With Assumption

Bryant Enters Agreement

by Craig Carpenter
Archway Staff Writer

Tuition remission, which allows dependent family members to attend the college tuition-free, is a fairly standard fringe benefit in the contract of most Bryant employees.

This arrangement does not work as well as planned at Bryant as it does at other colleges and universities. The reasoning is that the student attending Bryant is limited to a business or law enforcement major. In an effort to expand this offer the idea to include another school in a reciprocal tuition remission agreement was brought up by the faculty several years ago.

After looking into the feasibility of such a program, Bryant decided it would attempt to arrange such an agreement with another school. On February 21, 1980, Bryant's President William T. O'Hara and Assumption College President Joseph H. Hagan announced that a reciprocal tuition agreement between the two colleges had been reached. Assumption College, located in Worcester, Mass., is a four-year liberal arts college.

The reaching of an agreement with Assumption was aided by the friendship between the two college presidents. Their friendship began 15 years ago in Washington, D.C.,

and then was later continued when President Hagan served Bryant as Vice-President for Public Affairs from 1970-1973.

The purpose of the agreement is "to provide an opportunity for the dependents of eligible employees at Bryant to receive tuition remission while attending Assumption and for the dependents of eligible employees at Assumption to receive tuition remission while attending Bryant." Each college will set up its own eligibility rules. Bryant's rule governing eligibility will be that any dependent eligible for tuition remission at Bryant will be eligible to participate in the exchange with Assumption.

Applications for admission to the other college "will follow normal channels at the receiving institution" and applying 'students' are expected to fully meet all admission requirements at the receiving institution." The only difference is that the application must be accompanied by a letter obtained from the personnel office of the sending school certifying the student's eligibility to participate in the exchange.

The program is intended to begin this fall and the number of accepted students is unlimited, except when housing space is not available. In order that both colleges benefit

equally form the program, the agreement states that "at no time shall the number of students accepted and/or enrolled under this program in one college exceed the number accepted and/or enrolled at the other college by five. The obligation to receive additional students shall suspend until the excess is reduced below five."

Mr. Herbert McLaughlin, Professor of legal studies at Bryant, will be coordinating arrangements for Bryant staff. According to Mr. McLaughlin, Bryant will be looking to expand the program in the future and is currently talking with two other schools. Mr. McLaughlin also said Bryant is looking into a national program called "Tuition Exchange," which involves over 160 schools in a program similar to the one presently being arranged between Bryant and Assumption.

If this program works as planned, it will pave the way to a closer relationship between the two schools. The long range plans of the agreement with Assumption could possibly include expanding the program so as to include the exchanging of faculty members and possibly the exchange of equipment and library books.

Commuter Survey

A few weeks ago the CIA conducted a survey to find out some of the interests and needs of commuting students at Bryant. There are approximately 1,000 day-school commuters and 25% of them responded. Here are the results:

Vandalism Hurts Everyone

by Paul Magoulas
Archway Staff Writer

Vandalism is a major problem at colleges across the nation and Bryant is no exception. The consequences of vandalism are great because they affect every student on

guard at every corner to control vandalism and people know they will not be punished for their actions, then vandalism will occur. The properties that are damaged frequently by vandalism are glass windows, screens, exterior light poles, and the trees that surround the campus. The majority of this vandalism is performed by a small minority of students, many of whom are usually intoxicated.

According to Peter Barlow, Director of Student Life, vandalism is a problem and the Administration is very concerned about it; yet compared to other schools the vandalism at Bryant is not so devastating. One example is the incident that occurred at the University of Connecticut last spring.

The vandalism was so severe that a number of students were not allowed to graduate until the vandalism was paid for. 99.5% of the students at Bryant act in a very mature fashion and should be congratulated. It is the .5% minority that do most of the vandalism on campus.

Vandalism has a price and the money spent of vandalism would be gladly accepted by a number of organizations on campus. This money could be spent on activities and functions that would benefit the student body; but instead it must be spent on the repair of vandalized property. Vandalism also creates bad publicity for students. People usually associate vandalism with immaturity and irresponsibility. While most students are working on gaining acceptance as adults, a few people are making this task more difficult.

money allocation to clubs and organizations on campus, as well as creating bad publicity for the student body.

The majority of vandalism is not a planned event; it occurs through opportunity. Vandalism is extremely difficult to guard against because of its spontaneous nature. People would be less likely to vandalize if they knew they would be punished for their actions. But as long as there cannot be a security

President's Council

By Janet Miller
Archway Staff Writer

The Presidents' Council, a committee which is made up of all the presidents of every student organization on campus has been reorganized.

