# NEW EDITOR ANNOUNCED AT ARCHWAY BANQUET

## Teacher-Trainees Receive Their Teaching Assignments

In September, the present junior class of Teacher-Training students will begin their senior year at Bryant by putting the knowledge they have acquired here to practical use as they start a full semester of practice teaching in various schools around Rhode Island.

Their teaching assignments are as follows:

James J. Rennick, Jr., will teach Bookkeeping and allied subjects under the supervision of Mr. Edmund S. Bolton at Pawtucket East Senior High School.

Mary L. Carpenter will be at North Providence High School. She will be teaching Bookkeeping and allied subjects under the supervision of Mr. Thomas Shea.

Mary V. Flanagan, under the supervision of Mr. Elwood F. A. Euart, will be teaching Bookkeeping and allied subjects at Pawtucket West High School.

Dolores Greer, Shirley Bourbeau, and Mary Toto will train at the new Warwick Memorial High School. Bertha Duffy and Margaret Harrington will do their practice teaching at Pawtucket East High

School, Rosemary O'Neil and Philomena Castronova will be teaching at Mt. Pleasant High School, and Richard Avritch and Carol Ferrari will train at East Providence High School.

Other teaching assignments are: Eleanor Wilbur, Cranston High School; Stanley Scraba, Central High School; Gladys Kenolan, Hope High School; Audrey Perreault, Bristol High School; and Ellen O'Brien, West Warwick High School.

Some of this year's graduating teacher-trainees have obtained permanent teaching positions. Evelyn Raposa and Lorna Burton have teaching positions in Norton, Massachusetts; James Carty will teach in Portland, Connecticut; and Diane Gallant will become a member of the Bryant faculty.

Gene Cerniglia, with an excited child on his shoulders, brothers of Phi Sigma Nu, sisters of Sigma Iota Chi, and the children from the Lakeside Home enjoy some popcorn before the circus begins.

## "Skip" Wilkins, 3rd Semester Student, Takes Over Reins

On Thursday evening, June 30, approximately fifty members of the ARCHWAY Staff, Mr. and Mrs. Smith, and Mr. and Mrs. Hochberg enjoyed an excellent roast beef and lobster dinner at the Admiral Inn at the regular end-of-the-semester banquet.

During the lull between the dessert and the dancing that followed, Editor Jerry Baleman expressed his appreciation to the staff for a job well-done and presented "Archway" pins to the members of the staff who are graduating. After the presentation of the pins, he introduced Harold Wilkins as the new editor for next semester.

Harold is a brother of Phi Sigma Nu fraternity and is currently the Athletic Director of the fraternity. He is a popular figure around campus and is currently serving as Managing Editor of the ARCHWAY.

Harold, or "Skip" as his friends call him, graduated from Concordia Prep School in Bronxville, New York, in 1950, and then spent three years with the Army, stationed at SHAPE in Paris, France. He will be entering his fourth semester at Bryant this fall.

## Local School Conferences Planned Coast-to-Coast

Hundreds of communities call for discussion of today's crisis in education.

Everywhere U.S.A. — Citizens throughout America are acting now to face today's and tomorrow's local school problems and needs.

America's children right now are caught in the most serious education crisis in our history. With the tremendous growth in enrollment of the past ten years expected to continue for the next decade, the public school systems throughout the country are faced with a variety of problems, of increasing intensity.

These problems are the main topic of the state educational conferences requested by the President, and of the White House Conference on Education to be held in Washington, November 28 to December 1, of this year.

If you would like to know how to organize a local conference on education, write for the free booklet, "How Can We Discuss School Problems?", BETTER SCHOOLS, 2 West 45th Street, New York 36, N. Y.

## Archway Receives Warm Welcome From G.I. Somewhere in Korea

Miss Joan Todd of the ARCHWAY staff recently received a most welcome letter from a G.I. stationed somewhere in Korea.

