JOURNAL OF MARINE RESEARCH

The *Journal of Marine Research*, one of the oldest journals in American marine science, published important peer-reviewed original research on a broad array of topics in physical, biological, and chemical oceanography vital to the academic oceanographic community in the long and rich tradition of the Sears Foundation for Marine Research at Yale University.

An archive of all issues from 1937 to 2021 (Volume 1–79) are available through EliScholar, a digital platform for scholarly publishing provided by Yale University Library at <https://elischolar.library.yale.edu/>.

Corrigendum
to
Surface-intensified Rossby waves over rough topography
(J. Mar. Res., 50, 367–384)

by R. M. Samelson¹

In Samelson (1992), Eq. (13) should be changed to

$$R_{max} = \left(\frac{F_1 + F_2}{F_1} \right)^{1/2} = \left(\frac{D_1 + D_2}{D_2} \right)^{1/2} .$$

and the values $R_{max} = 2$ and 1.33 below Eq. 13 should be changed to $R_{max} = 1.4$ and 1.15 respectively. The same error appears in the Abstract.
