COMMON ADMISSIONS
FORMS DISTRIBUTED

Last week on October 15, the Admissions office began mailing out the new California State College system-wide application forms.

In the new Common Admissions Program a prospective student files only one application within the State College System. The single form permits applicants to indicate first, second, third and fourth state college choices, while paying one \$20 application fee.

The application is filed with the student's first college choice. If he cannot be accommodated there, the form will automatically be forwarded to the second choice, etc.

All applications received during the specially designated November 1-30 filing period will receive equal consideration as to filing date.
