College of the Holy Cross CrossWorks Submission Agreement

CrossWorks is an open-access institutional repository maintained by Library Services at the College of the Holy Cross ("Holy Cross") to collect, preserve and provide access to the scholarly and creative work produced by the Holy Cross community. To properly administer this repository, authors contributing their work ("Work") and/or metadata associated with the Work, as applicable based on their selection below, are asked to sign this CrossWorks Submission Agreement and make the following agreements, grants, representations, and warranties to, Holy Cross:

I grant to Holy Cross the non-exclusive, irrevocable, worldwide, royalty-free, perpetual license to store, use, display, distribute, transmit and reproduce the deposited Work in any format or medium for inclusion in CrossWorks, for research, educational or related academic purposes only. This Agreement does not transfer copyright in the Work to Holy Cross. Other than this limited license granted to Holy Cross, I, together with any other copyright holder(s) in the Work, retain all intellectual property rights to the Work and the responsibility for enforcing those rights.

The Work is my original work product. The Work does not infringe on the intellectual property or other legally protected rights of any third party ("Rights"). If the Work contains or uses material created by others, such use constitutes 'fair use' by me under applicable copyright law and includes all appropriate and necessary citations, acknowledgments and/or permissions. I agree that Holy Cross has the right to withdraw the Work from CrossWorks without notice or further obligation if any part of the Work is alleged to violate another party's Rights, or at any time if the College determines doing so is in its best interests.

I acknowledge that the Work may constitute one or more 'educational record(s)' under the Family Educational Rights and Privacy Act ("FERPA"). Subject to the disclosure option I have selected below, I waive any privacy rights granted by FERPA with respect to the Work, and agree that such educational record(s) may be disclosed via CrossWorks to its users for the purposes described in this Agreement.

Holy Cross may keep more than one copy of my Work, which may be stored or migrated to any medium or format, whether now known or later developed, for purposes of future preservation, access, reproduction and distribution.

Subject to the disclosure option I have selected below, the Work will be maintained in an open access online digital environment via CrossWorks. Because materials on CrossWorks are available to anyone with internet access, I agree that Holy Cross shall have no responsibility or liability for any third party use of my Work following submission, and I agree that I shall not threaten or make any claim or demand against Holy Cross arising from any such third party use of my Work.
