Plan Gala Day When Cornerstone Is Laid For Cowden Factory

Business Houses Will Close Foundation Now Being Poured

Morehead's welcome to the Cowden Manufacturing Company, which is locating a factory here, will be displayed when the cornerstone of the new building is laid.

Workers started pouring the foundation for the 20,000 square foot floor plan Monday and W. R. Rice, engineer, who is in charge of construction, said "it will not be long before we lay the cornerstone."

Present plans call for all business houses to close during the ceremony.

Although the first building is to be 20,000 square feet, it will be constructed so that additional wings can be added at a minimum cost.

The factory, when in full production, will employ between 300 and 400 women, to make work shirts and pants.

Complete plans for the cornerstone laying will be released later by the Morehead Industrial Foundation, Inc., which negotiated with the Cowden Company in establishing the plant here.

Deadline For Filing State Incomes Near

Representative Will Be In Morehead To Help Taxpayers April 7, 8

A concerted effort is being made by the representatives of the state of Kentucky income tax returns before April 15 after which returns will be returned to the state and the tax collector will be reluctant thus subjecting the taxpayers to severe penalties.

In addition to the Frankfort office and the office at Louisville, Lexington, Covington, Paducah and Ashland, field representatives have been assigned to every section of the state for the purpose of assisting those who need help in preparing their returns. Mr. Shalton will be in Morehead on April 7 and 8 to assist those needing help in the locality and will be located at the Court House.

The department calls attention of taxpayers to the fact that more than \$200,000 in taxes and penalties have been collected during recent months, because taxpayers who have failed to file returns for prior years and there are urged to take advantage of themselves of this opportunity so that the payment of penalties and unnecessary inconvenience and embarrassment might later be avoided.

Residents of Kentucky are required to report their entire income regardless of the source. Thus, in addition to all income from personal services performed outside of Kentucky and from property and other sources located outside of this state, a non-resident is required to report all income from personal services performed in Kentucky in addition to all income from property and other sources in this state.

Returns are required of single individuals (including those who have gross income of \$1,500 or more or a net income of \$1,000 or more. Married individuals are required to file if their combined gross income exceeds \$3,000 or more or if they have a net income of \$2,500 or more.

Individuals are entitled to a personal exemption of \$2,500 which exemption is "head-of-family" is defined as a person who maintains in his own household one or more dependents who are close relatives to him by blood, adoption or marriage.

The Kentucky Law provides for an allowance of \$400 for each dependent under 18 years of age or for a dependent over 18 years of age who is physically incapable of self-support. Such dependents must receive more than 50 per cent of their support from the taxpayer claiming the exemption.

First High Mass To Be Sung In City

The First High Mass of the Catholic Church ever to be held in Morehead, will be sung at the Chapel of the Infant Jesus on Station, located on Easter Sunday at 9:30 a. m.

The choir that will sing the High Mass will come from Mayville. They are the children of the St. Patrick School there. Father Eugene Moore, who has charge of the Morehead parish is assistant pastor at Mayville.

Christy Creek Railroad To Be Discontinued

Trucks Will Replace Transportation System For Refractory Mines

Discontinuance of its spur railroad in Rowan County has been announced by the General Refractories Company.

This road, which runs about seven miles up Christy Creek, will cease service as soon as a landing ramp can be constructed near Robburn.

The road-bed was laid in 1920 and since that time the Christy Creek Clay mines, employing around 80 men, has supplied a large portion of the clay used by General Refractories in Carter County. The railroad is used to take empty cars to the mines and then haul them when filled to Robburn where they are switched to Chesapeake and Ohio freight trains which transport them to Carter County.

Discontinuance of the road does not mean that the clay mines will be closed down. They will continue normal operations, but the output will be transported to Robburn by trucks. Trucks on the ramp, and loaded into the cars.

Many years ago the people in Rowan County started calling this "Claude Kessler's Railroad." Mr. Kessler, by nature an affable and pleasant person, is one of the best known citizens in the county. The road has had, hauling the first load of clay on Dec. 27, 1920. The year he had begun to haul the clay.

But, it will only be a month, or so until Claude pilots the "Claude Kessler Special" on its last run.

Main Street Repairs Promised Morehead Group

The State Highway Commission, through the Board of Trade, committee Tuesday that repairs on Main Street will be completed within the next two weeks.

The Board of Trade Committee, composed of Glenn Lane, Otto Carl, W. J. Sample and Claude Clayton, also petitioned the highway department for the widening of Main Street from the postoffice corner east. A survey will be made and the asphalt road work was laid out this year.

Other members of the committee, Elijah M. Hooge and W. E. Crutcher, were unable to make the Frankfort trip.

