Coed Choice for '46 (?) May Queen

Ruler for a day is Queenie Bonlin, Ursini's choice for May Queen. Not only does she hold the lead in glamour ratings, (note the provocative hair-do, and the "come hither" look) but her clothes have made her famous as the bestdressed girl on campus. Girls, take a gander at the new styles she is showing and make a few mental notes if you want to be as charming as this exotic damsel. That new, "straight-jacket" appearance is quite the thing these days, and if you fell as if you had your head in the stocksbuck up. For fashion-anything is sacrificed-(and these days most everything is!)

Their first undertaking will be matches (hot couples to you) "to decorate" the gym and football field the night of the Soph Hop. This dance under the buzzing plans of Sonny Schroeder, should remain a memory long around Ersinus.

Sonny has rented the Thompson-Gay gymnasium and the track for the night of the dance, the decoration committee, headed by Dean Clean and composed of preceptresses and faculty has decided to decorate the metal balcony along the track in a Easter theme of bunnies, eggs (for those persons too pre-occupied to return to the gym for refreshments) and yellow and purple streamers.

BMOC Reveal Aids To True Beauty

While walking down the street the other morning with two of the bigger men on campus I heard a very enlightening conversation which revealed some of the beauty secrets of the men of Curtis. It went something like this:

A Two-Hundred Pound Chubby: "You know, Bull, before we got into that poker game last night I washed my hair with Drene sham-poo and this morning I can't do a thing with it. "I'm so worried, for you know the IS-IF ball is tonight." Bull: "Personally, Halo is my

Arker Dreams of "Cherchez La Lemme"

Ah yes! Bart Arker has a test in History 2 tomorrow so he took his book and a chair down by the Perk to study. This is what hap-pened! Looks pleasant, doesn't it? But don't let that silly smile de-tired of seeing just men around the ceive you — it is only skin deep. The gray matter under that classy bonnet is twisting itself into a torturous dream. Bart is running through the college woods to escape the two creatures who follow him (Ha! Don't tell me you don't know where it is!) His two assailants are close enough so that he can see that they are the good Doctors Blight and Legweak. Each of them waves a History of Civilization book at him.

From force of habit Bart runs blindly toward the logs. Alas! Before he knows what has happened he has tripped over the log pile and his History teachers are beating him with their big blue books. Let this be a lesson to you Freshies. If you haven't read chapter 29 you'd better do it tonight — and see that you stay awake.

******** Looking 'Em Over

The 1946 football schedule has just been released by the school's publicity office. This schedule is rather easy but that is to be expected in this first all-civiliah year since 1942. The Bear's open on Sept. 27 at home with Temple. This game is just a breather for those to follow for on the next weekend the Grizzlies travel to Los Angeles to play the University of California. On the return trip East, Notre Dame and Minnesota will be met on successive Saturdays. On Nov. 2, the Bears will go to Worcester, Massachusetts to play Holy Cross and on Nov. 9 the big game with Army will be played on Patterson field. This game should draw well over 5000 people which would fill our stadium (?). Finishing out the season with two easy games against Columbia and Penn, the Bears look for a highly successful season.

Football Coach Pete Stevens announced late Friday afternoon that 'Doc" Blanchard and Glenn Davis

There was a rumor last week that more money and some announcement should be forthcoming in the near future.

On Thursday afternoon Pete Stevens ran quarter mile trials for his mile relay team. Bob Poole, former Doylestown star, was be-ing timed. As he finished, Pete Here We Have Gem--- de stuff ve call curl called out 46 seconds. A gasp went up from a group of us around him for 48 seconds is the world's record. Well, Bob's record was shortlived for Pete discovered that the clock really read 56 seconds, which incidentally is still very good time for our track.

Courtenay Richardson has announced that her spring weightlifting class will begin this week in the gym. You girls should get behind this very healthful enterprise and then you can help your dates on the long walk home with a good fling.

