Departments vote for Chairs

By Lori Rhode Prospectus Staff Writer

Initial meetings of the 10 new departments created under Parkland's reorganization plan were completed during early February and the departments met Tuesday to vote for department chairs.

The votes for the chair positions were tabulated on Tuesday afternoon. Pres. Paul Magelli and Vice Pres. Kevin Northrup will conduct interviews with the top candidates within each of the 10 departments to select the chairs. In the event that a chair is not chosen after the voting and interviewing process, an external search for the chair post will be initiated.

Dale Ewen, assistant vice-president for academic administration said, "Overall the meetings went very well. The faculty had a lot of questions, including a few which were not anticipated, but the meetings went very well."

The main goal of these meetings was to talk about the chair positions and describe the selection process for the chair positions. The responsibilities of the chairs was also defined at the meetings.

Each department voted for its chair by using a ranking method with the first choice receiving the highest rank number. Faculty members ranked the highest candidate of their choice with a five; the lowest ranking was a zero.

Faculty members designated one parttime faculty representative from each department to participate in the voting process. If the department had more than five full-time equivalent faculty members, a second part-time voting representative was selected.

Magelli and Northrup will choose the department chairs from the ranked list

of candidates during the end of February after conducting interviews. When the interviews are completed, they will make chair recommendations for approval by the Board of Trustees. Ewen-says the chairs will be named by early March.

After their approval by the Board of Trustees, the chairs will attend an orientation conducted by Herb Trenz, director of personnel. Ewen says the chairs will be in place by July 1 and the reorganization will take effect at the opening of the fall semester.

Subjects of the chair orientation sessions are: general administration, the role and responsibilities of the department chairs, the budget and payroll process, program and evaluation, vocational education, area learning centers, enrollment development, and advising and retention.

In order to make the chairs more accessible to students, their offices will be located on the ground floor of the College's four major wings. Having the chairs in a central ground-level location, will create more opportunities for interaction between the chairs, says Ewen.

Chairs will undergo review annually and will serve three year terms. Ewen says initially some of the terms will be staggered in order to develop a rotating system_ of replacement. Ewen anticipates that some of the chairs will serve repeated terms, while in other departments the position will be rotated.

Ewen said one of the questions which was clarified by the meetings was whether the chairs would be considered administrative or faculty positions. Ewen says the chairs are administrative positions, but the chairs will also teach courses

Rogers and Hammerstein 'Cinderella'

Musical opens March 3

"Cinderella," the musical fairy tale by Rodgers and Hammerstein, opens Thursday, March 3, 8 p.m., in the Parkland College Theatre.

Other performances will be held March 4, 5, 10, 11, and 12, 8 p.m., and matinees, March 5, 6, 12, and 13, 2 p.m.

According to artistic director Rodney Woodworth, the music and lyrics of Richard Rodgers and Oscar Hammerstein II add "touches of wonder and magic" to the classic fairy tale about a young girl who meets her prince. Show tunes include "Impossible," "In My Own Little Corner," "Ten Minutes Ago," and the hilarious "Stepsister's Lament."

Woodworth, a Tolono native now living in Rantoul, is a well-known local performer who has appeared in numerous shows at Parkland College, the Sunshine Dinner Playhouse, the Station Theatre, and the Krannert Center for the Performing Arts. He is making his Champaign-Urbana directing debut with this production of "Cinderella."

But Woodworth, a 20-year veteran of the theatre, has performed and directed in community theatres around the world during the 10 years he served in the U.S. Air Force.

Last spring, Woodworth portrayed Noah in Parkland's production of "Two by Two." Other recent credits include Lazar Wolf in "Fiddler on the Roof," Noah's son, Shem, in "Two by Two," both Sunshine shows; and Che in "Evita," a Station Theatre production. Woodworth, who received training in opera and musical theatre from the University of Illinois, teaches acting classes in the community and in Parkland's College for Kids Program.

Sandra Chabot, Parkland choral director, is the show's musical director; and Kevin Rhodes, a graduate student in conducting at the University of Illinois, will conduct the orchestra.

With a cast of 58, including area residents, Parkland students and staff, University of Illinois students, and 29 children, "Cinderella" will be the largest production staged in the new Parkland Theatre. For some cast members, the show is a family project: Parents and children from several family groups are participating as well as two sets of twins, ages 7 and 9. The show's elaborate staging and multiple scene changes

Mahomet recycling site opens

The Community Recycling Center held an opening ceremony for the Mahomet Hometown Recycling dropoff site on Feb. 15. The new drop off site is located at the Super Pantry parking lot, Routes 47 and 150 in Mahomet.

Mahomet.

This site is one of three sites in Champaign County that opened on Feb. 15. The other sites are located in Thomasboro and Tolono.

All recycling sites are available 24 hours a day for convenient recycling of glass, cans, and newspaper. Residents using the sites are asked to put bags or boxes of recyclables in the specially-marked bins that are located at each site.

Hometown Recycling is sponsored by the Community Recycling Center in Champaign, a not-for-profit multimaterial processing center, the Champaign County government, and the Illinois Department of Energy and Natural Resources.

Three more rural villages in Champaign County will be chosen to host a drop-off site by June 1.

For more information, contact Frank DiNovo, Champaign County Regional Planning Commission, at 328-3313.