The group's membership has been expanded to include the presidents of Bryant's fraternities and sororities, too. It is hoped that these

new representatives will add a wider insight into the opinions on campus.

The purpose of this committee which is now known as the Student Presidents' Advisory Council, is to relate grievances of different clubs to the Senate and to suggest programs for the entire student body. The Council's current project is a non-alcohol related program in light of Alcohol Awareness Week and the impending rise in the drinking age.

Bryant Telethon

by Craig Carpenter
Archway Staff Writer

Wednesday, March 12 from 7:15-11:30 pm will be Bryant College Night at Channel 36. Channel 36 is a public television station and is located at 24 Mason Street, Providence (near the Civic Center).

Bryant College students, faculty and staff members are invited to join in the telethon. Participants will receive phone calls and write down pledges, on camera in the studio, from Channel 36 supporters. Dr. O'Hara, Bryant's President, is

scheduled to make an appearance at 9:00 to speak to the viewers.

Anyone interested in helping make Bryant Night at Channel 36 a success should contact Fran Driscoll, Director of Public Information, in the Public Information Office, or call at 231-1200, ext. 206 by Friday, March 7.

Refreshments will be served and a guided tour of the station will be conducted. The work is easy and fun. Your time and efforts will be a big help to Rhode Island public television.

NewsBriefs

Presidential primaries were held in three New England states this past week, the results being somewhat surprising.

In New Hampshire, President Carter dealt Senator Kennedy his third primary defeat by receiving 49% of the vote, while Kennedy received 33% and Jerry Brown, Governor of California, got only 10% of the vote. On the Republican side Ronald Reagan soundly defeated George Bush by capturing 51% of the vote, to only 23% for Bush. John Anderson, Congressman from Illinois, received 10%.

The Massachusetts primary showed Kennedy defeating Carter for the first time by a margin of 2 to 1. Kennedy received 65% of the vote in his home state, while Carter got 29% and Gov. Brown received only 4%.

Bush was the overall winner in the Republican voting. Bush captured 31.9% of the vote and Anderson, who was supported by many independent voters, finished a very close second with 31.6% of the vote. Reagan finished third with 29%.

In Vermont, Carter captured his landslide victory in the Democratic balloting. The President defeated Kennedy by nearly a 3 to 1 margin, receiving 74% of the vote, while Kennedy received only 26%. Reagan was the winner in Vermont, with Anderson finishing second. George Bush was the third place finisher.

The campaign now moves South

to "Carter Country," where on March 11 Presidential primaries will be held in Georgia, Florida, and Alabama.

The legal drinking age for the state of Massachusetts will remain twenty. On Monday of this week, the State Senate voted 28-9 to defeat an attempt to overturn the law created last year which raised the drinking age from eighteen. In an effort to show the higher age has not been effective, Senators Robert Hall and John Olver informed the other senators that more teenagers are drinking in their cars instead of in bars. Since the legal age was raised, 27% more traffic fatalities have involved teenagers. Senator Denis McKenna reflected this point saying traffic fatality statistics could be interpreted in various ways and that the Massachusetts Registry of Motor Vehicles itself opposed lowering the age.

A winter storm in Florida this week left snow on the ground in the Northern part of the state. Since the storm, daily temperatures have been averaging in the 30's as a low and in the 60's as a high. Temperatures are beginning to moderate and in turn more reasonable temperatures are expected this weekend. If the weather does not improve, Bryant students and others travelling to the sunny warm South for Spring Vacation, might find themselves wearing sweaters and experiencing weather conditions they thought they had left back home.

THE OPINIONS

Activity Fee Abuses

Senate Criticized

Dear Editor:

I believe it is time that the students of this campus became aware of the importance of seemingly insignificant issues. Regarding the question on the recent ballot of the executive council elections. The students were asked if they would advocate a \$5 increase in the student activities fee. Five dollars is a very mild amount compared to the increase in inflation which is raising our tuition, and room and board fees. When the \$5 increase is applied to each student's bill, it becomes a very significant amount.

