Joseph Krubozumo Roberts

Liberian Student Likes Bryant

By John Montecalvo

Joe Roberts entered Bryant College last September on a scholarship from Firestone Plantation Company. In 1949 he started working for Firestone and by 1954 received a scholarship for high school and college. In 1960 Joe entered the University of Liberia. A Bryant graduate, while working for the Firestone Company on the rubber plantation in Liberia, introduced Joe to Bryant College and shortly after it was decided to send him here.

Joe's credits were accepted at Bryant and he was enrolled in the Teacher Education Department. He likes the school very much and is not having any difficulties. He also says, "I find the social life of the students at Bryant to be typical of the student social life at the University of Liberia." The elaborate facilities available to the students at Bryant seems to have made quite an impression on him. Joe is majoring in Teacher Education and expects to complete his education in this country by July 1963. He went on to say, "I find the courses at Bryant much more concentrated than at the University of Liberia.

The curriculum is much the same, with 25 class hours a week." In Liberia the semester opens in February and closes in November.

When asked about his opinions of the racial situation in America he said, "I sympathize with the American Negro because the Negro in America is held back from having an education in a country of which he is a citizen. I feel that it is very important to give the Negro an opportunity and sympathize with him very much when he is held back." He also went on to say, "I feel that segregation of an individual against another individual is not bad if he has his reasons because we all meet people whom we don't like; however, this cannot compare with segregation by a group of people against another group just because of racial differences."

Joe is very much impressed with the United States. He greatly admires the communication system. "For such a large country to have a common language is really a remarkable thing." Joe is also impressed with the efforts that are made to keep the population of the United States informed.

SENIORS HOLD BANQUET AT THE GRIST MILL

By Dolores Sudol

On Saturday, June 22, the members of the 1963 graduating class of Bryant College assembled for one of their last exercises—The Senior Banquet. The event was held at the ever popular Grist Mill Restaurant in Seekonk, Mass. At 7:30 the seniors and honored guests began the sure-to-be-remembered list of events of the evening with a full course meal. After the hunger pangs were well satisfied, Dr. Goulston, the senior class advisor and toastmaster, was presented a well-deserved award. The award represented the gratitude and appreciation of the entire class for a job well done.

Plaques were presented to the senior class officers as recognition and reward for the hard work and labor that went into the planning and achievement of their successful activities. The officers are as follows: President, Ray Bisson; Vice-President, Harry Attianese; Treasurer, Dave Barber; and Secretary, Carol Gliha. As the officers have represented the class throughout the year, so will they represent the class in this recognition of achievement. It must be remembered that

without the cooperation of the class, their efforts would not have been rewarded.

The long-awaited announcement of the dedication of the Ledger, the Bryant yearbook, was made by the editor of the book, Eric Stoutenberg. This year's book is dedicated to Mr. Wallace Camper.

Ray Bisson then had the honor of presenting the traditional senior gift on behalf of the departing class to President Jacobs. In this proud centennial year, the gift is sure to be well appreciated and remembered.

The spotlight was then turned on the wives of the graduating seniors as they received their "PHT" awards. These "Putting Hubby Through" awards are made to compensate for the hours of homework and studying that the wives have suffered.

Then came the dancing and fun of the evening. The music was provided by Kenny Rawlinson and his group and continued until the magic hour of midnight. Thus, as one of the highlights of the senior year, the banquet was a memorial occasion for all.

Mr. Wallace Camper

Bryant Ledger Dedicated to Mr. Wallace Camper

By Milt Wroblewski

It was announced today that this year's Ledger will be dedicated to Mr. Wallace Camper, Instructor of Accounting and Mathematics here at Bryant. Mr. Camper, a native of Burlington, Vermont, came to Bryant in September of 1960. He presently resides with his wife and two children in Cranston, R. I. He received his B.S. from the University of Rhode Island, and has done advanced work at Clark University.

Before coming to Bryant, Mr. Camper served as an instructor of Economics and Accounting at Nichols College in Dudley, Mass. He also served as an Investment Executive at a local investment firm.

Mr. Camper was named Head Varsity Coach for Baseball and Basketball at Bryant in April of 1962. Mr. Camper's athletic career began at Burlington High School where he was selected for the Vermont All State Baseball and Football teams. He then went on in the field of athletics to play in the Baltimore Orioles Farm System.

This is not the first time that Bryant students have selected Mr.

