Act I—Dawn, 1901.

Act II—Early morning, three years later.

Act III—A rainy afternoon nine years later in the cemetery at Mount Monadnock.

Please use your imagination freely because most of the places and properties on the stage are non-existent to the naked eye. The play is done in the Chinese tradition with the use of much pantomime, with the stage manager describing and narrating the story in relation to situations, times, and events.
