DEVELOPMENT AND DISSEMINATION; SERVICES

Partner Seminar Presented by the
Center on Disability Studies at UH Mānoa:

Deaf in Government

A FREE WEBINAR

With Florence Rapozo
Deaf in Government (DIG), Special Program Director and Education Technician, College of Security Studies (CSS) Operations at the Daniel K. Inouye Asia-Pacific Center for Security Studies (DKI APCSS).

Deaf in Government (DIG) serves as the only national non-profit organization for Deaf and Hard of Hearing (HoH) government employees and contractors at the local, state, municipal, and federal levels.

DIG has partnered with the Center on Disability Studies to welcome you to the 38th Pacific Rim International Conference on Disability and Diversity (Pac Rim) in Honolulu, Hawai'i. Part of DIG's mission is to empower Deaf and HoH government employees, and contractors through networking, fostering professional growth, and career advancement.

Attend this free webinar to learn more about:

- trainings that will enable you to succeed and advance in your career;
- other opportunities at the Pac Rim's Deaf Innovation Strand and DIG Post-Conference Event.

For more information visit <https://go.hawaii.edu/koe>

**Thursday, December 15th
1:00-2:00 PM HST**

Register at:
<https://go.hawaii.edu/koD>

Disability Studies Courses

Spring 2023 - Asynchronously - January 1st to May 12th

JOIN NOW

DIS 383 - Disability History and Culture "From Homer to Hip Hop"

This is an introductory course to the history of disability and disability culture from a disability studies perspective. The course will address how people over many centuries, and in many different societies throughout the world, have perceived and treated individuals with disabilities, including how people with disabilities have perceived their own experiences.

CRN 86412 - 3 Credits - Instructor: R Raphael

JOIN NOW

DIS 680 - Disability History "Exploring Disability History through the Ages"

Providing an historical overview of disability from a disability studies perspective, this discussion-based course provides students opportunities to explore diverse perspectives, attitudes, and treatment toward individuals with disabilities through many centuries, societies, and cultures throughout the world; we will also consider how people with disabilities have perceived their own experiences.

CRN 85223 - 3 Credits - Instructor: R Raphael

JOIN NOW

DIS 682 - Special Topics in Disability (Health Equity and Disability)

Examines historic, structural, and socio-political factors that generate and perpetuate health disparities. Equips students with conceptual frameworks and evidence-informed strategies to advance health equity for underserved and marginalized populations, including people with disabilities.

CRN 86411 - 3 Credits - Instructor: D M Delise

JOIN NOW

DIS 684 - Interdisciplinary Team Development

Develop knowledge and skills to participate effectively on interdisciplinary teams for the common goal of promoting service integration and coordination of education, social, health, mental health, and other services with individuals with disabilities and their families. CRN 82413 - 3 Credits - Instructor: H M Manasari