Students' Help Needed This Summer

By Alan Gilstein

Between 100-150 foreign students will visit Rhode Island from July 20th to August 31st. Their visit is in conjunction with the President's People-to-People Program, and it is being sponsored in Rhode Island under The World Affairs Council of Rhode Island. These students are from Holland, Ireland, France, Germany, England, and the Scandinavian countries.

Homes are needed to house these students, whose visit will not exceed more than three days with any family. Hospitality will require that the one or two students be met upon arrival and driven back to their place of departure. The students have a carefully planned program and therefore it will not be necessary for the host or hostess to provide them with entertainment.

The students have all been carefully screened, and all speak English. Before their arrival in Rhode Island, the students will have undergone ten days of orientation in Washington.

If you are willing to have one or more of these foreign students in your home for three days, call The World Affairs Council of Rhode Island, GAspee 1-8622, or contact Dr. Lebovitz here on the Bryant Campus.

Camper for recognition. Last year's graduating class selected him as the instructor who had helped them the most during their stay at Bryant. Mr. Camper's instruction and guidance has helped many of the students. His extracurricular activities have brought him even closer to the students. He is admired and respected by all at Bryant. During his brief stay at Bryant, Mr. Camper has proved to be a good friend to the student and for this he is now being given proper recognition.

Plans formulated for next year

Hillel Executive Board Holds Meeting

By Jay E. Laff

The Executive Board of Bryant Hillel held their monthly meeting Thursday, June 13, 1963. At this time the Board, presided over by President Warren Corin, approved the slate of chairmen for the various committee posts during the 1963-1964 school year. They are Steve Kanis, Membership Chairman; Barry Gurland, Religious Chairman; Jeff Bulman and Leslie Fleischer, Co-Chairmen for Social Activities; and Allan Cohen, Brunch Chairman.

A mixer is planned for Thursday June 27, at which time all members of Hillel who are attending Bryant during the summer semester will have an opportunity to get together before the summer vacation. The time and place will be announced at a later date and refreshments will be served.

Look for the Hillel article in the next and last issue of the Archway this year. It will include next year's calendar of culturally and socially stimulating events.

Tierney's Drug Store Wins SIB's Raffle

By Carolyn Squillante

The sisters of Sigma Iota Beta Sorority held their annual raffle for the benefit of their orphan Alba Gucci, who lives in Florence, Italy. The ticket was drawn by Mr. Hathway on Monday afternoon, and Tierney's Drug Store won the prize, an Admiral television set.

Tierney's Drug Store is located on Hope Street. The owner was very pleased when he was notified as to his winning. He had forgotten that he bought the raffle ticket and was quite surprised when he heard he had won.

Sandy Massaro, one of SIB's current alumni, sold the most tickets for the raffle. SIB wishes to thank all who worked in the raffle and all who supported it.

'Hail, hail, the gang's all here'

Archway photo by Jim Herens

During the Summer Session, Bryant students vacate the campus on hot Saturday afternoons and seek refuge at the nearest beach. Second Beach in Newport seems to be one of the more popular spots. The 'gang' really has a ball, as is exemplified by "Guzzler" Pereault, second from the left wearing the hat. (More Pictures on Page 4.)

Freshmen Orientation

The Student Senate is now in the process of making plans for freshmen orientation in the fall. However, this orientation program is more or less a social orientation, rather than an academic orientation.

A program of academic orientation at Bryant would greatly enhance the adaptation process of the entering freshmen. This program could familiarize the freshmen with classroom and study procedures of college. It could be a three or four day affair, conducted prior to the fall semester.

The need for this type of academic orientation along with the social orientation is evidenced by a statement of a faculty member. Dr. Sol Lebovitz believes that "many students at Bryant have a difficult time because they have not made the adjustment from the high school procedure to the college procedure of studying."

Bill Word, Student Senate president adds, "The orientation period has been drastically shortened in recent years to a point now where the entering student is processed like a raw material passing through a high speed machine. The student is definitely not receiving the benefits that a sound orientation program could give him."

It can be clearly seen that a lengthening of the freshmen orientation period with an emphasis on what is expected of the new students academically, as well as socially, would be very beneficial. Is a sound academic orientation program in sight for the near future of Bryant College?

Student Union Hours

The opening of the student union on a trial basis on week-nights and on week-ends was not very successful.

Is this an indication that Bryant students don't want the union open during later hours? I think not.

The Summer Session, with approximately one half the student body attending classes, is an inopportune time to conduct such a trial. An inaccurate indication of student support was the result. Another contributing factor is that on week-ends many students leave the campus and travel to out-lying beaches.

