Spring Showcase Features Three One-Act Plays

By R. A. Soucy

At 8:15 P. M., on Sunday, April 28, the house lights dimmed and the Stardusters began playing. Masquers' presentation of a Spring Showcase of sights and sounds thus began. After three stimulating arrangements by the Stardusters, the curtain went up and "Courtship Under Difficulties," a short melodrama about the 1860's was presented.

Snobbelton, the scheming villain, who was seeking revenge, was played to a T by Al Lovenheim. Jones, the hero, who was seeking the hand of Snobbelton's cousin, was well played by Martin Morgenstern. Finally, Prudence, the very lovely heroine, was played by Cathy Ciullo. The interplay of these characters made for an interesting situation comedy.

After this enjoyable play, two excellent piano solos, "Adagio" and "Rustle of Spring" were presented by Joseph Robertson. Following these piano solos, Paul Moss interpreted four folk songs.

The Bryant Choir followed with excerpts from South Pacific. As (Continued on Page 3, Col. 2)

Bill Word, Senate Leader, Represents Bryant at New York Advertising Convention

By Margo Drotter

William Word, a marketing-major senior, was a guest of many of the nation's top advertising executives during the week of April 14-19. He and ninety students from colleges and universities all over the United States were part of the annual Advertising Marketing Convention. It was held this year at the Biltmore Hotel in New York City.

The purpose of the Convention was to help make the transition from college life to the business world easier for the college student. This was done through the presentation of the workings, policies, and setup of many of the nation's top marketing and advertising agencies.

Some of the firms represented were Wall Street Journal, Reader's Digest, McGraw Hill Publishing Company, Humble Oil and Refining Company, and American Telephone and Telegraph Company.

During the week Bill attended luncheons sponsored by these firms. Talks were given by the executives, and they were followed up with question-and-answer discussions. These discussions enabled the stu- (Continued on Page 3, Col. 1)

Senate Campaign and Election Highlight Bryant Week

By Bruce Wilson

The ballot box is closed, and the Student Senate election for 1963 is now history. The campaign was one of the most seriously contested in the school's history. Banners, posters, and lapel identification cards covered the campus and students all week.

The spirit shown by the student body for this election has been unsurpassed by any event in the (Continued on Page 3, Col. 1)

Assistant Secretary of State To Be at Bryant on May 28

Senate Elections

The situation is deplorable when only five students show initial interest in running for four offices of the Student Senate. After three more candidates were rounded-up to fulfill Senate Rules, it was discovered that two freshmen were the only ones interested in becoming president.

Fortunately, these two candidates showed great initiative and ability and made quite a campaign out of it for this top office. Candidates for the other offices also did fine jobs of stirring-up interest in their campaigns.

However, what can be the cause of such a lack of interest among students in seeking the highest college offices? Have we lost our basic interest in providing leadership through democratic procedures?

The turnout at the polls was creditable with 43% of the student body casting their votes.

Something New!

Thanks to George "Pat" Moses, Superintendent of Buildings, long needed shelves have been built in the Archway office. The expert workmanship of Al Nelson, a member of the Maintenance Crew, produced two rows of sturdy shelving space.

Usual Reminder

Bryant students are urged to observe the College Regulation that calls for no parking near the curbs that are painted white around the College. This rule was put in effect so that we at Bryant could keep on good terms with our neighbors. An infraction of this rule can mean serious disciplinary action from the Dean.

On Library Displays

Man's concern for his fellowman—most important in these times—was evidenced by the Bryant Circle K Club's recent display in the college library, Charles T. Powers Room, the week of April 7, stressing *Safe Driving Over The Easter Vacation*. Students showed interest in the pamphlets and posters in this exhibit and expressed pleasure at the thoughtfulness of the admonition to drive safely over the Easter weekend. Many fine comments were also made by members of the administration on this display. This display made history in the library because it is the first exhibit to be placed there by a student organization on the campus. It is the hope of the library staff that there will be many more such exhibits and that students who are members of clubs, fraternities, and sororities will consider the idea of presenting thought-provoking displays such as this one.

What better way is there to serve your college and its student body than by planning an informative display in the library. Miss Dorothy E. Keith stands ready to assist any groups wanting to set up library displays. The rest is up to YOU. How about it?

dent to understand the intricate operations involved in building a successful business. They also realized the great challenge this particular field of business offers the college graduate.