It seems that this particular G.I. has not attended Bryant and, as a result of receiving a copy of the ARCHWAY, has decided entering Bryant College upon his discharge.

The G.I. wrote:

Dear Joan:  
I am in the U. S. Army serving in Korea and today received in the mail a copy of your school's paper the "Archway." Since I have never attended your college, I do not know how I managed to receive a copy of your newspaper. However, it was more than welcomed by my friends and myself.

While reading the ARCHWAY, I came across your editorial concerning the possible fate and travels of the paper. As far as traveling goes, it has crossed the ocean and landed in Korea; and as for its fate, believe me, I will not discard it as it seems some of the students are doing at Bryant. It will have a hallowed place in my locker along with other

memories of the United States and home.

Since you are a member of the "Archway's" staff, I would appreciate it very much if you would thank and congratulate the other members of the staff, and whoever was responsible for my receiving a copy of this truly fine college newspaper.

I am considering entering Bryant College when I am discharged from the Army, and the copy of the ARCHWAY which I received today has more than convinced me that Bryant is the college for me.

To you and the rest of the staff of the "Archway", good luck and keep up the good work.

Sincerely yours,  
(signed) JOSEPH H. PENDLETON

## Lakeside Home Children Treated To A Day At The Circus By Phi Sigma Nu

On Friday, June 17, the brothers of Phi Sigma Nu took ten children from the Lakeside Home to the Ringling Brothers, Barnum & Bailey Circus.

When news had reached the children in advance that they were to be taken to a circus, their excitement rose to a fever pitch. The children seemed to be literally sitting on "pins and needles" waiting for the big day.

For many of the children, it was the first time they had ever gone to a circus; and they weren't sure just what to expect. On the way to the circus, they asked over and over what they were going to see and what it was like. Before the main show began, the children were taken to see all the animals; and, of course, the favorite of all was the elephant.

During the show, the children sat in wild-eyed amazement at what was

going on around them. Some of the younger children became a little restless as the show wore on, but the brothers did a fine job of calming them down. Of course, all the children had popcorn, soda, ice cream, and all that goes with the circus.

When the entire group returned to the Lakeside Home, the children were tired but happy—some had to be carried in. The thanks expressed by all the children for this wonderful event touched the hearts of the brothers of Phi Sigma Nu, and gave them the feeling of having done something really worthwhile for these wonderful children who do not have the home life all other children have.

## G. L. Council Holds Banquet

The new and old members of the Greek Letter Council held their semi-annual banquet last night at the Admiral Inn.

The topic of discussion for the evening concerned the progress made by the council during the past semester. Mike Ruggieri, council president, thanked all the members for the co-operation they gave him during the semester. Following his short talk, Mike was presented a plaque by Vice-president George Kotuby in recognition of the fine work he performed as president.

The members of the council received trophies in recognition of their membership and efforts in the council.

Guests at the banquet included Mr. and Mrs. E. Gardner Jacobs, and Mr. Robert Drew-Bear. Mr. Drew-Bear was guest speaker for the evening.

## Business Executives Dictate to Seniors

In order to bridge the gap between classroom theory and office practice, executives in various businesses have been invited to give dictation typical of their own correspondence to senior students in this group.

The following executives have visited or will visit the campus for this purpose: Dr. Urwin Rowntree, Director of Education for Brown & Sharpe Manufacturing Company; Mr. Norris G. Abbott, Jr., Vice-president and Assistant Treasurer of the Manufacturers Mutual Fire Insurance Company; Mr. John H. Drury, member of the accounting firm of Comery, Davison & Jacobson; Mr. Charles Cornelius, Vice-president, Rhode Island Hospital Trust Company; Mr. William Edwards, member of the firm of Edwards and Angell; and Miss Margaret T. Deasy, Vice-president of the Standish-Barnes Advertising Company.

Mr. Cornelius, who is dictating on July 24, is a trustee of Bryant College.