It is certain that the circumstances surrounding the situation will be taken into consideration, and another attempt to extend the student union hours will be made in the fall. However, student support will be needed.

Marginal Students Have a Place in College

WAVERLY, IA.—(I.P.)—What are the chances of success in college for marginal students? An attempt to find an answer to this question was made last summer at Wartburg College when a few individuals were given an opportunity to participate in regular college courses with students who had met admission requirements.

According to a report, released here recently, consensus of opinion among the instructors was that, with a few qualifications, it would be possible for these students to progress satisfactorily. Dr. J. O. Chellevoid, Dean of the Faculty, attributed this success to proper motivation, pointing out that the probational students knew they would be given a chance to apply for regular admission if they were successful.

Marginal students were required to take a beginning English course and then given the choice of either history or biology. They were not

segregated, but became a part of each class and were treated like other students in matters of load and examinations, except for receiving more counseling.

Work in the required class, English 101, included reading about 50 pages a week from "A College Treasury" and writing a theme based on some specified selection from that book. Those who needed help after papers were graded had conferences with the instructor. Discussion was held on the readings and tests were given every two weeks. A review of grammar, usage and mechanics received special emphasis during the first half of the session.

After a preliminary test in that area, those who demonstrated proficiency were excused from further drill and were assigned special readings. Since the marginal students were notably weak, they stayed with the group that needed

Letter to the Editor

Dear Sir:

The students of Bryant College have recently been circulating a petition for the purpose of bringing to the administration's attention the student's request for suspension of classes on July 5, 1963. As yet, no decision has been made, but the student body feels it is justified in making this request for several reasons. These reasons are:

1. Bryant College has no long spring recess and therefore students attending the summer session have no major study break until the end of July.
2. Bryant College classes were not suspended at any time during the past winter due to inclement weather. Thus the required number of class days would still be met.
3. The weekend of July 4 would give dormitory students the chance to visit their parents in time to make summer vacation plans, or many students would take this opportunity to seek summer employment near their home.
4. The weekend of July 4 would give a welcome study break for some, and a chance to study for the comprehensive examinations for others.

These are just some of the reasons why we feel classes should be suspended. Each student has his own reasons for wanting the administration to grant this request.

Many students have expressed the opinion that they would be willing to leave classes extended for one day at the end of the semester if classes are suspended on July 5. This would overcome the idea that the professors could not complete their courses with the elimination of July 5.

In any event, we would sincerely appreciate the administration's careful consideration of this proposal.

Eric Stoutenburgh

Dormitory Elections Announced

Dorm elections have taken place and the following students have been elected to uphold dorm standards. Their responsibility is to help enforce all rules and regulations which result in a better and more respected dormitory.

Stowell Hall

President, Diane Strong; Vice President, Debbie Hageman; Secretary, Shirley Cohen; Treasurer, Barbara Gurton.

Councillors: First Floor, Jan Zielinski; Second Floor, Estelle Tetreault; Third Floor, Debbie Hageman.

Alan Hall

President, East, Dianne Palacz; President, West, Jimmy Quinlan; Vice President, Dianne Cuzzzone.

Tentative Councillors: 1, East Wing, Pat Copeland; 2, East Wing, Greta Ferguson; 3, East Wing, Elaine Nardi; 1, West Wing, Mary Jane Hanson; 2, West Wing, Sandy Kraeger; 3, West Wing, Diane Cuzzzone.

Eldridge Hall

President, Elaine Keeney. Councillors: Carol Ellis, Jo Ann Buggie.

Harriet Hall

President, Elizabeth Baker; Vice President, Judy Perlman. Councillors: Linda Bull, Ron Di Blasio, Gerri Moniz.

Jeannette Carroll Hall

President, Arlene McCann; Vice President, Roberta Basile.

intensive review. An achievement test then followed.

An appreciable gain was noted among the marginals, but their score was still not high enough, so they were given a chance to be tutored in groups of four by English major students. All who availed themselves of the tutoring passed the third test.

Henry L. Jacobs Library List Compiled

The following is a list of periodicals that are in the library. This complete periodical collection will aid students of Bryant College in completing various assignments. Students are urged to use the periodicals as frequently as they wish.

Liberal Cut Regulations

NEW CONCORD, O.—(I.P.)—The faculty at Muskingum College recently approved the adoption of new attendance regulations at this institution. This change, it is believed here, is one of the first major steps to the gradual adoption of an honor system for this campus.

