## President Welcomes Record Enrollment

Courtesy of Public Affairs

The 116th academic year at Bryant officially began with a welcoming address to the 2,750 new and returning students by President William T. O'Hara at noon on Wednesday, September 6, in the Koffler Rotunda. A record number of freshmen and transfer students from 16 states and 10 foreign countries began arriving Monday, September 4, for a two-day orientation program, scheduled for those students who did not participate in one of the four summer programs.

According to Roy A. Nelson, Dean of Admissions, "A higher than normal rate of return for students and an unusually large number of applications combined to produce the record enrollment at Bryant College this fall. With women becoming more aware of the outstanding opportunities in business, applications from women are fast approaching those for men, especially in the area of Computer Science, Management and Accounting. There are 153 freshmen women enrolled in Accounting alone for the fall term."

Currently, the total enrollment at Bryant is comprised of

President O'Hara addresses student body. Photograph by J.W.

57% men and 43% women.

Graduate School enrollment has been equally active as a result of the introduction of the new Master of Science and Taxation program. According to Dr. Sol Lebovitz, Dean of the Graduate School, the program is designed for individuals requiring advanced technical and professional knowledge in the complexity of federal and local tax structure. There are over 750 men and women

registered for the school's three graduate programs, Master of Business Administration (MBA), Master of Public Service (MPS), and the MST.

"Enrollment in the Evening Division," according to Timothy Cartwright, Director, continues to grow as people wish to acquire new skills and upgrade old ones, and as the needs of business constantly change." Over 1600 men and women have enrolled in the fall term.

## Silence at 91.5

By Jay Metzger

For over a week, WJMF, the Bryant College radio station, has been off the air due to the failure of small integrated circuit which costs no more than \$4.00. The circuit enables WJMF to maintain a frequency level of 91.5. Unable to maintain this frequency, the station was forced off the air until repairs can be made.

After beginning operations on Monday, September 4, the problem was unknown to all members of the station. The situation was brought to light by Sales Director, Jeff Ferrante. Ferrante discovered that the signal was transmitting at about 93.5 on the FM dial. The wandering signal also interfered with WPRO-FM. In turn, WPRO disrupted WJMF and the situation continued to worsen resulting in the shutdown.

Station General Manager, Steve Feinberg, explains that the phase lock (for holding frequency) is the problem. According to the station's Chief Engineer, the problem has existed for the past few years and only this year has its presence been felt. Steve pointed out that

the station could have stayed on the air, but it would have been "to the detriment of the listeners," thus the shutdown.

The closest parts supplier is McMartin Industries in Omaha, Nebraska. Feinberg said that McMartin sent the part UPS Blue (air freight), or so he had thought. On Wednesday, Steve discovered that McMartin had lost the address, and could not send the part until Thursday morning. But all is not lost. A friend of Feinberg's is bringing the part from New York. WJMF expects to go on the air sometime Saturday.

There had been some pessimism as to whether prospective staff members would still approach the station considering the transmitter problems. That speculation was laid to rest at Thursday's staff meeting. The overwhelming response confirmed that the student body will support, and participate in the future success of WJMF. Support that could very well save WJMF's existence. For more information see story on page 2 by Steve Feinberg, General Manager of WJMF.

## Bryantonian Running For State House

By Jayne Morris

Richard Taylor, a junior at Bryant, is representing the Republican Party in the Smithfield (District 57) race for the RI State House this November.

Candidate for State House, Rick Taylor.

Rick, who is 31, is majoring in management and public administration in addition to campaigning. A busy schedule to say the least, but Rick is quite confident that he can handle it. As the assembly is a part-time job, and many of the state reps have full-time jobs, Rick will

continue his classes if he is elected.

A little old for college? Not really! Rick is returning to college at a later stage in life as he did not feel ready for college when he was younger. Rick spent his earlier years in Vietnam as a marine, and worked in the postal service, where he was president of a postal union.

Basically Rick is a Rhode Islander. He has had experience in Washington as a intern for Senator Pell and hopes to serve his own internship for public administration as a Representative. As this is Rick's first time running for public office, he wants to "get his feet wet" before making any definite future career plans.

Of course, like most candidates running for public office, Rick holds views on major issues such as businesses, taxes, education, and bureaucracy. He feels more businesses providing high quality jobs should be brought in to the Rhode Island area. The taxes and the utility rates in this area of the country are unusually high, and thus many businesses do not find it feasible to locate here.

Rick also feels that such

expenses as refurbishing state offices and taking junkets at the

taxpayer's expense are very unnecessary. He hopes to help divert some of these funds to more meaningful activities if he is elected.

If anyone is interested in Rick's campaign, you can contact him at Box 1194.

Silence overtakes WJMF

## New Location Creates New Policies

By Ron Bunce

The first mixer of the semester usually has the largest attendance as everyone is anxious to get back into the swing of Bryant "partying." Last Friday night was no exception as over 900 people entered the gym to enjoy music, dancing and beer.

Going to the mixer in the gym is a new experience for everyone. Since the summer-time review of the Pub by the State Fire Marshall drastically reduced its capacity, mixers had to be shifted to the new site to accommodate any sizeable number of people wishing to go

"mixing."

With Friday night being the first mixer in the gym there was no precedent concerning beer consumption. It was decided by the Athletic Department that beer would be allowed in the gym on an experimental basis. The major fear was that spilled beer would create havoc on the gym floor, making post mixer clean-up a major operation. Apparently these worries came true following a decision this week to allow beer only in the lobby during future mixers in the gym.

Many under/age freshman received an unhospitable welcome at their first mixer when they were not allowed to

enter. This unusual action was taken as a precautionary measure after Smithfield police indicated to a member of the administration that undercover police would be present to enforce the drinking age laws. Rather than risk losing liquor licenses for future events at the college, the SPB took the safe route and turned away all minors.

The unfavorable minor policy in the gym will be dropped once mixers return to the Pub. A second, more favorable evaluation by the Fire Marshall is expected soon and mixers will once again take on their more familiar and popular appearance.

# THE OPINIONS

## WJMF To Lose License

### FROM THE EDITOR'S DESK

Iconoclast that I am, I do nonetheless sometimes find occasion to feel encouraged, even optimistic, about the future of Bryant. A case in point or two is apparent this week.

The Senate, an organization traditionally ranked in its importance to the student body somewhere between the Candy Store and the Sauna, has begun to show encouraging signs of life. Under the leadership of Sharon McGarry, the legislative body has actually begun to try new and different ideas. One made its debut last week; the "Senate Page" has the potential of bringing Bryantonians in closer touch with their elected representatives. It is to be hoped that this potential will not be unfulfilled.

Case Number Two: I'm also encouraged by the calibre of the people who have turned out to contribute to THE ARCHWAY, the finest student organization so far this year. If there's anyone lurking out there who's thought of joining but hasn't yet, I encourage you to come up to talk to us...we're approachable!

\*\*\*

Of course, not all is rosey. WJMF, an organization which has more hassles than any other by virtue of the fact that it must deal with more layers of bureaucracy is once again in trouble...this time, perhaps fatally. I direct your attention to the piece from General Manager Steve Feinberg, several inches to the immediate right. I encorse his call for response to the FCC.

One old problem is still with us...vandalism. The globe lights on campus are still being destroyed for sport. Its ludicrous for me to sit here and preach...so I'll just reiterate that the globes run \$125 plus labor apiece, and there's nobody to pay for them but you and I.

