Vickie Fu Doll, Advisor, Librarian Emerita, University of Kansas

### **Summary**

The East Asian collections and libraries in North America have a tradition of collecting and analyzing statistical data on library materials for East Asian studies. The comprehensive statistical analysis of these collections can be traced back to 1959.<sup>1</sup> Several status reports on East Asian collections in North America were published intermittently between 1966 and 1988. Since 1989, these reports have become an annual publication, providing quantitative evidence for collection/library assessment and valuable insights into the development of East Asian collections in North American libraries.

### **Method and Responses**

The 2021-2022 CEAL statistics survey was conducted online at the CEAL Statistics database between October and December 2022, followed by data review and verification by the participating libraries and the Statistics Committee.

Among the total of 42 participating libraries, there are 3 Canadian university libraries and 39 US research institutions, including the Library of Congress. Of these university institutions in the United States, 21 are public and 17 are private university libraries. In addition to the impact of the pandemic, personnel changes and the level of support from library administration also affect participation.

The statistical information collected in the 2022 survey remains the same, including data on physical and electronic collections (holdings of monographs, serials, and materials in other formats), fiscal support, staffing, and public services. Some libraries were unable to provide specific data and/or fill certain forms due to changes in library systems or limitations of management structure.

To provide standardized and up-to-date content data of databases subscribed by participating libraries, the lists of e-book, e-journal, and audio-visual multimedia databases were reviewed and updated by the CEAL Statistics Committee prior to the opening of the 2022 survey. Due to the term limit of subscription-based access to electronic resources, the

content counts, such as the number of titles, volumes, and chapters, of databases by subscription are not included in a library's total collection holdings.

## **Results and findings**

In 2022, a total of 244,269 volumes of acquired monographs were added to collections, while 246,106 volumes were added in 2021. The net volumes added in 2022 is 277,700, which is 27.1% less than the 380,947 volumes added in 2021. This is partially due to fewer libraries providing corresponding data this time. It makes the total holdings (physical volumes and other materials) without e-books 22,443,918 volumes among 40 participating libraries.

Based on data provided by 31 participating libraries, there are 19,441,957 volumes of e-books purchased in 2022, which is a 3.54% decrease from volumes purchased in 2021 (20,155,882). With 54,585 volumes of non-purchased e-books added, there is a total of 19,496,542 volumes of e-books acquired, a 3.34% decrease from 20,180,558 in 2021.

The total appropriations in 2022 is \$13,381,936.68, which is an 18.77% increase over 2021 of \$11,266,689.79. East Asian grants have a 2.82% increase over 2021; program support (\$965,517) presents a 123.48% growth from 2021 (\$432,031); endowment funds have a 16.87% decrease from \$2,079,943.60 in 2021 to \$1,729,148.06 in 2022. The total fiscal support has an 18.63% growth with \$17,155,700.90 than \$14,461,059.34 in 2021.

Personnel support totaled 322.76 (FTE), including 44% professional, 36.3% supporting staff, 13.5% student, and 6.2% others. It has an increase of 6.6% from 302.74 FTE in 2020, but still a 21.2% decrease from 409.69 FTE in 2019. 4 libraries outsourced their acquisitions, and 12 libraries outsourced processing.

The pandemic impacted all aspects of public services negatively. Compared to pre-pandemic public services data from 2019, there were dramatic reductions in library presentations, reference transactions, circulation, and interlibrary loans in 2022. The total number of reference transactions was 15,270, a 48.3% decrease from 31,585 in 2019; the number of presentations dropped from 1,040 in 2019 to this year's 651. Interlibrary loan lending requests filled experienced a 29.8% growth, increasing from 7,020 in 2021 to 10,000 in 2022. However, it still represents a 42.7% decrease from the number of requests filled in 2019, which is 17,460. The number of borrowing requests filled in 2022 was 3,842, which is only 35% of the requests filled in 2019 when the number was 11,001.

## **Final thoughts**

Participation is the key to making the report more thorough and complete so that it can better serve its purpose of providing quantitative data-based guidance and insights on the development of East Asian collections and libraries in North America. The committee appreciates continuous support from CEAL members and encourages East Asian collections and libraries' participation in the statistics survey. For more information, please visit <https://ceal.ku.edu/>.

British Columbia (2022 Monographic Acquisitions Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its “non-CJK” count. English language titles are not included here.