The social aspect of the Convention included a visit to CBS studios where the students were guests of the General Electric College Bowl. At night they attended several cocktail parties sponsored by the Advertising Women of New York. This enabled them to talk with the executives in a casual environment and on an informal basis.

On the last day of the Convention, they were introduced to executives from such nationally known agencies as The Advertising Council, Association of Better Business Bureaus, and Television Bureau of Advertising.

As the representative of Bryant College, Bill was able to meet and converse with students from all over the country on many current subjects and on the many phases of marketing. He was able to compare their views and opinions with his own, thus attaining a broader background.

Bill is now aware of the great amount of time and effort these firms put forth in order to help the college student attain his desired goals. He is also firmly convinced that he has chosen the right field in which he will be able to achieve personal satisfaction.

school annals. Fatigue, caused by many hours of poster making, was common to the contestants and their staunch supporters.

The desire for spirit exists in many phases of human life, but the need for this quality should be visible in college life. It is the backbone of everything that is achieved by the individual and also the entire student body. A united body of people working together for one idea or cause accomplishes more than an individual.

When 43% of a student body composed mainly of commuters turns out to vote in an election, it is certainly a step in the right direction. No matter who won or lost the election, we all must agree that the new leaders of our Student Senate will always keep in mind the desires of the student body—and will exert themselves fully toward the attainment of these goals.

The support for last week's Student Senate election was tremen-

usual, they did a very fine job in presenting their vocal arrangements of these selections.

Following a brief intermission, the second half of the show was opened with three more numbers by the Stardusters. Then the curtain rose for the second time, and the second of the three one-act plays was presented: "Amicable Parting," a modern situation comedy by George Kaufman, starring Don Romano as Bill, and Patty Toof as Alicia along with Peppy, their dog. This comedy was based upon a divorce conflict, which of course, never came about. Patti and Dom did a fine job and got many laughs from the audience.

After the curtain closed on "Amicable Parting," Walter Dorosco entertained the audience with some very fine accordion music. This was followed by the band's playing their final set of numbers and the Bryant Choir singing "America Our Heritage."

The curtain then opened for the last time and the climax of the evening was reached.

The "Sandbox," a one-act avant garde play, by Edward Albee closed the show. The cast of this play did an exceptionally fine job. Mommy was played by Joan Williams; Daddy was played by Thomas Wylley; Grandma was played by Carol Miller; the young man was played by William Chamberlain; and the musician was played by Edwin Zieminski. Every one of these players joined together to present a play that will be long remembered by the appreciative audience who viewed it.

The Masquers' stage crew, consisting of George F. Congdon, Richard A. Soucy, Warren Corin, and Howard Gladstone along with the cast, did a fine job in creating the atmosphere necessary for this show.

The Masquers wish to thank Professor Ralph S. Handy, and Mr. Richard Alberg for the assistance they gave them in this production.

Bryant Choir Entertains at Mother-Daughter Tea

By Ann Louise Weimer

Sunday afternoon, April 28, the Bryant Choir presented a selection of songs from "South Pacific" for the Senior Mother-Daughter Tea. This program was highlighted by the piano solo of Joseph Robertson and by the performance of "I'm Gonna Wash That Man Right Ota My Hair," by the women of the Choir.

Sunday evening the Bryant Choir sang a selection which included "When Johnny Comes Marching Home" for the program presented by the Masquers.

The annual banquet for members of the Choir will be held Thursday evening, May 9, at the Venus De Milo Restaurant. Everyone who attended last year's banquet is looking forward to another enjoyable evening.

National Library Week

In connection with National Library Week which extended from April 21-27, a display in the College Library has been of interest.

Some books on racial prejudice, communism, and sex, were on the two tables. These were there to show that the reader may elect to read whatever interests him. There were also some books on censorship, freedom of selection, and ways to read a book.

Another outstanding feature of the display was a newspaper article taken from the Christian Science Monitor, April 18, 1963, issue: "Spring Party on Brattle Street" recalls some of the riches to be found in libraries and gives familiar direct quotations by Longfellow, Dickens, and Lowell.