Clint and Susie Atkins of Champaign have recently donated nearly 13 acres of property at 1303 N. McKinley in Champaign to Developmental Services Center, 1304 W. Bradley, Champaign. The property is valued at \$2.8½ million.

The acreage has six structures which include an office building and five warehouses. The buildings were a complex of facilities for the Universal Bleacher Company which has since moved from the property. Presently, two of the buildings are occupied by Plastic Container Corporation.

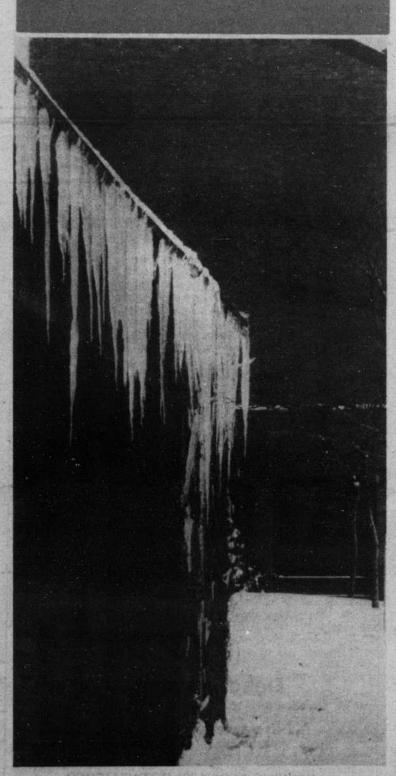

Mr. Atkins indicated his reason for donating the property to this tax-exempt, not-for-profit organization. "Susie and I believe in what DSC is doing for

developmentally disabled people. If it weren't for this agency, these people would not get the specialized services they need," Atkins said.

DSC serves approximately 1,000 developmentally disabled or delayed individuals in Champaign and Ford counties.

In terms of what the donation means to DSC, Dale Morrissey, executive director, stated that the donation will relieve over-crowded conditions and provide the foundation for potential growth.

In a few weeks, DSC will begin a capital funds campaign called Build DSC. Approximately \$750,000 is needed for the renovation and remodeling of the main campus on Bradley Avenue.

Parkland College was closed for the second time of the 1987-1988 winter season last Thursday, Feb. 11. Freezing temperatures and sunshine on Friday caused icicles to form along the campus rooflines.

J.M. Jones opens reclamation center in Champaign Feb. 1

Feb. 1, J. M. Jones opened a reclamation center at 301 E. Wilber Heights Rd., Champaign. Approximately eight disabled individuals will be employed through a joint effort between J. M. Jones and Developmental Services Center.

The purpose of the reclamation center is to reclaim damaged goods from area grocery stores.

Kenneth Waltgott, director of personnel, says J. M. Jones saw the opportunity to become involved in the joint venture with DSC.

"We feel a corporate commitment in which we are pleased to have individuals from Developmental Services Center work with us," Waltsgott said. "We also will be providing food supplies to less fortunate people," he added.

The food which can't be sold because of damaged packaging is still fit for human consumption. It will be sent to the Eastern Illinois Foodbank for distribution to local human resources agencies.

Mike Buchanan, assistant superintendent of dry storage, one of the J. M. Jones warehouse facilities, explained that the grocery stores will receive credit for the goods which are in damaged cans or containers. The extent of damage includes dented cans, ripped labels, or the cartons have been cut open.

Developmental Services
Center will provide the personnel who will work at the J. M.
Jones Reclamation Center.
They will be assigned tasks which are matched to his or her ability. The responsibilities in-

clude scanning of all damaged goods, labeling and sorting by vendor, according to what's on the label.

Carole Powers, assistant director of vocational services at DSC, has toured a reclamation center in the Washington, D.C.

"By observing the operation of another center, we can appreciate the workload and how it's to be carried out," Powers said.

There are several centers around the country, but only a few employ disabled people.

Mike Woodard, vice president of marketing for J. M. Jones, said the small number of centers which are staffed by disabled people are finding the overall operation has proven to be very effective.

State tells new laws for ATV operators

Motorists who operate Allterrain vehicles (ATVs), offhighway motorcycles, pedalcycles, farm machinery, and vehicles equipped with fog lights have new laws to be aware of according to Illinois State Police director Jeremy D. Mar-

Under the new laws, the operation of an ATV or off-highway motorcycle is prohibited on any street, road, or highway with one exception: drivers of such vehicles may cross a highway provided that the crossing can be done safely. However, before attempting to cross any road, the driver must first make a complete stop and yield the right-of-way to all vehicular and pedestrian traffic.

Margolis said, "The legislation defines an ATV as any motorized vehicle weighing 600 pounds or less, having a width of 50 inches or less, and travelling on three or more low pressure tires. An off-highway motorcycle is a motorized device designed to travel primarily off the highway on two wheels."

Other changes that were contained in the new laws:

 Requires operators and passengers of motorized pedalcycles to wear eye protection.

■ Adds farm machinery to the list of those vehicles required to display two headlights and two taillights visible from at least 1,000 feet during periods when lighting is required.

Requires that auxiliary driving lights be turned off within 500 feet of a vehicle approaching from the opposite direction. However, properly adjusted amber fog lamps were exempted from this regulation.

Margolis said, "The new laws are examples of a continuing effort to make Illinois roads safer."