The majority of students are unaware of how the budget is allocated among the different clubs and organizations. Many people assume that the fraternities and sororities are self-supporting. This is a misconception. The Greek Letter Council has the largest budget of the clubs and organizations, second only to the Student Programming Board. The 8 fraternities and 6 sororities, which make up the GLC, account for a very small minority of the student population (less than 11% now with both seniors and new pledges), yet this year their budget was \$5500. If you compare this to the amounts other clubs and organizations are receiving there is quite a discrepancy.

Many people also are unaware that the SPB is under the power of the senate. Within 2 weeks time decisions voted on by the SPB were overruled and declared unconstitutional by the senate. In the first instance, the SPB's decision to back

up a debt of the Invalids (an independant organization), after the senate refused, was revoked by the Senate. The Invalids came to SPB for money as a last resort after the Senate threatened to revoke their charter.

In another incident, the senate again exercised their authority by denying the SPB the right to grant SAM and exception to the door charging policy for their Hawaiian Weekend. The apparent reason for this was that the Ways and Means Committee had already given SAM money. However, the Senate was not sympathetic to the fact that due to rising costs SAM was counting on the \$1.00 charge at the door.

Since some clubs and organizations have been turned down by the Senate for money they requested from the Ways and Means Committee, why does the Senate have enough money to subsidize their yearly banquet? This year the banquet was at the Cockey n' Kettle.

Dear Editor:

I would like to congratulate the winter sports teams at Bryant for their outstanding performances and for providing their fans with many exciting moments.

There have been many fine accomplishments. The men's basketball team was selected to host the NCAA Tournament, women's volleyball and basketball reached

The senators paid \$10 a couple and the rest was subsidized from the senate budget. The members of the senate accept their voluntary positions supposedly expecting nothing in return, yet they take the students money to hold their banquet.

The activities fee needs to be raised to keep up with the higher costs. But the students on this campus deserve to have more of a say in the way their activities fee is budgeted.

FRANKLY SPEAKING ...by phil frank

THE PRESIDENT HAS BEEN KIND ENOUGH TO RESPOND TO THE QUESTIONS OF THE AMERICAN PUBLIC IN THIS NEW WEEKLY PRESENTATION ENTITLED "ISSUES AND EXCUSES."

FROM THE EDITOR'S DESK....

One of the most significant problems on this campus, according to many, is the ever-widening commuter-resident rift. In this space, I have more than once commented on the problems of the commuter. Yet in the past, I could only theorize on commuting life here as based on my three semesters' experience as a Bryant commuter.

Now, thanks to Commuter In Action's recently conducted survey of 25% of Bryant's 1000 commuters, we now have some reasonably accurate information on the involvement and social life of the stop-light set. This information can be put to good use to develop programming to meet commuter needs--something that has been lacking in the past, in my opinion.

Commuters are busy people. In addition to a full load of classes, over 80% have an outside job, either full or part-time. This can immediately explain why more commuters aren't involved. In spite of this, a like percentage of commuters have attended at least one "event" here. Most popular events for commuters are mixers, sporting events, and parties.

Sixteen percent of the commuters surveyed have attended a CIA meeting, and of those, 5% attend often. Otherwise, only 28% are involved in Bryant's organizations. Obviously, the lack of time is a factor in such low participation.

The last question was the most significant, probably. Seventy-four percent of the commuters surveyed indicated that there is a definite gap between commuters and residents. Bryant College is unique in that it has changed in the last ten years from a "commuter college" to a residential institution. This year, for the first time ever, residents outnumber commuters. The very design of the Unistructure allows for very little commuter-resident interaction. Perhaps the completion of the Multipurpose Activities Center will bring more bustle to the "Commuter side" of our Unistructure.

Only time will tell whether the result of the "commuter survey" can be put to good use to make commuter life at Bryant better.

Hawaiian Weekend, sponsored by the Society for the Advancement of Management certainly proved to be a great "last weekend party" before Spring Break. It's tropical festurctures put us in the mood for those hot Nassau and Florida beaches. Everyone enjoyed Friday's special Luau in the Dining Hall courtesy of Saga Foods-especially the fresh pineapple slices and native punch served by Hawaiian impersonators in grass skirts with flowers in their hair. The Women's Advertising Club of Rhode Island announces its Seventh Annual Scholarship competition for student at Rhode Island Colleges who plan careers in advertising, commercial art, communications, marketing or retailing.

Students are invited to compete for this year's awards which are based upon career objectives, academic achievement and faculty recommendation. The deadline for receipt of all documents is May 1, 1980. Winners will be announce in June.