Dr. Sol Lebovitz

Everyone Likes Dr. Sol Lebovitz

By Peter P. Calise and Betty Ann Coray

Dr. Sol Lebovitz, a relatively new member of the Bryant Faculty, is doing an outstanding job of teaching History of Western Civilization, Political Science, and Sociology. Although he has been on the Bryant Campus for only one year, Dr. Lebovitz has already taken an active part in many extra curricular activities: He has accepted a post as advisor for the newly formed Current Events Club; he was the introductory speaker for the Peace Corp Assembly; and he served as the Faculty Co-ordinator for the Pell Internship Program. Dr. Lebovitz also took part in an important college program that featured as speaker the French Consul-General, Mr. Jean Savelli, whose topic was "France and the Common Market."

Dr. Lebovitz did his undergraduate study at Boston University in the School of Business Administration. He received the degree of Bachelor of Science in Journalism and was graduated Magna Cum Laude. He was also a member of KTA, a National Honor Society for students of journalism. Dr. Lebovitz earned his master's degree at Harvard University.

In 1943 Dr. Lebovitz started a career in the U. S. Army as a member of an infantry division. Before long the army sent him to Grinnell College in Iowa for language training. He was then transferred overseas where he served in Civil Affairs and Military Government in England, France, and Germany. He took an active part in the Normandy Campaign where as an educational officer he helped to administer a German town.

In 1946 Dr. Lebovitz returned to Harvard University. In 1949 he completed his program there and received his Doctorate. In 1950 he returned to Government service, and for six years served as an educational specialist for the Government. His next move was to corporation headquarters where he held a position of executive assistant. During this time he taught night classes first at the University of Georgia and then at New York University.

In 1961 Dr. Lebovitz came to Bryant College, and he now devotes his attention to full-time teaching. He says that he likes the small college and its personal atmosphere. Upon being asked what he thought of Bryant students, he answered, "They are good and interested students."

He is a firm believer in the value of a broad general background accompanied by a specialty for all students. His reasons are that a broad general background is necessary in the business world because of the necessary constant dealings with people.

We are proud to have a person with such an illustrious background on the Bryant Faculty.

Dear Penelope:

Last night my good buddy and I were walking down the street when two girls stopped their car and asked us if we wanted to take a ride. We got SCARED!! We didn't know what to do. What do you think of girls that do that??
ARNOLD PANSY (Cracker Mouth)

Dear ARNOLD:

If both of you boys are good looking, I don't blame the girls for being interested in you. I don't see why you have to be afraid of girls unless there is something wrong with you. Didn't your mother ever tell you that a boy-and-girls relationship can work. Sometimes a girl must take the initiative—especially when the guy is like the two of you!

Dear Penelope:

We are two college girls who are going steady with two college boys who attend other colleges. This is our problem. Two acquaintances of our-boys-continually come to the school every day to see us. We think they are great kids, but our friends think we are cheating on our boy friends. We don't want to lose our friends, and we don't want our boy friends to find out, because we aren't doing anything wrong. If you think you have problems . . .

LOST SOULS

Dear LOST SOULS:

If the boys cannot catch on to the "cat and mouse" game you girls are playing, they aren't "too swift" (thanks to D. B.). Even if you are cheating on your boy friends, there is no reason for your girl friends to be concerned.

Dear Penelope:

I like a girl. I know that doesn't sound like much of a problem, but it really is. Here is the scoop.

Bryant Attends Circle K Convention

By Robert Marcus

The annual New England Circle K convention was held at the Eastland Motor Hotel in Portland, Maine. Along with the eighty-four delegates from fourteen New England colleges and universities, Bryant sent five students: Bob Agnew, Dave Palmer, Elias Fatta, Bob Marcus, and Lee Johnson.

The convention started at 10:00 A.M. on Saturday, April 6, and carried on through the following afternoon. The two principal functions of the convention were to hold workshop meetings and the election of district lieutenant governors and regional officers. As in all conventions, there were parties and banquets. After the main banquet on Saturday night, the President of Circle K International gave a talk on responsibility and how it is the key to freedom.

At the workshops, the various problems that arise in running a Circle K organization were discussed at length. The Bryant delegates attended all the workshop meetings. In relation to the elections, the regional governor, secretary, and treasurer were elected. In addition, each of the seven districts in New England elected a lieutenant governor to run its district. Bryant's candidate, Dave Palmer, won the Rhode Island and Central Massachusetts district election.

