Your "V" letter of March 14th was
received. It was a letter written
about April 10th. That makes 5 days - and
I can't tell! Many thanks!

Things are going well out here - as you
can see in the paper - we are moving around
all the time. We are now in a fresh
meat and some very good
and all these things are good as
much for you as for the state.

Our mail and bulletins are more
than welcome. What makes did
I have got at Harvard!! Now! Let's see
some of the same, Dingled, I'm
out of school. That would be the much
to "sweet out."

My - these chocolate covered cherries
arrived (in good condition) - thanks!

Four great cherries were promoted recently
for some reason or other - and are now
a gift. I have and I thank
you very much.