\*\*\*

In conclusion, I'd like to comment on a failing of the summer Orientation program which has come to my attention. The crucial stop on the Scavenger Hunt was missed...the washrooms in the Rotunda. There are even Seniors who have not yet discovered that the architects of this amazing building thoughtfully included comfort stations in the Rotunda Area. "Pathways '78" missed a golden opportunity to bring them to the attention of the Freshman students. Hopefully, this sorry state of affairs can be corrected in time for next year's program.

*JW Harrington*

By Steve Feinberg  
General Manager WJMF

The following is an address to the student body, faculty, staff, and administration of Bryant College in an attempt to make everyone aware of actions being taken by the by the FCC to close down 10-watt non-commercial stations such as WJMF.

Under FCC Docket 20735, 10-watt FM stations are denounced by the CPB (Corp. for Public Broadcasting) and NPR (National Public Radio) as an inefficient use of the FM Band.

Through extensive lobbying and legal efforts, CPB and NPR managed to get the FCC to virtually strip the majority of non-commercial radio licenses of their rights.

There are close to 900 non-commercial stations in this country, of that total, 54% are 10-watt stations.

The three alternatives offered by the FCC are as follows:

1. 10-watters would be given until their next license renewal to increase their power to 100 watts.

2. If the station wishes to remain a 10-watter, it can try and locate a space in the commerical FM band (91.9-107.9). This will be on a secondary basis, subject to bumping if another commercial station wished to increase its power and the 10-watter were in its path.

3. The final alternative would be to remian as a 10-watt station in the non-commercial band but the station would have to find a frequency and prove to the FCC that it had the least preclusionary effect on a larger station.

One of the more serious aspects about his particular set of rules is that they are included in a "Final Report and Order." This means, the rules are being adopted. It is not a proposal. It is not an inquiry. This is a Final Report and Order.

Given the altenatives determined by the FCC the Board of Directors of WJMF set up what we believe to be the best alternatives we should attempt to take if the rules actually become adopted.

1. Attempt to prove to the FCC that the frequency we are presently on will have the least effect on a higher power station.

2. Attempt to move to 91.1 and increase our power to the minimum 100 watts.

3. Attempt to move to a frequency in the commerical band. Because the New England area is very congested, this alternative could force the station to change frequencies several times with the possibility of being bumped entirely.

The situation is a serious one, but it is not hopeless. Working together a significant impact can be made on the FCC. WJMF hopes to mobilize a tremendous outpouring of protest in a move for reconsideration. This is not being done just at Bryant but at every other 10-watt station across the country. A letter from the college President can have a major impact on the FCC. Attempts will also be made to get our congressmen and senators to write to the FCC.

Hopefully, this will rile you enough to want to write a letter

to the FCC on your own. This could mean the end of College radio at Bryant as well as across the country where there is not enough money to fight this action or support its alternatives. We need your help.

The station helps to provide an excellent training ground for operators. Many of our alumni are now presently active in commercial radio. Without the experience of college broadcasting, these people would have never been able to develop themselves to their fullest potential.

Being able to remain a 10-watt station is most advantageous. WJMF is presently able to

perform a truly local service to the Bryant community. If we were forced to increase our power it would be necessary to greatly increase our coverage of community affairs in the Smithfield-Providence area, greatly decreasing our service to what we consider to be our community, Bryant College.

If you are approached by someone with a petition on this matter, please sign it. Next week I will publish a sample letter you can write to the FCC. Address all letters to Federal Communications Commission--Broadcast Bureau, 1919 M Street, N.W., Washington, DC 20554

## Orientation Afterthoughts

To the Bryant Community:

I wish to express my thanks and congratulations to the many individuals of Bryant College for their support and efforts throughout Pathways '78 New Student Orientation.

Through the help of the college staff, faculty, administration and students, the new students and their parents, I feel, have a better understanding of the goals of the college as well as a special comaraderie with the students and staff of the college.

A special thanks must be made to fourteen individuals who gave up their summer and exerted continuous energy to create a new and exciting program for the new students and their parents: the Orientation Committee - Cathy Anderson and Scott Pinette, co-chairpersons; Frank Branca, Paul Blackman, Deanna Grader, Scott Hermes, Caren McGauley, Sharon McGarry,

Anne Oman, Marc DeNoia, Doreen Rossi, and Kathy Zanecchia. In addition to these twelve individuals, thanks to Berta Hysell, Talent Development Coordinator and Mickey Perlow, Accounting Professor, who through their presence brought a stability and joy to the Orientation Committee and the participants of the Summer Program.

Again, thanks for the help and cooperation for a very successfull beginning to Orientation at Bryant College.

Sincerely,  
Gerri Hura  
Director of Student Programs and Services

## Minor Policy Disagreement

Dear Editor,

As we entered the new school year, many changes waited to greet us. Most were surprising, a couple were even shocking. Now I find that one of the changes falls into the SAD Category. I'm talking about mixers. It seems that no one under 18 can attend these events. This is wrong. Now, as a Sophomore, I am not

directly affected by the ruling. Of course, if one of my friends happens to be a freshman under 18, then I have a decision to make. Do I go in without him, or do I leave with him and go somewhere else? Well, other students I've talked with have all gone somewhere else with their friends. And I would venture to

## Minor Book Policy Unfair

cont. from pg. 2 col. 5

say that the majority of those caught in the middle would do the same thing, which hurts everyone.

But the problem goes deeper than this superficial dilemma.

The whole concept of a mixer has been compromised severely. During my orientation last year, I was led to believe that mixers offered a great opportunity to meet people I would normally not come in contact with. And it worked. What about the or two upperclassmen out there? Didn't you meet people you could have never met otherwise? Now, with the implementation of this new rule, about half the freshman class has been alienated from the rest of the community for one night a week; sometimes two. This number will certainly decrease as more turn the magic number. But in the meantime, what do they do? Where do they go? And who do they do it with? It is quite obvious that they must miss a very important part of their adjustment to college life. Which, undoubtedly, the mixer is. Remember?

During all the discussions I've had, one question continually pops up. Why? The answer to this should be obvious to all. To keep the seventeen-year-olds from drinking. If this is actually the case, then the fight is a losing battle. It does not prevent them from going to the Pub and drinking with their friends. Who are, of course, of age. I know about the book that they have in the Pub. But ask yourself, is it really a deterrent, or just an inconvenience? And what about going back to the suite for a brew. So be realistic, is the new rule really going to prevent under-age drinking? I think that after some thought, the answer is a flat NO!

As I mentioned earlier, I am a Sophomore. This surely leads some people to question why I write about a problem not directly affecting me. And they are right. I'm not directly affected by the ruling. But I, as well as you, the upperclassmen, are indirectly affected. If we go with an under age friend (the term under age is not meant in a derogatory nature) to a mixer, then a decision is forced upon us as stated in paragraph one. Do you want to be the one to make that decision? So, you see, we are all caught in the middle. And believe me, the middle is its own hell. Do you want that?

Naturally, since I've spent the entire letter criticizing the problem, I should offer an alternate solution. I'm sorry to say that I cannot. More intense checking of ID's is a tedious process that makes both sides uptight. So I've tried to avoid sounding like I know all the answers, because I don't. Instead, I've attempted to show the problems and side effects of the new rule. Also, I've put questions forth to you, the Bryant community for your contemplation. Hopefully, you'll let your opinions be heard. To be quiet, will only be to the detriment of all.

Sincerely,  
Jay Metzger

## Freshman Student Elections

The Bryant College Student Senate announced this week that it will hold elections for Freshman Senate seats on Monday and Tuesday, October 9 and 10.

