OCAD University was originally established in Toronto in 1876 by the Ontario Society of Artists. Back then it was called the Ontario School of Art. In 1912, it was incorporated as the Ontario College of Art, becoming the first school in Canada dedicated exclusively to the education of professional artists in fine and commercial art. In 1996, the name changed to the Ontario College of Art and Design, reflecting the growth of design programs. In 2010, to reflect the institution's status as a university, granted in 2002, the school became officially known as OCAD University.

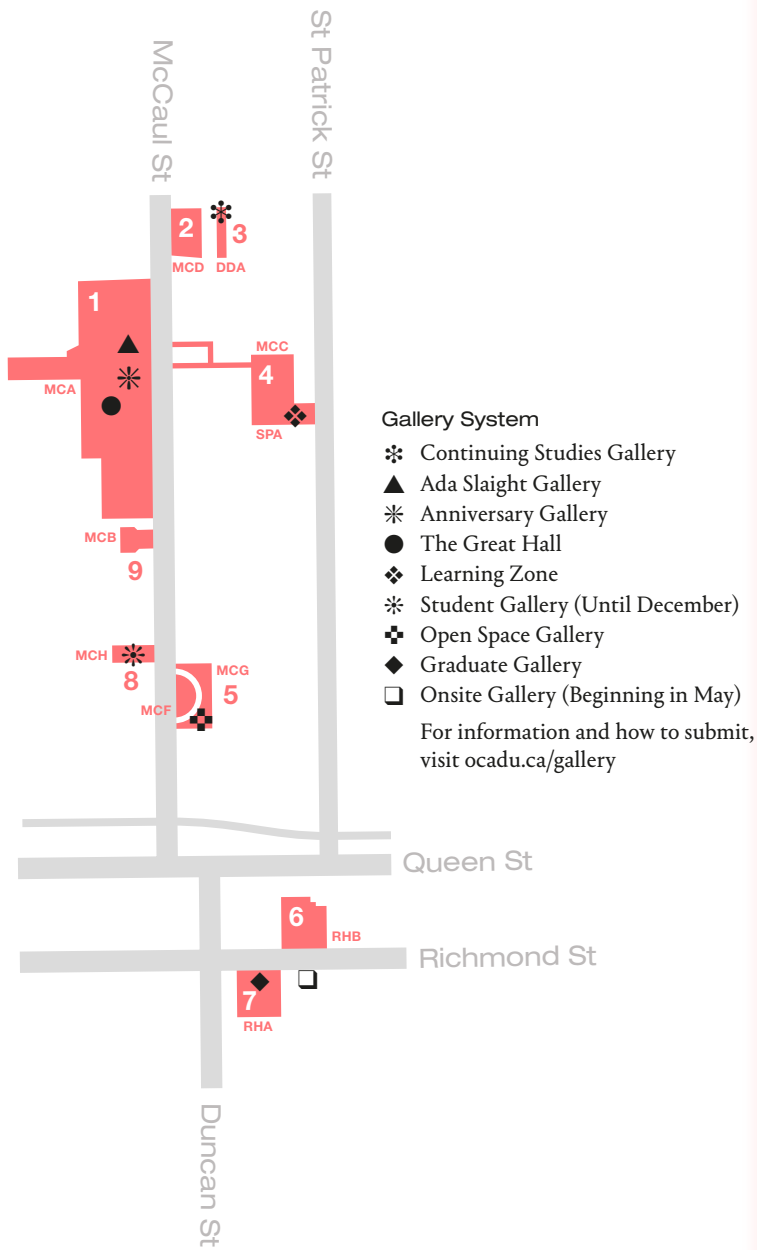

WELCOME, and welcome back to OCAD U! We are the current Executive Team of the OCAD Student Union. This means that we work for you. We have come together as a team with a commitment to leave OCAD U better than we found it. We have all travelled different paths that have led us to our positions at the Student Union, but we are all focused on a few main goals for this year.

First and foremost, we want you to know who we are and how to find us. We will do our best to reach out to you—our students, to provide support, advocacy, and programming that supports a positive and enriched experience for you during your time here. We are grounded in community, and that underscores everything we do—from our café, to our events, to our open-door office and lounge space. We will be concentrating on care-focused activism, meaning that we will do everything we can to ensure a university-wide culture of respect and wellness, both mental and physical.

