CALIFORNIA STATE UNIVERSITY, SAN BERNARDINU

Malathion panel offers many questions, few answers

By William Lundquist Staff Writer

An evening that began with the burning of the California State flag by an environmental activist calling himself "Agent Orange" did little to calm fears over malathion spraying.

The medfly panel discussion, held May 24 in the CSUSB Upper Commons, pitted Dr. Peter Kurtz and Dr. Joanne Wasbauer of the California Department of Food and Agriculture (CDFA), against Dr. Jorge Mancillas of UCLA, and Dr. David Polcyn of CSUSB. The forum was sponsored by the League of Women Voters and the CSUSB Department of Biology.

Backing up Mancillas and Polcyn was an audience of nearly one hundred members of the CSUSB, San Bernardino, and Riverside communities. No one present would admit to being in favor of spraying malathion

to eradicate medflies.

By the end of the evening it was clear that a lot of contradictory information was given out.

Either the medfly will cost California one out of every four jobs, or a worst case scenario would cut agricultural profits by a mere 6 percent.

It was also shown that, either spraying does not kill other, non-targeted insects, or it decimates their populations. Therefore, either

the lack of predators to control this year's aphid infestation is caused by malathion spraying, or by cold weather.

According to Wasbauer, and Governor Deukmejian, a state of emergency exists in Southern California. Polcyn said what we have is "A Chicken Little campaign."

As for Deukmejian, either Ortho, Black Flag, and Chevron manufacture malathion and have contributed heavily to his past campaigns for governor, or malathion is only produced by an eastern company that has no connection with California politics.

For those worried about detrimental effects of malathion spraying on human health, there are either no studies that show it to be harmful, or there are 1,003 studies that do.

According to Kurtz, senior medical coordinator for the

Students mingle through the employer booths at the innagural Reach for the Stars career faire.

Large turn out marks innagural fair

By Renee Staples Staff Writer

Reach For The Stars, the first annual Career Faire for high school and college students with disabilities, was held on May 23. The faire was held in the Lower Commons area from 9 a.m. to 1 p.m., with over 78 employers, colleges, Regional Occupational Programs, and Public Agencies participating.

The purpose of the faire was to provide disabled high school and college students access to employers and agencies who can help with obtaining job training and employment skills. The idea of students expanding training after high school, and providing a positive attitude toward disabled individuals was greatly stressed. Various hands on activities were available to give the students experience in skills such as hair styling, animal care, and construction. Students were encouraged to experiment with new skills, and ideas.

A forty-five minute presentation was shown in the gymnasium called "Eye To Eye." This was an eye catching display of special effects, giving a straightforward look at how people label and classify each other. The program issues the invitation to tear down the labels, and see the disabled person and other people for who they really are.

In addition to the hands on activities, and programs, the students were given the

opportunity to participate in several seminars dealing with topics such as; learning to live on your own, filling out job applications, interviewing, dressing for the work place, and how to be a good co-worker. Two separate seminars were scheduled for students to explore the idea of continuing a college education. The special services that colleges can offer disabled students were examined.

The career faire was cosponsored by area school districts, CSUSB School of Education, Inland Counties Regional Center, and Riverside County Office of Education. Some of the employers present ranged from banking and accounting firms to fast food organizations such as McDonald's. and Carl's Jr. Representatives were also available from General Dynamics. and the State Department of Motor Vehicles. Some of the local public agencies represented, were; The Association For Retarded Citizens, Unlimited Quest, and The Center For Disabled Individuals.

The first career faire for disabled students was considered a big success. Large groups of students, parents, and teachers attended the event. More career faires will be planned for the future. Those interested in more information may contact Cher Koleszar, at East Valley S.E.L.P.A. (714) 387-4409, or Blair Cassani, Riverside County Office of Education. (714) 788-6637.

ASI officers pass the course

By William Lundquist Staff Writer

Imagine my excitement when this newspaper selected me to cover the activities of Associated Silldents, Inc. (ASI) for an entire year. That's right, no plays, no basketball, just political science majors stretching their bureaucratic wings; legislative larvae, so to speak. Whee!