Having already elected Senior, Junior and Sophomore Senators last May, the Senate was able to conduct business and work on projects over the summer.

The Senate urges Freshman to seize this opportunity to become involved in Bryant and contribute their efforts toward the improvement of student life at Bryant.

### Election Rules

1. All candidates seeking an office in the Student Senate can obtain nomination papers and sign and poster regulations from the Senate office beginning at 12 noon on Friday, September 15, 1978.

2. Each candidate is required to obtain fifty (50) signatures of students in his class and return the nomination papers to the Student Senate Office no later than 12 noon on Friday, September 22, 1978.

3. Any candidate found guilty of misrepresenting names on the nomination papers or found two guilty of breaking any of the election rules set down by the Elections Committee of the Student Senate will be declared ineligible to run for a Senate seat.

4. You may begin to display the Posters and Signs at 3:00 PM on September 22, 1978.

5. The Student Senate will provide one stencil and 50 sheets of paper for each candidate when they return nomination papers. Stencils must be returned to be processed to the Student Senate Secretary, Stacie Scheuber.

6. By Friday, October 11, 1978 at 3:00 PM, all posters, handbills, and other displays must be removed from the campus.

7. The Elections Committee of the Student Senate has the power to ban or remove posters, handbills, or other displays that it deems not within the realm of open and fair competition.

8. Voting will be conducted according to the following procedures:

a. There will be one polling station in the Rotunda from 9 AM til 3 PM on Monday and Tuesday, October 9 and 10. There will also be a polling station outside the Cafeteria from 4:30-6:30 PM on Monday.

b. At the polling station, Freshmen students must present their identification card and their names will be checked off on a master sheet. Only those Freshmen students with classification one (I) will be allowed to vote and run for

cont. to p.10, col. 3

## Vandal Caught Smashing Lights

Vandalism returned to Bryant this week in a familiar form when five of the globelights that line the sidewalks were smashed. The Physical Plant Department values these at approximately \$125 each, not including labor.

One individual, not a Bryant student, was seen by an off-duty Bryant security officer kicking two globelights, smashing one following the mixer on Friday night. Smithfield police were

called and the individual arrested.

Prosecution of this offense could result in a judgement ordering the accused to reimburse the school for damages. Had the individual been a guest of a Bryant student, that student would be held financially responsible for any damage, theft, etc. caused by his/her guest(s). This policy is stated in the Student Handbook.

Photograph by Sean McNamee

Recent dishwasher and plumbing problems have resulted in two pile-ups of trays since school started. The first problem on last Wednesday, was a clogged pipe that was quickly cured by maintenance. The following Wednesday saw a more serious problem when the motor in the new dishwasher became temporarily disabled. Hopefully the kinks are now out and things will run smoothly from now on.

## TM To Be Discussed at Counseling Center

"The Transcendental Meditation Program for Business People" is a two-part seminar discussing how the TM program works. Included is a look at what over 300 scientific studies conducted at major Universities around the world say the TM program does for mental development, for improved

health, for making behavior more dynamic and effective and for improving the community. The first night discusses the benefits. The second night discusses the technique & how it works.

Where: Counseling Center  
When: Oct. 3, 7:30 - 9:30 p.m.  
Oct. 4, 7:30 - 9:30 p.m.

## Aussie Polisci Professor Visits College

By Jayne Morris

Last Friday Bryant welcomed Mr. John Cornish, a political science teacher from Sydney, Australia now touring the U.S. Mr. Cornish is a teacher at Kuring-gai College of Advanced Education in Sydney, where students obtain Bachelor's degrees in business studies.

Bryant is the first college Mr. Cornish has seen on his tour through the States. (What a way to begin!) He was attracted here by the publicity Bryant's graduate programs have received in Australia. He thought the campus was beautiful, as is the one at Kuring-gai, which is located in a state park. From here, Mr. Cornish will be going to Ohio State, the University of Texas, the University of Oregon, and U.C.L.A. speaking with political science department members at each.

Mr. Cornish was asked to compare the college systems in both countries. Unlike the States, their college year runs from March through June, which is comparable to our first semester--September through December (remember 5th grade geography: Australia's summers occur at the same time as our winters). Their second semester runs from August through November, similar to our second semester. As you can see, they also have one-month and three-month vacations, respectively. Their semesters are one week longer, totaling sixteen weeks, but their total college term is only three years.

Of course, this is due to the fact that Australian students are

required to take a few more courses each semester. For example, freshman students take six courses: Financial Accounting I, Economy and Society I, Society and Culture, Political Behaviour, Communications I, and Quantitative Methods. Since freshmen are exposed to diverse subjects their first year, they can be more selective in choosing their specialization of which four (Accounting, Business Management, Public Administration, or Law and Government) are available at Kuring-gai. This system is not always followed in the States, even though many colleges do recommend that freshmen do not choose their major in the first year. At Kuring-gai students are, however, required to choose their specialization in their second year. Mr. Cornish commented that students on the two continents are not that different; in fact, they are quite similar.

## New Directions Open House

New Directions is a student-to-student peer counseling organization and an outreach function of the Counseling Center. Students coordinate and run the tutorial program, provide workshops and seminars of campus interest and are available throughout the week.

All New Directions staff are trained in basic and advanced helping skills. The training of volunteers in human service skills enhances the educational process and provides an experience in personal growth. Practically this service permits the Counseling Center to extend services to many more students.

Microcounseling is a separate training package that will be offered in the fall. It is a structured workshop designed to teach basic counseling and interviewing skills. These skills are useful for those who wish to improve communication with friends, parents, and also assist in the training of volunteers in the Counseling Center.

All interested students are invited to the Open House. The Open House is September 20 from 3:30 to 5:30.

### BUTLER'S PUZZLE

## HAVING TROUBLE STUDYING?

# THE ORGANIZATIONS

## Delta Omega

Delta Omega is a professional organization having been formed for the purpose of bringing successful business and political people to our dinner-meetings as guest speakers. In the past, Delta Omega has had the pleasure of such prominent speakers as Senator Pastore, Billy Sullivan and Chuck Fairbanks owner and coach of the New England Patriots, Governor Garrahy and many others.

Yet, D.O. as it is known around campus, is much more than an organization that meets for dinners and guest speakers.

We arrange trips to New York City and Boston, for the purpose of futhering student exposure to real business dealings and firms. We also are involved in planning mixers and other student activities.

D.O. is the largest single student organization on campus boasting a membership of over 200. We hope to continue to grow and expand, so get involved and join DELTA OMEGA; it will be memorable part of your college experience at Bryant.

Our first meeting time will be posted in the Rotunda. All are welcome to attend.

## The Bryant College Chess Association

If you enjoy the Game of Chess, Either as a master, Novice, or somewhere in between, then you should get involved in the Bryant College Chess Association. We offer you the chance to increase your skills, and also to participate in intermural, as well as intercollegiate, tournaments.

There is no prerequisite to becoming a member of the Association, and those with an interest in the game will have the opportunity to learn. The

"FIRST ENCOUNTER" will be in Room 250, Tuesday September 19, at 3:30 p.m. and there you will find out what the association has to offer. BCCA is designed for the individual who desires to sharpen and broaden his artistry in the exciting field of Chess.

Executive Board elections will take place shortly after "First Encounter". Should you be unable to attend, contact Jerry Greenberg G2-2, or the Student Senate office.

## S.A.M.

The Society for advancement of Management (S.A.M.) would like to extend a warm welcome to all returning students, transfers, and Freshman.