Sales Report At Morehead Stockyards

Tuesday's sale report at the Morehead Stockyards: HOGS: Packers, \$21.80; shoats, \$23.00; \$17.00; sows and pigs \$23.00. CATTLE: Steers, \$18.00; \$21.00; Milk cows, \$65.00; \$115.00; weaners, \$15.00; \$18.00; cows and calves, \$25.00; veals, \$29.00; \$24.00; \$28.00.

Remains Of George Black Arrives In State

The U. S. Army notified Mrs. Grace Black of Morehead, that the remains of her son, Pvt. George D. Black, will arrive in the state soon.

Pvt. Black was killed in the European theater in 1944. The body will be sent to the Morehead funeral home. The final rites will be held at the Mount Pisgah Church.

It's getting so these days that you can't judge a man's character by the size of the automobile he drives.

In every Church the world over, men and women pray together this Easter for the eternal continuance of a world at peace, a brotherhood of all men united by God.

Forest Fire Danger Greater In Kentucky

Next Month To Six Weeks Critical Period

Fire danger in the Cumberland National Forest will reach its peak during the next month or two, H. L. Borden of Winchester, said today.

Already reports of fires are beginning to come in from Hangers. Twenty fires, burning 400 acres, were called on the forest.

Borden called on all persons in and around forest areas to be extremely careful with fire. He said it is good rule to follow was never to smoke while walking through fields or woods; always stop and clear away the leaves and brush before leaving. Nearly all match and cigarette stubs should be disposed of properly.

Many persons have the mistaken idea that enough rain has fallen this spring to make the soil so moist that it will not follow a rain. Ordinarily it is not safe to burn farm debris until the soil is moist following a good rain. If any material is burned after 5 p. m., however, it is not safe to burn it until the soil is moist.

To gain detailed knowledge of GM, Hires-Matic Drive, the automatic transmission adopted by Pontiac this year, Mr. Sam Phillips of the Valley View Service Station is attending a factory-sponsored course of instruction in Ashland.

Those attending this school will receive individual instruction from H. Seiler, Pontiac zone service instructor, through the use of training aids and actual work on no-dielectric, no-shift transmission itself.

It's getting so these days that you can't judge a man's character by the size of the automobile he drives.

Costume Ball To Be Given April 9

The Beaux Arts Club of the Morehead College will present their third annual costume ball on Saturday, April 9.

The music for this year's party fashioned after the various costume-strip characters, is to be furnished by Tom Dunbar and his orchestra. The costumes are to be furnished by individuals, with prizes for the most original and most original.

Morehead Easter Sunrise Service At 6:30 Sunday

Six-thirty a. m. will be the hour of the Easter Sunrise Service on the steps of Camden Memorial Library this Sunday morning. This is the second year the program are the Rev. B. W. Moore and the Rev. Elmore Kyle. Dr. William Jesse Baird preside at the service.

"Beauty for Ashes" will be the subject of the Rev. David Sager's sermon at this service. Mr. Sager is the Minister of the Morehead Methodist Church.

Other local ministers appearing in the program are the Rev. B. W. Moore and the Rev. Elmore Kyle. Dr. William Jesse Baird preside at the service.

Music for the service is being provided by the Council of the College and will feature the college chorus in special Easter arrangements.

Vale Homemakers Meet At Carter Home

By Mrs. George Lewis The Vale Homemakers Club met at the home of Mrs. John Carter this month. The lesson given at this meeting was "Innocence and its proper treatment." A demonstration was given on making a floor polisher which was very helpful.

Those present at the meeting were Mrs. Lillian Beer, Mrs. Edith Chadwell, Mrs. Muri Fouch, Mrs. Bill Carter, Mrs. Louise Hamilton, Mrs. Lydia Carter and Mrs. George Lewis, and the home agent, Mrs. Sinclair.

After the lesson, refreshments were served by Mrs. Carter. The next meeting will be held at the home of Mrs. Lydia Carter on Tuesday, April 6 at 1:30. The lesson will be on "Innocence and its proper treatment."

Jake Proffit Jr. Funeral Held Sunday

Funeral rites for Jake Proffit, Jr., Rowan County's first aviator, were held Sunday at 10:30 a. m. at the Christian Church in Morehead. The service was conducted by Rev. W. H. Lenton, pastor.

Interment was at the Mount Pisgah Cemetery. The Ferguson Funeral Home handled the arrangements.

Police Force Created By State Assembly

Probe Of Kentucky's Entire Educational System Is Voted

Legislative action was completed last Friday on the Administration bill creating a State police force when the Senate passed the bill 25 to 11. The House already had passed the measure 71 to 16.

Labor unions opposed the bill claiming the police power could be used in strikes against union pickets.

The bill confers general police powers on the Highway Patrol in contrast to present law which limits authority to enforcement of motor-vehicle laws. The new power will be state-wide, with this exception: officials of cities with a population of more than 10,000 may request before the State police can augment the City police.

The bill also provides for the creation of a State police force, to be headed by a \$5,000-a-year commissioner appointed by the Governor. It appropriates \$150,000 a year from the general fund in addition to the \$700,000 a year the Highway Patrol now draws from the fund.