Commentary

To be honest, the pleasure has been all mine. Much to my surprise, the vast majority of the members of CSUSB's student government turned out to be hard

Purple reign falls

By Jeff Kabel Staff Writer

Nothing lasts forever. Not even the Purple Reign.

Almost every Lakers fan expected the team to post another championship banner at the Forum this year. The Phoenix Suns extinguished that dream.

It is hard to swallow but it is true. The Suns advanced to the NBA Western Conference Finals by outhustling, outmuscling and plain outshooting the Western champs.

The Suns burned the nets. The Lakers uncharacteristically chipped the rims. That was it.

As I watched the Lakers' season come to an abrupt halt last week, I realized that this L.A. steamroller had run out of gas.

During the past decade, the Lakers have dominated their opponents. Yet, I still heard proclamations of "Lakers choked" and "Worthy stinks."

Well, those weren't the exact words. But it just goes to show you how much pressure the Lakers shouldered from the press and the fans.

Lakers' fans are demanding. They want an NBA title every year like kids crave a new Nintendo game every month.

We are spoiled! Admit it, Lakers fans.

I'm one of those spoiled fans. But consider the Lakers dominance in the 1980s: they have won five championships and made eight Finals appearances.

Most fans in other areas would be happy to see their team post a winning record. But we should not take for granted the Lakers accomplishments.

However, the Lakers decline was inevitable. Most of the Lakers' starters have played in the league over five years while Magic Johnson and Michael Cooper have played 10 and 11 years, respectively.

The Phoenix Suns deserve some well earned praise. They beat a team that owned the NBA's best record at 63-19. They beat the Laker mystique, just like the Lakers rid themselves from the Boston Celtic aura by winning the 1985 NBA title.

So the change of command has unofficially taken place in the NBA. But true Lakers fans should refrain from purchasing a Phoenix Suns cap. There is always next year.

Photo by Ted Fisher

Paul Gonzales strokes a home run in game one. Gonzales also increased his team-leading stolen base total to 18 of 18.

SERIES.

Continued from front page

The second game of the series took much of the same catch-up format. Only this time the Coyotes jumped to a early 5-0 lead before falling behind in the third, 5-8. In the later innings CSUSB fought back to win, 11-8.

"We were all confident we were going to come back and win," said CSUSB second baseman Ryan Love.

Main and Salazar each pounded out three hits at the plate in the second game for CSUSB. Darren Kay came in and pitched six and a third innings, allowing only four hits and no runs, to get the victory.

In the third and final game the Coyotes jumped out to a early lead and never looked back behind the pitching of Brooks Peters, who improved his record on the mound to 7-1. The highlight of the game was when catcher Bret Parrick, (who didn't play in the second game due to back spasms), hit a solo homer in the sixth inning to widen the Coyotes lead to 6-1.

The final score of the third game was 6-4.

"Brooks really pitched a good game, he had to really dig down deep for this one," Deagle said.

Numerous players were selected to the All-Tournamnet team. Gonzalez (first base), Love (second base), Salazar (third base), Aaron Marcarelli (shortstop), Jeff Brennen (outfield), Parrick (catcher), Main (designated hitter), Peters and Seward (pitchers) were all named to the team.

Salazar was named the tournament MVP. During the series he went 5-for-11 with four RBIs, three runs, and two homeruns.

"Throughout this series everyone out there was playing good baseball," Gonzalez said.

This will be Deagle's second trip to the Series, having taken the University of Redlands in 1985. Also Love, who transferred from William Penn College in Iowa, has been to the series and knows what it's like.

"I don't care how many times you go (to the series) you never get used to it," said Love.

With the high level of confident on the field, the Coyotes seem to be peaking at the right time.

"This group is unique, they have really come together as a team," Deagle said.

Gonzalez put it into perspective after the third game of the series, "Hey, right now we are a good team."

Maybe good enough to beat a clean path to a Division III National Championship.

Photo by Ted Fisher

Rene Aquilar in action in game one against the Stags. CSUSB swept the best of five series and left this morning for the World Series in Battle Creek, MI.

Golf expects a storm at Nationals

By Jeff Kabel Staff Writer

While the CSUSB golf squad competes this week in the Division III National Golf Championships in Jeckyll Island, Ga., the Coyotes might have to contend with mother nature as well as 21 other opponents.