With the start of a new year, we would like to encourage all interested students to please attend our first meeting, which will be held on Tuesday Sept. 19, 1978 at 3:15 p.m. in conference rooms A & B. The objective of our first meeting is primarily to give new students an idea of "what the club is all about". Secondly we will go over the activities that will be planned for the first semester. The more input the better!

The activities which have tentatively been planned for this semester are: 1) Speakers- on such subjects as jobs in the

management field and proper curriculum for these career goals.

2) Plant Tours- of various industries in the area.

3) Management Day, a cross section of managers in many facets of the management field, will spend a day at Bryant to answer any questions that you may have.

Officers of S.A.M. this year are:

- President: Joe Sarno
- Vice-President of Programs: Kenneth Sabbagh
- Vice-President of Membership: David Teixeira
- Vice-President of Public Relations: Paul Blackman
- Treasurer: Joan Breen
- Secretary: Rick Washburn

## Marketing Club

The Bryant College Marketing Club is pleased to announce its first meeting of the semester on Monday, September 20, at 3:15 in Room 254.

The new officers welcome back all old members and encourage any new members and particularly freshman to attend. All majors are invited.

Monday's meeting will be concerned with the upcoming semester, and the clubs plans, during the first half of this year. Activities, events, and membership will be discussed; so don't forget!!

## Brycol News

The biggest news item for Brycol this week is the opening of a student seat on the Board of Directors. Anyone interested in applying for the Directorship can pick up an application at the Brycol (Amie Mowry) House. If you are chosen to serve on the Board, you will have the opportunity to gain first-hand experience in many fields of business. You will learn how all of Brycol's services are run and may eventually be placed in charge of one or more of these programs. If this sounds like

*cont. to pg. 9 col. 1*

## Accounting Association

The Accounting Association will be having their first meeting of the fall semester on Tuesday, September 19, at 3:30 in the auditorium. This will be a general organizational meeting. All members and students wishing to become members are urged to attend.

## L.E.A.

There will be a meeting Tuesday Sept. 19, at 3:15 in Room 261. This meeting will be for the officers and the athletic event committee.

The next general meeting will be Sept. 26. At this meeting membership dues for the Law Enforcement Association will be collected. Anyone wishing to join Lambda Alpha Epsilon should bring both their dues and applications to the meeting.

All photographers interested in joining *The Archway* photo staff please attend an organizational meeting on Tuesday, September 19, at 4:00 p.m. in the *Archway* office.

Sports Writers needed: No experience necessary, exclusive benefits, liberal retirement policy, and your choice of sports to cover. See Pat at *The Archway* office, Thursday, September 21, at 3:30.

# THE STUDENT SENATE

## Do You Have Spare Time?

Most of us have a certain amount of time everyday that is wasted. We find ourselves dawdling, reading comic books or watching a soap opera that we do not really enjoy. Get out of that slump!

Put your time to constructive use. Get involved in something that will benefit others too. Join a committee, start a club, support our team!!!

To start on your first project, stop at the Senate office -- ask a question, get an answer and sign up for action!!!

Call 231-1200 ext. 290

## S.P.B. Gets Rolling

Monday afternoon, September 11, the first Student Programming Board Meeting of the year was held in Room 270. Old faces as well as a lot of new faces were present. We look forward to continued enthusiasm throughout the year.

At the meeting, an upcoming night of entertainment in Salmonson Dining Hall was discussed for Saturday, September 23. The SPB will present Otto and Phil, a vantriliquist act, along with the show band, Citadel from New York City. We are looking

## All Clubs and Organizations

All of your mail is sorted by the Senate Office. Each group has their own mailbox in the Senate Office. Please check these boxes regularly so that you may be kept up to date on important events and news.

## Attention All Freshmen

Here is your first big chance to enter into college government.

The Student Senate, which represent the Student Body, is holding elections for the six open Freshman seats.

Remember the more involved you get in extra-curricular activities the more meaningful your college stay will be.

Thank you,  
John Healy  
Elections Chairperson

## Attention Commuters

Here is your chance to really get involved. A commuter organization is being formed to serve the needs and wants of both commuter and resident students. We need your help and ideas. One idea mentioned is to try to get commuter mailboxes. Another idea was to provide transportation for resident students who do not have access to cars. Those are only two of the ideas that can become possible through this organization. But we need your help. Many more projects and activities can be initiated through this organization. The club is open to all commuters. The first meeting will be held on September 19. We hope to see you there or for more information contact Carol Oliver at 942-0004.

## Are You Interested In Seeing Student Government At Work?

Many students wonder what the Student Senate is all about. They wonder where their activity fee is being spent. If you are one of those concerned students -- attend a Senate meeting and find out what it's all about.

Senate meetings are held at 3:15 every Wednesday. Check the sign in the Senate Office for the location of the meeting. See your Senators in Action!

*The information on this page was organized and compiled by the Senate Publicity Committee. The Committee is comprised of the following Sophomore Senators: Sue Bitzer, Fran Erba, Carol Gustamachio, Cindy Schmitt, and Joanne Tattersall, Chairperson.*

## Junior Seat Open On Senate

The Student Senate would like to announce the opening of a Junior seat in the Senate body. Any interested Junior of classification 5 or 6 and a cum higher than a 2.0, should contact the Secretary of the Student Senate, Stacie Scheuber, either in person or by leaving your

name and address in her senate mailbox. If interested, the senate will be taking the names of the nominees up to Friday, September 22.

When filling a vacancy as such each nominee will be allowed to speak in front of the senate at their formal meeting.

## You Can Form A Club

Do you have a hobby or interest in common with some of your friends? Perhaps you enjoy disco dancing or skateboarding. How about massage techniques, hopscotch, jump-rope or tiddly-winks?

If you want to take advantage of Student Senate monies and college facilities to enhance your interests, all you have to do is form a recognized club. Now, don't let this concept scare you! Forming a club is not as difficult as it sounds. Simply follow these five "easy" steps:

1. Pay a visit to Gerri Hura, Director of Student Programs and Services, in the Student Affairs Office and discuss your

club idea.

2. Schedule and publicize an open meeting for all students. Poster board, paper, stencils, paints and anything else you should need for publicity are available in the Senate at no cost.

3. At your first meeting, decide whether there are enough students interested, with the desire to become recognized as a club.

4. Once you decide there is interest (and you elect yourself president), the group writes a constitution. This is forwarded to the Senate and Student Affairs for approval.

It's that easy!

## Senate Meeting Briefs

The following is a brief summary of the main issues and information discussed at the Senate Meeting held on September 13, 1978.

A sign will be posted each week in the rotunda informing students of the location of the Senate Meeting. All meetings are held at 3:15. All are welcome. Mixers: Capacity in the gym is 1200...**(Beer drinking will be**

**allowed in the lobby only)**... Much vandalism occurred at the last mixer--Solution: Have respect for your campus ...

Athletes: Did you know that we have a full-time trainer located in the gym?

If you have any questions or comments on these issues, call the Senate Line, 231-1200, ext. 290.

## 231-1200 Ext. 290

If you have advice, comments, questions, criticisms or just want to talk about what's happening around your campus CALL US at 231-1200, Ext. 290.

The Senate Line is here for all students to call in and express their views. If you want to make the Senate aware of your needs as a student at Bryant--call and tell us! That is what we are here for, to represent our fellow students.

Every week on the Senate Page your answers and replies will appear. Start thinking and dial 231-1200, Ext. 290. Your inquiries will be put on file with names kept anonymous.