## Disabled War Veteran Graduates Top Man From Maryland University

A disabled World War II veteran who started school after three years in a hospital bed was graduated from Maryland University this month as number one student in the College of Business and Public Administration.

The veteran, Eldridge O. Hurlbut, Jr. from DeKalb Junction in upper New York State, completed four years of college under Public Law 16 with a record of all A's except for three B's and one C. And most of the lower grades could have become A's, too, he said had he done a little better in typing and public speaking.

In addition, the 28-year-old major in Accounting was named to almost every honor society open to students at the University. Among them were Beta Alpha Psi, National Honorary Accounting Fraternity, of which Hurlbut was President; Beta Gamma Sigma, Honorary Society for Business School students, with the veteran as Vice-President, a post usually reserved for a faculty member;

Phi Kappa Phi, University-wide Honorary Scholastic Society, and Omicron Delta Kappa, Fraternity for men showing outstanding leadership traits.

Also Hurlbut won a scholarship offered by Delta Sigma Pi to the outstanding student of the year, and another scholarship given by the Maryland Association of Certified Public Accountants. The latter scholarship is awarded to only three students throughout the entire State of Maryland.

As if all this were not enough, the young veteran also found time to manage a college softball team; measure tobacco and wheat fields for Maryland farmers on weekends and school holidays, and listen on the radio to every baseball game

(Continued on Page 2)

Harold is engaged to marry Miss Beverly Wheeler, a former student at Bryant from Augusta, Maine, on August 6, 1955.

We of the "Archway" Staff wish him the best of luck next semester and hope that he receives the same type of co-operation from his staff that he gave to the Editor and staff of this semester.

## Student Senate Holds Annual Banquet At Admiral Inn

On Tuesday evening, June 21, the Annual Student Senate Banquet was held at the Admiral Inn, in Cumberland, Rhode Island. Red roses and white carnations with laurel leaves bordered the head table. Other tables were decked out with a red rose attached to a lighted candle. Trophies and plaques were displayed on a table in front of the head table.

After everyone had a delicious meal of lobster or roast beef, President Dunne introduced the guests at the head table. Invited guests were Mr. R. Drew-Bear, Miss Mary Henry, Mr. and Mrs. J. McCabe, Mr. and Mrs. J. Murphy, and Mr. and Mrs. G. Richards. Mr. R. Drew-Bear presented the awards to the senators. Those who were in the Student Senate for the first time received a trophy, and those who were serving a second term or more received a plaque. President Dunne then spoke a few words on what the

Senate does for the school as a whole and of the various improvements that have been made around the school.

Professor George Richards, who was the guest speaker of the night, had as his topic "Think." His main objective throughout his speech was to impress those in attendance to learn to "Think" before they act. He also stressed the point that before people become successful, they must also have failures. Everyone present gained much from his inspiring talk.

# Charm and Poise Keynote SIC's Fashion Show

## Innovation in Social Calendar; SIC Presents Fashion Show

By JOAN TODD

Something new has been added to the social scheme on campus. And who introduced it? None other than Sigma Iota Chi with their First Annual Card Party and Fashion Show, presented in the Bryant auditorium, Monday, June 27, at 3:00 p.m.

A card party started off the afternoon, and approximately seventy-five card sharks had an opportunity to demonstrate their skill at such games as Canasta, Black Jack, Pinochle, Gin Rummy, etc. And if you think that card parties and fashion shows are just for the females—brother are you off the beam!

Following the card party, the Fashion Show swung into progress, with Bev Jansen, Frannei Ring, Thelma Puzzo, Bev Smith, and Ann Havens doing a very commendable and charming job of modeling the striking ensembles from the Rembrant Shop, Main Street, Pawtucket. These fashions included dresses and matching

hats, cocktail dresses, blouses, slacks, belt and hat sets, skirts, and other fashions appropriate for any occasion.

Other features of the afternoon were a penny social, serving of refreshments, and awarding of the door prize—a seven-jewel, travel alarm clock.

