RocScholar: The Institutional Repository of Rochester Regional Health

Annual Report: April 1, 2022 through March 31, 2023

Compiled by Lisa Buda, Librarian, Libraries at RRH on April 3, 2023

Table of Contents:

1. [Introduction](#)
2. [Highlights](#)
3. [Site Content](#)
4. [Metrics](#)
5. [Future Goals](#)
6. [Image Captures](#)

1. Introduction

RocScholar is the institutional repository (IR) for Rochester Regional Health (RRH), and is managed by the Libraries at RRH. It provides storage and access for RRH's research and scholarly activity. This report highlights the repository's second year of implementation.

Content in the repository represents the scholarly activity, research, and work output of the Rochester Regional Health System. This includes but is not limited to articles, presentations, books, book chapters, newsletters, posters, and conference proceedings. Whenever available, we will provide access to the original content. RocScholar also collects bibliographic citations of RRH affiliated works and often provides a link to the original publication.

RocScholar is available online at <https://scholar.rochesterregional.org>. It is hosted by bepress's Digital Commons and was implemented on March 30, 2021.

2. Highlights

1. Total downloads: 10,594 (increase of 41% from last year)
2. Works posted to the IR: 664
3. Peer-reviewed journal, *Advances in Clinical Medical Research and Healthcare Delivery* had 8,585 downloads
4. Created multiple grand rounds collections with video streaming of the presentations embedded on the records
5. Added the 'Nursing Research and EBP Day' collection. PDFs of the posters are available for download as well as a few video presentations embedded on the records.
6. Added a 'Finding Aids' collection to the newly created Rochester Regional Health Archives section
7. Citations of RRH published content are routinely added to the repository through the use of harvesting tools and search alerts. With this data, we are able to create a monthly citation report.
8. Created a RSS feed that shows the most recent publications of any particular collection which can be placed on subject guides on the Library website

3. Site Content

The repository currently contains four main collection-types; Journals, Presentations & Events, RRH authored publications and proceedings, and Rochester Regional Health Archives (new).

1. Journals:

Peer-reviewed publications presented by RRH.

- a. *Advances in Clinical Medical Research and Healthcare Delivery*

2. Presentations & Events:

Presentations made by or organized by RRH staff.

- a. Grand Rounds
 - i. CHED Talks
 - ii. Orthopedic Surgery Grand Rounds (new)
 - iii. Rochester General Hospital Grand Rounds (new)
 - iv. Unity Hospital Grand Rounds (new)
- b. Nursing Research and EBP Day (new)
- c. Orthopedic Symposiums (new)

3. RRH authored publications and proceedings:

This is our main 'bucket' for uploading citations to the repository, which mostly reflects bibliographic citations from the publisher. Automatic filters are set up to disperse content into the series listed below:

Administration; Allergy & Immunology; Anesthesiology; Bariatrics; Behavioral Health; Cardiology; Clinical Nutrition; COVID-19; Dentistry (hidden); Dermatology; Diabetes & Endocrinology; Emergency Medicine; Gastroenterology; Geriatrics; Graduate Medical Education; Health Information Management; Infectious Diseases; Information Technology (hidden); Internal Medicine; Library; Medicine; Microbiology; Nephrology; Neuroscience: (Neurology; Neuropsychology (hidden); Neurosurgery; Physical Medicine & Rehabilitation; Spine & Pain Medicine); Nursing; OB/GYN; Oncology & Hematology; Ophthalmology; Orthopedics; Pathology; Pediatrics; Pharmacy; Podiatry; Pulmonary Medicine; Quality & Safety; Radiation Oncology; Radiology; Research; Rheumatology; Spiritual Care; Surgery; Urology

- a. Note that 'Neuroscience' is a community structure with the various series 'Neurology', 'Neuropsychology', 'Neurosurgery', 'Physical Medicine & Rehabilitation', 'Spine & Pain Medicine' housed within it.
- b. This year, we made the decision to hide collections that currently had no content

4. Rochester Regional Health Archives (new)

- a. Finding Aids (new)

4. Metrics

The IR dashboard provides data about readership usage and site productivity. The data below provides snapshots of RocScholar's progress throughout the year.

If you would like further information regarding usage data, please contact the RRH Libraries at Library@rochesterregional.org.

5. Future Goals

Library staff is always looking to increase the scope of content in the IR while maintaining best practices and standards. To help achieve these primary goals, the following tasks have been identified:

1. Add more collections under 'Presentations and Events'
 - a. RRH hosted event days
2. Work towards increasing institutional awareness of the IR
 - a. Create and email a monthly citation list to administration
3. Redesign
 - a. Explore examples of what other institutions have done for a potential redesign of RocScholar, such as the homepage
4. Exhibits
 - a. Explore the potential for adding digital exhibits through the use of bepress's DCX

6. Image Captures (captured April 3, 2023)
