LIBRARY IMPACT STATEMENT LIBRARIANS' ASSESSMENT

Course: PHC 416 Integrated Pharmacy Lab III

Department, College: Pharmacy Practice, Pharmacy

Faculty Member: Celia P. MacDonnell

Date returned to Faculty: 19 September 2011

Librarian Completing Assessment: Robin B. Devin

Assessment of:

the suitability of existing resources;

- the new resources required to support the program;
- the information skills education required by the students;
 and
- the funds needed for library materials and services.
- 1. Summary of existing library holdings in relevant subject categories, including supporting collections from HELIN. Amount of money now allocated in the program area.

Since this course is a lab course with no library research assignments, current library holdings should be sufficient.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

No essential journals are listed.

3. What new resources are required to support the program (including media, computing, or other nonprint materials)?

No new resources are required.

4. What information mastery sessions will be required for the students?

No library instruction will be required.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

No new library material should be required.