Another major focus for us this year is to elevate the experiences of, and to provide spaces for students at OCAD U who identify as BIPOC (Black and/or Indigenous, and/or Persons of Colour) and Queer students on campus. We will be working to make space for those students, and to put their voices and needs at the forefront of what we do.

Finally, we will be working on fostering active, critical engagement with OCAD U students by building multiple entry-points to our Union. We encourage student engagement at our meetings, in our office, at our events, and on our Board of Directors. We work for you, OCAD U, and we want to make this year our best ever.

With <3,
Executive Team,
OCAD Student Union

Who We Are

The OCAD Student Union is an independent, democratically run student organization with approximately 5000 members, incorporated as a not-for-profit corporation. The OCAD Student Union operates a variety of programs and services on campus at OCAD University including access to: legal services, a student advocate, a campus food bank, a coffee shop and snack bar, a community drop-in lunch, student grants, social events, and workshops.

The OCAD Student Union is also a representative body, advocating for the best interests of the OCAD U Student body at large with OCAD U administration, governance bodies, and with all levels of government. The OCAD Student Union represents the OCAD University student population within the Canadian Federation of Students. Within the Toronto art and design community, the OCAD Student Union is represented by its subsidiary, Xpace Cultural Centre. Xpace Cultural Centre is a membership-driven artist-run centre supported by the OCAD Student Union and dedicated to providing emerging and student artists with the opportunity to showcase their work in a professional setting.

The OCAD Student Union is committed to ensuring that the University campus and broader OCAD U community are inclusive spaces where all members are treated with respect and dignity.

Mission & Mandate

The commitments of the OCAD Student Union to its diverse membership are: to advocate with them, enhance their experience as students, provide useful services, and to represent students at OCAD U in its administrative capacity. Working under principles of equity, social justice, and anti-oppression, we will directly address issues of oppression and discrimination in order to change and end oppression on campus and in the larger community. Since many systemic inequalities exist which affect how students from equity-seeking groups access post-secondary education, we are committed to working internally and externally to eliminate systemic barriers at OCAD U, the surrounding community, and wider society. Within this framework, the objectives of the OCAD SU are to administer the affairs of OCAD U students including:

1. The investigation of any matter or problem that may arise concerning the student body, especially those concerning students who face systemic inequalities.
2. The development, enforcement, and revision of policies governing the student body.
3. The promotion of students' educational, cultural, social, professional, political, and recreational activities at OCAD U.
4. To develop and manage services, campaigns, and activities which promote social justice, sustainability, provide for student well-being, and enhance the educational and creative environment at the University.
5. To provide students with an effective role in democratic, engaged, and transparent decision-making at the University and to support them in bringing social change.
6. To represent the student body officially in communicating, consulting and negotiating with: the Faculty Association, OPSEU Staff Association, University Administration, and Governing Council, the general public, other educational institutions, and all levels of government.
7. To administer the business interests, assets, or funds generated by the Union in a professional manner for the benefit of the OCAD Student body.
8. To be responsible for the execution of the OCAD Student Union Bylaws and Policies

I am passionate about creating inclusive and accessible opportunities for young people to enhance their living experience in Toronto, enabling them to pursue their full potential. I have been involved in student and youth governance for three years now. I am excited to be at OCAD SU to work with you on raising awareness of, and celebrating, sexual and cultural diversity at our school. HEY! I am a mature student going into my 3rd year of Environmental Design. Prior to coming to OCAD I worked as a Community Mental Health Worker in Parkdale for ten years. Throughout that time I was involved in community organizing across Toronto and Turtle Island around anti-poverty and Indigenous sovereignty struggles. I am committed to social justice and want to ensure that the Student Union continues to build a strong voice on campus that

represents the needs of the student body—especially marginalized groups on campus.