Columbia, Starr East Asian (2022 Monographic Acquisitions Form): Non-CJK statistics includes Tibetan Collection data: Purchased Titles: 154; Purchased Volumes: 437; Non-Purchased Titles: 5; Non-Purchased Volumes: 5. Western language data is not included.

Georgetown (2022 Monographic Acquisitions Form): Purchase is very limited due to the budget cut but we received quite a few gifts in Japanese language in 2022.

Harvard-Yenching Library (2022 Monographic Acquisitions Form): Did not have a count for non-purchased volumes or volumes removed.

Pennsylvania (2022 Monographic Acquisitions Form): Precise numbers for Japanese and Korean acquisitions are not possible because these are processed together. Estimate is generated based on established patterns.

Pittsburgh (2022 Monographic Acquisitions Form): Purchased titles Chinese includes 10 uncataloged archival manuscripts

Virginia (2022 Monographic Acquisitions Form): Gift titles are mostly of the Weinstein Collection.

British Columbia (2022 Serials Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its “non-CJK” count. English language titles are not included here.

Columbia, Starr East Asian (2022 Serials Form): Included Serial titles in Fische. Non-CJK statistics includes Tibetan Collection data: Purchased Serials (includes Subscriptions) - Electronic: 3; Purchased Serials (includes Subscriptions) - Prints and other formats: 161. Using manually generated data for Purchased Serials (includes Subscriptions) - Electronic.

Harvard-Yenching Library (2022 Serials Form): Did not have a count for non-purchased volumes or volumes removed.

North Carolina, Chapel Hill (2022 Serials Form): #1.2 & 2.2 are by title.

Pennsylvania (2022 Serials Form): Our library systems do not track purchased vs. non-purchased serials, so we are reporting all of our serials as "purchased" even though some are non-purchased (e.g., gift or open access).

Pittsburgh (2022 Serials Form): Counts for 1.1 purchased serials from Alma e-inventory portfolio count.

Texas, Austin (2022 Serials Form): Because of the migration to Alma, there was no way to filter the data to just what serials were purchased for just the reporting fiscal year. We had to structure the report to pull in everything that was purchased previous to a certain date. Starting with this year and going forward, we will be able to report just what was purchased in the reporting fiscal year. For electronic journals, our records do not separate purchase and non-purchase. We put evenly divided number in both categories to get an accurate total count.

Table 3-2

British Columbia (2022 Serials Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its "non-CJK" count. English language titles are not included here.

Columbia, Starr East Asian (2022 Serials Form): Included Serial titles in Fische. Non-CJK statistics includes Tibetan Collection data: Purchased Serials (includes Subscriptions) - Electronic: 3; Purchased Serials (includes Subscriptions) - Prints and other formats: 161. Using manually generated data for Purchased Serials (includes Subscriptions) - Electronic.

Harvard-Yenching Library (2022 Serials Form): Did not have a count for non-purchased volumes or volumes removed.

North Carolina, Chapel Hill (2022 Serials Form): #1.2 & 2.2 are by title.

Pennsylvania (2022 Serials Form): Our library systems do not track purchased vs. non-purchased serials, so we are reporting all of our serials as "purchased" even though some are non-purchased (e.g., gift or open access).

Pittsburgh (2022 Serials Form): Counts for 1.1 purchased serials from Alma e-inventory portfolio count.

Texas, Austin (2022 Serials Form): Because of the migration to Alma, there was no way to filter the data to just what serials were purchased for just the reporting fiscal year. We had to structure the report to pull in everything that was purchased previous to a certain date. Starting with this year and going forward, we will be able to report just what was purchased in the reporting fiscal year. For electronic journals, our records do not separate purchase and non-purchase. We put evenly divided number in both categories to get an accurate total count.

British Columbia (2022 Other Holdings Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its "non-CJK" count. English language titles are not included here.

Columbia, Starr East Asian (2022 Other Holdings Form): Non-CJK includes Tibetan Collection Statistics: Microform: 5; Cartographic and Graphic: 7; Audio: 75; Video: 7; DVD: 440.

Emory University (2022 Other Holdings Form): Figures for DVDs include Blu-rays.

Georgetown (2022 Other Holdings Form): On the request of faculty for course teaching, the LIT department and E Resources Dep have collaborated to stream DVD collection based on faculty requests.

