## In Our Schools for American Education Week

Nov. 16, 6:00–7:00 p.m. ETV open circuit

Repeats Nov. 20 and 24, 10:30–11:30 a.m. Channel 1 (Unlimited rights)

In celebration of American Education Week, our State Superintendent of Education Jim Rex starts off the program with interesting comments from national leaders who themselves were teachers. Then, **In Our Schools**, which is produced by ITV as part of the SC Department of Education, features segments on key educational topics.

First, we'll find out about the **Bully Busters Club** at Batesburg-Leesville Middle School in Lexington School District Three. Started by the school counselor and built with the support of the school administration and faculty, this club that is open to anyone in the school promotes positive behavior and has made a difference in the school's atmosphere.

Also, we'll take a look at the rollout of the new **XO Laptop Program** in Marion 7 where 500 kindergarten and elementary students in one of the state's most rural districts have received their own personal laptop computer. Next, we'll get an update on the **SC Virtual School Program** that provides online learning for South Carolina students in grades 8–12. Students statewide are taking advantage of this opportunity provided by the SC Department of Education's Office of eLearning.

And finally, we'll catch up with our **South Carolina Teacher of the Year 2008–09, Jenna Hallman!** She represents all our fine SC teachers and is busy traveling the state to visit schools and districts. We'll learn about her teaching career and hear what she has done since being named as our outstanding teacher last May.

\*Please let your school community know about this special program and plan to access it!

## NEW ITV Checklist – Your Input is Very Important

Media specialist input is needed and appreciated. We need your input on what ITV and ETV resources are being used in your schools as we look to eliminate resources not utilized, add more programs to *StreamlineSC*, determine what new resources are needed by teachers, try to get our programs closed captioned, and work with ETV to migrate to new delivery systems.

**Please answer the 15 questions on the last two pages of this *ITV Update* and fax the form or go online to access it and fax to 803-737-3278 by December 19.**

We can better serve schools when we know your needs, so please take this opportunity to provide input and help us keep the resources and services you need to support curriculum. It will only take a few minutes to answer the questions and your timely response is appreciated.

Produced by ITV with ETV, **Project Discovery** in November 2006 featured many interesting historical highlights of Cherokee County, including a visit to two important Revolutionary War battle sites.

Kings Mountain National Military Park is the site where the Battle of Kings Mountain was won by a band of Patriot militia over British Major Patrick Ferguson's regiment made up of Loyalist troops. Cowpens National Battle Site is where Brigadier General Daniel Morgan's Continental regulars with Andrew Pickens' militia defeated British Lt. Colonel Banastre Tarleton.

The program also included highlights of other key places of historical importance in the area. We took a visit to see the restored log cabin of the founder of the town of Gaffney and met someone who knew all about its interesting history. This edition of **Project Discovery** is recommended for upper elementary through high school students who are studying our state's colorful and interesting past.

## Deskercise – Veterans Day and Book Week Topics

For block feed schedule for November programs and upcoming months, see grid listed below. Tape them for your teachers!

Each 10-minute **Deskercise** program is built around a weekly theme. ITV will block feed the entire month's programs (usually 4 weeks or 20 programs) during the middle of each month PRIOR to when they are recommended for use according to the weekly themes. For example, all the programs designed with themes for December use will air November 12. ITV will repeat several November topics the first of this month so you can access them if you have not yet! (See list below)

November's theme for the third week is "Children's Book Week." The five programs, each 10 minutes, for this week all contain the same core exercise segment that relates information on the importance of reading. Each of the five programs with the "Children's Book Week" theme begins with a different warm-up segment about a place in a different state and ends with a different short health tip, but the core exercise-at-your-desk segment is the same the entire week.

The series was developed in cooperation with the American Association for Health Education (AAHE) and provided by the State Department of Education through ITV. The programs are designed to be used while students move right at their desks, but they can be used in other ways. Some schools are using them at the beginning of the school day, others use them during PE classes and others use them in after-school programs.