ISA needs Executive Director

By Joe Sieben Prospectus Staff Writer

The Illinois Student Association has been conducting a search for the newly created position of Executive Director of the Illinois Student Association. The Illinois Student Association (ISA) is the state association representing students in higher education and is responsible for creating and maintaining databases, monitoring and providing input for higher education decisions, as well as providing support services to member campuses.

Because of recent internal reorganization within the ISA, the position of Executive Director has been developed. The person being sought for this position must have significant interest in higher education, be a proven leader, and possess good communication skills. Candidates must be able to manage and coordinate meetings; prepare budgets; research, analyze and compute information; and train staff personnel. It is re-

commended that candidates have experience in higher education as well as two years of higher education.

The position is salaried and applicants should submit both a resume and a writing sample of not less than 500 words. The application deadline is Feb. 19, 1988.

For information about the position of Executive Director of the Illinois Student Assocation and a detailed job description go to the Parkland Placement Office.

Presently Parkland College is

not a member of the ISA organization, but it is an interested party says Parkland Student Government president Walt Rudy. While the ISA does not have any programs on the Parkland College campus, the College does have access to some of the information and support of the ISA network.

Rudy says if the intentions of the ISA toward higher education students are parallel to those of the Parkland Stu-Go, then the students of Parkland College can look forward to an affiliation with the ISA.

Parkland student dies from accident injuries

Rosemary Jeanne Gillette, 25, died Feb. 8 at Morris Hospital, Morris, from injuries sustained in an automobile accident.

Miss Gillette, a graduate student and teaching assistant at the University of Illinois pursuing a master's degree in Theoretical and Applied Mechanics, was a member of the Parkland College Vocal Jazz Ensemble.

Funeral services were held last Friday at the St. Peter's Episcopal Church, Sycamore.

Johnson says reconsider aid

To the Editor:

This is not meant to pre-suppose inside information about the intricacies of the Contra Aid issue. However, the policy issue is clear: preventing the spread of totalitarian communism in our own backyard, is vital to the interests of our national security. Our failure to vote any assistance for the rebel freedom-fighters (whom I'm sure are guilty of excesses as well), leaving thousands of innocent people to the subjection of those who totally deny rights to humane treatment, freedom of speech, the right to worship freely, and the ability to live comfortably in one's native homeland.

I urge Congressmen to reconsider this potentially grave error.

TIMOTHY V. JOHNSON

Gillette is survived by her mother, Natalie Clark, of De-kalb, Ill.; her father, the Rev. David Gillette of Duanesburg, N.Y.; her twin brother Richard Gillette of Addison, Ill.; and her younger sister Amy Gillette, also of Dekalb.

The accident occurred when Gillete lost control of her car as she slowed to avoid a car which had entered her lane to pass. Gillette's car crossed the center line and struck the car being passed head on.

Jeffery Horowitz, 43, of Woodridge, Ill., who was driving the car which Gillette's car struck, had no serious injuries. An investigation into the accident is ongoing.

Swank says thank you to wellwishers

During my recent illness, it was very gratifying and uplifting to receive so many expressions of encouragement.

Your cards, gifts, letters, visits, calls, thoughts and prayers meant so much to me and my family

I think my recuperation is progressing very well. Currently, I am involved in a cardiac rehabilitation program. Thanks very much for your concern and support.

Career Day draws many area residents

By Lori Rhode Prospectus Staff Reporter

More than a thousand area residents came to Parkland last Wednesday to speak to occuparepresentatives 'Career Connections.'

Vicki Hensler, placement "We discoordinator said, tributed almost a thousand guides to the event and many participants did not use a guide. We were very pleased with the turn-out.

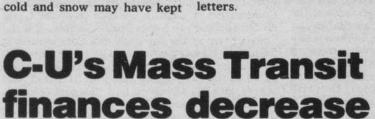

Crowds at the fair were greatest during the morning and afternoon hours. Hensler said the cold and snow may have kept

some people away during the evening hours, but several people did brave the weather to

Participants from all age groups were represented at the event. Hensler said many area high school students spoke with representatives.

In spite of the chance of snow, Hensler said she thinks February is a great month for the event and she plans to schedule "Career Connections" at the same time next year.

Hensler encourages students who spoke with representatives at the event to send thank you

By Dian Struz Prospectus Staff Writer

Federal assistance to Champaign-Urbana's Mass Transit District is shrinking, and the latest Gramm-Rudman budget agreement will have an impact on the MTD's finances, William Volk, MTD director, told Parkland's Community News Reporting Class Feb. 10.

The MTD is trying to increase revenue by developing a controversial downtown groundtransportation center. MTD would lose money building a transfer facility that would only connect the MTD, Amtrak, and the intercity bus carriers, he said. "A transportation-alone facility won't pay for itself. We needed some method of getting revenue."

The District decided to use "joint development"-a combination of public and private participation. The public sector, MTD, would purchase the land, build the transportation facility, and lease the air and land rights to a private developer who would then develop the site.

Volk said the area bordered by University Avenue, Walnut Street, Logan Street, and the ICG railroad tracks is the most likely site for the transportation center. There is a possiblity the area could be expanded southward to Springfield Avenue, he

Mid-Continental Builders, Inc., in Matteson, Ill., is considering a \$50 million project on the site that would include a 250 room hotel with convention facility space, 100,000 square feet of retail space, and 125,000 square feet of office space. The MTD hopes plans for the Center will be finalized within the next three months, Volk said.

proposed Center) "(The would provide us with a good revenue base and could provide with anywhere from \$200,000 to \$400,000 a year in revenue from the leases." The MTD has federal grants for \$1.3 million for land acquisition and architectural engineering surveys and will start to negotiate for the land for the Center soon, he said.

