Sir,

Will you have the kindness to send me a true & perfect copy of a survey made under the direction of the Surveyor Genl of your office in the year 183- of a tract of land which formed by the action of the water of Lake Michigan at the mouth of the Cheaugy River in front of the fourth fraction of Section ten in Township 34 North of Range 16 East of the 3<sup>d</sup> Principal Meridian. I cannot give you the date of the survey nor even the year in which it was made, but I think it was about 1833-4-5- or '36- Your records will at once furnish the information. I desire the Plat for public purposes, and it is very important that I receive it at once. Your prompt compliance will greatly oblige your obedient servant
