

Bibliography

for

A review of research on repetitive strain injuries (RSI)

by

Gabriele Bammer & Ilse Blignault

Presented at Musculoskeletal Disorders at Work, an
International Conference, University of Surrey,
Guildford, Surrey, U.K. 13-15 April 1987.

Additional copies are available from:

Dr G. Bammer
Director's Unit
Research School of Social Sciences
Australian National University
GPO Box 4
Canberra ACT 2601
Australia

* denotes references on which the review is based. The other references have yet to be incorporated into the text.

The authors would also be pleased to receive information about or copies of relevant references which are not included here.

Acknowledgements

We would like to thank Lesley Piper for providing research assistance and the staff in the Interlibrary Loans Section of the Menzies Library, ANU, for their valuable service in obtaining many of the references. We are also grateful to Cathy Ranieri who performed the mammoth task of typing and editing the bibliography and to Geoff Patch, whose computing skills helped to put it all together.

This is a second, amended version produced in June 1988 with the assistance of Peter Hill.