"We're taking our umbrel-

las with us," said CSUSB Head Coach Dr. Greg Price.

Price and five players will sport raingear for this week's competition: senior Chris Astorga and juniors Steve Lynch, Brad Kasdorph, Wade McMullen, and Charles DeLorey.

While only one round of play has been rained out in the previous four years of

the tournament, Price contends that the players reactions to a long layoff will determine the team's fate.

"We've played well in bad weather conditions before, but we've been inactive for three weeks," Price said. "It depends on how they react to it (layoff)."

"We've got to get our competitiveness going but we've been playing well," Price said. "They've all improved since April."

The Coyotes have posted a 30-1 record against Division III opponents and compiled a 15-0 mark in match play.

"We're concentrating more on the team effort this year."

20th Student Art Show opens June 8

By Kathleen Whisler Staff Writer

The 20th Student Art Show will open June 8 at the University Art Gallery with a reception from 7 to 9 p.m. by the Art Department.

Visitors can view the exhibition from June 8 to July 20 at the University Art Gallery.

The art show is open to all CSUSB students who enrolled in art classes during the 1989-90 school year. The deadline for submitting work for the show is tomorrow.

The art show will consist of seven divisions: painting/drawing, sculpture, woodworking, photography, ceramics/glass, graphic

design and printmaking.

Participants can submit no more than five items in each division they enter.

Art professors decide Friday which items will be placed in the art show.

Student artwork which was not selected for the show will be showcased in various studios in the visual arts building during the reception and open house.

Two awards will be presented as part of the art show reception: the San Bernardino Art Association Award for \$50 and the Thomas Award in Woodworking for \$100 for the best wood piece submitted to the show. CSUSB is not presenting any awards.

Danny Redfern, gallery

director, organized the show.

Students will prepare the food for the reception. Hors d'oeuvres and beverages will be served and a live band will perform.

Approximately 50 students participate in the art show each year. This is a voluntary activity and is not a requirement for a class grade.

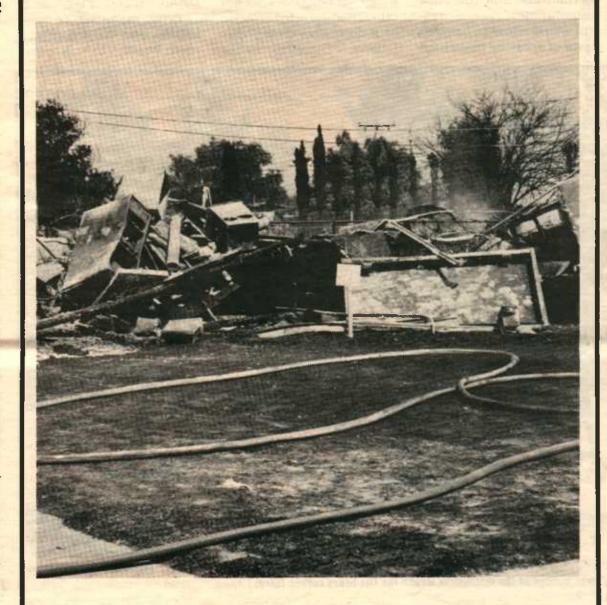

Students give blood for reserve fund

Fifty-four people gave the Gift of Life on May 16, by donating to our campus Blood Reserve Fund. Another ten people attempted to donate, but were deferred due to a variety of medical reasons. The Health Center would like to thank these special donors, and applaud the volunteerism of the Student Health Advisory Committee and Health Science Club members.

Many of our donors were also recipients of gift certificates from the following vendors: Jersey's Pizza, Clark's Nutritional Center, Baker's Burgers, El Gato Gordo, Nautilus Plus, and Marie Callender's. A T-shirt was also awarded to one lucky donor, courtesy of Recreational Sports.

If anyone was unable to donate during our Blood Drive, you may go to the San Bernardino Blood Bank on 399 Blood Bank Road in San Bernardino. Just remember to have your donation credited to our Blood Reserve Fund. We have many members of our campus community who donate regularly, and we would also like to applaud their contributions.