(**IMPORTANT:** See *ITV Checklist* at the back of this *ITV Update*. Please tell us there that you want to keep **Deskercise** by putting two checks by it!)

**Special block feed of the lessons for November weeks** will repeat November 3, 9:00 a.m.–12:52 p.m. on channel 1 so you can access them for these special weeks in November: Lesson 9 *Election Day*, Lesson 10 *Veterans Day*, Lesson 11 *Children's Book Week*, and Lesson 12 *Thanksgiving Day*.

## Curriculum and Content Corner...highlighting the election, citizenship and Veterans Day...with Dianne L. Gregory

**Election Day** is coming...**November 4!** Good citizenship is such an important concept to get across to our students and communities. **ITV** offers a variety of programming available to accomplish this goal. **Primary Citizenship** for grades 1–3, told by a primary child, gives children the major ideas and experiences that they should acquire to be effective American citizens. Available through **ITV broadcast** and **StreamlineSC** for grades 7-12, **democracy it is!** explores the real-life application of core concepts in a democratic society. In each of the 4 lessons, the concepts are represented by stories of teens actively engaged in the democratic process. With politics constantly in the

news, **Citizen Brain Feeding on American Democracy** targeted for grades 4–6 is a high energy, content rich program, engaging elementary students to teach the qualities and facts about our representative democracy. Using music and the animated character, “Citizen Brain” encourages citizenship and participation in our government. **Guerrilla Guide to Politics** for grades 9–12 is a lesson designed to encourage high school students to exercise their power as citizens in our representative democracy. Both of these programs are available through the **ITV** block feed schedule and **StreamlineSC**. Detailing the history of the seventeen United States Presidents who served America during the turbulent 20<sup>th</sup> Century – Theodore Roosevelt through Bill Clinton, **20<sup>th</sup> Century Presidents** uses archival footage to make these years come to life. Available also through **StreamlineSC**, **A Conversation on the Constitution** targets high school students. The 3-lesson series features United States Supreme Court Justices discussing why we need an independent judiciary. What a great way to make politics and history come alive. Providing relevant up-to-date resources is our goal at **ITV**. We hope you will take advantage of our excellent programming.

**The Almost Painless Guide Series** encompasses five lessons that give an overview of the Election Process, the Executive Branch, the Judicial Branch, the Legislative Branch, and the US Constitution. Geared for upper elementary and middle/high school students, this series utilizes contemporary and archival video footage to offer a fresh approach to civics study. Other **ITV** resources to consider are **US Flag: Proper Use**, **The Constitution Through History**, both also available through **StreamlineSC**. Additional resources are available through the South Carolina State Election Commission at <http://www.state.sc.us/scsec/>.

Produced by **ETV** in conjunction with **ITV**, **South Carolina Elects Its Leaders** is designed to help students understand the election process and the role of political parties in our state. The duties of South Carolina’s constitutional officers are highlighted without emphasizing the holders of these offices. From fifteen to seventeen minutes in length, the eight programs in the series are designed for upper elementary and middle/high school students. A teacher’s guide accompanies the series.

Special commemorations are many during this time of year and can be located through **ITV** and **StreamlineSC**. **Veterans Day**, **Pearl Harbor Day** and **Bill of Rights Day** are recognized through our educational programs. **Serving Their Country: SC’s Greatest Generation** and **Tuskegee Airmen** available through **ITV** and **StreamlineSC** provide an unusual opportunity to meet the heroes of this period in our history. Hear the stories of South Carolinians as they relate their experiences during World War II. **Holocaust Remembrance Specials - Paul Argiewicz: Holocaust Survivor** shares a personal history of courage. Complete with teacher’s guide and correlated to the SC Standards, this program is a must for students to have an appreciation of how fortunate they are.

Through the calendar feature of **StreamlineSC**, the commemoration of Veterans Day is a learning experience worth remembering. **ITV** with **StreamlineSC** assists in bringing history to life in the classroom. Please contact us if we can be of service to your school through information about our resources or free training.