Senator Cox, in explaining the measure, said it was drawn from the best features to be found in a model bill by the Council of State Governments, plus the best features of State police successfully functioning in Pennsylvania, Michigan, Indiana, New York and California.

By a vote of 33 to 0, the Senate approved introducing an inquiry into Kentucky's entire educational system. The proposal is to be introduced by Sen. J. L. Moore, Frankfort Democrat, now subject to the House.

It calls for the newly created Legislative Research Commission which is to be headed by Gov. Earle Clements to give priority to the investigation and report to the 1950 Legislature.

The commission's resolution proposed that the State should investigate the State's school districts in order to determine if the State is in an "unskillful" fashion being run. The State aid is not increased at a rate comparable to the rate State aid to schools has increased.

Methodists And Christians Have Lenten Services

Special Lenten services are scheduled Friday evening at the Christian and Methodist churches in Morehead. To avoid conflict with the Lenten cantata, the "Seven Words of Christ" by the Methodist church will be held at 8:15.

The church choir and the Music Department of Morehead College have combined for the latter presentation.

Richard Johnson Dies In Freuchburg Hospital

Richard Johnson, 67, of Cogswell, Rowan County, died Saturday in the Freuchburg hospital.

Funeral services were conducted from the residence Tuesday by Rev. P. Hall with interment in the Johnson Cemetery on Hamley Creek. Arrangements were handled by the Anderson Funeral Home.

Survivors include the following: brothers and sisters: J. D. Johnson of Bangor; J. D. Johnson, Morehead; J. W. Johnson and Mrs. Francis Hayes, both of Cogswell; and Mauda Lou McKinney, Vilpo, Ky.

Hung Jury Results Again In Brown Trial

Judge Winn Will Consider Defense Plea For Bond Saturday

After reporting four times to the court that they were hopelessly deadlocked, the jury in the trial of Orville Brown, charged with the slayings of Eddie Johnson and Robert Carter at Johnson rural place near Elliottville, was discharged yesterday by Judge J. W. Winn.

The Circuit Judge then set a re-trial for the same case at a jury, hearing the May term at the November term, was unable to agree.

Judge Winn said that he would consider a hearing Saturday on motion of defense counsel to allow Brown bond. He has been in the hospital for almost a year after a heart had been refused by the County and Circuit Courts.

Entered a plea of "not guilty." Brown introduced his mother and wife as principal witnesses. The bill creating a department of State police was passed the bill 25 to 11. The House already had passed the measure 71 to 16.

Labor unions opposed the bill claiming the police power could be used in strikes against union pickets.

The bill confers general police powers on the Highway Patrol in contrast to present law which limits authority to enforcement of motor-vehicle laws. The new power will be state-wide, with this exception: officials of cities with a population of more than 10,000 may request before the State police can augment the City police.

The bill also provides for the creation of a State police force, to be headed by a \$5,000-a-year commissioner appointed by the Governor. It appropriates \$150,000 a year from the general fund in addition to the \$700,000 a year the Highway Patrol now draws from the fund.

Senator Cox, in explaining the measure, said it was drawn from the best features to be found in a model bill by the Council of State Governments, plus the best features of State police successfully functioning in Pennsylvania, Michigan, Indiana, New York and California.

By a vote of 33 to 0, the Senate approved introducing an inquiry into Kentucky's entire educational system. The proposal is to be introduced by Sen. J. L. Moore, Frankfort Democrat, now subject to the House.

It calls for the newly created Legislative Research Commission which is to be headed by Gov. Earle Clements to give priority to the investigation and report to the 1950 Legislature.

The commission's resolution proposed that the State should investigate the State's school districts in order to determine if the State is in an "unskillful" fashion being run. The State aid is not increased at a rate comparable to the rate State aid to schools has increased.

Cooper Home Burns At Poplar Plains

The 9-room frame home of Mrs. Emma L. Cooper, located in Poplar Plains, was completely destroyed by flames which started in the kitchen after an explosion of a gas stove.

Most of the furnishings of the house were lost. Mrs. Cooper has seven children. Joseph D. Humphrey, acting chairman of the board of the Cooper family, also lost clothing and a valued library of books.

The first meeting of the Adult Homemakers Class was held Tuesday evening, in the high school economics department of Breckinridge.

This class is open to all the homemakers in the county who are interested in clothing and home economics. Since this class is under the auspices of the Board of Education, there is no enrollment fee.

Mrs. Barbara Hunt, member of the college faculty, gave a talk and demonstration on many of the problems that are of special interest to women. Longer styles are prevalent. Many ideas for making over garments, mostly lengthening or changing sleeves or necklines, were given.

Mrs. Hunt discussed pressing and showed the various time-savers in pressing. Shrinkage was the next topic and she demonstrated the group of women that are very likely to be in the group. It is made in a very important manner as four and one half inches to a yard.