The MTD will also try again to get approval for its UI student transportation plan either in the fall or next spring, Volk said. Students defeated the "I Plan" by about 600 votes last fall because the "Daily Illini" wrote seven editorials in opposition to the plan, he said. The MTD's plan also required students to pay a mandatory \$15 fee per semester, and many students wanted the fee to be refundable, he said. Many students thought, "What's in it for me?" and refused to look at how the plan would benefit other students, he added. A combination of factors, including bad timing, defeated the plan, according to

The MTD currently runs 50 buses throughout the district and does not plan to replace any of its equipment until 1995. Bus drivers still make change, Volk said, unlike those of many other bus companies, but do not make change past 7 p.m. He said in 14 years there have been only two robbery attempts of bus drivers and only minor damage due to vandalism.

Currently, fares account for only 25 percent of the MTD's revenue. Forty percent comes from State of Illinois assistance programs, with the balance of funding from local taxes and federal grants, he said. The tax rate is the lowest it's been for the last 11 years and has actually declined for the last five years in a row, Volk added. "We haven't taxed, for instance, since 1977, when we got expanded taxing powers, for over \$5 million we could have taxed for. We had the authority to tax, but we chose not to do that.'

Additional revenue is generated by the advertisements that buses carry. The MTD generally has made \$40,000 to \$50,000 a year from bus advertising since taking over advertising duties from an outside vendor five years ago, Volk said.

Generally, the MTD runs the same number of buses yearround although buses are sometimes added to routes when there are over-loads. Riders wait an average of 15 minutes for a bus, and the MTD has halfhour service on all routes, Volk

The MTD's district does not include Williard Airport, and large portions of Savoy are not linked with the MTD since its boundary is Curtis Road. "We feel we need to somehow either get some state legislation changed to allow for us to be able to annex territory easier or get some agreements, for instance, with the two cities" that would include the MTD in any future annexations, he said.

Volk has been the manager of the MTD for the past 14 years and says that continuity of management is important. Although he admits to some conflicts with board members, Volk says he is proud of MTD's accomplishments.

"I think one of the reasons that we have been successful over time is that we have had a great deal of stability in our system. We've always been proud of the fact that we can get things done quickly."

Career Connections in the College Center, Feb. 10, brought people from all ages to investigate their career choices. Top picture: David E. Hedges, Kottke will play in C-U Feb. 21 at 8 p.m.

Michael Hedges and Leo Kottke, the dynamic duo of new age folk rock, will perform Feb. 21 at 8 p.m. in Foellinger Audi-

Hedges comes to Champaign promoting "Live on the Double Planet," his latest Windham Hill release. Hedges debuted on the label as a guitarist with his album "Breakfast in the Field." Since then he has established himself as a talented singer and song writer and received a grammy nomination for his sec-ond album, "Aerial Boun-

Hedges plays mostly original works, but he also is a talented interpreter of other artists' music. Among his standards are Bob Dylan's "All Along the Watchtower" and the Beatles' "Come Together." He even does a haunting rendition of Sheila E.'s "Love Bizarre" on "Live on the Double Planet."

Hedges' style can be described as Jekyll-Hydish—a rock and roller and conservatory musician all rolled into one. He is also unique in his use of the Dyer harp guitar, which has an appendage neck of five extra strings to expand its range

Hedges has received nothing but rave reviews for these distinctive qualities. Don Heckamn of the "L.A. Times" said Hedges pushes against the limits of the guitar and uses the strings in never seen before ways. Charles M. Young of "Playboy" said, "Hedges has so many moves on the guitar that he makes electricity obsolete."

Hedges has a number of musical influences, including twentieth century classical compos-ers Bartok, Webern and Feldman; jazz guitarist Pat Martino; the Beatles and Leo Kottke. Hedges was therefore thrilled to co-headline a tour with

Kottke is promoting his new Private Music album, "A Shout Toward Noon," which is instrumentally sparse, only featuring the guitar and dashes of synthesizer and cello. The album fea-tures two older tunes, "Easter" and "Air Proofing"; a cover of Duane Allman's "Little Martha" and, of course, some new Kottke

originals.

Kottke traditionally switches between playing a six-string and his trademark sliding 12string guitar. He is known as one of the revivalists of finger-style guitar playing, an exciting technique which involves slapping, tapping and finger picking the guitar.

district. Parkland also

ENTERTAINMENT

Trio Milano to play at Foellinger

Trio di Milano, which has graced major concert stages throughout Europe and the United States, will perform as part of the Marquee Chamber Music Series at Krannert Center for the Performing Arts, University of Illinois at Urbana-Cham-paign on Friday, Feb. 19, at 8 p.m. in the Foel-linger Great Hall. Members of the Trio are pianist Bruno Canino, cellist Rocco Filippini, and violinist Mariana Sirbu.