I've spent last year working at the Student Union in the role of the Administrative Assistant and am excited to work with you in a new capacity this year as Director of Communication and Outreach! It's my job to engage students about their OCAD woes and successes, keep you in the loop about what's going on at this place, and collaborate with you to make sure your experience is on point! As well as sitting on the Grants Committee, and working directly with Xpace to help support their programming—just to name a few!

on textiles, drawing, and making zines and artist books. When I came to OCAD U, I had no idea where I wanted to end up but I knew I wanted to get involved. I started with the Student Union in a roundabout way, as a Programming Assistant Intern at Xspace Cultural Centre during the 2013/2014 academic year. Last year I was elected as the Director of Outreach, and was committed to increasing SU visibility on campus and developing great event programming.

In my role as Director of Academic Affairs, I am responsible for representing our students on several University committees and working groups, as well as being present at Board of Governors and Senate meetings. I will be working closely with the University's administrators to ensure that focus always remains on creating the best possible experience for students through improved policies, community building, and a focus on wellness & respect.

Joanna Adamiak: General Manager
manager@ocadsu.org

Hi there, I am the General Manager of the OCAD SU. I provide administrative support and guidance to the Student Union, acting as a resource to support Board Members and Executives in running the SU and in making the SU office as accessible for students as possible. Working closely with the Director of Operations, I oversee the work of permanent and part-time student staff and I help to retain organizational memory and continuity for the organization. I strive to incorporate an anti-authoritarian, feminist, anti-colonial, anti-racist, and anti-oppressive politic into all of my work and am excited to continue that work at the SU. I come from an academic background in Political Science and Environmental Studies. Drop by the SU Office and say hi!

Robin Fraser: Manager of Advocacy Services
advocate@ocadsu.org

Hi, my name is Robin Fraser. I am the Manager of Advocacy Services, and the Student Advocate. I am a Licensed Paralegal which allows me to represent students in all Social Justice Tribunals in Ontario. I received my BA from the New College of California for Social Change in San Francisco, and have more recently graduated from the Canadian Business College in the Paralegal Program. Previous to my work at OCAD U, I worked for a local assault prevention organization. I've worked directly with the Ontario Human Rights Commission and other local

nongovernmental organizations to create workshops intended to sensitize people in positions of power to issues of inequity and discrimination. I have been a member of several collectives, covering a range of focuses from accessibility to women's health to performance and activism. I teach workshops on anti-oppression and allyship, and I help facilitate the BIPOC Space at the SU. I love working with students, and assisting them in navigating University policies, and to create safer spaces in class and campus wide.

Nicholas Smith: Finance Manager
finance@ocadsu.org

Howdy, I am the Finance Manager for the OCAD SU and a Graphic Design Alumni from OCAD with an interest in print and publication. It's my job to take care of the day-to-day financial functions of the SU office and our Cafe on campus; this includes, petty cash, payroll, invoice payments, as well as organizing and maintaining our financial records. All the paperwork comes to me. I work in conjunction with our external bookkeepers, Joanna the General Manager and the rest of the executive team to make sure we are update with our corporate affairs. I advocate for financial literacy and generate accessible documents and reports for the team and our members to easily understand the behind the scenes-working of the business side of the SU.

Union Coffee

100 McCaul Street, level 2

September—April

Union Coffee is a café FOR students and BY students!

We are dedicated to bringing you alternative, affordable, and healthy food & drink options throughout the academic year.

For those of you who are unfamiliar with the Student Union café, it was a longstanding dream of the Student Union that we realized in 2014! The café is an important part of our food services, which also include Hot Lunch and the Student Pantry.

We opened the space in the fall of 2014 and are currently beginning our third year of operations. With the support of our awesome Café Coordinator and the SU team, we have worked hard to bring you a thoughtful selection of food and drink items that have been sourced using local and independent producers and distributors, including a variety of menu options for different dietary needs.

We regularly post calls for submissions for our monthly chalkboard wall. This gives you the chance to have your illustration seen by OCAD U students, staff, and faculty, as well as other perks. Please check out the Student Union facebook page for more info!

Hot Lunch

Every Thursday at 2:30pm

Lambert Lounge (Room 187), 100 McCaul St.

During the school year, the OCAD Student Union cooks and serves a weekly vegan and mostly gluten-free meal on campus. Hot Lunch is a casual place to say hi to your fellow students over a delicious and healthy meal. If you'd like to volunteer with Hot Lunch, we are always looking for an

extra pair of hands. If you would like to learn more about cooking healthy, cheap and easy-to-prepare meals, this is a great way to learn.

