KNOW YOUR CANDIDATES

For Secretary

My platform is a basic and simple one. I have the skills, experience, and desire to become Secretary of the Student Government in the coming election. My secretarial skills include five years of typing, two years of shorthand, and several quarters of other secretarial courses. My experience is that I have been acting as the appointed secretary since the previous elected secretary vacated her office. My knowledge of Student Government affairs is good for I have attended almost all of the Student Government meetings since the Spring Quarter of 1971.

My desire to be secretary comes from wanting to become more involved in Parkland Student affairs by representing the students and aiding in a more efficient Student Government.

Jan Hannah

For Athletics Senator

I am Gene Hart, a sophomore Physical Education Major. Athletics Senator is the Student Government position I am seeking.

The Senator of Athletics is chairman of the Student Athletics Committee; he should be aware of the policies and procedures of inter-collegiate athletics and the intramural program; and he shall also assist in the promotion and operation of athletic events, contests, and other related programs sponsored by the Parkland Physical Education Department.

Since entering this college, I have become involved with

Parkland's sports program, methods of inaugurating new programs, and some of the needs, as well as several of the problems in the Athletic Facility and the entire Athletics Program.

If elected, my policy will be to solicit suggestions from each one of you to facilitate the promotion and improvement of a more comprehensive athletic program and greater student support for all athletic events sponsored by the college.

Please cast your ballot for me on October 13 or 14th and allow me to put my proposals into operation so that better sports programs will result.

Gene Hart

For Treasurer

Greg Embry

I, Greg Embry, candidate for Treasurer of the Student Association will use all of his influence, if elected, to establish new budget priorities.

To accomplish this, I will urge that some budgets be reduced and others be increased, such as Convocations and Fine Arts, Campus Organizations, and Student Services.

By accomplishing this, money which previously benefited a few, be transferred to programs which can benefit many P.C. students.

Ron Shirley

For Public Relations Senator

As a Former member of Student Government, of the staff of the College Newspaper and last years President of the Inter-Organizational Council, I, Dave Friedmann, would like to put my experience to work for you, in the capacity of Public Relations Senator.

It is my hope as Public Relations Senator to increase the communities awareness of activities, worthwhile projects, and campus organizations, whether in the area of sports, service organizations or college related community service.

I propose to use the Student Public Relations Committee, composed of the editors of the college newspaper, yearbook and all other student publications, plus two members of the student body, to insure maximum circulation of all our activities not only throughout the college but within the community.

We, the members of the Public Relations Committee, will meet biweekly and the results of the information discussed, concerning the activities outlined above, will be forwarded to the college's information office and I will encourage their circulation through every avenue at this office's disposal.

I further intend to publish

monthly reports of the Student Governments activities in the Prospectus to keep the Student Body informed of its elected representatives progress.

I will also arrange for a member of the Public Relations Committee, under my direction, to keep the Editors of ILLIAC and the Association of College Unions International informed of the activities of the College and its Student Government for state-

KNOW YOUR CANDIDATES

For Student Services

Susan Betzold

If elected Student Services Senator, I will provide more coffee hours in the Student Center, chartered bussess, and competitive tournaments.

Unlike last year, I plan to spend all of the money in the Student Services budget.

As Student Services Senator, I will encourage much larger student involvement in the Student Services programs.

The platforms and pictures were not received from the following people.

Mary Owens, Patsy Nale, Darrell Christensen, Sidney Charles Bingham, Patty Shelby, Don Swartz, Jon Boone, Kim Streff, Preston N. Ladson, Cleveland Mason, Terry Brent Jones.

For Day Senators

Dan Brantley

My name is Dan Brantley, I am a candidate for Day Senator.

If elected I intend to initiate a liaison position and act in the capacity of that position as a voice for you, the entire Student Body, in our Student Government. To facilitate the carrying thru of this program an open forum will be held at least once each quarter and the entire Student Body invite to attend. At this forum I will invite comments, criticism and your views on areas of concern. I will then take this information to your Student Government in order to acquaint them with your desires.

It is my belief that by acting as a liaison between the Student Body and its elected representative I can best fulfill my duty as one of those representatives.

ency. To adequately reflect the needs and desires of the people he serves, a Senator must not only be a legislator but above all a good listener. Being available to my fellow students for discussion on any subject, will be the most rewarding and enjoyable part of my job if elected.

If there is one goal I could place above all others as your representative, it would be to give you a responsive student government. If this could be accomplished students would be less apathetic about college politics in general. Every student can have something to say about how Parkland College is governed.