Tragedy Remembered

One year ago, May 25, 1989, a gas line ruptured, killing 3 and throwing the small neighborhood of Duffy Street. Pictured here are the remains of one house across the street from the site of the blast.

PANEL

Continued from front page

CDFA, malathion does not build up in the human body over time. According to Mancillas, a human physiologist with the UCLA school of medicine, it does.

The only point all four members of the panel could agree on was that the release of sterile medflies to control the infestation is vastly preferable to spraying urban neighborhoods with insect bait containing malathion.

The big problem is that the CDFA is out of sterile

medflies. After the 1982 infestation, California requested money for the construction that the factory only recently went on-line, and is nowhere near capacity production.

Without the sterile medflies, the CDFA feels the only alternative is to conduct anywhere from 10 to 30 aerial sprays of each infected area. Polcyn accused the CDFA of not asking "What do we do?" but "What do we spray?"

Members of the audience

made it clear who they believed during the question
and answer period. One
woman broke into tears
when she tried to compare
what she was being told
about malathion to what her
husband was told about
agent orange in Vietnam. "I
do not believe I can trust my
government to tell me the
truth," said another.

"Agent Orange," the activist, returned to offer to spray Kurtz with a bottle containing chemicals no more dangerous than malathion, in a maple syrup base.

When Kurtz polite declined, "Orange" said "At least I asked," to the thunderous applause of the audience.

After three hours of discussion, which often eluded the control of the League of Women Voters, members of the community had some reason to envy the Kangaroo Rat. Federal law prohibits aerial spraying over the habitat of that endangered species. Humans should be so lucky.

Circle K Int'l club seeks new members

The Circle K International Club will meet Tuesday, June 5 in the Senate room at the Student Union. The time of the meeting is 4-6 p.m. All those who have been former Key Club members, those interested in becoming a part of Kiwanis's sponsored club that is of service to the community, PLEASE COME. We need input as to the projects that you would like to accomplish. Leadership and service within the campus community that is of service both to the community and the campus helps expand your horizons, and be of service of a kind that makes you feel good about yourself and others. All students are invited to participate. See you at the Senate Room on June 5. Our faculty advisor is Taple Rohm of the Information Decision Sciences Department on campus. Any questions you may call Taple Rohm 880-5723; Tim Liossis (619) 949-4976; or Barbara Steffy (714) 875-8547.

This year's graduates at the Palm Desert campus of CSUSB will be honored at a reception on Wednesday, May 30, from 5:00 to 6:00

The 130 students, their families and friends will hear brief remarks by Dr. Anthony Evans, president of CSUSB and Dr. David George, president, College of the Desert. Other CSUSB and College of the Desert administrators and faculty are expected to attend.

Interim director, Susan Summers of the Palm Desert campus will name those graduating with honors. She reports that last year's graduates numbered just 75 and that the university is very pleased with the steady growth of the local campus.

The reception, with refreshments, will be held on the grounds of the Cal State complex at the College of the Desert campus.

Rape 101.

If you think rape can't happen to you, you're in for a real education. Because statistics show that rape happens more to women in your age group than any other. In fact, this year, one out of six college women will be the victim of rape or attempted rape. Very often by someone she knows. A fellow student. Even a date.

And that's a crime. Because any time a woman is forced to have sex against her will it's a felony.

Rape. It's a subject no one should take lightly.

working, sincere, committed individuals who donated a tremendous amount of their time for little or no reward.

Still, as your representatives, they should be held accountable for their performance in office. If I was to assign grades, based on what I've observed in the hallowed halls of power over the past nine months, here is what I would put into my grade book:

Aaron Watson, ASI president- To quote from W.S. Gilbert, he "Did nothing in particular, and did it very well." That is not meant to be as deep a cut as it sounds.

Aaron came into office with a few specific improvements in mind, like improved lighting and extended library hours. He achieved his goals early on and seemed to quietly fade from the scene. Of course, he received a lot of encouragement to fade from other parties.

Overall, I found Aaron to be honest, dignified, sincere, and helpful, both as a president and as a person. However, he was one of the hardest members of the government to find in his office, and he deserves the award for least cluttered desktop. I give him a "B", both for what he accomplished and for what he didn't do.