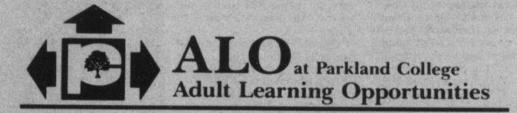

The Trio di Milano was formed twenty years ago by Canino, Filippini, and violinist Cesare Ferraresi, and since that time has performed for major concert societies, with orchestra, and at music festivals throughout Europe. In their many tours of the United States, they have performed at the Metropolitan Museum of Art, the Library of Congress, Aspen, and at such universities as Johns Hopkins, UCLA, and Stanford. The Trio has also toured Australia and New Zealand.

Bruno Canino took degrees in piano and composition at the Verdi Conservatorio at Milan where he is now professor of piano. He has won

prizes in national and international piano competitions including Bolzano, Vercelli, and Darmstadt. Concert tours have taken him throughout Europe, the United States, and to Japan. He has participated in the festivals of Edinburgh, Berlin, Vienna, Salzburg, Prague, Venice, and Bath and has served on the faculty of the Marlboro Festival.

Rocco Filippini finished his cello studies with Pierre Fournier and Franz Walter at the Conservatoire of Geneva where he was awarded a first prize for virtuosity. He also won the International Competition at Geneva, awards from the Guild du Disque and the Swiss Music Society, and the Casals Prize at the International Competition at Budapest. He has performed as a soloist throughout Europe and South America and has participated in the festivals at Lucerne, Helsinki, and Stresa, and the Marlboro and Newport festivals in the United States.

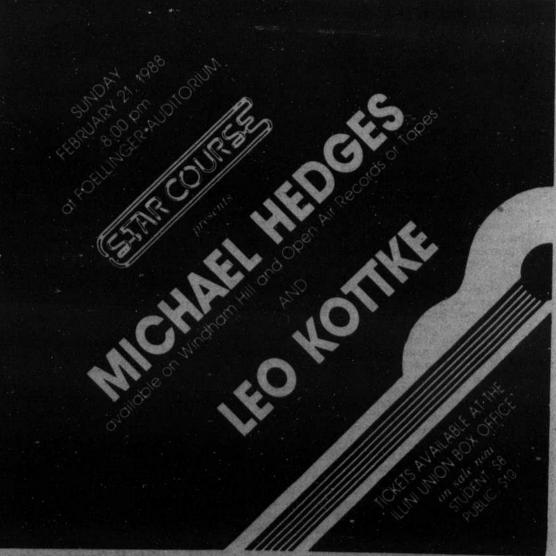

Mariana Sirbu was born in Iasi, Romania, and studied violin with her father and with Stefan (more TRIO on 6)

52 donate blood during drive

Fifty-two donors were registered during Parkland's third blood drive this year. Sponsored through Parkland's Health Service, the drive was held Feb. 3.

Donors include Linda A. Adams, Connie C. Aericko, Mark S. Allin, Sharilyn M. Anderson, Sandi Bennett, James O. Benouis, Christine B. Berencsi, Christopher A. Berti, Brian Michael Beyer, Raeford L. Black, Ellen M. Blankenship, Lorraine Carol Bokor, Sheila Burdette.

Deborah A. Canzoneri, Lisa G. Carlson, Eric B. Cook, Thomas Brent Courson, Earl R. Creutzburg, James Hugh Dorner, Charles A. Douglas, Homer C. Forster, John A. Garlisch, Shirley Ann Gordon, Tamara Jo Griffith, Charles L. Hallett, Cathy A. Hamilton.

Other donors were Christopher P. Happ, Stephanie Higgins, Larry S. Ivanco, Pamela E. Jibben, Brian L. Kessler, Eric J. Kuntz, Larry L. Long, Deborah P. Lox, Carol J. Lox, Nancy J. Melin, William A. Musson, Daniel O. Nelson, Annelle M. O'Brien.

Concluding the list are Kerry J. Phillips, Bridget Renee Poor, Matthew O. Porter, Jeff J. Reeder, Lucy A. Shafer, Martin M. Sharkey, Candace L. Springer, Nancy Stone-Johnson, Cheryl A. Thomas, Jeff T. Trainor, Julie R. Vanhoorebeke, Rebecca L. Watson, and Dayna M. Weidner.

Helpers for the drive were Champaign County Blood Bank personnel; Hardees, who donated orange juice; and custodians Marv Kresin, Dan Oney and crew.

The next blood drive is scheduled for Wednesday, April 13.

State Police give plaque to show appreciation

Illinois State Police released provisional figures which indicated that 94 persons died from injuries sustained in traffic accidents on Illinois highways during the month of January, 1988. There were 100 fatalities for the same period last year, showing a decrease of six through the month of January.

Commander of District 10 State Police, Captain Gordon J.

Cleland, reported sevenfatalities for the month of January in the District. Champaign, Piatt and Shelby counties each had one with Macon county having four.

Captain Cleland advises the majority of fatalities occur after dark. Those who drive after dark should check all lights, keep windshields clean, and dim headlights when approaching vehicles from either direction. If the oncoming vehicle fails to dim its lights, guide yourself by the right edge of the road and avoid looking di-

rectly into the headlights.

Troopers in District 10 investigated 110 accidents, made 1,372 traffic arrests, 76 criminal arrests, 10 overweight arrests and issued 2,430 written warnings while patrolling 188,959 miles. Forty-six of the arrests in January were for Driving Under the Influence.

