

European Society of Veterinary Clinical Ethology

Proceedings of the First International Conference on Veterinary Behavioural Medicine

Birmingham, UK
April 1 & 2 1997

Editors:
D.S. Mills
S.E. Heath
L.J. Harrington

Universities Federation for Animal Welfare

This collection of papers is the Proceedings of the First International Conference on Veterinary Behavioural Medicine which was held, under the auspices of the *Companion Animal Behaviour Therapy Study Group* and the *European Society of Veterinary Clinical Ethology*, in Birmingham UK on the 1st and 2nd April 1997.

The authors sent in the final drafts of their papers two months before the event and the completed volume was distributed to the delegates as they arrived on the first day of the conference.

We should like to thank the following sponsors for their financial contributions to the publishing costs

Dynavet

Novartis Animal Health

Rhône Mérieux

Sanofi Animal Health

We should also like to acknowledge the help of G Millar for typesetting and for assistance with the editing and the support of the Universities Federation for Animal Welfare with the practicalities of publication.

INTERNATIONAL VETERINARY BEHAVIOUR MEETING.

Index of Papers

Day 1

	Page
1. Conceptualising behaviour problems -separating a dog's bite from it's owner's problem. D.S.Mills, De Montfort University, UK.	7
2. Behaviour Therapy Techniques - a need for critical evaluation. D.L.Appleby, Pershore, UK, S.E.Heath, Brackley, UK.	10
3. Terminology in behavioural medicine diagnosis, necessary and sufficient conditions and mechanisms. K.L.Overall, University of Pennsylvania,USA.	14
4. Being sensitive to the sensitive period. S.D.Webster, University of Oxford, UK.	20
5. Kitty Kindy. K.Seksel, Seaforth Veterinary Hospital, Australia.	28
6. Behaviour changes in ageing dogs: A demographic analysis. B.L.Hart et al. University of California, Davis, USA.	31
7. Involutive depression in ageing dogs. M.Bourdin, Paris, France.	34
8. The use of nicergoline in the reversal of behaviour changes due to ageing in dogs: A multi-centre clinical field trial. J.Penaliggon, Rhone Merieux Ltd. UK.	37
9. Evaluation of the efficacy selegiline hydrochloride in treating behavioural disorders of emotional origin in dogs. T.Pobel, SANOFI Animal Health, France.	42
10. The role of paradoxical interspecific communication in the development of family-pack hierarchical instabilities. J.Dehasse, Brussels, Belgium.	52

- | | | |
|-----|--|----|
| 11. | Dominance aggression in young female dogs: What does this suggest about the heterogeneity of the disorder.
K.L.Overall, A.D.Beebe, University of Pennsylvania, USA. | 58 |
| 12. | Usefulness of the F4 synthetic pheromone for preventing intra-specific aggression in poorly socialised cats.
P.Pageat, Y.Tessier, Pherosynthese, France. | 64 |
| 13. | A proposed course structure for veterinary ethology.
J.Odendaal, University of Pretoria, RSA. | 74 |
| 14. | Inappropriate vocalisation in cats.
K.Seksel, Seaforth Veterinary Hospital, Australia. | 80 |
| 15. | A procedure for assessing human-companion animal compatibility.
C.Budge et al., Massey University, New Zealand. | 82 |
| 16. | A validated test to assess the temperament in dogs.
R.Ledger, M.Baxter, Brunel University, UK. | 87 |
| 17. | A survey to measure the success of rescue dog placement at a rehoming centre where a full behaviour service is offered.
G.P.Bailey et al., The Blue Cross, UK. | 93 |

Day 2.

- | | | |
|----|---|-----|
| 1. | Phobias in dogs: From diagnosis to treatment
G.Muller, Lille St. Maurice, France. | 99 |
| 2. | F4 synthetic pheromone: A means to enable handling of cats with a phobia of the veterinarian, during consultation.
P.Pageat, Y.Tessier, Pherosynthese, France. | 108 |
| 3. | Fear motivated aggression in Golden Retrievers: No correlation with inbreeding.
B.W.Knol et al., Utrecht University, The Netherlands. | 112 |
| 4. | Anxiety in cats.
J.Dehasse, Brussels, Belgium. | 114 |
| 5. | Feline elimination problems: behavioural and environmental factors associated with elimination problem behaviour.
D.Horwitz, Bridgeton, Missouri, USA. | 120 |
| 6. | Feline Psychogenic alopecia and behavioural disorders.
M.Bourdin, Paris, France. | 127 |

- | | | |
|----|--|-----|
| 7. | Separation anxiety in pet dogs.
J.Damkjær Lund, M.C.Jørgensen, Royal Veterinary and Agricultural University, Denmark. | 133 |
| 8. | Treatment of separation related anxiety in dogs with clomipramine.
B.Simpson, Southern Pines, North Carolina, USA. | 143 |

Workshops.