Students are asked to bring a pay-what-you-can donation (suggested minimum of \$1.00) or a non perishable food item, both of which will be used to help stock the Student Pantry, which is a food bank service for your peers who are really in need of food. By coming to Hot Lunch, you feed yourself and help to feed an OCAD U student in need!

For those who like to help with cooking or setting up, come to room 187 any time after 10am.

Relaxation Room & Student Lounge

The Student Lounge and Relaxation Room is a space open to all students, located on the 2nd floor of 100 McCaul Street beside the Student Union Café. The room has space to work and collaborate, take a break, and enjoy the natural light and views of Grange Park. Last year, the Student Union implemented some community guidelines for the use of this space. They are:

- Respect individual identities, ideas, and needs.
- There is no room for racism, sexism, homophobia, transphobia, ageism, ableism, or any other form of discrimination.
- Be mindful of your neighbours and surroundings. This includes being aware of your noise level, not wearing strong perfumes and colognes, and refraining from eating nuts if possible.
- Please don't graffitti the space!
- The furniture, plants, and walls are cared for by all of us. Always check to make sure you have all of your things, and don't leave any waste behind. Leave the space in better shape than you found it.
- If you see something or someone making this space unsafe, feel free to say something. This space belongs to all of us.

Student Pantry

Operating since 2005, the Student Pantry exists to support students who are in need of assistance by offering supplemental food to help subsidize grocery budgets. We envision a campus where no student needs to choose between buying food or school supplies! Students are able to come and help themselves to 3–5 items per visit. We try, at all times, to have stocked instant meals, hygiene products, baby food, and grocery items available.

The food bank runs on a no-assessment basis and there is no shame in accessing it. We hope that students will be able to utilize this opportunity in times of need during their study period here at OCAD U. We would also like everyone to know that this is not just free food; this is a service for those really in need (please respect this policy for your fellow students). When you find yourself deciding whether to spend money on materials or food, please don't hesitate to come visit The Student Pantry.

Located in the Student Union Office at 230 Richmond Street, level 6

Student Union Grants

The OCAD Student Union believes the ideas and dreams of students should not be limited to the size of their wallets. SU Grants provide an opportunity for student members (part-time, full-time, graduate, undergrad and student groups) to receive partial or full funding to realize projects, host events or do other creative initiatives that would otherwise be unattainable due to financial barriers.

Our goal is to create opportunities that directly benefit the OCAD U student community as a whole. Projects where one student's personal gain is paramount will not qualify for funding.

Grant applications will be submitted to the OCAD SU Grants Committee in late fall and evaluated using our Grants Funding Rubric. The highest scoring proposals will receive funding in January. No funding will be issued after the granting period is over. Approved proposals have until the summer to complete their projects.

For more information, please visit ocadsu.org

or email Lizz Aston, Director of Operations, at operations@ocadsu.org

BIPOC Space

BIPOC stands for “Black, (and/or) Indigenous (and/or) People of Colour”. At the OCAD SU, we host regular hangouts at the Student Union called “BIPOC Space” for self-identified BIPOC students to come together and build community. We share a light lunch and work on art, visioning, and other initiatives the group comes up with. This is a great space for supportive conversation, or just having a safer space to quietly do work in. Stay tuned to our website and Facebook page for information about meetings during the academic year.

Student Union Office (Usage)

Monday—Friday, 9:30–4:30

Earlier this year, the Student Union moved to a sunny new office located on the 6th level of 230 Richmond. We have a large, open community space where students are encouraged to come relax and enjoy a safe space that is open to all.

We have three computer workstations that are linked to the OCAD U network, and a print release station just outside our office. We also have comfy couches, plenty of natural light, and a lot of plants. If you need a space to meet or collaborate, you can get in contact with us about the use of our board-room. We ask students and visitors to remember that the SU office is also a workspace for the elected members and staff of the SU. We ask that everyone be respectful of students and staff who need a quiet space to work.

Elections

Why Run in a Student Union Election?