Assertive skills will be subject of adult program

"Positive Communication," a Parkland College workshop sponsored by the Adult Learning Opportunities Program, will be held Wednesdays, March 2-23, 7:30-9:30 p.m., in Room L229.

Norma Fosler, Parkland counselor who specializes in working with adults 25 years and older, will present the workshop. She will focus on assertive communication skill development.

Fee for the workshop (WKS 445-094) is \$20, and registration is limited to 15 participants. For more information, contact ALO, 351-2200, ext. 390.

School boards hold joint meeting

Public school districts of Champaign and Urbana have joined together to establish the Champaign-Urbana Community Schools Foundation for Educational Excellence.

On Wednesday, Feb. 24, at 3:00 p.m. in Room 407 of the Levis Faculty Center, 919 W. Illinois, a combined meeting of the Champaign and Urbana School Boards will be held. The purpose of the meeting will be

to announce and introduce the Board of Directors of this newly formed foundation.

The foundation's goal will be to promote and develop financial resources for educational programs in the two districts. According to Dr. Timothy Hyland, Superintendent of Unit 4 Schools, "Champaign-Urbana is basically one community. This will be an opportunity for us to cooperatively work together for the benefit of all our public school students."

The Board of Directors will serve as the governing body for the foundation and will be responsible for generating and disbursing the funds to worthy educational projects. The Board of Directors will consist of influential community leaders, representatives from both school boards and the superintendent or a designee from both school districts.

For more information please contact Arlene Blank at 351-3836.

Course scheduled for first response in emergencies

Parkland College will offer a course designated to provide training in basic emergency medical care for initial responders to medical emergencies.

The class, "EMS 900, First Responder," will be held Tuesdays and Thursday, March 1 through May 5, 7 to 10 p.m.

Emphasis will be on development of skills in patient assessment and emergency medical procedures. Those completing the class will earn three credit hours, but the course does not fulfill any requirements for emergency medical technician certification.

For registration and fee information, contact the Admissions Office, 351-2208. For more information about the course and its requirements, contact the EMS coordinator at Parkland, 351-2224, ext. 299.

Presshere for a great data processing career.

The right time. The right place. State Farm is hiring.

If you're a senior with a data processing, computer science or math background, there may be a very special career opportunity waiting for you in one of the largest corporate data processing facilities in the country.

There are actuarial and auditing jobs open, too. Blue Chip. Green light. State Farm is one of America's leading insurance companies. Through innovative marketing and a proud service tradition it has become the nation's leading auto and homeowner's insurer, and one of the top life insurance companies in the country.

You'll receive expert training. You'll work on state-of-the-art

data processing equipment. You'll go as far and as fast as you can. You couldn't have a more solid

base to build a career on.

Kinks release new

By John Rayls for the Prospectus

This week I will review "The Road," the new album from the Kinks. "The Road" is a live album, except for the first song on side one which is about life on the road and was recorded in the studio. Most of the other songs featured on "The Road" are classic Kinks hits.

Live versions of "Destroyer," "Apeman," and "Come Dancing" follow the only studio cut. All of these are played a little fast, but most fans expect songs recorded on a live album to sound a little different from the way they were originally re-

The last two songs on the first side are "Art Lover" and "Cliches of The World (B Movies)." These sound as good

Side two kicks off with "Think Visual," "Living On a Thin Line," and "Lost and Found." The live version of "Living On a Thin Line" is simply the best version I've ever heard.

The fourth song, "It," is the one new song on the album, but you.

"It" still blends in well with the older songs that are featured. "It" begins with Reagan and Gorbachev talking, then fades into a Kinks 'commercial' for "It." Ray Davies says "... You want 'It.' Don't you ?" "It" has a long instrumental break that sounds great.

"Around The Dial" is the next song on the album, but it sounds terrible. The last song is "Give The People What They Want." It is classic Kinks: live and powerful. If you are a true Kinks fan, like me, this album is for

Weathers, Bernhard host Friday Night Videos, February 19

Actor Carl Weathers, who stars in the new movie "Action Jackson," and comedian Sandra Bernhard, who is a frequent guest on "Late Night with David Letterman," will host the Feb. 19 edition of NBC-TV's "Friday Night Videos.

Featured videos will include "I Get Weak" by Belinda Carlisle, "The Man in the Mirror" by Michael Jackson, "Just Like Paradise" by David Lee Roth and "When We Was Fab" by George Harrison.

"I Get Weak" is the second release and video from Carlisle's recent solo LP, "Heaven on Earth." The platinum album, currently No. 15 on Billboard's album chart (Feb. 6 edition), also features the hit single "Heaven Is a Place on Earth."

"The Man in the Mirror" is the fourth release and video from Jackson's LP "Bad." The song was written by Seidah Garrett, who performed the No. 1 first single "I Just Can't Stop Loving You" with Jackson. The album, which also features the hit "The Way You Make Me Feel," has sold more than four million copies to date.

"Just Like Paradise" is the first single and video from Roth's newest solo album, "Skyscraper." The album is Roth's first in more than two years. To date, all of Roth's solo LPs and all of his albums with the group Van Halen have gone

"When We Was Fab" is the second single from Harrison's platinum Top-10 album, "Cloud The video recalls the early days of The Beatles and includes cameo appearances by Ringo Starr and Elton John. The first single from the album was the No. 1 hit "Got My Mind Set on You.'

