Participatory Action Research (PAR) Training, Course, and Community Based Projects
Patricia Rodriguez, Alma R. Orozco, Jesica Siham Fernández, Laura Nichols, & Students

Training in Community-Based Participatory Action Research (PAR) Methods

- . Research Methodology
- . Research Ethics
- . Participatory Communication & Decision-Making
- . Civic Engagement & Social Action
- . Data Collection

SCU students and community members were trained in Participatory Methods and are now working together on community projects.

Proceso de Investigación

Community PAR Course / Curso de Investigación Comunitaria

Collaborative Community-Based Project Ideas

1. Academic resources & support for students with special needs
2. Documenting the impact of gentrification & possibilities for affordable housing
3. Improving the physical & environmental aspects of the community (e.g., reducing the amount of litter and other undesirable physical aspects of the neighborhood)
4. Community-based mural

Algunas Ideas para Proyectos Colaborativos en la Comunidad

1. Recursos académicos y formas de apoyo para estudiantes con necesidades especiales
2. Documentar el impacto de la gentrificación y las posibilidades de vivienda asequible
3. Mejorar los aspectos físicos y ambientales de la comunidad (por ejemplo, reducir la cantidad de basura, basura y otros aspectos físicos indeseables del vecindario)
4. Mural basado en la experiencia e historias de la comunidad

“Los callejones de la comunidad ocupan mas atención y limpieza.”

“Un mural embellece a la comunidad y enseña a profundizar nuestra cultura.”