The Bryant College chapter of Circle K is proud to have one of its members as a district governor.

Dear Penelope

When I'm with my friends, I tell them that I like this girl, but I say it in a joking way. The thing is I really do like the girl, but I can't be serious about her because "the gang" will think that I'm some kind of a nut. I put on a big wheel act in front of the boys because I'm too shy to come out and admit the truth. What can I do? Please answer this letter, Penelope, because I need some help to solve my inner conflict.

ZTIRF

Dear ZTIRF:

If you really like the girl as much as you say you do, do not hesitate to get acquainted with her. I'm sure that if you continue joking about liking her, she will not be around when you decide to go "acourtin." Forget about your friends' wise remarks.

If the boys you spend your time with are normal, they too must have girl friends. Did you ever think of using that point as a defense?

Dormitory Inspection

"Hey Roz, do you think we should make our beds today?"

"Maybe we'd better. The Dean might come around to inspect dorms today. You know you can never tell when she might just come around!"

Well, the Dean didn't let us down . . . not she! She came all right, and here are the results of her inspection of all the dorms on campus for the month of March:

Shorthand Key Awards

By Judy Rymell

Shorthand Keys have been awarded to Miss Martha E. Wolfe and Miss Lynette Mikulski for their outstanding achievement in doubling the requirements for 140 words per minute in shorthand dictation.

Miss Martha E. Wolfe, a candidate for the A.S. degree, is a graduate of Cumberland High School, Cumberland, Rhode Island. Miss Lynette Mikulski, a candidate for the B.S. degree, is a graduate of Walt Whitman High School, Huntington Station, New York.

Congratulations are extended to these students for their accomplishment in shorthand dictation. Miss Wolfe and Miss Mikulski, as well as the other students who have recently been awarded the Shorthand Key, deserve acknowledgment for their ability in completing the requirements in shorthand.

Guess who offered me an executive position with a leading organization, where I'll get good pay, further my education, and enjoy world travel?

My uncle.

In this case, nepotism's a pretty good idea. But of course you've got to measure up to get it. To be admitted to Air Force Officer Training School, you've got to be a good student with skills or aptitudes we can use. Air Force OTS is an intensive three-month course leading to a commission as a second lieutenant. As an Air Force officer, you'll be a leader on the Aerospace Team—and be a part of a vital aspect of our defense effort.

Here's a chance for ambitious college men and women to assume great responsibility. It's a fine opportunity to serve your country, while you get a flying head start on the technology of the future.

We welcome your application for OTS now—but this program may not be open to you in a year or so. If you're within 210 days of graduation, get full information about Air Force OTS from your local Air Force recruiter.

Inside the Game:

Baseball's a Fickle Fate

By Jerome Langton

Baseball is a fickle game — friend of no one for very long. Ask John Homiski. He knows. John made his first appearance this year in the fourth inning of the Barrington College game, with the latter making serious gestures at the time, as if to wrap up the contest, and then some.

The day, as baseball days go, was a miserable one: cold, raw, and windy—not exactly the kind of day a relief pitcher enjoys stomping out to the mound, untested, with the assignment of snuffing out a rally. Well, he got off to a rough start, but settled down; got some offensive assistance from his teammates, and went on to finish in magnificent style by whiffing the side in the ninth to get credit, and well deserved it was, for Bryant's first win of the season.

The next time the big man was called to duty, it was, again, a situation that was far from ideal. This time it was against the Quonset Flyers, not a bad ball club, to say the least. The situation to be faced was a mere tie game, men on second and third, nobody out, last of the ninth job. He went to work and through some very capable defensive maneuvers on the part of Barry Siegal, the left fielder, and Barry Anderson, the shortstop, he got the next batter to hit into what must be termed, a freak double play. Now there were two out and the winning run still on third, but the difference now was that the third out was at the plate. John went to work on him and al-

most did the job, but he tried just a mite too hard. In his effort to throw hard he let one slip and the winning run scampered home as the ball went on back to the screen in back of the plate. A fickle game: One pitch away from accomplishing two superb relief appearances, in two successive days yet, but it was not to be.

To say that Homiski has proved himself worthy of being called on to squelch the stickiest of situations would, of course, be a gross understatement. He gets the job done when it has to be done. In this, as far as the Indian ball club goes, he does not appear to be alone. The club, and a young one it is, does not lie down on the job. They do not quit, and informally as of this writing, had adopted the motto, "Nobody beats us twice." They give every indication of being deadly serious about the whole thing and regard victory as something of great value.