Applications are available in the Financial Aid Office.

there was a fairly good turnout in the Pub to hear the "Vast" Ed Vadas turn our favorite tunes inside out with his 'original' lyrics. We all know what the "Vast" stands for now. All you vegetarians would have choked if you heard Ed's salad songs.

SAYNE came on strong Saturday night rocking the Pub, which was filled to capacity, with hits from the Cars, The Who, The Rolling Stones, Pink Floyd, and The Beatles as well as some of their own material. The exotic drinks made the natives restless, and after awhile everyone was rockin' and rollin'. Congratulations to the many raffle prize winners. Will the winner of the SIX pizzas please give me a call...

A special thanks to those certain dedicated workers in S.A.M. who took more than their share of time to make our first weekend a success! And especially Ken Riall and the bartenders who were working their tails off.

Cinema Critiques

Controversial Confusing "Cruising"

by John P. O'Neil

If you have been to Showcase Cinemas lately, you probably noticed groups of homosexuals picketing a controversial film which opened recently. The movie they are picketing is *Cruising* and these people believe that this film presents an untrue picture of their homosexual lifestyle and may in fact incite violence on them.

I disagree. More than presenting a disgusting depiction of homosexuality, this film presents a disturbing view of a director who

somehow believes that he has created a work of art. *Cruising* is about as artistic as a mountain of manure.

If one could first figure out what William Friedkin was trying to say in *Cruising* maybe then one could better appreciate his film. Is he trying to say that all homosexuals are pseudo-masochistic killers or that potentially everyone is a homosexual? Certainly these are the stupid questions that Friedkin leaves us with as we leave the theater.

One of the main problems with *Cruising* is its ending, or should I say endings. When we finally think that Pacino has caught the killer, his homosexual friend Ted gets killed, apparently by a homosexual. Now, did Ted's roommate kill him, another homosexual, or did Pacino himself? The closing moments of the film suggests that Pacino is the killer and that he might have been all along. Because there is absolutely no way of telling who the killer is, our trip through the seedy gay establishments of New York serves only to exploit our small knowledge of this place rather than develop a good thriller.

Another big problem is Friedkin's obsession at trying to shock us in the

most disgusting ways possible by taking us through some of the raunchiest gay bars in New York and by presenting grotesque scenes of violence. In our visits through a number of gay establishments, we observe leather bound sweaty bodies participating in all forms of bizarre sexual behavior. Next, we are treated to an incredibly realistic-looking, shocking murder as the killer ties his naked lover on his stomach and proceeds to stab him several times. The end result is a truly disgusting series of visits to gay establishments and shocking murders.

Unfortunately, Al Pacino adds little insight into his character of the policeman who brings us through

seedy gay establishments in search of the killer. However, one certainly cannot blame just Pacino because the script is full of so much confusion that he does not have much chance at character development.

About the best things that can be said about *Cruising* are that it certainly is not boring and it is different. Yet, it is a disgusting, confusing film that is getting far more publicity than it deserves. Friedkin plays on our limited knowledge of gay lifestyles, attempts to shock us through overdone acts of violence and trips through raunchy gay establishments, and rips us off with an ambiguous ending.

THE ORGANIZATIONS

The Greek News

Chess Association

The Chess Association is not only affiliated with the United States Chess Federation, but has now been accepted as a member by the Rhode Island Chess League. Joe Fischer, Chairman of Club and Inter-collegiate Play, has acted as representative to the League and has been briefed with League rules and schedules. Joe is enthusiastic that the Chess Association's team will be victorious this year, especially after their upset at Brown two weeks ago.

The Club is also selling Chess Association T-Shirts at cost to Club members or anyone who is interested in Chess. Monty Smulowitz, Vice-President, has put this sale together. Remember, the Association meets every Thursday at 3:30 in Rm. 269. Anyone showing up will be matched up and can play right away.

Lacrosse Club

Bryant Lacrosse Club is starting the 1980 season. We have games against Brown, Providence, U.R.I., Moses Brown, and Lasalle Academy. All players are welcome to come out and play! We are expecting support from the Student Senate so, we should be able to move rapidly as far as equipment goes. If you have a stick please bring it up to school.

Our new officers for the season are Don Clark-President, Thomas MacDonald-Vice President, Larry Collins-Treasurer, and Jim Colloera-Secretary. Congratulations!!!

We have a possible game scheduled for Spring Weekend. Remember any equipment you can

bring up to use-DO IT!! Lax is here to stay!!