The committee for this event was chaired by Barbara Maisano, with Barbara Stamp, Thelma Puzzo, Doris Sadofsky, Joan Duggan, Betty Stowic, Phil Ashby, Betty Brown, Ann Ostergren, Queenie Kenoian, and Marie Fox as committee members.

Bud O'Neil is President of Sigma Iota Chi.

Sigma Iota Chi models take over stage in gym. Frances Ring models a pink silk dress with lace trim with a large picture-frame hat in pink. Ann Havens wears a cotton, strapless cocktail dress. Bev Jansen is dressed in a brown cotton print that can be worn six different ways.

Ann Havens looks mighty pretty in an orange blouse with stand-up collar and an orange skirt with black embroidery. The outfit was in a soft cotton.

## Metamorphosis

In a few weeks many of the Bryant student body will be "commenced." This is not unusual, for every year colleges throughout the nation send forth their graduates. Yet, there is a paradox in this seemingly normal procedure.

The general public has often looked upon the undergraduate as an onerous creature, a "Joe College." Then commencement day, and the public now changes its attitude towards the graduate. "John Q. Public" now looks upon the graduate as an accomplished person on any number of different subjects. The graduate becomes an intelligent and respected citizen of his community. Some graduates are even expected to provide the solutions to many pressing community problems.

We all know, of course, that there are some of the many undergraduates who do not quite meet the requirements of the typical "Joe College." But, alas and alack, the expected (hoped for) transition from "Joe College" to the intelligent, respected, and worthwhile citizen is only a change in public opinion or attitude.

It behooves all students to prepare themselves for this impending and inevitable change; so that it will truly be as the metamorphosis of beautiful butterfly from the cocoon of the ungainly caterpillar.

## New Approach in Management Surveys

Baltimore, Md. — (I.P.) — A new approach in management surveys is being tested at Goucher College in a 90-day joint survey by a professional consultant and a college-appointed committee from the faculty and administration.

Financed by college funds and a \$7,500 grant from the Fund for the Advancement of Education, the Goucher project is the first of three pilot surveys planned to compare the results of joint versus professional or self-surveys for educational institutions.

Professional counsel for the present study will be a New Jersey management consultant firm. Working with them will be a committee made up of the Dean of the College, the registrar, librarian, chief accountant, and two faculty members. Together they will analyze the workings of all of Goucher's administrative offices and operating committees and specific overall functions such as the college's financial operations, summer operations, long-range planning, and relationships with the community and area.

## New Officers Announced At Final Delta Omega Dinner-Speaker Meeting

The members of the Delta Omega Professional Society gathered at Oates Tavern on June 14, for their third and final dinner-speaker meeting of the semester. The guest speaker for the evening was Mr. Charles E. Hulme, Controller for the Grinnell Corporation of Providence. Mr. Hulme's topic for the evening was "Accounting and Management."

After a pleasant meal which started with tomato juice and ended with ice cream and cookies, President Don Slate introduced the guest speaker. In his introduction President Slate informed the group that Mr. Hulme was a former Bryant graduate.

In his speech Mr. Hulme gave a brief history of the Grinnell Corporation; then he proceeded to speak on the importance of accounting in the manufacturing field. From a well-prepared list of notes, Mr. Hulme stated several important aspects of the private accounting field. Of those stated, "the policing of wage incentive systems," drew the most comments from the gathering. Mr. Hulme carefully explained how these systems could ruin a good corporation, if they were not handled properly.

At the conclusion of his speech, Mr. Hulme was awarded a certificate making him an Honorary Member of the society. The Messrs. E. Gardner Jacobs, George Bates, and George Richards were also awarded certificates of Honorary Membership.

At this point President Slate expressed his gratitude for the co-operation given him this past semester by the advisors, officers, board of directors, and all the

Hurlbut's scholastic achievements have been a far cry from his high school days before the war, he recalled. Then, he was barely able to squeeze through and graduate. "I flunked four or five courses" he said; "I just wasn't interested."