All of this esprit de corps, hustle, and what-not is fine, of course, but it doesn't help much unless you've got some talent to go along with it. The club, on the whole, does not fare badly in this department. The outfield is a fine one defensively. They cover a lot of territory and have excellent throwing arms. These three, also carry the heaviest load of the offense. Without a word of exaggeration, they can stick that ball. The left fielder, Chet Janick, leads the team in hitting.

The infield, while not so strong as the outfield, does quite an adequate job and shows a lot of hustle, and most important, a lot of promise for the future.

Beta Sig Wins College Bowling Title

By Manny Gorriaran

Led by Chuck Grundman the Beta Sig team with Ken Rawlinson, Sandy Perler, and Owen Johnson swept four games in the last week of bowling to win the Bryant College League championship. The best match of the last week, however, was the Beta Iota Beta - Phi Sig match which was won by BIB, three games to one. During the last five weeks, underdog BIB came from seven games behind Phi Sig to a final-week tie after the 3 to 1 victory. An extra one game roll-off was then bowled to determine the second-place finisher. BIB won this game by five pins to take second place in the standings. Officially the two teams have won the same number of games since the one-game roll-off is not counted as a league game.

This tie between Phi Sig and Beta Iota Beta is typical of the rivalry that has existed between these two fraternities since the start of ten-pin bowling at Bryant three years ago. The first Bryant ten-pin league was held from May to July in 1960 when ten-pin bowling had just started in R. I. This league ran for seven weeks and was won by Beta Iota Beta.

The second Bryant league ran from October 1960 to January 1961. The winning team, called

the Untouchables, consisted mainly of members from Phi Sig. The third college ten pin league on the other hand was again won by BIB, with an undefeated season to their credit. The first full year college league, running for 21 weeks, was won by Dyer House. Phi Sig and Beta Iota Beta however continued their rivalry, this time for second place. At year end Phi Sig got the edge, taking second place with BIB in third. This year the tables were turned with BIB taking second and Phi Sig third in the fifth college league.

Beta Sig's first place finish was the first for that fraternity; this makes a group of three fraternities and one dorm who have won the five championships. BIB is the only fraternity that has won twice. Presentation of awards for this year's league were made Wednesday before Easter vacation. The high average trophy was given to Dave Coon for his 173 average. The high triple trophy was awarded to Dave Scranton while the high single was won by Chuck Grundman. The final individual award was the American Bowling Congress belt buckle to the most improved bowler.

Now that bowling is finished for the year, I want to wish those bowlers returning next year the best of luck and I hope you can even have up to ten teams in the league. Right now I think we have one of the best college leagues in New England and one of the few recognized by the American Bowling Congress. The quality of our league is proven by our record in New England competition and now in R. I. intercollegiate competition. During the past two years in the New England College tournament against 40 colleges, Bryant finished first in 1961 and third in 1962.

Richard Smith shows the poise that is needed to stop one of these bounders as he bends to scoop up the ball (center). However, it doesn't always work the way it's supposed to, as the third picture shows. It looks like it might be awfully dangerous.

Kappa Tau Reigns As King of the Court

By David Barber

Kappa Tau reigns as champions of the fraternities in a recent basketball tournament held in the Bryant "Garden." Led by the Archway's choice as Most-Valuable-Player, Tom Kane (Kappa Tau) edged out Beta Sigma Chi in the finals, 34-28. K.T. advanced to the finals via conquest of Chi Gam and Tau Ep, as Beta Sig received their berth in the finals by downing B.I.B. and A.O.X.

As the tournament reached the semi-finals, K.T. met T.E. and Beta Sig paired against A.O.X. The first game found K.T. defeating T.E. by a scant 4 points, 23-19. Tom Kane paced the winners with 11, as Al Winterbottom contributed 10 for the losers. The second game of the semi's showed Beta Sig too much for a small but scrappy A.O.X. club, as the Beta hoopsters walked off the floor with a 37-24 victory. Tony "D" Fassell of Beta led all scorers with 12 points.