Your senator is waiting to hear from you.

# The Greek News

## GLC

The Greek Letter Council (GLC) is composed of 14 chartered organizations all housed on the Bryant campus. The fraternities are as follows: Beta Sigma Chi, Delta Sigma Phi, Phi Epsilon, Pi Kappa Tau, Phi Sigma Nu, Tau Epsilon, and Tau Epsilon. The sororities are as follows: Alpha Phi Kappa, Beta Sigma Omicron, Kappa Delta Kappa, Sigma Iota Beta, Sigma Iota Xi, and Sigma Lambda Theta.

The fraternities are located in Dorms 2, 3, and 4, and the sororities are located in Dorms 5, 6, 7, and 9.

During the course of a year many special events take place among the Greek Organizations. First semester begins with Happy Hours held by the Greek Organizations every Friday afternoon from 3:00 p.m. to 6:00 p.m. and 7:30 to 9:00 p.m. The fraternities also sponsor parties for the Bryant students as well as many other special events which will be announced at a later date. In addition to the Happy Hours and parties, the fraternities and sororities have their annual Smokers, as well as several other types of get-togethers. A fun time is had by all.

### Beta Sigma Omicron

It's good to be back for another semester. The summer went by quickly with many car washes and picnics and beach parties the sisters had together.

All the sisters of Beta Sigma Omicron (BSO) are looking forward to our many functions coming up this fall. Today is our first HAPPY HOUR at 3:15. All freshmen and independent girls are welcomed to attend. The place--Dorm 5, Room 343--for all the beer and popcorn you

Throughout the year each fraternity has their own weekend where the Brothers get together and sponsor a judging of some sort, (Freshman Queen, Mr. and Miss Personality, Miss Bryant, Snow Queen, and Mr. Bryant) followed by a mixer sponsored by a sorority, and concluding with a Coronation Ball, at which time the winner of the particular judging be announced.

The GLC also has their own get-together which include the GLC Picnic (to be held September 16, at 2:00 p.m.), Greek Nights, GLC Dinners and Banquets.

The GLC also lends a hand and is currently involved in fund raising for special organizations such as the March of Dimes, Epilepsy Fund, Blood Drive, Manning Street School, United Way, and Unicef.

Now that you have a better understanding of what the GLC is all about, I would like to take this opportunity to invite all freshman and independents to attend the Happy Hours held by the fraternities and sororities. We will look forward to seeing you!

desire. Next Friday's HAPPY HOUR will feature wine and cheese. So please try to come and meet the sisters.

One of our main functions is our annual Smoker. This year it will be held in the Faculty Dining Room on Tuesday night, October 3. It's a good night to get acquainted with all the sisters of BSO and alumni and to find out about our sorority in general. If you are interested in attending, sign up at any one of our Happy Hours or talk to any sister about it. Also, on September 27 the Greek Letter Council will be sponsoring an Open House in the Rotunda for everyone to be able to meet the Greeks. BSO will have a table set up all day, so stop by.

Beth, Nancy, Rosie, Jo-Anne, Mary, Jaci, Cindy, Dawn, Cheryl, and Sharon.

## Alpha Phi Kappa

Welcome! The Sisters of Alpha Phi Kappa hope everyone had a good summer.

Congratulations are in order to our sister Corinne Musso who was engaged this past summer to Al Adams (Delta Sigma Phi). Our love and best wishes go out to both of them for a full and happy life together.

Our annual get together was held at Stacie Scheuber's house in July and it was an excellent time. It was great being together for a weekend of gossip, food and drink.

We also got together with our brothers, Kappa Tau, this past summer. Karl Bietsch and Cliff Lawton both had parties at their homes. It was a great time for all those who attended.

We are located in Dorm 9, 3rd floor. Please come up and meet us at our Happy Hours or any time you just feel like stopping

*cont. to p. 10, col. 2*

## Tau Epsilon Phi

The Brothers of TEP would like to welcome the new students and returning classmen for a great semester. We would like to get acquainted with everyone. Therefore, every Friday at 3:15 in Dorm 4, 3rd floor, we are having a "Happy Hour". Free beer and munchies will be served. Everyone is welcome to attend.

We have planned many special events that will give promise for a great new year. Our showcase will be on display from September 17 to the 24 in the library. Check it out!

Once again, we are really psyched and would like to meet everyone at our happy hour.

## Phi Epsilon Pi

The Brothers of Phi Epsilon Pi would like to welcome everybody back from their summer vacation. We would like to extend an invitation to all Freshmen and Independents to come up to Dorm 2, 4th floor for our Happy Hours and parties. The Brothers will be holding their second Happy Hour this Friday (today) at 3:15.

Our football team has been practicing and we are looking for a very successful season.

Remember a Happy Hour Friday at 3:15 and a party Saturday night at 9:00, 4th floor, Dorm 2.

## Kappa Delta Kappa

The Sisters of Kappa Delta Kappa would like to welcome back all the freshman and returning students. Hope you had a good summer and are now prepared for the school year. We would like you to know that we will be having happy hours every Friday afternoon at 3:15 at Dorm 7 on the third floor. Look for our sign in the rotunda in case there are any changes. Hope to see you all there, especially the freshman.

## Tau Kappa Epsilon

TKE would like to welcome everybody back to school and we hope everybody enjoyed their summer.

This being TKE's tenth year on the Bryant College campus we hope everybody will come up and help us celebrate at this Saturday's punch party.

We will also be having another happy hour on Friday starting at three o'clock in Dorm 2 second floor.

Under new coach Tim O'Brien we are looking forward to a very successful football season.

## Sigma Iota Xi

Thanks to all the freshmen girls who joined us last Friday night, the first SIX Happy Hour was a true success. We hope that all you freshmen girls will join us in our partying tonight at 7:30 p.m. in Dorm 5, 2nd floor. Seniors, have a fantastic year, and party hearty before you have to leave this "Country Club!" We look forward to a great day Saturday at the Greek Picnic--just the beginning of a super year. HAPPY BIRTHDAY SUE CARRIERE!

## Tau Epsilon

The Brothers of Tau Epsilon would like to welcome everyone back to Bryant. We hope that the 50% statistic does not pertain to this year's freshman class. Enjoy but don't over indulge. Friday afternoon we are having a happy hour at 3:15 and all freshman and independents are welcome. Saturday night we're having a PARTY where everyone is welcome.

YANKEES #1

## Sigma Iota Beta

The SIBBIES would like to extend a warm welcome to all old and new students. This summer was full of weekend excursions for us ranging from a few SIBBIE weddings to our Annual get-together at Spams.

The sisters are all psyched for a good year beginning with volleyball which will be starting soon. This year our coaches are John "Austin" Healey and "Willie" Girimonte. Let's hope we have no broken noses this season and remember Austin--we hate to jog.

*cont. to p. 10, col. 1*

## Kappa Tau

The Brothers of Kappa Tau hope everyone had an enjoyable summer. The vacation was hardly over before coach Terry (semi-pro) Smith had the brothers out on the football field practicing. KT is looking forward to another fine season this year.

This Friday, all freshmen and independents are invited, at 3:15 to Dorm 3, 2nd floor, for our second happy hour of the year. KT is also having a party Saturday night beginning at 9:00.

*cont. to p. 10, col. 1*

## Phi Sigma Nu

We, the brothers of Phi Sigma Nu, would first like to welcome all the freshmen to Bryant. We hope that the years that you spend here at Bryant are enjoyable and rewarding. And to the upperclassmen that returned, let this year be a great one.

