Accelerating the Impact of CGIAR
Climate Research for Africa

Strengthening the national digital ag-extension systems - integration of tailored EWS, CIS and digital ag-advisories for priority crop and livestock value chains (*refined Argo advisories and EW systems, customized delivery tools and DTS tools*)

Enhance dissemination of contextualized and validated CIS and CSA packages to partners and end-users (*targeting GSI, local language, agro-ecologies and value chains*)

Identification of constraints and policy options for broad-scale CIS and CSA adoption (*evidence-based policy priority setting, CIS and CSA packages reaching farmers with focus on GSI via national and sub-national programs*)

Specific contribution of AICCRA-Ethiopia to NFCS