On the final day of the tournament, the consolation game between T.E. and A.O.X. proved to be as thrilling as the final, as Tau Ep squeaked out a 28-27 decision and third place in the tourney. Following this action-packed consolation game was the final — the showdown between Kappa Tau and Beta Sigma Chi — for the "all-important" crown. The stage had been set in the preliminary, and the capacity crowd anxiously awaited an even better contest now. Doug Powell set the pace for Beta Sig in the first half with 8 points as he led Beta to a 6-5 first-quarter and a 17-16 half-time lead. The second half also was nip'n tuck and at the 8-minute mark Kappa Tau had taken a slim 23-22 lead.

The finalists exchanged buckets and the score was constantly shifting until the 2-minute mark; then the MVP took over and sank 5 important free throws which iced the victory for "Coach" Reed's Chargers. The final tally found Kappa Tau on top, 34-28, and that hard-fought-for title of CHAMPIONS. Kane again led the victors with 15 as Powell chipped in with 12 for the second-place Beta Sigma Chi cagers. Grundman and Barber Win N. E. Doubles Bowling Title

By Manny Gorriaran

Chuck Grundman and Dave Barber, bowling for Bryant College in the third annual New England College Ten Pin Tournament on April 20 and 21, took first place in the doubles competition against 72 teams representing 32 New England colleges.

Bryant entered five teams in the doubles, with Hank Riccietelli and Manny Gorriaran bowling 1069 for 8th place, Dave Coon and Dick Van Praag bowling 1084 for 6th place and Chuck Grundman and Dave Barber winning the event with their 1181 total. After the first day of competition the doubles team from Husson College in Maine was leading with a score of 1148. On the following day Grundman and Barber bettered this mark by 33 pins. In the first game, Chuck had a 213 game while Dave rolled a 153. The next game, however, Dave came back with eight strikes in a row for a 256 game, while Chuck bowled 190. In the last game Dave had a 194 for a 603 total and Chuck had a 175 for a 578. The 1181 combined total gave the bowlers close to a two hundred average per game,

which was enough to win the first-place trophy.

mention a few important members of the championship club. We first must give credit to K.T.'s big daddy — "Curly" Calamari for the fine job he has shown off the boards. Fred "Fleetfoot" Edelstein, who this writer definitely feels has earned himself the title — The Best 8th Man in the Tourney. Lynn Graf, Paul Sedgemark, Dave Hallyer, and "SCOOP" Richmond also should be congratulated on turning in a fine job.

Also selected to the ARCHWAY's all-tourney team, along with the MVP—Kane, are the following:

- Doug Powell Beta Sigma Chi
- Al Winterbottom Tau Epsilon
- Joe Blasi Alpha Theta Chi
- Norm Steinhour Beta Sigma Chi

CONGRATULATIONS, KAPPA TAU FROM THE ARCHWAY!!!!

which was enough to win the first-place trophy.

In the five-man team event the Bryant A team of Hank Riccietelli, Manny Gorriaran, Al Jewell, Dave Barber and Chuck Grundman finished 11th among the 32 college teams. The first-place team was Western N. E. College, with a 2787 total; Babson was second with 2637, while Bryant's total for 11th place was 2477. In the singles event Wayne Abano, bowling for Western New England College, took first place, bowling 635 for three games. Bert Capobianco from Providence College was second with 617, and Arnold Giannotti from New Haven was third with 603. The highest total for Bryant in the singles was Steve Palmisano's 555. The all-events trophy, which is given to the bowler having the highest nine games (three games bowled in each of the three events) bowled in the tournament, was won by Ed Roberts of Salem State College. Ed rolled 1739 for 9 games. Bob Root of Babson was second with 1723, while Dave Coon bowled the highest total for Bryant. Dave's 1633 gave him twelfth place among the 125 bowlers competing. Other Bryant bowlers scored as follows: Hank Riccietelli 1609—14th place; Manny Gorriaran 1564 — 23rd place; Dave Barber 1558 — 24th place; Chuck Grundman 1558 — 25th place.

Considering the fine quality of the competition and the large numbers of bowlers, Bryant did very well. Although the team finished 11th as compared to third last year and first in 1961, it did win the doubles event for the first time.

This year's victory, plus past achievements have given Bryant quite a bit of recognition in New England college bowling — in fact, it has just about the best record of any college. With all the bowlers having beautiful personalized shirts provided by the school, the Bryant bowlers made a good showing and their spirit was high. The tournament itself was very well run and had more entrants than last year.

