ACADEMIC STANDARDS AND CALENDAR COMMITTEE

REPORT #85-86-3

DEAN'S LIST ELIGIBILITY

The Academic Standards and Calendar Committee met on January 28, 1986 to discuss the revised section 8.57.10 of the University Manual as amended by the Faculty Senate on January 23, 1986. Because the revised section differs significantly from the intent of the Academic Standards and Calendar Committee when it originally proposed the revision to section 8.57.10, the Academic Standards and Calendar Committee recommends that the Faculty Senate rescind its recent action by approving the following revised section 8.57.10:

8.57.10 Dean's List. Undergraduate students who have achieved certain levels of academic excellence shall be honored by inclusion of their names on the "Dean's List." Each semester, the Registrar will publish lists of students who have attained the required quality point average. Full-time students qualify for the "Dean's List" by completing twelve or more credits for letter grades and by achieving a 3.3 quality point average. Part-time students qualify for the "Dean's List" by completing an accumulation of twelve or more credits for letter grades and by achieving a 3.3 quality point average.

Rationale:

The Academic Standards and Calendar Committee believes that it is essential for the university to offer access to the Dean's List to part-time students who meet the required grade point standard for each accumulation of twelve credits. However, the Committee does not believe that the university should permit the same credits to apply to the Dean's List more than one time. The insertion of "running" before "accumulation" at the January 23 Faculty Senate Meeting permitted the application of the same credits to the Dean's List more than once. Although the proposed language may appear cumbersome, the Academic Standards and Calendar Committee believes that it does clarify the Dean's List eligibility requirements for part-time students.