The recommendation, as read by Dean Howard V. Evans to the faculty is as follows: "... class attendance is a matter between the student and the professor... It might be wise for the professor to keep his own class attendance for reference purposes, but the final decision as to whether he keeps any attendance record is up to the individual professor."

All aspects of the old attendance regulation will be considered by individual professors. If their wish is to retain certain desirable features of the old regulation, it is their prerogative to do so. This would include the double-cut procedure before and after a vacation period, the penalty of additional credit should a student over-cut,

Here and There

New Dates Set for Class Day and Commencement. Class Day Exercises will be held on Friday, July 26, 1963, at 2:00 p.m. on the campus green. The Prom, to be held at the Sheraton-Biltmore Hotel, will take place Friday Evening July 26. Commencement Exercises will begin at 10:00 a.m. the following morning, Saturday, July 27, 1963, at the Meehan Auditorium.

A Series of Management Seminars to Bring Business Leaders to the Bryant Campus. These seminars are held in the Bryant College Auditorium each Wednesday at 1:00 p.m. and are designed to acquaint students in the Business Administration Department with actual on-the-job problems and experiences. On Wednesday, June 12, the speaker was Mr. Robert Graham, Purchasing Agent of the Davol Rubber Company, of Providence. His topic was "The Problems of the Purchasing Agent." On Wednesday, June 5, Mr. Charles O'Rourke, Manager of the Prudential Life Insurance Company of East Providence, addressed the students on "Sales Management as Seen Through the Eyes of an Agency Manager."

Two Members of the Bryant Staff Receive Master's Degrees. Mr. Stanley Shuman, director of placement at Bryant College, and Mr. Natale Candemo, assistant professor of secretarial studies, received master's degrees in education (Ed.M.) at the Rhode Island College Commencement Exercises on June 8. For his thesis, Mr. Shuman completed "A Validity Study of the Strong Vocational Interest Blank for a Selected Group of Graduates of Bryant College." Mr. Candemo's thesis was entitled "School-Work Programs in Book-keeping for the High School Student."

To Represent Bryant at National Conference. Mrs. Gertrude Meth Hochberg, Director of Public Relations at Bryant College, will attend the Forty-seventh Annual Conference of the American College Public Relations Association to be held in Chicago, June 23-27. Principal speakers for this event will be Vice President Lyndon B. Johnson and United States Commissioner of Education Francis Keppel. Approximately 1500 people, representing colleges throughout the country, are expected to attend this event.

Bryant Alumni Director Will Attend Convention. Kenneth W. Cedergren, Director of Alumni Affairs at Bryant College, will attend an Institute on Alumni Publishing being planned in conjunction with the Golden Jubilee Conference of the American Alumni Council. This event will take place July 8-12 in Atlantic City, New Jersey.

Bryant Faculty Member Receives Degree. Earle A. Messer, Assistant Professor of Economics at Bryant College, recently received the degree of Master of Education (Ed.M.) which was conferred upon him at Boston University's Commencement Exercises. Professor Messer also holds the degrees of Bachelor of Science in Business Administration from Northeastern University, and Bachelor of Science in Education from State Teachers College, Salem, Massachusetts.

Plans Being Completed for Bryant's Centennial Commencement. This year's schedule calls for Class Day on Friday, July 26 and Commencement Exercises the following morning, Saturday, July 27, 1963. Further information on Commencement arrangements will be announced early in July.

etc. It was stressed that the student should familiarize himself with policies as outlined by his professors.

Bryant

Sports

Intramural Highlights

As of June 17, 1963

By Dave "Montana" Barber
Chi Gam 20 — AOX 2

Chi Gam players have continued their winning ways—this time at the expense of AOX, by a convincing score of 20-2. Again Artie Silva was given credit for the victory as he struck out nine, walked two, and gave up only three hits. Dick Bartel paced the winners with a double and 2 singles, as Greg Hazen's four-bagger also sparked the winners at the plate. Duffy collected two of the three singles given up by Silva to lead AOX.

Merluzzo, Calafrafrancisco, and Andrade hurred for the losers as Al-fred handled the chores behind the plate, as did Martin for Chi Gam.

Gorman's Nine 12 — BEX 9

In a game which proved to be the biggest upset thus far, Gorman's, going into the game with a 0-5 record, played exceptionally well and won a hard-fought decision over BEX, 12-9. Bruce Johnson, Gorman's hurler, went the route and allowed only seven base hits as he constantly had the BEX batters stumped with a good working curve ball and an effective fast ball. Johnson was handled by Breault behind the plate. Summa and Janik did the hurling for BEX as Cleland handled the chores behind the plate for BEX.