After high school, he joined the Army's Specialized Training Reserve Program, and studied Engineering at the University of Delaware for a year, until he was old enough to go on active duty.

The evening adjourned with the presentation of a Parker '51 pen from all the senators to President Dunne in appreciation for his leadership during the past two semesters.

The Sports Whirl

By WALT LARSON

June 29, 1955—At the time of this writing the softball season is almost completed.

In the men's league Chi Gamma worked their way into the final playoff position by bumping off the P. S. Club and Tau Ep.

Phi Sig is no slouch however. In Joe Trepani they have one of the best pitchers in the league.

Tau Ep, the Newman Club, and the P. S. Club are to be congratulated on the fine ball they played all year and in the playoffs.

In the women's league it's Alpha Phi Kappa standing at the head of the line. The girls are in the midst of finishing their playoffs too.

The team that must be favored in the playoffs is APK. With Jerry Sadler on short they have probably the best girl softball player in the school.

In the next issue the results of the playoffs and the final batting averages.

Chi Gamma Moves Into Final Playoff Berth With Big Win Over Tau Epsilon

By WALT LARSON

Chi Gamma, with a heavy hitting attack, smacked Tau Ep right out of the playoffs.

Tau Ep started off with a bang as they collected 3 runs on an error, a triple, a walk, and some sloppy play on the part of Chi Gamma in the first inning.

In the second Tau Ep loaded the sacks with two walks and an error, but Bob Kofsuske, Chi Gamma's chucker, pitched his way out of trouble as he forced Mike Ruggeri to ground into a force out to end the inning.

Big Bob Kofsuske kept Tau Ep under his thumb as he allowed them only 2 hits and no runs for the next four innings.

In the seventh it looked like a determined Tau Ep team might catch up. Two errors and a base hit put runners on all bases and no outs.

Bob Kofsuske, in another of his fine games, allowed only four hits and two earned runs. Chi Gamma, however, exploded for 10 hits, seven of them for extra bases.

Tennis Team Defeats Quonset In Final Match

By PHIL FERRAGUTO

The Bryant tennis team revenged their match defeat by beating Quonset Naval Air Base and ended the season with a fine record.

In their first match with the sailors, the Bryant team was defeated 2-1 but came back in the return match to win 3-2.

Play and results of the match are as follows: Brooks, Quonset, over Otamendi, Bryant 6-4, 6-3; Sherwill, Bryant, over Brennan, Quonset 1-6, 6-4, 6-3; Ferraguto, Bryant, over Schraff, Quonset 6-4, 6-0.

During the past month, Bryant has been running a school tennis tournament with many of the students participating. The tournament consists of men's singles, men's doubles, women's singles, women's doubles, and mixed doubles.

A co-ed is the young freckle-faced child whom you sent off to the university. A kid hardly old enough to be alone at night without a sitter.

A co-ed is the tall, lithe sophisticated lady that steps off the train at Christmas time sporting a blond cowlick over her forehead, mascaraed eyelashes, a silver cigarette holder and a vocabulary consisting of a liberal sprinkling of naughty words.

But you know that underneath it all she is still your little girl and that she still loves you and needs you when she climbs on your knee, buries her face in your shoulder and sobbingly says, "Oh, Daddy, I'm —."

Ah yea, little ones, Spring is here, the grass is riz, I wonder where da boidies is???? And so it goes, year after year, Mudder Nay-chur steps out to show the world what a ball she has planned for this year.

Joe Trepani

Big Joe Trepani, ace chucker for Phi Sigma Nu, has proved himself one of the best pitchers in the league.

Joe comes from the city of Pittsfield, Mass., and entered Bryant last fall. He was one of the big guns in putting Phi Sig in the Night League Basketball Playoffs.