Workshop A: Ethics and welfare in behaviour therapy

- | | |
|--|-----|
| A comparison of different anti-barking devices. Aversive and disruptive stimuli.
X.Aubry, Chamalières, France. | 156 |
| Welfare considerations relevant to behaviour modification in domestic animals.
J.Cooper, University of Oxford and D.S.Mills, De Montfort University UK. | 164 |
| The use of electronic training collars.
R.Davison and K.Bing, Isleworth, UK. | 174 |
| Freedom fence.
D.Rogers, Pet Safe, UK. | 178 |
| Workshop B. Separation related anxiety; its definition and diagnosis.
Chair V.L.Voith, Dayton, Ohio, USA. | 181 |

Papers

- | | | |
|-----|--|-----|
| 9. | The effect of food and restricted exercise on behaviour problems in dogs.
G.Anderson, S.Marinier, Canine Academy, RSA. | 183 |
| 10. | Disruptive stimulus: Definition and application in behaviour therapy.
P.Pageat, Y.Tessier, Pherosynthese, France. | 187 |
| 11. | Use of family therapy methods in management of behaviour troubles.
C.Beata, Toulon, France. | 188 |
| 12. | Emotional experiences of dog owners facing disciplining situations with dogs.
J.Ben-Michael, University of Nijmegen, The Netherlands. | 192 |
| 13. | The Rabbit - an exotic pet with behaviour problems.
A.McBride, University of Southampton, S.Wickens, Merrits Wood College, UK. | 197 |

14. Behaviour enrichment for horses: The effect of a foraging device, "the Equiball", on the performance of stereotypic behaviour in the stabled horse. 204
J.V.Henderson et al., University of Edinburgh, UK.

15. Pharmacological treatment of feather picking in pet birds. 209
P.A.Mertens, Ludwig-Maximilians-University, Germany.

Poster Presentations

1. Hypersensitivity-hyperactivity syndrome A case report to illustrate a growing pathology. 213
C.Beata, Toulon, France.
2. Feeding behaviour disorders in cats. 214
M.Bourdin, Paris France.
3. Behavioural enrichment for indoor cats - a role for object play. 216
J.Bradshaw et al, University of Southampton.
4. Tail chasing in a cat (case report). 217
R.Bruno, Buenos Aires, Argentina.
5. Design considerations for the evaluation of tryptophan supplementation in the modification of equine behaviour. 220
J.Clark, D.S.Mils, De Montfort University, UK.
6. Calming Racehorses 221
J.Crawley and A.Charmove, Massey University, New Zealand.
7. The development and management of social phobias in dogs. 222
J.Dehasse, Brussels, Belgium.
8. The systemic approach to companion animal problem behaviour. 223
J.Dehasse, Brussels Belgium.
9. Behavioural characteristics of dog breeds; reported differences in UK and US populations. 224
D.Goodwin et al., University of Southampton, UK.
10. Assessing owner attitudes to dog behaviour: A case for owner-dog matching. 226
R.Ledger et al., Brunel University, UK.
11. Canine acral lick dermatitis: Clinical experiences regarding the pharmacological treatment of stereotypic behaviour in dogs. 227
P.Mertens,Ludwig-Maximilians University, Germany, N. Dodman Tufts University

12. Effects of castration on behaviour of male dogs with reference to the role of age and experience. 228
J.Neilson et al., University of California, US.
13. Evaluation of the efficiency of a remote controlled spray collar in the modification of an unwanted behaviour - picking up food baits. 229
P.Pageat, Y.Tessier, Ethoconseil, France.
14. Usefulness of F3 synthetic pheromone (Feliway*) in preventing behaviour problems in cats during holidays. 231
P.Pageat, Y.Tessier, Pherosynthese, France.
15. Case report: Anxiety related overgrooming in a cat and the response to amitriptyline, buspirone and clomipramine without behaviour modification. 232
K.Seksel, Seaforth Veterinary Hospital, Australia.
16. Motivations and an ethological checklist for veterinarians selling companion animal products. 233
N.Swanepoel, University of Pretoria, RSA.
17. Urban open spaces: A proposed study in the restructuring of a park in a high density, multi-cultural suburb in central Johannesburg, South Africa, incorporating companion animals and their owners' needs. 236
N.Swanepoel, University of Pretoria, RSA.
18. Close tethering for bonding, housetraining, quieting and correcting dogs. 237
R.Tripp, La Mirada, California, USA.
19. Icelandic horses: A friend is worth a bruise. 239
M.van Dierendonck, Utrecht University, The Netherlands.
20. Environmental and behavioural profiles of dogs with separation anxiety. 241
V.L.Voith et al., Dayton, Ohio, USA.
21. Efficacy of synthetic feline facial pheromone (F3) analogue (Feliway) for the treatment of chronic non-sexual urine spraying by the domestic cat. 242
J.C. White and D.S.Mills, De Montfort University, UK.