The Woman's Choice Health Center of Burnham Hospital invites area women to take a break from their busy schedules at "Take A Day for Yourself," a women's health conference to be held Saturday, Feb. 27, at the Chancellor Hotel and Convention Center, Champaign.

"We wanted to present a day of enjoyment and education for women in this community," said Kathy Vance, executive director of the Woman's Choice Health Center, the conference sponsor. "Our questionnaires have shown that many women prefer a day-long educational conference to single evening lectures, so we responded."

The conference will feature

The conference will feature two national speakers in the keynote addresses. Participants may also choose to attend three of 16 different one-hour seminars presented by local professionals. Included in the conference are lunch, refresh-

practice in Los Angeles.

Topics for the 16 one-hour seminars, of which participants choose three, include a variety of women's health and fitness subjects, plus nutrition, makeup and accessory tips, assertiveness building, caring for aging parents, midlife changes, finances, and more.

The registration deadline for "Take A Day for Yourself" is Feb. 17. For more information or to register, women should call the woman's Choice Health Center at 337-2981.

Corporate sponsors for the event are Champaign County Business Reports, Champaign National Bank, Hooks Drug Stores, and Pepsi-Cola Bottling Company of Champaign-Urbana. The Flower Committee of the Burnham Hospital Auxiliary Gift Shop is providing patron sponsorship.

Cinderella

(from page 1)

using the modern fly-in scenery system also will make full use of the theatre's technical capabilities.

Two University of Illinois seniors will star in the show: Erin Eileen Rogers, a voice performance major, will portray Cinderella; and Curt Clark, a speech communication major, is prince charming.

Others playing major roles are Champaign-Urbana residents Bob Strauss as the king, Parkland student Andrea Glick as the queen, Stephanie Hepburn as the fairy godmother, Stacy VanDeveer as the palace herald, and Parkland student John Cummins as the king's advisor. Patti Good, Parkland student from Rantoul, will portray Cinderella's stepmother. Erin Porter, University of Illinois senior, and Jeanne Grap, music teacher from St. Matthew Cath-

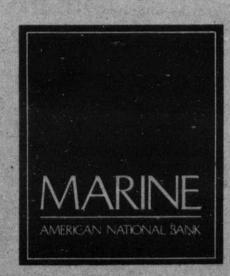

olic School, Champaign, will portray the stepsisters.

Other Parkland students in the production include Forrest Staire, Jr., Mahomet, who has a dual role as an attendant and a chef; Ken Carpenter, Mahomet, who portrays both a steward and the dream prince; and Curt Waltermire, St. Joseph, who serves as a court magician and a guard. Parkland students in the chorus include Tracy Brake, Fisher; Shari England, White Heath; and Hayley Johnson, Rantoul.

All theatre seats are available by reservation. The Theatre ticket office is open weekdays, 10 a.m. to 4 p.m., and two hours prior to each performance. Tickets may be purchased in person or by calling 351-1076 for reservations. Ticket prices for "Cinderella" are \$6 for the general public and \$4 for children, students and senior citizens.

Mess Sez try your luck

By Lee Messinger Prospectus Staff Writer

Arizona at UCLA

Everyone said that the Wildcats would not lose a game in Pacific 10 Coast Conference play, but Stanford has proven that theory wrong. UCLA would like to add more injury to Stanford's record. Sean Elliot has had a great season for the Wildcats. The Bruins have had a very disappointing season and Coach Walt Hazzard's job may be in jeopardy. A victory here would certainly help squelch these rumors.

Mess Sez: UCLA 79, Arizona 78
Bradley at Illinois State

Fans will be hanging from the rafters of Horton Fieldhouse when the Bradley Braves come to Normal Saturday. This is the best rivalry in the State of Illinois and one of the best in the country. The rivalry was fueled when former Bradley Coach Versace refered to Bloomington-Normal as a "redneck" community. The rivalry became more intense in 1979 when a fight took place between Coach Versace and former Redbird Ronnie Jones after an Illinois State victory. Next, the Illinois State RedTop band added fuel to the fire when the band showed up in Dick Versace Wigs and nicknamed themselves something that is not suitable for print. This will be the last time these teams play at beautiful Horton Fieldhouse because next year the birds will be moving to a new, larger facility. This game is a battle for first place in the Missouri Valley Conference. Hersey Hawkins is the best player in the country, bar none. The key to this game will be whether the Redbirds can stop Bradley guard Anthony Manual, who always seems to have a big game at Horton. Redbird Jeff Harris and Cliff Peterson have been playing fantastic lately. As a graduate of Illinois State, I am prejudiced in this selection. There is a strong tradition called the sixth man that will be out at the game. The screaming fans at Horton Fieldhouse will be louder than the fans at a rock concert Mess Sez: Illinois State 93,

Bradley 92

Depaul at St. Johns

The Blue Demons travel to New York City to take on the Redmen whom they defeated in overtime last year in the NCAA Tournament. The Demons were shocked by Evansville last Saturday and are hoping to regroup. The Redmen have not forgotten last year's loss and have an improved team.

Mess Sez: St.Johns 86, Depaul

Evansville at Xaivier

The Purple Aces travel to Cincinatti for an important Midwestern Cities Conference showdown. Purple Aces Marty Simmons has proven that he is a big-time player deserving some All-American consideration. Xaivier's Byron Larkin has also proven to be one of the best players in the MCC.

