KEYWORDS

COVID-19, ARDS, sepsis, differentially expressed genes, gene ontology, protein-protein interaction, drug molecule

A Corrigendum on

Bioinformatics and system biology approach to identify the influences among COVID-19, ARDS and sepsis

by Li P, Li T, Zhang Z, Dai X, Zeng B, Li Z and Li Z (2023). Front. Immunol. 14:1152186. doi: 10.3389/fimmu.2023.1152186

In the published article, there was an error in affiliation 1. Instead of "Department of Gastroenterology, The First Peoples's Hospital of Chenzhou, Chenzhou, Hunan, China.", it should be "Department of Gastroenterology, The First Peoples's Hospital of Chenzhou, Chenzhou, Hunan, China.".

In the published article, there was an error in affiliation 3. Instead of "Department of Critical Care Medicine, The First Peoples's Hospital of Chenzhou, Chenzhou, Hunan, China.", it should be "Department of Critical Care Medicine, The First Peoples's Hospital of Chenzhou, Chenzhou, Hunan, China.".

In the published article, there was an error in affiliation 5. Instead of "Department of Anesthesiology, The First Peoples's Hospital of Chenzhou, Chenzhou, Hunan, China.", it should be "Department of Anesthesiology, The First People's Hospital of Chenzhou, Chenzhou, Hunan, China.".

In the published article, there was an error in the Funding statement. Instead of "National Science Foundation of Hunan Province" it should be "Natural Science Foundation of Hunan Province". The correct Funding statement appears below.

Funding

This work was supported by the Natural Science Foundation of Hunan Province (No. 2022JJ40006) and the scientific research project of The First People's Hospital of Chenzhou (No. N2021-14). This work was also supported by the scientific research project of The First People's Hospital of Chenzhou (No.CZYY202207), the key research and development

Li et al. 10.3389/fimmu.2023.1236992

project of chenzhou (No.2020013), the Technology Research and Development Center of chenzhou (2021) and the Science and Technology Key Development Project of Chenzhou City (No. ZDYF2020012).

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