The brothers are back after a great summer. The boys spent the summer working hard, making a lot of bucks, and can't wait to spend it on all the essentials of college life. Bo Janglés had our annual summer blowout at his beach house, and all that attended had a great time.

*cont. to p. 10, col. 1*

## Delta Sigma Phi

The Brothers of Delta Sigma Phi would like to welcome everyone back for what looks like a very successful year. We would also like to extend our greetings to all freshmen. Stop up to see us sometime. We're located on the top of Dorm 3.

Our football team is looking strong, as we head into what could be our most successful season. Our bowling team is extremely talented, and should be one of the frontrunners in the league.

*cont. to p. 10, col. 2*

## Sigma Lambda Theta

Welcome back!! The Sisters of Sigma Lambda Theta would like to extend their warmest wishes to all returning students and freshmen. We hope everyone had a great summer. During the month of June the sisters got together for Alumni Weekend and had a fantastic time.

We're located on the second floor of Dorm 6--Feel free to stop up and get acquainted. We'd love to meet you. Our first Happy Hour last Friday was a great success, and we'd like to see everyone back again; it will be a great evening.

On the 22nd, Theta will be sponsoring a mixer featuring Smiles--Hope to see you there!!

# THE ENTERTAINMENT

## Is Bryant An "Animal House"?

By John P. O'Neil

Who says that college life is all work and no play? Certainly not National Lampoon magazine, which brings us one of the funniest, wittiest, and most entertaining films so far this year, *Animal House*.

Essentially, *Animal House* deals with the rivalry between two fraternities, the snobbish Omega Phi and the impudent, though sincere, Delta Phi, the fight of the latter to remain in college, and the attempts of evil Dean Wermer to get them expelled.

John Belushi, veteran comedian of Saturday Night Live, makes an excellent movie debut with some of the funniest facial expressions and gestures that I have ever seen on film.

Belushi receives excellent support from all the other members of the cast. The most notable supporting performance

is given by "Otter" whose characterization of a witty and macho voyeur is both humorous and believable.

The film's humor ranges from being witty and innovative to being coarse and vulgar. However, only the more sensitive of movie-goers will likely find House's humor offensive. For example, in one scene, Belushi devours just about everything in the college cafeteria, except the tables. In another, he downs a whole bottle of scotch in about five seconds.

One word of warning is in order: Don't go to *Animal House* expecting to be inspired intellectually. The film has no inner meaning and it fails to deal effectively with the serious side of life. Yet, that is not the film's intention. It's intention is to make you laugh, and that is just what it does.

## Coming Events

To add to the immense cultural arena that surrounds Bryant College, the Boston Symphony Orchestra returns to the Veterans Memorial Auditorium in Providence on Tuesday, October 17.

Conducting the first of the three concert series is Seiji Ozawa, with concertmaster Joseph Silverstein playing a violin concert by Bach. Other selections in the concert will be by Tchaikovsky and Bach.

The remaining two concerts on February 13 and March 20, also conducted by Seiji Ozawa, will feature selections by Weber, Haydn, Brahms, Martino, and Beethoven. Each concert begins at 8. Tickets are available at the Axelrod Music Company on Weybossett Street or by writing to the Providence Series, Symphony Hall, Boston MA 02115 (Subscription prices: \$23, \$17, \$13- comparable to rock concert tickets, but a little easier on the ears).

## Life in the Fast Lane

by Craig Brickey

This is the first in a series of short and futile essays on commuting. Now, I'm not necessarily condoning or condemning commuting---just commenting. What shall I comment on first? Traffic? Stop lights? The fact that Bryant is built in the only area where there are not 75 gas stations per square mile? Yes, I could comment on all of these monstrosities, and I probably will, in the future. Yet in this inaugural piece I've chosen to roast TOP 40 RADIO.

Most commuters start out with the idea that, even though they must ride alone most of the time, they can depend upon the radio to keep them awake on those early morning drives to meet 8:00 classes. This is a fallacy, as anyone with access to 5 radio stations and who receives only 3 news programs, one phone-in show, and Barry Manilow, can tell you.

"What about FM?", you ask. FM is great, sure, but the great majority of automobiles have only an AM radio, and the great majority of students can't shell out the money needed for an AM-FM unit. Also, the price of tape players (and the tapes to fit them) make them as unreal as Santa Claus.

So, AM radio seems to be the only choice. Under the circumstances, here are some tips on how to avoid being

driven insane by that noise coming from your dashboard:

1. Avoid radio phone-in shows. Nothing brings on hysteria faster than some idiot calling up a deejay and arguing with him (or worse still---agreeing with him). Personally I find that even people who call in with the same opinion I have are loudmouthed imbeciles, which should give you some idea of what kind of opinions I have!
2. When you find yourself singing alone with a) Barry Manilow, b) Andy Gib, or c) Neil Sedaka--- Find another

station. This also applies to when you end up shouting out the answers to PRO-DOUGH questions.

3. Get into the habit of turning the radio off about 3-5 minutes before you arrive at your destination. This will eliminate the ultimate frustration: after playing garbage for the whole trip, your favorite song will come on--- just as you're pulling into your parking space.

These tips should keep you a sane, well-adjusted Bee-Ge--uh-Bryant commuter.

HAPPY MOTORING!

## Play Review "The Wiz"

by Joyce Stockman

"Liberated Wicked Witch".

Losing your innocence at Bryant College? One way to recapture your youth is to journey to The Shubert Theatre in Boston to see "The Wiz". Not only will the colorful stage settings and the actors amaze you, but the invigorating music will surely get you to "ease on down the road."

The casting was superb. The tinman, played by Clyde-Jacques Barrett, danced his can off in the number entitled, "Slide Some Oil To Me." The ethos of the modern 20th Century lifestyle evidently influenced the "Disco Cowardly Lion" and the characters of the "Disco Cowardly Lion" and the

The dialogue was hilarious. At times, little of the original, "Wizard of Oz" remained. The audience reacted favorably to the mention of Roxbury, Mass. in the play, and to the dialect spoken by the cast.

The highlight of the performance occurred when one young child at the appearance of young child cried, "Can you come home with me?", at the appearance of "The Wiz", breaking the audience into laughter. That innocent reaction brought back the reality that somewhere over the rainbow, we (all) search for Emerald City, following our own yellow brick road (even if it is John Mowry Road!)

# THE INQUIRING PHOTOGRAPHER

### Question: What do you think of the mixer being held in the gym?

Jule Riedel and Paula Valenti: "We won't go to anymore mixers held in the gym. We think the student center should be reevaluated by the State Fire Marshall."

Tim Varriale, Jeff Newman, Greg Fox and Wayne Zarozny: "The Freshman are just as foxy, but we'd rather have it in the Pub."

Photos by J.W.  
Interview by Ron Bunce

Sam Lemke: "It wasn't worth the admission."

Betty Madigan: "It reminds me of high school too much. I'd rather have it in the Pub or Rotunda."

Kathy Garrity: "I like the 25c beer, but I miss the student center mixers."

Pam Swan and John Topo Delmonico: John flicks his bic and Pam checks out the hips.

Caron McGauley and Bob Boulogne: "We'd rather have it in the Pub because there is too much room and no atmosphere in the gym."

Robert Tucker: "Too much room and not enough babes."

Lynne Sears: "It's too dark making it harder for me to check out the freshman. I feel like I'm in high school."