Becoming an elected member of the Student Union is a great way to become part of a team that makes great things happen. We work to support all OCAD U students and student groups, and being part of the Student Union means that you can help support your peers and run your school. Being on the Student Union is also a great way to gain valuable experience and learn and develop your skills and interests. We are an independently registered non-profit, and working with us as an executive, staff, or board representative gives you experience in working on the board of a non-profit, small business budgeting & operations, social media marketing, and many other aspects of working for a small business.

How do I run in an election? If you are interested in getting involved with the OCAD Student Union, Elections happen in the spring for every position on the OCAD Student Union

Student Groups

Special-interest student groups allow interaction among students, support faith and culture, and create an atmosphere of diversity while encouraging self-development, social responsibility and environmental awareness. OCAD U currently has many active student groups representing a diverse set of student interests and communities. Learn more at www.ocadu.ca/services/campus-life/student-groups

Student group leaders, members, and interested students — here's what the SU can do for you:

Space: Space is something that students across campus have been asking for. As student groups, you may have specific space needs for meetings and events. We can help you navigate the room booking portal in order to reserve almost

any room on campus. You can also contact us about using Union Coffee and the Student Union board room, which holds about 12 people. Check out our website for a step-by-step guide for booking space at OCAD U!

Promotion: We would love to help make students aware of your events and activities. Let us know what you have going on, and we'll share it across all of our social media (Instagram, Twitter, and Facebook). You are also welcome to use the chalkboard pillar in our office student lounge to update students about your events and activities.

Money: Check out SU Grants—more than half of our grant funding goes to Student Group initiatives! We also have tips and resources for grant and proposal writing, as well as alternate sources for funds in the Student Groups section of our website.

Event Planning & Budgeting: We plan a lot of events at the SU, some large and some tiny. If you need help with some of the logistics, we can help with that. Visit Agata, Director of Outreach & Communications during her office hours or schedule a time to meet. We also have plenty of resources on our website to help you get started on booking space, filling out permits, and budgeting for projects and events.

Anything Else? We would love to hear your ideas and feedback. Email, drop by the office, or send us a message on Facebook!

Workers' Rights

For the many students who need to work during the school year, it's important to know your rights as an employee, and the obligations of your employer. Ontario has laid out several rules that protect you from being taken advantage of.

No employer has an exemption to these rules.

Your employer must:

- Pay you for all the time you have worked.
- Pay you the minimum wage of \$11.25/hour or \$9.80 if you serve alcohol.
- Give you a 30 minute (unpaid) break for every five hours you're at work.
- Pay you time and a half (1.5 times your regular rate) for any time worked over 44 hours in a seven day period.
- Provide you with just cause and one week's notice prior to termination or being fired, if you have been working there less than 12 months, and two week's notice after one year of employment.

Your employer may not:

- Ask you to perform any duties before or after clocking out (this includes internships! Unpaid internships are never acceptable)
- Take your gratuities, unless a “tip pool” or tip-out has been agreed upon, and cannot do so unless they are working in a similar “tip-making” capacity.
- Fire you or terminate your employment for demanding they follow employment law.

■ For more details visit www.labour.gov.on.ca

Tenants' Rights

For students who are not living with family, it's important to be aware of your rights as a tenant and the obligations of your landlord.

A landlord must:

- Give you 24 hours written notice prior to entering your residence, and can only do so between 8:00am and 8:00pm.
- Give you 60 days notice and pay your moving expenses before evicting you for reasons of building demolition, renovation, or if their own family member is moving in.
- Maintain heating, electrical, appliances, and the building as a whole.
- Perform all repairs in a timely manner.
- Pay you interest on any rent deposit they require from you.

A landlord cannot:

- Deny your application based on a demographic qualifier such as gender, race, etc. (“females only” or “males only” rental postings are illegal).
- Deny your application to rent because you rely on public assistance to pay your rent.
- Deny your application to rent because you will be having your children live with you.
- Arbitrarily or unreasonably withhold consent to allow a suitable tenant to sublet a unit.
- Force you to supply post-dated cheques for your whole lease term.
- Interfere with your reasonable enjoyment of living in your rented unit.
- Evict you for demanding they follow tenancy laws.

Safe(r) Space

The Student Union is a Safe Space on Campus.