Bob Cohoon

The position of Day Senator should be of vital importance to the student body since this position represents all of the students, whereas, the other Senators represent a select group. I Robert N. Cohoon, intend to, if elected, serve the student body to the best of my ability. At present the main importance of the Day Senator is his vote in the Senate. I will use my vote to help change things in this institution. The changes will be for the benefit of the student body as a whole and not for just a select organization or group of students. These changes will not just be changing things, but for improvements that are needed. Changes are taking place slowly. I will try to help change things more rapidly.

(Continued from page 1) Student Government and Student Organizations. I will cooperate with the members of the Publication Board and submit valid proposals for discussion.

As a second year student at Parkland I am aware of the students, who they are and how some of them feel. I hope to become better acquainted with more students and instead of just knowing what they want, putting it to work. I am willing to learn and ready to put what I know and will learn to good use for the Student Government of P C

My qualifications are: One year of accounting experience, in addition to courses in my Marketing and Business Management majors.

I was appointed Treasurer during the Summer Quarter of 1971. In the brief period since my appointment, I have brought up to date the account books of the Student Body. I installed a system that totally modernized all pre-existing procedures and made changes where necessary to insure maximum efficiency in the student accounts and in the operation of the Finance Board.

In closing, I request your continued support and your vote in my bid for re-election.

It is also my intention to work closely with the Editors of The Prospectus and The Conveniamus, the Colleges yearbook, to insure the proper usage of their respective budgets and to establish specific publication dates.

I also intend to reestablish the College Communities Literary publication, The Janus, and encourage all interested students to contribute their original works for quarterly publication.

In addition to the above, I will strive to the best of my ability, to perform all the other duties incumbent in my position. I, therefore close with a request for your support of my candidacy and if elected, your continued interest to make my job possible.

Gene McPeck

One of the most important qualifications for a Senator or anyone attempting to accomplish a worthwhile task, is the intention to do the best job possible. I have the honest desire to represent every student in Parkland College to the utmost of my abilities. If I were not so motivated, I would not be worthy of your vote.

A Senator to me, is the all important link between any governing body and its constitu-

What is PSA?

The letters P.S.A. could stand for many things such as Positive Student Action, Promote Student Action, or Planned Social Achievement. Actually P.S.A. stands for Parkland College Students in favor of PEACE AND SOCIAL AWARENESS.

I like the abbreviated form P.S.A. because these letters also represent to many students, Parkland Student Association. All students who are currently registered in classes at Parkland are voting members of the Parkland College Student Association by virtue of the Association Constitution.

This brings us to the purpose of this message. P.S.A. extends an invitation to all currently registered students to attend our next regularly scheduled meeting.

By virtue of the P.S.A. constitution all currently registered Parkland students may also vote at our meetings, even though they aren't members of our club.

To my knowledge P.S.A. is the only club on this campus that allows non-members to vote. We are organized in this manner because we don't want to decide anything for the student body.

ALL STUDENTS are cordially invited to come to the meetings on Tuesdays during College Hour at noon in M-201.

Help A Child

by David A. Friedmann

Many people help UNICEF each year by collecting money in the Trick or Treat Program at Halloween. This year, a second nationwide program called UNICEF Treat of Life Program is underway to help children in need throughout the world.

How can you help? Hunt Wesson Foods is joining the Committee for UNICEF in bringing medical aid to millions of underprivileged and deprived children. For every two back snack packs panels from Hunt's Snack Pack Cartons we send to Hunts they will provide money for 3 children to be vaccinated against Diphtheria, Whooping Cough and Tetanus.

If you now buy this product or happened to pick it up at your local grocers save the ingredients labels from the back of the package and bring them into the Student Government Office any time between now and November 1st.

Help save a life. Let's all do our part to save this world's most precious resource, its children. Tell your friends and relatives too. Its for a good cause.

SASLA

SASLA is a non-profit student association designed to meet the money needs of students in the form of short-term loans and student achievement awards.

The goal of this fund is \$3,000 per quarter. One half will be used for short-term loans and 15 achievement scholarships of \$100 each. The loan portion of the fund will be administered by a student committee and Ken Gunji, Coordinator of Financial Aid and Placement. The achievement award portion is to be administered by the SASLA Committee a representative of the whole student body.

With the current potential of SASLA, any money over \$3,000 collected each quarter could be placed in an endowment fund so SASLA would eventually become self-perpetuating.

The funds for SASLA are to be donated by students on an optional basis at registration each quarter at the rate of \$2.00 per individual.

The calendar of events is now being put out by the Office of Student Activities. This calendar will be posted weekly, containing the times and places of all meetings. This calendar will be posted outside the Student Activities Office on the Bulletin Board.