It was pointed out that Rowan County is in a "fame fading" section and that means that blue or green clothes of acetate rayon are very likely to turn a reddish color if left hanging in a wardrobe that heats with gas or where there is a draft. It is now possible to buy nice goods and ready to wear that is guaranteed against gas fading.

By H. H. Rice, head of the High School Home Economics Department.

W. K. Kenney, C&O Employee Dies Thursday

Funeral Services Held Sunday; Had Been Local Resident For 12 Years

A few weeks or serious illness caused the death Thursday of W. K. Kenney, 46, a resident of Morehead for the past 12 years.

Funeral services were held Sunday afternoon in the Morehead Methodist Church by Rev. David Sager, assisted by Rev. H. D. Fulbourn. The Masonic Lodge (Morehead Chapter 654 P. A. M.) was in charge of the services.

Burial was in the Brown Cemetery. The Anderson Funeral Home handled the arrangements.

Mr. Kenney was born at Glen, Wilton, Va., the son of Mr. and Mrs. W. K. Kenney. He was a telegraph lineman for the C&O Railway for 25 years, moving to Morehead in 1927.

Surviving are his mother, Mrs. Gertrude Wilton, his wife, Mrs. Gertrude Kenney, and four children: James Wilton, 16, Buddy, 14, Billy, 10, and Lewis, 4, all home; three brothers, Vernon Kenney, Mrs. Hope, W. Va.; Tom Kenney, of Richmond, Mich.; and Dennis Kenney of Morehead, Va., and two sisters: Mrs. E. E. Benison, Loraine, Ohio; and Mrs. Arnold of Glen Wilton.

Mr. Kenney was moved to a Lexington hospital when he became ill six weeks ago. Later he was transferred to the Clifton Forge Hospital. Hope for his recovery had been abandoned by the County and Circuit Courts.

Entered a plea of "not guilty." Brown introduced his mother and wife as principal witnesses. The bill creating a department of State police was passed the bill 25 to 11. The House already had passed the measure 71 to 16.

Labor unions opposed the bill claiming the police power could be used in strikes against union pickets.

The bill confers general police powers on the Highway Patrol in contrast to present law which limits authority to enforcement of motor-vehicle laws. The new power will be state-wide, with this exception: officials of cities with a population of more than 10,000 may request before the State police can augment the City police.

The bill also provides for the creation of a State police force, to be headed by a \$5,000-a-year commissioner appointed by the Governor. It appropriates \$150,000 a year from the general fund in addition to the \$700,000 a year the Highway Patrol now draws from the fund.

Senator Cox, in explaining the measure, said it was drawn from the best features to be found in a model bill by the Council of State Governments, plus the best features of State police successfully functioning in Pennsylvania, Michigan, Indiana, New York and California.

By a vote of 33 to 0, the Senate approved introducing an inquiry into Kentucky's entire educational system. The proposal is to be introduced by Sen. J. L. Moore, Frankfort Democrat, now subject to the House.

It calls for the newly created Legislative Research Commission which is to be headed by Gov. Earle Clements to give priority to the investigation and report to the 1950 Legislature.

The commission's resolution proposed that the State should investigate the State's school districts in order to determine if the State is in an "unskillful" fashion being run. The State aid is not increased at a rate comparable to the rate State aid to schools has increased.

Clothing Problems Discussed By Adult Homemakers Of County

The first meeting of the Adult Homemakers Class was held Tuesday evening, in the high school economics department of Breckinridge.

This class is open to all the homemakers in the county who are interested in clothing and home economics. Since this class is under the auspices of the Board of Education, there is no enrollment fee.

Mrs. Barbara Hunt, member of the college faculty, gave a talk and demonstration on many of the problems that are of special interest to women. Longer styles are prevalent. Many ideas for making over garments, mostly lengthening or changing sleeves or necklines, were given.

Mrs. Hunt discussed pressing and showed the various time-savers in pressing. Shrinkage was the next topic and she demonstrated the group of women that are very likely to be in the group. It is made in a very important manner as four and one half inches to a yard.

It was pointed out that Rowan County is in a "fame fading" section and that means that blue or green clothes of acetate rayon are very likely to turn a reddish color if left hanging in a wardrobe that heats with gas or where there is a draft. It is now possible to buy nice goods and ready to wear that is guaranteed against gas fading.

By H. H. Rice, head of the High School Home Economics Department.

Department assigned Miss Hunt and told of a number of interesting meetings to look forward to. A film on "Shortcuts to Ironing" and an all day sewing clinic that any homemaker may learn to use all the machine attachments, and Mrs. J. B. Rice, Mrs. Rice said would be scheduled.

The homemaker that was present at first meeting were Mrs. Julia Chadwell, Mrs. Burnice Gorman, Mrs. J. B. Rice, Mrs. Rice said would be scheduled.