SAM

The next meeting of the Society for the Advancement of Management will be the Thursday after Spring Break, March 20 at 3:15 in Room 243. At this meeting we will discuss the results of our successful Hawaiian Weekend and make further plans for this semester. Please try to attend. Enjoy your vacation!!

CIA

The CIA would like to thank all the people who donated blood in Wednesday's Blood Drive. The effort turned out to be a success to a worthwhile cause. 93 pints of blood were received, not including 20 people who were rejected, bring the total up to 113 generous donors. Thanks to all.

Congratulations to the three winners in the CIA raffle. The names were drawn at the Wine & Cheese night last Wednesday. Speaking of Wine & Cheese, the club would like to thank all who attended the event.

The basketball team ended their season with a 1-7 record. Team captain Kevin Burk thanks all the people who attended the games.

Backgammon

The Backgammon Club meets every Tuesday Afternoon at 3:30-4:30 upstairs in the Student Center. We are having a Tournament open for all of the Bryant Community on Saturday March 29. Watch for details.

Beta Sigma Chi

Congratulations to Ringo, Caz and Smiley for making it as brothers of Beta Sigma Chi. We have a lot of partying ahead of us so get psyched. And Congratulations to all the new Greeks on campus.

The brothers would like to thank KT for their all Greek party. It was an excellent time for all those who came.

The brothers hope everyone has a wild vacation and get ready for a blow out of a semester.

Sigma Lambda Theta

Congratulations to all the new Greeks and especially to our new sisters, the "Pokey Pack." This year's new sisters are Lee-Ann "Orb" Kenney, Nancy "Chita" Dupre, Mary "Snickers" Sullivan, Karen "Sparkles" Parowski, Judy "Beltz" Contois and Joanne "Misty" Lemaire. Get psyched for a terrific year sisters!!

So far our bowling team hasn't been doing very well, but Julie's been giving lessons so victory is on its way.

We hope everyone enjoys their vacation. Four sisters, Julie, Debbie, Linda and K.C., are southward bound to Ft. Lauderdale to soak up the rays. (Bounty?) Janyne, Shelley and their suities are off to wild week in New York, Virginia, Washington and Pennsylvania. Hope everyone has a great time.

Kappa Delta Kappa

The sisters of Kappa Delta Kappa would like to congratulate all the new Greeks. We would especially like to congratulate and welcome our new Sister Kim Johnson. You did an excellent job Kim, and we are all proud of you.

We are all really psyched about Spring Break! Especially Joanne who will be visiting the "Greek Capital of the World." We hope everyone has an enjoyable and "restful" break.

Mizmo--You'll get yours!

Sigma Iota Beta

The Sibbies would like to congratulate all the new Brothers and Sisters and welcome them into the ranks of the GLC. Beware of the Greek functions. They are deadly.

We'd also like to thank KT for the Greek party they hosted last Friday night. We had a great time and hope that everyone else did, too. It sure looked like it.

The Sibbies are going to Florida for the March break and we are really psyched for a great vacation. We hope that enjoys their vacation and parties it up. Ernie, take care of 57-E, please.

Chuckles, we're sorry that we will not be able to celebrate your birthday with you, but have a great Birthday and have a few for us. We'll be thinking about you.

Phi Epsilon Pi

The brothers of Phi Epsilon would like to congratulate all of our new brothers, they are Tony Roberto, Jess Aptowitz, Steve Markos, Bill Nupp, Bob Gruz, Rod Simmons, Ray Kollar, John Caranci, Steve Pekunace, Bruce Bonin, Marty Keans, John Petruilis, and Larry Wright. We would also like to congratulate the new brothers and sisters of the other fraternities and sororities.

We recently held our elections, congratulations are in order for Bill Eastly-president, Gary Green-vice-president, Dave Donaldson-

treasurer, Ray Kollar-assistant treasurer, Bill Huddy-secretary, Steve Costello-sargeant at arms, Brad Hendrick-athletic director, John Petruilis-Historian, Bob Gruz-steward, Rod Simmons-chaplin, Vinny Adamo-Social Director, John Hamblen-Assistant Social Director, Tom Kavanaugh, Vinny Adamo and Dave Duchesneau-Councilors at large, Tim Doyle-Alumni Secretary and Bill Nupp, Steve Markos, And Bruce Bonin-Alumni Committee. We would like to wish our new officers good luck and thank the old officers for a job well done.