We are deeply committed to maintaining and promoting a safer space on campus. A safe space is a place where people are able to be themselves without fear of being made to feel unwelcomed, uncomfortable, judged, or threatened because of their identity. The OCAD Student Union is committed to promoting and defending a safer space on campus and invites students, faculty, and staff to to the same.

A safer space is an ongoing practice. This means taking a stance against violence and discrimination like sexual assault, non-consensual behaviour or attitudes, being intolerant of someone's religious or political beliefs (or lack of), racism, sexism, gender discrimination, homophobia, queerphobia, ableism, heterosexism, cissexism, transphobia or any other behaviour or language that may perpetuate oppression or discrimination.

We invite you to enter the Student Union Office as a place of celebration with a commitment to mutual respect, mutual aid, anti-oppression, advocacy, conflict resolution, nonviolence, direct democracy, and community building.

Guidelines For A Safe(r) Space

1. Respect people, and their names, pronouns, identity, space, and experience
2. Keep the space accessible and welcoming: physically, socially, and intellectually.
3. Be open to all levels of knowledge
4. Listen in an open and reflective manner
5. Do not speak for others in the space
6. Obtain consent prior to touching someone or someone's belongings.
7. Support the empowerment of one another and acknowledge the systems of oppression that marginalize and divide.
8. Take responsibility for your privilege
9. Commit to being accountable when these guidelines are broken.

Glossary of Common Anti-oppression Terms

ableism: A pervasive system of superiority and discrimination that provides or denies resources, agency and dignity based on one's abilities (mental/intellectual, emotional, and/or physical.) Ableism depends on a binary, and benefits able-bodied people at the expense of disabled people. Disabilities are subject to social stigma, isolation, and systemic barriers to resources, and are targeted with violence and oppression.

cisgender: A term used to describe people who, for the most part, identify as the gender they were assigned at birth, their bodies, and their personal identity. So why do we say 'cisgender' instead of 'non-trans'? Because referring to cisgender people as 'non-trans' implies that cisgender people are the default and that being trans* is abnormal.

cissexism: The belief and treatment of trans* people as inferior to cissexual people. Cissexism can be behaviour that preaches hatred as well as seeing people who are trans as less normal.

classism: Prejudice and/or discrimination, either personally or institutionally, against people because of their real or perceived economic status or background. It includes individual attitudes and behaviours and systems of policies and practices that are set up to benefit the upper classes at the expense of the lower classes. It is also the stratification of societies based on access to wealth through privilege and power.

cultural appropriation: Cultural appropriation is the adoption or the theft of icons, rituals, aesthetic standards, and behaviour from one culture or subculture by another. It generally is applied when the subject culture is a minority culture or somehow subordinate in social, political, economic, or military status to the appropriating culture. This "appropriation" often occurs without any real understanding of why the original culture took part in these activities or the meanings behind these activities, often converting culturally significant artefacts, practices, and beliefs into "meaningless" pop-culture.

disability: Any ability, impairment, or body that is (or is being perceived) outside what is "normal" or "able". It includes bodies that move, think, sense, behave, communicate, and look "unacceptable" or "unproductive". Disabilities are subject to social stigma, isolation, and systemic barriers to resources, and are targeted with violence and oppression.

equality versus equity: Equality seeks to treat everyone in the same manner on the assumption this will result in fairness. In contrast, equity recognizes that people have varying experiences and treats people differently based on their different needs in order to ensure they have equal access to services, resources, and opportunities.

heterosexism: The concept that heterosexuality and only heterosexuality is natural, normal, superior, and required. This can refer to any institution or belief system that excludes or makes invisible questioning, lesbian,

non-labeling, bisexual, trans*, queer, and gay people, as well as any system that constructs queer sexualities as deviant, wrong, or inferior.

oppression: Prejudice and power. A systematic social phenomenon based on the difference between social groups that involves ideological domination, institutional control, and the promotion of the oppressor group's ideology, logic system and culture on the oppressed group. The result is the exploitation of one social group by another for its own benefit, real or imagined.

patriarchy: In its wider definition, patriarchy is the manifestation and institutionalization of male dominance over women and children in the family and the extension of male dominance over women in society in general.

privilege: Unearned power enjoyed by a dominant group, giving them economic, political, social and cultural advantages at the expense of members of a marginalized group.

