My Dear Christian Friends;
Your card came this morning. I am so very glad that Leo attended the Christian Church and I did appreciate your card. Telling me that he worshiped with you last Sunday, it made me very happy. and I hope he will continue going while he is in Moorehead. and I know he will go where he can.

He writes such interesting letters from Kentucky and your country must be beautiful.

Again let me thank you for being so kind to Leo, I think some kindness like that means so much to our boys away from home, also it means much to the mothers left behind.

God bless you in your work and please pray for my boy.
your sister in Christ
