## DIRECTOR'S NOTES

Welcome to... The Hobbit. The seminal tale of a Hobbit named Bilbo Baggins who is recruited by a platoon of dwarves and a wizard named Gandalf to help kill the dragon named Smaug and take back their homeland and the treasures it contains. The Hobbit was the first of many books written by J.R.R. Tolkien about the fantasy world of Middle Earth. Many are familiar with the later books dubbed The Lord of The Rings Trilogy due to the famous movies of the last 10 years, but The Hobbit is where it all began. This is a tale that explores inner strength of being and the fact that the underdog can triumph and that one needs to trust in one's self. Although many productions of "The Hobbit" take a children's theatre approach at producing the story, I felt with the popularity of the films that a more realistic approach would be better. This is not just a children's story, it is a story for the whole family and that is what we have strived for. So sit back and I hope you will enjoy our production of "The Hobbit" and journey with Bilbo, Gandalf, and The Dwarves to there and back again.
