PROFESSIONAL SURVEYOR MAGAZINE

Američki geodetski časopis *Professional Surveyor Magazine* izlazi od 1981. godine i 2009. je u 29. godini izlaženja. Izlazi jednom mjesečno, a obrađuje sve grane geodezije. Tekstovi, ali bez slika i tablica, dostupni su na internetu od ožujka 1996., (http://www.profsurv.com/magazine/default.aspx).

Međutim, od studenoga 2006. časopis je dostupan i u formatu koji je vjerna preslika tiskanog izdanja (e-Editions). Digitalno izdanje omogućuje pretraživanje svakog sveska prema određenoj riječi. Klikom na naslov članka u sadržaju (*Schortcuts, Table of Contents*) prelazi se na taj članak, a klikom na neku web-adresu unutar članka prelazi se u novi dokument. Da bi se saznalo nešto više o oglašivaču nekog proizvoda, dovoljno je kliknuti na njegovu web-adresu.

Čitateljima skrećem pozornost na neke članke objavljene od 2007. do danas (svibanj 2009).