Trophies were given out for first- and second-place finishers in all the events, as compared to last year's awards being given only for first place. The whole idea of New England college bowling seems to be growing and building momentum. Next year there may be over forty colleges competing.

Bryant Bowling Team Wins R. I. Intercollegiate League Title

By Manny Gorriaran

After twelve weeks of league bowling the Bryant II team with a record of 42 wins and six losses has clinched victory in the first R. I. Intercollegiate league. There are three weeks remaining in the competition; however, since the Bryant II team has a thirteen-game lead over the second place team, it is now impossible for anybody to catch them.

During the twelve weeks of bowling to date the Bryant team composed of Ray Antrop, Jim Guy, Mark De Bisschop, Dick Earle, and Manny Gorriaran has been undefeated. They have posted 4-0 victories in seven matches, 3-1 victories in four matches, and 2-2 tie in one match against Barrington College. The individual bowlers themselves have done quite well, with Manny Gorriaran holding the high single of 238 and the high average of 175. Ray Antrop holds the second high single game of 233 and Mark De Bisschop holds the third highest three-game total of 559.

On May 16, the last day of bowling, trophies will be awarded by the bowling establishment for the individual high average, high triple, and high single and also for the

Varsity Baseball Gets Underway

By William R. Favro

On April 19 the Bryant College baseball team officially opened its first season in many years at Aldrich-Dexter Field.

The hard work of Coach Camper and his team seems to insure a successful season. Enthusiasm and school spirit are displayed every afternoon at McColl Field, where the team can be seen practicing.

The batting statistics as of the first three games reveal evidence of a strong club. The team averages approximately eight hits per ball game. The statistics for the individual players are also very impressive and well balanced. Chet Janik is high man on the totem pole with eight hits for thirteen times at bat, giving him a .615 average. Ron Silva is next in line with three for nine, giving him a .333 average. Some of the other players register on the books as follows:

Will the Scandal Hit Baseball?

By Lawrence Walinski

With the major league season only three weeks old, millions of fans across the nation are already picking the New York Yankees and the Los Angeles Dodgers to meet in the great fall classic—the World Series.

Also, many questions are being asked. How many more records will the two "ageless" wonders, Stan Musial and Warren Spahn, break? Will Mantle's legs hold up? Who is going to make an assault on Babe Ruth's home run record? Is Koufax's arm back in shape? How many 20-game winners will the league have?

But the main question being asked is: Will baseball be hit by the gambling scandal that has touched upon professional football and collegiate basketball? Imagine, a football star like Paul Hornung, earning about \$35,000 a year, betting on his team or other teams, or an "All-American" in college shaving points. What kind of an impression will be left in the minds of upcoming youths who have high aspirations of being an "All-American" or football star? What will a youngster think of when an athlete he idolizes is banned from playing the sport forever?

What would happen if Mickey Mantle or Willie Mays, both earning \$100,000, were accused of betting for or against their respective teams and were expelled from playing baseball forever as a result. What a crushing blow this would be to the thousands of youngsters who idolize these two "super stars."

One wonders what causes a person with such a talent to do such a thing. Hornung, at 28, had at least six more years left to play, but may never get to play a professional game again. The collegiate basketball players had a whole future to look forward to until they were found to have shaved points.

Though wrong, it can be seen why a college ballplayer is easily tempted to take a bribe. After living on ten dollars a week, he is suddenly approached to shave points for maybe a thousand dollars or more. This is big money. Instead of walking around the campus he now can ride around in a nice new car. He can now wear the latest style of clothes.

Once he is "taken in," he cannot get out. He most likely will continue to shave points until caught, or, if man enough, he will report the wrong he has done to the proper authorities.

But, for the professional athlete, there is no excuse—especially a "star." His contract strictly prohibits gambling of any kind. Isn't \$35,000 a year enough?

As one noted authority said: "I go around the country making three or four speeches a week. I tell the audiences how great the football league is and that no player will do anything to degrade the league. What am I going to say now?"

Let's hope the scandal does not touch upon our national pastime.