racism: is the belief that population groups, defined as distinct "races," generally possess traits, characteristics or abilities, which distinguish them as either superior or inferior to other groups in certain ways. In short, racism is the belief that a particular race is (or certain races are) superior or inferior to another race or races. White supremacy is the operationalized form of racism in the Western world. While other forms of racism could exist at various times and in various places, none have ever been

as effective and widespread in their impact as white supremacy, nor is it likely that any such systems might develop in the foreseeable future.

sexism: The outward manifestation of an inward system of values deliberately designed to structure privilege by means of an objective, differential, and unequal treatment of women, for the purpose of social advantage over scarce resources. This value system gives rise to an ideology of supremacy, which justifies power of position by placing a negative meaning and value on perceived or actual biological/cultural differences. Sexism is connected with the system of patriarchy.

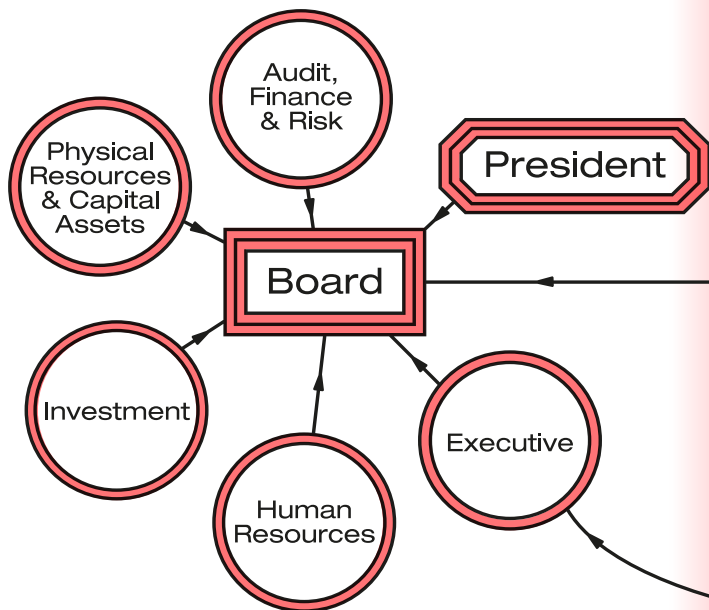

trans*: An umbrella term that refers to all of the identities within the gender identity spectrum, including transgender, transsexual, transvestite, genderqueer, genderfluid, non-binary, genderfuck, genderless, agender, non-gendered, gender nonconforming, third gender, two spirit, bigender, multi-gender, pangender, trans woman, and trans man.

All Gender Washrooms

Gender neutral and fully accessible washrooms are located on the 1st, 3rd, and 6th floor of 100 McCaul. They can also be found on each floor of 113 McCaul, and on the 5th floor of 230 Richmond Street. These are single stall washrooms, and everyone is welcome to use them no matter what gender, if any, you identify with.

Anniversary Gallery

Located beside the Great Hall of OCAD University (100 McCaul St.), the Anniversary Gallery services the OCAD U community by supporting student exhibitions and public presentation labs. The gallery is available for experimental, process, and course work from students in all OCAD U programs. First-time exhibitors are encouraged to use this space as a learning opportunity and a chance to collaborate, see work by students in other areas of study, and gain experience in exhibiting. As a non-curated space, it may be booked for exhibitions by undergraduate and/or graduate students in all areas of study.

Allocation of exhibitions in the Anniversary Gallery are facilitated through the Anniversary Gallery Monitor for two week exhibition periods. Preference is given to first time exhibitors who demonstrate a readiness and ability to exhibit, and exhibitions are granted in an effort to provide representation for all areas of study at OCAD U. All exhibits must feature two or more students, and students are responsible for coordinating their group proposal. Submissions are accepted on an ongoing basis.

Information and applications are available online at www.ocadu.ca on the Anniversary Gallery webpage.

Academic accommodations are designed to address the need for alternative ways of accessing academic material, processing academic information, assessment methods of learning outcomes and access to the university campus (Studios and Shops)

that may be needed as a result of the functional impact of a disability. If you are a student with a disability or suspected disability and feel you might need academic accommodations please contact the CSD as soon as possible to set up a registration appointment.