Harvard-Yenching Library (2022 Other Holdings Form): Above are all the title counts. No piece/reel/sheet numbers are available

Pennsylvania (2022 Other Holdings Form): In FY22, the greatly reduced numbers for our Audio and Video collection reflect not deaccessioning but, rather, updated ways of quantifying our holdings. Previously, "Audio" comprised both physical and streaming holdings, and now we are counting these categories separately. Previously, "Video" had comprised both DVD and VHS, but now "Video" just comprises VHS, and DVDs are counted separately.

Pittsburgh (2022 Other Holdings Form): Electronic counts from Alma Analytics e-inventory portfolio count.

Princeton (2022 Other Holdings Form): Incomplete data; CJK Video, DVD also held outside EAL. Does not include accompanying material.

Southern California (2022 Other Holdings Form): Pre-populated with FY2021 survey results.

British Columbia (2022 Other Holdings Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its “non-CJK” count. English language titles are not included here.

Columbia, Starr East Asian (2022 Other Holdings Form): Non-CJK includes Tibetan Collection Statistics: Microform: 5; Cartographic and Graphic: 7; Audio: 75; Video: 7; DVD: 440.

Emory University (2022 Other Holdings Form): Figures for DVDs include Blu-rays.

Georgetown (2022 Other Holdings Form): On the request of faculty for course teaching, the LIT department and E Resources Dep have collaborated to stream DVD collection based on faculty requests.

Harvard-Yenching Library (2022 Other Holdings Form): Above are all the title counts. No piece/reel/sheet numbers are available.

Pennsylvania (2022 Other Holdings Form): In FY22, the greatly reduced numbers for our Audio and Video collection reflect not deaccessioning but, rather, updated ways of quantifying our holdings. Previously, "Audio" comprised both physical and streaming holdings, and now we are counting these categories separately. Previously, "Video" had comprised both DVD and VHS, but now "Video" just comprises VHS, and DVDs are counted separately.

Pittsburgh (2022 Other Holdings Form): Electronic counts from Alma Analytics e-inventory portfolio count.

Princeton (2022 Other Holdings Form): Incomplete data; CJK Video, DVD also held outside EAL. Does not include accompanying material.

Southern California (2022 Other Holdings Form): Pre-populated with FY2021 survey results.

California, San Diego (2022 Unprocessed Backlog Materials Form): Only resources in physical formats

Columbia, Starr East Asian (2022 Unprocessed Backlog Materials Form): Tibetan Collection statistics is reported as Unprocessed Non-CJK.

Emory University (2022 Unprocessed Backlog Materials Form): Includes both books and DVDs/Blu-rays in backlog.

Georgetown (2022 Unprocessed Backlog Materials Form): We have not cataloged the large gifts from one of the core faculty in Japanese studies. He donated nearly 1000 titles and we have only completed 2/3 of the gift. The backlog of Japanese gift is to be completed in 2023 FY with outsourced cataloging.

Pittsburgh (2022 Unprocessed Backlog Materials Form): No data was provided

Southern California (2022 Unprocessed Backlog Materials Form): Prepopulated from 2021 survey.

British Columbia (2022 Fiscal Support Form): UBC's fiscal year is from April 2021-March 2022. UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its "non-CJK" count. English language titles are not included here.

California, Berkeley (2022 Fiscal Support Form): "Non-CJK Program Support" should be understood to refer to general program support.

California, Riverside (2022 Fiscal Support Form): Our budget allocations are not separated by country so I have given a total for our East Asian Studies appropriations.

California, San Diego (2022 Fiscal Support Form): Appropriations are based on actual expenditures rounded up in value.

Columbia, Starr East Asian (2022 Fiscal Support Form): Tibetan Collection financial support information is reported with Western language collection information in Non-CJK category. Tibetan Collection: Appropriations (Monographic): \$24,268; Appropriations (Serial): \$438; Appropriations (Other Materials): \$60; Appropriations (Electronic Resources): \$7,854; Appropriations Subtotal: \$32,620; Endowments: \$2,495; Grants: \$1,757. Also includes 1) budget for Chinese business & economics materials located in the Social Sciences library: \$7,113. 2) Korean contract cataloging: \$9,317. 3) Binding and supplies added to Non-CJK budget: \$0.

Emory University (2022 Fiscal Support Form): Chinese appropriations budgets for serials, electronic resources, and other materials include funds that are shared across all East Asia subject areas.

