The authors would like to correct Fig. 2, as Fig. 2(d) is incorrect in the published article. The correct Fig. 2 is shown below.

Fig. 2 (a and b) TEM images of sample 2; Co nanoparticles are clearly observed in the intercalated sites. (c) TEM image of sample 3; Cu–Co nanoparticles embedded in the graphite matrix. (d) HRTEM image of the selected area in (c). The inset shows the corresponding FFT pattern. The white circles show the embedded nanoparticles.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
