Disclaimer/Complaints regulations

If you believe that digital publication of certain material infringes any of your rights or (privacy) interests, please let the Library know, stating your reasons. In case of a legitimate complaint, the Library will make the material inaccessible and/or remove it from the website. Please Ask the Library: <https://uba.uva.nl/en/contact>, or a letter to: Library of the University of Amsterdam, Secretariat, Singel 425, 1012 WP Amsterdam, The Netherlands. You will be contacted as soon as possible.

Table of contents

Chapter 1	General introduction	7
Chapter 2	Differences in compliance of the esophagogastric junction between healthy subjects, GERD patients and patients after a Nissen fundoplication <i>Submitted for publication</i>	17
Chapter 3	Stepwise radiofrequency ablation of Barrett's esophagus preserves esophageal inner diameter, compliance and motility <i>Endoscopy 2009</i>	27
Chapter 4	Scintigraphic imaging of the acid pocket: an enlarged pocket with acid coating the distal esophagus in GERD patients with hiatal hernia <i>Submitted for publication</i>	41
Chapter 5	The position of the acid pocket as a major risk factor for acidic reflux in healthy subjects and GERD patients <i>Submitted for publication</i>	57
Chapter 6	The role of GABAA receptors in the control of transient lower oesophageal sphincter relaxations in the dog <i>British Journal of Pharmacology 2008; 153: 1195-1202</i>	73
Chapter 7	Effect of Δ^9 -tetrahydrocannabinol, a cannabinoid receptor agonist on the triggering of transient lower oesophageal sphincter relaxations in dogs and humans <i>British Journal of Pharmacology 2009;156: 153-162</i>	87
Chapter 8	The GABAB receptor agonist AZD9343 inhibits transient lower esophageal sphincter relaxations and acid reflux in healthy volunteers: a phase I trial <i>Submitted for publication</i>	103
Chapter 9	Does the presence of a hiatal hernia affects the efficacy of the reflux inhibitor baclofen? <i>Accepted for publication in American Journal of Gastroenterology 2009</i>	119
Chapter 10	Summary and conclusions	135
	Samenvatting en conclusies	145
Colour figures		155
Dankwoord		159
Curriculum vitae		165