Georgetown (2022 Fiscal Support Form): The library budget for 2022/23 FY is still flat although there is a 7 percent increase. With the high inflation, the 7% increase is wiped out. Comparing to a decade ago, the library budget is 15% less than 2012.

Kansas (2022 Fiscal Support Form): The value in Grants-Korean Grants: \$3643 from the e-resource subscription cost, shared by the Korea Foundation, and \$2000 from the Bookon Korea project.

North Carolina, Chapel Hill (2022 Fiscal Support Form): \*The appropriation is for CJK combined.

Pennsylvania (2022 Fiscal Support Form): Penn budgets do not divide into categories of monographs, serials, and electronic. I have placed each area budget on the "other" line.

Princeton (2022 Fiscal Support Form): Includes EAL funds; non-EAL electronic funds; CJK art, but nor rare books. For general funds, appropriations and endowments are no longer separated.

Toronto (2022 Fiscal Support Form): Budget period based on University of Toronto Library budget reporting period: May 2021-Apr 2022. US\$ convert to Can\$ ratio: 1.25 (based on average ratio July 2021-June 2022)

Virginia (2022 Fiscal Support Form): Funding is centralized.

Table 6-2

**Fiscal Support of East Asian Libraries and Collections in North America From July 1, 2021 through June 30, 2022**

British Columbia (2022 Fiscal Support Form): UBC's fiscal year is from April 2021-March 2022. UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its "non-CJK" count. English language titles are not included here.

California, Berkeley (2022 Fiscal Support Form): "Non-CJK Program Support" should be understood to refer to general program support.

California, Riverside (2022 Fiscal Support Form): Our budget allocations are not separated by country so I have given a total for our East Asian Studies appropriations.

California, San Diego (2022 Fiscal Support Form): Appropriations are based on actual expenditures rounded up in value.

Tibetan Collection: Appropriations (Monographic): \$24,268; Appropriations (Serial): \$438; Appropriations (Other Materials): \$60; Appropriations (Electronic Resources): \$7,854; Appropriations Subtotal: \$32,620; Endowments: \$2,495; Grants: \$1,757.

Georgetown (2022 Fiscal Support Form): The library budget for 2022/23 FY is still flat although there is a 7 percent increase. With the high inflation, the 7% increase is wiped out. Comparing to a decade ago, the library budget is 15% less than 2012.

Kansas (2022 Fiscal Support Form): The value in Grants-Korean Grants: \$3643 from the e-resource subscription cost, shared by the Korea Foundation, and \$2000 from the Bookon Korea project.

North Carolina, Chapel Hill (2022 Fiscal Support Form): \*The appropriation is for CJK combined.

Pennsylvania (2022 Fiscal Support Form): Penn budgets do not divide into categories of monographs, serials, and electronic. I have placed each area budget on the "other" line.

Princeton (2022 Fiscal Support Form): Includes EAL funds; non-EAL electronic funds; CJK art, but nor rare books. For general funds, appropriations and endowments are no longer separated.

Toronto (2022 Fiscal Support Form): Budget period based on University of Toronto Library budget reporting period: May 2021-Apr 2022 US\$ convert to Can\$ ratio: 1.25 (based on average ratio July 2021-June 2022)

Table 8

### Public Services of East Asian Libraries and Collections in North America From July 1, 2021 through June 30, 2022

Institutions	Library Presentations	Participants in Presentations	Reference Transactions	Total Circulation	Interlibrary Loans			
					Lending Requests		Borrowing Requests	
					Filled	Unfilled	Filled	Unfilled
Southern California	27	121	339					
Stanford	18	182	410	14152	880	101		
Texas, Austin				3201				
Toronto	17	384	637	3760	219			
Virginia	3	32	158	813				
Washington				6542	963	812		
Washington, St. Louis	20	100			167			
Wisconsin-Madison	3	255	78	4017	490	155	550	130
Yale	55	491	728					
<b>38 Total Records</b>	<b>651</b>	<b>7196</b>	<b>15270</b>	<b>126069</b>	<b>10000</b>	<b>2352</b>	<b>3842</b>	<b>621</b>

Binghamton University, SUNY (2022 Public Services Form): Classroom instruction and one-on-one consultation for Asian studies are related only, not including general reference transactions.

Brigham Young (2022 Public Services Form): Circulation statistics cover the period from 1 Sept. 2020 through 31 Aug. 2021.

British Columbia (2022 Public Services Form): Borrowing statistics is unavailable.

