

# LIQUID-LIQUID EQUILIBRIUM DATA CORRELATION: PREDICTING A ROBUST AND CONSISTENT SET OF INITIAL NRTL PARAMETERS

## Graphical User Interface (GUI): ParamIni\_LL\_NRTL

Juan A. Labarta\*, José A. Caballero, Antonio F. Marcilla

Department of Chemical Engineering & Institute of Chemical Process Engineering, University of Alicante, PO 99, Alicante E-03080, Spain.

### Theme 8. Education and knowledge transfer: Poster 43 (Board 107)