Saltzman's round-tripper in the fifth started a 6-run inning for Gorman's; Saltzman also collected a double and single to provide the spark for Gorman's. Janik paced BEX with two singles in three attempts.

AO-Sigma Lambda 16 — TE 15

Spearheaded by a big 13-run first inning, AO-Sigma Lambda went on to hand TE a 16-15 defeat in the Intramural Softball League. Kamens and Brown worked mound duty for the victors as Carreau received credit for the loss. Ken Kaplan and Terry Korb each hit solo homers in pacing the winner's hitting attack, as Dick Ellis hit the first grand-slam of the year off Kamens in the 3rd and also had 2 singles to pace Tau Ep in a losing effort.

Angels 10 — BIB 8

Paced by the pitching of Santilli and receiving batting power from Brown, the Angels handed BIB another defeat, this time by the score of 10-8. Villa went the distance for BIB and suffered the loss; he was handled by Scarpelli as Constantino received Santilli. Brown paced the winners with 2 triples and a single as Scarpelli tripled and doubled to lead BIB's hitting attack.

AOX 6 — Phi Sig 5

AOX handed Phi Sig their second defeat of the season, by the score of 6-5 in a very well played ball game. Palmasiana and Serpa handled the duties on the mound as Al Jewell went the route for Phi Sig. AOX took advantage of 2 Phi Sig errors in the 5th inning and added a base hit by Armstrong to come up with 3 runs which proved the difference in the ball game. Stanek paced the winners at the plate with a double and single as Anderson collected the same for Phi Sig.

Angels 7 — BEX 6

The Angels erupted for 6 runs in the 5th inning, and went on to hand BEX a 7-6 setback. Chuck

Grundman's homer in the 7th tied the game, but the time limit slowly ticked away and before BEX could retire the Angels in the bottom of the 7th, the game reverted back to the 6th inning where the Angels led 7-6.

Santilli received his 2nd victory of the year, and he was handled by Constantino. Summa went the distance for BEX, as he allowed only 7 singles, but 4 of them coming in the big fifth inning. Cleland handled the chores for BEX, and Jim Briggs chipped in with a homer and single in three attempts. AO-Sigma Lambda 11 — BEX 10

In the second big upset of the year, AO-Sigma Lambda nipped BEX 11-10. Trailing 10-6 going into the 6th inning, AO-Sigma Lambda came up with 5 BIG runs and held the lead for the remainder of the game. Guy and Ferratti formed the winning battery as Summa, Janik, and Cleland worked for BEX.

The winners were led at the plate by Korb and Brown. Korb blasted out a homer, 2 doubles and a single, as Brown collected a homer and double. Briggs and Homski each collected a double and single for BEX.

TE 5 — Angels 4

Tau Ep edged the Angels 5-4 in another game which you must label "UPSET." Bob MacLaughlin went the route for TE, allowing only eight hits. Wallace received the slants of Mac, and Santilli and Constantino formed the battery for the Angels. Wallace led TE at the plate with 2 singles; Pete Corso paced the Angels with a double and two singles.

Phi Sig 26 — AO-Sigma Lambda 7

Phi Sig completely overpowered AO-Sigma Lambda by the convincing score of 26-7. Phi Sig bombed out 19 base hits, 10 of them going for extra bases.

"Stout" and "Honk" hurred for the winners, and Scott worked behind the plate. Lemme, Kamens, and Ferrati formed the battery for the losers. "Big" Walt Coutu paced the winners, hitting a homer, triple, and 2 doubles. Guy's triple and single were the big hits for AO-Sigma Lambda.

Phi Sig 7 — KT 6

In a game which proved to be the best contest of the year, Phi Sig nipped Kappa Tau 7-6. Al Jewell went the route for the winners and "Guzz" Perreault also went the distance for the losers allowing only 5 base hits. Jewell led Phi Sig at the plate with two singles, as Perreault's double led KT. Another factor that should be mentioned is the fact that Perreault and Lipman's doubles were the only extra base hits of the game.

Chi Gam 16 — BIB 3

Art Silva struck out 10 batters and allowed only four hits as Chi Gam remained in first place with a 16-3 romp over BIB.