California, San Diego (2022 Public Services Form): 4 Presentations (Chinese); 182 Presentation Participants (Chinese); 267 Reference Transactions (Chinese)

Columbia, Starr East Asian (2022 Public Services Form): Public Services, Reference Transactions, and ILL statistics for FY22 are not available.

Georgetown (2022 Public Services Form): There is slight increase in circulation statistics. The ILL requests among the WRLC also seems to come up with more and more consortium members start normal operations. But the number for 2022 compared with the prepandemic still lags behind.

Hawaii (2022 Public Services Form): Reasons for Cancellation of ILL requests. 1) Borrowing: Two main ILL reasons were for "Exhausted possible lenders" and "Time expired on request/Patron's need-by date"; Patrons also cancelled quite a few ; 2) Lending: unable to retrieve, lack of holdings, licensing restrictions

Kansas (2022 Public Services Form): Detailed report on ILL activities: Borrowing copies: 117 CJK, 112 non-CJK; Borrowing loans: 165 CJK, 28 non-CJK; Lending copies: 211 CJK, 117 non-CJK; Lending loans: 530 CJK, 176 non-CJK

Library of Congress (2022 Public Services Form): ILL requested = 473+302+213; ILL served: 400+243+179

Northwestern (2022 Public Services Form): Unable to parse ILL data to break out East Asian materials.

Pennsylvania (2022 Public Services Form): Our library does not track the number of circulations or ILL requests for CJK materials separately from the rest of our collections.

Pittsburgh (2022 Public Services Form): Interlibrary loan request counts include those through Gateway services only. Circulations are for CJK material only. Reference transactions count half of Haining's total reference number, since she works in two department.

Princeton (2022 Public Services Form): Because of pandemic, most BD/ILL activity diverted to main library, and has not yet been reverted to EAL

Virginia (2022 Public Services Form): We don't count day to day reference transactions. The number reflects the data recorded on LibInsight.

Washington, St. Louis (2022 Public Services Form): No ILL request fulfillment April-June, 2020

British Columbia (2022 Electronic Resources Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its “non-CJK” count. English language titles are not included here.

Columbia, Starr East Asian (2022 Electronic Resources Form): Started a process to update our E-Resource statistics. Updated our E-book, E-Journal, and Audio-Visual database subscriptions information without editing the details and adding new entries for resources not listed on the master lists.

Georgetown (2022 Electronic Resources Form): Out of the total budgeted dollars for Asian Studies, nearly 75% was spent on databases, and the remaining 25% spent on monographs. Most of the budgetary funding is spent on English-language monographs on East Asian Studies. CJK acquisition is totally dependent on the faculty/graduates request and firm orders. The library started an approval plan in Summer 2022, but only English language material on Asian Studies is included in this Approval Plan. CJK language acquisition is allocated on "REQUEST" only category.

British Columbia (2022 Electronic Books Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its “non-CJK” count. English language titles are not included here.

Columbia, Starr East Asian (2022 Electronic Books Form): Electronic Books expenditure information is included in Grand Total Expenditures for Electronic Form. Separate information is not available. Updated E-Book Database by Subscription section, however, did not customized the information.

Pennsylvania (2022 Electronic Books Form): For our current holdings, we are not able to distinguish between purchased and non-purchased titles, or between subscription and non-subscription e-book titles. Fields #33 and #41 are identical for us (total expenditure, including e-books).

Southern California (2022 Electronic Books Form): We are unable to supply accurate numbers as our technical services do not track such data.

Toronto (2022 Electronic Books Form): Data not available

Table 10-2

Electronic Books Holdings of East Asian Materials as of June 30, 2022

British Columbia (2022 Electronic Books Form): UBC Asian Library has included other Asian languages such as Persian and South Asian languages within its "non-CJK" count. English language titles are not included here.

Columbia, Starr East Asian (2022 Electronic Books Form): Electronic Books expenditure information is included in Grand Total Expenditures for Electronic Form. Separate information is not available.

Updated E-Book Database by Subscription section, however, did not customized the information.

Pennsylvania (2022 Electronic Books Form): For our current holdings, we are not able to distinguish between purchased and non-purchased titles, or between subscription and non-subscription e-book titles.

Fields #33 and #41 are identical for us (total expenditure, including e-books).

Southern California (2022 Electronic Books Form): We are unable to supply accurate numbers as our technical services do not track such data.

Toronto (2022 Electronic Books Form): Data not available
