock's School, at Hilo, numbers 56 scholars, and receives annually from the Board \$500.

On Maul.—Mr. G. W. Hart's School, at Lahaina, numbers 65 scholars, and receives from the Board \$500 per annum.

Rev. G. B. Whipple's School, at Wailuku, numbers 77 scholars, and has received from the Wailuku District School Fund \$200.

On Molokai.—Miss M. A. Paris' School, at Kaluaaha, numbers 46 scholars, and has received from the Board \$300 per annum.

On Oahu.—The Royal School, at Kahehuna, under the supervision of Mr. J. R. Kinney, in the higher department, assisted by Miss Emma L. Smith, and Miss Louisa Brickwood; and Miss Mary A. Cooke, in the primary department, assisted by Miss Maria Beckley. This school numbers, in its higher and primary departments, 133 scholars, all boys. It is supported by the Board of Education, principally from the fund of Interest and Rent, at a cost of \$3,100 per annum for teachers wages. A tuition fee of \$5 per annum is required of those attending this school, which fee is however remitted by the Board in the case of worthy indigent children.

The Mililani Girls' School, King street, under the supervision of Miss S. F. Corney, assisted by Mrs. Caroline Kinney, teacher of the primary department, numbers in its two departments 58 scholars, all girls; and is supported from the Honolulu District School Fund, at a cost for teachers wages of \$1,100 per annum. A tuiton fee of \$5 per annum is also charged at this school, but remitted in the case of worthy indigent children, as at the Royal School.

ON KAUAL.—Miss Johnson's English School, at Waioli, numbers 58 scholars, and has received from the Board of Education \$500 per annum.

• Mr. A. Wilcox's School, at Waioli, numbers 25 scholars, and receives as assistance from the Board of Education, the use of a tract of cane land containing eleven acres, and during the past two years a grant of \$200 in addition.

Mr. & Kavanagh's School, at Princeville, under his own supervision and instruction, numbers 23 scholars, and has received from

the Hanalei District School Fund, for the past two years, the sum of \$195.

## DAY SCHOOLS IN WHICH THE ENGLISH LANGUAGE IS TAUGHT, NOT ASSISTED BY GOVERNMENT.

On Hawah.—Hilo, Mrs. J. S. Shipman's School, numbers 37 scholars.

S. Kona, Rev. C. G. Williamson's School, numbers 21 scholars.
On Maul.—Lahaina, Mr. John Poli's School for Boys, numbers 48 scholars.

Lahaina, Mrs. L. M. Moku's School for girls, numbers 46 scholars. Honokahau, Mr. H. Conant's School, numbers 22 scholars.

On Oahu.—Honolulu, Sisters of the Sacred Heart's School for girls, numbers 57 scholars.

Mr. M. B. Beckwith's School, numbers 68 scholars.

Mr. W. Gulick's School, numbers 31 scholars, of whom 10 are boarders.

Mrs. Armstrong's School, numbers 12 scholars.

Mr. D. Malo's School, Kawaiahao, numbers 95 scholars.

Mr. J. Kiha's School, Kaumakapili, numbers 168 scholars.

Waialua, S. S. Boy's School, numbers 10 scholars.

Waialua, J. W. Nakuina's School, numbers 58 scholars.

Koolauloa, Kauula, Nakuina's School, numbers 25 scholars.

Koolaupoko, Kaneohe, Jos. Kamai's School, numbers 33 scholars. Koolaupoko, Kailua, Kauhane's School, numbers 10 scholars.

On Kaual.—Waimea, W. H. Cole's School, numbers 22 scholars. In addition to the foregoing English day schools just enumerated, unaided by Government, several have been started in different localities, during the period embraced by this report, but owing to want of proper support, have ceased or suspended; while a few may be in operation in remote parts, of which the Board has received no reports.

### THE INDUSTRIAL AND REFORMATORY SCHOOL AT KAPALAMA, OAHU.

The Board is satisfied that this school answers well the purposes for which it was instituted, and that its use and object are becoming better appreciated throughout the country. Since the last report of the Board, a separate building and enclosure have been erected for the reception and keeping of female children. During the past few months several of the boys have been apprenticed out by the Board, to useful and industrial trades. There have been at the School since its establishment, 51 boys and 4 girls, and the number now remaining at the School is 31 boys and 2 girls. In view

of the past increase of this school, and its prospective increase for the next two years, the Board respectfully asks for a corresponding increase of appropriation.

In its report to the Legislature of 1866, the Board stated that it had been enabled to set apart from the appropriation of 1864–5, the sum of \$3,244 68 for the establishment of a "Boarding School for Hawaiian youth under Government supervision," and that it was the intention of the Board to devote to this object "whatever sums it could possibly spare from the fund applied for in the Appropriation Bill." During the two years just expired, so far from increasing said fund by any savings from other expenses, the increase of the Reformatory School, and the necessity of building and maintaining a separate department for the reception of female children in that school, have obliged the Board to employ \$2,673 57 out of the fund set apart in 1866, leaving a balance now on hand of that fund, of \$571 11.

It is also considered incumbent on the Board, to ask of your Honorable Body an additional appropriation of \$3,600, to enable the Board to secure by purchase, the commodious premises now occupied by the school upon lease. The lease by which the above premises are held, will expire before the next regular session of the Legislature will be convened, and with it, the option of purchase for the above named amount, secured by the same to the Board, will also cease. This circumstance, as well as the expenditure incurred by the Board for buildings and improvements upon the premises, have convinced the Board of the necessity of asking at this time, the appropriation here mentioned.

#### CENSUS OF 1866.

As authorized and empowered by Section 41 of the present School law, the Board caused a complete census of the population of the country to be taken on the 7th of December, 1866, the results of which are detailed in the accompanying census tables. The cost of taking the census amounted to \$3,465. No pains or exertions were spared by the Board or its agents to render the census as fully reliable andcorrect as possible. And the Board is satisfied that the errors and omissions always incident to such an undertaking are of too small moment materially to affect the correctness of the general possible.

GOD SAVE THE KING.

(Signed)

M. KEKUANAOA,

President of the Board of Education.