Jim Villa went the route for BIB and was handled by "Rife-Arm" Schneider. Silva was controlled by Martin for Chi Gam.

Greg Hazen's homer, double, and single supplied Chi Gam with

Notes from Montana

We should all tip our hats to Fred Vannaersen and Gerald Green, whose names were added to the list of injuries in the softball league . . . Curly Cal is really digging up the baseball diamond—Cal belted a 435 ft. single. Just call him "Speedy" . . . Harry A opens up at URI soon; must be nice attending two colleges at once. Something he can tell his children . . . Bob Scott has been eying Allan Hall and one of these days is going to get enough nerve to go over there . . . Honk Jewell has a new car and for a quarter, he will give you a ride around the block . . . Jim Guy, please read Rule 12 of the softball handbook . . . Well, Montana must go now, but remember—the best joke of the year is #34 . . . See you around—

enough power at the plate, while Turkus's double was the only extra base hit BIB managed to come up with.

BEX 14 — TE 4

BEX bounced back on the winning trail, this time at the expense of Tau Ep by a comfortable margin of 14-4. BEX was paced by the pitching of Janik and the "power" from the "BIG" Lou Sherman, who belted out 2 doubles and a single. TE received their batting from a rookie from the Middle Atlantic, that being Dave Simpson, who collected a double and single in as many bats.

Mac did the hurling for the losers, and Wallace did the receiving as did "Humper" for BEX.

(Continued on P. 4, Col. 1)

Bryant College Intramural Softball League Batting Averages of the Top Four from Each Team as of June 17, 1963

More and More People Like Golf

By Lawrence Walinski

Golf, which has been in the shadow of football, basketball, and baseball for the past thirty years, has climbed to an almost equal status. So much has the game grown that a touring "Pro" may play four tournaments a month if he wants to. Also, the monetary rewards have risen. Seldom is a tournament played that does not have at least a \$75,000. jackpot, with the winner walking off with between \$20,000. to \$25,000.

Not since the days of Bobby Jones, Walt Hagen, Ben Hogan, and Sammy Sneed has golf drawn so many spectators. It is not uncommon to have 15,000 to 20,000 spectators trampling over the fairways and greens to see their "idol" belt a 300-yard drive or "can" a 40-foot putt.

Typical of this spectator boom is "Arnie's Army." Arnold Palmer, the king of golf, always has at least 5,000 fans following him around the course.

So dominant a figure is Palmer on the course that he is a perpetual favorite to win. It is not too often that he lets the bettors down. Being only 32 years old, he has a good many years left. Between tournament participation, advertisements, and endorsements he is grossing nearly \$500,000 a year. NOT BAD.

This reign of golf supremacy of Palmer is being threatened by the other two of Golf's "Big Three," Gary Player and Jack Nicklaus. Player at 27 is the greatest foreign (Continued on P. 4, Col. 1)

INTRAMURALS

(Continued from Page 3)

KT 9 — AO-Sigma Lambda 6
AO-Sigma Lambda had their winning streak halted, at the hands of KT, by a score of 9-6. Perreault and Kerry combined to receive the victory for KT, as Brown and Kamens hurled for the losers. Jack Hennessey, took over the HR lead by belting a four-bagger in the 3rd. Curly Cal also unleashed "some" of that supposed power he has in the 4th inning with the sacks loaded. Cal belted a triple—It's a good thing that both the center and right fielder fell down chasing the ball—.

Jack Bardelli paced the losers at the plate with 2 singles in three attempts.

Gorman's Nine 15 — AO-Sigma Lambda 5

Gorman's Nine continuing on their winning ways, handed AO-Sigma Lambda a 15-5 setback. Bruce Johnson went the distance for Gorman's and was never in serious trouble as he allowed only 5 hits, three of them to Fran Brown, and struck out eight. James Guy suffered the loss, as Ferratti formed the other half of the battery for the losers. Johnson and Goolgasian paced the winners with a double and 2 singles apiece. Brown led AO-Sigma Lambda at the plate with a homer and two singles. Brown's homer gave him his third to tie with Hennessey for the lead.

BEX 18 — AOX 9

BEX overpowered AOX by a lopsided score of 18-9. Janik, Powell, and Homski formed the winning battery as Merluzzo and Serpa handled the chores for AOX. BEX was paced by Fraser and Cleland who collected 3 hits apiece. AOX also received 3 hits from Merluzzo and Zuromski.

In two other games not mentioned, BIB and Gorman's game is now under protest and the outcome is not known. Also, the BIB and Phi Sig game ended in a tie and will continue some time next week.