The next meeting will be Tuesday evening March 31 at 7:30 p. m. in the high school economics department at Breckinridge. The lesson for the next meeting will be on "Shortcuts to Ironing" and an all day sewing clinic that any homemaker may learn to use all the machine attachments, and Mrs. J. B. Rice, Mrs. Rice said would be scheduled.

CAMPUS CLUB TO PRESENT HYPNOTIST

William Preston, internationally famous hypnotist, will appear at the College Auditorium on Thursday, April 23, at 8 p. m.

One board could eliminate sectional prejudices that, in the past have played the State-college bloc against the university. It could eliminate the brand of petty politics that, in the past, has reduced Morehead to a political pawn in Morehead and Rowan County.

And one board would eliminate the political office of superintendent of public instruction as a puppet vote—the controlling vote—on each of the four boards administering the State colleges.

In addition to a fine demonstration of hypnotism, Preston will present a scintillating magic show.

What Other Editors Say

Higher Education Reforms Needed

The Governor's clean beginning of reforms in the common-school system makes it more probable that he was unable to pass the bill creating one board for the six institutions of higher learning.

The bill sponsored by Senator O. M. Lyon, Morehead, got two readings; but it was killed in Rules Committee by partisans of the two, and possibly three, of the four State colleges.

For one, I hope the Governor does not lose heart at the temporary defeat of his big chance to unify six big State schools into one well-ordered system of higher education. Under six boards, the system too often is self-defeated by cross-purposes.

The chance is golden for concerted reform, in one grand sweep, from kindergarten through college. Perhaps the Governor can explore his power to create the board by executive order. After all, what will it get him to set education in order below the 12th Grade, if chaotic control is to continue above?

As it is, one board administers the University of Kentucky, four administer the four State Colleges and the sixth administers Kentucky State College for

Strikes

The Bureau of Labor Statistics has reported that the number of work stoppages due to strikes increased in January—just as they were expected to. The Bureau points out that work stoppages usually increase after the first of the year, but pointed out that the increase this year was less than last year's. About 176 new shut-downs began in Jan. as against 129 in Dec. and 320 in Jan. 1947.

It's Being Done at Willow Run!

Kaiser-Frazer Introduces Four New 1948 Models

- The 1948 KAISER • The 1948 KAISER CUSTOM
- The 1948 FRAZER • The 1948 FRAZER MANHATTAN

AT NO INCREASE IN PRICE!

While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials. . . has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Run—the largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features that Others have attempted to copy since Kaiser-Frazer design was introduced in 1947.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability. . . the ride resulting from seats cradled between the front and rear wheels, such wide seats with both elbow and shoulder room. And none have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made possible by years-ahead engineering and design. And, of course, all 1948 Kaiser-Frazer cars have the new Goodyear 24 pound pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars—the 1948 cars that have not gone up in price!

Whenever you drive, wherever you go, toward the center, down the street, there is a Kaiser-Frazer dealer ready to serve you with genuine factory parts and approved service.

We invite you to SEE, DRIVE and COMPARE Them, Today!

City Ordinance Obstructions On Sidewalks

The City Council of the City of Morehead, Kentucky, do ordain as follows: Sec. 1. It shall be unlawful for any owner or occupant of any building adjoining any sidewalk within the city to display any goods or wares of any kind by placing same upon the sidewalk within the city. Sec. 2. Any goods, merchandise or wares of any kind that may be unloaded from any truck or other conveyance upon any sidewalk within the city shall be removed from said sidewalk by the consignee as soon as possible after delivery. Sec. 3. In case, for any reason, it shall be necessary to unstack any goods, merchandise or wares before removing same into any building to the consignee shall immediately after said unstacking, remove all boxes, crates, papers or other debris from said sidewalks and not permit same to be scattered upon any street or avenue. Sec. 4. No person, firm or corporation shall use any sidewalk within the city as a place to measure goods or lay out their wares. Any person, firm, or corporation violating any section of this ordinance, after due notice, shall be fined not less than \$1.00 nor more than \$5.00 for each offense. This ordinance shall take effect upon its passage and publication as required by law. Passed March 1, C. Blair, Approved N. E. Kennard, Mayor

SOCIETY

Hall-Gilkinson Marriage Solemnized Friday
The wedding of Miss Mae Hall, daughter of Mrs. Surena Hall, and Mr. Glenn Gilkinson, son of

Mr. and Mrs. Walter Gilkinson, took place Friday, March 18, at 4:00 p. m. in the Methodist Church, with Rev. David Sageser officiating.

The bride wore a two piece off-white gaudine dress with a shoulder length veil, and carried a white Bible covered with gardenias and freesias.
Mrs. Frensis Bach, matron of honor, wore a pink fall dress, and carried a bouquet of iris, gubera, status and pink carnations.
Ernest Reynolds served as the groom's best man, and Messrs. Harold Stone and Hendrix Tolliver were ushers.