Bryant Beats Brown In Table Tennis

Kappa Delta Kappa Victorious Over Sigma Iota Beta in Basketball Playoffs

By Ellen Kindstedt

After defeating SIC, 26-16, SIB met KDK in the girls' basketball finals. The title is determined by the winner of the best two out of three games. In the first match, KDK scored 33 points against SIB's 23 points. Janet Fontaine was leading scorer with 29 points for KDK. Georgiana Montagna and Sue Smith scored 2 points each. For SIB, Marianne Babelwicz was high scorer with 13 points. Ellen Weinstein added 8 more points while Debbie Hageman scored two to make their total 23.

KDK won the second game 27-16, which gave them the championship. Janet Fontaine scored 21 of the 27 points. Sue Smith had 5 points, and Georgiana Montagna scored 1. Marianne Babelwicz was high scorer for SIB again with 13 points. Ellen Weinstein added the other 2 points to make the total 15. Congratulations to both teams for playing fine games and to KDK for winning the championship for the second year in a row.

Bryant College Hosts State Chess Tournament

This year's state chess tournament was the biggest ever. The tournament drew forty-six entries of which twenty-eight players competed in Section I and eighteen players competed in Section II. Three women competed in Section II.

Walter Suesman, reporter for the Providence Journal on chess, directed the tournament.

Albert C. Martin won the Section I tournament. James Ragdale, a junior at Bryant, came in eighth in Section I, and Martin Morgenstein participated in the Section II tournament. An interesting occurrence in the Section II tournament was the winning of the Women's Title by a fifteen-year-old girl.

Alpha Omicron News

By Robert Bergstrand

Alpha Omicron, the fraternity of vitality and distinction, is looking ahead, with anxiety, to the coming year. The brothers see a year of change in both the fraternity and the college.

Until recently, Alpha Omicron was considered too small to be thought of as a challenge in competitive events. These ideas were completely changed, however, when the A.O.—Z.S.O. candidates won the Golden Soiree and when Jack Bardelli, the A.O. representative in the Mr. Bryant Contest, made such an excellent showing at the judging. Outward signs such as these, and the vitality and rejuvenation felt within the fraternity are the main reasons why A. O. is on the move.

An excellent group of new brothers has unleashed a surge of power within A.O. that will be felt throughout Bryant College. For the first time in a few years A.O. has its own basketball team, and surprised the whole campus when it defeated the previous fraternity basketball giant. Now, A.O. is planning to enter more and more competitive events in order to continue on a climbing path.

Saturday, April 20, the brothers of Zeta Sigma Omicron held their annual pledge banquet at the Lindsey Tavern, Pawtucket, R. I. Congratulations to all the SIBIES on taking first place in the cigarette contest!! It sure was worth all of that puffing and coughing, and now we can sit back and enjoy all the fine entertainment on TV—cigarette commercials, of course, are our favorites!

While gloves are getting broken in and bats cracked, SIB will again be doing its share at cracking the bat. Let's see another softball championship, girls!

May Queen is just around the corner. This year one of our own sisters, Roz Miller, will be a May Queen candidate. Good luck Roz! We'll all be rooting for you!

Congratulations go to Margo on her shorthand award, and hearty thanks go to Pat McGovern as BIB's Miss Bryant candidate and Bruce Wilson, SIB's Mr. Bryant candidate.

March 30 marked the biggest event of the year. The annual pledge formal was held at the Bocce Club. Everyone was in high spirits—from the pledges right down to the combo players.

Mary Ann expressed her gratitude and benevolence as SIB's President and then acknowledged the new four main officers: Nancy Manchester, President; Carolyn Squillante, Vice President; Margo Drotter, Secretary; and Ann Supnick, Treasurer. Nancy's four appointed officers are Pauline Dippo, Chaplain; Claire Bosma, "Archway" Reporter; Mary Petheruti, Social Chairman; and Elin Weinstein, Sergeant-at-Arms. The remaining offices were filled by Carolyn Snell, Alumni Secretary; Gerry Beaugard, Pledge Mistress; Peggy Lee, Historian; and Debbie Hageman, Athletic Director. The four annual awards were presented to the following girls: Carolyn Squillante, Outstanding Sister; Mary Anne Fitzner, Athletic Trophy; Claire Bosma, Best Pledge; and Carol Bisesi, Scholastic Trophy. Claire even "cried" for everyone, she was so happy!

On April 8 the officers were installed at the installation banquet. With this slate of officers and the continued hard work of the sisters, SIB is sure of another successful year.
