**Administrative History:** The Registrar's Office was created in 1909 and served the dual function of registrar and bookkeeping for the school. Registrar services have expanded through the years relative to the need of the academic community. The office currently provides academic support services in three major categories: registration activities, organization and maintenance of academic records and graduation services.

**Description:** 1944-1945 student register in order of enrollment with index by surname. The book records the following information:

- Number
- Date
- Name
- Address
- County
- I Column check mark – first enrollment
- S Column check mark – returning student

Page numbers in the index match page numbers in the original book.