Miss Janet Patrick sang several selections accompanied by Miss Nancy Jane Holbrook at the organ.

The bride is a graduate of the Breckinridge Training School and for the past three years has been employed in Dr. O. M. Lyon's dental office.
The groom is a graduate of Morehead High School, attended Morehead State College and from there was inducted into the Army, serving three years overseas.

After a short honeymoon, the couple will make their home with the groom's parents on Route 1, Morehead.

Stone-Carver Wedding Solemnized

The home of Rev. and Mrs. Delmore Cooper, Morehead, was the scene of a quiet wedding when Miss Elaine Stone became the bride of Wilford Carver, Saturday, Feb. 23, p. m.

The bride is the only daughter of Mr. and Mrs. George Stone, St. Clair, Ky., and she graduated from Laurel High School with the class of 1944, attended Morehead College and taught in the Lewis county Schools.

The groom is the youngest son of Mr. and Mrs. James Carver, formerly of Tolleboro, but now of Decatur, Ohio. He received his education in the Lewis County Schools.

Immediately following the ceremony the couple left for their home at Decatur, where the groom is engaged in farming with his father.

The bride is a niece of Herbert J. Webb of Morehead, a well-known teacher in Rowan County.

VALVE-IN-HEAD is far ahead!

in performance and economy...
in ruggedness and reliability!

- 1 In the world's champion Chevrolet engine, the valves are located in the head of the cylinder, directly over the pistons... hence the name, Valve-in-Head.
- 2 Valve-in-Head design provides faster intake of fuel mixture... and quicker and more complete exhaust of burned gases... all of which contributes to better performance and economy.
- 3 Valve-in-Head design also permits a more compact combustion chamber; and this, together with Chevrolet's "Blue Flame" combustion, means more driving power for the pistons—less heat loss—and maximum economy.

Automotive experts and millions of motorists agree: Valve-in-Head is far ahead because it gives an outstanding combination of performance, endurance, dependability and economy... Chevrolet—master builder of this master motor—has proved this by producing more than 20 million Valve-in-Head engines during the past thirty-seven years—engines which hold the distinction of having delivered more billions of miles of satisfaction, to more owners, over a longer period, than any other power-plant built today! Chevrolet's World's Champion Valve-in-Head engine is another powerful reason why CHEVROLET and ONLY CHEVROLET is first... another convincing proof that only Chevrolet gives BIG-CAR QUALITY AT LOWEST COST!

CHEVROLET and ONLY CHEVROLET IS FIRST!

Sunday School Lesson

ETERNAL LIFE (Easter)

International Sunday School Lesson for March 28, 1948
GOLDEN TEXT: "This is and carries with it an assurance of personal immortality."
Christians identify Easter with the resurrection of the Lord, having been arrested in the Garden of Gethsemane late Thursday night, falsely accused, convicted and humiliated early Friday, he was finally escorted out to Golgotha where he was crucified between two malefactors. His body was placed in the tomb by Nicodemus and Joseph of Arimathea, where it lay until late Friday afternoon until his resurrection, early on the first day of the week, called by us, Sunday.
A group of women who had known and loved Jesus, went to

the tomb early on Easter morn sweeping because they had found one whom they loved to whom they were suffering the sadness that is probably the most common sadness that people know of that of parting from a loved one who has died. However, the joy that came to them in the knowledge that Jesus had risen from the dead is one that is shared by many. Because Jesus rose, we believe we shall rise also. This belief should do much to dispel the fear that many people have of passing through the shadow of death.
A personal faith in immortality, as the strongest possible incentive for living properly. Rufus M. Jones declares, "The business of living or hating, of being pure or impure, of spreading peace or weaving bitterness into the fabric of life is eternal business. For all the time as one acts, one is forming the atmosphere in which he is going to live eternally. This life and the life beyond are not two things but one, or at least at parts of a whole."
Paul, in his writings, shows clearly that he has no use for that class of individual who thinks of the life and immortality which Christ brought to light as something to be enjoyed only after death. He knew that here and now amid all the struggles and trials and temptations of this present life, the faithful rise with Christ from the dead of sin to newness of life. This new life must be lived faithfully every day, and cannot be put on and taken off as one would a new garment.
The Christian clothes himself, at the beginning of each day, with unselfishness, a forgiving and patient kindness, patience and forgiveness. Inner peace will show itself in peace with all men, as one practices the preface of Christ in the life.
The Apostle John says that one who has been raised with Christ may know that he is the child of God and if the child of God, then he is in the love of God, then he is in the love of God. How may one know that he is eternally saved? John answers by giving at least seven reasons:
(1) Because we believe in Jesus Christ, (2) because we are obedient to him, (3) because we have been given spiritual insight, (4) because we have been enabled to persevere to the end, (5) because we have been strengthened to overcome the power of sin, (6) because we love one another, and (7) because we have the Spirit of God in our hearts.
Lyman Abbott, in "The Other Room," declares: "The difference between the mortal and the immortal life is not made by death. The immortal life is the life which pain, sickness and death cannot terminate. It is the life of faith, hope and love. Such life is immortal life, because mortality cannot touch it. The body is always dying, it is an ever-perpetual process of decay; but the spirit of faith, hope and love is in the process of eternal life. It is eternal because it stands in no time-relation; not because it begins beyond the confines of time—there are no confines—but because it has no time-boundaries."
"All life has its laws. If we obey the laws of the spiritual life we have a right to spiritual life. There are laws of the body, and if one complies with these laws he has a right to health. So there are laws of the spirit, and if one obeys them, he has a right to expect spiritual life, which, because it is the life of the spirit, it is a deathless life."