Rima Said, ASI vice president and chair of ASI Board of Directors - an enigma. I found Rima to be the hardest working member of student government. It seemed that I could never walk into the ASI office and not find Rima at her desk or computer.

Because of a quirk in the ASI constitution, which makes the vice president the chair of the board of directors, she was easily the most powerful member of the government. A person of high ideals and deep convictions, she never hesitated to use that power to crush the convictions of others.

She did quite a bit of damage to Aaron's administration. Yet, she remained oddly sensitive and vulnerable to political counterattacks.

I'd like to give Rima an "A" for accomplishment, but I have to balance that against the "C" I'd give her for always being in the center of controversy. Averaged together, she gets the same grade as Aaron, a "B".

Doug Gonzalez, ASI treasurer- At the opposite end of the controversy spectrum. Nobody expects an accountant to be exciting, just responsible. Doug did exactly what he was elected to do. No reason not to give him an "A".

ASI Board of Directors -

achine.

AAII SPRING SWING

Photos by Ted Fisher

Members of the $A\Delta\Pi$ Sorority participate in the annual Swing-a-thon. From: Diana Hambleton, Fanny Price, and Charlene Hurley go for a swing; Left: Kim Beagley; Below: Hambleton, Diana Covarrubias, Jody Henderson, Price, Mora Smith Hammer, Beagley, and Hurley.

Acting is child's play to CSUSB's Matt Webster

Matt Webster, left, plays the role of Tartuffe in the upcoming CSUSB production.

By John Fitch Staff Writer

Most people get into drama hoping one day to make it big in Hollywood or on Broadway. Matt Webster, however, has different ideas. Webster, a theatre arts major, plays the lead role of Tartuffe in CSUSB's upcoming production of Moliere's "Tartuffe."

Webster refers to Tartuffe as a "16th century Jim Baker" referring to the manipulation of his position of respect to take advantage of others.

Webster, a 1984 graduate of Beaumont High School, has been acting at CSUSB for four years and says that Tartuffe is one of the favorite characters he has played.

"Tartuffe is a fun character to play because he rides an emotional roller coaster: he is up one minute and down in the dumps the next," Webster said.

"Tartuffe" director Ronald Barnes says Webster responds well to the needs of the production.

"In theatre there is a get together of many different artists. We depend on each other for eight weeks and Matt is a very giving person," Barnes said.

Webster hopes to keep on giving when his days at CSUSB are completed.

Webster plans to use his acting skills as an educational tool in teaching chil-

Webster currently performs with the Imagination Children's Players, a CSUSB drama club that performs children's stories and fables at various elementary schools.

"Children are a great audience; they tell you if you are great and they tell you if you stink. They are really a lot of fun," Webster said.

Eventually, Webster would like to start a children's

"The kids enjoy it and have a lot of fun and after all, having fun is what it is all about," Webster said.

Trio adds their own style to KSSB programming

By Jeff Kabel Staff Writer

Radio disc jockey duos are common. Take Marc and Brian. Or Ken and Bob.

But each Saturday from 9 a.m. - noon at KSSB, a trio of hosts combines to make waves on "The Weekend Radio Report," a Top 30 Alternative Rock countdown

Luke Hunt, Renee Formulak, and Robert Dunfee provide KSSB listeners with other features such as commentaries, spoof news, and movie reviews via regional dialects and celebrity impersonations.

Hunt's characters include surfer dude "Ken Ipshun Fit" with a surf report and Peter "Slasher" Hogan, (patterned after Paul Hogan) who relays concert dates and music news.

Formulak portrays Ipshun Fit's siter, Hissy Fit, who reviews shopping centers, and also gives listeners make-up tips as "Landa Lovelace."

Dunfee's roles include a sports wrap-up show with "Howard Copell" and a fashion report delivered by "Peter Pastel."

The show's format consists of song countdowns, followed by news, character skits, and a continuation of the countdown.

Each disc jockey carries

Photo by Carol Sturm

Jocks Robert Dunfee, Renee Formulak, and Luke Hunt add a little spice to KSSB on Saturday mornings.

their own radio tag name: Hunt is Sharkey Hunt, Formulak becomes Raunch E. Renee and Dunfee answers to Bobby Dee.