In sports our Basketball "A" team is riding high with a good shot at the Fraternity league championship. Our "B" team has an outside shot at the playoffs and the "C" team won their first game in three years this past week. In Bowling we started slow but now that we have warmed up, we are ready.

We would like to wish everyone a super spring break and hope those who are going south catch a nice tan.

Sigma Iota Xi

The sisters of Sigma Iota Xi hope everyone has a great spring break. Get ready to Party when you come back until the end of Spring Semester '80.

To all those going to Florida: Go Wild and have a good time with your SFL's. The Sigmas will, of course, be there and ready to join in with all the sun's fun!!

SIX is racking up those points in their bowling leagues as we cheer, "Gold & Brown, Gold & Brown-Roll the ball and knock them down."

Our basketball team is doing super, also. Thanks goes to Rat and Tom for doing a great job coaching. Our records are, thus far, for A-team 5-3; and for B-team 2-6.

SIX, along with all other Greek organizations on Bryant campus, have been putting in extra time and efforts by working on the Phonathon again this year. They also just completed a raffle for the children at meeting street School. Greeks are continuously helping the school and community out in numerous ways and they deserved many, many thanks. Good Job Greeks!!

The sister of SIX are proud to announce the engagement of their sister, Stacy Carriere and TKE's brother, Carlos DaFonte (better known as 'Los). The wedding is to be held this coming August.

Happy Birthday to our sisters Joyce, Rose, PUNCHY, and Celeste.

SIX sisters-get psyched for our St. Patrick's Day Party on our return from March break, our Alumni Banquet, our SIX mixer and especially Pledge Formal 1980! There will be many good times in between also.

All those Sigmas who attended Phi Ep's party this past Saturday night, would like to thank the brothers for introducing them to drinks that contain NO mixers. You guys make a knock out of a drink-What else do you men knock out? Special thanks to those who "transported" the intoxicated women home. A good time was had by all

Happy St. Patrick's Day! Go Irish!

Kappa Tau

The Brothers of Kappa Tau are very proud of our two newest editions to the fraternity. A special congratulations is in order for Rich Conklin and Chris Denmark. These were the only two to pass the tough physical and mental tests. They are true KT Brothers.

We would also like to thank all those who attended and made our party a success this past weekend.

Alpha Phi Kappa

The sisters of Alpha Phi Kappa would like to congratulate all the new sisters and brothers of Greek Organizations. We would also like to give a special congratulations to our three new sisters, Sandy Seitsinger, Carol Johnston and Lynne Morrison, and to our two new brothers Rich and Chris.

This year our basketball team is off to a slow start. We wish that they would change the rules so that we could play with ten players! Do you think that would work Eddie?

Wendy, congratulations for winning Sno Queen. You and Jeff did a great job.

Lastly, we hope everyone will enjoy their spring vacation, and come back ready to party.

Tau Epsilon

The Brothers of Tau Epsilon would like to congratulate all of the new brothers on their successful completion of pledging. Our new brothers are: Rich Allaire, Paul Black, Jeff Boesch, Fred Clark, George D'Autevil, Kevin Dillon, Jeff O'Connor, Phil Palma, Jim Read, Gary Remies, Mike Roulston, R.C. Sheils and Jim Sklarz. Also, congratulations to all the new brothers and sisters of the other fraternities and sororities.

In sports our bowling team is still undefeated and looking awesome. Our basketball teams are looking AWFUL. Luckily the season ends soon, but look out for indoor soccer. We are counting on two highly competitive teams.

We are all looking forward to March break; Bones to do some SNAKING at home, Bud to heal his "BUNS" and the rest of us just to relax after all the work we have done this semester. Good luck to Masas and True on their interviews.

A special congratulations to Mark Bryant on his engagement to Lori Cleary and lets hope this doesn't start any kind of fraternal trend.

Delta Sigma Chi

To the Brothers of Delta Sigma Chi:

The past weeks we spent with you will always be remembered by us. We have been together for four weeks, but more importantly, we will remain together for life. Words alone cannot express the true feelings of respect and love we feel for you and each other. We were together for the highs as well as the lows and will surely share these feelings again.

Pledging cannot be understood by those who do not go through it, we are glad we were given the opportunity. Thank you.