The illustrated catalog, course, Bobby was not too eager of course! This catalog is sent out to all students who didn't quite make it to Bucknell or Villanova. The catalog contains pictures of all the buildings on campus, and most of the pictures may also be found in catalogs of Penn State and Princeton, it matters not; every \$800.00 puts Horace G. that much closer to his first million. The catalog names all twenty-two buildings on campus. The one who counted them drove around the campus three times and counted each time. Included in this twentytwo is the Art Building, located on the drive to the gym. Although small, the Art Building houses everything an artist could desire canvas, oil paints, and even paint brushes and ladders!

So followed three months when students had to remain after lunch to wait for the wooly dog to pass under the table. A request has come to me from the chem-majors who have been risking their lives and their B-plus' riding up the freight elevator in the S.B. (Use your own discretion).

That long haul up three flights of stairs only to be greeted by the foul smell of H2S and butyl alcohol augmented occasionally by a trace of Old Overholt has resulted in their being mistaken for workers in the flag factory. Surely a small cable car or escolator could clear up this confusion and the flag factory could once again have priority on eyes that watch each other.

Perhaps I have been a bit too harsh. Perhaps, a little neglectful of all the things that must be taken into consideration in running a college like THIS. Perhaps I have been a little unjust. Perhaps I have been thrown out by the time you read this. Before I go, let me add that these ivy covered halls and hallowed retreats have several distinctions which no other school

So, as Bob climbed into bed Friday night his status was really a question mark.

But the IF-IS Ball on Saturday clinched things for Ursinus. Everyone was so nice to Bob and the friendly Ursinus spirit prevaled everywhere. After this fine even-ing Bob made his decision.

Bright and early this morning Bob signed a contract to play baseball for Ursinus at a salary of five thousand dollars, a new home in Collegeville, and a job as Gus Johnson's assistant at the gym. This is a highly lucrative position and probably had a great deal to do with Bob's acceptance.

When you hear that the activi-ties fee has been raised to fifty dollars a semester you won't mind, will you, loyal Ursinus students, because it is through this that Bob Geist will be able to play for our ball team.

Pitching Staff is Team's Weak Spot; **Competition for Other Berths is Keen**

Squad Holds Final Practices Before Opening Game With Navy

final week of practice before the Navy game on April 6, things are shaping up pretty well. It looks shaping up pretty well. It looks tramural basketball schedule. Sec-like pitching will be the Ursinus ond and Third Brodbeck are lead- ball team on the east coast preweak spot at this early date. Most of those trying out have been wild but when they gain their control but when they gain their control watch out.

Hallman have shown much promise on the mound and these two, along with Lou Ross, Harold Fishman, Ed Hanhausen, and Dave Jones, should enable Coach Messikomer to choose a fine pitching staff.

At the other positions the team is well manned. Bob Geist at third is a three-year mainstay. Herb Dean and George Glisson have been battling for the shortstop berth, with the first named having the edge. Dave Troutman and Roy Love are trying out for second base with Troutman looking best, so far. At first, two basketball teammates, Dave Bahney and "Mouse" Juppe are holding forth with Bahney's power at the plate being a decisive factor.

In the outfield, Dick Eckenroth, Wally Ort, and "Hap" Hallinger, who also catches, are leading the parade, with Seth Bakes and Art Barker not far behind.

The catching staff also is wellmanned. Big Tom Henry is the leading candidate for the spot with Hallinger and Johnny Trevaskis pressing him closely.

Although Coach Messikomer has made no decisions about the starting nine, this week should see the serious condition. squad picked.

Messes Defeat Belles In Thrilling Contest

Presenting a lovely sight to the eye "Messikomer's Messes" better known as the "Sweater Girls of 1946" were able by their refined and lady-like playing to defeat their opponents, the rowdy group known as "Snell's Belles."

The "Sweater Girls" who are undoubtably the best dressed basketsented a fashion review prior to the game in which they modeled their new spring ensembles.
