Following the publication of the original article [1], we were notified of a few corrections:

1. The corresponding author should be Gisela M. Terwindt, instead of Iris E. Verhagen.
2. In the Results section of the Abstract, the phrase “Responders were older compared to non-responders and more likely to suffer from lifetime depression” should read “Responders were older compared to non-responders and less likely to suffer from lifetime depression”.
3. ICHD-II and ICHD-III were modified into ICHD-2 and ICHD-3.

The original article has been corrected.