GOLF

(Continued from Page 3)

golfer to hit the American scene. Nicklaus, only 23, has already enjoyed a successful career.

In fact, this year he has dethroned Palmer of three of the titles he won last year. Should Palmer falter, big Jack looks like the likely successor as "King of the Fairway." Besides this "Big Three," there are many other young pros who are stealing the limelight from their older counterparts. Many have not won any tournaments yet but are consistently among the top twenty finishers in a tournament,

What The Greeks Are Doing

News of Phi Sigma Nu

A Phi Sig article without mention of "Montana" would be considered incomplete. Let us, therefore, consider this article incomplete, shall we?

Since this will be the next to the last paper of the year, we would like to extend our best wishes and good fortune to the following brothers who will be graduated in the coming few weeks: Harry Attianese, Buten Walker, Bill Word, Bob Aviano, Don Quatrochio, Steve Murry, Bob Samuels, Al Jewel, Eric Stoutenberg, Art Neilson, Eugene Waldeck, John Wakefield, Dave Rozzell, Raymond Bisson, John Alfred, Bob Anderson, Barry Anderson, Dennis Donnelly, Ken Galkin, Karl Hanson, Tom McDermott, Joe Sawjewicz.

We are also proud to announce our new officers for the coming year: President, Pete Calise; Vice-President, Bob Cerrito; Treasurer, Arnie Montequila; Secretary, Buzz Litman; Pledge Master, Walt Coutu; Athletic Director, Pete Sadaski; Assistant Treasurer, Fred Robinson; Assistant Secretary, Bob Scott; Co-Alumni Directors, Eugene Simone, Dick Sorel; Sergeant-at-Arms, Mike MacNamera; Chaplain, Joe Finelli; Grand Councilman, Spence Martin.

We are sure each and everyone will do an outstanding job in the coming year.

Professorship Established at Princeton

Princeton, N. J.—(I.P.)—A new endowed professorship serving the humanities is being established at Princeton University with a grant of \$500,000 from the Avalon Foundation. This gift will permit a flexible assignment of the professorship among various of the humanistic disciplines.

According to Dean J. Douglas Brown, the significance of this grant "is underscored by the imbalance existing in American higher education between the extremely limited support available for humanistic scholarship and the many opportunities emanating from both private and public sources in support of research and instruction in the sciences, engineering, professional education and many aspects of the social sciences.

"Even here where for two centuries the character of the University has been set by a vital, liberal, humanistically infused approach to teaching and to learning, the University finds it impossible to accord faculty members in humanities opportunities for research and publication comparable to those available to their colleagues in the natural and behavioral sciences through governmental and other means of support," Dean Brown emphasized.

The Avalon Foundation Chair in the Humanities, "by making it possible for a succession of outstanding humanistic scholars to address themselves thoughtfully to the relevance of their studies to the current day, and to the future, will greatly strengthen our efforts to redress the balance among the various branches of learning," Dean Brown said.

which over the year will earn each of them between \$30,000. and \$40,000. a year.

So no longer does the golf game hide in shadows. The next time you pick up a newspaper look and see if a write-up on a golf tournament does not share equal billing with a baseball write-up.

Phi Sig would also like to congratulate Pat De Maio, our new May Queen, for her recent victory in BIB's annual contest. Thanks Pat, for doing such a great job!

Phi Sigma Nu:

First Annual Matching Test

1. "Honest fellas! I swear I hit .600 in the playoffs last year."
2. "I wonder where I got this darn rash all over my face."
3. Hello Sister UG-LEES.
4. GOOBER.
5. "I know I'm not the best second baseman in the league, but I am hitting .009."
6. "I'll show you how good I can twist at our annual dance in December."
7. "I'm an '11' letter man."
8. "I think I'll wash my hair in Memorial Hall."
9. "Any of you guys have change for a \$100 bill?"
 - a. Ray "Atlas" Bisson
 - b. Pete "Don Buddin" Calise
 - c. Mike "Varsity" Howrilka
 - d. Bob "Labels" Samuels
 - e. Dick "Tizzie" Sorel
 - f. Bob "Lover" Cerrito
 - g. Buzz "Dondi" Litman
 - h. Fred "Pinball" Robinson
 - i. Arnie "Stupit" Montequila

In closing out, the brothers of Phi Sig would like to wish everyone a good summer. We are all looking forward to seeing you next year.