Mess Sez: Xaivier 81, Evansville 78 Eastern Illinois at Southwest

Missouri

The Panthers are red hot after winning several games in a row. Southwest Missouri has a good nucleus of talent and is always tough at home.

Mess Sez: Southwest Missouri 91, Eastern Illinois 84 Kentucky at Florida

The Gators upset the Wildcats earlier this year at Lexington. This should be a classic showdown. The Wildcats are led by guard Ed Davender, while the Gators are led by guard Vernon Maxwell.

Mess Sez: Florida 89, Kentucky

Wisconsin at Illinois

The Badgers travel to Champaign seeking revenge after their earlier loss at Madison. The Badgers are hurting now as a result of injuries and poor play. The Illini are peaking now when it is a good time to get ready for the NCAA Tournament. It has been a long time since the Badgers defeated Illinois. This game will only make it longer.

Mess Sez: Illinois 103, Wiscon-

sin 75 Indiana at Purdue

Coach Bob Knight's Hoosiers travel to beautiful West Lafayette where they hope to repeat an earlier performance when they were the only team to defeat the Boilermakers in the Big Ten. Freshman guard

Jay Edward has been outstanding for the Hoosiers. The Boilermakers are a veteran squad in which any one player can be a star. Gene Keady's troops are looking at a possible repeat Big Ten Championship. Mess Sez: Purdue 82, Indiana 71 Northwestern at Ohio State

The Wildcats travel to Columbus where they hope to establish some momentum to end the season. Sean Morris has been great for the Wildcats, but he needs some help. Buckeye guard Jay Burson has been impressive in Big Ten Play. The Buckeyes are driving for the NCAA Tournament, while the wildcats are still the mildcats. Mess Sez: Ohio State 79, Northwestern 61

The Hawkeyes travel to Minneapolis Saturday after licking there wounds against Purdue on Monday. Coach Davis will be rough on the Hawkeyes after a poor showing against Purdue. Gopher Coach Clem Haskins has one of the poorest ball-handling teams the Big Ten has ever had.

Mess Sez Iowa 95, Minnesota 67 Georgia Tech at North Carolina State

The Yellow Jackets travel to Raleigh for an important Atlantic Coast Conference game. The Yellow Jackets have been competitive with everyone in the conference but can not seem to get over the edge.

Mess Sez: North Carolina State 67, Georgia Tech 64 Temple at North Carolina

The Temple Owls, the number one rated team in the country, make a trip to Chapel Hill on Sunday where they will place their top ranking on the line. Coach Don Chaney's Owls are a consistent veteran team. J. R. Reid leads the explosive Tar Heels.

Mess Sez: North Carolina 77, Temple 71 Georgetown at Pittsburgh

The Hoyas travel to Pittsburgh for a Big East Conference showdown. Georgetown guard Charles Smith has been tough for the Hoyas. The Panthers have what can be called an "awesome" front line.

Mess Sez in Tie Breaker Pittsburgh 71, Georgetown 66 Cobras win big

By Lee Messinger Prospectus Staff Writer

The women Cobras defeated the Loggers of Lincolnland 100-47 last Feb. 10, at Parkland. The Cobras jumped off to a 24-4 lead. They extended the lead to 47-24 at halftime. In the second half the lead was 72-30 with ten minutes left and the final score was 100-47.

Parkland had seven players in double figures. Gloria Robinson led the Cobras with 16 points. Danielle Grill added 14 points, Jenniffer Smith had 13 points. Lisa Springborn, Linda Tweedy, and Stacy Franklin all had 11 points. Gladys Ambers rounded out the double figure scoring with 10 points.

The lady Loggers of Lincolnland were led by Tammy Dodge in scoring with high 18 points.

A tenacious woman-towoman defense forced the Loggers into more than 40 turnovers. The Cobras also grabbed 52 rebounds.

The victory gave Parkland there twentieth victory. This is the ninth time Parkland has won 20 games in a season.

On Feb, 13, the Lady Cobras traveled to Kaskaskia College where they were stunned 103 to

Tammy Moore fired in a game high 34 points to lead Kaskaskia. Jennifer Smith led Parkland in scoring with 16 points. The Cobras defeated Kaskaskia earlier at Parkland. The Cobras are now 20-9.

Men win 2 out of 3

By Ken Brown Prospectus Staff Writer

Parkland prepared for the upcoming National Junior College Tournament by winning two out of three games last week.

Feb.9 the Cobras were at home to face Danville. The game was a rematch from the first game of the season in which Danville defeated the Cobras 85 to 80. This game, however, had a different ending with Parkland winning 82-65.

"This was a good game for us," said head coach Tom Cooper, "It shows how much we have improved over the year."

P.J. Bowman led the Cobras with 28 points, while Lennox Forrester had a game high 8 rebounds.

Feb. 12, Parkland travelled to Belleville to face State. Parkland defeated State 95-99 with the help of a season high of 30 assists. Forrester led four Cobras in double figures with 18 points. He also had a game-high 12 rebounds. The Cobras travelled south to battle Granite City on Feb. 13.

"There was only one difference in the stats of the game," Cooper said. "We shot 44% from the field and they shot 53%." Parkland built an early 33 to 27 point lead, but was only able to manage two points when Granite City went on a 15 point burst.