NO ROAD NEEDED

The 4-Wheel-Drive Jeep Gets Through to the Job

Whenever men, tools and equipment must be taken right to the job, the "Jeep" is the answer. It goes wherever the work requires—through mud, sand or bad roads and over terrain impossible to cross with ordinary vehicles. It operates with speed and economy on the highway in conventional 2-wheel drive; yet shifts instantly to 4-wheel drive for sure traction and steady pulling over rough country.

POWER WHERE NEEDED

The Universal "Jeep" provides power when and where needed. With power-take-off the "Jeep" operates compressors, welders, generators, winches, blowers and other equipment which can be mounted on it.

Four-star hit!

Crowds everywhere hail New Hudson

the car you step down into!

HUDSON is a new type of motor car no one else in America is prepared to build today! It's just five feet from ground to top, but with more inside head room and roomier seats than in any other mass-produced car.

Hudson is the only American-built car you step down into when entering, not up on—yet it maintains road clearance.

Hudson's new, all steel Monobilt body-and-frame is the only motor-car construction that completely encloses you, even outside the rear wheels, with a rugged box-steel foundation frame.

You ride within this frame, graded between axles. And as you ride, Hudson's combination of unique construction and comfort features gives you a sensation of safety and smooth going unlike anything you've known before!

Try automatic gear shifting in forward speeds as provided by Hudson's "Drive-Master" transmission. Drive Hudson's all-new Super-Six engine—the most powerful six built today—or the masterful Super-Eight.

Stop in at the nearest Hudson showroom. Discover why Hudson is the Number-One attraction today!

EASTER'S CYCLE OF FAITH . . .

Life's tiny rivulets flow forever into that mysterious, unfathomable ocean which we call Death. The sun drinks from the dark waters and returns life-giving rain to earth, thus completing the Divine cycle of resurrection.

In this parable of Nature, we can read the promise of eternal life. At each Easter, we reaffirm our Christian faith, that the souls of men shall be drawn again to the God who created them.

Highest Burley Price in History Is Recorded

Averaged \$48.30
Hundred Lbs.; Volume
Smallest Since 1943

The 1947 Burley tobacco crop, comprised of the largest proportions of thin-bodied smoking grades found in any crop produced during the past 10 years, brought the highest general average price on record.

Two of the 30 markers averaged \$59.00 or better. The United States Department of Agriculture reports gross sales amounted to 50,009,507 pounds for an average of \$48.30 per hundred. The volume was the smallest since the 1943 crop and around 135 million pounds less than that of last season. However the general average was \$8.63 higher.

The nearest approach to this year's average was the \$45.35 per hundred established for the 1943 crop. Several factors were responsible for the high prices paid farmers this season. Chief of these was the strong demand of domestic cigarette manufacturers. Second was the increased Commodity Credit Corporation advance loan value for grades . . .

The loan values for practically all loan grades were raised from \$1.00 to \$1.10 over the 1948 crop schedule. Contributing factors, but of lesser importance, were the smallest size of the crop compared with those recent years and the brighter outlook of export possibilities. Comparative average prices by grades with those of the previous year show the increases ranging from \$1.00 to \$13.00 per hundred but most were around \$3.00 to \$10.00. The largest gains were for low to fine redleaf tan and red leaf, both tan and red tips and green lugs, low and fair green flyings and best thin nonspeck. These increased from \$8.00 to \$11.50 generally. Smallest advances were recorded for the better grades of tan leaf, all buff and tan flyings. These were from \$1.00 to \$5.00.

The big improvement in the quality of the crop was the unusually large proportions of buff and tan colored offerings and the increased percentage of lugs and . . .