Dunfee feels that the show's satire with character stereotypes should be taken with a grain of salt.

"We don't try to offend anybody," Dunfee said. "But some of those people (they portray on the show) exist."

Dunfee revealed that he prefers being part of a group effort in the studio.

"It's so much fun," Dunfee said. "You've got other people to interact with and it's so spontaneous."

In addition to their regular

character skits, the trio also spoofs commercials for beer and used cars.

But Hunt maintains that the music is the focus for the show.

"The music takes up the majority of the time," Hunt said. "We want to add more music and commentary."

Hunt also said that the show must have an open atmosphere of expression to make the program concept work.

"Hey, there's some bogus waves out at Newport but there's some tubular ones at Huntington."

Must be the surf report.

Public Service Announcement

Women's resource center gets new home

Trailer 11C, near the Child Care Center, has a new look. Inside the tiny room is a small (appropriately) library of resources available at CSUSB and its surrounding communities. These materials have been donated to the new Women's Resource Center by supportive CSUSB faculty and students alike.

Ideally, the Women's Resource Center is to be a place for women and all

reentry students to find information from topics in Women's Studies to community help for battered women. One valuable source used in the center is the San Bernardino County Resource Guide. It lists many profit and non-profit agencies in our country that cater to the needs of the people.

The Women's Resource Center began last year with the merging of ideas of concerned students and the guidance of Dr. Nancy Rose in the Economics Department.

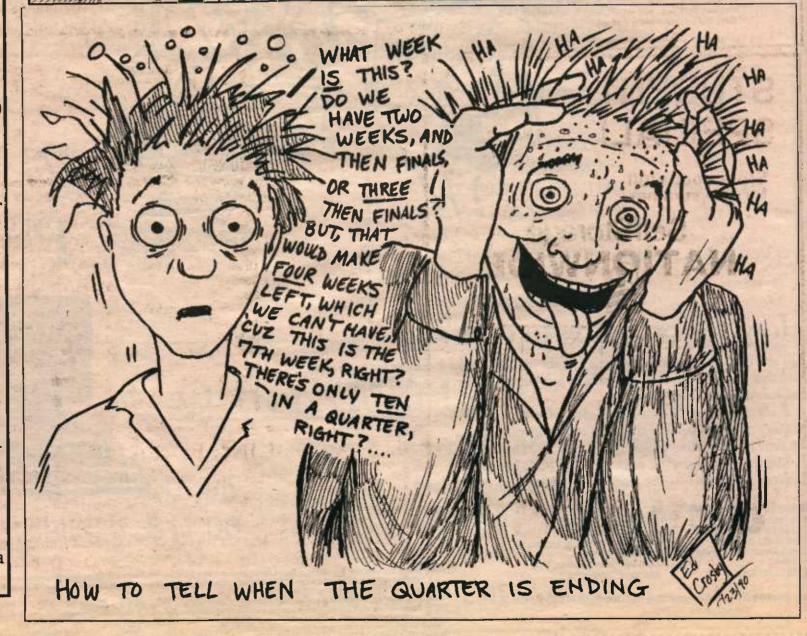

Dean Beverly Hendricks of the School of Humanities has also shown her support by lending her extra office to create the center. However, the Women's Resource Center may lose this space come Fall of 1990 when offices are reassigned. In the meantime, Jenny Snyder, one of the centers initiators, and other involved students will be working hard at promoting and expanding the Women's Resource Center into a permanent fixture here at CSUSB.

The Women's Resource Center is staffed and open about 28 hours a week as follows:

Mon: 10:30-3:00, 4:00-4:30

Please see CENTER, page 13

Go climb a rock!

Been on a good hike lately? Ever climbed San Jacinto Peak? Ahh! It's only 10.831 feet high. Of course there are easier ways. Like taking the Palm Springs Aerial Tramway from Chino Canyon to the 8,516 foot level. Sound better? This makes the hike a bit more reasonable. We will be making this trip on Sunday, June 3. Everyone is invited. We will be observing the geology of the mountain, as well as the flora and fauna.