The Pledge Class of 1980 Jeff Casey, Bill Ennis, John Lang, Rick Lougee, Chris Macina, Jeff Rantaner, Rick Roberts, Eric Rosenberg, Doug Townsend, Jeff Wyman

Phi Sigma Nu

The brothers of Phi Sigma Nu would like to congratulate our eight new brothers Todd Bonner, Bob Keelips, Jack Walder, Ed Cousincau, Gary Barkman, Tom Jamula, Dan Posternak and Ted Demetriades. Our A team basketball won against TKE last Monday Night. The brothers our looking forward to a great up coming indoor soccer and softball season.

The brothers hope everyone has a great vacation and hope our brothers can make it back safely from Florida while still having a good time. Our Pledge Formal is coming up at the end of April. Brothers get psyched for a great time and get out of the ball game early.

Association Open Tournament. The twelve teams entered were split into two divisions of six each. Bryant had little trouble in going undefeated in its division.

Bryant's first game was against Boston University, which was thought to be the major competition in their division. Bryant went up 12-0 and finally won with a final score of 18-16. Worcester Polytechnical Institute, Wentworth Institute of Technology, and Worcester State were the team's next three opponents. The team had little trouble in defeating these schools by respective scores of 15-9, 15-6, 15-1. Finally, their last divisional game was against Amherst. They gave Bryant some early trouble but the team hustled back and won 15-12.

In the tournament set-up, four teams made it into the playoffs. The teams finishing first and second in each: Division A (Boston College finished first, University of Massachusetts, second), and Division B (Bryant was first, Amherst second). Bryant played Massachusetts while Boston College played Amherst in the semifinal round of the tournament.

Bryant faced some tall and tough blockers on the Massachusetts' team but beat them 15-6, 15-13. Amherst went three games before defeating Boston College.

Bryant seemed to do no wrong in demolishing Amherst in the final. This time by scores of 15-6, 15-3 to come home with the first-ever trophy for Bryant Volleyball.

The team is coached by Lorraine Cournoyer. The six starters on the team are Geoff Merrill, Kestutis Karalius (co-captains), Pete Parmelo, Dave Wood, Barry Lynn and Bill Eastly. They are all veteran players with at least one solid year of experience behind them.

The other six players on the team are Vinny Zaccardi, Brad Hendrick, Tim Rosseen, Mickey Ashe, Mike Harris and Ron Gautreau. They are all good players and should keep the volleyball team on top for years to come.

Bryant still has three more home matches left: Providence College March 4th, Tufts University March 27th and Worcester Polytech in mid-April. The season ends with the championships at Worcester Polytech on April 26th. For sure Bryant volleyball will be represented.

Archway Staff Writer

This week, the Archway focuses on Dottie Pope, an accomplished member of the Bryant Community. Dottie is an enthusiastic senior who has not only excelled in athletics but has also taken a keen interest in student affairs.

During her four years at Bryant, Miss Pope has been an active participant in the women's varsity sports program playing softball for two years, volleyball for one year, and basketball for all four years. Her outstanding athletic achievements were concentrated in the latter. Dottie has been the captain of the women's varsity basketball team for the past three years. As a freshman she started her career as a five foot, eight inch forward from Brockton, Mass. and, by the end of her third season, she was the women career scoring leader with 500 points. In order to benefit the growing club, Dottie—a versatile player—assumed the position of a guard her final season.

Reflecting on her years of playing ball for Bryant, she sees women's basketball as the "diehard of women sports." Despite a generally poor attitude towards women's sports and minimal turnouts at the basketball games (which, incidentally, are played right before the men's games), the team has shown great progress. They are also growing in talent with new women. A new women's basketball scholarship is being offered and with the help of Assistant Athletic Director Lorraine Cournoyer and Coach McKee, the college is scouting possible recruits and shaping strong players while being forced to work with an insufficient budget. The team is currently Division III but have played many Division II teams gaining valuable experience for the future; and the future looks good

with two consecutive winning seasons under their belt (9-6 and 11-7).

Fortunately, Dottie has not limited her interest to just athletics. She is involved with the Student Senate, she is President Assistant, and has taken part in various committees. Dottie also finds time to hold a job with the campus linen service. Her major is Criminal Justice and she hopes to eventually enter into the field of Juvenile Probation. She has submitted applications for graduate school to Trenton State and Northeast

Universities. When asked about her future basketball career, Dottie says, "Jogging is my new hobby and I'm going to hang up the old basketball sneakers."

NCAA TOURNAMENT

Bryant Places Fourth

By Gary Goldberg
Archway Staff Writer

Bryant College, having the honor of hosting the prestigious NCAA Division II Regional Basketball Tournament last weekend, did not fare very well in the competition. The basketball team went into the tournament as number one in New England Division II with a record of 20-5. The Indians suffered a surprising setback to number four ranked Springfield College.