Lourie Zuk: "The dancing floor reminds me of high school, but I'll come back to mixers in the gym if there is nothing else to do."

## Plant Corner

By Chris Blasko  
In General

There is a great deal of knowledge and personal satisfaction to be gained from horticulture. From primitive times up into our era man has found plants to be a vital life source as well as a thing of beauty. Plants have sustained man for centuries by producing food and oxygen, as a source of shelter, and as a source of food for other animals upon which man relies. Without this green vegetative growth, life as we

know it on earth, would come to a standstill.

The careful culturing of plants began when man started to settle down, giving up his nomadic life style. Man has classified plants into many different categories. Among these are many different species of extremely interesting and odd plants. Some plants are carnivorous, while others rely on

the sun and other elements.

Today man has found plants useful as decorations (landscaping) and a source of food, and a very profitable business to be in. There is much money to be made in this growing field, with ample opportunity, different marketing seasons, and the constant demand and need for agriculture.

something you're interested in, be sure to pick up your application immediately since they must be returned by September 26.

For those of you who haven't noticed, there is a list of penalties for such actions as stealing and fighting posted on the bulletin board at the C.C. Be sure to take a minute and read them over next time you're there. The most severe penalty is for writing/ carving on the bathroom walls. This offense gets the offenders suspended from the Comfort for one year. It will be strictly enforced -- as of this date two groups on campus have already been suspended for the remainder of the academic year. So before you decide to leave your mark on the new walls, consider the penalty!

Other news about upcoming events at the Comfort: this Tuesday night will feature musical entertainment. Pizza is now being served on a regular basis, with a special offered on Monday nights. Coming up soon is a Mug Club. Watch for future information on these events.

Another future event to watch for is a trip to Newport. The trip will be held on Saturday, October 14. Participants will travel by bus to Newport, spend part of the day touring several of the mansions, and have time to look around on their own and choose where they want to eat. There is also the possibility of a boat tour. All the price details have not been finalized yet, but tickets will be going on sale very shortly. There will only be one busload going, so be sure to get

your tickets early.

Moving on to the Boutique - some new merchandise has arrived, but much more is still on its way. To make room for the new items, merchandise left from last semester is being put on sale. There are still a few canvas bags and mobiles left on sale. Starting Saturday all picture frames will be reduced

10% and Bryant glasses will be reduced by 25%. There are also a few chess sets and boards on sale. Stop in and take a look. The Boutique is now open from 11 a.m. to 8 p.m. Monday through Friday, and from 11 a.m. to 6 p.m. on Saturday and Sunday. The new hours make it easier for everyone to find a few minutes to drop by.

Also run out of the Boutique is Brycol's new t-shirt program. You can now get t-shirts silkscreened with any design or name you want. Prices depend on how many you order, as well as the color and location of the design(s). Stop in and see what the t-shirts look like. You can get more information either at the Boutique or by calling Candy LaBombard (Director in charge of the program) at 232-0157.

One last note: Brycol is still running it's all-occasion cake service. If you're interested in getting a cake for a suitemate or other friend, stop by the Brycol House. Any reason is a good one - birthday, a victory for your intramural team, anything you want!

That's about it for this week. See you next issue!

# Last Year's Seniors Did-- How About You??

Do you know how to best deal with the dynamics of the job market?

Do you realize that the average working span is some 10,000 days? These days may be incredibly unproductive for you if you were to spend this time in activities that were essentially unfulfilling. Truth is that, for most students, precious little time is spent during your total educational experience learning

how to translate personal interests, personality characteristics, trait and aptitudes into satisfying work.

Will work be work, and satisfaction and reward reserved for six o'clock and on weekends?

Recognizing that you probably have little-to-no training or preparation in the strategies or techniques for dealing with your work life, we have put together an innovative program to meet this need.

Among others, the sessions presented will be:

- Analyzing Your Interests, Skills and Attitudes.
- Determination.
- Preparation and Organization of a Successful Job Search Strategy.
- Preparation for Successful Job Interviews.
- The Company Experience and Evaluating Job Offers.

Exclusive benefits  
 Liberal Retirement Policy

**Greek News Continued**

**PSN**

Football season is coming up, and once again the football team is looking good. We've graduated our offensive line, but have more than adequate bodies to replace them. Bill Bohn, Nellie Nelson, Russ Surdi, and Dad Pridmore look as if they are more than able to handle those positions. With returning lettermen, Hoe, Tom Nelson, and Cub, should flank the returnee's. With Kevin Comeau at the helm, the team is hoping to go all the way.

Friday, we're having a happy hour at 3:15. We'd like to see the freshmen and all independents up to have a few beers with us, and Surdi promises not to have the B.S. game this week. We're also having a party on Saturday, so come on up.

**KT**

Looking ahead into the semester, Kappa Tau, along with our sister sorority Alpha Phi Kappa, will again be hosting Personality Weekend. Also coming up soon is our annual Smoker, to be held at the Library. Announcements concerning these events will be made at a later date.

Best of luck during this school year.

**SIB**

Dorm life should prove interesting for us this year because we have Ellen "President of the In-Crowd" Wilson living in our very own suite. How does dorm life agree with you, Ellen?

Our first Happy Hour of the year went over well and we would like to invite all freshman and independents to join us every Friday afternoon in Kilcup Hall A, 2nd Floor for free beer, wine and munchies. Our suite always welcomes new faces--so feel free to stop in to meet the sisters anytime.

**APK**

up. Our door is always open to all freshman and Independent girls. We look forward to seeing all of you.

The brothers of Beta Sigma Chi would like to welcome all new and returning students. Hope you all had a great summer.

Every Friday the Brothers will be holding a Happy Hour in Dorm 4 Suite 240's. Hope to see you there, all are welcome.

If any new students are having any problems or have some questions, any of use would be glad to help out. Again we live in Dorm 4, Suite 240's. Hope to see you at our Happy Hour.

Have a good weekend.

**DSP**

With our Freshman Queen Pageant Weekend rapidly approaching (Sept. 27-30) all plans are being finalized. This year's weekend promises to be one of our most enjoyable, so don't forget to make your plans to be a part of the excitement.

The Brothers would like to congratulate Alumni Brothers Rich Gedon and Tim Banning, and send our best wishes for a happy married life.

Both our Happy Hour and our Party last weekend were very successful. We're looking for an even better time at our Party this Saturday night. So come on up and party with the Brothers of Delta Sigma Phi.

## Wanted

Bass player for rock group. Repertoire should include Zeppelin, Clapton, Tull. Contact Lee in Townhouse C1. (No phone as of yet.)

## Personals

Stella: Do you know what ANYTHING means? Eat roast beef much?

Deb: Do you always share tuna grinders with strangers at the C.C.?

Pete: If you can't read this personal - it is probably because your eyes are red from smoking too much pot.

D.D.: That J&W boy isn't going to be too pleased on Friday, if Steve shows up at the same time.

TKE: Is there a reason for leaving dirty magazines in the girls bathrooms? Are you trying to give us ideas?

My dear little Fruit Tart: You are the fruit in my fruit salad. The peanut of my peanutbutter and jelly sandwich. You are a magnet and I am steel. You are the one that keeps my heart beating at a furious rate. I am hopelessly devoted to you. - Love always, your great little Wieniermayer

Hey, J.C. - Is it still August 15, 1980?

Cindy and Mar - Welcome back, enjoy your new townhouse life. P.B.

Ellie--Where have you been hiding yourself? The room is different without you, but the phone number is still the same!