There is a restaurant at the top, or you can bring a picnic lunch. There are also barbecue areas if you bring your own fuel, etc.

The tram runs every half hour, so we can return at any time during the day. Why not come out and join us for some spectacular

scenery and great exercise? Who? SAGGA (geology club, and the most fun, interesting people on cam-

What? Field trip

Where? Up Palm Springs Tramway to Mt. San Jac-

When? Sunday, June 3. Cost? \$11.95 for adults, and \$7.60 for children.

Scout leader extrordinaire? Dr. Jim Mehegan

To get there, take I-10 east past Banning, take the 111 to Palm Springs, and follow the signs to the tramway.

We will be meeting at the tram at 9 a.m. You will need to be there at that time to get in for the prices listed. Hope to see you.

William Gillette SAGGA President

CENTER

Tues: 9:00-6:00 Wed: 9:30-12:30 Thurs: 9:00-1:45, 4:00-4:30 Fri: 9:00-2:00

More volunteers and resource materials are needed. To volunteer, donate material or find out more about the Center, call Jenny Snyder on Tuesday or Thursday, 8:00-4:00 at ext. 2376. On other days call the Women's Resource Center directly at ext. 5846.

Think of the six women closest to you.

One out of six college women will be sexually assaulted this year. But you can change the odds of it happening. Simply by trying to avoid situations that leave you or your friends vulnerable.

For starters, follow security measures. Don't prop residence half doors open. Walk with a friend after dark. And be aware that date rape is a major problem on college campuses. With 90% of these rapes involving drinking.

Then share these facts with six of your friends. And maybe none of them will become another statistic.

Sponsored by Panhellenic, IPC Council and Greeks against Rope

ELM Workshops

The Learning Center is trying to arrange a set of workshops to help students who plan to take the July 14th ELM (Entry Level Math) test. Workshop participants should have scored at least a 400 on a previous ELM-or get at least 25 correct out of 50 on a math placement test available in the Learning Center. (The placement test should be taken by June 6th.) All interested should come to the Learning Center (PL-37) or call (ext. 5038) by June 6 to sign up. If a minimum of students is not signed up by that date the workshops will have to be cancelled.

Below is a copy of the workshop schedule. Students should plan to attend all five sessions.

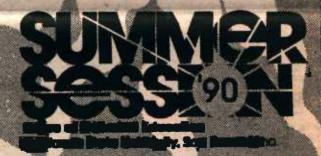

June 16, June 23, June 30, and July 7-9 a.m. - 12 noon July 13th (the Friday before the exam) 6 p.m. - 9 p.m.

CONTINUE WORKING ON YOUR DEGREE THIS SUMMER

Summer Session classes begin June 21 and most of the University's academic programs are offered. Mail-In Registration for all five Summer Sessions is April 2-June 1.

The Summer Session catalog outlines the summer schedule, fees and registration procedures. Pick up your free copy at the Office of Extended Education, the Bookstore or the Pfau Library.

For more information, call the Office of Extended Education at 880-5975.

Continued from page 7

Those of you who never attended one of the regular Tuesday meetings passed up the entertainment bargain of the year. Of course, you had to catch the board on a good day, such as the proposed censure of President Watson, or during the vote on the budget.

Members did their best to emulate the political dealing and back stabbing of their more experienced peers in Sacramento and Washington. Mostly, they ended up stabbing each other in the front, but it was all fun.

Through I would certainly rank individual members higher or lower, I think, as a body, the board deserves a "C+".

Overall, I'd say CSUSB student government averaged a "B-". If that doesn't seem particularly high, remember, these people have lives of their own to lead. They put in time and effort to make improvements for all students. The rest of us, frankly, didn't. As for items not accomplished this year, well, there's always next year.

You have every right to expect your partner to respect and protect your health. If you're having sex, be sure you're using a latex condom every time. For more information, call the AIDS hotline in Northern California at 1-800-367-2437, or in Southern California at 1-800-922-2437.

Thank you ALCP, my friends and other supporters for your faith in me. I won't let you down. June 1st is the day, my door is always open.