Joe has an amazing record of 9 wins and no losses and has one of the best earned run averages in the league, 3.13 runs per game.

Joe is one of those "good hitting pitchers" that are so rare. He is hitting at a .353 clip and is leading the league in doubles with 5.

Joe is a happy-go-lucky sort of guy who can't help but make friends.

Beta Sigma Chi Holds Semi-Annual Banquet

Beta's semi-annual banquet for the installation of officers and pledgees was held at the Admiral Inn in Cumberland, R. I., July 5, 1955.

The program consisted of the call to order by the toastmaster, Jerry Baleman, the invocation by the Chaplain, Bert Besette; and dinner at 7:00 p.m. Maurice Lariviere, the retiring president, gave his farewell speech after dinner.

Henry pointed out that he would give his best to the fraternity and that he would strive to make it the tops on the campus.

The installation of pledgees was performed by the retiring Sergeant-at-Arms, Charles Parker. The pledgees were Paul Gagnon, John Bontz, Walt Hammel, Real Remillard, Mike Bocchini, and James McCann.

After being received as a brother, Mike Bocchini was given the oath of office as new Sergeant-at-Arms. The new Sergeant-at-Arms installed the officers for next semester. The new officers are:

Highlights of Games Through June 27; Tau Ep and Chi Gam Reach Semi-Finals

By LARRY DELAHUNTY

The Portugese Sports Club fought their way into the playoffs with a 10 to 8 victory over Alpha Theta in an exciting game.

Bud Abgrab's long bases loaded triple was the decisive blow in that inning. Swanson pitched a creditable game for the winners.

On this same day, Sigma Lambda Pi slugged their way to a 12 to 6 win over a hapless Beta Sigma Chi nine. The winners were outthit by the losers but wildness on the part of the pitcher and sloppy fielding led to the defeat.

In the third game of the 13th, Beta Iota Beta came up with six runs in the second inning, which was all they needed to eke out a 7 to 5 win over Kappa Tau. BIB managed to get only five hits off the loser's hurler but took advantage of his wildness.

On June 16, Chi Gamma came from behind and went on to take a 12 to 6 decision from the Portugese Sports Club. The winners unloaded their bats in the final inning and came up with 5 big runs to clinch the victory.

Beta Iota Beta and Portugese Sports Club played out a suspended game, and the PS Club came out on top by an 11 to 4 count.

# President Signs New Law Increasing VA Guarantees of G.I. Farm Loans

World War II and Korean conflict veterans will find it easier to get GI loans to purchase farms on which there is a home or to construct or improve farm houses under a new law signed by the President yesterday.

The new law increases the Veterans Administration guaranty of GI farm loans made by private lenders to sixty percent of the loan with the maximum guaranty of \$7500.00 on the following three types of loans:

1. For the purchase of a farm on which there is a farm residence to be occupied by the veteran at his home. The guaranty would cover not only the farm and residence but include all other buildings which are considered as part of the realty.
2. For the construction of a farm residence to be occupied by the veteran on land owned by the veteran. In the case of a veteran who wants to build a residence on his farm on which there is an indebtedness secured by a lien against the land, the GI loan with the increased guaranty can be used to liquidate that lien if the indebtedness does not exceed the reasonable value of the land.
3. For the repair, alteration or improvement of a farm residence owned by the veteran and occupied by him as his home. Such repairs, alterations and improvements must protect or improve the basic livability or utility of the farm residence.

John L. Reavey, Manager of the VA Providence Regional Office, said the new law puts the three types

of farm loans on a parity with GI home loans—both of which now carry the sixty percent up to \$7500.00 guaranty.

The guaranty on GI loans for unimproved farms or for the repair of farm buildings other than the residence itself will remain the same — fifty percent of the loan with a maximum guaranty of \$4000.00.

The guaranty of farm non-realty loans for such things as stock, feed, seed and equipment remains at fifty percent of the loan with a maximum guaranty of \$2000.00.