What you can expect when you come to register with the CSD:

1. You'll be asked to have a medical practitioner complete the CSD's medical documentation form. The provision of a diagnosis is optional but may be needed for certain funding programs (bursaries) and/or for complex disabilities.
2. If there is a delay in completing the documentation, you may have access to interim accommodations, the Disability Counsellor will discuss this process with you.
3. You'll be asked to attend an intake interview with one of our disability Counsellors so that we can get to know your academic support needs.
4. All of your information will be treated as confidential and no information will appear on your OCAD University transcript
5. Together with your Disability Counsellor, an academic accommodation plan will be developed. You'll have the choice to either provide your accommodation letters directly to your faculty or have the CSD send them via email

Appointments can be booked through the Assistant by calling 416-977-6000 x339, emailing csd@ocadu.ca or simply dropping by the Centre.

Wishing you success in the 2016/17 academic year!

OCAD University will foster a rich engagement with multiple perspectives and practices, and our students will be formed and informed by a wide spectrum of knowledge and experience embodied in an inclusive variety of communities, philosophies and ways of knowing. OCAD U will provide a work and learning environment that respects, supports and values all students, staff and faculty, and that promotes equitable access to, and participation in, OCAD U's ecology. OCAD U will

OCAD U SERVICES & DEPARTMENTS

advance a vision of “just sustainability” that foregrounds equity and imagines new ways of understanding and acting that strengthen communities, foster global citizenship, build social capacity and economic strength, and promote positive transformation and change. ODESI is committed to creating a collaborative ecosystem of constituent engagement and participation, and building reciprocal relationships and community collaborations with equity seeking communities, locally and globally. While ODESI plays a vitally important leadership

and advisory role, the responsibility for human rights, equity and sustainability is shared within the OCAD U community. ODESI will continue to develop practices to increase its accountability and transparency to the OCAD U community, including regular reporting on ODESI activities and on information and issues of importance to the OCAD U community.

Tool Loans

Tool Loans is a great resource for students looking to do some extra work on their own time. In addition to standard power & hand tools like cordless drills, hammers, pliers, and wrenches, students can borrow patch kits for critique rooms, sewing machines, heat guns, power supplies, mannequins and other equipment.

Students and faculty wishing to loan equipment must present a valid student or faculty ID card and fill out appropriate forms. Unless otherwise negotiated, the loan period agreed upon is 24 hours. Items borrowed must be returned during open hours. If a borrower attempts to return an item and Tool Loans is closed, the borrower is responsible for the tools until Tool Loans reopens (as per posted hours).

Working On Campus

The University offers many on-campus employment opportunities through the Institutional Work Study Plan, which are meant to encourage self-help and self-development and give students a way of enhancing their resumes in preparation for the transition to full-time employment. Work Study consists of part-time employment for students on or near campus while they are enrolled in a program of instruction,

to supplement OSAP assistance received by students, or to assist other students with demonstrated financial need.

OCAD University students registered in the degree or diploma program who are Canadian citizens, permanent residents or protected persons with demonstrated financial need are eligible to apply for positions created through these programs. A limited number of work study positions are also available to international students through the International Student Services Office. Available positions will be posted on the Talent Network.

FIGHT THE FEES! ★

**ALL OUT
NOVEMBER 2!**

Join students in a
day of action for free
education.

STUDENTS IN ONTARIO ARE FACING A CRISIS.

Decades of government underfunding have shifted the responsibility of funding colleges and universities onto students and their families:

Undergrad Tuition Fees:	\$7,868
Graduate Tuition Fees:	\$8,971
International Undergrad Tuition Fees:	\$17,294
International Graduate Tuition Fees:	\$26,365

As students, we have had to take on massive public and private debt to pay for our education. In Ontario, we pay the highest tuition fees and graduate with the highest student debt in the country.

Ontario:	\$7,868
Newfoundland & Labrador:	\$2,660
Québec:	\$2,799

High fees and high debt have a disproportionately negative effect on students from low-income households.

STUDENTS TAKE ACTION

We are demanding...

- 1** Reduction and elimination of tuition fees for all
- 2** Conversion of student loans into non-repayable grants
- 3** Removal of interest on existing student loans