Schools pay approximately \$500 per school for all seven programs, but rights for individual programs can be purchased. For information on paying the fee to participate in CWEFT, contact Dale Van Eck at CWEFT 1-800-761-8331 or [dvaneck@cwf.org](mailto:dvaneck@cwf.org).

## FREE ETV Technology Workshop dates announced!

ETV is happy to announce our FREE Technology Workshops. The three-day workshops will take place at the ETV Studios in Columbia **March 17-19, 2009**. We will offer workshops on ways to use technology in the classroom. Registration is scheduled to begin on January 14, 2009. Presenter Proposals are now being accepted. ### Student Access

Teachers have many ways to give their students access to *StreamlineSC*:

1) Assignment Builder: The teacher creates an assignment through "Assignment Builder" located in "Teacher Center." They attach the videos they want students to have access to and are assigned a code that students use to access the assignment. The students will only have access to the videos the teacher has selected. They cannot search the site. We can come to your school and do workshops on this feature (Streamline Builders).

2) Single School Student Account for Research: We can create one student account per school. The account may be used by any number of students simultaneously. Students have access to all videos and images. They do not have access to lesson plans, quizzes or "My Content." Contact Debbie or Donna if you would like to have a student access account created for your school.

3) Teachers may download video segments and images and allow students to view them on computers in the classroom, in a lab or at home. Burn the downloaded video segments to CD or save to USB Flash drives to transport to all of the computers in the classroom or lab or to take home.

4) Teachers can save videos to a network drive that the students have access to and let the students pull the videos from that drive.

5) Save to a handheld video device (i-pod or mp3 player) for viewing individually with headphones. **You may NOT put the videos or other items from *StreamlineSC* on an open Web site. It is permissible only if the Website is password protected. It is important that students understand that these videos and images are copyrighted for use in South Carolina K-12 schools only.**

For more information about *StreamlineSC* or to arrange a training session for your school, please contact Debbie Jarrett at 803-737-3423 ([djarrett@sctev.org](mailto:djarrett@sctev.org)) or Donna Thompson at 803-737-3322 ([dthompson@sctev.org](mailto:dthompson@sctev.org)). ### **Web Talk with Michelle Flamos**

Wow, it’s already November...boy does time fly when you are having fun. Before we know it Thanksgiving and the holidays will be upon us. So in this season it gets hectic, you get a request for a resource you are not sure is available, you go to ITV and *StreamlineSC*, but you just can’t find anything on the requested subject. What do you do? Give us a shout out. We may not have a resource right away, but we need to know what is needed so that we can work to fill the resource void, if we can. Sometimes the resources are just not available or the rights/costs are so prohibitive that we just can’t acquire the lease rights for them. But it’s not over yet. If we get enough feedback on a needed resource within the state we might just be able to produce programming to address the need.

On another note, we are rolling out OnePlaceSC at EdTech, November 5–7. So be prepared for questions from your teachers about this NEW “one stop” resource! Come learn more about it by stopping by the ETV/ITV booth. Hope to see you in Myrtle Beach!

As always we are here for you 24/7. Send us an email. My email address is [mflamos@scetv.org](mailto:mflamos@scetv.org). We look forward to hearing from you.

### Newsy

### Notes

- ❖ **EdTech 2008** – We hope to see many of you at the conference! Please come by the ETV/ITV booth to say hello. We always like to renew friendships, meet new folks with technology interests and get your valuable input.
- ❖ **Special thanks to Forest Circle Middle School and Estill Middle School** - ITV and the ETV crew taped there in October and we really appreciated your hospitality and help. Thanks to all the students, teachers and administration for your assistance in helping us with these segments.
- ❖ **Hats off to Ken DeBerry!** Most of you know that Ken has been in his new position as Director of Educational Productions at ETV for almost a year and a half now. ITV still gets to work with Ken every day in his role as the coordinator and executive producer on the ETV side for all the instructional productions for K–12 and professional development that ITV facilitates for the SC Department of Education. We thank him for the great job he has done in working with ITV to make our partnership a successful one, producing programs and series to support teaching and learning for our South Carolina schools.