On Friday night, the New Hampshire College Penman defeated the Quinnipiac Braves 98-89. High scorers for that game were William Dunn for NHC and Joe DeMarzo for the Braves, each with 25 points.

Bryant was the victim of some terrible calls by the officials. There were four technical fouls called against the Indians. One was against Dennis Verni for hitting the backboard and one was against the team for having too many men on the floor. The remaining two were against Ernie DeWitt with 1:16 left in the game. With the assessment of these fouls, DeWitt left the game, having had three personal fouls in the first half.

The star for the Chieftans had to be Buddy Clarke. He worked inside very well and stayed intensive defense. He was high scorer for both teams with 29 points.

Consolation game

In the consolation game on

In the second game the Chieftans from Springfield upset the "Super" Indians 91-78. This eliminated Bryant from any further advancement in the tournament.

High scorers for the Indians was senior captain Dan Mazzula with 18 points. Other high scorers from Bryant included John Magnum with 11 points, and Dennis Verni with 12, Bob Mahon with 8 points, and Ernie DeWitt with 15 points.

Saturday night, Bryant lost to Quinnipiac 102-97. Even though the game didn't mean as much as the game that was to follow, there was strong support from both sides.

Bryant never gave up the fight. With 5 minutes left to go, the Braves built up a 17 point lead, 90-73. The Indians crawled back and narrowed the gap to 7 with 1:08 remaining in the game.

NHC Captures Tourney

by Pete Baughman
Archway Staff Writer

New Hampshire College upset Quinnipiac and then knocked off Springfield here at the Bryant Campus Friday and Saturday nights to move into the NCAA Division II quarterfinals against the South Atlantic regional winner.

NHC, ranked third in New England going into the tournament, defeated No. 2 Quinnipiac in a game in which they were forced to come from behind in the second half. Senior center Al Carfora netted 16 first-half points, along with junior guard Joe Damarzo's 17. Damarzo came off the bench early and ignited

NHC finished the game with four players over 18 points and outscored their opponents by 15 in the final half to ice the contest.

New Hampshire then met Springfield on Saturday night before a less than full stadium. Springfield, coming off their upset of Bryant, fell behind early in the game. NHC set the tone early and raced to a 14-6 lead. The Penmen led by 45-38 at the half, and then rolled to their biggest lead of the game at 57-42 early in the second half. The Chieftans came back to make a game of it behind Tony Jeffrey's shooting. He ended the game with 24 points, landing a birth on the all-

Ernie DeWitt was high point man of the game with 35. This performance earned him a place on the All-Tourney team. Other high scorers for the Indians included John Magnum with 21, and senior Dan Mazzula playing in his final game with 25 points. When Mazzula

fouled out with 7 seconds left in the game, the crowd gave him a well-deserved round of applause.

The Indians did not come out of the NCAA tournament in the spotlight that everyone hoped for. But they did put up a good showing

in the tournament, as they did throughout the year. Congratulations guys on a job well done!

the Quinnipiac attack by hitting on seven of seven from the field.

NHC got back in the contest early in the second half and took the lead for good at 15:02 on a jumper by Curtis Miller. Miller, who finished with 20 points, collected 27 against Springfield the following night to land a berth on the all-tourney team.

Ahead at the half by a score of 43-37, Quinnipiac could not balance their scoring well enough to stay in the game at the end. Carfora went cold in the second half while freshman Carl Thomas totaled 17 points. The two guards for Quinnipiac had weak games, especially Frank Berretta, who cashed in on only 2 points. Damarzo was forced off the bench and finished with 25 but it was not enough.

tourney team. A basket by Tyrone Settles under the hoop with 3:31 remaining cut the score to 75-72.

That was as close as Springfield was to come to a second possible upset in the tournament, however, as Chris Delguidice ran the Penmen's slowdown offense and fast breaks flawlessly. Kelly Grant nailed six important free-throws to put it out of reach. Delguidice was named the tournament's outstanding player as he hit for 23 points against Springfield and 18 against Quinnipiac.

The final score was NHC 89 and Springfield 80. Named to the all-tourney team along with Miller and Delguidice were Al Carfora of Quinnipiac, Ernie DeWitt of Bryant, and Tony Jeffrey's and Buddy Clarke of Springfield.