Mr. Reavey said that while maximum guaranties are set by law, the amount of the loan obtainable by a veteran depends on the policies of the lender.

In the eleven years of the GI loan program, VA has guaranteed or insured 67,760 farm loans totaling \$264,786,200.00. Veterans already have paid back in full 39,867 GI farm loans totaling \$120,909,670.00.

VA has had to pay claims on only 2,099 farm loans. Net amount of the claims paid is \$1,456,400.00 and that amount is subject to further recovery through the liquidation of tangible security or from the veterans.

World War II veterans have until July 25, 1957 to use the GI loan benefits while Korean conflict veterans have until January 31, 1955.

# Work Performed by Pledges on "Help Day" Lauded by Children's Center of R. I.

Mr. Robert G. Drew-Bear, Alumni Secretary of Bryant, recently received a letter from Mr. James H. Reilly, Chief Supervisor of the Children's Center of R. I., thanking the Greek Letter organizations for their volunteer work during the pledge Help Day.

The letter received is as follows: Dear Mr. Drew-Bear:

Please express our sincere appreciation to the Greek Letter Society, which rendered its valuable service to us through volunteer work last week. The young ladies who worked at our sewing room were of real help. The men who cut brush, weeded our gardens and cleared the large area being developed for parking accomplished work which might have

taken several days to achieve, otherwise. We believe that this program for Bryant students, to render public service, is most effective.

We welcome the participation of Bryant students, since in the final analysis, it is a contribution to the welfare of our children.

With many thanks,  
Very truly yours,  
(signed) JAMES H. REILLY  
Chief Supervisor

## Laffs

Every good joke must, of necessity, be unkind, untrue, or immoral.

Rube watching a cow and calf rubbing noses: "That sight makes me want to do the same."

Girl: "Well, go ahead, it's your cow."

Girl on sleigh ride: "Nobody loves me; and my hands are cold."

Obtuse Swain: "Oh, that's all right, God loves you and your mother loves you—and you can sit on your hands."

Harry: "If you refuse to marry me I'll throw myself off that 200-foot cliff."

Mary: "Aw, that's a lot of bluff!"

Freshman: "May I kiss you?"

Co-ed: "Jeepers! Another amateur!"

Prof.: "What is the most outstanding product that chemistry has given to the world?"

Soph: "Blondes."

Colorado, and then in the VA Hospital in Sunmount, New York. All together, he spent three years in a hospital bed.

After his recovery, in 1951, he enrolled at the University of Maryland under PL 16, a law providing rehabilitation training to disabled veterans. From the start, his college career was outstanding. "The reason for it has been my wife," he explained. "She has been my inspiration. She encouraged me to study, and to succeed in school. In her eyes, my school work always came first. How could I let her down?"  
This coming fall, Hurlbut plans

to continue his studies at Maryland University for his Degree of Master of Business Administration. After that, he hopes to go into Public Accounting.

city of motivation in students to employ their school learning through political activity at the local level.

The program of this year's workshop was designed to: Develop an interest in politics on the part of the students; Make it possible to continue this interest after graduation; and Provide organizational framework that will make these goals possible.

## Chevrolet's special hill-flatteners!

### 162 HP V8

### 180 HP V8

See that fine fat mountain yonder? You can iron it out, flat as a flounder . . . and easy as whistling!

Just point one of Chevrolet's special hill-flatteners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire") . . . and pull the trigger! Barr-r-r-r-o-o-o-oom! Mister, you got you a flat mountain!

. . . At least it feels flat. For here are engines that sing as sweetly as a dynamo . . . built to pour out a torrent of pure, vibrationless power. Big-bore V8's with the shortest stroke in the industry.

So most of the time they loaf. Even at the speed limit they just dream along, purring out a fraction of their strength.

An engineer can understand why they are so hyper-efficient. But you don't have to be an engineer to know that these are the sweetest running V8's you ever piloted. Just come in and try one out!