MAKES YOU MORE DOLLARS PER ACRE . . . Three Ways

Preston Fools Charlie McCarthy

Shown above is Preston, magician and hypnotist, as he pulled a rabbit out of Charlie McCarthy's famous top hat. Edgar Bergen looks on in amusement. Preston will present his show of magic and hypnotism at the College Auditorium, Thursday, April 14, 8 p. m. The show is under the sponsorship of the Campus Club. In addition to an amusing and amazing show of magic, Preston will actually hypnotize volunteer subjects from the audience, causing them to perform many strange and unbelievable antics. This is truly a show you can't afford to miss!

flyings. Buff and tan color made up nearly 60 per cent of sales and lugs and flyings nearly one-half of the marketings. This combination resulted in the crop being considered the most valuable since that of 1936. Comparative amounts of the red and dark red grades were the smallest on record. Sales consisted principally of low to good qualities. Outstanding grades were fair redleaf tan leaf, low to good tan lugs and flyings, and fair red tips. Marketing began on Monday, Dec. 1, and the last regular sale was held at Lexington on Feb. 27.

The burley national marketing quota for 1948 has been set at 514 million pounds with the 1947 quota at 454,333 pounds, averaging \$47.27. The Mt. Sterling market sold 1,063,640 lbs. averaging \$39.77.

Army Day Observance Set For April 6

Secretary of Defense James Forrestal, characterizing the Army as "an instrument of peace no less than of war", issued a statement proclaimed by President Truman for April 6. Secretary of Defense James Forrestal's full statement: "On this Army Day, with American soldiers still guarding the territories surrendered by the enemy more than two years ago, it may be timely for us to remind ourselves that the Army, like all the military forces of the United States, is an instrument of peace no less than of war. The spirit in which the difficult and delicate task of occupying lands and administering the territories of our former enemies has been undertaken, reflects the willingness to assume a burdensome responsibility, and the unwavering devotion to the welfare and will of the public, which are characteristic of the Army of a democracy.

Rowan V.F.W. Selects Officers For This Year

At a recent meeting of the Rowan County Post No. 7541, Veterans of Foreign Wars, the following officers were elected for the coming year: Commander, Albert Patton; Senior Vice Commander, Clyde Callahan, Jr.; Vice Commander, Randall Wells; Quartermaster, Adjutant, Tommie Dugan; Judge Advocate, Elijah M. Hogg; Chaplain, Joe Mauk; Three Year Trustee, Clyde Litton.

Installation ceremonies of the new officers will be held at a future date to be announced later, in conjunction with a dinner, at which the public will be invited, as this will be considered as an open meeting of the local post. Many state officers are invited. The local post went on record at their recent meeting as being opposed to the closing of the local Employment Service office. It was felt that it would cause undue hardships upon the ex-service-men of this area along with the non-service personnel. Telegrams requesting its retention were sent to Vego Barnes at Frankfort.

Do This For Child's Cold

COUGHING, MUSCULAR TENSIONS OF CHILD'S COLD
When you rub it on throat, chest and back, Vicks VapoRub starts right to work to soothe irritation, ease coughing, relieve muscular aches and pains. And VapoRub keeps on working for hours in the night to bring relief to your child sleep!

At bedtime, rub Vicks VapoRub on Vicks VapoRub. It relieves distress in 15 minutes and keeps your child sleeping peacefully all night long!

Export Cuba
The Commerce Department's new policy of controlling all exports to Europe went into effect on March 1st. The controls will supplement those on scarce items in effect for some time.

Don't Miss Church Easter Sunday

Just as Easter heralds the coming of spring, so it brings to us all new life, new hope and new faith in the future. And once again we renew our pledge of helpfulness to the community and offer our strength, our experience and friendly assistance whenever it may be useful.

will match bonds for the hospital on the basis of \$1 for each \$2 spent by the county. A county wide mass meeting has been scheduled for Monday night, March 29 to discuss further plans for the hospital. The organizations will sponsor an essay contest for elementary school students and another for high school students on the subject "Why We Need a Hospital in Fleming County." First prizes of \$10 and a second prize of \$5 will be awarded to the essays judged best.

Fleming County Civic Groups Plan Hospital

Thirty-two representatives of Fleming County clubs and organizations Monday attended a meeting called by Dr. John R. Cummings to consider plans for a Fleming County hospital. Officers to head the hospital drive elected at the meeting included Dr. Cummings, president; Charles Gorman, vice-president; Mrs. W. P. Dye, secretary; Miss Mae Browning, assistant secretary and O. W. McIntire, treasurer.

The present plans call for the erection of a hospital with 25 to 62 beds. The federal government

democracy. "In both peace and war, the security of our country is the mutual responsibility of soldier and civilian alike. Both are citizens, both animated by the same high purposes of peace among men, both products of the same American system of responsible freedoms. The Army must be prepared for war, and must fight if necessary; but like all Americans, it prefers to build for a future in which we hope wars will disappear."

About all that some people know about public politics is that they do not like any of them. Most people get a shock when they see what the camera does to their "beauty."

NEW HIGHER PAY And good steady work, excellent training, the opportunity to travel, the savings you make by having your food, quarters, clothing, medical and dental care provided to you, a retirement plan second-to-none—all of these make the new Regular Army one of the most attractive careers you can choose today.
