The original version of this Article contained an error in the last paragraph of the Introduction, which incorrectly read ‘Upon tuning the Weyl-Kondo semimetal [12] $\text{Ce}_3\text{Bi}_4\text{Pd}_3$ [11,13] by magnetic field we observe a continuous suppression of the giant topological response associated with the material’s Kondo-driven Weyl nodes, and the annihilation of the nodes.’ The correct version replaces this sentence with ‘Upon tuning $\text{Ce}_3\text{Bi}_4\text{Pd}_3$ [12], a Weyl-Kondo semimetal [11–13], by magnetic field we observe a continuous suppression of the giant topological response associated with the material’s Kondo-driven Weyl nodes, and the annihilation of the nodes.’

This has been corrected in the PDF version of the Article.