Sheryl--The new hairdo really does look great, welcome back to a new year. P.B. To the new Dorm 8 Suite 320--Welcome to your new home. I hope it will be a great year for all of us. P.B.

Linda--I'll give you a quarter if you...

I've got rythm, I've got music...who could ask for anything more?

Next time let's bring our binoculars if we are going to study in a classroom.

Cathy--Wanna go jogging?

Boo Boo: You're welcome to start looking for a new roommate since I'm moving to the townhouses. If you need any advice, I've got a few suggestions. Did you ever notice how your mind plays tricks on you when you have a hangover? Especially when you're eating sausage.

Deb: You should know better then to go in the bathroom without knocking. You never know what strangers might be around.

After a happy hour, the truth comes out. Do you know who sleeps in the raw?

Pete: Do you ever feel like you're losing control at Phi-Ep parties?

New clothes won't help. Try Close-up.

Jill: What's the real reason behind going to Dorm 13?

Newport. SH

Bryant--It's great to be back. This year will be better than ever.

Cindy--Is that a bare shoulder I see, Oh yea! A concerned suitemate.

RR--It's been long delayed since July 7, the pond is ready, willing, and chilling!

Mary Ellen, You've had a long summer, GO FOR IT!

Moe, remember those SC shots at Bills? I have another bottle ready!

To all my new suitemates, Lisa, Jamie, Mary, Sand & Sandy: Welcome to the top and best of 7. It should be a great year! Lynn

Sand--Congratulations on bugging the best roomie ever! Good luck with you know who! It'll be a good, fantastic year! Lynn

Monica--Welcome back. I hope you had a good summer. It's great to have one of my old buddies back. L.M.

Gary--Why do you take your tray up when you get mustard?

To-ga! To-ga! To-ga!

Gary: See any Quiff this weekend? I did, I saw your mother. WOW!

Gary: We heard your mother cooks good at the "Y".

Stuuu-B0: How's mama Sto. My litle fluffernutter--Who's Phil Otto and will he look at my yearbook?

Lee: Buy me a rum and coke.

Lee: Come over for wine and cheese.

Lee: Take me out to dinner.

Lee: Do you like sex? Signed, Joyce

M.M.: Some night when you are sleeping we are going to sneak in and shave the rest of your hair and paint spalding topflight 4.

## Mountaineering #1.

# FUNDAMENTALS OF MOUNTAINEERING

What is mountaineering all about? Funny you should ask. Because we just happen to have an answer. (Ah-h, life's little coincidences.) Mountaineering is a skill, a science and an art. Yet anyone with a thirst for excellence and normally developed motor skills can master it. Simply study these fundamentals and follow them faithfully

**1.** Step one, appropriately enough, starts by selecting the correct site. To do so, pick up a bottle of Busch. This is commonly called heading for the mountains.

**2.** Okay, here's where the fun begins. Hold the mountain firmly in your left hand, grasp the mountain top with your right hand and twist the little fella off. There you go.

**3.** Now for the tricky part. Neophytes, listen up: the proper pour is straight down the center of the glass. Only in this way will the cold, invigorating taste of the mountain come to a head.

**4.** Once poured, pacing becomes paramount. As any seasoned mountaineer will tell you, the only way to down a mountain is slowly, smoothly and steadily - savoring every swallow of the brew that is Busch. If you're a bit awkward at first, don't be discouraged. Perfection takes practice. Soon enough, having emptied your glass and filled your soul, you too will be a mountaineer.

*Choose Only the Authentic Item Recognize it by the Craggy Peaks Affixed thereto Accept No Substitutes*

**Fig. 1** Before Mountaineering  
**Fig. 2** During Mountaineering  
**Fig. 3** After Mountaineering

Don't just reach for a beer. **BUSCH** Head for the mountains.

# THE SPORTS

## Indians New Basketball Coach is Optimistic

By Gary Goldberg

Leon Drury, the new Bryant College Athletic Director and Basketball Coach is very optimistic about this season as well as the improvement of the Athletic Program here at Bryant.

Mr. Drury's predecessor, Tom Folliard has left Bryant seeking to advance himself. He applied for a position at Brown University and Stonehill College. Mr. Folliard asked the Bryant President to recommend him. Nothing came about at Brown University, but at Stonehill College there was an opportunity for more money for Basketball scholarships, also an opportunity to better himself, as well as his family of six. Also Mr. Folliard is there to carry Stonehill's team on the winning path since their last couple of seasons have been nothing but miserable.

Mr. Drury states that he has a very good team this year, but sixteen of their twenty-six games are on the road. Most of the major teams Bryant must beat to

get into the tournament will be met in away games. Two new teams Bryant has picked up in their division includes Sacred Heart and West Point. Each of these teams were top teams in

Ledger Photograph

their respective division last year. Bryant, unfortunately, is losing four of their outstanding players. To balance this, Bryant will be picking up John Magnum from Central High School, who won the national one on one

championship this past year in Detroit and John Aileo a 6'1" shooting guard from Providence High School. Besides an exceptionally tough schedule Drury states that their other weakness will be the loss of experience with four veterans not returning. He does, in fact like the returning players for the upcoming season.

One of Leon's primary goals as athletic director is the upgrading of all Bryant varsity programs to the level that basketball, hockey and golf have achieved. Also he is striving to equalize the woman's programs and as students can see, the locker rooms have been closed for repairs so they will have

proper facilities for the handicapped people. This is also under his supervision.

Drury came to Bryant in 1972 after 3 years as the Brown University freshman Basketball coach. In his final season at Brown his team compiled the best record in Brown University history. As the Bryant assistant athletic director, he was responsible for the upgrading of all the Bryant varsity teams from a Division Three level to their current Division Two status. Drury helped build the Indian's basketball status as one of the Top Division Two team in all of New England. Drury bypassed an offer for a public health and recreational directorship to take this Bryant post.

## Track Merger: Step in the Right Director

Often, track and field is referred to as "The International Sport."

It is the world's oldest sport and one that commands interest in all nations. When people everywhere think of great athletic achievements, they frequently recall historic track and field moments such as Jess Owen's performance at the 1936 Berlin Olympics, or Bruce Jenner's decathlon victory at the 1976 Montreal Olympics. The crowds at the Olympics attest to the popularity of track and field.

Recently, however, this great sport has been suffering in the United States, not from a lack of ability, but from a lack of direction. Leadership has been fragmented. Hopefully, this unfortunate situation is coming to an end with the merger of the United States Track and Field Federation and the United States Track Coaches Association.

One major purpose of the new organization (to be known as the Track and Field Association of the United States of America) will be to help the sport by working with those directly involved in the sport. The strength of TFA/USA will lie in the unity of those composing the organization.

Iowa track and field coach F.X. Cretzmeier, the USTCA President who recommended the merger, offered the following thought in a letter to the USTCA membership: "Let me express one of the concerns that I feel most deeply. The USTCA, though its divisional membership structure, was the risk of becoming a loose federation of members, each division with its own interests. This potential fragmentation for track and field is not in the best interests of the sport. The first thing we must do is to make certain that the track coaches, regardless whether they may be connected with high schools, Division III colleges or Division I colleges, stay together in solid organization, so that they can speak and act with authority."

Secondly, it is essential if we are going to move track and field forward in the United States and encourage its development to meet the challenges of other nations, that we have a leadership organization which provide the necessary direction and services."

That leadership organization is in the making. TFA/USA should produce the proper guidance for the sport in this country, and if it does, then USA track and field should regain and maintain the position it struggles for now.