Forrest Hillis (ASI-VP elect)

\$3500+ unsecured credit, guarranteed approval, cash advance, lender, no up front fee. Call Lords Financial Services for applications 24 hrs., 7 days a week.

1-800-899-8968 Ext. 110.

Do you have unwanted hair on eyebrow, upper lip, chin, neck, chest, breast, bikini-line or other? If you've got it, we'll get it. For private rooms, professional care and free consultation please call Modern Day Electrology.

Sheryl and Christine,
I just wanted to thank you
both again for your support. I love ya both.

Forrest Hillis (VP Elect)

Sigma Nu,

Thanks for all your support during my campaign.
You guys are the greatest!

From Forrest "ViPer" Hillis

Michelle, Marsela, Dorrina & Kathy,

(The 4T.Q. Sisters) Thanks for such a fun Friday night! Do the humpty dance.

Love, Nancy K∆

Craig, (ΔΣΦ)
Congratulations on your initiation. I'm so proud of you!! I love you!

Nancy

CAR RALLYE RESULTS

Oops, I lost the results. Actually, the results are not lost for good, just when I was writing this page. Congrats to Art Paz and his partner (whose name I forgot) for most accurately following the given directions and finishing closest to the prescribed time. There were other participants whose names I'd like to mention but forgot (next week). Finishing with the worst ever recorded time were Ted "Grim" Fisher and Pfrank Pneuvak. At last report, these two were somewhere near Needles.

Four Person football and Innertube Water Polo is scheduled for this Saturday. I know you're not doing anything this weekend, so get out there. I recall that TKE was the only frat to show up for Super Teams; lets see some of you other guys, and you dorm (dormant) people. The weather will be great-I called Fritz Coleman, and he promised clear skies and temps in the high 80's. This is your last chance to win the coveted intramural, 100 % all cotton t-shirt. See the intramural board in the PE building or call Joe at 880-5235 (x5235).

The Recreational Sports Department is brought to you by the Student Life Organization and funded through the A.S. and private contributions from Amelda Marcos, Nelson Mandela, Donald Trump, Rowdy Roddy Piper, Mickey Mouse, and that guy who sells flowers by the Paradise Lounge. No, the grandstands behind the Health Center are not the long awaited baseball stadium for our homeless CSUSB World Series contenders-its Commencement Time (at least there won't be anymore longwinded speeches from that EX-Chancellor).

Budweiser.

THIS BUD'S FOR YOU.

Baseball eliminated from championship

By Jeff Zelenski Staff Writer

The CSUSB baseball ended its hopes for a National Championship with a loss during a third round game in the Division III world series to North Carolina Wesleyan, 10-6.

The Coyotes compiled a 1-2 record in the tournament. Last Friday they lost to

Eastern Connecticut State 8-4, but bounced back to eliminate Montclair 17-3 the following day before being ousted from the play on Sunday.

The Coyotes ended their season at 29-14 and Western Region Champions. Their appearance in the playoffs was the first time in CSUSB four year history.

Dorm Wiffle-Ball league going strong

By Jacob Powell Staff Writer

The residents of Tokay dorm in Serrano Village have decided to alleviate their boredom through the formation of a Wiffle Ball League. A Wiffle ball is made of tough plastic, is lightweight, and comes in three different sizes. These sizes are junior, baseball, and softball. The reason that this ball is used for small baseball type games is because it cannot be thrown or hit any great distance, which makes it ideal for around the dorm buildings. The revolutionary design of the Wiffle Ball is that half of the ball is solid, while the other half has eight holes in the plastic. These holes allow the ball to be thrown in three different ways. Depending upon how it is held. These ways are curved, straight, and slider. Because these

balls are so light, they curve with ease and seem to float through the air towards an awaiting batter.

The residents have devised their own rules for the game. Their playing field consists of a mini version of a baseball diamond, in which the infield is an out if the batter hits a ground ball. Because of the fallibility of pitchers from the other team, those at bat are allowed as many pitches as they want - as long as they don't get three strikes. There are usually four team members: catcher, a pitcher, and two outfielders. The players in the field may get a baserunner out by throwing the ball at him, but more often than not this ends up in an overthrown ball. These games average about nine innings but can go into overtime guite often.