News of Chi Gamma Iota

By Jack McKiernan

The brothers and sisters et al., spent a very enjoyable Memorial Day week-end at Cape Cod. Most went down on Friday night; some came Saturday. Greg's and Harry's arrival was a big splash—literally. It seems Ron Marino has a hidden taste for Cadillacs. The Greek, as usual, came through with a couple of real queens.

Everybody managed to get back to class—they needed a rest. Next trip we may make some minor alterations. All in all it was a very good weekend, and there were not even many red faces—in the cafeteria on Monday that is.

Chi Gam's softball team is in first place; they stand a good chance of taking all the marbles this year. Art is really doing fine work on the mound. The team can't decide whether to have Homerun Hazen's spikes bronzed or to just bronze Homerun Hazen.

A surprise birthday party was held for Jim Hutchins a week ago last Saturday night. He was 22 again. Jerry baked a nice cake for him, but tried to credit Jim's wife with baking it.

Sigma Iota Chi

By Carol Egglestone

Hi!

Sigma Iota Chi wishes to extend sincere congratulations and best of luck to the following sisters who will be graduated in July:

Kathy Fascitelli, Mary Ellen Hogan, Jeri Clouser, Maureen Drapp, Loraine Andersch, Pat Wardell, Joan Williams, Marianna Criscione, Maureen Monferi, Mary Casey, and Rena Ruggieri.

The new sisters have planned a "Bottle Hunt" to be held this Saturday, July 15, in order to raise money for their blazers. Good luck, girls!

The Fourth of July has been chosen as the day for the picnic that the sisters are holding for the brothers.

Good luck to everyone. The sisters of Sigma Iota Chi hope that everyone has a wonderful vacation. See you in the fall.

Alpha Theta Chi

By Bob Armstrong

The Senior Party was held recently at Bonnet Shores. There were plenty of refreshments to go around all day and night. A Hootenanny was led by Fuzzy and Fred towards the end of the evening. Everyone had a good time except for a few Brothers who caught some poison ivy. Right, Tarzan?

The softball team has a fine record of 5-3. This year's club has some outstanding players in Moe, Bob, Duffy, Charlie "The Bull," and Zeke. Joe Blasi is leading the "gang" in batting with a .647 average.

Alpha Theta Chi was well represented on the Dean's List: Joe Higgins, Tony Lucca, Charlie Ruggiero, Terry Sousa, Wayne Salisbury, and Bill Squizzero.

All the Brothers are working hard this summer securing ads for their blotter. The AOX blotter is distributed in September to the freshmen. This year's blotter promises to be the best yet.

Fred Ricci will begin his student teaching at Mount Pleasant this September. All the Brothers wish him the best of luck. His "little brother" also wishes him the best.

Bill Squizzero, (Squizz to his friends), has joined the Air National Guard. Happy landings, Squizz!

A party was held in Bill's honor last week. The Brothers took him to Bristol for a "send off." The town received them in typical fashion. The Brothers won't soon forget that Bristol hospitality.

The following Brothers are to be congratulated on their recent pinning: Tony Lucca and Isabele Rinaldi; Ed Pragna and Marge Clark; Bob Armstrong and Sharon McDonald (SIB).

Joe Higgins found an interesting rock formation at Bonnet . . . Cement lost something over at Tony's house . . . The "Bull" got shot down twice last week . . . Allan was welcomed to Bristol by one of their prominent citizens . . . Chopper had bright eyes in the outfield last week . . . Big Daddy is growing with the frat.

Lucky Men!

In 1959, there were 4,200,000 more females than males in the civilian population of the U. S.

Guzzler at it again

It seems that Guz Perrault was all over Second Beach, or at least he was always in front of our photographers lens. Here he poses with Brad Dupree and Fred Edelstein. Joyce Gillis looks on.

Those picnics at the beach

Photo courtesy of Paul Langello

One can get pretty hungry at the beach. The desire for food can become uncontrollable. Alas! A way to satisfy that hunger: attack a watermelon. That's just what (l-r) Paul Langello, Roe DiBlasio, and Jim Summa did. That poor watermelon just didn't have a chance.

Cool cat

Archway photo by Jim Herens

Jeff Bulman, looking as cool as a summer's breeze, really makes the best of the beach situation. Jeff's comment, "Newport is for me, man."

Ahh, that warm sun

Archway photo by Jim Herens

Art Nielson and Myrna absorb some of that warm sunshine at Second Beach. 'Relaxation' seems to be the good word during the summer.
